Serving the Interests of Rankin and Upton County

NUMBER 17

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, APRIL 28, 1955

LOWERY RECEIVES AWARD FROM TREASURY DEPT.

In recognition of more than five years of service as Volunteer County Chairman of Savings Bonds Committee for Upton County, Mayor A. E. Ivy, acting on behalf of the Savings Bonds Division of the U. S. Treasury Department, presented Dunn Lowery with a Service Pin in a brief ceremony at the bank last week.

Lowery has held the position of Volunteer County Chairman since 1948 and, according to the Treasury Department, has been most successful in that department. A check for the first two months of 1955 shows that Upton County is ahead of their State quota for the first quarter in the sale of saving bonds.

In the picture, Lowery and Ivy inspect the Service Pin which is inscribed with the wording of "Five Years of Service."

CUB LEADERS HAVE INSTRUCTION MEETING

Milton Wyatt, Scout executive from San Angelo, met with Cub leaders Tuesday night, April 19, for a short instruction course in Cubbing.

A very interesting and helpful meeting was had with the following present: Mr. and Mrs. Ward Thornton, Mrs. Matha McDonald, Mrs. Lewis Mouldin, Mrs. Frank McCammon, R. L. Houchins, Bud King and R. L. Bell.

Further plans were made for a good program from the Cub pack at the monthly round table meeting to be held April 28.

All adult leaders, parents and any one interested in Scouting and Cubbing are urged to attend the round table meeting at the Park Building at 7:30 p.m. Thursday, April 28.

RED DEVILS TAKE DISTRICT OPENER

In the first district outing of the current baseball season, the Rankin Red Devils downed the Big Lake Owls by a 5-2 score in a game played here last Tuesday afternoon.

During the past few weeks, the Red Devils had been coming up on the short end of the scoring in several practice games due to a lack of pitching. However, Jimmy Thigpen displayed fine form against the Owls as he fanned 14 batters and walked none giving rise to hopes of local baseball fans that the pitching problem may be improving.

At approximately 4:00 p.m. next Tuesday, May 3, the Red Devils meet Alpine, district favorite, who defeated McCamey 11-0 this week.

All games are played on the new ball diamond in the park just west of the golf course.

Melvin Puckett of Midland, and formerly of Rankin, entered Baylor Hospital in Dallas Tuesday morning, April 26, where he will undergo surgery.

Seven Facing Trial As 83rd Grand Jury Indictments Made

Meeting with Judge C. E. Patterson of the 83rd Judicial District court last Saturday, April 23, members of the grand jury returned indictments involving seven persons.

Indicted for theft of \$160.00 from the First State Bank of Rankin on January 23rd was John William Walker, colored, formerly of Ran-

kin. At the time of the theft, Walker was employed as a janitor by the bank and has admitted to the theft of an additional \$518 silver dollars on December 22 from that concern.

A long record of trouble with police authorities has been uncovered on Walker. He recently served a term in the Federal penitentiary at Lordsburg, Penn., for car theft. Bond has been set at \$2,500. At the present time the accused has been unable to raise that amount and is lodged in the county jail awaiting trial on May 19.

Indicted for assault and attempted rape was Ted Able, 29 years old of Newton, Ohio. The indictment grew out of an incident in McCamey on April 1 which involved a McCamey girl. At that time, Able was living in Iraan. Bond has been set at \$5,000 with the accused still confined in jail.

Pete Williams, attorney-at-law from McCamey, has been appointed by the court to defend both men. Trial for Abel will also be held on May 19.

The third indictment involved a total of 5 youths from Rankin and alleges that they stole a total of \$1,500 in pipe from Hunt Oil Co., presently operating as a drilling concern in the Amacker-Tippett field west of Rankin.

Theft of the pipe was alleged to have occurred between March 13 and April 7. Apprehended by the sheriff's department as they were attempting to sell the pipe to the City Junk Co. of McCamey, bond for the youths has been set at \$750 each. All but one are now free on bond. No definite date has been set for trial.

