Week's Job Done in One Night

DETROIT—Vital research projects in Parke, Davis & Company laboratories are accelerated by a machine which overnight does work formerly taking a week. Called the autotechnicon, the device removes all water from animal tissues for microscopic examination to determine effects of experimental drugs.

An automatic timer transfers tissues to and from 12 separate baths of alcohol, xylene and paraffin, dehydrating the tissues and permeating them with paraffin. The tissues then are sliced into micro-thin sections of about 16/10,000ths of an inch.

Public Enthused About New Chrysler Models

First reports from Chrysler's 3,500 dealers throughout the U. S. show the general public confirming the prediction that the Chrysler for 1953 will set the fashion for 1953, according to J. A. O'Malley, vice president and general sales manager of Chrysler Division, Chrysler Corp.

A nationwide dealer survey conducted the first two days following the introduction of Chrysler's six new distinctive models indicates widespread approval of the long, low styling of this year's line.

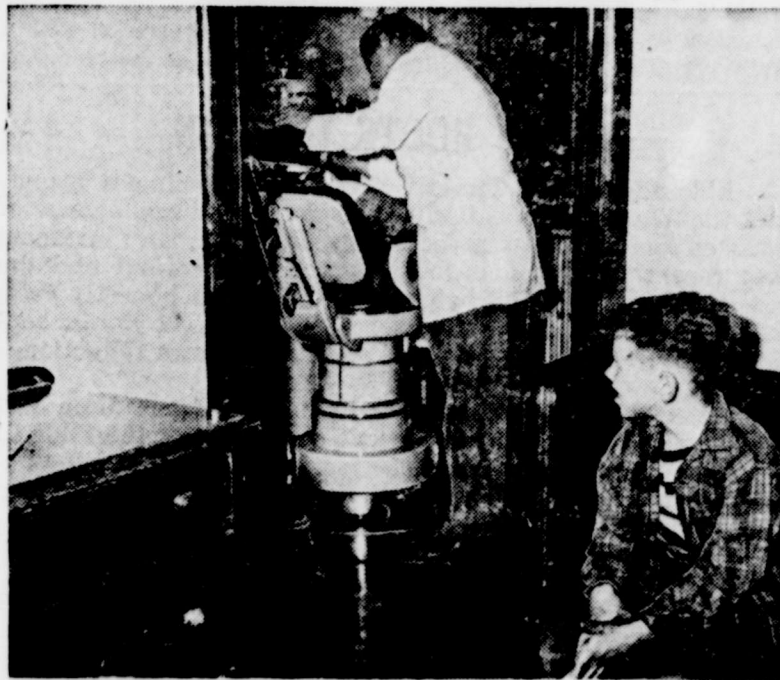

"Chrysler dealers, in addition to reporting large announcement crowds, report high interest in the new Chrysler styling which emphasizes length and width and provides greater visibility with its new, one-piece curved windshield and greater glass area throughout."

O'Malley reported that dealers are receiving favorable comments on the lower pricing of some of the 1953 Chrysler 8-cylinder models.

"Initial reports confirm approval by men and instantaneous acceptance by women drivers of this safety feature," O'Malley said. "Much favorable comment is being caused by Chrysler's power brakes which are provided as standard equipment on all 8-cylinder models and long wheelbase 6-cylinder models."

The 1953 Chryslers were introduced in dealer show rooms Oct. 30, 1952.

589 Boys Make Medical History

Wearing an expression that we all know well, a Boys Town youngster awaits his turn in the dental chair. BOYS TOWN, NEB.—Boys like to brush their teeth . . . if they get new toothbrushes when they need them. Interest in toothbrushing lags when the toothbrush is worn out. That's the latest finding at Father Flanagan's Boys Home at Boys Town, Nebraska.

"Hope for the prevention of acute gingivitis came from the famed Boys Home where the story of how 589 youngsters from Boys Town volunteered to aid their fellow children suffering from the ill effects of gingivitis was dramatically revealed when the results of the first scientific group study

Rankin Turkey Shoot Set For Saturday-Sunday

Rankin's 4-H Clubs are going to sponsor a Turkey Shoot on Nov. 15 and 16 for the benefit of the annual livestock show which will be held this next Jan. 17.

The shoot will take place at the Rankin city dump ground, north of the high school building. County Agent Wm. Day states that 22 rifles, shotguns and a 22 pistol will be used in the shoot and has also set out certain rules to be observed in connection with the affair.

Please do not bring ammunition except for the shotguns. You may

bring your own guns but telescope sights will not be permitted. As a safety precaution, BE SURE THE BOLT IS OPEN when you take your gun out of the car. The sponsors are very anxious that every precaution be taken to avoid any accident in connection with the shoot.

