THURSDAY, JUNE 24, 1954

Second Upton Kid Rodeo Proves To Be Big Success

The 2nd Upton County All-Kid Rodeo held last week-end in Rankin proved to be all and more than its boosters had said it would be.

Attendance was good on both nights with a capacity crowd on Friday. It was estimated that between 1500 and 2000 persons witnessed both performances.

Winners in the various events were: calf roping, senior division, 1st place, Mac Yochan of Rankin; 2nd place, Billy Dinwiddie, Jal, N. M.; 3rd place, E. P. Birkhead, Midland. In the junior division it was 1st place, Bud Poage of Rankin; 2nd place, Mike Collins, Rankin; 3rd place, W. D. McGilvery of Fort Stockton.

Steer riding, senior division, 1st place, Sherrell Overturf, Odessa; 2nd, Sam Helmers, McCamey; 3rd, Jim Swift, Odessa. Junior division went to Monty Beckham of Jal, N. M.

Barrel race on Friday was Sammy Beckham of Jal, N. M., 1st, and Joyce Autrey of Sheffield 2nd. Saturday was Joyce Autrey 1st and Byrene Taylor of Andrews 2nd. Winners in the combined two-day races were Sammy Beckham, Joyce Autrey and Genevieve Poage of Rankin, in the order named.

In the team-tying, senior division, Billy Dinwiddie of Jal and Bud Miller of Pecos were first; 2nd were Jackie Reinhardt of Midland and Bobby Pruitt of Lovington, N. M.; 3rd place, Bobby Pruitt and Bogger Pruitt. Junior team-tying went to W. D. McGilvery of Fort Stockton and Bud Poage of Rankin; 2nd place was Monty Beckham and Sis Miller of Jal, N. M.

Hair pulling, senior division, 1st place, E. P. Birkhead of Midland and Joyce Pruitt of Lovington; 2nd place, Billy Dinwiddie and Sammy Beckham of Jal; 3rd was Timmy Wood of Van Horn and D'Ann Young. Junior division was Monty Beckham and Sis Miller in 1st; Bud Poage and Sandra Howard of Rankin in 2nd.

POLITICAL RALLY TO BE IN McCAMEY JULY 19TH

The Business and Professional Women's Club of McCamey has scheduled a political rally for July 19. Set to get underway at 8:00 p.m. in the community building in McCamey, the rally will feature candidates for the various county offices as well as precinct and district posts on which Upton voters will be deciding in the July primary.

With the object of better acquainting the voting public with the candidates, the rally will give each speaker 5 minutes to state whatever he wishes to say. Any candidate who wishes to register for the meeting may do so by contacting Mrs. R. S. Caldwell, Box 1094, McCamey, before Thursday, July 1.

American Legion Meet Chooses New Officers

NAME TRAVIS G. TAYLOR FOR NEW COMMANDER

Members of the American Legion met in regular session Thursday, June 17, at the Rankin Park Building for the election of officers for the ensuing year.

Officers elected are as follows: Travis G. Taylor, commander; Frank Parr, 1st vice commander; L. Z. Titsworth, 2nd vice commander; Jack Marshall, adjutant; John D. Hurst, finance officer; Henry Scarborough, child welfare officer; W. M. Day, sergeant-at-arms; Lawrence Holcomb, color guard; and G. L. Steele, service officer.

Installation of officers will be held Thursday, July 1, at a social to which all members and their family are invited. All members are urged to attend and to bring an ex-service member.

BUD POAGE
... top cowboy

GENEVIEWE POAGE
... queen of show

2nd; Jimmie Neal of Van Horn and Carolyn Branch of Rankin in 3rd.

Goat roping, senior division, Jackie Reinhardt of Midland 1st with 15 sec. Second was E. P. Birkhead of Midland with 16 seconds, and 3rd was Berry Woods of Van Horn with 18.5 seconds. Junior division was Bud Poage first with 30.8 seconds, Tony Howard of Rankin, 2nd with 34 seconds and Dud Pruitt of Lovington 3rd with 40.4 seconds.

