

CONSTRUCTION IN PROGRESS--Workmen are busy on the new water storage tank being built in West Friona. The men in this picture are placing steel reinforcements around the bottom of the tank.

IN GENERAL ELECTION--

Large Local Vote Expected

Polls will open at 8 a. m. next Tuesday in the City Hall and voters of Precinct 2 will cast their ballots in a number of national and state-wide races, including president.

Heading the ballot will be presidential and vice presidential candidates of the two major parties. Richard Nixon and Henry Cabot Lodge head the Republican ticket and John Kennedy and Lyndon Johnson are Democratic banner carriers.

Polls will remain open until 7 p. m. and votes will probably be almost counted by the time voting ends since some 12 persons will be on hand all day to help canvass the ballots. Election judges are George Baker and Clyde Goodwine. One election official said some ballots may be disqualified because

they are marked incorrectly. "Many voters will probably vote a split ticket this year and if they do so incorrectly, their ballots may be thrown out," the official continued.

Persons conducting the election can give advice on marking the ballot correctly. A heavy turnout is expected.

BUILDING PERMITS

The following permits were issued by City Secretary Albert Field during the week ending Nov. 1:

- H. K. Kendrick, addition to residence, \$6,000.
- R. L. Bates, new residence, \$16,000.
- Sam Rule, new residence, \$12,000.

in Friona in conjunction with nation-wide interest which has developed over the presidential race between Nixon and Kennedy.

An effort to get out voters

will be made by women's clubs, with Progressive Study Club operating a taxi service to transport voters to and from the polls.

The club has performed this

service during past elections.

Numbers to call for a ride to the polls are: 5092--Winifred Hurst; 8681--Martha Mae Pruett; and 3781--Ruthie Fite.

Council Will Try Reduced Force

City councilmen decided at a special session Monday night to operate the city's Police Department with two patrolmen for a while on a trial basis.

The meeting was called to discuss the police force following a recent change in the local police department that saw officer M. C. Morgan leave the department to become full time deputy sheriff assigned to the Friona area.

Police Chief Ben Moorman had formerly served as a combination city-county officer until a recent act by the attorney general declared such arrangements unconstitutional.

Moorman is now employed only by the City of Friona and Morgan assumes the newly created position of full-time deputy.

Ed Duke and Moorman will make up the police force temporarily during the trial period after which a decision will be made on whether another city officer is needed.

In other commission business, City Secretary Albert Field read a telegram from three Texas congressmen notifying City of Friona that a \$17,702.73 grant for the city's

sewer project will be forthcoming.

The message was signed by Senators Ralph Yarborough and Lyndon Johnson and also Representative Walter Rogers.

The grant comes from the Public Health Service of the Federal Government, of funds set aside for stream pollution control.

The city currently has a sewage disposal plant under construction east of Friona on the Hereford highway. It is being constructed as part of a \$101,434.10 construction program, which will also provide the city with new water storage in west Friona.

The sewage disposal plant will cost \$51,784.10 and construction on the water storage has a contract figure of \$49,650.

Work on the two projects is progressing well. Ditching has begun at the sewage disposal site and most of the framework has been completed on the water tank.

Dickerson Hurt In Gin Blast

Two men were injured Monday afternoon in an explosion and fire at the Plains

Farmer Gin on the Bovina Highway.

Jack Dickerson was treated at Parmer County Community Hospital for burns and lacerations. His father Allan Dickerson was treated and released from the hospital.

The younger man required hospitalization for his injuries, which included second and third degree burns on the arm and lacerations on the face and ear. He was scheduled to be released Wednesday.

Firemen were called to the gin following the blast, which apparently started from a butane leak in a pilot on one of the gin's cotton dryers. The resulting fire was almost extinguished when Friona Volunteer Firemen arrived.

Damage to the gin was not believed extensive.

The fire was the first gin fire called into Friona firemen this year.

Vern's Views

With apologies to some and explanation to all, we would like to spell iconoclast correctly: i-c-o-n-o-c-l-a-s-t.

WEBSTER'S NEW COLLEGIATE DICTIONARY gives this definition of the word: "A breaker of icons, or images; an opponent of religious use of images. One who attacks cherished beliefs as shams."

The word was contained last week in a letter to the editor written by Doctor Anderson. The word was spelled correctly by Doctor Anderson but appeared in the paper spelled iconoclast.

Despite the embarrassment we feel for misspelling the word, it did give us an excellent opportunity to test readership of our editorial page and our paper in general.

We had several telephone calls here in the office, and June Floyd, who writes for the Star, had several calls at her home from people wanting to know the meaning of the misspelled word.

By the way, this writer did know how to spell the word and also knew its meaning, but only because of an English course poured on us at Texas Tech.

Our concept of hard times is changing and I feel it can be summed up in the following way: "Times are surely hard, we can't afford to buy a reducing machine to take off those pounds put on by rich foods."

This department needs to say something about the election. This paper already contains editorials urging everyone to vote and a straw poll showing approximately how the county will vote.

We would only like to add this quotation by Sir Edmund Burke, as quoted in a voters' guide published by the League of Women Voters: "All that is necessary for the triumph of evil is that good men do nothing."

One of the candidates is advocating a general shakeup in our economic system. The other wants to keep things pretty much as they are with minor changes.

Everyone who has kept up with the campaign knows that the former is Senator Kennedy and the latter reference is made to Vice President Nixon.

Being a relative youngster (the elections of 1952 and '56 are the only ones I took interest in), this writer certainly doesn't feel disposed to tell Star readers who is best for this country.

We can remember back not many years ago when we were growing up in an average middle class home. We can look now at today's middle class homes and note quite a few things in them we didn't have about eight or 10 years ago.

We can also remember the

SECTION I

Poll Shows Nixon Ahead In County

PLAY PRACTICE ACTION--A member of the cast of "Beans For Breakfast" faints after hearing startling news during practice sessions. The play will be presented by the Junior Class and tickets are now on sale for the Nov. 11 performance.

A political poll, taken jointly by Parmer County's three newspapers, indicates that Vice-President Richard M. Nixon will carry the county over his Democratic opponent, Senator John F. Kennedy.

That is, provided the scant 75 persons polled by the newspapers represent the choice of the 2700 voters expected to go to the polls in the general election Tuesday.

The poll represented a cross section of farmers, businessmen, housewives and professional men and women. Of the 75 persons picked at random, the Nixon-Lodge ticket was the choice of 40. That's 53.3 per cent, compared to 37.3 per cent, or 28 votes, for the Kennedy-Johnson ticket.

Six voters said they were undecided and one said he would vote for neither, accounting for the other 9.4 per cent.

This is the second time that the county newspapers, the Bovina Blade, Friona Star, and State Line Tribune, have conducted a late-season poll on a presidential election. In 1956, a similar sampling of voter opinion revealed that the Democratic candidates, Adlai Stevenson and Estes Kefauver would carry the county over Republicans Dwight Eisenhower and Nixon.

The 1956 poll was accurate in that it did foresee the eventual winner in the county, but the margin of victory was off. The Stevenson-Kefauver ticket received 69.3 per cent in the poll, while Eisenhower-Nixon had 26.6 per cent of the total.

In the actual election, the Democratic candidates had 56.8 per cent of the vote and the Republicans notched 42.6 per cent.

There were more undecided voters in this year's poll, so should most of them swing to Kennedy the county would have to be rated a toss-up. However, should they go to Nixon the poll indicates that he would carry the county handsly.

Parmer County has an unusual political make-up as shown by past elections, and the poll in 1956 as well as this one.

In the poll, Farwell voters favored Nixon by a heavy count, 17-5, while Friona voted moderately for Nixon, 13-8. Bovina, which has been the Democratic stronghold in the county for several years, favored Kennedy, 15-10.

Except for Friona it was a similar situation in 1956 when Bovina voters went for Stevenson by a wide margin, Friona voters favored the Democrats by a slight margin, and Farwell went overwhelmingly for Eisenhower.

Here's the way county voters have expressed themselves ac-

FOR LAST GAME--

Injuries Stop More Chiefs

The Friona Chiefs will have few healthy hands left Friday night when they attempt to defend the championship against the Dalhart Wolves.

Three more of the already thin crew were eliminated from the final game of the season last week when the Chiefs were taking a 61-0 beating from the Dalhart Wolves.

All three players had been starters and Coach Earl Smith said Wednesday he didn't know

Scouts Slate Drive Meet

A meeting designed to recruit additional scouts and adult leaders will be conducted at 7:30 in the school cafeteria next Thursday night.

Thirty-five boys are registered in the Cub Scout program and the meeting will provide opportunity for additional boys to become scouts. Man power will also be sought to help administer the scouting program.

The program is designed to be informative and inspirational for parents as well as the boys, according to a Cub Scout leader.

Modern Study Club will sponsor the meeting.

MISSES ONE--

Fulgham Grabs Contest Prize

Jack Fulgham won first prize in the Cotton Bowl Football Contest last week, with only one mistake during a week of upsets.

Second and third place winners were Frankie Allen and John Renner respectively. Both also had only one missed game.

Hereford's upset of Phillips tumbled practically every predictor in the contest. Each of the three top entries missed the game.

how he would patch the holes left.

Injured are Jobey Claborn, quarterback; Gary Sneed, end; and John Woodson, guard.