Fifteen persons will shoot in a group with a turkey given for the best score to each group shooting.

On Saturday, the 15th, the shoot will run from 9 a. m. to 6 p. m. and on Sunday, the 16th, from 1 to 6 p. m.

Pecos 'B' Team Plays 'Red Devils' Tonight

The Pecos B team will be in Rankin tonight (Thursday) for the last game of the season. Game time is 8.

Eleven seniors will end their high school football tonight. They are: Bruce McCain, Norman Yocham, Joe Loftin, Bobby Goodwin, Bobby Ash, Bill Fowler, Ed Ward, Gentry Holmes, Wallace Gary, Bobby Wyatt, Don Murphy. To these this game is dedicated.

Devils Annex Second Place In District

The fighting Red Devils from Rankin journeyed 300 miles last weekend to Fabens where they won a hard fought 13-0 victory that gave them second place in the district.

Sanderson took first place by blasting Ft. Stockton 47-7.

The Red Devils started the fireworks early when Jimmy Yocham faked a handoff to Bobby Goodwin and ran 90 yards on the opening kickoff. The try for extra point was blocked. The Devils found themselves in hot water most of the remaining first half.

The Fabens team could gain in midfield but the Rankin defense was like a stone wall when they moved down inside the Rankin 20. Joe Ellis, Bobby Goodwin, Eddie Rumples and John Schiagel spearheaded the Rankin defense.

The last half was a stalemate until the middle of the fourth quarter. Fabens made their deepest penetration of the game, Rankin held them on their five and then set off a drive that carried for 95 yards and their second td. Norman Yocham rwan the ball over from the Fabens three. Don Murphy kicked the extra point and the game ended 13-0, the Devils on top.

Charles D. Smith's Visit Relatives Here

Mrs. Effie Earnest has had as recent visitors in her home, her grandson, Charles D. Smith, and wife and mother, Mrs. Laura Smith. Charles was on furlough and with his wife will leave soon for French Morocco in North Africa. He has been in the Navy 12 years and is now a chief petty officer.

While in West Texas, Mr. and Mrs. Smith have also visited his mother, Mrs. Laura Smith, East Prusser, San Angelo, and his father on Sixth Street, San Angelo.

RANKINITES ATTENDING CONVENTION IN AUSTIN

Mrs. Hamp Carter and Mrs. W. A. Hudson are attending the Federation of Women's Clubs Convention in Austin this week.

Rankin P-TA Meets

The Rankin P-TA met Tuesday, Nov. 11, Mrs. Walton Harral, president, presiding.

The following program was presented:

Leader: Mrs. J. W. Kennedy
Devotional: Mrs. Don Cochran
Choral Group: Directed by Mrs. R. S. Burks.
Art Craft: Discussed by Mrs. Carl Keys.

Reading Library Service: Discussed Mrs. M. C. Duer.

Delegates elected to attend the P-TA convention were Mr. and Mrs. Kennedy and Mrs. D. S. Anderson. Alternate: Mrs. Jim Campbell. Hostesses were Mmes. Marvill Bell, R. C. Schlagal, Linton Clark, B. F. Yocham, H. C. Dishman and Carter Murphy.

Mrs. B. McGill Hosts WSCS Friendship Circle

The Friendship Circle of the WSCS met this week with Mrs. Bruce McGill.

Mrs. R. H. Johnson had charge of the program. The discussion was on United Nations and Human Rights.

Both circles will meet at the church Nov. 17.

Mrs. Murray McCain will be the hostess for the Friendship Circle Nov. 24.

Brownie Troop Meets With Mrs. I. Q. Russell

Brownie Troop met Monday afternoon with Mrs. I. Q. Russell, the leader.

The time was spent telling stories, singing songs and discussing community life.

Patricia Jones served refreshments to the following:

Lana Beaver, Patricia Jones, Thelma Higgins, Mary Broyles, Sammie Still, Darlene Workman, Dorothy Abernathy, Virginia Harral, Elsie Wheeler.

Troop No. 1 Meets With Mrs. Walton Poage

Troop No. 1 met Monday, Nov. 1, at 6 p. m., in the home of Mrs. Walton Poage. They worked on their ear screws and pins.

Those present were Pat Dishman, Rovena Langford, Martha Murphy, Jan Daugherty, Tachel Broyles, Geraldine Kertzinger, Kay McEwen, Genevieve Poage, Leader Mrs. McEwen, and Hostess Mrs. Poage.

