Friday Evening Parade Opens Fourth Annual All-Kid Rodeo

TWO-DAY AFFAIR EXPECTED TO DRAW LARGE NUMBER OF VISITORS TO RANKIN

Opening the fourth annual all-kid rodeo in Rankin Friday will be a parade beginning at 5:00 p.m. Forming at the Park Building, the procession will come down 10th Street to Main, turn south to Highway 67 and on out to the rodeo

arena.

Included in it will be many of the young cowboys and cowgirls who will participate in the rodeo, along with floats entered by various groups. A \$10 first prize is being offered for the best float with

any and all eligible to enter. Actual performances at the rodeo grounds will get underway shortly after the parade is over. No afternoon shows are planned.

Prices for admission have been set at 35 cents for students through junior high school and \$1.00 for all over that age.

ENTRIES CONTINUE

With two rodeos going on in New Mexico this week, entries to the

Rankin event have been somewhat less than at first anticipated; however, County Agent Day has indicated that this will still probably be the largest field of contestants ever presented in the kid rodeo. A number of those entered in the New Mexico event have indicated that they will be here for the Saturday night show.

In past years contestants from Jal, Eunice and other eastern towns of the neighboring state have made tough competition for local cowhands. Again this year, principal attraction will be the calf roping events which will probably provide some added excitement for the fans since all the calves in the event will be roped for their first time. They were purchased several weeks ago by the Rankin Roping Club and have been fed a diet designed to make them "mean critters."

TROPHIES ON DISPLAY

A complete group of trophies which are to be presented in the show including the hand-made saddle that always goes to the contestant compiling the most points in the rodeo are on display at Mauldin Boot Shop.

MATINEE AT FORD

Mrs. L. D. Sipes, manager of the Ford Theatre, has indicated that a special matinee showing will be held Saturday evening beginning at 3:00 p.m. This show is being presented to provide an outlet for leisure time of the young rodeo contestants who will be in town that day.

Showing will be "Blood Alley," a cinemascope picture starring John Wayne and Lauren Bacall.

Legislature was in session and he delayed his announcement until April to give full attention to the duties at hand.

A combat Veteran of World War II, Rutherford is also a past State Commander of the VFW.

Rutherford is married and owns his home in Odessa. He is the father of two children, a son, Charles Lane, two and one-half and a daughter, Cleo Ann, six years of age.

The 19 counties making up the 16th Congressional District include: Brewster, Crane, Crockett, Culbertson, Ector, El Paso, Glasscock, Hudspeth, Jeff Davis, Loving, Midland, Pecos, Presidio, Reeves, Reagan, Terrell, Upton, Ward and Winkler.

CITY AUDIT PUBLISHED THIS WEEK; REVEALS SUBSTANTIAL IMPROVEMENT

City of Rankin's annual audit has been received from the auditing firm of Cherry and Eckert and indicates that, financially the City is managing to show improvements.

A portion of this audit is published in this week's issue of the News. A complete copy is on file at the City Hall and may be inspected by any interested party.

In a letter of comment submitted by Hunter Cherry, one of the partners in the firm, he states that "an improvement was noted in the system of record keeping employed by the City of Rankin. The cash receipts and disbursements were being kept in a satisfactory manner and the bank accounts were reconciled with the depository."

In commenting further the auditor recommended that a general ledger be employed to effect better

controls over the records now that the gas system has increased the "control" problems. He further noted in his comment that several water accounts were in arrears by substantial amounts and suggested that individual notes receivable be negotiated for the old balances and insistence that payment of all current charges be made promptly.

GENERAL FUND INCREASED

As shown in the audit the general fund, or operating fund from which the city actually does all of its work since most of the other monies are in sinking funds, reserve funds, system funds, etc., had a balance on March 31 of some \$7,190.72.

Total receipts from water and sewer service last year amounted to \$33,097.93 with total disbursements and transfer out of this fund amounting to \$27,763.74.

TAX FUND GIVEN

In the city tax end of the audit a total of \$13,351.52 was collected for the year ending March 31. Transfers to various funds amounted to \$13,059.88. Delinquent taxes amounted to \$4,209.90 as of that date.

GAS NOT AUDITED

Since the City had operated the gas system only one month at the time the audit was performed, it was not included in the check. However, it is believed that it will further improve the city's financial standing when it has operated a sufficient length of time.