Sneed received a dislocated shoulder and broken finger during the Dalhart game. The injuries weren't revealed until after the game. He may see limited action against Dimmitt.

Claborn and Woodson are definitely out of the season finale.

Floyd Reeve will probably be moved to quarterback. He has been a starting halfback most of the season.

The Bobcats, boasting one of the finest high school players in the state in Junior Coffey, are fresh from a 34-0 victory over Tulla. Tulla whipped Friona by the same score two weeks ago.

The upset victory put the Bobcats squarely as favorites to cop the District 1-AA crown. All other teams have lost at least one game.

Dalhart and Tulla still have a chance to tie, and the race could end in a three-way tie if the Wolves should beat Dimmitt next week.

It will be the bitter finish to a dismal season for the Chiefs.

(Continued on page 8.)

Only 362 More Days Before Halloween...

Turned-over garbage cans, soaped windows and even smattering signs of benevolence marked the passage of Halloween in Friona Monday night.

The garbage cans were strewn in practically every alley in town but officers found some helpers about midnight who were more than happy to help pick up the mess.

The usual string of soaped windows, bearing the signatures of such well-known individuals as "The Shadow" and "Zorro" greeted Frionans Tuesday morning, but most of that damage was repaired by noon.

Some of the fun-makers became a little un-funny at times and required instructions and corrections from members of the Friona Police Department, who stayed up just as late as the spooks did.

Police Chief Ben Moorman

Band Journeys To Homecoming

Friona's High School band will take part in Homecoming activities Saturday at Eastern New Mexico University in Portales.

reported no property damage or injuries although some of the Spooks were taken to the police station to think things over for a while.

Former Resident Claimed

J. A. Blackwell, 63-year-old former Friona resident died Oct. 26 in Corpus Christi following a brief illness.

Mr. Blackwell, who had been a realtor in the Gulf Coast City for the past 15 years, formerly operated Blackwell Hardware and Furniture here. He was past mayor of Friona and had served on the board of trustees for Friona Independent School District.

In Corpus Christi, Mr. Blackwell was past president of the board of realtors and was a member of the Harbor Bridge Authority at the time of his death.

Survivors include on son, J. J. Blackwell of Houston, and a daughter, Mrs. Morris Hamilton, of Corpus Christi, and three grandchildren.

"We had some help from them cleaning the mess up about 3 a. m. too," Moorman said.

Some rough fun was attempted by a few, but it was broken up by officers before injuries or property damage could occur.

Fire hoses were taken from the fire station and stretched across Main Street.

But the night was not without its humor, even the officers who had to stay up most of the night had their laughs. Frightened little trick or treaters caught soaping brought at least a chuckle from the policemen.

Some big-hearted spooks even were willing to share some of their loot with unfortunates who were unable to go "trick or treating" because of dull old meetings, etc.

Albert Field, City Manager, who was in a city council meeting until about 11 o'clock, was one of the lucky winners in the spook giveaway.

Field and Mayor Raymond Fleming drove for a cup of coffee following the meeting. When they returned to the city-owned car driven by Field, they found it had been tampered with and wouldn't start.

had spent most of the night there.

The City Manager was such an ungrateful receiver he will probably receive no more such gifts. Tuesday morning and part of the afternoon, his car was being scrubbed and the chickens were stashed at the city dog pound.

Building Burns Friday

Volunteer firemen extinguished a large blaze in a small building Friday one block off Main Street near Carl McCaslin Lumber Co.

Flames destroyed a small building near the home of Mr. and Mrs. Joe Gutierrez about 3:15 p. m. Mrs. Gutierrez said the blaze was apparently ignited by children playing around or in the building.

The structure was empty except for some clothing, which was destroyed. Damage was not significant. Mrs. Gutierrez said.

Letters to the Editor

"Vern's Views"
The Friona Star
Friona, Texas

Sir:

People who state that there is no difference between the 1960 Republican and Democratic platforms have not carefully read these platforms. There is a difference and a big one. In essence this is between the capitalistic free-enterprise system that has served us nearly 200 years, and socialism in which the Federal Government owns or controls all phases of economic activity.

In the name of Heaven, are we so immature, so childish that we must rely on the Federal Government to solve all our problems? Are we so helpless and dependent that we must say "give me" to Uncle Sam every time the rowing gets rough? NO! A thousand times NO! I say we are self-sufficient and adult enough to meet our own problems on a local or State basis. I say that whatever the Federal Government can do the local government can do better!

(There is the notable exception of national defense and foreign relations.) If we have in Friona old folks in need of medical care, if we have difficulty in financing our schools etc., we can better handle these problems right here at home than to send them to Washington. Mr. Kennedy says we can't do so, Mr. Kennedy would have us believe that we cannot continue to survive without massive Federal aid programs. Mr. Kennedy must think we are pretty stupid and lazy.

Friends, the chips are down. Even if one ignores the obvious superiority of the Nixon-Lodge ticket in the field of foreign affairs, one must accept that the dignity and individuality of American people can only be preserved through election of two great Americans, DICK NIXON and CABOT LODGE.

Sincerely,
George A. Anderson MD
Friona, Texas

LETTER TO THE EDITOR

Dear Editor:
Just in case a misspelled word in your paper of last week might have been the responsibility of someone on your staff, I'll make my comments on Letters to the Editor accordingly.

I am sorry if I have destroyed any ideals of your readers but am made to wonder why a person scientifically trained can't

bear to have his propaganda examined under the searchlight of truth.

After having majored in government, studying all levels from the precinct, county, district, state, national and international bodies, and all forms from the absolute monarchy, democracy, and the communistic state, and having taught perhaps as many college courses in government as my friend was required to take in pre-med school, I am made to feel much as he must when he hears some Old Wives tale about how to treat Pneumonia.

Our economy is much like a person. There is no such thing as a strong, healthy economy if any segment is being depressed by the other segments. Or it might be thought of as a sea-going freighter which, when fully loaded and each piece of cargo is so placed and firmly secured, will settle in the water to the designated load line so as to safely ride out the storms.

Unbalance a ship or our economy and there is trouble ahead. If one end of the ship sinks, would not the whole ship go down?

During the past seven and one half years we have seen income for farmers and small businesses decline while big business has pocketed greater and greater profits. Are we willing to give the same group of planners a mandate to put their hands into our pockets for the last few pennies and hand them to those at the top of the economic heap?

Does the advice "free markets and no protection" sound good to persons who see further declines under such a program, especially if it comes from one enjoying as much protection as those of the medical profession?

Now as Karl Marx—he does not head the list of my preferred reading.

Yours for more intelligent government.

W. L. Edelman

Editor
Friona Star
Friona, Texas

Sir:

At the base of the Statue of Liberty there is a plaque which reads, "...Give me your tired, your poor, Your huddled masses yearning to breathe free, The wretched refuse of your teeming shore, Send these, the homeless, tempest-tost to me,..."

I mention this statement because I believe it has with-in it an element of compassion that is fast slipping away from the memory and character of the average American. People believed in this statement and they came. In many cases they found compassion. In too many cases the color of their skin and their lateness on the scene got them no farther than an industrial job in the ghettos of Pittsburg, New York, or, Chicago.

This is the weakness of a pure system of free enterprise....It enables only those who are in good health, fair skinned, and members of the right religion in their respective communities to achieve any degree of success. I do not attack this system, I believe it to be our unique contribution to the world. And I think that in varying degrees it finds expression in both parties. But I do believe that without some kind of a safety-valve this system does not produce, "the greatest happiness for the greatest number of people," which should be the standard of every good government. I believe that the element which has served as our safety-valve and safeguarded our way of life is a compassion and concern for injustice. It is the greatest of human values contained in a government. Without a regard for human rights a government cases to fulfil its obligation to its people.

Many of those who have written letters to your paper pay tribute to the Communists by branding a nation's regard for human rights by the same name. I believe that they do not deserve this compliment. Medical care for the aged, civil rights reforms, and jobs for the unemployed are only a few of the issues that our country must meet, because they they are created by the "backwash" of the free enterprise system. To pass them off as being only the concerns of a "welfare state" is to denote a callous, shallow disregard for human dignity. These needs will have to be met by whoever becomes president on election day. Upon their successful solution rests the future of our reputation as a government with compassion. The question is, Will we at least attempt to solve them, or will we toss them a bone for another four years to keep them silent?

Sincerely,
Rev. H. B. Phillips Jr.

Election Reminder

The Friona Star will not attempt to tell its readers how to vote, but will hereby charge each and every reader who is qualified to cast his ballot next Tuesday in the all-important election of 1960.

Trusting in the integrity, patriotism and loyalty of the American people, we feel that our citizens will never allow despots to take over our government as long as those citizens are going to the polls regularly after careful study of the issues.

The voting privilege is taken so lightly by some that the possibility of a government contrary to our beliefs developing is far from remote. We can never tell when the election we participate in will be one that will change the course of history. We have had men who ran for public office and made good races that were obviously socialistically inclined and perhaps even had communistic inclinations.

As long as the majority of Americans believe in principles of government established by the founders of our constitution, and carry out their beliefs in their voting practices, there will be no dangerous drift to the left. There will be no Communist infiltration into government.

Persons we never met and some we knew

very well have given their lives to help preserve the voting privilege. They have died for naught if we who are given the chance to use it today, refuse to do so.

