

## VOTERS SWEEP IKE INTO PRESIDENCY

RICHARD M. NIXON

### Eisenhower Wins In Upton

### Record Vote Throughout Nation

Upton County voters cast an all-time record vote Tuesday to give Dwight Eisenhower an 87 margin for President of the United States. All regular Democratic nominees were re-elected.

The vote by boxes:

	Eisenhower	Stevenson
Absentee	49	43
Box 1	142	98
Box 2	95	80
Box 3	35	34
Box 4	204	277
Box 5	139	88
Box 6	276	233
	940	853

The workman's insurance amendment and the medical education amendment both carried by a substantial majority.

R. E. Windham was re-elected Democratic chairman.

Crane and Andrews counties were two of the few Permian Basin counties showing a preference for Stevenson. Ector, Midland, Upton, Glasscock, Reagan, Crockett, Pecos, Brewster and Terrell were among the many West Texas counties in the Eisenhower camp.

America thundered its liking for Ike Wednesday with a crashing avalanche of votes that gave Gen. Dwight D. Eisenhower the presidency, but fell short of guaranteeing him a Republican-controlled Congress.

The far-famed general of the wide grin buried Gov. Adlai E. Stevenson under a sea-to-sea landslide that ripped open the once solid South and shattered the Democrats' 20-year hold on the White House.

Stevenson lost his own state of Illinois and appeared likely to wind up with only nine Dixie and border states having a total of 89 electoral votes. Eisenhower had clinches or was leading in 39 states with 429 electoral votes, 163 more than the 266 needed for election.

But, while the voters from New York to California and from Minnesota to Texas liked Ike in emphatic terms, they were somewhat less certain it was "time for a change" in the Congress the Democrats have dominated for the last four years.

It was the second time in history that Texas has voted Republican. The first time was in 1928 when Texans helped Herbert Hoover into the presidency.

At 6 p. m. Thursday, more than two million votes had been accounted for in Texas with Eisenhower having a growing hundred thousand vote lead.

### Mrs. Harral New Deputy Grand Matron For Dist. 5, Sec. 2

Announcement was made at the Monday night meeting of the Rankin Chapter OES of the appointment of Mrs. Walton Harral as Deputy Grand Matron for District 5, Section 2, Order of the Eastern Star. The appointment was made in Amarillo last week at the annual Grand Chapter meeting of the State of Texas, where more than five thousand members of the order met.

The new Deputy's first official visit will be that made to her home chapter in Rankin on Monday night, November 17.

Mr. and Mrs. A. D. Zachary, Jr., were initiated into the local chapter at this week's meeting.

### Scurry County Farmer J. B. Adams Dies At Snyder Oct. 30

Funeral services for J. B. Adams, 72, pioneer resident of Scurry County, were held Friday afternoon, Oct. 31, at 4 o'clock, from the Union Baptist Church in Snyder. The Rev. L. V. Ratliff, pastor, held the services, assisted by the Rev. V. W. Tatum.

Mr. Adams died Thursday morning, Oct. 30, at 4:45, in the Lamesa General Hospital where he had been ill for eleven days.

Interment was in the Snyder Cemetery.

Mr. Adams was born in Georgia. He came to Texas when a young man and lived in Scurry County for 44 years, where he farmed and owned oil interests.

Survivors include his wife; five sons, H. W. Adams, McCamey; J. B. Adams, Jr., of Lamesa; Nolan Adams of Laredo; O. R. Adams of Rankin, Don Adams of Snyder, and two daughters, Mrs. E. M. Boles of Lamesa and Mrs. Virgil Jones of Snyder; and nine grandchildren.

### Snyder Truck Driver Dies In Gasoline Fire

SNYDER—Willie Lee Sipes, 29, truck driver, was burned to death about 3 p. m. Tuesday when gasoline ignited his clothing at a local service station.

Sipes and Delvin Way, employees of Gay McGlaun, Texaco consignee here, were delivering gasoline to the Bud Miller Service Station when the accident occurred. Sipes ran to the front of the station where he was wrestled to the ground and rolled by Douglas McGlaun, station manager.

