

Devils To Richland Springs Seeking Second Victory

Rankin Red Devils took to the road, seeking a win of the young season. The Richland Springs Cayotes fell to the Cayotes by a 20-6 score. The Cayotes are Class B teams. The Cayotes are 15 miles from Rankin and Rankin have

a two-year playing agreement that will see the Cayotes visit here next season. The two-game series was matched by the schools to fill in their schedules.

GOOD TEAM

Reports reaching Rankin via the scouts who saw the game last week indicates that the Cayotes have a

better ball club than their 20-6 loss would indicate. In their backfield, they have Frank Green, a halfback at 151 pounds who runs the 100 yard length of a football field in less than 10 seconds which places him at a considerable advantage over any player on the Rankin eleven. At the same time, two fine tackles in Mack Maxcey at 181 and

Sheral Sanford at 175, give the squad a good forward wall.

Coach Leach says that the Cayotes run from both the T formation and the single wing. The Red Devils have not had time as yet to put much work on stopping a single wing offense and are expected to have their troubles should halfback Green get behind them.

TRAVELING SQUAD

Leach announced the following group of players who will be included in the Red Devil traveling squad:

Charles Allen, Donnie Gryder, Bobby McAden, James McDonald, Wayne Kennemer, Butch Moore, Linvel Dunn, Jimmy Little, Jimmy Harris, Joe Parks, Johnny Little

Bill Waldroop, Bud Poage, Douglas Woodfin, Garland Francis

Frank Boyd, Fred Aguilar, Jimmy Lewis, Stanley James, Wayne Windham, Leslie Young and Jimmy Linthicum. Two manager, Wayne Craig and Earnest Clay will accompany the team.

SLIGHT INJURIES

In workouts this week, two of the Red Devils suffered slight injuries that may hinder their performances Friday night. Fred Aguilar had a shoulder knocked down Tuesday evening while Bill Waldroop has a painful knee injury. Both, however, are expected to see some action Friday night according to Don Leach.

Devils Wallop Iraan 3 In Sugar Match

Red Devil football team in 1958 season last Saturday with a rousing 45-8 victory over their old rivals from Iraan in the "sugar game" in a tussel which, prior to the night stood with two ties and one tie. At the same time, they gathered revenge for the 33-0 dubbing them last year in Iraan. The Red Devils surprised

fans and scouting coaches with a whole "batch" of fine backfield performers and an extremely rugged and aggressive forward wall.

Carrying the mail up the middle were the heavier backfield men in Lewis and Young while Windham, Aguilar and James scatted on the end sweeps and run-backs. All ball handling was ably performed by the new quarterback, Frank Boyd.

In the line, good playing was turned in practically from end to end with the two big "Reds" Harris and Little, added their weight to a line that did not give up enough yardage in the first half to count.

With the scoreboard reading 22-0 at the end of the half, Rankin returned to the field at the beginning of the third quarter and quickly put the game on ice. The second string got in considerable activity during this period but proved to be just as eager as the "first-stringers" and turned in a touchdown in their first three offensive thrusts. From there on in, it was a matter of cleaning the bench as every boy who was suited out took a part in the game.

FANS HAPPY

There could be no denying that local fans were happy with the showing made by the Devils. Pleagued all last year by injuries and sickness, the local ball club won only two games. Already this season, fans are looking forward to another "successful" year for Rankin High with chances for winning district believed to be better than they have been in a number of years.

Sportswriters, who have picked the Red Devils for third place in the district, are expected to take another look at the standings after Saturday night's contest. Class A Iraan was admittedly in poor condition for the early-season game but with the offensive strength, plus a good defense, the Red Devils are in a position to make a game of it with all comers this season.

County Sets Tax Rate On Same Basis Of 1957

In action during their regular meeting last Monday, September 8, members of the Commissioner's Court set the tax rate for Upton County for 1958 at \$1.26 per \$100 valuation—the same figure as used last year.