The audit indicated that the City of Rankin has outstanding a total of \$173,000 in bonds as of March 31 and do not include the gas system. Totals of amounts to be paid for year ending March 31 was \$12,245.00. Total amount of money on hand in all funds as of that date was \$61,023.44.

J. T. RUTHERFORD
... for re-election

RUTHERFORD ASKS FOR RE-ELECTION

Congressman J. T. Rutherford of the 16th Congressional District announced for re-election this year. Rutherford, 35, is seeking a second term in the United States House of Representatives.

Prior to winning a seat in Congress in the 1954 election, Rutherford served six years in the Texas Legislature. He was first elected over two opponents in 1948, was re-elected to the Texas House without opposition in 1950 and two years later in a contested race won a State Senate seat. Then came 1954 and his winning Congressional campaign.

In making his announcement for re-election, Rutherford said: "I shall continue to represent all the people all of the time. I am most appreciative of past support, and while I have no illusions I can please everyone I shall continue to act sincerely and aggressively in behalf of West Texas and our Nation."

Congressman Rutherford traditionally announces for office on January 24th. The lone exception was two years ago, when the Texas

LITTLE LEAGUERS NEED ADULT HELP

A plea for adult help at the Little League baseball program continues to be extended by the leaders of that organization.

"No one gets any pay for help in the Little League—not even the managers who spend as much as twenty hours or more a week," explained Mike Hughes, league president, "and we realize that everyone is busy but if we could get a half dozen or so folks who would be willing to give as much as two hours a week, it would help."

Principal needs of the group at the present time is help on score keeping and as umpires. Officials of the league have explained that no experience is needed—just a desire to help a bunch of kids play baseball.

Visiting in the Fred Welling home for the next three weeks will be Mrs. Welling's sister, Mrs. Lela Gomer of Pampa, Texas.

Friday and Saturday is Rodeo Time in Rankin.

If you enjoy a fast moving, free wheeling, wide open sort of rodeo with some of the most daring and determined riders you have ever seen, then you will want to be on the front row when the All-Kid rodeo opens here for its two-night stand. This has come along from an idea by two boys up to one of the largest events of its kind that we know anything about and only in four years.

Put on your cheering togs, your western hat and come on out and enjoy yourself whooping it up and encouraging the youngsters. They'll

give you a fine show.

Some three or four months ago we had occasion to try to aid one of our fellow newspapermen who was in need of a newsboy for Rankin. We suggested several likely young boys to him and he called on them all. In talking to him later we learned that all of them had given him the same answer—at least in substance—that they were too busy with either school, 4-H club work, baseball or some other form of activity.

Coming from a larger town, the fellow newspaperman was amazed at the variety and scope of activity provided for the youngsters in Rankin. He even went so far as to comment that he wondered if the boys had time for the girls. We assured him that they managed.

If there can be a compliment for a town or community that puts it way out in front, it would be something like the man said—they have a mighty big youth program. We sincerely believe that you could look the country over and would fail to find a place with more activities that are of interest to the youth of the community.

One such example of this will come about when the kids put on their Rodeo.

Along with the city audit that is published in this issue of the News comes some rather encouraging figures. It can be noted from the report that the City of Rankin is making progress toward getting on its feet financially. According to auditor Cherry, the city is doing a good job on the bookkeeping department although some improvements were recommended and there is a small but substantial balance of some \$7,190.72 in the general or operating fund. All bonds are paid

up to date and reserves are sufficient although not large.

One only has to go to the City Hall and check back over the records of past years to see that it was not long ago when the City of Rankin was having a mighty hard time of it as far as paying the bills were concerned. When the original fire truck was bought back in the depression days, it took quite a bit of financial maneuvering on the part of the city dads to keep the finance company from taking it back.

All of this points out the fact that Rankin is making important gains in almost every phase of development. Streets have been paved, new homes built, houses moved into town, business places fixed up, and many home improvements on existing property.

If there could be a sour note in the audit report for the city it would be the \$4,209.90 carried on

the tax rolls as delinquent. That amounts to almost a third of the total current collections. If there is any reasonable way for these back taxes to be collected, it would be encouraging to lots of folks to see it done. After all, if part of the citizens pay their taxes, the rest

To The Voters Of Precinct One:

I realize that the rush of the present "boom" in Rankin has kept me too busy to do much "politicizing." I have not been able to get to talk to many of you personally.

However, let me assure you that I am sincerely interested in having your support and influence in this Commissioners race and that as soon as the houses for Western are completed, I intend to get out of the housing business and will make every effort to see each of you.

