## LOCALS

Frank Truitt has received his discharge from the Navy (Seabees) and arrived at home Tuesday; and he and Mrs. Truitt left for Claude to visit Mrs. Truitt's parents.

Mr. and Mrs. O. L. Floyd visited in the Jay Hopengardner home at Bovina Sunday.

Mmes. E. L. Price and Ralph Taylor were in Amarillo, Monday.

Mr. and Mrs. L. R. Dilger and Mr. and Mrs. Arlin Dilger are attending to business in Clovis this week.

Mr. and Mrs. Iarence Baxter returned Tuesday for Colorado.

Rev. E. A. Irvine was visiting in Clovis, Monday.

Mrs. Boyles and Judy were visitors Saturday.

Mrs. George C. Taylor and daughter arrived Friday to visit parents, Mr. and Mrs. J. B. Farland.

Leslie Weis has received his discharge from the Service and Mrs. Weis arrived here Sunday.

James N. Smith is here spending his ten-day leave with his parents, Mr. and Mrs. Bill Smith.

Mrs. Shultz left Tuesday night for Fort Worth to be with her mother, who is quite ill.

Cayce Dunn and Charley Minum are deer hunting in Colorado this week.

Mrs. C. Dunn has as her guest this week, her mother, Mrs. Gatten, of Marlow, Okla.

Mr. and Mrs. Darsey visited Mr. Wills at Hereford, Sunday.

Mrs. Lillian Pope, of Hereford, spent the week end here with relatives.

Mr. and Mrs. Everett Talbot returned home Monday night from Augusta Ga.

Mr. and Mrs. A. H. Boatman and her sister and Mrs. Lee Edwards were in Clovis, Tuesday evening.

Misses Judy Boyles and Anna Lee White were visiting in Hereford, Sunday evening.

Mr. and Mrs. A. O. Drake spent the week end in Idalou, visiting in the home of their daughter, Mrs. Virgil Howard.

Bill Flippen and John White were Farwell visitors, Monday, Bill to attend a meeting of County Commissioners Court, and John on personal business matters.

Rev. J. L. Beattie spent Monday in Hereford with his friend, Mr. G. W. Heard, and reports that he had a good time.

Burl Elmore took a truck load of cattle to the Amarillo market, Monday.

If the party or parties, who raised one of the windows at the windows at the Star office and removed those three of four small tools which we use in our printing work, will return the tools we will be truly obligated to them. You may slide them under the front door, as the window is locked now.

Mr. and Mrs. Orville Stevick announce the birth of a son, Larry Gene at the Osteopathic Hospital in Amarillo, Saturday Oct. 6.

**Guests in Lewis Home**  
Mr. and Mrs. Henry Lewis have had as their guests this week, Mrs. Lewis' brother, Mr. Roy Jones of Fort Worth.

**Popular School Footwear Condemned by PE Prof.**

LUBBOCK — Huaraches and sandals are injuring the feet of college and pre-college girls, as well as affecting methods of walking, Mrs. Johnnye Langford, head of the women's physical education department and dean of women of Texas Tech, asserts after study of reports on examinations given freshmen.

Mrs. Langford said the footwear, so popular on college and high school campuses, has developed corns and callouses on the girls' feet and has caused mis-shaping of ankles.

"The girls are found to toe their feet outward instead of walking straight, because they have to twist their toes to keep the footwear from coming off," Mrs. Langford said.

The dean expressed concern over the situation and said each girl found punishing her feet was given a lecture on consequences.

**Tech Offers Special Courses to Wives of War II Veterans**

LUBBOCK — Courses to aid wives of discharged war veterans enrolled in Texas Tech have been started by the college and others are to be inaugurated as the demand appears. Non-credit courses being offered wives of the former servicemen include:

Income budgeting and getting the maximum from each dollar; care of children, including child development problems; nutritious meal planning with minimum expenditure of time and money; canning; brining and freezing of foods; family relations; planning and directing home entertainment; making and wrapping gifts; consultation on home making topics and personal problems.

Courses in limited space use, housing and rent also are planned.

The instruction, under direction of the Texas Tech home economics division, was started at the request of the veteran's wives and after a poll had been taken on what subjects are most in demand.

### Infamies of Belsen Described

The 48 prisoners on trial at Lueneberg, Germany, for atrocities committed at Belsen concentration camp are shown sitting in the prisoner dock, their defense counsels in front of them. Each prisoner is labeled by a number. Arrows point to Joseph Kramer, No. 1, the "Beast of Belsen," who commanded the camp, and Irma Grese, No. 9, Nazi woman guard notorious for brutal acts of cruelty.

### CEMETERY MEETING

There will be a meeting of the Friona Cemetery Association on Saturday afternoon, Oct. 13, at 4:00 o'clock, at the Club House. All officers of the Association are requested to be present. D. H. Meade, President.

### Use Meat Drippings As Shortening Substitute In Breads, Pies, Pastries

AUSTIN, Texas—Oct. 11 — "Delicious pies, cakes and hot breads can be prepared with meat drippings."

This is the cheerful message brought to worried homemakers during the shortening shortage by a University of Texas foods expert.

"Experiments show that corn oils, cotton seed oils, and chicken fat make even more tender pastry than the ordinary firm fats and can be used in place of the usual prepared shortening in all instances," Miss Mary E. Goldmann, assistant professor of home economics at the University of Texas, has stated.

Housewives should save all drippings from bacon and any other meat, strain them thru a cloth, cool at room temperature, and store in a jar with a tight lid and keep in refrigerator, she said.