He was taken to a local hospital but was pronounced dead on arrival.

Sipes was born June 7, 1923, at Odessa, the son of Mr. and Mrs. E. D. Sipes. In addition to his parents, who now live here, he is survived by his wife, two sons, Marvin and Randy, and a daughter, Judy Sipes.

Funeral services, in charge of Bolger Funeral Home, were not complete.

Mr. Sipes was a nephew of L. D. Sipes of the Cashway Grocery. The Sipes family have gone to Snyder to attend the funeral services.

### VISIT IN NEW MEXICO

Mr. and Mrs. Dunn Lowery spent the past weekend with Mrs. Lowery's mother and other relatives in Albuquerque, New Mexico.

### Rankin FHA Chapter Attends Annual Meet

Saturday, November 1, the Rankin FHA Chapter of Rankin High School journeyed to Eldorado where the annual meeting of District 5 was held. The class, sponsored by Miss Patsy Taylor, left Rankin at 6:30 a. m. on a school bus driven by Robert M. Spence.

The group arrived in Eldorado at 9 o'clock and registered at the high school. First on the agenda for the day was "Fun In The Gym," a recreational period designed to acquaint the members with each other. During this period the House of Delegates was meeting to elect officers for the ensuing year.

The main event of the morning session was an address by Mrs. Edwin Jackson, president of 6th District, Texas Congress of Parents and Teachers. Her subject was "Democracy and Youth." Several musical numbers were presented prior to luncheon served in the school cafeteria by the Eldorado club.

A panel discussion on "Programs with Purpose and Personality" highlighted the afternoon session, led by Mrs. Faye Massey of Midland.

Following the announcement and installation of officers, the meeting adjourned. Those attending from Rankin were Miss Taylor, Mrs. Ash and Mrs. D. S. Anderson, Chapter Mothers, Mrs. Spence and members, Paul Abalos, Mary Anderson, Bobby Ash, Lillian Barnett, Bill Fowler, Fay Hall, Billie Jones, Edna Kennedy, Sandra Kennedy, Ann McSpadden, Neva Zoe McSpadden, Don Murphy, Sybil Patton, Freddie Lou Rogers, Joe Smith, Peggy Steele and Eddie Ward.

### ENROLLED AT W.T.S.C.

CANYON—Among the over 1,000 students enrolled at West Texas State College this semester are two from Rankin.

They are Walter Rae McSpadden and Barbara McSpadden, son and daughter of Mr. and Mrs. R. D. McSpadden. They are both freshmen.

### Upton County Hospitals Medical Staff Meets

The Upton County Medical Staff met on October 28, 1952 in the McCamey Hospital at 7:30 p. m. with the members, Drs. J. Cooper, Gossett, Bredehoft, and Nibling present.

Mrs. Greif, a certified Dietitian, gave an interesting talk on various types of diets in the medical practice, in hospitals and to individuals, offering her services to the doctors and hospital of Upton County.

The meeting was called to order by Dr. James Cooper, Chief of Staff. The revised By-Laws and Regulations were read and approved, and returned to the board of commissioners for approval.

A ways and means for furnishing the hospital in Rankin with bed patient room furniture was discussed and adopted wherein the rooms could be furnished by individuals in memorial to members of the family, leaving the building fund intact for heavy equipment and building facilities.

A discussion was held by Mrs. Louella Huffman, concerning doctor-patient and doctor-nurse relations in special treatments, discharges, out-patient compensation charges, etc.

There was discussed the advisability of having a physician on call for one week at a time for emergency treatments at the hospital and this was approved by the doctors present. The doctors will rotate for this service.

Regular meetings will be held on the last Wednesday in each month at the hospital, and alternate with the Rankin Hospital when it is completed.

### ED HALES HAVE GUESTS

Recent guests in the home of Mr. and Mrs. Ed Hale have been Mrs. Hale's mother, sister and brother-in-law from the state of Maryland.