A breakdown of the rate shows the following money allocated to these various funds:

| | |
|------------------------------|-------|
| Road and Bridge | .05 |
| Road and Bridge Special | .15 |
| General Fund | .55 |
| Permanent Improvement | .01 |
| New Road Sinking | .31 |
| Road and Bridge Warrant Sink | .01 |
| Park Bond Sinking | .02 |
| Airport Bond Sinking | .011½ |
| Hospital Bond Sinking | .05 |
| Park Imp. Bond Sinking | .04 |
| Hospital Warrant Sinking | .01 |
| Courthouse Bond Sinking | .041½ |

This new breakdown of the tax monies received by the county saw changes in the amounts allocated to three major funds over last year.

Women Gilfers Plan Saturday Bake Sale

Members of the Women's Golf Association will hold a Bake Sale at 9:00 A.M. Saturday morning, September 13. Cakes will be on sale by club members at the post office.

Proceeds from the sale will be used by the women in their program of improvement of the local golf course.

show gains this week as additional students either transferred into the system or returned from vacations. In Elementary, principal Ed Stewart reported 6 new students this week and said that he knew of several more who would likely enter at a later date.

"We are definitely on the increase," he said.

In Junior High, principal Bill Cook had registered three new students as of Wednesday and he, too, reported an increased enrollment.

There were the General Fund which drew 60 last year and was cut to .55 this year; Permanent Improvement Fund, .12 cents last year and cut to .01 cent for 1958; and the Road and Bridge Fund which was .08 cents for 1957 and adjusted to .05 this year.

State tax collected by Upton County amounts to .42 cents—also, the same as last year. Discounts being offered for early payment of taxes are 3% if paid during October, 2% for November and 1% in December. All taxes are due and payable in January and become delinquent on February 1 at which time a penalty is assessed.

BUDGET NOT AVAILABLE

The County Clerk's office reported that, as of noon Wednesday, September 10, they did not have on file a copy of the budget as adopted by the commissioner's court for the coming year. A copy of the budget was to have been filed with that office some two weeks ago according to a notice of a public hearing scheduled by the court at that time.

No financial reports of money expenditures have been published by the county, as required by law, since early in 1957.

THE WINNERS—

There can be no doubt about it—we owe an apology to the members of the Rankin Red Devil football team for saying that they had a chance of beating Iraan by 6 points last Saturday. The same is extended and we hope they can continue to make us look bad on our picking in the close ones.

Actually, however, we believe that everyone will admit that the game Saturday night turned out all right regardless of the score—which must have been sweet revenge to the team for the 33-0 dubbing Iraan gave them last year. They looked like a mighty fine club.

Yet, as we again think everyone will agree, last Saturday night's game was not much of a contest in which to tell whether or not the Red Devils have the material for a really great team. The Braves just didn't have much to work with and it would hardly be fair to them not to point out that had they had the boys they played last year, it could have been a different game.

But as we said, it was "Old Home Week" for the local fans and as of right now, football prospects look better than they have for several years.

Personally, we say, play 'em as they come and don't get too overconfident for there are some strong tests ahead in Ozona and Coahoma.

Getting around to this week's affair in Richland Springs (wherever that is), we believe it would be rather a mistake to pick a winner without knowing anything about the other ball club. But we've made mistakes before and on the strength of their showing last Saturday night—plus the fact that West Texas plays a pretty fair brand of ball—we're taking the Red Devils to win in a waltz.

SO WHO CARES—

We are continually warned on every corner that this nation is drifting rapidly toward socialism. The general tone of these warnings is that it is something that has slipped up on us and was started just recently by this or that poli-

tical administration.

That we are drifting toward socialism, we don't doubt but that it is something new to this country is not so. Every month we get the usual batch of bills and are thus reminded that there has been a form of socialism practiced in this country for almost a hundred years.

It was just about that long ago that the government entered the printing business against privately owned commercial printing shops and they have been going strong ever since. At that time, they made a little experiment with printing of return addresses on envelopes. They are still experimenting—at least at the end of every month, we get a batch with return addresses printed at the expense of the taxpayers.