These drippings can be used for biscuits and pies most satisfactorily, the foods expert pointed out, with the exception of sausage fat which is too highly seasoned for pastries but excellent for seasoning vegetables.

"Excessive fat on meat should be trimmed off and stored in a refrigerator until enough has accumulated to render, at one session. These pieces of fat should be chopped or ground and heated in a double boiler very slowly for the best results," she cautioned.

Another suggestion which Miss Goldmann made was that in cake baking with these oils, the heavily spiced and chocolate cakes are perhaps the most enjoyable as these flavors definitely mask the taste of the meat drippings. In hot breads and pastries this element does not have to be considered.

Bible readings, selected by members of the U. S. A. armed forces, and designed to be read in many languages throughout the world, are being broadcast by the American Bible Society for use from Thanksgiving to Christmas. This reading schedule, inaugurated last year for the same period, was followed by millions of persons in their daily devotions. The selections for this year are: Nov. 22nd, Joshua 1 and Psalm 121; 23rd, Ps. 23 and John 10:1-18; 24th, John 14; 25th, John 3; 26th, Matt. 5; 27th, Romans 12; 28th, John 1:1-14; 29th, Ex. 20; 1-17 and I Tim. 2:1-8; 30th, James 1; Dec. 1, Ephesians 6; 2nd, I Cor. 13; 3rd, Ps. 24; 4th, Heb. 11 and 12; 1, 2, 5th, Matt. 6; 6th, Rom. 8; 7th, Matt. 6; 8th, Ps. 91; 9th, Gal. 6; 10th, Col. 3; 11th, Ephes. 4; 12th, Phil. 4; 13th, John 15; 14th, Ps. 1; 17th, Ps. 27; 18th, I Cor. 15; 19th, Ps. 46; 20th, Matt. 28; 21st, II Tim. 2; 22nd, John 17; 23rd, Rev. 21; 24th, Rev. 22; 25th (Christmas), Luke 2.

Alaska is the only portion of the United States in which tin is found.

### BAPTIST CHURCH NEWS

At last the new building is finished and is in use. The Intermediates and young people have their opening service on Sunday morning in it.

The Elementary Department has opening services in the basement; Intermediate and Young People, in the new building, and the Adults in the auditorium, promptly at 10 a. m., followed by song service and preaching at 11:00.

Each and everyone of us need to make sure we are in the Sunday evening B. T. U. service at 7:00 p. m. We have good services on Sunday evenings. Do come on young people, we need a little better attendance. We can always count on you, so don't let us down.

We had a baptizing service Sunday evening.

The W. M. U. women met on Thursday, Oct. 11, for their annual associational meeting.

Y. W. A. organization of the Baptist church will meet Tuesday, Oct. 15, at 7:30 p. m., at the church. All girls please be prompt.

Don't forget Brotherhood. All men of the church will meet on Oct. 15 at 7:30, in the new building.

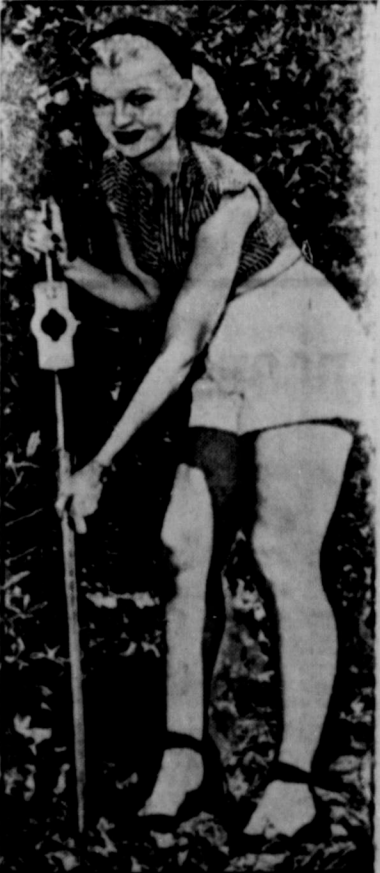

Mildred Collier, Reporter.

### Dependency Benefits Continue in Force

Family allowances are being authorized for dependents of all men now enlisting or being inducted into the Army, it was announced today by Brig. Gen. Leonard H. Sims, USA, Director of the War Department Office of Dependency Benefits.

"The Servicemen's Dependents Allowance Act of 1942, as amended is still in effect," General Sims stated. "Under this law, wives, children, dependent parents and other dependents of all enlisted men and women

### Tests Soil

Testing texture and moisture of soil inch by inch is the function of this device, shown being demonstrated by Toni Barron at Riverside, Calif. A 14-pound hammer is used to drive the device—a Food Machinery Corp. product—into the ground.

### Some Paving Slated For Highway 86

According to a statement in a letter received by County Judge A. D. Smith from the State Highway Department, Farmer County is soon to have several miles more of paved highway.

The information contained in the letter states that for State Highway No. 86, the State Highway Engineer is directed to utilize secondary Federal Aid funds, authorized prior to 1944, and proceed with requests for bids for constructing grading and surfacing from 1.5 miles east of Bovina to Castro County line.

The estimated cost of this work is \$280,000.00.

### FRIONA WEATHER

Pleasant autumn weather prevailed here for several days last week, and building operations in Friona progressed nicely. No frost has visited us thus far this season and turnips and garden truck are still reported in growing condition.