## Rankin Red Devils Play Conference Tilt In Fabens Friday Night

**GRASS ROOTS OPINION**

Montpelier, Vt., Evening Argus: "Let's take a look at unemployment: On two occasions it was war and only war that saved the country from severe unemployment. . . . Unemployment in February, 1950, was 4,684,000. This was the highest since August, 1941. Both dates were shortly before the U. S. went to war. The CIO News commenting on unemployment in April, 1950, said: 'The situation is serious. Even after the start of the Korean War, unemployment was a serious problem.'"

Eagle River, Wis., Vilas County News-Review: "This newspaper, without reservation, strongly recommends that its readers investigate several of the health insurance plans—and then subscribe to whatever one seems to be the best of them."

Sycamore, Ohio, Leader: "The struggle in which we are now engaged may decide whether we are to continue as a nation of free men or whether the world, including the United States, is to be dominated and enslaved by Communism. Our freedom is placed in danger by excessive government spending and the threat of national bankruptcy, by the inroads of Communism at home and armed aggression abroad."

St. Anthony, Idaho, Chronicle-News: "The cost of government to the individual is fast reaching the prohibitive point. From there it is just a step to confiscation and after that the next step is Totalitarianism, whether you want it or not."

**ECONOMIC GUARANTEE OF FREEDOM**

The left-wingers in and out of the government take great pleasure in sniping at the securities industry. Today, as yesterday, "Wall Street" is a prime target for attack. And the idea is to create the impression that people who buy stocks and bonds are somehow bad citizens, who fatten at the expense of the rest of us.

Luckily, this is not likely to impress anyone with even a rudimentary knowledge of how this country grew, and what keeps it growing. The much-reviled shareholders are the men and women who make possible the existence of all the corporations of almost every conceivable size and nature. They provide us with the goods and services that give us living standards far beyond those of any other nation. They employ, at good wages, a very large proportion of our working force. They pay much of the tax burden of government. In time of war or emergency, they produce most of the weapons and supplies needed for national defense and survival. And they prove a fine example of real "public ownership" as distinguished from socialism. Anyone with a little money can buy a share of stock in any one of our leading companies and become an owner—as many millions of typical Americans have done.

Not long ago, Bishop Fulton J. Sheen, one of the most eminent churchmen of this country, said, "Private property is the economic guarantee of my freedom. . . . So long as a man has property, something he can call his own. . . . he is free." It seems more than likely that the attacks on our securities industry and other financial institutions has its origin in the enemies of freedom and their dupes—in the minds of those who want to destroy freedom and replace it with some kind of a dictatorship.

**Left Ham Sandwich**  
 -40¢

Amblod over to Bob's Restaurant Tuesday for lunch and noticed a new sign "Left Ham Sandwich, 40¢. . . Right Ham Sandwich, 30¢." "Why the sign, Bob?" I asked. "Don't tell me you believe hogs scratch more with their right leg than with their left—so's the left ham is more tender?" "No," he says. "I don't take any stock in it. But, some people have ordered those 'left' sandwiches. When I explain to them that there's nothing to that fable, that the sign is just a business-getter, and I've only one price, they enjoy

a regular, old fashioned, plain ham sandwich all the more!" From where I sit, stories like "right" hams being tougher than "left" ones are with us because some people get ideas into their head and hang onto them for dear life. It's like those who think an adult like myself hasn't the right to a glass of beer with my supper. I say let's keep our opinions free from being "sandwiched-in" by misinformation.

**THE LOW DOWN**  
 from  
**HICKORY GROVE**

I take my pen in hand today and proceed to tell the young dames what I think is going to take place a few years hence if they do not put in their oar on Nov. 4th and help stop the spending of their their charming big helpmates of this land, and very own dough by others than their own selves. Also the savings of their fathers and mothers—there will be less in the estates to hand down, as the thrifty oldsters pass along to their happy hunting grounds.

The spenders in our Govt. have never had it so soft. None of them produces an ear of corn, a bushel of oats, a barrel of oil, yet they ride in the newer model cars and eat hearty. These are the folks—over a million of them—who are saying how sweet will be the future if we leave it to them.

