# Light Upton Vote Follows State Trend In Primary Poll

"A wartime vote" was the description some applied to the little more than 1400 who went to the polls in Upton County last Saturday to cast ballots in the first Democratic Primary. Reason for the light vote is believed to be reflected in the number of people who have been transferred or moved from this area since payment of poll taxes began last year.

A total of 2016 poll tax and exemptions were recorded at the tax assessor's office for this year. Total number voting in Saturday's election was 1406.

### PRINCIPAL RACES

Voting in the various races brought no great upsets with Upton County following the state trend in most cases. Elizabeth Rains, running unopposed for County Treasurer, proved to be the most popular local candidate on the ballot as she polled 1394 votes. Other high run-

### JUDGES RACE

Holding the center of attraction was the four-way race for county judge. Incumbent Bud Fisher led the ticket but was forced into a run-off with Norman Elrod. Elrod was the favorite in the three Rankin boxes while Fisher drew his strength in the McCamey voting. Both Slaughter and Matejowsky won votes in all boxes but did not run as strong in McCamey as some had expected. There was a difference of some 45 votes cast in this race and the total number counted in the election, believed to indicate that a number of voters either did not cast ballots in the judge's race or that their ballot was not cast in a manner as prescribed by the election laws and thus was not counted in that particular contest.

In 1954, the last time Fisher was up for election, he drew 1138 votes to his opponent's 496. In the 1952 race, Fisher had 1091 votes to his opponent's 558.

Following is an unofficial tabulation of how Upton County voted by boxes in some of the more interesting phases of the election:

### RUN-OFFS

Saturday's election produced no great upsets and went just about as expected according to most folks who have commented on the balloting. Some have expressed surprise that Slaughter and Matejowsky did not run as well as expected in McCamey in the judge's race. Another surprise runner was Pappy O'Daniel in the race for governor when he outdistanced Gonzales.

Upton County turned out about like a three-year-old going to get his bath . . . or maybe there's just not many folks left here anymore. "A wartime vote" was the way some described the 1400-odd who cast ballots out of 2016 poll taxes and exemptions. The weather was hot even if voting wasn't.

In politics, there are some strange

things. We Texans are a rather easy-going lot and we don't give a hoot much just who the other fellow is or what he does. He can be a Methodist while we're a Baptist and that's all right. He can like Texaco gasoline while we say Humble. He likes a Ford—we prefer a Chevrolet.

It has been known for a Texan to allow his neighbor to support a different football team without getting too angry. But, there evidently is a limit to everything, for the are few indeed who can stand the sight of a fellow who supports any candidate other than their favorite choice. Freedom of speech, thought and action and of the press—all are something for the birds. In a lot of instances when it comes to candidates, "You either agree with us or you are a bum," seems to be the attitude.

We say that we need to change our thinking on these matters a bit. It IS a free country. We all have a right to choose our candidates—to approve or disprove of any one or a whole flock.

We still have a run-off or two in Upton county and another 30 days of "politicking." Don't let anyone tell you that you don't have a right to speak out for the candidate of your choice. Let's do it the American way and when it's all over we can say that we had a good race.

### KNICKKNACKS

We finally decided how to vote in the Senator's race—we voted for that horse that was always in Blakley's pictures. He was the most intelligent looking one in the race. We never have learned where he came in in the finals.

An old Indian proverb says that if your wife wants to learn how to drive—don't stand in her way.

In the matter of football, it's only a little more than two weeks before training will open in the the Red Devil camp. And the jinx bug is still with us from last year.

Charles Allen, first string center and a mighty good ball player, broke his finger last week and Coach Leach says he will not likely be in top shape for about five or six weeks or well after school starts. Keep the crying towel handy this year.

### THIS WEEK

Just so you will be prepared for the celebration beginning August 1, we in the U. S. will be celebrating national Aviation month. At the same time, there will be a shindig for National Aviation.

August is always a slow month but things pick up in September. For instance, in September you will be a party to Better Breakfast Week, Business Women's Week, Child Health Week, Dog Week, Home Week, Sunday School Week, Television Week—all National observances.

For October, you may want to kick up your heels during National Apple Week, National Bible Week, National Flower Week, National Honey Week, National Letter Writing Week, National Macaroni Week, National Popcorn Week, National Pretzel Week, Navy Day or Newspaper Boy Day.

If your favorite week is not included in this list, come by the News office and we'll see if it's not tucked away somewhere in the other nine months. If not—you should have little trouble getting a bill through Congress for your pet week.

Mr. and Mrs. W. L. Gotcher moved this week to the Robbins ranch near Pt. Stockton.

Mr. and Mrs. Arliss Champlin and family moved this week to Big Lake. Mr. Champlin is Employed by BJ Cementing Co.

Mrs. Bessie Bowers has returned to Rankin, after an extended visit in San Antonio with her daughter and family.

Mr. and Mrs. Jesse Bruce and little daughter of Odessa spent the week end with her parents Mr. and S. O. Langford.