Sunday was still fair and mild but on Monday morning we were greeted by another cold wave from the north, and although fair during the day Monday, it was almost uncomfortably cool out in the wind.

Tuesday morning came on still cold and cloudy and rain began falling shortly before daylight and continued in light showers all day, but not more than a half inch of moisture fell. Wednesday, the clouds are breaking away and the temperature is again mild.

Farmers who do not have their wheat planted were planning to get at the job Tuesday, but the rain will hold them off again for a few days. Wheat that was planted is now up to a good stand and growing rapidly.

### Off To Colorado

Mr. and Mrs. C. M. Jones left Wednesday for Salida, Colo., where they will visit Mr. and Mrs. Everett Harry and children for a few days.

Their visit will be two-fold, in that they will also visit Mr. and Mrs. Bill Guyer and sons, who will also be at the Harry home for a few days before starting their journey to Washington, where Mr. Guyer has purchased a 400-acre farm, and where they expect to make their home for the future.

Mrs. Harry and Mrs. Guyer are daughters of Mr. and Mrs. Jones.

and aviation cadets are entitled to family allowances.

"This applies of course to men and women now entering the Army as well as to those who were inducted before the war ended," he explained.

The wife and children of an enlisted man are eligible to receive family allowance payments as his Class A dependents, the ODB Director said. Parents, also brothers and sisters (under certain conditions) are eligible only if they rely on the soldier for chief or substantial support.

The ODB administers Class E allotments as well as family allowances he pointed out. These allotments are voluntary assignments from soldiers' pay; nothing is added by the government.

### Charter for Community Hospital Granted And General Plans Announced

A charter was granted Oct. 4 for the erection of a Community Hospital in Friona. This hospital will be non-profit institution, owned and operated by the people and for the people of Friona and surrounding territory. The business will be carried on by a Board of Directors elected by the members, and the purpose of the hospital as stated in the charter is to provide a suitable place in the immediate locality where members and families of members may obtain medical, dental, health, surgical, nursing, hospitalization and relate services and benefits.

Life membership per family is \$10. Also annual dues are assessed according to the size of the family, \$12 for one, \$18 for two, \$22 for three, \$25 for four, and \$2 per person for all over four. Dependents may be included for \$6 per person. The membership fee goes to build and equip, while the annual dues afford money for salaries of doctors, nurses, and other workers.

For the dues, members receive without cost, all examinations, treatments, surgical operations, obstetrical deliveries, as well as laboratory tests, such as blood or urine tests. Service in other special fields will be available when the financial status of the hospital will justify such. Any surplus accumulated must be used to improve the hospital. With a volume of membership, which is what it will take to make the project grow, complete medical service should be available within a few years.

The Farmer County Community Hospital will be located northwest of the football stadium. Plans are to erect a modern, well equipped hospital. Memberships are now available at the office which is located south of the Plains Hardware. People may call there for complete information.

### Service Plan of the Farmer County Community Hospital, Inc.

The Family: The family consists of the father, mother and all unmarried children living at home regardless of their age.

Dues: One person in the family—\$12 annually; Two persons in the family—\$18 annually; Three persons in the family—\$22 annually; Four persons in the family—\$25 annually. \$2 per person for each additional member of the family above four.

Dependents: A dependent is a blood relative like father, mother, brother or sister who lives with the family and depends upon the family for food, clothing and shelter. Each dependent may be added or included for \$6 per year.

Services: For the dues the members receive the services of all the doctors on the Hospital Staff free. This covers all examinations, treatments, surgical operations, obstetrical deliveries, as well as all laboratory

### Marvin Haun Receives Discharge From Navy

CAMP WALLACE, TEX.—Marvin D. Haun, Machinist's Mate 3-c, has received his honorable discharge from the Navy it was announced at this separation Center this week.

Haun, 33 years old, has served 23 months in the Pacific. He plans to return to his previous job as locomotive fireman with the Santa Fe Railroad.

### Engineers Meet With Commission

For some time the more energetic and forward looking citizens of Friona have been considering the establishment of a complete sewer system for the city, and the discussions reached a point that the city fathers invited a contractor and an engineer to visit us and give their views on the matter.

Eric W. Sherman, of the Sherman Machine and Iron Works of Oklahoma City, accompanied by Mr. Caldwell, civil engineer of the Pan-Tex Ordnance plant, came over on Tuesday afternoon of last week and addressed a number of our business men on the matter.

Their talks were listened to with great interest by all who were present and considerable enthusiasm seems to have been awakened. These gentlemen kindly offered their assistance in any way they could in helping our people to decide as to their effort toward this much needed improvement.

### Revival Starts Sunday At Pentecostal Ch.

Beginning Sunday, Oct. 14, 1945, evangelist Willie Futrell, will conduct a revival meeting at the local Pentecostal Holiness Church.

Sister Futrell comes well recommended, having had several years experience in this line of work.

Services will begin at 7:30 each evening. Come and hear a woman preach the gospel.

work, blood, urine and other tests.

Room, board and general nursing charges per day for private room, \$3; Semi-private room, \$2.50; Ward, \$2.

Any medicines or serums are extra.

Anesthetic, operating room and delivery fees. In surgical operations or use of the delivery room, a charge is made for the expenses involved: Major operations—\$20; Minor operations—\$10; Delivery room—\$10.

### Shedding

### France Is Free—but Hungry!

Food supply is one of France's most critical problems. Here a French girl and a nun pick through discarded scraps in a Paris market, searching for food to serve at an orphanage. They have big sacks for carrying their booty.