Every election is a crucial one. We never know when an unwise voting decision may mean that we have aided one who has philosophies and ideas completely contrary to ours and those of our countrymen.

One vote, your vote, is very important. It may be the one that decides which way the precinct will go. That precinct might change the county picture. The county might have a strong effect on who gets Texas' 24 electoral votes, which might decide who is the next president.

There is no excuse for a healthy person not casting his vote, if he is too lazy to try to find out who and what to vote for, he doesn't deserve the privileges preserved for the common man in a democracy.

Do your duty next Tuesday and vote for the party and candidate of your choice. Take pride in this duty and be sure when you have finished that you will feel your decision has been the correct one.

J. V. S.

Both Groups Benefit

The Texas AFL-CIO opposes the bracero program now being used to supply labor for agriculture in this and other areas. There are some good defenses for this program which the labor group should view before it throws all its weight behind a move to eliminate the use of bracero labor.

The program is one of the few aids to agriculture that really makes sense. It helps two parties without hurting any group noticeably. The farmer definitely benefits from use of 50 cent per hour labor. The unique part of the setup is that the individuals from Mexico who do the cheap labor also benefit.

Fifty cents per hour is too low a salary for anyone with a family to support in this country or who will try to make a living for himself here permanently. One cannot support himself or a family decently for such low wages.

But the bracero comes to the United States for a few months, lives in conditions that seem very unfortunate, then returns to his homeland with more money than he could ever accumulate working at regular jobs across the border.

With the nest egg he accumulates here, he can go back to Mexico with a grubstake that could help gain some financial security. Farmers who make use of the bracero

program surely are better off using labor that costs about one-half the usual rate. Braceros can do the hand labor as well or better than persons who once did it for the higher pay.

The AFL-CIO doubtlessly believes that still another party, the citizen laborer, is being shortchanged by the labor importation program. It is conceivable that persons who had been engaged in farm labor could have been cost their job by the bracero program.

Logical as this may seem, it is not the case. Citizen farm laborers can still find a job in areas where braceros are used. National labor is used primarily in this area in seasons when jobs are practically unlimited. All the braceros, citizens or Chinese coolies that can get here can find work.

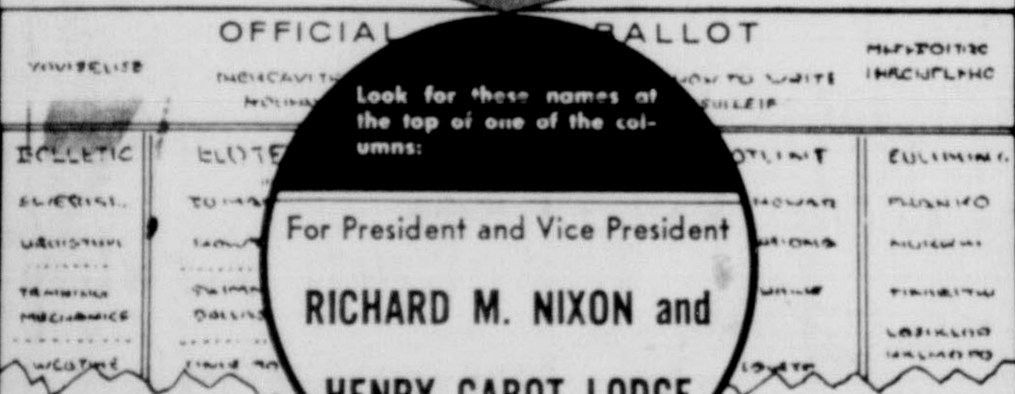

At other less-rushed times of the year, citizen farm hands still form the core of the work force. They can operate machinery and understand the farming procedures here better than a bracero who is only here for a few months at the most.

The bracero program certainly isn't perfect, but it is very helpful to the employer and employee. What more does any labor program need to provide?

Vote as a Free American!

Vote the Ticket that is BEST FOR TEXAS
HERE'S HOW TO DO IT

Look for these names at the top of one of the columns:
For President and Vice President
RICHARD M. NIXON and HENRY CABOT LODGE

1. Find the names of RICHARD M. NIXON and HENRY CABOT LODGE at the top of your ballot.
2. Leave the names NIXON and LODGE unmarked on the ballot; scratch all other names for President and Vice President.
3. To complete your ballot, leave the name of the candidate for whom you wish to vote for each office and scratch the rest.

WARNING!

You may be told that you cannot vote for Nixon and Lodge if (1) you voted in the Democratic Primary or (2) your poll tax receipt or exemption certificate is stamped "Democrat." THIS IS NOT TRUE. You CAN vote for any candidate you wish, no matter how you have voted, or not voted, in any previous primary or election. THIS IS YOUR RIGHT AS A FREE AMERICAN.

Something To Think About
6th. Street Church of Christ
Box 515 -- Friona, Texas

There is a legend about the oyster and the eagle! It seems that when God made the oyster, he guaranteed him economic and social security. He built the oyster a house (a shell) to protect him from his enemies. When hungry, he simply opens his mouth and food rushes in.

But when God made the eagle, He said, "The blue sky is the limit, go and build your own house." The eagle built his house on the highest mountain crag, where the storms threatened him each day. For food he flew through miles of rain, snow and wind. THE EAGLE, NOT THE OYSTER, IS THE EMBLEM OF OUR GREAT COUNTRY.

In the realm of Christianity we need more eagles and fewer oysters. Too many people are content to enjoy the blessings of God and take every thing his loving hand supplies just so long as it doesn't require any special effort on their part. They bask in the blessed sunlight of his love, and drink in the countless offerings of his tender compassion, and are perfectly content so long as they can be like the oyster. The great need of our day, dear friend, is for men with the courage of the eagle. Christians who are able to stem the tide of modernism and complacency. Christians who will take their stand on His Holy Word and reject the many conflicting theories of men. It takes the fortitude and courage of the eagle to reach the heights of true Christianity. Which are you, oyster or eagle?

ANNUAL HALLOWEEN PARTY HELD
Spooks and goblins gathered at the Schlenker's vacant tenant house Saturday night for the annual Halloween party sponsored by the Rhea HD Club. After the spooks and goblins had all arrived, the group attempted to guess who each person was. A prize was given to the best dressed.

Mrs. Jack Burnett led the group in various games. Popcorn balls, apples and Halloween candy were served to the group.

On the decoration committee were Helen Potts, Ona Patterson, Sue Smith and Sara Dean.

ATTEND WOMAN'S MISSIONARY RALLY
Those attending the Zone Woman's Missionary Rally held at Tulsa were Mrs. Raymond Schueler, Mrs. Ray Martensen, Mrs. Walter Schueler, Mrs. Carl Schlenker and Mrs. Chris Drager.

The sessions were from 9 a.m. until 3 p.m., with a morning service, business session in the afternoon, and a guest speaker, Mrs. Walter Kaltwasser of Oklahoma Lane was the guest speaker of the Rally.

The Rhea Ladies Aid received a book for their attendance award.

Mrs. Walter Schueler spent several days in Farmer County Community Hospital with the flu.

Mrs. John Guyer of Farwell was a recent guest in the home of Mrs. Malinda Schlenker.

Complete Peace Of Mind And Freedom From Worry Are Gifts Reserved For Youth. Each Of Us Can Approach These Gifts By Regular, Active Church Participation.

If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. (11 Corinthians 5:17.)

Fred was a student in high school. One day, unnoticed, he cheated in his chemistry test. A few days later he attended a religious meeting where he made a decision for Christ.

As he thought of his old life, he decided to correct what could be corrected in it. He soon remembered his cheating. He went to meet his teacher and said, "I deserve a zero in my chemistry test because I cheated."

The teacher was astonished, but Fred explained that he had given his life to Christ. "I will give you a zero," the teacher answered, "but it will be a noble zero."

Fred's decision was a blessing to his teacher as well as to his fellow students, for many of them came to know Christ as their personal Saviour.

Mrs. Cocanougher Is Circle Hostess

The Maggie Hamlin Circle of the Woman's Society of Christian Service met Wednesday, October 26 at 9 a.m. in the home of Mrs. H. R. Cocanougher.

Mrs. J. H. Boyle, chairman, presided over the meeting. The opening prayer was given by Mrs. Jake Lamb. A continuation of the study "Basic Christian Beliefs" was presented by Mrs. Wallace Kirby.

The significance of the Cross was the devotional theme given by Mrs. Ralph Shelton.

Others attending were Mesdames Dick Rockey, E. H. Bradshaw, Ester Haws, I. T. Graves, Meryle Maasie, Will Osborn, H. C. Kendrick, Frank Spring, A. W. Anthony Sr., Jean K. Anthony and Kenyth Cass.

MR. AND MRS. J. W. BAXTER plan to host an open house in their home at 1003 Main Street, Sunday, November 13, from 3 to 5 p.m. The couple, who will be observing their 60th wedding anniversary, cordially invite friends and acquaintances to attend but request that no gifts be brought.

Hub H. D. Club Hosts Halloween Party

The Hub Home Demonstration Club sponsored a Halloween party for members and their families Saturday night, October 29, at the Community Center.

Games for the children were directed by Mrs. A. L. Black and Mrs. Weldon Stringer. The prizes for the best costumes were awarded to Jay and Pamela Turner. The adult group played games of "42".