HOSPITAL NOTES

Glenda Sue Parker, daughter of Mr. and Mrs. G. M. Parker of Rankin, admitted April 19, dismissed April 27.

Judy McCall, 13-year-old daughter of Mr. and Mrs. John R. McCall of Midkiff, admitted April 19, dismissed April 21.

Mrs. Tom Workmap, Sr., of Rankin admitted April 20 and dismissed April 24.

Ray Edmiston, 16-year-old son of Mr. and Mrs. R. C. Edmiston of Rankin, hurt in a basketball game was admitted April 20 and dismissed April 22.

Mr. Johnnie Warner, injured while working cattle, admitted April 21 and dismissed April 26.

(Continued to back page)

To Sponsor Sale Of Made Household Goods

16 members of the Club will be knocking and asking residents to buy made household items made by throughout Texas.

Caravan for the set includes a large with some 16 different items such as dish cloths, towels, which have been made in workshops in state of Texas pays for their products in a warehouse.

The organization which handles the retail sales of the goods then buys them from the warehouse and sells them through local service organizations such as Lions Clubs, Rotary Clubs, etc.

Money derived from these sales is divided between the organization representing the blind and the local service club; in this case the Rankin Lions Club. Money made by the blind will be used to further their program of aid to the blind of Texas and to expand their working facilities for employment of the blind. Money made by the Rankin Lions Club has been earmarked for community projects that may come up in the future.

One interesting note adopted by the club was a resolution that each member wear a small whisk broom on his belt for one week before the sale. If the member is caught by another member without his broom, it will cost him a quarter. If a member fails to sell his broom on the day of the sale, he must purchase it himself.

All merchandise sold by the Caravan is of the highest quality and is reasonably priced.

TOMIE STEPHENSON PACES LOCAL GOLFERS

Lead by Tomie Stephenson, president of the Rankin Golf Club, local golfers managed to make it into a number of play-off slots in the Texon Golf Tournament last week. However, competition proved a little too fast and only Stephenson was able to capture a top post, that of consolation winner of the third flight.

Runner-up for consolation in this same flight was Dunn Lowery. Dub Day, playing in the second flight, also was runner-up consolation winner.

A number of the local golfers managed to advance into favorable positions but were unable to keep up with the pace. All of them reported a good tournament and are now looking forward to play this week-end in a similar event in Iraan.

From where I sit... by Joe Marsh

Red Finds a "Sweet Solution"

Red Jackson found a slick way to get his cows to eat what's good for them. Seems they were passing up the tall green grass—full of minerals and vitamins—and eating the short grass, which is naturally sweeter.

Red solved the problem by spraying a solution of corn syrup over the grass that was going begging. The cows sure went at it. Red says it's lucky for him—and the cows—that every one of them has a "sweet tooth."

Next week, according to Red, he's going to have his cows clean

up all the weedy grass along his fences—after he sprays them with more corn syrup, of course.

From where I sit, some folks, like Red, are always trying out new tricks—and others stick with the old tried and true methods. Just a question of preference, I guess. Like the way you may enjoy coffee with meals, while I prefer a cold glass of beer. So let's not allow any bad feelings to "crop up" by thinking ours is the only choice.

Joe Marsh

Copyright, 1955, United States Brewers Foundation

Filler by J. B.

Nothing like having a boy for a son is there—just seems like it's the natural thing to do. It would have been nice, though, if he could have arrived on Friday instead of Saturday. That way we could have entered him in the golf tournament at Texon last week-end.

Along the line of the Texon golf tournament it seems that Rankin's stick and swat crew didn't do too good in the trophy department but it's just like farming—wait till next year. Or probably most of the same bunch of golfers will be on hand at Rankin's tournament May 28 and 29 and then we'll show 'em a thing or two about the game.

If all rumors would prove to be as solid as the one about the oil well being drilled just out of town, Rankin would be in good shape. That one finally came through and, of course, there is now a good deal of guessing as to just what they'll find in the hole. Hazel Yocham says that if they get a gusher and it runs down his street and ruins his lawn, he's going to sue somebody. It seems that he's not too concerned with the lawn itself but he says that it's the playground of about a half dozen dogs and he just doesn't want to see the pooches mistreated. Maybe it would be good advertising to let a bit of the oil run down to the highway just in case they do find any.