### Army Announces Program to Boost Enlistments

Details of the program to boost volunteer enlistments in the Army were announced here this week by Lt. Bill Montgomery of Lubbock, recruiting officer who was here in the interests of the army program and to visit his grandparents, Mr. and Mrs. J. W. Alexander.

Men discharged under the point system have 20 days to reenlist and retain their temporary grade. They will get a substantial bonus, allotments, etc., and will go on 90 day furloughs immediately.

New enlistments may be for 18 months, two years or three years and men with six months previous service may sign up for one year. All enlistees have the choice of 15 branches of

## Two Injured In Head-On Hiway Crash

Charles Loveless, Farwell gasoline dealer, suffered cuts and bruises, and Donald Potratz, sailor, of Minneapolis, Minn., was cut about the face and neck as the result of a highway crash which occurred at about four o'clock Saturday morning on Highway 60, nine miles east of Hereford.

Loveless was driving a gasoline transport truck and heading west; and Potratz, accompanied by Mr. and Mrs. Ben Hatten, was going east at the time of the head-on crash which completely demolished both vehicles. According to J. C. Reece, state highway patrolman, heavy fog is blamed for the accident.

Loveless was thrown clear of his truck, which turned over; The other passengers in Potratz' car, Mr. and Mrs. Hatten, were uninjured.

Passersby took the wreck victims to Hereford, where Loveless was taken to the Deaf Smith County Hospital and Potratz was taken to the hospital at the Hereford POW Camp.

service and of seven overseas theatres.

For the first time, 17 year olds may enlist—with the consent of their parents; and all recruits are promised a promotion to Pfc in six months.

Recruiting offices in this district are located at Lubbock, Amarillo; Big Spring, San Angelo and Abilene.

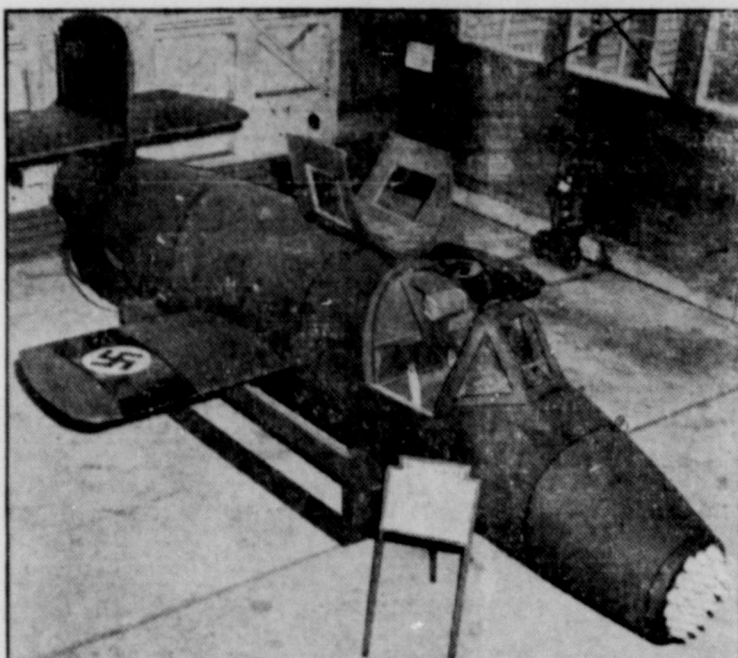

When the end draws near you will wish that you had a lot of the time that you have wasted.

## Sitting

Mrs. Enit Kaufman of New York works on a portrait of President Truman as he sits at his desk in the White House. When completed the painting will be included in a series, "The American Century."

### Another Odd German Weapon

This is a Nazi jet propelled interceptor, designed to be launched from a vertical platform to meet incoming bombers. After firing of 24 nose rockets, pilot and propulsion unit were to be parachuted. The plane was shown to the public by the Air Technical Service Command at Freeman Field, Indiana.

### "Must" Reading For Texans Listed By Historian

Austin, Texas, Oct.—A list of "musts" for reading on the Texas centennial of Statehood has been recommended by Dr. H. Bailey Carroll, University of Texas historian and associate professor of history.

Dr. Carroll, assistant director of research in Texas history at the University of Texas, says that although hundreds of books have been published on Texas and Texans, the Southwestern Historical Quarterly, in 48 volumes, gives the most comprehensive history in one single collection.

In order to know the evolution of Texas, its wars and struggles, its colorful personalities, its famed Rangers and ballad-singing cowboys, Dr. Carroll has suggested the following 25 books in order of their significance:

"Texas: The Lone Star State," by R. N. Richardson; "Readings in Texas History," by E. C. Barker; "The Life of Stephen F. Austin," by E. C. Barker; "The Texas Rangers," by W. P. Webb; "The Annexation of Texas," by J. H. Smith; "History of Texas," by Ralph W. Steen; "Twentieth Century Texas; An Economic and Social History," by Ralph W. Steen; "The Evolution of a State," by Noah Smithwick; "History of the North Mexican States and Texas," by H. H. Bancroft.

"The Log of a Cowboy," by Andy Adams; "35,000 Days in Texas; A History of the Dallas News and Its Forebears," by Sam Acheson; "The Heroes of San Jacinto," by Sam Dixon and Louis W. Kemp; "The Adventures of Big Foot Wallace," by John C. Duval; "The Signers of the Texas Declaration of Independence," by Louis W. Kemp.