In the greased pig race Wayne Kennemer of Rankin won the honors on Friday night and Sherrell Overturf of Odessa took the prize for Saturday night.

Final attraction was the naming of Miss Genevieve Poage of Rankin as Queen of the Rodeo.

LOUIS H. ANDERSON SEEKS 102ND DISTRICT REPRESENTATIVE POST

Louis H. (Andy) Anderson, of Midland, has announced to the News that he is a candidate for the office of State Representative from the 102 District of Texas.

In making his announcement Anderson issued the following statement:

"I was born in New York state in January, 1899, left high school

to enlist in the U. S. Navy in February, 1916, and was honorably discharged as Chief Yeoman in 1920. I went to Chicago, Illinois, where my education was completed in night school, both high school and accounting education at the Y.M.C.A. School of Commerce.

"For the most part my work has been along accounting lines. I moved to Texas in 1935 and established my own accounting practice in Midland in 1941, where I specialize in Federal income tax. My work has given me some understanding of problems of ranchers and oil men. I have some oil production and so I am not dependent on my accounting practice for my livelihood.

"Since I have prospered in West Texas and can spare the time and money, and further because I have always been interested in politics, I feel that I should be willing to serve my state and district at Austin. If elected, I shall make a determined effort to understand the numerous problems which will be presented to the legislature and shall seek to represent my district to the best of my ability.

"In my opinion, one of the important problems to be solved will be 'water conservation.' I believe that this should be approached by well-considered legislation and long range planning. "This area of West Texas is growing very rapidly, therefore, there are many problems to be solved. I shall work diligently to best serve the interests of my constituents."

After enjoying plenty of barbecued goat and chicken with all the trimmings, those who didn't stay to visit went to the rodeo.

FUNERAL SERVICES HELD FOR ARLEDGE INFANT

Graveside services were held for the infant of Mr. and Mrs. L. G. Arledge last Saturday at 9:00 o'clock.

Burial was in the Rankin cemetery and Rev. R. L. Shannon, pastor of First Baptist Church, officiated.

Survivors include the parents and two children, Betty Jo and Wayne.

The C. L. Hales, H. D. Shaws, Ed Hales, Jim Harkey and Ann Phillips were fishing at Banners on the Pecos River over the week-end.

Mr. and Mrs. J. T. Bushong and Linda spent the week-end in Brady at a family reunion of her family.

Upton Judges Second In State

Upton County's 4-H Club judging team placed second in the state last week at the State Meet in San Angelo. Sutton County scored 1798 points for first place while the Upton team was only 10 points behind with 1788.

Stanley James, son of Mr. and Mrs. J. T. James of Rankin, was second high individual in the entire judging. Wayne Kennemer, also of Rankin, was third high individual. James and Kennemer scored 602 and 604 respectively while the winner's score was only 601.

Stanley James won high in the wool judging while Wayne Kennemer was 3rd in the mohair judging. The team was composed of James, Bud Poage, Mike Collins and Kennemer.

On Wednesday, June 23, the team was scheduled to go to Sonora where they will compete in the Sonora Wool & Mohair Show Wednesday and Thursday. The boys will compete in livestock, wool, mohair and range plant judging.

Among those from Rankin attending funeral services in Iran Monday at 10 a.m. for G. C. Murray were: Mr. and Mrs. C. E. Wheeler, Mr. and Mrs. G. L. Steele, Mr. and Mrs. J. R. McSpadden, Mr. and Mrs. W. C. McSpadden, Mr. and Mrs. R. D. McSpadden, and Mr. and Mrs. Cecil Copeland.

Mr. and Mrs. David P. Brown are in Odessa for several weeks.

HE'S GOT OUR NUMBER

Roy Smith, a meat salesman from Midland, must have the hex on Rankin. About a month or so ago when the Rankin Golf Club held their annual tournament, they gave a golf cart in a drawing. Said Mr. Smith held the lucky number and carted off the cart, so to speak.

Last week at the rodeo, the Rankin Lions Club held a drawing for a set of golf clubs, cart and bag. Excitement ran high as the number and name were drawn. And who was the lucky winner—Mr. Roy Smith of Midland. It seems, however, that Smith is due some winning since he has been the prime target for ticket sellers to the various events in Rankin for a number of years.

