D. F. SCHNAUBERT IN SCHOOL RACE

D. F. (Santa Fe) Schnaubert be-
came the first candidate to actual-
ly file for the coming school board
elections on April 6. He entered his
name for a three-year term last
week.

Schnaubert, an employee of Santa
Fe railway as his nick-name
would indicate, has worked for the
railroad for 10 years and has lived
in Rankin for the past three years.
Twenty-nine years old, he and Mrs.
Schnaubert have three girls, one
who is now in school and another
who will begin next year.

His grandfather, Arthur Schnau-
bert, was the first sheriff of Up-
ton County and hired the first
school teacher to come into the
county to teach at the school in
old Upland.

Present board members who are
up for election are Norman Elrod,
Bruce McGill, Floyd Everett and
Walton Harral. McGill is vice-
president of the board and Everett
is secretary. Elrod is serving out
the unexpired term of Joe Powell
and will be up for a one-year term
if elected. All of the present mem-
bers up for election have indicated
that they will file for re-election.

The Commissioners' Court has
set the courthouse improvement
election for Tuesday, April 2.

In their regular meeting last
Monday, the court voted to call the
\$410,000 improvement election and
scheduled it to be held in connec-
tion with the State Senatorial E-
lection on the same date. Improve-
ments under consideration call for
enlargement of the courthouse and
jail.

Voting in favor of calling the
election were Commissioners Tom-
my Workman, H. Wheeler and Joe
Conger. Voting against the call was
E. K. Buford. Judge Bud Fisher
only casts a vote whenever there
is a tie situation between the com-
missioners.

ABSENTEE VOTING

County Judge Bud Fisher stated
Tuesday that absentee voting in
the coming bond election would
get underway at the County Clerk's
office on Wednesday, March 13.
Anyone who plans to be out of the
county on April 2, date of the elec-
tion, may apply for a ballot and
vote absentee if he or she is a
qualified voter.

tion for the improvements would
see the floor space in the court-
house approximately doubled while
additional facilities would be added
to the county jail. At this time,
there is a need for additional of-
fice space in the courthouse and
facilities for juveniles and women

in the jail quarters. Some improve-
ments would also be made on the
living quarters of the Sheriff's
home which is housed in the jail
building.

PERMANENT IMPROVEMENT

As set forth in the election no-
tice, bonds would be issued from
the permanent improvement fu-
nd and would be for 25 years at a
more than 5 per cent interest.

In discussing the issue, court
officials have pointed out that no
increase in the present tax rate
would be necessary to finance the
project. At the present time, 25
cents from every dollar of the tax
money goes into the permanent
improvement fund. This amount is
all that is allowable under the
law to put into permanent im-
provement funds.

HEAVY VOTE INDICATED

In past bond elections, an aver-
age of about 500 votes have been
cast in deciding the various issues
that have come up with 707 votes
being the largest number ever cast
in a bond election. Some have been
decided with as little as 300 votes.

This year, however, a much larg-
er vote is indicated with 1267 qual-
ified voters eligible to cast their
ballots on this election. A break-
down by voting boxes show:

Box 1	236
Box 2	167
Box 3	18
Box 4	406
Box 5	108
Box 6	344

A qualified voter, as defined in
the election notice, is a person who
has either paid his poll tax or has
an exemption and has taxable
property rendered on the county
tax roll.

SQUARE DANCERS TO HOLD OPEN SESSIONS

A group of Rankin Square Dan-
cers have announced that there
will be a meeting Tuesday, March
19, at 7:30 p.m. at the Rankin Park
Building for everyone who might
be interested in square dancing.

There will be no club organized
and there will be no dues. It is
hoped that enough people will show
interest in the plan to warrant
regular dancing sessions. Open to
the public, the meeting is for
beginners, old timers and youngst-
alike who want to square dance

Girls Play Valentine In Regional Opener Sat. 9

Saturday, March 9, the Rankin
High School girls basketball team
goes into Regional playoffs at O-
dessa. Their first opponent will be
Valentine, a team with a 23 won-
3 lost record and a favorite in the
tournament.

Meeting of the two teams will be

at 9:45 a.m. with the winner play-
ing the victor of the Balmorhea-
Clint contest which will be held at
11:15 a.m. Play for third and fourth
places, which will be between the
two losers of the first round, will
be held at 7:00 p.m. and champion-
ship play following at 8:30. All
play will be in Odessa Junior Col-
lege gym.

Last year, Rankin was runner-up
in Regional, losing to Balmorhea.

MERTZON WINS

In their warm-up game last Fri-
day night with Mertzon, Rankin
lost their 5th game of the season
by a 51-43 count to the visitors
from Irion County. This was the
26th straight win for Mertzon.