It is my intentions, if you see fit to elect me as your commissioner, to devote my time and efforts toward making the type of officeholder you want.

Again, let me say that this quest for the office is most important to me and that I will make every effort to see you and solicit your vote and support.

MARTIN KAMSTRA NEW NORTHSIDE MINISTER

Martin Kamstra has taken over the duties as minister at the Northside Church of Christ.

Mr. and Mrs. Kamstra and their children moved to Rankin around June 1 from Lordsburg, New Mexico, where he filled a similar position. Prior to that time they lived in McCamey for about 4 years where Mr. Kamstra served as minister to the Church of Christ.

Two of the Kamstra children will be in school here next year while one will attend college and another is planning to get married in the near future.

Visiting with Mrs. A. D. Zachary while she was taking her vacation, was Mr. and Mrs. D. R. McAllister and children from Opelousas, La., and Mrs. W. D. Lacer and daughter, Peggy, from Anadarko, Oklahoma. Mrs. Lacer and Mrs. McAllister are sisters of Mrs. Zachary.

Native Grass Best For Re-Seeding

The very best seed that can be obtained for reseeding native ranges are those seed harvested locally. Many acres of climax grasses are to be found throughout the Soil Conservation District along roadsides and in relict areas. The value of using these areas for grass seed must not be underestimated. Small protected area can be seeded with this grass seed to provide a cheap source of seed for future use. Even a small area planted in pastures can produce a high volume of feed as compared with the low producing annual vegetation that exists in some areas.

At the present, large areas of sideoats grama, cane bluestem and others are seeding out in abundance. Examination has shown that a great deal of this seed has matured and is of good quality. With the prices of these grasses around \$1.50 to \$2.00 a pound it can be well worth the time used in harvesting them.

Range seeding has become an important management tool to ranchers throughout the Edwards Plateau during the past few years. Although a large percent of the first seeding trials have been a failure, reseeding remains a must on denuded areas. On areas where competition by livestock and drought has reduced the native vegetation to bare ground or to annual plants, reseeding along with proper management is the quickest tool for speeding recovery.

Although rainfall has been the cause of many seeding failures, a large part of the failures have been due to lack of three main things. One, lack of proper seedbed preparation. Two, use of the wrong kind of seed such as those that come from too far north or east. Three, the failure to plant in protective cover or defer until grass is established.

Now is the time to take advantage of this valuable source of grass seed. The local Soil Conservation Service office can furnish additional information or various methods of harvesting native grass seed.

ROPING CLUB PLANS EVENT FOR JUNE 23

Rankin's Roping Club will hold a two-calf average and jackpot roping here on June 23rd.

Open and amateur roping matches are scheduled and will begin at 8:00 p.m. at the Rankin rodeo arena. All calves will be new and are expected to provide some exciting competition in the events.

Visiting in the home of Mr. and Mrs. Sam Holmes last week was their son and daughter-in-law, Mr. and Mrs. Sam Alvin Holmes and Tommy of Atascosa, Texas.

Mr. and Mrs. E. C. Higday are enjoying a week's vacation. They are visiting in Arkansas.

Mr. and Mrs. John Kidd were San Angelo visitors Friday.

Teen-Age Baseball Proving Popular

With four teams participating, teen-age baseball in Upton County is proving popular as a replacement to the Pony League which functioned here the past several years supplying baseball play for boys over 13.

Teams comprising the Upton County Teen-Age Baseball League include the Braves, Athletics, Orioles, all of McCamey, and the White Sox of Rankin. With four games a week scheduled, play is held on Monday, Tuesday, Thursday and Friday nights with all games in Rankin being played at the Little League ball park on Friday nights.

As of Monday Rankin had played three games and was still looking for their first win although on their last outing Friday, June 8 they had a 16-18 affair with one of the McCamey teams that lasted until almost midnight. Their next home game was scheduled for this coming Friday night but was postponed due to the All-Kid Rodeo.

E. M. and Paul Sullivan are managers of the Rankin Club.

BACK TO THE BIBLE

The Bible is God's message to humanity; it is man's handbook of spiritual science; it is the sole source of information concerning man and his relationship with his Creator. The Bible contains all things necessary "That the man of God may be perfect, thoroughly furnished unto all good works" 2 Tim. 3:17.