Incidentally, Smith does not play golf.

HOSPITAL NOTES

Eddie Rumpie, Midkiff, admitted the 12th, still confined.

Mrs. K. W. Miller and baby girl were dismissed the 19th.

Mrs. Edwin Edgar, admitted the 15th, dismissed the 18th.

Mrs. Doris Wesley, surgery on 16th, dismissed the 19th.

Mrs. L. G. Arledge, major surgery on 18th, still confined.

J. L. Alderdice, admitted the 18th, dismissed the 23rd.

Sarah Lee Vardy, who works at the county clerk's office, is on vacation this week.

Mrs. Tom Workman, Sr., is visiting relatives in Ashland, Ohio.

New Trial Water Rates Planned For July First

MELVIN McEWEN GETS SPECIAL SERVICE COURSE

Pvt. Melvin McEwen, son of Mr. and Mrs. D. O. McEwen of Rankin, graduated today from the Marine Hull Repair Course at the Army's Transportation School, Ft. Eustis, Va.

The T/School graduate was trained to repair steel and wood hulls and related structures of Army harbor and landing craft. He received instruction in ship nomenclature, blueprint reading, welding, pipefitting, ship's carpentry and numerous other pertinent scopes of study.

Pvt. McEwen is a graduate of Rankin High School and was employed by O. E. Hall Drilling Company, Wichita Falls, Tex., prior to entering the service.

He is married to the former Miss Evelyn M. Eckols of Rankin. She presently resides with him at 5913 Jefferson Ave., Warwick, Va.

CONSTRUCTION STARTED ON LITTLE LEAGUE PARK

Work began Monday on the Rankin Little League baseball park. Poles for the lights are on the location and work was underway Tuesday morning on drilling holes.

This project, sponsored by the county, will give the little leaguers a first class baseball park when completed. Although the present phase of work calls for only the lighting of the ground, further arrangements for construction of seating for spectators is under consideration. It is felt that there will be some sort of bleacher type construction which should induce even more folks to "take in" the games when play is moved to the new location.

No estimate was given as to when the work would be completed but it will be as soon as possible. Lighting construction is being done by West Texas Utilities Company. A similar park is also being constructed in McCamey.

BATH HOUSE ABOUT READY

Workmen should be putting the finishing touches on the new bath house at the swimming pool by the last of the week.

All plumbing has been installed and the roof was being put in place Tuesday. When completed it will house dressing rooms for men and women and a concession stand.

Swimming has been underway in the pool for several weeks now with a temporary shower set up beside the pool. A large number have turned out to enjoy the water and with the completion of the new bath house Rankin will have one of the nicest pools in this part of the country. There is no charge for swimming other than for the use of a locker for clothing.

MRS. LEE WINS CASH

Mrs. Carrie Lee of Rankin, won \$15.00 at Boggs Grocery last week in the weekly contest held by that store.

Mrs. Lee, with number 95, was the first winner since the contest was started.

Junior: "Dad, what is heredity?"

Dad: "Heredity, my boy, is what a man believes in until his son begins to act like a fool."

According to city officials, beginning July 1 Rankin will have some sort of new water rate. Just what this rate will be has not been determined at this time. It was pointed out, however, that it would be some different from the present rate.

A rate was set by the commissioners court this week on a trial basis for selling of water to the city. With this figure to work from, the city auditor is working out a schedule of rates that will enable the city to give users as much water as possible and still continue to receive sufficient revenue to retard outstanding bond payments.

These payments, explained officials, are at the present approximately \$1,000 per month and will be something like \$12,000 by next year. Revenue for meeting these payments is derived from the sale of water. For that reason, the present amount of money received each month will have to be about the same as it has been in the past to meet these obligations. As was explained last week, the average water bill has been around \$5.

However, there will be some break for the users with the biggest cuts coming after the \$5 amount has been used. The rates being worked up now may have to be adjusted later on but it was pointed out that every effort will be made to give users as much water as possible for their money.

