

Boy Scout Week Feb. 7-13

Observance of National Boy Scout Week will be held in Rankin and throughout the nation February 7-13 as that organization observes its 48th anniversary.

Among the local features that will mark the week will be a window display at L. Porter Johnson's filled with items made in Den meetings by local Scouts. This feature will be exhibited by members of

the Cub Scouts and will include their work for the past year.

Sunday, February 9, has been designated as Scout Sunday in several local churches. A special period of recognition will be given all Scouters and their leaders.

Locally, Scouting has been reported to have made a number of important gains over the past year. A new Scout House is now in use

near the Little League baseball park and although not yet completed, additional work is planned on the structure. Trees and grass will also be planted.

Rankin Scouting officials have pointed out that they have ample facilities for more boys if there are those who are interested in joining the program.

"All boys are eligible and all are welcome," one scout leader has said. Additional adult leaders can also be used by the Scouts and anyone who would be willing to give of their

time to this program should contact R. L. Bell, Rankin co-ordinator of the Scouting work.

IMPERIAL WINS

Rankin's Red Devil basketball team was eliminated from contention in the district race Tuesday night at Imperial when the host team tallied in the last ten seconds to take the game by a 63-62 mark.

This win virtually assured the Imperial squad of second place and leaves them as the only contender to front-running Wink.

Rankin "B" team won their contest over the Imperial squad.

THE MAN WHO SOLD HOT DOGS

There was a man who lived by the side of the road and sold hot dogs.

He was hard of hearing so he had no radio.

He had trouble with his eyes so he read no newspapers.

But he sold good hot dogs.

He put up signs on the highway telling how good they were.

He stood on the side of the road and cried: "Buy a hot dog, Mister?"

And people bought.

He increased his meat and bun orders.

He bought a bigger stove to take care of his trade.

He finally got his son home from college to help him out.

But then something happened.

His son said, "Father, haven't you been listening to the radio?"

Haven't you been reading the newspapers?"

There is a great world crisis.

The European situation is terrible. The domestic situation is worse."

Whereupon the father thought,

"Well, my son's been to college, he reads the papers and he listens to the radio and he ought to know."

So the father cut down on his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs.

And his hot dog sales fell almost overnight.

"You're right, son," the father said to the boy.

"We're certainly in the middle of a great world crisis."

A Word About The Week-End Specials

Two grocery concerns, Cashway Food Market and Boggs Grocery and Market, carry specials each week in advertisements appearing in the Rankin News. These specials are for the benefit of the week-end shoppers and usually are on for Friday and Saturday. On occasions when they are for additional days, this notice is carried in the advertisement. However, on most of the ads, it is stated that these specials are good ONLY on Friday and Saturday.

A CHILD IS LOST IN RANKIN

Chances are that a child has been lost in Rankin—missed in the counting of school-age children. Officials of Rankin schools feel that there are possibly several children in this school district who have been overlooked in the recent school census.

Each year, as required by the State, school districts make a listing of all children who will be of school age as of September 1 of the next school term. The amount of state assistance to the local school is determined by this count.

Anyone having children who will be old enough to attend Rankin schools next year—whether they plan to enroll them here or not—are asked to contact Mrs. Ross Wheeler or Supt. of schools, Joe Scrivner.

a. DEPENDABILITY - truthfulness, loyalty, punctuality.

b. SERVICE - co-operation, courtesy, consideration of others.

c. LEADERSHIP - personality, self-control, ability to assume responsibility.

Ruth's name will be entered with others of her congressional district to select a Good Citizen to compete for the State Award which is a \$100 Series "E" U. S. Bond.

She has shown her good citizenship qualities all through her school years. Her freshman year she was a member of the FHA, on the basketball, track and tennis teams, a member of the band, and was elected class reporter. AND MORE TOO

A week or so ago we took a swipe at the Federal Communications Commission primarily because they are a lazy bunch of critters when it comes to earning their salt. Now it comes out that they are

not only lazy but that they have a goodly number of "Cheaters" on their payrolls.

It seems that Congress has recently set aside a quarter of a million dollars of tax payer's money to look into some funny business that is being carried on by the FCC such as "donations" from concerns seeking TV permits, etc. That's a lot of jack to plank down to find out something that is already known when it's very likely that nothing more than a pat on the hand will be given offenders if and when they are caught which isn't likely since at least one of them is the nephew of Sam Rayburn, speaker of the House and a Texas congressman.

Someday, sometime, it may be different.