"Narrative of the Texan Santa Fe Expedition," by George W. Kendall; "Texas Statecraft," by Joseph William Schmitz; "Texas Wild Flowers," by Ellen D. Schultz; "Texas: A Guide to the Lone Star State," by the American Guide Series; "Divided We Stand," by W. P. Webb.

"The Republic of Texas," by Clarence R. Wharton; "Cowboy Songs and Other Frontier Ballads," by John A. Lomax; "A Contest of Civilizations," by George P. Garrison; "Mirabeau B. Lamar," by H. P. Gambrell; "Naturalists of the Frontier," by Samuel W. Gelsler; "The XIT Ranch of Texas," by J. Everts Haley.

### Breaking of Grass Land Brings Warning

Declaring that farming practices being introduced in Deaf Smith County by persons unfamiliar with the country are extremely dangerous, County Agent A. R. Bateman this week warned against the breaking up of lake land and land which was allowed to go back to grass during the years of bad drouths and dust storms.

Local farmers, who learned the dangers of blowing land from sad experience, allowed approximately 50,000 acres to go back to grass, Bateman stated. Recent trips over the county have shown that much of this land is again being plowed and the result will be unfortunate, both for the farmer who is trying to cultivate the land, and for his neighbors whose fields stand in danger of being buried, Bateman emphasizes.

In other sections of the county, the county agent points out, a "clean" field is evidence of a good farmer, but in this territory vegetation must be left in the field to prevent blowing and clean following is a practice to be avoided.

Bateman urges newcomers to consult with their neighbors and find out the history of the land before breaking up grassland. Some pasture should be left on each farm to support the livestock which every farmer should have, he states.

## SONS In the Service

Forrest Osborn, recently and for the past three years a member of the U. S. Navy, where he served in the Fire Department and was cited for bravery and efficiency in fire fighting, has received his honorable discharge.

Forrest will again take up farming as a part of his vocation. He expects also to be associated as a partner in the F & O Tractor service with his brother-in-law, Howard Ford, soon as he gets his wheat sowed.

Two more of our service boys arrived home during the past week, they being Bill Hamlin, son of Mr. and Mrs. J. D. Hamlin, and Albert Davis, son of H. C. Davis.

Seaman Olaf B. (Boots) Deatherage, S 1-c, left Tuesday morning to report to Dallas for reassignment. He has just spent a 24-day leave with his wife and sons, Gary and Lavon. Seaman Deatherage has been at Camp Elliott, Calif., since his release from the Navy hospital at Oceanside, in August.

On the Island of Luzon, Sept. 26, 1945.

Dear Uncle John: Well, it seems like I have really got around, and it also seems that I never think to write, unless it is for my own benefit. I am on the Luzon Island now, about seven miles from Manila, and so far as I am concerned, that city is no good. It rains over here continually and is it HOT? You go around all the time looking for Satan because this is the kind of a place you would expect to find him. I did think that I wouldn't be home until 1947, but now I believe I can make it in '46, because I just lack 14 points of having eighty, and I just lack 14 years on my age to be able to get a discharge that way, so I am really getting up there. I must sign off and get to work. My APO is 75, c-o P. M. San Francisco, Calif.

Sgt. John E. Hall  
The writer of the above letter is a son of Mr. and Mrs. Carl Hall of this city.—U. J.

Work on the J. W. Baxter residence on Main Street and on the buildings for the C. F. Loflin tourist camp, on the Highway, which was progressing nicely was help up by the rain Tuesday.

## Plane Crash Claims Life of Ovid Pinckert

Major Ovid Pinckert, 40 years old, was killed early last Friday morning when the C-46 plane he was piloting crashed into a mountain side near San Bernardino, Calif., and fell 1000 feet into a valley. All four passengers in the plane were killed, and a 40-man Army crew worked for six days on the difficult job of removing the bodies from the almost inaccessible valley.

Major Pinckert's body was recovered yesterday morning and his parents, Mr. and Mrs. F. L. Pinckert, who were visiting their son and his wife at the time of the tragic accident, expected to start for Hereford yesterday or today. Funeral services will be held here, although the exact date has not yet been set. The body will arrive in Hereford Saturday.

Major Pinckert, whose experience in aviation dated back to 1924, was one of the skilled flyers whose aviation know-how helped to develop thousands of pilots for the Army Air Corps. He served for two years as a civilian instructor in the Army pilot training program, prior to entering military service almost four years ago. He served for 14 months in Africa with the Air Transport Command and was chief pilot at the Reno Army Air Base at the time of his death.

A son of Mr. and Mrs. F. L. Pinckert of the Jumbo community, Major Pinckert came to this community in 1918, attended local schools and was well-known in Hereford.

Survivors, besides his parents and his wife, are three sons, Frankie, 17, Harold, 15 and Ernie—all of Carlsbad, N. M.; two brothers, Chester and Robert Pinckert of Hereford, and a sister, Mrs. Buddy Taylor of Canyon.

Bill Flippin and Bud Elmore were attending to business in Amarillo, Tuesday.

Commercial salt is manufactured primarily from natural brine and rock salt.

Helium was discovered in the sun's atmosphere in 1868 and on earth in 1895.

## Westway

By MRS. MERLIN KAUL

Rain which began falling Monday night and continued through Tuesday, supplemented the heavy rains of last week end. Many farmers who had waited for rain before sowing their wheat, will be busy sowing as soon as the ground is dry enough.