GIANTS HOLD LEAD IN LITTLE LEAGUE PLAY

Continuing their winning ways, the Giants hopped on the Dodgers to the tune of 19 to 9 last Wednesday night when the league staged a double header. In the other contest of the evening, the Yankees held their second place slot with a 27 to 2 thumping of the Cardinals.

No games were played on Friday night due to the rodeo. Taking up the battle again Monday night, the Dodgers moved into third place with a 22 to 12 win over the Cardinals. This put the young Cardinals at the bottom of the heap; however, since they have only a limited number of older boys on their squad, they are playing good ball considering their size and ages.

PONY LEAGUE WINS

Rankin's contribution to the Pony League won their first game last Friday night in McCamey. So far the boys have had a rough go in the league, losing several games by only a slim margin. This win may be the one that will see the team get lined up and going.

Standings as of Monday for the Little League are as follows:

Team	Won	Lost
Giants	6	0
Yankees	5	1
Dodgers	2	5
Cardinals	1	6

Wednesday night will see the two top teams squaring off for what could be a most important game. If the Yankees can take the measure of the Giants, it will put both teams in first place. If the Giants should cop the game, they will be out in front by two full games.

Mrs. B. A. Patterson and daughter, Ruth, visited in Rankin Saturday and Sunday. Mr. Patterson has recently undergone major surgery at a hospital in Odessa where the family now resides.

Mrs. W. E. Stephenson is visiting with her sister near Goldthwaite.

The E. W. Seals are newcomers to Rankin this week.

Mrs. Tex Collins and children and Mrs. Dorothy Sullivan and children were Odessa visitors Friday.

Mrs. Bill Albert and children of San Angelo were week-end guests in the J. R. McSpadden home.

Pfc. and Mrs. Leslie McFadden of El Paso spent the week-end here with relatives.

You Should Live So Long-- Dr. Smith Tells Rankin Lions

Among other things pointed out for the future, Dr. G. P. Smith told the Rankin Lions Club that some day this area would have unlimited water.

Speaking to the club at the installation of new officers, the professor from Sul Ross College chose as his topic "The Future We Face." Other things included in the future will be the use of heat from the sun for power, the harnessing of the tides and possibly gravity. There may also be a harvest of valuable minerals from the sea. According to the professor, there are 4 million tons of magnesium in each cubic mile of ocean water. Further, there are 93 million dollars worth of gold and \$14 million dollars in silver in each cubic mile of ocean water. This water is 99 per cent bromine, which will make it a great source for medical matter.

Explaining his statement that water would someday be plentiful in all parts of the country, Dr. Smith said that at the present time the scientists of the nation have a process in working order whereby enough water to cover an acre of land to a depth of 36" can be produced from ocean water for \$7. It is his belief that in the future when the world conditions become more stable and so much money will not have to be spent on defense, the government will undertake a large scale project to pipe water throughout the U. S. This water would be taken from the ocean with all salt and other harmful deposits removed and would be suitable for drinking, irrigation or any other need.

This water would be so plentiful that it would be pumped back into the earth and would replenish the underground water supply. At that time the land would again become green as it once was.

"Looking into the governments of the future, the doctor said that we would gradually lose our individual rights and that centralized government would become more and more the form of government under which we would live. We would also lose our freedom of speech to a great extent and in the final phases would be a part of a world government with one army, one navy and one air force throughout the world.

In summing up the future, he

W. J. "PETE" POLLARD

W. J. "Pete" Pollard was officially installed as president of Rankin Lions Club at last Monday night's meeting. Along with Pollard went a new slate of officers for the coming year.

W. M. "DUB" DAY

W. M. "Dub" Day has been named Zone Chairman for Zone 3 Lions Club. This will mean that Day will be on the District Governor's cabinet and will be responsible for 6 Lions Clubs included in this zone. Day is retiring president of Rankin Lions Club.

Powell of Phoenix, Ariz.; Mrs. O. B. Powell of Hobbs, N. M. Mrs. Lawrence Lawson of Stanton; Mrs. J. D. Haywood of Winthrop, Arkansas, and Mrs. Marvin Powell of Lovington, N. M.