AN OFFER

How do you like your communism—all at once or a little at a time?

We've been getting it a little at a time for a good long while but the recent proposal made by the auto union that everybody—including you and me—share in the profits of the automobile manufacturers, is a fast running leap into the big pool when we don't know what's at the bottom. This idea sounds pretty good when you say it fast but when you stop and

look at it, it is nothing more than a pure, vanilla, form of socialism. And more than that, it is a proposal to "hand" people something for which they have not worked.

Sure, automobiles are expensive—maybe too high but we for one have had just about enough of somebody else dipping into our earnings and taking out whatever they please in the form of taxes and will never agree to any plan to force any group, manufacturers, ranchers, farmers, school teachers or what have you to share their profits with us.

Unions are a great thing and they have done wonders for the working people all over the world but they are flirting with the idea of killing the goose that lays the golden egg when they say: Take the profit away and divide it up.

Take the profit away and nobody want's to work just for the headaches that are involved.

HIGH SCHOOL

Two important series of conference games will be played this week by Rankin High School basketball squads with a Tuesday night contest of two games, "A" and "B", in Imperial, the team presently holding down second place in the district.

On Friday night, first-place Wink will host Rankin in a contest that could be the deciding factor of the District 5-B winner. This event will also feature an "A" and "B" game. The Red Devils presently hold down third place in the league and by winning these two ball games would be in a position for at least a tie of district honors.

GIRLS GAME

Also on Friday night beginning at 6:00 p.m. the Rankin girls will entertain Eldorado here with three games on schedule. Thus far in the season, the girls have had little trouble playing their schedule, losing only three games. They have won two consolation trophies and one championship trophy, all of which are now on display in the high school trophy case.

FOOD SURVEY

Home demonstration clubs will be making a foods and nutrition survey during February to get a more accurate picture of the situation in the county for the use of the county program building committee in planning for future work in the county along this line. Each home demonstration club member will fill out the survey blank which is a simple check sheet calling for such information as the number in the family; economic and educational level; sources of foods information; time and planning in meal preparation; and the quantity of foods conserved and produced.

No names will be used on the survey sheets and no means of identification. The committee will be concerned only with county totals. Members of other organizations and individuals will be asked to check survey blanks. The plan is to have an equal number of club members and non club members checking the survey. The committee will appreciate co-operation on the part of club members and non club members alike.

Would you be interested in knowing what the foods and nutrition situation is in the county? We're trying to learn.

WITH "THE BRASS"

We had a most interesting conference last week with the other members of the Executive Committees of the County Agricultural and Home Demonstration Agents Associations and the Extension Service and A and M officials. Everyone had his say from yours truly to the College Chancellor on such varied subjects as over all objectives and plans for the Extension Service, professional improvement, recruitment, public relations, salaries, insurance and a number of other topics of interest to the service personnel and the people with whom they work. This conference of agents and staff is an annual one.

Sorry we didn't get around to making A&M co-educational! We

have had enough time explaining the "head of the department of Home Economics at A&M." We do have one or did you know?

THDA PLANNING MEET

Mrs. Dora Smith and Mrs. V. B. Duncan of Big Lake and Mrs. J. R. Sumrall of McCamey attended a THDA meeting in Fort Stockton last week. The group made plans for the district meeting of the Texas Home Demonstration Association to be held at Midland on April 10th. They also received training from Miss Bonnie Cox, Extension Service Organization Specialist.

County THDA Chairmen are Mrs.

V. B. Duncan for Reagan County and Mrs. J. T. Gibbs for Upton.

COMING EVENTS

Monday, February 10th, McCamey Senior 4-H Club.

Tuesday, February 11th, McCamey Junior 4-H Club.

We leave on Tuesday for Houston to attend the Board Meeting of the County Home Demonstration Agents' Association of Texas and the annual meeting of the Texas Home Economics Association. We regret that the only two out of the county meeting of this nature

scheduled for the year come so close together. We had not known of the policy meeting at College Station until notice of attendance was received.

How far would your electric appliances reach?

The number of jobs you do with electricity is one good measure of your standard of living. The more ways you put it to work, the more likely you are to live comfortably and conveniently.

You and other customers of the more than 400 independent electric companies can use electricity widely because it's plentiful and costs so little.

Right now, in every room in your home, electricity is working for you or waiting for your command — probably in more ways than you remember. And you can depend on it. Making sure you get good service always is the main job of the men and women of your electric company.