Congratulations are extended to Mr. and Mrs. Billy Jackson whose marriage occurred last week. Mrs. Jackson, the former Jean Walker, is the daughter of Mr. and Mrs. A. J. Walker. She was graduated from Hereford High School last spring and has been popular in the younger set. Mr. Jackson has recently received his discharge and has a position at Seminole.

The couple left for New Mexico to visit relatives after which they will go to Seminole.

Miss Fairene Weeks of Grady, N. M., was a guest in the A. J. Walker home last week end. She came to attend the Walker-Jackson wedding.

J. A. Roe returned Saturday night from a visit with his mother near Fort Worth.

There were 45 present at Sunday-School Sunday. The S. S. hour has been changed to 10 o'clock. Mrs. A. C. Pierce contributed to the birthday offering.

Rev. and Mrs. H. Fields and son Johnny of Plainview were present and Rev. Fields preached at morning and evening services. They were dinner guests in the T. B. Cox home.

Sunday evening services will begin at 7:30 P. M. There will be special singing and Young people's service next Sunday evening. All young people in the

community are invited to attend.

Mrs. Vera Davison, Jack and Don, Mrs. Blanche Cross and Mrs. Sammy Davison all of Hereford were dinner guests Sunday in the Roy Lee Wilson home.

Kenneth Rudd of Phoenix, Ariz., spent Saturday with his family here. He was honor guest Saturday night at a party at the schoolhouse. Among those present were the Paul Rudd, Raymon Childers, Earl Scott, Roy Lee Wilson, T. B. Cox, Merlin Kaul, and Grady Wilson families; also Don Davison of Hereford, Jerry Ray Landers of Jumbo, Eugene Fangman, E. H. Little, Harold Head, Geraldine Paschal, Claudine Czerner, Clinton Cates and Leon Perry of Hereford, and Carl Schroeder.

Mr. and Mrs. Claude Caison and family have moved from Hereford to their farm here. C. W. started to school here Monday morning.

Jerry Roy Landers of Jumbo spent the week end in the Grady Wilson home.

Mrs. Ira Turner is able to be about again after suffering severe injuries as the result of a fall.

Mr. and Mrs. Elvin Stuckley are making an extended visit in the Edward Czerner home. Mr. Stuckley has been recently discharged.

Excitement reigned supreme Friday noon at school as the children started to march back to their classes in Mrs. Bryant's room. For there, crawling across the floor in the front of the room was a big snake—all of three feet in length, judging from little folk's report. Larry Wilson and Raymond Morrison proved themselves heroes by killing it with the broom.

Mr. and Mrs. Carl Schroeder were Canyon visitors last Wednesday.

Among those attending the Hereford-Friona football game Friday night were the Paul Rudd, Earl Scott and Roy Lee Wilson families, Bobbie Boyd, E. H. Little, Eugene Fangman,

### REA Plans Cut-Off of All Irrigation Wells

Because of the recent rains, the Deaf Smith County REA is planning to cut off all irrigation wells on their lines by Oct. 20, Manager Leo Forrest announced today.

"Any farmers who do not want their wells cut off should advise us immediately," Forrest said, "Otherwise we plan to cut off all wells by the announced deadline date."

The Star office has just completed the printing of application forms for membership in the Parmer County Community Hospital, Inc., and applicants for membership may receive one by calling at the hospital office where Miss Lora Mae McFarland is in charge.

Harold Head and Geraldine Paschal.

There was no school Tuesday because of the bad roads. The roads were very soft and slippery.

Mrs. Grady Wilson Jr., returned home the last of the week from Los Angeles, Calif., where she has been working. She expects her husband who is in the navy home before long.

Friends were greeting Leslie Vaughn of Tacoma, Wash., in Hereford Saturday. Leslie is the son of Mr. and Mrs. Tom Vaughn who lived where the Fangman family now live.

Guests in the A. J. Walker home last week included Mrs. Ross Ladd, Mr. and Mrs. Fred Dow of Mineral Wells, Mrs. P. F. Bandy and Miss Norma Jay Jackson of Amarillo and Mr. and Mrs. Lee Meeks and family of Tucumcari, N. M.

### LEGAL NOTICE

THE STATE OF TEXAS TO: W. H. Smith, James M. O'Brien, M. C. Vaughan, and to the heirs assigns and legal representatives of W. H. Smith, James M. O'Brien, M. C. Vaugh-

an, J. M. McCuan and Belle McCuan, and to the Farwell Investment Company a corporation, and the Leland and Gray Seminary, a corporation, and the unknown stock-holders of said corporations, their heirs assigns and legal representatives Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of November A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 28th day of September A. D. 1945, in this cause, numbered on the docket of said court and styled BOB BARTON Plaintiff, vs. W. H. SMITH, ET AL Defendant.

A brief statement of the nature of this suit is as follows, to wit:

Plaintiff alleges that he is the owner in fee simple of all Lot twenty six (26), Block sixteen (16), of the original town of Farwell, Parmer County, Texas.

and that he claims said land under a Warranty Deed from Gordon McCuan, Lula Belle Pierce and J. A. Pierce, and he specifically sets up and pleads the ten (10) year statute of limitation, alleging open, notorious, hostile, continuous and uninterrupted possession and enjoyment of said land for more than ten (10) years next

proceeding the filing of this suit, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my

hand and the Seal of said Court, at office in Farwell, Texas, this 28th day of September A. D. 1945.