WOOL OUTLOOK FOR 1954 PROVES TO BE GOOD

The United States consumes considerable more wool than it produces. The deficit is made up from imports, most of which comes from Southern Hemisphere countries.

Domestic production in recent years, despite support at 90 percent of parity, has filled less than one-third of the Nation's needs. In 1953, domestic production of shorn and pulled wool combined was 296 million pounds, greasy shorn basis. Of this total, shorn production was 230 million pounds, and will probably be some less in 1954. Imports of apparel type wool in 1953 were somewhere between 350 and 400 million pounds, domestic grease basis. Including carpet or low-grade wools which come in duty free, imports in 1953 were about three times domestic production.

As of March 31, CCC stocks of shorn wool were 84.1 million pounds. Holdings of pulled wool totaled over 6.3 million pounds. Wool under loan at the end of February totaled 31 million pounds. Wool price support over the period from 1943 to date has resulted in net realized losses to the CCC of over \$92,000,000.

Current Program: The Agricultural Act of 1949 provides that price support shall be at a level, between 60 and 90 percent of parity, needed to encourage the domestic production of 360 million pounds of shorn wool (or approximately 155 million pounds, clean basis). Because production has been less than two-thirds of the output sought, support has been maintained at the top of the percentage range—90 percent. For 1954 production, a national average support price of 53.2 cents per pound has been announced. Under the 1954 program, recourse and nonrecourse loans are available to producers on wool in approved warehouses at announced prices, through approved handlers.

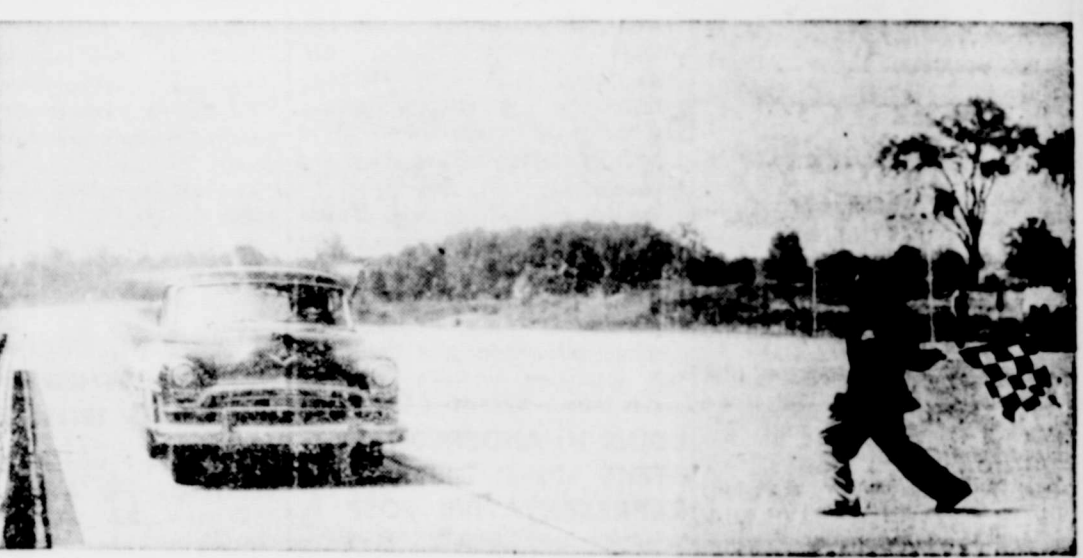

New Program: Under legislation now proposed, wool would move freely in consumption at the market price. If the market price were below the support level, producers would be bolstered by direct payment. Wool produced in other words, would be paid the percentage equivalent between the national average support level and the average price received by all producers of wool. The payment on a per-pound basis would reflect differences in quality, improved preparation and marketing of wool, and would be made to producers on the basis of the sales receipts for wool marketed within specified period.