And, strangely enough, it is the business people who make the greatest use of this "service". One would think—and always hears that private business is opposed to government competition but evidently not if it is not in competition with their particular line.

So why have socialism in the printing industry—why not go whole

hog and have socialized medicine, socialized hardware, gasoline, food and clothing—not everybody would be unhappy for not everybody is in these particular lines of business and would be getting all these nice things for "nothing."

FROM THE RALLS BANNER—

It just struck us. We're not socially or economically equal to Nelson and Winthrop Rockefeller, and we want something done about it. There birds are holding aloof, and we have not been privileged to share their limousines, tables, beds, living rooms and society. Furthermore, one of them has a fancy UN job we haven't gotten, and nobody ever asked us to run for governor of either Arkansas or New York. We doubt if our clothes are as well-tailored or expensive as theirs, and their spending power tends to degrade us. All this imbues us with an inferior complex, setting us apart from a superior society in which we no end hanker to cavort. It would save us generations of hard work, hard

study, education and dogged courage to achieve equality with the Rockefellers. Time could be saved if the Supreme Court or Congress would get behind us in this matter to correct a situation that appears unconstitutional, lends a feeling of insecurity, bestows upon us a second-class citizenship, and discriminates against us socially and economically. In such case, federal troops should surround the Rockefeller enterprises

THE RANKIN NEWS

IT'S JUST GOOD BUSINESS

Trading with your hometown merchant or business man is a lot more than just being accomodating -- it's good business. The hometown firm knows that they must stand behind the products they sell -- that they must give just a little better deal than their out-of-town competitors for you, the customer, can go out of town to buy but the local business firm cannot so easily go out of town to get his customers.

When you trade with a local merchant, you are keeping your dollars near at hand -- where they will have a chance of getting back to you. Out-of-town firms buy nothing in Rankin. They pay no wages in Rankin nor do they pay any taxes or otherwise contribute to your well-being.

A community that sticks together on their buying is a prosperous community. Try your local merchants before you go out of town to buy. They more than likely will make you a better deal than you can find any other place -- and they know you and understand your problems and they will help you whenever you need assistance in making payments or securing credit.

Buy it in Rankin and keep your dollars close at hand.

How's Your FORESIGHT Today?

Difficult to predict the course of human events? True. But not so difficult to *change* it in your favor — by *foresight*.

Foresight means making wise provision for the *unpredictable* (the sudden emergency, the unexpected opportunity) as well as for the *inevitable* (growing older, for instance).

May we be specific?

At some crucial turning point in your life, the possession of a sound reserve of ready cash in the bank may make all the difference in the world in *your* future.

You can face the future with more courage, more confidence, more chance of success by reason of your *foresight* now . . . in opening a savings account in this bank, and adding to it regularly.

TEXAS CHAMPIONS OF FREEDOM

MARGARET LEA HOUSTON

First Lady of Texas Independence

So much has been written of Sam Houston, the magnificent Texan, and so little of the woman who comforted and strengthened him...his wife. Well born, well mannered and charming, Margaret Lea of Alabama was a typical magnolia blossom of the old South when she met the hero of San Jacinto. It was love at first sight, although she was but 20 years old and he had lived more than twice her lifetime in a harsh and dangerous frontier world.

They were married shortly before General Houston became President of the Republic of Texas for the second time. A contemporary biographer says, "from then on her life was writing poems and love letters to her husband, playing the harp and piano, managing an overflowing household, bearing and raising

eight children. She also supervised two large farms and loaned the surplus profits, always seeking and finding sound security."

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland... "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interests of Texans, the Foundation stresses close co-operation with Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

BUYING SCHOOL DRESSES

If there are school-age girls in your family, you will find some helpful information in a new leaflet on "Buying a Girl's School Dress."

Written by extension clothing specialists, the leaflet gives practical guides for choosing fabrics, colors and styles that will assure comfort, attractiveness and ease of care.

Descriptions of sizes for the different figure types will help clear up some of the problems of buying school dresses for girls who may be a bit chubby, short-waisted, or tall for her age.