We hear that Tom Kirby, newly employed head football coach for Rankin schools, is a sticker for training and discipline. It is said that Mr. Kirby will not tolerate any infraction whatsoever of a training rule and usually takes up the boys suit on the first offense. His record also looks good in the winning column but personally, we like the part about rather strict on training rules. It is our guess

that Rankin will probably not do too well next fall in football but that the boys will be pretty tough when they take the field.

A mortgage may be necessary at times, but one's conscience should be kept unencumbered.

It is impossible for a fellow on a bender to follow the straight and narrow.

If people do not know the good you have done it is a waste of time to tell them.

JOHNSONS BAY
Guests visiting in son home recently Mrs. Dick Johnson, Johnson of Lubbock Putcamp and her Joni Kay Miller, Mr. and Mrs. Day sailing from a Gulf to go to Spain. They rive there in early to study and travel 6 months.

Adjust Machine to Sew Synthetics

Some of the women in advanced dressmaking classes are using synthetic fabrics. Some synthetic fabrics have a tendency to pucker in stitching if not handled properly.

To avoid this make three adjustments before you begin sewing.

First, shorten the stitch slightly. Some spongy types of synthetics take about the same length stitch as similar-textured natural fibers. Test for the proper stitch on the lengthwise grain of the fabric. When the lengthwise grain shows the proper stitch, the crosswise grain and the bias will be correct, too.

Next, loosen the tension slightly. Adjust the top tension first as this may be all that is necessary. If not, loosen the bobbin tension screw a bit. Many machines are set tighter than necessary for ordinary sewing.

For hard finish synthetics, such

as nylon organdy or a very smooth, tight-woven synthetic, increase the pressure from the pressure foot. Thicker fabrics will require only the usual pressure.

Thread may make a difference, too—Nylon, dacron and mercerized cotton are used for sewing on synthetics. For best results, use a thread corresponding to the largest percentage of fiber in the fabric—nylon thread on nylon, mostly nylon blends, etc.

Be sure to use the same thread on the bobbin as in the needle, and wind the thread loosely and evenly on the bobbin, with no tension.

Dehydrofreezing — News In Food Processing

Dehydrofreezing! Add this word to your vocabulary to keep up with the evolution of food processing. Mae Bell Smith, Extension specialist in consumer information, says that information on this new process has just been released by the United States Department of Agriculture.

Dehydrofrozen foods take up less space and weigh less because of

the dehydration but retain the convenience and freshness of freezing. In addition, there's another advantage, a more natural product, which will appeal to consumers. These foods are now available commercially and are used by six food firms. For example, thawed dehydrofrozen apples have a much firmer texture and make better pies than when frozen in the regular way. Cells that have been partially dehydrated, as in this process, aren't ruptured so easily by freezing.

In baking tests, the flavor of apricot pies made from dehydrofrozen fruit were better than those

made from frozen, dried or canned apricots from the same lot of fruit.

Fruits and vegetables now being dehydrofrozen commercially are apples, apricots, peas and pimientos. Those in the experimental stage are Royal Anne cherries, freestone peaches, carrots, boysenberries and diced potatoes.

Reconstitution of dehydrofrozen food is very simple, just cook directly or soak. Be on the lookout for dehydrofrozen foods on retail markets.

Schedule of the Week

Our schedule has been wrecked for the week. Instead of the usual seven regularly scheduled meetings

Hospital Administration Attends Houston Meeting

Mr. and Mrs. Hugo G. spent the week of April 24-28 in Houston where Mrs. G. administrator of the Upsham hospitals, attended the Hospital Association's 20th Convention.

Topics discussed were "Hospital's Personality," by J. Kerlikowske, president, College of Hospital Administrators and director University of Michigan, Ann Arbor, Michigan; "Administrative Cooperation," by Ray E. Brown, president American Hospital Association and superintendent of the Clinics at the University of Michigan.