Cookies, candy and cold drinks were served to Mr. and Mrs. A. L. Black, Mr. and Mrs. Clarence Monroe, Mr. and Mrs. Derl McGuire, Flake Thurman, Mrs. W. E. Stringer, Mrs. John Hand, Mrs. T. L. Burleson and Mrs. Christine Shirley.

Also Rex and Gary Hand, Glen Schumann, David Jones, Jackie Jones, Edith Kay Schumann, Cecilia Jones, Bonnie Jones, Barbara Fallwell, Mary Huddleston, Dale Neel, Danny Black, Judy Shirley, Jay and Pam Turner, Dennis Fallwell, Kent and Trent Thurman and Olan Monroe.

HD Club Meets In Campbell Home

The Friona Home Demonstration club met Tuesday, October 25, in the home of Mrs. Lee Campbell. Roll call was answered by the members with a gift or decoration idea.

After a brief business session, Christmas plans were discussed, and dry flower arrangements were presented. Mrs. Wesley Hardesty conducted the study entitled "Current Proposed Legislation."

Coffee, fruit juice and doughnuts were served to Mrs. Earl Drake, Mrs. Albert Field, Mrs. J. D. Sanders, Mrs. Durwood Taylor, Mrs. J. B. Williams, Mrs. Wesley Hardesty, Mrs. Paul Williams and Mrs. Kenneth McLellan.

The next meeting will be November 8 at the home of Mrs. Wesley Hardesty. Stuffed toys will be made for the Crippled Children's Home in Phoenix, Ariz. The study will be a phase of interior decorating.

Frionans Members Of LCC Meistersingers

Bill Loafman, Geneva Floyd and Janet Snead have been selected to sing this year with the Lubbock Christian College Meistersingers Chorus, directed by Wayne Hinds.

The chorus is planning several concerts on the campus and in the surrounding area this year. The Meistersingers, organized this fall, is one of the major choral organizations of the college. The group includes 53 members.

Of Interest To THE WOMEN

SECTION II

THURSDAY, NOVEMBER 3, 1960

Mr. and Mrs. Johnny W. Hand announce the engagement and approaching marriage of their daughter, Jonnie, to Kirby Williams, son of Mr. and Mrs. Owen E. Williams of Anton. Wedding vows will be read December 27 at 3:30 p.m. in the Friona Methodist Church. No formal invitations are being mailed locally. All friends of the couple are invited to attend.

Scout Troop 56 Returns With Two Blue Ribbons

Troop 56 returned to Friona Saturday evening from Camp-O-See with two blue ribbons that were won in the competitive events that the Scout troops of the area took part in Saturday.

The troop left Friday at 4 p.m. with Hayden Cason, scout master, and Robert Collier, assistant scout master, and arrived at Camp Don Herrington to set up their tents and spend the night.

Boys making the trip were Billy Edelman, Terry Fite, Wayne Cason, Mike Wilson, Greg Jarrell, Darrell Collier, Tim Rhodes, Jim Bob Jones, Richard White, Jerry Don Carlton, Kim Buske, Johnny Claborn and Ronny Altmon. Scouts unable to make the trip were Larry Hollis, Ronny Brookfield and Jerry Parker.

Art Class Offered By Hereford Guild

An Art class sponsored by the Hereford Art Guild will be conducted February 6th through the 11th, 1961 at the Community Center in Hereford.

The class will be taught by Frederic Taubes, one of the world's leading authorities on paint techniques.

Two classes will be offered: a morning class of six lessons, 18 hours of instruction; evening class of six lessons, 12 hours of instruction. The cost of each course is \$30.00 or \$60.00 for both courses.

The deadline for enrollment is November 15, 1960.

Blackburns Host Scavenger Hunt

About 25 boys and girls met at the home of Mr. and Mrs. Keith Blackburn Friday, October 28 from 4:30 to 6:30 p.m. for a scavenger hunt.

After the hunt the group gathered in the carport, that was decorated in the Halloween motif, for hot dogs, cookies and cold drinks.

Those present were Monte Sue Welch, Phyllis Holcomb, Frieda Floyd, Janet Rushing,

Janet Stevick, Janet Bishop, Lyndia Chandler, Willie Grace Grubbs, Lorene Jackson, Darlene Wilson, Lanora Jackson, Jill Blackburn and Judy Phipps. Also Larry Johnson, Tim Her-ring, Ricky Coon, Travis Graves, Eugene Weatherly, Teddy Renner, Johnnie Baxter, Jay Beene, Jesse Shirley, Scott Cummings, Bing Bingham, Paul Hargus and Mrs. H. D. Mayfield.

Mrs. B. C. Day Hosts Mary Dorcas Class

The Mary Dorcas Sunday School Class met in the home of Mrs. B. C. Day Friday, October 28 for their regular meeting.

Mrs. Florence Buske read the first chapter of Psalms for the opening prayer. During the business session Mrs. H. H. Lloyd was elected reporter. The class voted to change the class meeting date to the first Saturday of each month. Also secret pals were revealed.

Mrs. Otis Massey will be hostess to the class on November 9.

Mrs. Day served sandwiches, pie, cake, ice cream and cold drinks to Mrs. Florence Buske, Mrs. Otis Massey, Mrs. Rosa Anderson, Mrs. W. M. White, Mrs. Sarah Vernon, Mrs. H. H. Lloyd, Mrs. George Baker and Mrs. J. H. Wise, and three guests Mrs. Leona Wolfe, Mrs. John S. Thompson and Mrs. Dan Ethridge.

You don't have to be liable to be sued!

The purpose of a law suit is to determine whether you are liable.

Should you carry insurance, you don't have to hire a lawyer to plead your case. You don't have to spend a lot of time collecting evidence and hunting witnesses.

Our adjuster finds out what happened and not only collects evidence but gathers the facts and prepares them for later use.

When your case requires legal handling, the adjuster pays for the lawyer, court costs, and legal fees. He does all this even though you are not to blame and there is no merit to the suit against you.

If you lose your case, our adjuster takes care of all expenses (up to the amount of your policy limits) including settlements or judgments, medical bills, death benefits, and repair of property.

AND

Don't forget it sometimes takes several years to settle a claim.

When you ask these questions:

- My tractor turns over and injures one of my farm hands. Will this insurance pay the bill?
- I go hunting and accidentally injure someone. Will this insurance pay the other fellow's hospital or medical bills?
- My bull breaks through the fence and causes an automobile accident on the road. Will this insurance protect me in case of a law suit?
- An uncle, who is visiting my ranch, injures himself while helping to survey the property. Will this policy cover his medical expenses?
- My wife visits a friend and by accident breaks a fine china plate. Will this insurance cover the replacement?
- When a saw breaks and cuts through an employee's hand, will the policy pay the medical bills?
- My cattle get into the neighbor's fields and destroy a portion of his crops. Will I be protected against damage charges?
- If a scaffold breaks and a life is lost, will this policy pay death benefits?

Mecca Circle Met With Mrs. Newt Gore

Mrs. Newt Gore was hostess to the Mecca Circle that met Wednesday, October 26 at 9 a.m. Mrs. Guy Latta, program chairman, conducted the business session. The Prayer Calendar was read by Mrs. Roy Slagle, and the opening prayer was given by Mrs. A. A. Crow. Mrs. Bob Rule presented the study on "Alcohol and Christian Responsibility." A group discussion period followed. Mrs. Billy Sides made a report from the November, 1960 Readers

Digest on "My Trials as a Non-drinking Alcoholic." She also gave an interesting fact that 233 leading magazines do not sponsor liquor advertisements. Mrs. Drake said the closing prayer.

Attending were Mesdames Ernest Anthony, Mack Bainum, Joe Collier, A. A. Crow, Arthur Drake, Howard Ford, Newt Gore, Dorothy Hough, Guy Latta, Wes Long, Bob Rule, Roy Slagle, Billy Sides and Ed White.

Mrs. Rhodes Classroom Scene Of Halloween Party

The children in Mrs. June Rhodes' third grade had a lovely Halloween party in their classroom Friday afternoon.

A committee of mothers planned the games and refreshments. The games included a balloon bursting contest, and a very unusual Halloween story told by Mrs. Ralph Price. Prizes were given to the children for masks they had made from paper sacks. Many unusual and artistic ideas were used. Mrs. Rhodes placed a box of scraps of paper on the table and the children used what they wanted to make the masks. Highlight of the party was the surprise box which Mrs. Bill Carthel brought for the children. This was a pretty Halloween box holding six baby kittens, each tied with a big orange ribbon bow.

Mothers serving on the committee were Mrs. Ralph Price, chairman, Mrs. Bill Carthel, Mrs. Maynard Agee, Mrs. Hilaria Villa and Mrs. Vicki Salts. Guests were Mrs. Flake Barber, Tracy, Bud, and Tommy, Mrs. Bill Schwab and Crystal Agee. Mrs. Shirley Smith who is general chairman for the year was also present.

LOCAL TALENT DISPLAYED AT CLUB MEETING - A former Friona resident, Mrs. Steve Bavousett of Dawn, directed a study of art with a display of pictures painted by local artists. Several types of paintings were shown in the display.