CHRYSLER BREAKS WORLD STOCK CAR RECORD

World speed and endurance records for stock cars were broken when a 1954 Chrysler FirePower 235-horsepower V-8 completed a 24-hour continuous run with an average speed of 118.15 miles per hour for 2836.42 miles. Picture shows American Automobile Association official Bill Vanderwater giving AAA champion Tony Bettenhausen the checkered flag ending the successful run at the Chrysler proving ground track at Chelsea, Michigan. Only 26 pit stops were made.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
 Texas Press Association

Austin

It will not take long to cast your ballot in the Democratic primaries on July 24.

There are only six contested races, as certified by the State Democratic Executive Committee, making up one of the party's shortest ballots. There are but 26 names on the ballots for 14 statewide elective offices.

Governor's Race

Governor Allan Shivers, running for re-election, designated Ralph Yarborough and his backers as "dreamers" who see as a solution of all our ills centralization of our government in Washington.

As an example of his meaning, Shivers said his opponents were blaming him for supporting the Republican nominee for President in 1952.

"They say I'm a traitor," Shivers commented. "If getting the tidelands back for our school children means I'm a traitor, then I plead guilty." The governor added:

"Our opposition aid lip service to the tidelands. This two-time loser's biggest backers said the tidelands belonged to the federal government. . . ."

Yarborough had hurled the charge of disloyalty at Shivers because of the latter's support of Eisenhower.

Yarborough also struck out, against Shivers' bid for a third elective term, saying, "Texas tradition condemns a third term. We approved the Twenty-second Amendment which forbids a third term for President."

Women in Politics

Two Texas women took over prominent spots in the state's political show last week.

Mrs. Pat Dougherty will manage the campaign of her husband, Dudley T. Dougherty, for the United States senate. Mrs. Charles Devall of Kilgore, whose husband is published of the Kilgore News Herald, was appointed state chairman of Texas Democratic Women for Shivers.

Demo Convention

A decision that will give big city counties who voted Republican in 1952 a strong voice in the Texas Democratic Convention was made by State Democrats in agreeing to count both parties' 1952 votes in deciding their convention strength.

The Democratic Convention convenes in September at Mineral Wells. The committee, meeting in Austin, agreed unanimously on the proposal after being told by its legal committee that the total vote was the correct basis on which to determine delegate strength.

Insurance Investigations

One Texas insurance firm went into receivership and another appeared ready in another week of insurance shake-ups.

Ralph W. Hammonds of Houston, head of the Lloyds of North America Insurance Company, admitted insolvency and his firm went into permanent receivership.

Also caught in the whirlwind of insurance investigations was the suspended General American Casualty Company with headquarters in San Antonio. Suspension followed a voluntary request of the firm's president Ralph D. Stokes. Incomplete checks of the company's books showed it was "approximately one million dollars in debt," Insurance Board Chairman Garland Smith said.

No Insurance Mess

State Senator George Parkhouse told a meeting of insurance men in Austin that most of the controversy was being played out of true import.

He said that most of the trouble was being "generated artificially and unnecessarily to serve the political purposes of a little group of men." He added that the Legislature should, however, patch some present law loopholes and pay examiners better salaries.

'Ridiculous' Charges

Charges by a former agent of the State Liquor Board that the liquor industry and politicians run the board was termed "absolutely ridiculous" by Administrator Coke Stevenson, Jr.

Stevenson said the accusation of former member Weldon Burney, who called the board corrupt and dominated by politics, was without basis.

The San Antonio man resigned May 27. Stevenson said that he had been demoted in grade and appeared dissatisfied when he couldn't get a transfer back to McAllen where he was stationed when Stevenson took office.

Water is Big Problem

Water is one of the state's big problems, the president of the Texas Water Conservation Association told Texas University attorneys and water engineers.

Guy C. Jackson Jr., asking for water improvements, called for a "state-wide water plan" and for the state to assume financial responsibility for dams and other water improvements.

Joins Campaign Staff

A manager of Governor Allan Shivers' successful 1952 race has been named to help manage the Governor's campaign for re-election.

Jack Dillard, director of Alumni Affairs for Baylor University, will assist Senator Otis Lock of Lufkin in forming strategy for the campaign which was fired off Monday with a rally and radio broadcast at Lufkin, Shivers' home.