High for Rankin was Bonnie
Smith with 12 points, followed by
Loraine Stark with 9, Marsha Adair
6; Andra Mitchell, 6; Kay McEwen,
4; Ruth McGill, 3; and Carolyn
Hill, 3. This gave the girls a season
record of 21 wins and 5 losses.

JUNIOR HI WINS DISTRICT

Rankin Junior High girls basket-
ball team closed their district play
last week with a 39-9 win over
Grandfalls, giving them the dis-
trict crown and a season record of
12 wins and 2 losses.

Ed Edgar was among a group of
9 West Texas Utilities employees
who were fishing at Bob Schlagal's
at Granite Shoals last week. They
reported good luck.

Public School Week Gets Record Attendance Here

about 200, the workers, who includ-
ed Boy Scouts, Lions, school offic-
ials and volunteer help, were
swamped early in the evening
when over 300 people passed
through the line to eat their fill
of pancakes, sausage, coffee, milk,
butter and syrup.

With all proceeds going to the
Boy Scout hut, unofficial estimates
set the net sales at between \$125
and \$150 for the supper. Over 70
pounds of sausage were served al-
ong with 12 pounds of butter, 15
gallons of milk, 30 pints of syrup,
30 pounds of Bisquick and 5 large
pots of coffee.

CLASS ROOM INSPECTION

Beginning at 7:00 p.m., class-
rooms throughout the school were
opened to the public and all were
well visited. Students had arrang-

ed displays in their rooms, many of
which drew most favorable com-
ments from the visitors.

In the high school, demonstra-
tions were put on by the students
in the science labs. All were well
received. Two other departments
in the high school, the home ec-
onomics department and the shop
room, rated high in visitor interest.

EVENING PROGRAM

At 8:00 p.m. a program was pre-
sented in the high school auditor-
ium to a near capacity crowd, es-
timated at over 700. Featured was
the Rankin Red Devil Band which
gave its usual outstanding perfor-
mance and was most heartily re-
ceived by the gathering.

This was followed by a film of
school activity covering all phases

GO GET 'EM

As the girls go to their regional playoffs Saturday, we feel sure that everyone's good wishes go with them. They have a fine record for the year and have proved that they have what it takes to win.

But, win, lose or draw — they have already been a credit to their school and community and from here on in they will be playing with the knowledge that they have had a successful season. In their first game they will be up against the team to beat in the tournament and if they can get past Valentine, they should win regional.

Good luck, girls.

IT'S ALL SET

Monday the Commissioners called the courthouse election.

This is a thing that has been much discussed in Rankin for a long time and it goes without saying that everyone who is qualified should feel it his duty to go to the polls and vote April 2.

More than that, we feel that their vote should be in favor of the bond issue. True, there may be things about this program that does not suit everyone and there might be some improvements here and there but it would still be doubtful that everyone would be satisfied.

It's importance to Rankin cannot be overstressed. The passage of this bond issue would do more to stabilize the future growth of Rankin than any one thing that could be done. For many years now, there has been a need for such a project and April 2 may be the last chance for a long time to put into actual being improvements on the courthouse and jail.

Let's all get together and get out the vote. Let's lay aside our disagreements and differences on the matter and all work for a project that can bring Upton County up to par with our neighbors on county facilities.

Rankin has 415 eligible voters in this election. All 415 should cast their ballots on April 2. It

will take all of them and a good piece of help from the folks in McCamey to carry the election and now is the time to start work on getting it passed.

IT'S MARCH ALL RIGHT

If anyone has any doubts about this being March, he can just stick his head out the door and taste of the sand that's been blowing about the past several days. For West Texans, this is the usual thing for March but somehow, everyone seemed to have been hoping that this time we might get a little something different.

One thing that can be said and that's the fact that we did get a most unusual winter. As yet our cold weather that we predicted about a month ago hasn't shown up and probably won't since our record for being wrong on just about any subject is running mighty high.

SO'S YOUR UNCLE

In every magazine and newspaper you pick up these days, you find long-winded articles written by learned persons on the subject of children, their thoughts, habits and behavior. If you care to read all the way through one of these pieces, the author will usually give you some sort of formula for raising your offspring.

Some claim that children learn to talk by associating words with pictures and impressions. This may be right.

Our youngster, at almost two, is beginning to sling around a few words with "No" being his favorite. Last week he was looking through one of these children's books with all the pictures and was naming the "horsies," "birdies," "doggies," etc. One full page picture was of

a very wrinkled faced, bushy haired chimpanzee.

His comment for that one was "Daddy."

It's always nice to know that your son holds you in high esteem. He might have found the picture of the little animal sometimes called a burrow.

4-H CLUB WINS RESERVE CHAMPION IN HOUSTON SHOW

Upton County 4-H Club had to be satisfied once again with the reserve champion of the boys class in the Houston Livestock Show last week. They have won this high honor a number of times in the Houston event but have never been able to capture the coveted Grand Champion position.