Mrs. Bavousett Presents Fine Art Program To Club

Mrs. Steve Bavousett was the guest speaker at the Friona Women's Club Wednesday afternoon, October 26. She gave a discussion on "How You Can Enjoy Art," and presented a display of paintings done by local talent. Those having pictures in the exhibition were Mrs. Andy Hurst, Mrs. Newman Jarrell Jr., Mrs. Frank Spring, Mrs. Bob Rule, Mrs. Wes Long, Mrs. Glenn Reeve, Mrs. M. C. Osborn, Mrs. J. H. Wise and Mrs. Bavousett.

Mrs. Charles Russell gave the devotional on "The Art of Life." An outstanding quote was "Life is a Science of Fellowship with God and Fellow Man." A narration on "Five Techniques of Painting" was given by Mrs. Wesley Hardesty as slides were being shown.

The hostesses, Mrs. C. W. Dixon and Mrs. L. R. Dilger, served refreshments to Mesdames Steve Bavousett, Charles Russell, Wesley Hardesty, Roy Slagle, A. H. Boatman, Ed Boggess, Floyd Schlenker, S. L. McLellan, Joe Moyer, U. S. Akens, R. W. Ginsburg, Mabelle Hartwell, V. R. Jordan, Pearl Kinsley, O. F. Lange, L. F. Lillard, Carl

Maurer, Mary Officer, F. W. Reeve, Fred White and M. J. Stacy.

Mrs. Wesley Hardesty and Mrs. J. D. Sanders made a business and shopping trip to Amarillo Monday.

"Told you I'd have it purrin' like a kitten."

CONTEST RULES

Contestants must fill in blank in contest entry opposite sponsor's name with the team he thinks will win the games in that particular sponsor's ad.

Contestants must guess the score of the tie-breaker and then place the entry blank in the box provided at the BiWize Drug Store in Friona, or mail to The Star, before 6 p. m. each Friday afternoon. Any entries after that time will be discarded. Each week results will be tabulated, and at the end of the season the top winner overall (tie-breakers do not count) will be awarded two tickets plus \$55 for expenses to attend the New Year's Day Game at the Cotton Bowl in Dallas.

All residents of this area are eligible except the employees of The Friona Star and their families.

Lazbuddie Class Sponsors Carnival

The junior class of Lazbuddie Community Center November 5 at 8 p. m. will sponsor a Harvest Carnival to be held at the Oklahoma Lane There will be interesting con-

cession stands and booths for everyone to enjoy. The class would appreciate any merchants donating prizes to be used. Please contact the Lazbuddie junior class, Phone YQ-53132.

Modern Study Club Has Regular Meeting

The Modern Study Club met Tuesday evening, Nov. 1, for their regular meeting at the Club House.

During the business session the finance committee decided the club would have a Thanksgiving bake sale on November 19.

Mrs. J. T. Gee gave the high lights of the term she served as president for the club in the years of 1950 to 1952.

The program theme was the "Four T's of Communication." Television, presented by Mrs. Wright Williams; Telephone, Mrs. Paul Spring; Telephoto, Mrs. Weldon Dickson and Travel by Mrs. George Taylor. Mrs. Taylor showed the film "This Shrinking World."

Mrs. Dalton Caffey closed the meeting with a prayer. Hostesses Mrs. Frank Spring and Mrs. Fay Reeve served refreshments to 24 members and one guest, Mrs. Ray Wilson of Merkel.

Seventh Grades Honored With Party

Students of the seventh grades were honored with a Halloween party at the Eric Rushing home Monday evening, October 31.

After a game session the group was taken into town for a "trick or treat" excursion. At their return to the Rushing home they were served popcorn, candy and punch.

Vern's Views

election of 1952. When some grownups said an Eisenhower victory would mean more bread lines and depression.

We heard basically the same things in 1956, and the same tune set to new music is floating around in this last week before election.

But after beginning a meager study of history, I learned that the Republican Party cannot be logically tabbed as a "depression party" because of what hit this country in the 1930's any more than the Democrats can be called the "War Party" because of what happened in 1917, 1941 and 1950.

The would be lazy voter--one who would blindly vote for the party he and his ancestors have voted for forever--should look around. He is being left back in the dark ages.

He is as one who would go to the Ford agency hoping to buy a Model T.

The Democratic and Republican Parties are not what they were 20 years ago; they couldn't be and still meet the challenge of our changing times. A voter who clings blindly to the name he once clung to may find his vote going against a party that now represents his views precisely.

There is much more contained in this election than milo prices and religion. We as Americans have to choose between two men for a leader of our country.

We have seen the candidates on television. We have heard most of their views presented openly. We have seen how they handle themselves under pressure.

We will hear some closing arguments between now and next Tuesday, but when the evidence is all in, and we are ready to judge, each citizen must reach a verdict he believes most just for this nation.

Four Confess To Burglaries In Three Counties

One 22-year old Friona man and three juveniles have confessed to a wave of burglaries over a three county area, reports Parmer County Sheriff Chas. Lovelace, who solved the case and apprehended the individuals last Friday.

The three juveniles, two from Friona and one from Sudan, were picked up by authorities in Spearman on information forwarded to the northern Panhandle town by Lovelace. Joe Edd Brown, the fourth person involved, was arrested in Friona by Lovelace after the sheriff returned from picking up the youths at Spearman. All four were taken to Parmer County jail at Farwell where they signed confessions to burglarizing the Clay's Corner Grocery Store in central Parmer County and six other businesses in Bailey and Parmer County.

The burglaries in Parmer's two adjoining counties were committed at Muleshoe, Sudan and Amherst. All of them occurred last Monday night, Oct. 24.

Brown appeared before

justice of peace J. R. Thornton at Farwell Monday morning. He was charged with burglary, his bond was set at \$1,000, and the case has been bound over to the grand jury.

The two Friona youths were tried in juvenile court Monday by County Judge Loyde Brewer. Since the two boys were convicted on a similar charge earlier in the year, they were sentenced to confinement at the State Training School For Boys at Gatesville. The Sudan youth was turned over to authorities in Lamb County to be tried there.

At the Clay's Corner store, the four individuals made off with \$450 in cash and merchandise, and with the money they acquired during the night they bought a car, Lovelace says.

The night before the break-ins, to which the boys confessed, occurred, there were several other burglaries throughout the county. It is not yet known whether any of these can be linked with the others, Lovelace says.

English Class Planned

An English class aimed at Mexican Braceros in this community will begin Sunday evening in the Methodist Church.

Wesley Foster will be in charge of instruction. He will use course books provided by Dr. Laubach's "Each one Teach One" plan.

The course will last six weeks and will be in session each Sunday evening at the same time so interference with the Bracero's work schedule will not occur.

Last year the course was taught and surprising success was reported by participants. Although Foster doesn't speak Spanish fluently, he taught the course last year and some of the students were reading English before the course ended.

Farmers in outlying areas

are invited to bring their Braceros to take part in the course; according to a spokesman for the church. The course

will not be connected with religious teaching but will merely make use of the church building.

A Spanish-speaking instructor is being sought to aid Foster in teaching the course.

Calvary Baptist
WMU Met
Tuesday

The WMU of the Calvary Baptist Church met Tuesday, Nov. 1, for Bible study. Mrs. Elmer Euler, chairman, was in charge of the program. Mrs. W. S. Crow closed the meeting by reading the Calendar of Prayer for missionaries having birthdays and she gave the closing prayer.

Those attending were Messdames Clarence Monroe, Ira Holt, Jim Carlson, L. G. Blake, M. J. Stacy, W. S. Crow, Doug Connelly, Elroy Wilson, A. T. Stowers and Mrs. Elmer Euler.

GRAIN TRUCKS LINE UP--As the combines began to roll, trucks have been so thick around Friona that they not only line up to get to the elevators, but also stack up trying to get away. These were lined up waiting for a train to pass so they could cross the tracks.

WIN 61-0--

Wolves Clobber Hapless Chiefs

Dalhart's Wolves hung a humiliating 61-0 loss on the crippled Friona Chiefs Friday night in the next-to-last contest for the Chiefs this season.

There was never any doubt about the game's outcome as the Wolves drove for a touchdown the first time they had the ball and rolled up a 14-0 lead by the end of the first quarter.

Ripping through bunches of Friona defenders, Dalhart ball carriers hurtled to two more touchdowns and two extra points in the second period to claim a 28-0 lead to take to the dressing room at intermission.

Throughout the second half, the boom-boom Wolves scored practically at will.

Gary Selby was credited with the first tally, going four yards for the score. James Ledbetter went 33 yards the next time, after a Friona fumble was recovered at that point. John Keplinger carried for the extra points.

Dalhartbacks became a stream of fluid motion that flowed through the Chiefs with monotonous regularity.

Selby ran 70 yards for another six-pointer, with John Cunningham collecting the extra points. Billy Baggett, then Ledbetter, Baggett again, Ledbetter again, going over for scores made Frionans look wishfully at the clock.

Second-string quarterback Jay Rounsaville got in on the final two scoring plays of the game. J. B. Chessman also got his name in the scoring column taking a Rounsaville pass for the final two points of the game.

Friona punted only four times, gambling on fourth down situation several times for surprising success. The Chiefs managed 10 first downs and drove to the Dalhart one-yard line once but were unable to score.

Joby Claborn ran well from his quarterback post during the first half and was shifted to

halfback after intermission. Gary Sneed, who intercepted a pass to stave off one touchdown, moved in at quarterback where he did a yeoman's job at that position.