Instead of an estate that might be handed down to them like the mothers and fathers would like to hand them down, the younger folks may find most of it has vanished. In Britain the Govt. is just a couple steps behind the undertaker—the Govt. is the beneficiary, and no foolin', folks. Take your own little Susie and little Butch—and you crave to leave them in later years, a little nest egg—you are exposing them to a harder row to hoe, if you don't see it on Nov. 4th that you have some say who spends your very own dinero—or the new aristocracy ensconced there in Old Spendville-by-the-river.

Yours with the lowdown,  
 JO SERRA.

**Watch The Overseas Mailing Deadline!**

Posters have been up in the post office for some time giving overseas deadline on mailing Christmas packages to servicemen. The date is listed Oct. 15 to Nov. 15, with Nov. 25 given as the deadline on overseas airmail.

The limit per package on airmail is 2 pounds. But a new bulletin has been issued with additional information to those who plan to send their boys a Christmas box.

Due to the increased volume of airmail around the holiday deadline, it is suggested that the military department, who are responsible for the movement of mail from the ports addressed (for example, APO, San Francisco), thru military post offices, may be compelled to direct this increased volume of mail to fast surface transportation.

Air letters will not be affected by the new temporary change.

In other words, if you were planning on waiting until Nov. 25 to send your son an airmail package with the expectation that it would be promptly flown to its destination, you will be disappointed. It may be flown to the port of address, but it will be delivered to a ship on reaching the coast, and the chances are that it will be late for Christmas.

So, the best step to take would be to mail that package now, don't wait until the last minute and hope for air transportation. Even though there is a 2 pound limit, everyone has the same idea, and enough 2 pound packages can congest air transportation.

Remember these simple rules: Mail early with the expectation that your package may have to go by boat after it reaches the coast, regardless of the airmail postage on same.

Mail before Nov. 15 to insure it reaching its destination before Christmas.

Pack securely, a package that rattles around in the box is a package that may not go far, not as far as you intend for it to.

Address correctly; buy a book of address labels and use them.

**State Health Officer Urges Increased Funds**

State Health Officer Geo. W. Cox intends to put a copy of a resolution urging increased operating funds and better working facilities for the State Health Department in the hands of "all interested persons."

The resolution, calling for legislative appropriation of 62c per capita for public health, was passed Sept. 22 by the State Board of Health. Current appropriations amount to 20c per capita.

Based on a population of 7,750,000, 62c per capita would yield \$4,805,000 in operating funds for the money-short department, providing "sufficient money to hold together the present development and an opportunity for conservative expansion."

Part of the expansion, according to Dr. Cox, would be a research laboratory.

"The way things are now, we either neglect research work, or ask our friends in other states to conduct work for us, and that is limited," Cox said.

He said he was "only trying to build for the state a program that will give people the best and the most in public health."

Present laboratory facilities are housed in a 25-year old brick building on E. 5th St.

Shelters for experimental animals occupy a large part of laboratory space. Operating space for several divisions of laboratory activity are crowded together.

The State Board of Health described identification, prevention, and economic control of disease as "the greatest essential need at the present time."

To meet the need, the Board made available \$400,000 of federal hospital survey and construction funds which the Board administrators with the understanding the Legislature would contribute an equal amount toward a new laboratory research building.

"It is the considered judgment of the State Board of Health," the resolution reads, "that to request of the Legislature an appropriation of funds in the amount of \$4,805,000 is without question amply justified."

**Sul Ross Students Take Part In Egg And Poultry Survey**

Each citizen of Alpine, Texas, population 5,500, consumes 171 eggs annually, according to a recent survey made by range animal husbandry students enrolled in the production class at Sul Ross State College in Alpine.

San Angelo, Maria, and Waco provide over half of the 80,000 dozen eggs and 10,000 fryers each year by the Alpine merchants. The report showed that the poultry industry is taking large sums from the beef-producing community—approximately ten per cent of all meats bought from the local stores are fryers and hens, one per cent mutton and lamb, nine per cent pork, and eighty per cent beef.