During business session, new officers were elected:

President, Rovena Langford; Secretary, Jan Daugherty; Treasurer, Genevieve Poage; Reporter, Pat Dishman. Outdoor cook badge was discussed.

Troop 1 has secured traditional dishes of other countries and for Monday, Nov. 17, in Jan's back yard will plan and prepare meat balls. Troop 1 also discussed Christmas project plans.

For further announcement they urge you to keep tuned to Troop 1 News.

Girl Scout Troop 7 Has Cookout In Park

Girl Scout Troop 7 had a cookout in the park. Those present were: Linda Harral, Ruth McGill, Virginia Lee, Barbara Terrell, and Mrs. Hurn. Our new member was Norma Broles.

Mr. and Mrs. James Kubena of Pasadena, Texas, were weekend guests of Mr. and Mrs. Harvey Kubena.

Downs Mertzson 53-15

By KAY McEWEN and MARTHA MURPHY

The undefeated Rankin Junior High Red Devils continued their winning streak by defeating Mertzson Junior High 53 to 15 at Rankin Tuesday night.

The first play attempted by the Rankin team resulted in a td when Geo. Lewis took the ball and plowed through the line. Glen Brewster succeeded in going over for the extra point. The Mertzson team was unable to maintain sufficient yardage, and shortly after Rankin's big Jimmy Mathews made another td, but the attempt for extra point was unsuccessful.

Early in the second quarter Mertzson managed to score, but the attempt for extra point failed. Mertzson's score boomeranged, however, when Brewster and Mathis made td's in quick succession.

The first half ended with Coach Stewart's Rankin Devils leading 25 to 6.

Early in the third, Brewster again went over and the try for extra point was good.

The Mertzson boys, not content to suffer defeat, retaliated with another td and extra point to bring the score to 39-13. Rankin then scored again but Mertzson continued their spirited playing and managed to down a Rankin player behind his goal line for a safety.

Brewster then made another td for Rankin and the third quarter ended with the Red Devils leading Mertzson 46-15.

Both teams showed improved defensive playing in the last quarter, but Paul Higgins managed to make a td and Jimmy Pinnell went over for the extra point, thus ending the game with leading 53-15.

Throughout the game, the Rankin Junior pep squad, under the leadership of Jerri DeArmond, Beverly Reed, Jane Shipp, and Ruth McGill, furnished unflinching support to their team.

The Rankin Junior High Devils will go to Mertzson Nov. 20 for their last game of the season.

Mr. and Mrs. Chas. F. Hemphill of Albany were visitors here on Tuesday.

Rev. and Mrs. R. L. Shannon, Mrs. Jack Smith and Mrs. J. L. Manry attended the Workers Conference in Pecos last week.

Virginia Still and Paul Johnson, students at Texas Tech, were home last weekend.

Mr. and Mrs. Omar Warren visited her sister, Mrs. Ethel Cherry Eiland, in Snyder over the weekend.

Mr. and Mrs. H. Wheeler were called recently to the bedside of her brother-in-law of Carlsbad, N. M., who was seriously ill.

Earl Brown Receives Machinist Mate's Rating

Mr. and Mrs. E. W. Brown have received word from their son, Earl, who is with the transport squadron of the Naval Air Corps stationed at Moffett Field, Calif., that he has received his Machinist Mate's rating. The rating, which was received Nov. 3, also makes him a petty officer. Earl has been in the service 11 months.

Another son of the Brown's, Billy, who has been living in Rangely, Colo., the past six months, is expected home with his wife for a visit about the first of December. Billy has received his draft call for Dec. 17. He has been employed with an oil company refinery in Colorado.

Rankin Study Club Holds Regular Meeting

The Rankin Study Club met Nov. 6, Mrs. Hamp Carter, president, presiding.

Subject: To Our National Heritage.

Leader: Mrs. Bruce McGill
Plymouth Adventure: Mrs. Jack Smith.

How Far Have We Strayed From Original Concepts: Mrs. Jap Edwards.

The Flag of the United States of America: Girl Scout Troop No. 7, Mrs. Hurn, leader.

Pledge to the Flag
Hostesses: Duer-Martin.

Tom Workman attended the Sheep and Goat Raisers Association in San Angelo.

EVERYTHING'S O.K.!
IT'S A BOY!

What price good news? So often it's the price of a telephone call . . . and that means just a few pennies.

Worth more? Of course. Many telephone calls are practically priceless in their value to you.

And yet the average cost of each local call, including tax, is only about 2 1/4¢.

Can you think of a better bargain?