The Chiefs worked a single wing pass pattern with Sneed pitching to Floyd Reeve, who passed to Claborn on two occasions for first downs.

But the overall passing attack of the Chiefs fell far short, as they connected on only three of 14 attempts and lost the ball twice on interceptions.

Penalties plagued both teams with Dalhart being handicapped most in this department. The Wolves were penalized 10 times for a total of 80 yards. Penalties cost Friona 50 yards on seven rule infractions.

The Chiefs' wind up the season Friday night here against Dimmitt which handed Tulla a 34-0 setback last week. Tulla whipped Friona by the same score (34-0) two weeks ago.

PURINA DEMONSTRATION--

Cummings Farm Store Will Sponsor Feeding

ANIMALS USED IN FEED DEMONSTRATION--These fine Whiteface heifers will be used for the Purina Feeding Demonstration being sponsored by Cummings Farm Store in Friona.

Cummings Farm Store began a Purina Feeding Demonstration October 28 in Pete Buske's cattle pens located on the east side of Friona.

The Whiteface heifers being used in the demonstration will have access to a self feeder where their rations of Purina Steer Fatina, cotton hulls and

milko will be. Close records of weights and measures will be kept, and the calves will be weighed once each month to help determine amount of gain.

Starting weight of the calves was 474 pounds per animal. The ration is being processed and mixed at the Checker Mix

Plant at Cummings' plant in Friona. It is delivered to the lots in bulk form by a mixer truck from the Farm Store.

Anyone who is interested in feeding program can visit the lots and view the cattle. The regular monthly weighings will be conducted by impartial individuals not connected with Cummings' Farm Store.

Brewer Plans Meetings On Civil Defense

Parmer County Judge Loyde A. Brewer was in Austin last Tuesday and Wednesday, Oct. 25 and 26, attending a state conference for civil defense directors throughout the state. State and national civil defense officials were featured speakers of the program and the meeting also included group discussions on various aspects

of civil defense. According to Brewer, Parmer County is one of only a few counties in this area without a civil defense organization. The judge plans to call several meetings throughout the county in the near future to see if there is enough interest in forming a civil defense group here, and to discuss the needs

and possibilities of forming such an organization. Brewer points out that probably the biggest need for Parmer County would be a program to cope with local disasters such as tornadoes. He also points out that a plan should be worked out to handle rural fires, especially in isolated areas.

"We Stand Today On The Edge Of A New Frontier" KEEP THE VOICE OF TEXAS STRONG Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years. Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time. Count the jobs... educational opportunities... military installations... defense projects... water and soil projects... rural electricity and telephone systems. Count our ultimate potentials for development. Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation. Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate. Texas' future -- and America's -- lies in your response November 8. Vote Democratic -- Vote The Texan's Ticket JOHN F. BLACK HOME DEMONSTRATION CLUB

The Black Home Demonstration Club will meet Thursday, Nov. 3 at the Black club house. Every member is urged to attend.

DRESDEN PAINTING PARTY

A Dresden painting party was held at the Black Community house on Tuesday October 25. Mrs. Louis Jurack of Plainview brought a lot of beautiful things to paint from her shop in Plainview.

Among some of the women who attended were Mesdames A. H. Boatman, Lloyd Rector, Bub Hand, M. B. Buchanan, Bert Day, Leona Wolfe, H. H. El-

more, Delton Lewellen, W. E. Ellis, Lester Dean, John Thompson, Ralph Price, Dick Rocky, Ellis Taum, T. J. Presley, Travis Stone, Byrl Fish and Jerry Houlette and Debbie of Borger.

Mr. and Mrs. R. E. Barnett are visiting in Lubbock in their daughter's home, Mr. and Mrs. George Brock, this week.

Betty Barnett was home over the weekend from school.

Mr. and Mrs. Wesley Barnett and Chris of Lubbock and Mr. and Mrs. Bud Barnett and family of Hereford visited in the Fern Barnett home Sunday.

Mr. and Mrs. T. J. Presley had Sunday dinner in the home of Mr. and Mrs. Woodrow Whitaker and family.

Mr. and Mrs. James Ellis and family of Friona were guests in the Byrl Fish home Sunday evening.

Mr. and Mrs. Jay Ivie of Baldwin Park, California, visited Mr. and Mrs. Rosco Ivie this week.

Mrs. Helen Fangman, Teddy Arnold and Charles, visited Mr. and Mrs. Lawrence Jentzen and son of Vega Sunday.

Mr. and Mrs. Jimmy Patton and Charla of Amarillo visited with Mr. and Mrs. Coy Patton and Virginia Sunday.

Mrs. Eula Dunn and daughter-in-law, Mrs. Johnny Dunn and Debbie of Las Cruces, N. Mex., spent the night with Mr. and Mrs. H. H. Elmore Tuesday. They were on their way to Hobart, Okla., to take Mrs. Dunn to her home.

Mr. and Mrs. Dick Rocky spent the weekend in Ft. Worth and visited H. V. They also attended the football game there this last weekend.

Graham Prewett was home from college this weekend.

Mr. and Mrs. Travis Stone and family and Mr. and Mrs. Harland Frye enjoyed a movie in Hereford Saturday evening.

Carolyn Hutson was a guest of Connie Stone on Friday afternoon and they enjoyed skating in Hereford.

Mr. Thomas Matlock visited over the weekend in the homes of Joe Lewellen and Delton Lewellen and families.

Mr. and Mrs. Harvey Shapley and Haskell of Amarillo visited in the home of Mr. and Mrs. Delton Lewellen and girls on Sunday.

Mr. and Mrs. Jim McCrummen and Denise also visited in the home of Mr. and Mrs. Delton Lewellen on Sunday evening.

"A chip on the shoulder is an indication of wood higher up."

"Don't Know Yet" On Vegetables

Gateway Produce Company, which this year for the first time undertook the growing of 200 acres of mixed vegetables in the Bovina area, has just completed the harvest and marketing of the experimental crop.

Quality and yield on most of the 13 varieties was good, but it isn't known yet just how successful the venture was, according to Mario Trevino, business manager for Gateway.

"We made on some, but lost on others," Trevino says, explaining that there is still a lot of figuring to do to see just how well the entire program fared. However, he says that, "We were satisfied with the overall vegetable picture."

Gateway contracted 200 acres of land from Arlin Hartzog, who farms near Bovina, and the vegetables grown included cabbage, bellpeppers, broccoli, okra, eggplant, green onions, parsley, cucumbers, mustard, turnips, beets and squash. It was the first time that some of

these vegetables had been grown in this area on a commercial basis.

Trevino says that the vegetable undertaking was successful in spite of the fact that there was big expense and work involved and the weather was against them.

Gateway is making plans to plant more vegetables next year, but the number of varieties will probably be reduced according to Trevino. He explains that operating costs can be reduced by concentrating on a fewer varieties.

Because the Gateway packing shed handled only a few crates of many different varieties, handling costs were higher than they would have otherwise been, Trevino points out.

Just how many varieties will be grown and what they will be has not yet been determined, but one new crop that will be added is tomatoes. During its first year of operation in Bovina (1958), Gateway processed several acres of tomatoes, but

there was a poor market that year.

Gateway hasn't processed any tomatoes for the past two years, but Trevino says that good tomatoes can be grown here and the average yield can be 14 to 16 tons per acre.

W.D., C. L. Murray, Charles Embry, NE/70' Lot 3, Blk. 96, Bovina

W.D., W. D. Hardage, Ernest Kube, E/2 Lots 8, 9, 10, 11, 12, 13 & 14, Blk. 93, Farwell

D.T., Ernest Kube, W. D. Hardage, E/2 Lots 8, 9, 10, 11, 12, 13 & 14, Blk. 93, Farwell

W.D., Kate M. Queen, Robert McCormick, Lots 8, 9, 10, Blk. 19, Bovina

MML, Robert L. Bates, Eugene Boggess, Lot 7 & S/15' Lot 8, Blk. 1, Friona

amount of food processing increases the farmer's share of the food dollar declines.

The farmer's share of each dollar spent for food in 1959 was 38 cents. In 1940 it was 40 cents, and went up to 53 cents in the war year of 1945.

The wheat grower's share of each dollar spent for white flour is now 33 cents. When the flour is mixed with other ingredients and baked as white bread, the farmer's share for his wheat drops to 12 cents.

The corn grower receives 18 cents of each dollar spent for corn meal, but only nine cents of the dollar for cereals such as corn flakes.

On fresh green beans, the farmer receives 43 cents of each dollar. But if the green beans are processed and frozen, he gets only 19 cents of the dollar.

There are, of course, exceptions to the rule. Take citrus, for instance. For fresh oranges, the grove owner receives 32 cents of each dollar

spent. This goes up to 38 cents for canned orange juice, and 43 cents for frozen orange juice concentrate.

The wheat used in baking a 20-cent loaf of bread costs less than three cents. In 1959, when the retail price of a one-pound loaf of bread averaged 19.7 cents, the farmer received 2.8 cents, the miller got .6 of a cent, the baker-wholesaler 12 cents, and the retailer 2.9 cents. The other 1.4 cents went for transportation, storage, handling and processing.