The following students took a very active part in making this survey a success:

Bud Ford from Iraan, and Joyce Copeland from Crane.

**Ceiling Price Cards Mailed To Merchants**

DALLAS.—A huge mailing of some 80,000 price ceiling posters to retail service establishments throughout the Southwest has been completed by the Office of Price Stabilization's Dallas regional office.

Retail businesses selling services in Texas, Oklahoma, Louisiana and Arkansas must post their ceiling prices on posters and display them within their establishment within 7 days after they receive them.

Businesses which must display the new poster are those subject to OPS Ceiling Price Regulation 34, and include laundries, service stations, tailor and dry cleaning shops, parking lots, and shops doing repair work on shoes, radios, television sets, household electrical equipment, watches and clocks, furnaces, heaters, automobiles and trucks.

It is explained that the ceiling prices which must be posted are the prices, subject to certain allowed adjustments, which were in effect during the base period of December, 1950, to Jan. 25, 1951.

The new method of listing ceiling prices on standard forms pro-

vided by OPS will replace the varied methods which service businesses have been using. The poster measures about 11x17 inches, with the words "OPS Ceiling Prices for Retail Services" printed across the top. It is similar to ceiling price posters displayed in restaurants and contains 20 blank lines on which each shop will list its principal services and their ceiling prices.

Retail service establishments are already required to post ceiling prices, but the posting methods used have varied widely from shop to shop, and customers often have not known that ceiling prices were available for their inspection.

Through use of the new posters shops all over the country will follow substantially the same easy-to-read method in listing ceiling prices.

It is explained that service businesses which do not receive posters direct from OPS, and those needing more than one poster, such as department stores having several different service departments, should obtain them from their district or branch OPS offices.

"Peninsula" means "almost an island."

### WELL FILM ON TRANSPORTATION OIL READY FOR DISTRIBUTION

"The Invisible Traveler," a color motion picture portrayal of all aspects of petroleum transportation, is ready for distribution. Shell Oil Co. announced today. The 20-minute, 16-mm sound movie is available free for showings. It is prepared especially for the schools, social and fraternal groups and civic organizations.

The new film is the fourth in a series entitled "This Is Oil," which has produced to demonstrate basic operations of the oil industry. The most recent movie shows the oil industry performs complicated task of moving more than 300 million gallons of petroleum a day from oil well to consumer. It traces by live action animation the history of petroleum transportation, showing the existing network of oil pipelines—pipe lines, tankers, barges, tank cars and trucks—evolved from the barrel, which was the original practical container available to the oil men.

To increase the effectiveness of the film as an educational aid, the company has developed a special teachers manual and wall chart. These are sent with the movie to schools. Other groups may obtain the wall chart and manual by request.

"The Invisible Traveler" is the 15th movie to be added to Shell's film library, the largest in the oil industry. The company has thousands of prints in circulation, being shown to more than 10 million persons a year. Aside from the various phases of the oil business, it deals with several other subjects, such as the theory of flight,

principles of hydraulics and traffic safety.

Shell solicits requests for its catalog listing all titles.

Address: Shell Oil Co., Film Library, Petroleum Bldg., Box 1509, Midland, Texas.

### Mental Health Topic Of Crane Study Club

"Mental Health Is Everybody's Business" was the topic at the Nov. 3 meeting of the Crane Study Club. The panel discussion was led by Mrs. H. N. Wade. Other members on the panel were Mrs. B. W. Ervin and Mrs. W. B. Hanley.

They brought out that Mental Health signifies Mental Health to us—not mental illness, although the two are closely related. (Cure and treatment of the mentally ill are the work of trained professionals). There is urgent need for more and better hospitals, more trained personnel and added research. Our club women all over the nation are giving services to better such conditions. BUT this is only part of the great task confronting us today. Mental Health has become a social-cultural problem which goes beyond clinical diagnosis treatment. It is not ONLY the business of a psychologist giving tests to a juvenile delinquent or of a psychiatrist trying to cure a patient in a mental hospital. These are only last resort measures.

