**WILLIAMS' BOYS**—Top Row: Gayland Lee Williams, 6, Earlex Gene Williams, 9, and Jimmy Wayne Williams, 3, sons of Mr. and Mrs. Williams. **THE HOOD BOYS**—Bruce Hood, 3, and Billy Hood, 3, sons of Mr. and Mrs. Bill Hood.

## CREDIT BUREAU GETS SPECIAL RATING

and a chance for expansion came to Rankin. Myrtle Brown of the office, was admitted to the Associated Credit America's Collection Ser-

Myrtle Brown says that one of the benefits of belonging to the Collection Service Division is that her office can give better service to local credit granters—those who turn accounts over to her for collection. The organization has over 1100 members all over the U. S. and Canada—and each member must maintain a high standard of efficiency. Should a debtor leave owing bills to local merchants, Myrtle Brown says the accounts can be collected, in most cases, through affiliated Collection Service Division member's in the debtor's new home. This improvement and expansion of collection service means surer profits for the credit granters of Rankin, says Mrs. Brown.

## Rodeo Shows Good Profit; Juniors Tie For Top Spot

Successful All-Kid Rodeo was held in the books of Upton County 4-H Club. Last performance followed the show and set an all-time record in attendance, contestants and prizes. The Club have estimated the rodeo grossed around \$800 or \$700 net to be used for work in the coming year.

and tied for All-Around Cowboy. They were Ronald London of Dallas and F. G. "Shorty" Johnson of Midland. Award for the top cowboy was a \$230 hand-made saddle. One of the boys purchased the others interest in the prize.

Other prizes were \$40 silver belt buckles to first-place winners of the events; \$10 gift certificates for second place, and belts to third placers. Miss Mary Jean Yates of Marfa, queen of the show, was awarded a \$45 pair of boots. Parade winners who also received prizes were Miss Yates, individual, and Coral Rankin, Float.

## New Regulations Explained By Local Postmaster

# Higher Postal Rates Into Effect Here Soon

## Ballot Drawing Held Monday

Politicking time suddenly got a bit nearer for candidates and voters last Monday when the Upton County Democratic Executive Committee met to hold the drawing for places on the ballots. All candidates in the county have been invited to attend the drawing but only five were present at the courthouse at 3:00 p.m. Monday. They were Norman Elrod, Horace Slaughter, Elizabeth Rains, Nancy Daugherty and Omar Warren.

With Bill Ramsey, chairman, passing the hat around among those present, places for the Upton County ballot were drawn for all state offices and county positions. Drawing's in the Governor's race saw Price Daniel take the top spot, W. Lee O'Daniels, second; Henry Gonzales, third; and Joe Erwin, fourth. George Nokes will be listed over Ben Ramsey in the Lt. Governor's spot on the county ballot.

In local races, representative spots were: Andy Anderson, Bob Montgomery and Brown Bailey. For county judge, Bud Fisher will be listed first, followed by Horace Slaughter, Emmett Matejowsky and Norman Elrod in that order.

Jim Herrington will be first on the county and district clerk's contest with Nancy K. Daugherty seeking re-election in the number two spot on the ballot. W. J. "Curly" Cowen will be first and Charlie Campbell second in the J. P. race in Precinct 2.

### VOTING NEAR

According to Ramsey, ballots for the July 26 election will go to the printers on or before June 20 and absentee voting will begin July 6 and continue through July 22. The first primary will be held on July 26th.

### SAYS THANKS

W. M. "Dub" Day, county agent, expressing his thanks on behalf of the Upton County 4-H Club to all who helped make the Kid Rodeo a success, said: "The support and assistance that we received made it all possible. A most hearty word of 'Thanks' to everyone."

Plenty of headaches are in store for local postal officials, all because the New Postal Pay-Postal Rate act goes into effect August 1.

A two-month supply of post-cards, stamps, stamped envelopes and stamp coils at the Rankin Post Office will have to be used up or exchanged for supplies of new rates when the nation-wide change begins in mid-summer, Postmaster Grace Roach explained.

Letters, or first class mail, rates will be raised from three cents to four, post cards will rise from two cents to three, and stamps for

air mail letters will be seven cent after August 1. Air mail postal cards will cost five cents.

Other changes in postal rates include three step increases in the second class mails. The first change will become effective Jan. 1, 1959, and the next two will be effective Jan. 1, 1960, and Jan. 1, 1961, respectively.

### ODD-SIZE

Odd-size pieces of a minimum two ounces will rise from three to six cents on August 1, and book mailing rates will be nine cents for the first pound plus five cents each for additional pounds.

Annual bulk mailing fees, paid each calendar year, will be raised from \$10 to \$20, effective Jan. 1, 1959.

The act also provides a weight limit on third class mail, up to but not including 16 ounces, to be three cents for the first two ounces plus one and one-half cents for each additional ounce.

"This is an oddity in the new law," said Miss Roach. "It will actually provide a decrease in third class rates due to size limits."

### NEW LAW

The new law—House of Representatives Bill 5836—was approved May 27. It is an act to establish a postal policy, adjust postal rates, adjust compensation to postal employees and for other purposes," according to a statement in the Postal Bulletin.