The fact, of course, is that today the American housewife is buying convenience -- freedom from kitchen chores. They are also buying food with less waste, needing less trimming,

sorting, or washing. Three so-called ready-to-serve meals costing \$6.70 for a family of four could be prepared in the home kitchen for \$4.50, or \$2.20 less. The homemaker would use about 5 1/2 hours to prepare these three home-cooked meals from start to finish, but only about 1 1/2 hours to get the three ready-to-serve meals on the table. The food cost saving of \$2.20 in the three home-cooked meals would represent an hourly wage of 55 cents for the four extra hours of work in preparing them.

These examples are extreme. Most families actually use a combination of foods -- unprepared, partially-prepared, and ready to heat and serve.

Income Tax Meeting Slated Next Week

A meeting to better acquaint farmers and other interested individuals with income tax laws is scheduled for next Thursday, Nov. 10, at the Hub Community Center. The meeting begins at 1:15. Howard Martin of the Internal Revenue Bureau from Amarillo will be on hand to assist farmers and their wives with tax problems such as deductions, depreciation schedules and any others that persons might have.

The meeting will be sponsored by the county extension service and the county committee on farm and home management.

Joe Jones, Farmer County Agent, says that the meeting will be beneficial to everyone. It is designed to help people learn more about income tax laws, so that they can better understand and practice farm management, he says.

Since this is a busy time for most farmers, many of them may not be able to attend, but

Jones advises that if they can't attend themselves to send their wives.

Ammoniated Molasses Have Adverse Effects

Ammoniated molasses will not substitute satisfactorily for vegetable protein in ruminant ration, reports the Oklahoma Agricultural Experiment Station.

In cattle and sheep feeding trials at that station, the ammoniated molasses were poorly digested and caused "stimulation" or excitement.

If fed long enough and in large quantities, the material caused excess heart damage and the animals died.

The planet Jupiter is so large that it could contain 1,300 earths.

Cantaloupes "Best Ever"

Nov. 10, 1821 — Andrew Jackson elected first Democratic president.

Nov. 6, 1860 — Abraham Lincoln elected first Republican president.

Nov. 12, 1898 — Inventor John P. Holland demonstrated his submarine for the U. S. Navy in New York Bay.

Nov. 15, 1777 — Continental Congress adopted the Articles of Confederation and Perpetual Union.

Nov. 29, 1929 — Navy Lt. Cmdr. Richard E. Byrd made first air flight over South Pole.

A third cantaloupe harvest has just been completed in the Bovina, and the quality of the melons was the "best we've raised since being here," says Mario Trevino, business manager for Gateway Produce Co. Yield was down slightly from last year, but after a slow start, the Bovina cantaloupe growers and shippers enjoyed a good market. The average market was from \$3.50 to \$4.50 per crate, Trevino says. During the first week of harvest, melons brought only \$3.00 to \$3.25 a crate, but then the price started to climb and it did go as high as \$4.75 to \$5.00. Of the 600 acres grown for Gateway by 11 farmers in the

area, there were from 425 to 460 from which good yields were harvested. The average yield this year was 182 crates per acre, compared with 192 last year.

Hail during the summer accounted for the lost acreage and smaller melons were the reason for the lower crate-per-acre yield. "We grew the perfect melon," Trevino says, explaining that they were smaller, better shaped and had a sugar content of 14 to 15 per cent.

Cantaloupes are graded according to four sizes, 23s, 27s, 36s and 45s, the figures representing the number of melons going into a crate. "Last year we shipped more 23s and 27s, but this year we shipped more 36s and 45s," Trevino says. A sugar content of 14 to 15 per cent is the highest you'll find in melons grown anywhere, and that's what all of the early Bovina melons tested. A few of the later melons had only a 12 1/2 per cent sugar content.

Gateway wound up their packing shed operations on October 17, night after the severe hail and rain storm hit the area. During the two months the shed was in operation, huge semi trucks left daily with the melons to points throughout the Southeastern and Midwestern states.

Some of the melons this year went as far as Chicago and Florida.

With its third year of operation in Bovina complete, Gateway is again making plans for handling 600 acres of cantaloupes next year. The same 11 growers who grew cantaloupes for the shed this year will again plant acreage into melons, as will one new grower.

The farmers who grew the melons for Gateway this year were Bud Crump, Mark Charles, James Boardman, John Lorenz, Tom Caldwell, Wendol Christian, Arlin Hartzog, Lester Rhinehart, Bob Wilson, Howard Ellison and Ewell Hart. The new grower this next year will be Billy Marshall.

A second packing shed, operated by Salt River Valley Produce Co., the start of the cantaloupe harvest, but it closed down soon after the harvest was underway. There is no report on how many melons were handled by this shed.

IT'S ALL OVER but the telephoning and paper work. That's the situation on the cantaloupe and mixed vegetable harvest at Gateway Produce Company in Bovina. Here, Mario Trevino, business manager for the produce company, picks up the telephone to call one of the cantaloupe buyers.

a given point.

Small streams have water- an enemy, Barton explains. If water runs off the land sheds of only a few acres. This too fast, it cuts gullies and carries small stream and others like it off valuable topsoil. This run into a larger stream. These soil, along with other debris small streams and the land they carried by the stream, can clog drain make up the watershed of streams and lakes in the water- the larger stream. Watersheds of shed below. Such sediment may medium-sized streams make up greatly. Increase the cost of the watershed of rivers.

Even the smallest watersheds and it can also interfere with are important, because their hydroelectric plants. If too much management determines when- water runs away too rapidly, it er water is to be a friend or causes a flood that damages

farms, ranches, crops, homes and utilities, Barton continues. Also, sediment ruins recreation, because clogged streams have very few fish in them.

On the other hand, water can be slowed down and used to advantage when needed soil and water conservation practices are observed over all the watershed. Terraces, stripcropping, more grass and legumes in crop rotations and improved pastures are practices that make more water soak into the soil.

Watershed Management Important To All

College Station, Oct. 25-- The increasing use of soil and water conservation measures for watershed protection has caused many people to ask, "Just what is a watershed?" Jack Barton, extension soil and water conservation specialist, explains that a watershed is the land area from which water drains to

There will be an income tax clinic for farmers, people filling out tax returns, and other interested people in the meeting room of the Hub Community Center, on Thursday afternoon November 10, beginning at 1:15 p. m. Mr. Howard Martin of the Internal Revenue Office of Amarillo and Mr. James Murphy, extension farm management specialist also of Amarillo will bring the program.

Items of discussion will include records to be kept for tax, income to be reported, business and expense, depreciation and depletion, capital gains and losses, trades and condemnations, handling soil and water conservation payments, social security, and inheritance tax.

This program is a part of the years work planned by the extension committee on management and is designed to bring a program to people of Farmer

County where they can have the advice of competent personnel as they near the end of the 1960 Tax Year. This program is not designed to train you in filling out income tax returns, but to enable you to better manage your business income and expenses in 1960 and years ahead.

In order to do a good job you must understand the tax laws as they apply to you. Everyone is invited to attend this program. Where farmers are harvesting and unable to attend be sure to send the wife anyway.

The West Texas Chamber of Commerce, Texas A&M College, and Texas Tech College are cooperating in sponsoring a tour of the Midwestern States to observe their feeding operations first hand. Travel will be by Pullman Car with departure from Lubbock and Fort Worth on the afternoon

of November 26. The first stop will be in Chicago to attend the International Livestock Exposition. Dean Emeritus W. L. Stangel of Texas Tech will be Tour Leader. For more information on the program come by or write West Texas Chamber of Commerce, Box 1561, Abilene, Texas.

This could prove to be a very valuable trip for Farmer County and the individuals attending. I'd like to discuss the trip with anyone who might feel like they could make it. The feeding industry in West Texas and Farmer County will continue to expand. The chief question to be answered by the people is along what line will we develop. Will it be large commercial lots owned and operated by individuals, will it be cooperative feed lots, will it be small or large corporations or will feeding be done on the farms by farmer feeders themselves. This tour might help answer some of these questions for an individual and the county.

Organic matter is the key to productivity of any soil. Those of you near enough cotton gins can well afford to explore the possibility of using burs and gin trash to build up this important component of the soil. Four to six tons per acre will be of real benefit in opening up tight soils and increasing the water intake rate, as well as the water holding capacity.

Vitamin A Essential In Feedlot

"Rations for feedlot cattle should include a feed high in vitamin A potency. Calves are born without body reserves of carotene or vitamin A. Day to day requirements must be supplied through the milk or by vitamin A supplement," according to the Texas A&M Extension Service.

"Young cattle have less storage capacity than older cattle and on deficient diets become depleted in less time. Cattle consuming even small amounts of green pasture or browse generally do not become deficient.

Small amounts of green leafy alfalfa hay will protect growing and fattening cattle from vitamin A deficiency."

A KING-SIZE TURNIP is marvelled at by Jimmy Mace, 13-year old son of Mr. and Mrs. Alvin Mace of Farwell, Weighing, a whopping 5 1/2 pounds, the turnip is from a small patch on the Claude Primrose farm east of Farwell. This is just one of many large-size turnips Primrose has grown this year.

Lack Of Limestone Can Limit Crop And Pasture Yields

College Station, Oct. -- Lack of limestone limits production on threefourths of the soils in the East Texas Timberlands and on half of the soils in the Gulf Coast Prairie, says W. F. Bennett, extension soil chemist. This lime deficiency, which results in acid or sour soils, limits the growth of nearly all crops, and practically stops growth of clover and other legumes.