It is the business of every clubwoman today to become acquainted

with the fundamentals of GOOD mental health in order to prevent illness. Education for mental health is not merely learning gleaned from psychology books. It includes a study and reorientation of our whole social life and cultural traditions.

It is as important to the future of our nation as the soundness of our economics and politics.

What should mental health mean to all of us as individuals? "In the home, it is kindness. In business, it is honesty. In society, it is courtesy. In work, it is thoroughness. In play, it is fairness. Toward the unfortunate, it is sympathy. Toward the weak, it is help. Toward the wicked, it is resistance. Toward the strong, it is trust. Toward God, it is Reverence and Love."

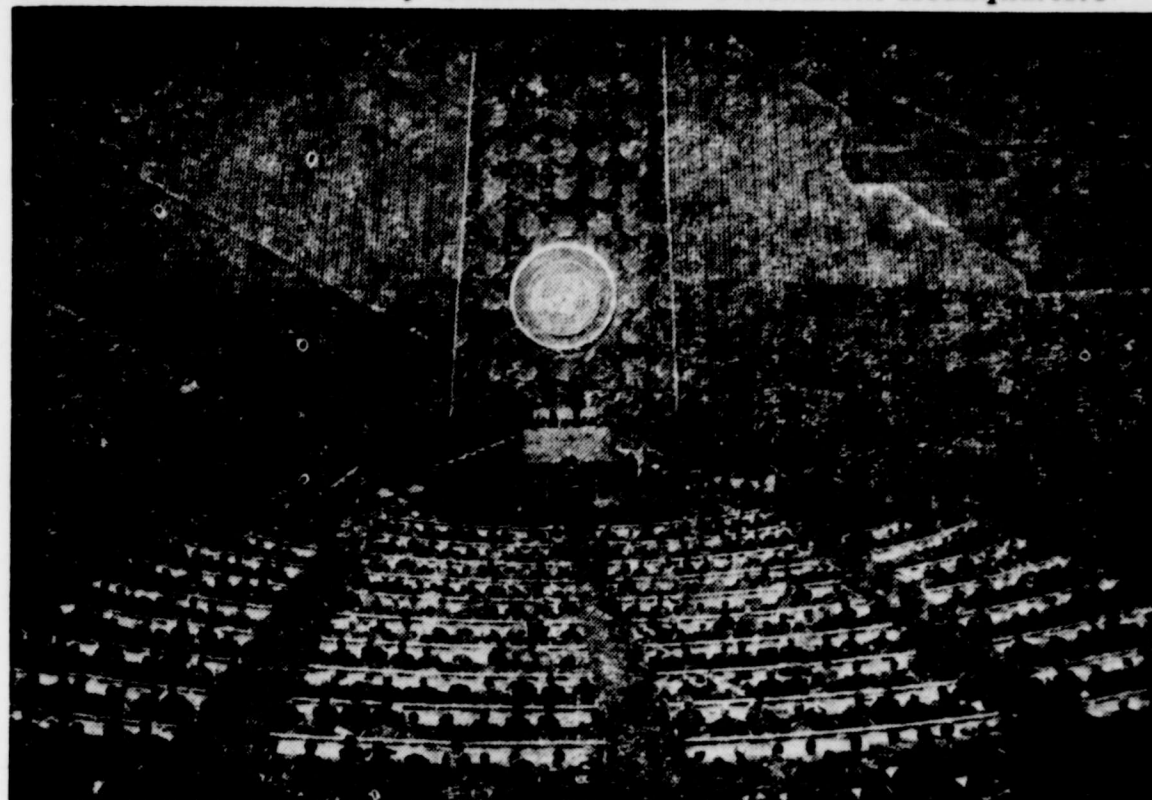

The next regular meeting will be held Nov. 17, with Mrs. R. V. Wilson, Sr., as program chairman. The program will be in observance of American Art Week.

### U.N. General Assembly Meets in New and Permanent Headquarters

Meeting for the first time in its new permanent home, the United Nations General Assembly opened its seventh session on 14 October, faced by the heaviest agenda in its history. This view of the first meeting shows United States Representative Warren R. Austin addressing the Assembly. The gold-piped wall behind the speaker's podium with its sixty discs which contain the coats-of-arms of Member Nations is an aesthetic as well as an acoustical achievement.