Tax Exemption Asked

Two Texas turnpike corporations have asked the State Supreme Court whether toll roads built by private firms can have tax exemptions.

The Texas Turnpike Company and the Sam Houston Turnpike Corporation appealed from the Dallas-Court of Civil Appeals.

Both are seeking to build toll roads in the state; one from Dallas to Houston and the other a Dallas-San Antonio route.

Horse Statue

Another work of Pompeo Copini, legendary name to University of Texas Students because his statues cover the sprawling campus, has been slated for a campus location.

The bronze statue of a horse called "Freedom" was given to the Texas State Historical Association by Mr. and Mrs. Hamilton Magruder of San Antonio. The work is from the family's private collection of statuary.

What Was This Call Worth?

"Mommy, can I stay at grandmother's tonight?" That was little Carol's very first telephone call — a real thrill that can hardly be measured in dollars and cents. Yet, Mrs. Caroline Niemeyer, Carol's grandmother, can tell you what that call cost. She is one of a group of customers who kept day-by-day records of calls made for a week — a total of 30 calls covering 133 miles. Then she broke her telephone bill down into the actual cost per call. "I was amazed," she reported, "at how little my telephone service cost for all the convenience and happiness it delivers." SOUTHWESTERN BELL TELEPHONE COMPANY . . . From where I sit . . . by Joe Marsh

No Sale!

Right in front of Granny White's beautiful old house on Maple Avenue there's a brand-new sign: "Antiques. Inquire Within." Now—don't get excited. Granny explained it all the other night —after we settled down in her parlor, me with my temperate beer, Granny with her tea. I asked her if she was really going in the antique business. "Oh, no," says Granny, "I wouldn't sell anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some out-

rageous figure! I guess I just like people," she said. From where I sit Granny can be excused for her little ruse. She may be in her eighties, but her mind is young—and open. She's the kind of person who's made this town so wonderful. Granny not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?

TEXON NEWS

By MRS. LEON KESSLER

There are still quite a number of children getting the measles. Several new cases are reported and several are getting well.

Mr. and Mrs. J. W. Vinson have gone to Mertzon where they will spend their vacation working on their farm.

Gene Cook, Scoutmaster, and several scouts are spending a week at Camp Louis Farr near Mertzon at the annual Boy Scout summer camp.

Mr. and Mrs. J. J. Isbell had as their guest last Wednesday and Thursday Mr. and Mrs. H. V. Coats of Seagraves.

Mrs. Bert Rogers has spent several days in the San Angelo Clinic Hospital.

Mr. and Mrs. F. L. Blocker have had their daughter and family, Mr. and Mrs. D. A. Mow and Donelle Marie, of Ft. Worth for a three weeks visit. They are now in Big Lake with his parents and his brother, Bud, who has just returned home after spending some time on the seas.

Mr. and Mrs. Alvis Denton have returned from their vacation to Gorman and Waco where they visited relatives. They also visited in Galveston.

Everyone sends sincere sympathy to Mrs. E. T. Miller, whose father passed away at Dublin. Funeral services were held for Bill Blain Wednesday at 3:30 p. m.

Mr. and Mrs. E. T. Miller and children have just returned from a vacation trip to Colorado, Utah, Arizona and California.

Anthony Pitts of Kerrville is spending a few days with his brother and wife, Mr. and Mrs. Roy Pitts.

Congratulations to Mrs. Ben

Howard, formerly of Texon, now living in San Angelo, upon winning the prize home in the "Parade of Homes" in San Angelo over the past two weeks.

Doc Munroe has left for a short vacation to Casa, Temple and other towns.

Mr. and Mrs. W. A. Bird have received word that their son, Major Clayton Bird, is being stationed at San Antonio.

Miss Judy Kay Gobert of Taft is spending a week with Mr. and Mrs. W. A. Bird. She is the daughter of Oza Gobert, and the late Mrs. Gobert, formerly of Texon.

Mr. and Mrs. B. L. Hullum and George of Bay Town spent a few days with Mr. and Mrs. W. C. Diez. Mr. Hullum is a brother of Mrs. Diez. Mrs. J. W. Rosser returned home with them for a few weeks visit.