It will even cost more to mail wedding invitations, Christmas cards, and the like because stamps for printed matter in unsealed envelopes will go up from two to three cents.

### ADJUSTMENTS

Circulars, merchandise and miscellaneous mail will rise from two to three cents an ounce. This does not include bulk mailing. Bulk mailing postal rates will not be changed until Jan., 1, 1959, Miss Roach explained.

The popular three cent stamp will be no longer, and a maroon-colored four cent stamp picturing Abraham Lincoln will step in to claim the demanding needs in the first class mail division.

### TO GET RAISES

Local postal employees will be given a 7½ percent permanent raise in wages and a 2½ percent temporary raise which is to terminate at the end of three years.

## JUDGING TEAM WINS STATE TITLE

The Upton County 4-H Club's wool and mohair judging team is officially the state champions of Texas.

With their winning of this high honor last week-end in San Angelo, the team reached a goal toward which they have been working for the past several years. Previously, they had won district and regional titles in wool and mohair judging.

High individual for the team and the entire state contest was James McDonald, son of Mr. and Mrs. A. J. McDonald. Other team members were Bud Poage, son of Mr. and Mrs. Walton Poage, and Dennis Kennemer, grandson of Mr. and Mrs. J. F. Everett. All three boys are students in Rankin High School.

McDonald tallied 646 points out of a possible 800. The team had 1836 points out of a possible 2400. Sutton County' team, in second spot winners, had 1332 points.

This week, the boys and county agent Dub Day, along with USDA agent, Sam Fitzhugh, are in Sonora where the team will compete in an open contest for further honors.

## HALLIBURTON WORKS ON WORLD'S DEEPEST HOLE

Joe Simpson, local manager for Halliburton Oil Well Cementing Co. announced last week that that firm recently completed a cementing job on the world's deepest oil well being drilled in Pecos County. Depth of the hole at the time of the cementing was 22919 feet.

Simpson said that the temperature at the bottom of the hole was in excess of 300 degrees. Four pump trucks were used to force the mixture to the bottom.

## GOOD JUDGING

When the Upton County 4-H Club Judging team won the state wool and mohair contest in San Angelo last week-end, the boys in the team reached a goal toward which they had been working for a good long while. Championship teams are not made in just a year—whether they be judging teams, football teams, or what have you.

Those boys proved that the 4-H Club program is a good one; that it is something that will give a youngster a great opportunity as well as rewarding satisfaction in a job well done. It will also put money in the bank for those who are willing to get in the program early and stay with it.

Also, we don't seem to recall when, if ever any of the active 4-H members have been involved in any of the so-called juvenile delinquency trouble in Upton County. Those who take active part in all of the phases of the work are usually too busy to have time on their hands. It's a fine program—whether in Upton County or elsewhere—and the people of the area can be proud of the Club and its members, for without the support of the local citizenry, the 4-H'ers would find the going very rough.

There is likely a lot of things around the community which could use some attention but we'd venture to say that few places have a better rounded or supervised program for the youth of the community than can be found here. We have said before, and it will stand repeating, that all who spend their time

and efforts in any of the many phases of this work should be satisfied with their work for—as a whole—it pays off in not only state Championships but a mighty fine bunch of teenagers and future citizens.

## SUMMER SLUMP

In almost every phase of a community's work, there is what is known as "the summer slump." In church attendance, in lodges, and clubs and in business houses, there is a noticeable lack of folks as vacation time rolls around. It also affects the newspaper business.

Last week we let Father's Day go by without making any remarks

about gifts of ties, socks and shirts—it was just too hot to put out the effort. Now that is past and it's still hot and about all we have to offer is the pastime of our readers checking the News for mistakes. Those finding errors will have to stand in line to call them to our attention.

However, not everything is standing still. During the summer months a good bit of paving will likely get under way, which when completed, will give Rankin a considerable amount of stuff that has been hard to come by. A visitor in town who had been away for at least five years would be in for quite a little surprise—not only at the amount of paved streets but improvements

in general.

When we live and work here all the time, we fail to notice these improvements as they take place little by little but when one stops to think back just a few years, it is easy to see that a goodly amount of progress has been and is being made.

Summer slumps and slow times included, it can easily be said that Rankin is growing and improving right along with the rest of West Texas and that by looking five or ten years ahead, it can be seen that we'll have a mighty good place here before long.

Patience and progress run together.

### D. W. Workmans Observe 60 Years Of Marriage

Children, grandchildren and great grandchildren of Mr. and Mrs. D. W. Workman of Texon met in Rankin on Sunday for the observance of Mr. and Mrs. Workman's 60th wedding anniversary. Their marriage took place in Wytheville, Virginia, June 15, 1898.

The family attended morning worship services at the First Methodist Church, during which Reverend Lynn McAden, pastor, paid special tribute to Mr. and Mrs. Workman, who have resided in Texon the past thirty-four years. They are the parents of Mrs. Clyde Miller of Texon and Mr. Tom Workman of Rankin.