**San Angelo To Host Sheep & Goat Raisers Convention Nov. 10-12**

SAN ANGELO.—Interesting speakers, good entertainment, a style show honoring "Miss Wool and Her Ten Pretty Maids," and a chance to just visit are offered to all who attend the 37th Annual Convention of the Texas Sheep & Goat Raisers' Association to be held here Nov. 10-12, 1952.

The first day will be mostly for registration and committee meetings. Headquarters will be Cactus Hotel.

J. T. Williams, Sanderson, Association president, has announced that speakers will cover important phases of the industry. J. C. Petersen, President, National Lamb Feeders Association, Spencer, Ia., and manager of a firm that buys several hundred thousand West Texas lambs annually, will be on the program.

What is being done to promote the use of wool and mohair at a time when man-made fibers catch the public eye will be covered by F. E. Ackerman, President, Wool Bureau, New York City. J. M. (Casey) Jones, Executive Secretary National Wool Growers Association, will cover that Association's activities on behalf of the grower and explain a new plan of "Parity-Tariff for Tax Payer Protection."

Williams said two talks which will be of great interest to dry West Texas will be on "Water for Texas" and soil and water conservation in general.

Of particular interest to the ladies will be the "Miss Wool and Her Ten Pretty Maids" style show and contest Monday night, Nov. 10, Williams said.

**TEXANS READY FOR WATERFOWL**

AUSTIN.—The second major phase of the annual Texas wildlife harvest—duck and goose hunting—opens at noon Friday, Oct. 31. Dove shooting is underway; deer and turkey begins generally Nov. 16, and quail begins generally Dec. 1.

According to the Executive Secretary of the Texas Game and Fish Commission, the waterfowl opener will be marked by a large number of hunters.

He said the only deterrent to a successful opening shoot for ducks and geese is the drought. Tanks, ponds, and even large lakes have dried up.

He said the number of both ducks and geese leaving the northern nesting areas indicate that only rains are needed to provide Texas hunters with good shooting.

He pointed out that recent mild weather has postponed the movement south of the main body of birds, but explained that this migration can be touched off by arrival of normally cold weather in the north.

He suggested that hunters be extremely careful with fire because of the severe drought. Some states have been forced to curb shooting in certain areas because hunters started bad fires.

Other precautionary points were: Make certain to attach the \$2 Federal duck stamp to the state hunting license.

Adhere to all safety rules. Observe shooting regulations generally.

**39th Annual Meeting Of District 7, W.M.U. Scheduled In Pecos**

The Woman's Missionary Union of District 7 will hold its 39th annual meeting at the West Park Baptist Church in Pecos, Monday, Nov. 10-11, beginning with an Executive Board meeting Monday morning at 9:30. The meeting proper will begin at 2 o'clock.

Guest speakers during the two days will be Dr. John Parrott, pastor of the First Baptist Church, Las Cruces, N. M.; Miss Eula Mae Henderson, executive secretary of the W.M.U. of Texas; and Rev. Clem Hardy, Missionary in Brazil.

Stressing the heritage that has been theirs, officers and committee chairmen of the district will employ tableaux in presenting reports for the past year. Costumes of 1907 when the first woman's work was done in this section of

the state, and those of 1913 when the district was officially organized, will be worn by those taking part. Officers from the very beginning of the work to the present time who are in attendance will be recognized. Special music has been arranged for all sessions.

Accommodations have been prepared for those who spend Monday night in Pecos and lunch will be served at the church on Tuesday.

Pecos Valley Workers' Conference will hold a business session following the noon hour at which time the District Convention officials will meet.

Chairmen of Arrangements for the host church are Mmes. R. Watts, L. L. Kirkpatrick, J. J. Belk, A. G. Parrock, J. J. Belk, Rube Pattillo, and W. H. Huckaball of Pecos.

A record crowd is expected to attend.