The greatest need in the religious world is for religious leaders to cease striving to conform God's standards to the desires of man and insist that man conform himself to the standards of God. For centuries great religious leaders such as Luther, Calvin, Swingley, Wesley and Alexander Campbell have been urging "Back to the Bible." All too often, we of today take their teaching as the final word and absolute authority on religious matters. Our plea is "Let us be thankful for every good thought obtained from the teaching of spiritual minded men but for authority let us forget all men and go back to the Bible.

OVER 25 YEARS OF FRIENDLY SERVICE

From where I sit ... by Joe Marsh

Just the Facts, Ma'am!

Having a red-hot crime wave in town. Specs McGuire and Buck Hanson were caught taking money out of parking meters — again. I was at Police Headquarters when a nice old lady rushed in to report them.

"It was dark but I saw their faces in the flashlight beam," she said breathlessly. "You can't trust anybody these days!"

She got flustered when Chief Benson explained that Specs and Buck are authorized collectors—working nights after their regular jobs. "Have to get 'em uni-

forms," said Benson. "Third time they've been turned in!"

From where I sit, we ought to guard against accusing anyone of being "wrong" just because that's the way it looks to us. For instance, I've heard people talk against a neighbor because they didn't approve of his choice of beverage! (They liked tea, or something, while he preferred a glass of beer.) Be sure you have a case before you lay down the law.

**Workman-McCommie
Vows Exchanged 9th**

Mary Ann Workman of Rankin and Joe T. McCommie of Morton were united in marriage in Lovington, New Mexico, on Saturday morning, June 9th, at ten o'clock.

The quiet, impressive ceremony was performed in the sanctuary of the Methodist Church of Lovington by the pastor, Reverend E. E. Hamilton. The couple's attendants were Mr. and Mrs. Jimmy Workman of Morton.

For the ceremony Miss Workman wore a two-piece light blue linen ensemble with white accessories. She wore a white orchid.

Mrs. Workman wore a navy linen street dress with a white stole and white accessories. Her corsage was light blue carnations.

**BIRTHDAY PARTY HONORS
CAYE AND FAYE COLLINS**

Mrs. Tex Collins entertained at the Park Building Saturday, June 9, for her daughters, Caye and Faye. Caye was 4 years old Sunday, June 10th, and Faye was 3 years old Saturday, June 9th.

The birthday cake was decorated as a merry-go-round with a red and blue canopy with black horses on blue icing. Favors were circus animals, balloons and lollipops.

Games were played after which

Mrs. McCommie, the daughter of Mr. and Mrs. Tom Workman, has been secretary in the office of L. E. Windham. Mr. McCommie is with the Pecos Oil Company at the Llano Grande Refinery near Morton, Texas, where Mr. and Mrs. McCommie will make their home.

the birthday cake was cut and served with punch to Connie Mitchell, Lester Ray and Deanie Titsworth, June and Bubby Sullivan, Larry and Marsha Funderburg, Gus and Craig Kirby, Debra Houtchins, Wayne and Donna Price.

Guests at the Pecos County ranch of Mr. and Mrs. Walton Herral last week were:

Mr. and Mrs. Don P. Swafford of Tela Honduras, Central America; Miss Sally Swafford of San Marcos Baptist Academy; Lt. Dudley Swafford of Washington, D. C.; Mrs. J. E. Taylor of Beeville; Mrs. Helton Hokit of Lubbock; Miss Helton Herral of Carlsbad, New Mexico; Mr. and Mrs. Harry Swafford, Jr., and children, Don, Harriett and Mary Beth of McAllen.

Amayallis and Barbara Herral are in Lubbock attending the first semester summer session at Texas Tech.

Mr. and Mrs. Oscar Pettit, Fudora, Oscar C. and Carl H. attended the church wedding at Stamford of their niece Elsie Clowice Thomas to Bobby Joel Morgan, Saturday at 10:00 a.m.

UPTON 4-H NABS SECOND PLACE IN STATE JUDGING

For the second time in two years the Upton County 4-H Club has taken second place honors in the State Wool and Mohair judging contest. Held in San Angelo last Wednesday, June 6, the contest recorded a record high in attendance.

Along with the second place win, the Upton group also captured the 2nd and 3rd highest individual honors with Bud Poage tabulating 635 points out of a possible 800 while Stanley James had a 628 total. High individual of the event was taken with 660 points.

This year, as in last year's judging, the Upton County team lost by only a matter of 42 points, having compiled 1815 to Crockett County's team total of 1857.