Proof of how strong they were in contending for the top honors is the fact that they had 6 of the first 10 places in the Southdown class. James McDonald was second in this class and Frank Boyd was third. It was McDonald's lamb that went on to win in the boys open show.

Another honor that the club is accustomed to winning was again brought home when they took the Champion Pen of 15 honors.

IN SAN ANGELO THURSDAY

On Thursday, March 7, the club will be showing in the San Angelo Livestock Show. Carolyn Branch won the Grand Champion honors in this event last year—a feat that the club has accomplished a number of times.

Mrs. Ray Boggs and Mrs. Henry Scarborough were visitors in San Angelo last Tuesday afternoon.

Joe Scrivner and Stanley Kozi-mor made a business trip to Austin last week.

BOSS LIONS SAYS

"THANKS TO EVERYONE"

Boss Lion Bruce McGill, acting on behalf of the Rankin Lions Club, asked that the Rankin News extend a word of thanks to everyone who made the Pancake Supper the big success that it was.

"Everybody turned out and made it a big success," McGill said. "The people of the community, the Boy Scouts, the school and cafeteria officials, and fellow members of the Lions Club made the Pancake Supper one of the most successful events the Rankin Lions Club has ever staged. Thank you all," he said.

"We want also to extend our thanks to merchants and firms who helped us secure the food used," McGill concluded.

Among those making donations of foodstuff were Boggs Grocery and Market, Peyton Packing Company, and Gandy's Creamery. Betty Crocker Bisquick for the pancakes, distributed by Martin Glover, and waffle syrup by Kimbell-Midland were also used.

Back To The Bible

Answers to the question "What constitutes a Christian?" are manifold and depend upon the viewpoint. From that of faith, Christians are believers in the system of worship inaugurated by God when He gave His only begotten Son, who offered Himself a sacrifice for our sins, conquered Hades and the grave, ascended unto the right hand of God, was crowned King of Kings, sent forth the Holy Spirit who revealed unto the apostles all spiritual truth, who in turn completely set in order everything pertaining to the Christian system of religion. A Christian's creed could be briefly stated as "Jesus is the Christ, the Son of the Living God." Anyone whose faith is not centered in Christ as The Son of God is not a Christian. Anyone whose creed may originate from a source other than Christ is a follower of the formulator of that creed but not a Christian. An adequate creed must contain all truth. Any man willing to exclude any truth from his belief is intellectually dishonest. Christ supplied the apostles with all spiritual truth (Jn 16:13) and prayed for all believers on Him through their word (Jn 17:20-21); therefore those who reject the apostles' words are not entitled to the name "Christian" for they reject Him.

Alexandria Daily Town Talk Orchid to the Railroads

Railroads serving the Southwest's drought belt, and particularly the Texas and Pacific, have found it necessary and advisable to buy newspaper space to tell America a little something about their

BIG SPRING DAILY HERALD

Thanks For A Big Good Turn

"If all the banks in the sun-scorched area of the West and Southwest were asked by President Eisenhower to make a 50 per cent reduction in interest rates on their loans to farmers and ranchers, it would be considered most unusual. Or if all the merchants of the area were asked to make a 50 per cent reduction in the prices of one or more of their basic items as an aid to the farmers and ranchers that also would be considered most unusual.

Ballas Morning News February 9, Rare Appreciation

Since the day of Sam Bass, when many Texans approved his robbing of trains, crossing the railroads has been popular. While many have squawked about freight rates, others have complained of noise and tax officers have soaked the rail lines with more than their share of levies.

But folks in and around the Texas town of Dublin don't think that way about the railroads. Recently ranchmen, dairymen and farmers

for a banquet honoring purpose was to show the action of the road. The freight rate for drought areas by 50 per cent. This slash rate, through March 31, has made many to keep of "going to sell as drought-stricken country.

Golden Deed, Indeed!

The nation's railroads through the years have been good neighbors in most instances—extending aid, financial and otherwise, to their friends and neighbors and to their country in times of emergency.

More than that, railroads generally have assumed the role of citizen—active and participating—in the community they serve.

MARSHALL NEWS-MESSENGER SUNDAY, FEBRUARY 10, 1957 Railroads Render a Vital Service

The Texas and Pacific Railway Co. deserves a lot of leadership from its current advertisement that explains the railroads' \$25,000,000 good deed.

The \$25,000,000 good deed for drought areas is a 50 per cent reduction in freight rates. It would make

Or, the railway as were asked to cut its freight rates to help drought victims be starting now?

It's becoming almost a tradition for the railroads to have requests for four times as many as they can handle.

Only the railroads position families have to aid the drought-stricken victims.