Lime deficiency not only reduces yields, it ties up other necessary plant foods so that they are unavailable to the crop.

Plant Disease Of The Week

Harlan E. Smith, Extension Plant Pathologist
RECOGNIZE BEAN MOSAIC DAMAGE

College Station, Oct. 25-- Bean mosaics are a group of diseases growers are likely to overlook. These virus diseases are very common on fall beans in all areas of Texas.

Bean mosaic losses to the American farmer total several millions of dollars each year. Losses in Texas have been observed to be from slight to severe.

A mosaic virus disease may infect every bean plant in a field. It reduces yield, quality and selling price. The disease rarely kills a plant. Often it produces no conspicuous symptoms.

Damage by common bean mosaic results in stunting of the plant. Irregular light and dark green areas occur in the leaves. Leaves may be crinkled and puckered. Sometimes leaves are longer and narrower and display a downward cupping. Pods may be rough and shiny and be seriously deformed.

Aphids carry the viruses that cause the mosaic diseases. They spread the virus by feeding on infected plants and then on healthy plants. Sweetclover, crimson clover, red clover and gladiolus are hosts of some of the bean viruses. Normal looking bean seed may also carry the viruses. A few of the less common bean viruses are spread in the fields by cultivation, roguing, or picking.

Some bean virus diseases are controlled by growing mosaic-resistant varieties. Others are reduced by destroying nearby hosts. Avoid planting beans near clovers or gladiolus. Always obtain good, disease-free bean seed from a reputable dealer.

A national marketing quota of 15,562,000 bales and a national acreage allotment of 18,398,424 acres have been proclaimed by Secretary of Agriculture Benson for the nation's 1961 crop of upland cotton. Both are increases over those for 1960. December 13 was also set as the date for the referendum on 1961 upland cotton marketing quotas.

Livestock Feeding To Be Studied In Corn Belt

Lubbock, Oct. 25--Many areas national Livestock Exposition of Texas have the ingredients-- where the judging of fat livestock will be observed including plenty of grain, livestock and favorable climatic conditions --to make livestock feeding a profitable operation. In order for interested farmers, ranchmen, bankers and agriculturists to get first hand information on how successful livestock feeding operations are carried out in the Corn Belt, the West Texas Chamber of Commerce in cooperation with Texas A&M College and Texas Tech College, is sponsoring a tour into the heart of the nation's great feeding area.

Dean Emeritus W. L. Stangel, chairman of the Chamber's Agriculture and Livestock Committee will serve as tour leader. He extends an invitation to anyone interested to join the group which will leave Texas on November 26 and return on December 1.

Travel will be in Pullman cars with departures from both Lubbock and Fort Worth on the afternoon of November 26. The cars will be put on the same train in Kansas City. The first stop will be in Chicago to attend the world famous Inter-

most county agents and local chambers of commerce in West Texas can supply detailed information on the tour. It can also be obtained by writing the West Texas Chamber of Commerce, Box 1561, Abilene, Texas. Reservations should be made as soon as possible, Dean Stangel said.

This fall shred 4 rows at once - even the heaviest stalks!

Here's a real work horse. This 140" shredder and clipper - full 4 row size - gets work out of the way in a hurry. Shreds four rows of cotton, sorghum, or corn stalks... clips 140" swath of pasture... handling 1 1/2" brush and stalks with ease. Behind a 35-50 H. P. tractor it cuts from 60 to 100 acres a day, depending on field conditions.

All gear driven - heavy duty. The three sets of rotating blades are all gear driven, using the same type heavy-duty gears and gear boxes as the other famous Servis Gyro cutters. The Gyro 140 also carries the famous flywheel action, heavy blade assemblies for tremendous cutting power at economical, low RPM.

Offset for close work. Cutting swath offsets the 72" spaced wheels on both sides. You can cut under trees, close to fences and barns going in either direction. Though normal overall width exceeds 12', the slide shoes are easily removed, permitting the Gyro 140 to be pulled through a 12' gate.

Optional equipment. The patented Servis shredding attachment with its intermeshing blades is available. Also fan blades and suction skirt with deflector ribs for pick-up and finer shredding can be specified. Special hitch for tandem disk (where power is available), another optional, time-saver feature.

Cuts shredding time in half. Compared with a 5' shredder, you do the same job with half the labor and almost half the fuel cost.

You get the job done - at the time you need it done - fast!

Priced far lower than you would expect such a work horse to be. Come in this week for a demonstration.

HARVEST ROLLING ALONG

Combines, trucks and elevators throughout the Farmer County area have been operating at full force each day and into the night following the week's interruption caused by hail and rain.

Over the weekend and during the early part of this week the grain sorghum harvest appeared to be reaching its peak as many farmers worked at a frantic pace to get the remainder of their hail damaged crop into the safe confines of the elevators.

Elevator men at Friona, Bovina and Farwell were talking about hail damage and some were of the opinion that there weren't too many possibilities left for exceptionally high yields.

"The hail took care of that," said Arthur Drake of Friona Wheat Growers, when asked if there had been any exceptionally high yields in that area.

Most of the elevator men thought it was still too early to tell how much the hail would effect the overall production of maize, but Joe Moore and Harry Johnson of Shirley Grain Company in Bovina expressed the belief that 20 per cent of the crop in that area had been lost.

Nevertheless, there is a lot of grain rolling into the elevators and some of the grain handlers thought that by the latter part of this week the harvest would be 50 per cent complete.

Besides the actual damage

done by the hail stones, the siege of inclement weather that hit just as the harvest got under way a few weeks ago, left its mark in other ways too. In many fields, especially around the Farwell area, the stalks of sorghum had already fallen down and stands were being used.

Other fields were rapidly falling over and farmers were hurrying to cut it in spite of the fact that much of it tested high in moisture content.

TRUCKS WAIT TURN at elevators throughout the county this week as the grain harvest reaches its peak. This picture was taken Saturday afternoon at Shirley Grain Company in Bovina.

FARM PROFIT

Cut Your Farm Gasoline Bills This Year

Gasoline thieves aren't always human. On many farms the worst culprits are the hot summer sun and poorly-tuned engines. Massey-Ferguson researchers found that six 50-gallon drums standing in the sun lost 30 gallons by evaporation in a month. A vented 290-gallon tank lost 11 gallons.

But, when they put a pressure cap on the 290-gallon tank it lost only three gallons in a month. An underground tank, same size, lost seven gallons, four gallons less than above ground.

The researchers learned that the best place of all for a gas tank is under a tree away from buildings.

Poorly-tuned tractor engines use 10% to 20% more gas than necessary, they found. University of Nebraska tests showed that a simple tune-up delivered up to 3 more horsepower at the belt and 1 to 2 more horsepower per gallon of gas.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

"Agriculture people should be identified as 'ruthless, cold-blooded, big business exploiters of people and the land.'" This is the stated goal of a manual of suggestions from a labor union staff man directed to the California director of the AFL-CIO's Agricultural Workers Organizing Committee which has been picketing farms in California this summer.

"Our greatest enemy," states the manual, "is the public impression that agriculture is made up of the sturdy yeoman, the solid, earthy American family farmer." The document says that the Agricultural people are anything but that.

Farm Bureau believes that labor unions should not be encouraged to take over management of farming in America. Their efforts (labor's, that is) have been encouraged by governmental agencies so far.

Do you remember about two years ago when the Texas Broilers Union was formed in conjunction with the Amalgamated Meat Cutters and Butchers Workmen (AFL-CIO)? The broilers union was formed on the promise that union members would buy products stamped "Union Grown." The Broilers Union is now inactive because, they say, the union failed to live up to its promises.

If you are in doubt as to which is the right way to vote in the coming election, we recommend prayer as the best and only sure way for you to reach the correct decision. This is not a peculiar thing. Prayer will help you with any and all your problems. God, as always, has unlimited power, and will give aid to all those who faithfully ask it of him.

Farm Bureau directors will meet this Thursday night, if you care to, come and visit them.

Urea-Molasses Produce Less Gain In South Carolina

Recent tests comparing 5 pounds of ground shelled corn with supplement of blackstrap molasses and urea-molasses fed free choice in a trough with cottonseed meal added to adjust the protein content have been reported by Dr. W.A. King, Clemson College, South Carolina. The eight groups of yearling dairy heifers used in the test were also fed oat hay or coastal Bermuda grass hay free choice. Both 3.5 per cent and 4 per cent urea-molasses were used. The average consumption of the molasses was 5.9 pounds per heifer daily with 6.2 pounds for the urea-molasses. The average daily gain over the 84-day experiment was: 1.49 pounds with shelled corn, 1.34 pounds with the molasses, and 0.99 pounds with the urea-molasses. The gains were significantly lower for the urea-molasses ration.

They will elect a vice president and secretary-treasurer, and begin laying plans for the year's program of action, based upon resolutions passed by the members in convention, both in the county and state, and finally nationally.

Remember that the Bible says that a man's life consisteth not of that which he possesseth. CONSIDER THIS: Hear, ye children, the instruction of a father, and attend to know understanding. For I give you good doctrine, forsake ye not my law. Proverbs 4:1-2