Mr. and Mrs. L. B. Davis spent a few days in San Angelo with his mother, Mrs. Bertha Davis, and other relatives.

Mr. and Mrs. J. J. Isbell spent Sunday with Mr. and Mrs. W. T. Thomas in McCamey.

Mr. and Mrs. B. M. Enslay spent Monday in McCamey with her brother and family, Mr. and Mrs. Veri Fell. Sharon Enslay returned home with them after spending several days in McCamey.

Mrs. R. V. Fuqua of Big Spring is in the Iran hospital. She is the daughter-in-law of Mrs. Bell Fuqua of Texon.

W. M. U. Meets

In a study of "Foreign Missions" the W.M.U. met at the Texon Church Monday evening, June 21. The ladies also made plans to take up food and clothing of four colored children of Big Lake. Their father is in a state penitentiary and the mother in a state hospital. There are

Soil Conservation

Cities and industries have been asking whether soil conservation being carried out by thousands of farmers and ranchers through soil conservation districts will reduce the amount of water available for municipal and industrial uses.

H. N. Smith, State Conservationist for Texas, says that for all practical purposes the answer seems to be "no."

The Soil Conservation Service has been studying this problem at the Blacklands Experimental Watersheds project near Riesel, Texas, since 1940. The studies include measurements of rainfall and runoff from two similar watersheds. They are still in progress.

Similar farming practices were being followed on both watersheds at the beginning of the study. Conservation practices were established on one of the watersheds in the spring of 1943. These practices included changing part of these cultivated area to grassland; the use of improved crop rotations; and the con-

struction of terraces on land in cultivation. No change was made in the farming practices on the other watershed.

During the first five years rainfall was slightly above normal and the runoff-producing rainfall averaged 17.4 inches annually. The following five years, 1948 through 1952, were drouth years and the runoff-producing rainfall averaged only 4.8 inches yearly. The total rainfall during the drouth period was two-thirds the amount for the normal five years, but most of it fell in such small amounts or at such a slow rate that it produced no runoff.

For the normal rainfall period there was almost no difference in the runoff from the untreated and treated watersheds, Mr. Smith reported. The annual average was 10.3 and 10.4 inches, respectively. During the drouth period the average yearly runoff from the untreated and treated watersheds was approximately 1.4 and 0.9 inches.

The fact that there was a difference of one-half inch in the annual runoff from these two watersheds during the drouth

For County Attorney: John A. Menefee (Re-Election), Steve Preslar

For County Treasurer: Mrs. Elizabeth L. Rains (Re-Election)

For Commissioner, Precinct 1: Sam Holmes (Re-Election), Preston Patton, J. W. Hearon

For Commissioner, Precinct 2: T. D. "Tommy" Workman, Jr. (Re-Election), W. J. Price

For Justice of Peace, Precinct 1: Omar Warren (Re-Election), O. C. Scarborough

For Justice of Peace, Precinct 2: O. N. Justice, Mrs. Murray McCain (Re-Election), W. J. "Curley" Cowen

For Constable, Precinct 1: W. F. Moore (Re-Election), L. N. Collins

For Constable, Precinct 2: S. O. (Sid) Langford (Re-Election)

years is not the significant point, said Mr. Smith. This minor difference in rate, even over a period of several years, would amount to so small a volume of water that it could not be considered in the planning of a dependable municipal water supply. The important point is that the TOTAL runoff from the untreated watershed during the five drouth years was only about two-thirds of the average runoff for ONE year during the normal rainfall period.

Mr. Smith emphasized that because runoff during drouth years may be very small, water supply reservoirs must have empty capacity to catch the water during years of normal to high runoff and store it for use during drouth to maintain its water supply. This is a fact which needs to be widely understood.

Although soil conservation practices on a watershed will not have a significant effect on water yield they can help greatly in protecting water supplies from loss of storage space by sedimentation. Conservation practices reduce erosion and the rate of reservoir sedimentation. By slowing down the rate at which reservoirs are filling with sediment, Mr. Smith said, more storage capacity will be maintained in which to store water for use during drouth years.