Dinner was served at noon in the dining room of the Highland Cafe and the group spent the remainder of the day in the Tom Workman home.

Present for the occasion were Mr. and Mrs. D. W. Workman and Mr. and Mrs. Clyde Miller of Texon; Mr. and Mrs. David Workman, Davie and Cathy of Stanton, Mr. and Mrs. Jimmy Workman and Tommy Workman, Darlene and Marilyn, Mary Ann Workman and Mr. and Mrs. Tom Workman of Rankin.

Mrs. Zack Monroe returned Friday from Perryton, Texas, where she attended the wedding of her grand-daughter, Janie Ruth Putman to Sammy McLain on June 12. Janie is the daughter of Mr. and Mrs. J. W. Putman of Perryton. The couple will make their home in Perryton.

Mr. and Mrs. Jack Black of Seminole visited Saturday with her parents Mr. and Mrs. Ed Hale.

Mr. and Mrs. Jamie Knox and son James Murray of Ozona spent Sunday with her parents and grand parents, Mr. and Mrs. Murray McCain and Mr. and Mrs. B. B. Brown.

Mr. and Mrs. Charles Brown and daughter, Dianne of Monahans visited Monday with her parents, Mr. and Mrs. Omar Warren.

Mrs. Travis and boys visited over the week in Big Lake with her parents, Mr. and Mrs. King.

With full heart and watchful eyes you helped him enjoy his very first taste of independence.

And how proud you were when he achieved his goal, all by himself, and then, laughing, ran to your waiting arms to share his triumph with you!

Nothing you can give your child is half so precious as this wonderful opportunity to be himself. All through life you want him to be free to choose his way.

That's why it's so important to be on the watch for ideas or ideologies that could set limits to his independence. The idea, for instance, that government should own and run more and more businesses, services, institutions. Don't forget that when government runs more and more things, the individual has less and less freedom and independence!

Think of your son's first "independence day" when you hear talk like that. Point out that in countries where government does control almost everything, the individual is controlled, also. And the loss of anybody's independence is a threat to everybody's freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business. And powerful people are pressing to take over more.

**FOR PARENTS ONLY**

Now that summer is here and the children of school, I imagine the family's telephone service an extra-good workout.

I guess teenagers, and even smaller fry, use the phone more often during vacation months. They play up sand lot ball games, swimming parties, movie and a good many other things, as we all know.

It would be hard to find a better time than now to order an extension telephone. Put it in a room where it will be handiest for the youngsters. They'll enjoy it and so will you. Best of all, you'll save yourself a lot of how many dashes to answer incoming calls that are to be for them.

To order an extension, just call the telephone office, McCamey OL 2-3201. The cost is only \$1.00 for a residence extension, plus tax and installation.

**MEMO TO BUSINESSMEN**

I heard a businessman remark recently that he had covered over his operations with a fine-tooth comb to trim unnecessary expenses. And one item he planned to cut was Distance.

I wonder if he wasn't making a mistake. I understand the desire to cut costs. But, rather than cut Distance, he should use his telephone even MORE for out-of-town calling.

Many businessmen have proved it in for themselves and here's how: Instead of you or your salesman spending a day to visit several prospective customers in other towns, call them Long Distance. It saves travel on the high turns travel time into selling time. And a telephone call is almost as personal as a visit and just as appreciated.

Try it yourself and watch the results. I think you'll end you'll agree with our belief that Long Distance costs, it pays.

Call by number. It's twice as fast.  
**SOUTHWESTERN BELL TELEPHONE COMPANY**

**Love story**

It seems this girl was so cr-r-azy about the service she got from her Phillips 66 Dealer that she'd buy only one gallon of Flite-Fuel at a time . . . just so she'd have an excuse to come back oftener.

It was rather trying for this Phillips 66 Dealer, considering all the free services he provides for every customer on every visit. Brushing out inside the car, for example. Cleaning the windows all around. Checking the tires, battery, and radiator.

It turned out just about as you'd expect. Such an obliging fellow, she decided, would be a handy man around the house. So she hooked him.

The trouble is, of course, that most Phillips 66 Dealers are so dedicated to their jobs that household chores get short shrift. No moral here for wives. Obvious moral for motorists.

### SIGHTS TO SEE IN TEXAS

There's plenty to see in Texas, wherever  
you may roam on a holiday jaunt or on a  
vacation trip. Clockwise from the lower  
left hand corner, some of the impressive  
sights to see in Texas are: The Big Bend,  
some of the most striking scenery in the  
state; Guadalupe Peak, highest point in  
Texas at 8,751 feet; the Palo Duro Canyon,  
camping grounds for Indian tribes in  
frontier days; East Texas oil fields,

biggest of them all; the 570-foot San  
Jacinto Monument, commemorating  
decisive battle of Texas history; Gulf  
Coast Beaches, some of the finest in the  
world; the Alamo, "Cradle of Texas  
Liberty," and in the center of the state,  
Texas Longhorn Cavern, biggest cave in  
the state and third largest in the world,  
one of Texas' most spectacular natural  
wonders. Sightseeing is fun in Texas.