Farmers Praise Railroads For Reducing Freight Rates On Drought Hay Shipments

Railroads serving the drought area in the eight Southwestern states

Actually they were saving more than \$3,000,000 by cutting the freight rate during the period Oct. 1 to the present time. Over the past year these representatives of agriculture have received more than \$2,000,000 in drought relief benefits through reduced rates valued at 50 per cent of the full rate.

are of the action of the railroads in reducing by one half the freight rates on hay moving into the drought-stricken area of the West and Southwest. It is an acknowledged fact that this action enabled many farmers and ranchers of the area to maintain their stock herds when they would otherwise have had to liquidate them.

The \$25 Million Good Deed

While thinking about good deeds (this being Boy Scout Week, and Scouts being famous for their good deeds), I thought of the \$25,000,000 good deed the railroads are rendering to the west as we like a right all-time good deed.

President Eisenhower on three occasions in the past four years has asked the railroads to make a 50 per cent reduction in their rates on hay and other drought-stricken area commodities.

Within the past four years the railroads have contributed to the farmers, ranchers and dairymen, through a 50% reduction in rates on hay and other feedstuffs, 25 million dollars.

Both the Congress of the United States and the Legislature of Texas, by resolution, have expressed their

which petition was filed in said
Court on the 28th day of February,
1957, and the nature of said suit
is as follows:

The plaintiffs allege that they
are the owners of various oil and
gas leases covering Section 18,
Block 4½, GC & SF Ry. Co. Sur-
vey, Certificate No. 3573, patented
January 14, 1946, to Charles Weav-
er, assignee, by Patent No. 359,
Volume 1-B, containing 640 acres
in Upton County, Texas, and that
all of the defendants except Pan
American Petroleum Corporation
(formerly Stanolind Oil and Gas

Company) are the owners of or
claiming an interest in the land
above described, the oil, gas and
other minerals thereunder, or the
royalties under the leases described
in such petition, and that because
of many conflicting claims, many
divergent views as to the proper
construction of various instru-
ments, difficulties as to boundar-
ies, the construction of reserva-
tions, the existence or non-exis-
tence of leasing rights, and many
other conflicts and problems, the
plaintiffs, although they have pro-
duction from such property, are
unable to determine the exact
ownership of the various defen-
dants, some of whom under the
leases are entitled to additional
royalties, overriding royalties, oil
payments, or other rights, the ex-
tent of which and the amount of
which will be dependent upon the
decision as to their interest in the
minerals or the royalty, and many
other factors, and that Pan Ameri-
can Petroleum Corporation (for-
merly Stanolind Oil and Gas Com-
pany) has claimed title to an
oil and gas lease which plaintiffs
say covers no interest and is not
valid, and the plaintiffs have ten-
dered into court \$43,613.16 repre-
senting the 14th royalty on pro-
duction up to 7:00 A. M. on Feb-
ruary 1, 1957, and allege their wil-
lingness to tender into court roy-
alty from such production there-
after, and express their willingness
to pay royalty to whomever the
Court might determine was enti-
tled to it, and ask the Court to re-
quire all the defendants to inter-
plead and assert their claims and
have the Court determine who is
entitled to the royalty and in
what percentages and fractions
same should be divided, how the
money tendered into court should
be paid, and how the minerals and
royalty and other rights are owned
by the defendants, for a declara-
tory judgment as to the rights of
all of the parties, and for a judg-
ment quieting title as against the
claims of those defendants held
not to be entitled to any interest,
and as to the claims of those of
the defendants whose interest is
established as being less than they
now claim, and for injunction a-
gainst claims by any of the parties
other than those asserted and es-
tablished in such suit, and estab-
lishing and declaring that Pan
American Petroleum Corporation
(formerly Stanolind Oil and Gas
Company) owns no interest, that
all leases claimed by said Pan A-
merican Petroleum Corporation are
void and invalid, and that plain-
tiff's rights be cleared and quiet-
ed of any cloud growing out of or
based upon Pan American's leases
or claims, and for all other ap-
propriate or necessary relief neces-
sary to fully adjudicate the rights
of the parties and protect the
plaintiffs against the adverse and
conflicting claims to the funds
tendered into court, the oil, gas
and minerals and the production
from the land above described.

Teach Me To Pray

“Lord, you made me in your own image, and I am glad. You have given me dominion over land, and sea, and sky... made me steward over it all. Help me to be worthy of Thy trust. Master, you have even urged me to shoot for the moon, and land my atom ship on the outer firmament of space. Dear Lord, this is too much unless you go with me all the way. I need Thy help. Sometimes I almost forget about my church—my pastor—my family and my friends. Oh God! cleanse me just now. Use ME to help Thy children make a new discovery in the realm of the spirit. Dear Master, raise me up and show me how to release the tremendous power of prayer... how to show Thy children the way to the New Life in God. Give us this secret, gracious Father, ere we die! Teach ME to pray. A-men.”