Every "hello" is a good buy

"SHE'S WORKING HER WAY THROUGH COLLEGE"

An Electric Freezer saves time and trouble in many different ways, and provides better meals. For the holidays, mince pies, puddings and the like can be baked in advance and frozen. Chili con carne, spaghetti and chop very can be packed in meat-size containers, and frozen for future use.

With an Electric Home Freezer you can shop every couple of weeks instead of every day or so. Buy meats, fruits and vegetables, when they're on sale, save money that way. You simply freeze and store until needed.

A complete Sunday dinner, prepared weeks in advance and stored in the freezer, is ready to heat and serve when needed. Hamburgers, wieners, and lunches for picnics can be frozen in advance.

Fresh from the Freezer

"Life is simpler, Judy, since we've had this Electric Home Freezer, full of fresh frozen things to eat—and the meals are better! Look at the variety in there! Corn on the cob, strawberries, peaches, snap beans—meat, cakes all baked and ready to warm in the oven—your school lunches for a week, all wrapped and frozen so I just have to take a package out in the morning when you leave for school.

"And we're never 'out of things'. When they have bargains at the stores—in frozen foods or in meats—I can stock up on them. I never have to throw leftovers away—just freeze them to use weeks later. So you see, this freezer saves me time and saves your Dad money, too!"

DID YOU KNOW . . .
with an Electric Home Freezer you can:

- Freeze bread slices until needed, keeping them fresh and firm . . .
- freeze large quantities of cooked beans, steaks, etc., and store for later use . . . freeze and store cakes . . . freeze waffles, warm in electric range oven as needed . . .
- store ice cubes for parties . . . save enough on food to pay for the freezer in a relatively short time!

MOTHER KNOWS BEST . . .
of course, it's *Electric!*

WANTED

Man or woman to represent a reputable firm in introducing a brand new product in this territory. This is a proven product much in demand. A real opportunity for a person who has the initiative to make a small investment and will go in business for themselves. Our dealers earn from \$300 to \$1,000 every month. Age no object. Write and tell me about yourself.

FACTORY REPRESENTATIVE, P. O. BOX 1647.
ODESSA, TEXAS

GRASS ROOTS OPINION

Eldorado, Kans., Times: "When a government agency like the Wage Stabilization Board ratified wage boosts, or initiates some of its own—as has occurred in many instances over recent years—all is lovely on the labor front and the goose hangs high. But when such a bureau honestly feels that a proposed advance in pay is too high, all things considered in the economy picture, and authorizes a reduction—then, South Gehenna is to pay."

Aztec, N. M., Independent-Review: "From June last year to June this year, the executive branch of the Federal Government spent \$9,541,000,000 to pay the people on the executive payroll. These are, undoubtedly, the people who were never so well off in their lives. The boys haven't added up the payroll of the people drawing checks from the other departments of government."

Foley, Ala., Onlooker: "What's the use of worrying about those saucer people? After they get one look at the shape things are in down here, they'll get back in their flying bowls and back into space where they came from in a hurry."

King Ferry, N. Y., Southern Cayuga Tribune: "Why should a union man be given a pension of a hundred dollars per month or so, in addition to his social security, and the non-union man given nothing? Is this America? Is this carrying out the spirit of the Constitution which says we shall all have equality? No, indeed . . . It can only breed class segments in our economy and gives to the few privileges that are denied to the many."

FREEDOM—AND MATERIAL PROGRESS

It is often said that the automobile caused a revolution in American life. What is easily overlooked is that transportation by car, as we know it, could never have come about unless another industry had done a miraculous job of expanding and bettering its services and facilities.

That industry, of course, is oil. By 1914 there were a mere 500,000 cars in this country. A few years later, there were more than 3,000,000. Today something like 53,000,000 motor vehicles use our streets and roads and roll up the incredible figure of 490,000,000,000 miles each year.

Oil met the tremendous demand imposed upon it by the automobile—just as it has met every other demand, civilian and military. It did that in several ways. For one thing, it went all-out in seeking new sources of oil—so successfully that, despite the record consumption of recent years, our known reserves are at a new high. It went to work on the task of making each barrel of oil provide more heat, power and lubricating value. As an example, in their natural state only about 18 per cent of the molecules in crude oil are of a kind suitable for making gasoline. But special processes are now used to break down or build up many of these molecules so that they can produce gasoline of the highest grade. Today two gallons of gas are as efficient as three gallons of the 1925 quality.

Most important of all, the oil industry's material progress was achieved in a climate of freedom—freedom which allows and encourages every man to take risks and to follow his own star. It is the climate in which every form of human endeavor flowers to the utmost.