Other members of the second place team were Wayne Kennemer

MRS. EFFIE EARNEST CELEBRATES 79 BIRTHDAY

Mr. and Mrs. Ben Woods and their children entertained with a birthday party for Mrs. Effie Earnest June 7th in Mrs. Earnest's home. Homemade ice cream and birthday cake were served to Mrs. Duke Hill, Mrs. Johnnie Ruth Gary, Mrs. Bill Nix, and the hostesses, Mr. and Mrs. Woods and children.

Mrs. Earnest moved to Rankin from Upland, Texas, in 1911. She was one of the first hotel owners in this town.

Visiting in the home of Mrs. W. H. Burleson are Mr. and Mrs. Earl Van Zandt and family of Austin.

and James McDonald. A junior team composed of boys under 12 years of age included Bucky Scarborough, Louis Thornton and Jimmy James. These boys found the competition too fast and were unable to gather more than a good bit of experience which is expected to aid them once they reach the main judging team.

Mr. and Mrs. Arthur Eades left Monday to be with their daughter in Abilene who will undergo major surgery Tuesday. They plan to return to Rankin Sunday.

Mrs. J. R. Funderburg suffered burns about the face and arms Monday caused from an explosion in her home.

Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

They carry around fewer pounds for power they develop. That means you not only can haul bigger loads—you have more usable power to move them!

Stop by and let us give you the facts on Chevrolet's compact super-efficient truck V8's.

Weigh the facts...
and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's!

Chevrolet's truck V8's have a rugged yet remarkably compact cylinder block. Modern design cuts down engine weight.

More power per pound means more power for your payload!

Less power is used up in moving engine weight, more is available for moving your payloads. You get hour-saving performance!

There's a modern V8 for every Chevrolet Task-Force truck!

There's a V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195!

JUNE IS DAIRY MONTH
 And very day is dairy day. Re-
 gardless of age, the food value of

milk is needed by everyone for the best of health.
 Children need milk to build bones—older people, too, need milk for bones. Research has shown that one of the greatest problems after middle age is maintenance of good strong bones. Minerals in milk, especially calcium, help solve this problem. Putting calcium in bones is like putting money in a bank account. If it is always drawn out

without putting more in, the calcium in "bone account" disappears and bones are liable to break when you reach 65 or 70. In other words, you never out grow your need for milk.

Foods prepared with milk and dairy products add variety, too. Milk appears as whole sweet milk, skim milk or buttermilk as the common forms for beverage. You don't need to drink all of your daily supply, however. Some may be secured in cook products.

Use milk to help balance the budget as well as the diet. No other food gives as much food value per dollar as milk. Food dollars can be stretched even further by using evaporated and nonfat dry milk in cooking. Nonfat dry milk also makes a good beverage when very cold—especially for calorie watchers.

FOR YOUR DUST MOP

Do you need something to use on your dust mop to help it pick up that last bit of powder fine dust that the vacuum attachment nor a dry mop will pick up? A simple formula—but one that is effective is made from three parts of kerosene to one part of white mineral oil. Shake the two together. Dampen the mop and allow it to dry. There will be just enough oiliness left to pick up the dust but not enough to leave a film on your floor nor to harm the wax finish. Be careful not to use too much and dry before using the mop. After washing the mop, retreat.

Why just hope you're getting the best truck buy?

Your best buy is DODGE... and we can prove it!

DODGE LEADS IN VALUE

When you go to buy a new truck, you owe it to yourself to stop... look... and think—to think about *this*, among other things:

How can you possibly know you're getting the best value if you sign up for a new truck without first taking time to stop and look at today's big, husky-muscled DODGE? The answer, obviously, is you *can't* be sure; you're just *hoping* you're getting the best buy!

Wouldn't you be wiser to get at least a few facts about DODGE? For instance, such easily proved facts as these—that Dodge trucks give you:

1. **Greater gas economy.** Dodge's exclusive Chrysler-engineered Power-Dome V-8 engines deliver more miles per gallon, full power on regular gas!
2. **Maximum payloads.** Dodge trucks are built extra rugged—will haul up to 35% more.
3. **Lower upkeep costs.** Dodge short-stroke V-8 engines maintain like-new performance far longer than truck engines of standard design.
4. **Shortest turning.** Dodge sharp turning angle and shorter wheelbase design make parking and wheeling through traffic much easier, save you both time and effort.
5. **Rock-bottom prices.** Today, many Dodge models cost less than any other make!

Dodge gives you more in other ways, too. So, before you buy, why not get the full Dodge story? Unless you do, we honestly believe you'll end up *paying* more and getting *less*.