Other topics discussed were "Medical Staff Assistance," "Patient Care and Staff Relations," "The Medical Worker's Contribution to Patient Care," "The Women's Auxiliary and the Patient," "The Association Services to Hospital and State Levels," "Increasing Importance of Records," "Application of Training in the Small Hospital," "The Administrator's Job," "Safety Program for Hospitals," "Autopsy Law, Amended," "Hospital Licensing."

Besides attending the sessions, Mrs. Huffman attended a luncheon meeting of the trustees of the Northwest Hospital Association of which she is president, on Tuesday, and attended an Orientation Luncheon of the State Association of Hospital Administrators, Trustees and Commissioners on Thursday, the latter appointed to the THA's on Association Development.

On Wednesday, she acted as coordinator at the afternoon session for small hospitals, and on Friday talked on "The Problem of Curing Adequate Medical Education."

plus the three sewing classes. We have only one or maybe two days left of the time we'll be at the State's Meeting in Ft. Worth. SORRY.

By the time a man can buy one of those little sports cars he's too fat and stiff to get in them.

The first day of any future war will find most of us sitting at home or out of luck.

WEDDING VOWS READ MONDAY MORNING

Miss Cecil Patricia Thompson of Laredo and Elvin Junior Long were married at the Baptist parsonage Monday at 9:45 a.m., with the Rev. R. L. Shannon performing the single ring ceremony.

The wedding party consisted of the bride's sister and husband, Mr. and Mrs. Carrol, and the bride's father, Leon T. Thompson, of Laredo.

The bride and groom plan to live at Laredo where he is employed.

Hudson:

Mrs. Lurlene Bushong, Mrs. Bill Crisp, Mrs. Glenn Parker, Mrs. Jack Abernathy, Mrs. Vernon Black Mrs. Jim Taylor, Mrs. Janie Craig, Mrs. Mary Craig, Mrs. D. D. Hodges, and Mrs. A. M. Fullwood.

For best results in machine washing garments made of the new science fibers, don't run them through a full extractor cycle. A short time in the extractor does the job.

The engagement of Miss Betty Ann Hayden and Donald Murphy has been announced by the bride-elect's parents, Mr. and Mrs. Harvey Hayden, of Midkiff.

The bridegroom-to-be is the son of Mr. and Mrs. Carter Murphy of Rankin. The couple plans an early June wedding. Miss Hayden attends Rankin High School.

TEXAS' Marlene Comer of Moody is shown in front of historic Bruton's Parish Church in Williamsburg, Va. She is the Texas representative in the Betty Crocker Search for the American Homemaker of Tomorrow. The 48 state winners toured Washington, D. C., Williamsburg and Philadelphia as guests of General Mills and each received a \$1,500 educational scholarship.

HOMEMAKERS ATTEND STATE CONVENTION

The State Convention of Future Homemakers of America was held in Galveston on Friday and Saturday of last week. The theme of the two-day program was "Peaceful Thinking-Peaceful Living," and the main thought developed by the meeting was that peaceful thinking contributes toward peace; that as the people of the world think peacefully, we may come to live together in peace.

Speakers for the convention included Dr. Walter Kerr, chairman of the Texas Youth Council, and Miss Lois Oliver, Assistant National Advisor of FHA. The meetings were at Pleasure Pier where on Friday night there was a fish fry for the 3,500 Homemaking students and 1,700

Homemaking teachers who were present at the convention.

Those representing the Rankin chapter of FHA were Virginia Lee and Mary Jo Blue and sponsor, Mrs. Chester Wilson.

In washing garments made of the new man-made fibers, never wring them out to get rid of excess water. You may set wrinkles that are hard to get out.

CAR DEALERS LICENSE

Seventeen amendments in the House before dealers licensing bill approval.

Principal provisions would:

Make new car dealers for a seller's license, and dealers \$25; prohibit sale as a new car any had been driven or more than 50 miles; and require to post \$10,000 bond.

Original purpose of the fore the amendments was to prevent used cars from offering latest model sale as "new" cars.