Attest: D. K. ROBERTS Clerk, District Court, Parmer County, Texas. Dorothy Lovelace Deputy. (SEAL)

## Doin' it with Diesels on the Santa Fe

Hauling heavy freights over the steep mountain grades calls for plenty of head-end power.

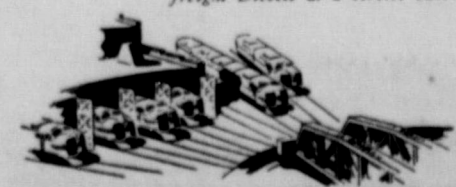

Santa Fe is providing a lot of that power with the greatest fleet of 5400 horse-power Diesel locomotives in American railroading.

80 of these blue and yellow giant "head-ends"—the most powerful

freight Diesels in the world—are now in operation on the Santa Fe.

This dieselization program is one of many important steps by Santa Fe in providing the most modern freight equipment for the peacetime transportation needs of America's West and Southwest.

Six of the big fleet of Santa Fe freight Diesels at a service base.

Ready in War—Ready for Peace

### Classes in Practical Agriculture Offered Vets at Texas A & M

COLLEGE STATION—Returned war veterans are being offered one and two-year programs of practical studies at the Texas A & M College to prepare them for opportunities in businesses allied with agriculture. Chas. N. Shepardson, dean of Agriculture, has announced.

A practical agricultural education is becoming more and more essential to successful conduct of crop and livestock production as new developments appear upon the vast agricultural scene, Dean Shepardson said.

These basal courses, therefore, are designed to give the veteran a scientific background for agricultural production that will enable him to enter into the business of farming, ranching, or allied enterprises, with the education that modern agriculture demands.

The curricula announced for these courses, one to be completed in nine school months and the other in 18 school months, represents intensive work by Dean Shepardson and his department heads during the past year. As approved by the Veterans Administration, it consists of about half class work and about half-time spent in the laboratories and on the farms and stock farms owned and operated by the Texas A & M College.

The nine months' program is designed especially for farm mechanics, nursery workers, landscape gardeners, meat and freezer locker plant operators, and for poultrymen.

The two-year program will reach those more interested in being dairymen, dairy plant operators, or field crop, truck, fruit, livestock and poultry farmers, and those who seek training for managing agricultural business enterprises.

Business concerns operating in the agricultural field are so varied in type and the duties in various positions are so different, that only studies that are fundamental have been listed as prescribed subjects. Dean Shepardson has left ample room in each course for elective studies that will be the trainee for the particular

employment in which he is interested.

These practical agricultural courses do not lead to a college degree. While records of high school work are not required upon entrance, Dean Shepardson pointed out that it should be to the advantage of the student to file any high school credits with the College so that later, if he so desires, he may transfer to the regular four-year agricultural course and work toward a degree.

The first class in practical agriculture got under way Oct. 2 with advanced registration of ten students. This number will be increased as redeployment mounts and veterans learn of the progressive action the Texas A & M College has prepared in their behalf.

Through these courses, the Texas A & M College is carrying out President Gibb Gilchrist's program for terminal schools to provide short and intensive courses for students in something that will enable them to make a better living. They have been designed to attract those who are not able to complete the normal four and five-year courses, or who find such courses too difficult.

### Dairy Industry Maps Reconversion

COLLEGE STATION—Reconversion plans within the Texas dairy industry which highlighted quality and efficiency of production and laid less emphasis on volume of milk produced, received a thorough going over during the third dairy fieldmen's short course held Oct. 8 and 9 at the Texas A & M College.

Twenty specialists, representing all agricultural divisions of the Texas A & M College, were assisted by ten selected authorities from the commercial field in staging the two-day business program.

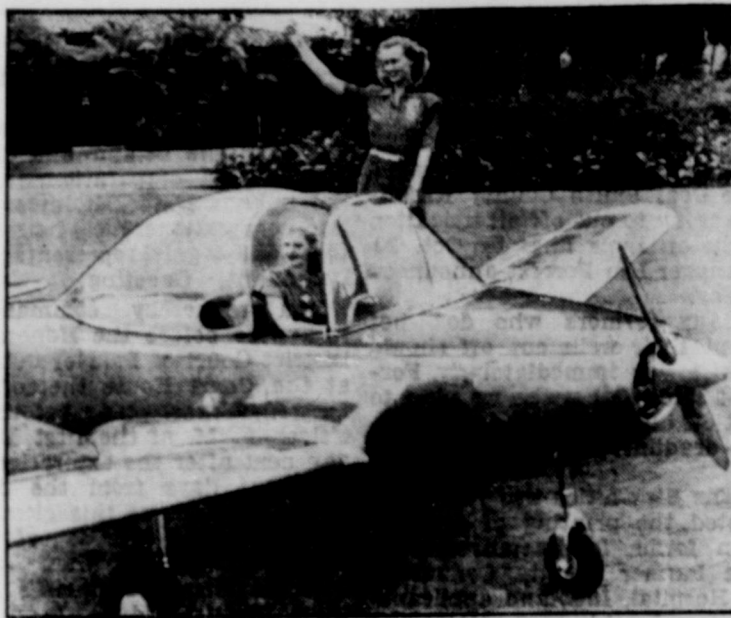

Speakers were selected for the business program on account of their particular knowledge of phases of the eight-point program adopted by state and federal dairying leaders, and which is being put into operation all over the country through agricultural education institutions similar to the Texas A & M College. This program includes: Feed

by which the magistrates of this city (Amsterdam) have been governed; and the consequences have been that the oppressed and persecuted from every country have found among us an asylum from distress. Follow in the same steps and you will be blessed." It is said that years later, when Stuyvesant was a private citizen, he apologized to Bowne for his persecution of "the most valuable Quaker citizens." The home of John Bowne, still standing, is being purchased by the citizens of Flushing for dedication as a national shrine to religious liberty.

A GI recently released from the Navy—William L. Richards, serving with the Protestant Episcopal Church in New York City—has warned a group of business men interested in the program of the Christian church that the churches must develop a more worthwhile program than it has had in the past if it is to enlist the returning service men. Said he, "If the same women are squabbling, the same men not attending the church services, the same hypocrites in the pews, the reaction of some returning men will be 'To hell with the whole lot.'"

### Haile Takes Job With Pharmaceutical Company

Meade Halle, well-known Hereford druggist, has accepted a position as traveling representative of Sharp and Dohme, a pharmaceutical company, and will go to Dallas Sunday to take up his new work.

Mrs. Halle and daughter Ann will remain in Hereford for a few weeks before moving to San Angelo, which will be Mr. Halle's headquarters on his new job.

### Pioneer Resident Dies Saturday In Amarillo

Funeral services for Jim Sain, 57 years old and for many years a farmer near Hereford, were held at the E. B. Black Funeral Chapel Monday afternoon. Mr. Sain died Saturday in an Amarillo Hospital following a long illness.

Born Sept. 12, 1888 at Cleburne, Mr. Sain came to Deaf Smith County with his parents in 1902. He was a veteran of World War I.

Survivors, besides his wife, Mrs. Ruth Sain, are two daughters, Mrs. Bonnie Rea of Portales, N. M., and Miss Ruth Anna Sain of Hereford; his parents, Mr. and Mrs. W. L. Sain, and two sisters, Mrs. J. L. Rogers and Mrs. Britt Boyd of Hereford.

### Last Rites for M. R. Moore Held Thursday

Funeral services for M. R. Moore, 80 years old, who died Tuesday, were held this morning at nine o'clock at the First Baptist Church with Rev. R. H. Cagle officiating.

Born Apr. 18, 1865 in Greenville, S. C., Mr. Moore came to Texas in 1900 and moved to Deaf Smith County from Memphis in 1929. He had business interests here and had continued active in the management of Moore's Camp until a short time before his death.

Survivors include his wife, Mrs. Mae Moore of Hereford; five sons, W. F. Moore, Dumas; Walter M. and C. B. Moore of Detroit, Mich., and Henry E. Moore and Troy Moore of Hereford and four daughters, Mrs. T. M. Osherom, Lubbock, Mrs. L. G. Yarbrough, Wellington, Mrs. M. J. Longshore, Van Nuys, Calif., and Mrs. R. V. Miller of Tulla.

### Summerfield Study Club Hears Review

Summerfield Study Club was entertained at the home of Mrs. Ray Johnson Thursday afternoon.

The program for the afternoon was a book review given by Mrs. Jim Clark. She reviewed "Ricksha Boy," by Lou Shaw, a novel dealing with the oppressed of China, told through the story of its leading character "Happy Boy."

Mrs. Clark said of the book "When you have finished with this book you realize that the real problem of China is not politics as such, or military power, but an age-long social injustice and economic disorganization, where good and lovable men like Happy Boy survive only because of their remarkable character of their race."

A tea hour was observed at

the conclusion of the program with the refreshment table decorated in tones of gold and brown. Mrs. L. L. Cannon presided. Special guests were Mrs. O. G. Hill and Mrs. R. A. Daniel, Jr.

Members present were Mesdames Walk Boston, Brit Clark, Jim Clark, Lee Gurry, Ray Johnson, L. B. Lookingbill, L. H. Lookingbill, Ky Lawrence, Chas. Noland, Mack Noland, J. B. Noland, B. E. Roberson, O. B. Sumner, C. R. Walser and D. C. Walser.

Honey-bees will produce an average of 50 pounds of honey per colony.

**NEWS IN THE WORLD OF RELIGION**  
By W. W. REID

If some American lad of your community was rescued in New Guinea or befriended on some nearby small island by "brown Christian natives," the chances are that these islanders first heard the Gospel from missionaries of the Methodist Overseas Mission of Australia—the principal Protestant society in this vast region. . . . Dr. John Wear Burton, president-general of the Methodist Church in Australia, and formerly general secretary of its Overseas Missions, is now on a speaking and lecture tour of the Methodist churches and seminaries of the United States as the guest of the Board of Missions of the (American) Methodist Church. Dr. Burton, a native of England, educated in New Zealand, has served the society for 43 years in Fiji and Australia. The society has missions in Tonga, Samoa, Fiji, Rotuna, New Guinea, Papua, North Australia, and India.

The settlement of the issue is considered the foundation of religious freedom in America. The Dutch governor, Peter Stuyvesant, thought it his Christian duty to suppress the Quakers who early came into Flushing and vicinity, and he heaped many indignities and punishments upon them. John Bowne, an early Flushing resident, embraced the Quaker faith and was punished several times for "providing lodgings for some of the heretical and abominable Quakers" and for permitting them to hold meetings in his house. Persisting in these "crimes," he was banished to Holland where he appealed to the West India Company which, "finding him a discreet and religious man" reprimanded Stuyvesant in these words: "The consciences of men ought to be free and unshackled so long as they continue moderate, peaceable, inoffensive, and not hostile to the government. Such have been the maxims of prudence and toleration