Stores are featuring school dresses in a colorful variety of colors

and fabrics. Get a copy of the new leaflet from your county home demonstration agent's office. Use it to help you get the most for your clothing dollar.

MAKE YOUR OWN

If instead of buying school dresses, you make your own, some of you will be interested in the new sub teen pattern now available. It helps take care of the figure which is more developed than the child but not ready for the teenage pattern.

SAVE TIME AND MONEY

A recent survey showed the 56% of urban homemakers who baked a cake used a mix. By doing so they saved one-third on time and increased cost by one-fifth.

Time saved by using a biscuit

mix was one-fourth and the increase in cost one-half. For cookies it was one-half time saved with one-half more in cost.

By making ones own biscuit mix most of the time can be saved and the expense cut in half.

Home made cake, corn bread, cookies, pie and pastry mixes also save considerable over all time, as much at time of baking as the commercial mixes and cost from one-fifth to one-half less. Easy recipes are available for all.

THE WEEK AHEAD

We shall be meeting with all 4-H groups and planning for the year ahead.

All girls 9-20 are invited to investigate the possibilities in 4-H work.

David Jacobs of Big Lake was a visitor in Rankin Monday.

Butterfield Overland Mail Caravan Include Several Unique Units

ACTLY BUSINESS

by McFeatters

"Oh, business is about as usual!"

The governors of seven Overland Mail States— Missouri, Arkansas, Oklahoma, Texas, New Mexico, Arizona and California—have proclaimed "Overland Mail Days".

These festive dates coincide with the dates a century ago when the first west-bound stage crossed the state concerned.

Basic units of the caravan that will leave Tipton, Missouri on September 16th are: A centennial Highway Chapel, a traveling church with Chaplain Charles F. Arnold in charge with daily chapel services at the over-night stops. The caravan's chapel unit is a 28-foot trailer, outfitted as a frontier religious exhibit. It will be the caravan headquarters for the 24-day trek across the 2800 mile "desert trail". Flying from the "masthead" will be the only flag that ever flies above Old Glory—The Christain Flag.

Highway Post Office: The first Highway Post Office with the man who dreamed up the idea of the Highway Post Office, James F. Cooper, and a crew of veteran postal employees in charge, will pick up pouches of philatolic centennial mail at 200 post offices across the

Southwest.

Anvil Unit: Butterfield's Covered Wagon and traveling Blacksmith Shop and museum with Clamper Al Ferris in charge, will be firing anvil salutes all the way down the 2800 mile trail.

Stage Coach and Four: Pawnee Bill's famous old concord coach, with a four-horse team will roll over the trail again with Mr. and Mrs. John D. Frizzell of Oklahoma City as sponsors.

California State Unit: An exhibit of Overland Mail Books and authors.

Westward The Overland Mail: The Centennial documentary film travelogue of the Butterfield Trail will be previewed each night.

"These units and many others will be escorted out of Tipton, the afternoon of September 16th by a motorcycle escort of Missouri State Police on the 24-day journey to San Francisco to arrive on October

10th.

Anyone may join the caravan, free of charge—make the entire trip or drop out at any time along the way.

Philatelists and cover collectors may insert a stamped self-addressed letter in an envelope and address it to any or all 200 postmasters along the route. These letters will be postmarked by the post office and sent to San Francisco where they will be back-stamped and mailed back to the addressee. Each Post Office will have a pouch to be picked up by the Highway Post Office.

The Butterfield Centennial Caravan will be in Rankin at 1:30 Friday, September 26. The program is under the auspices of the local unit of the National Historical Society sponsors of the Overland Mail Centennial.

TELEPHONE TALK

by Kenneth Cochran, Manager

SAFETY

School's open once again so now might be a good time to remind ourselves to drive carefully. Last year motor vehicles accidents killed 2600 children in the 5-14 age group and injured 150,000 others.

Some of the younger set, who will be going to school for the first time, seem to run out in the street first and think second. So it's up to you and me to watch out for them. One of the best rules for safe driving in school zones is to drive through them just as if your own child's life depended on the way you handle your car.

PRESCRIPTION FOR PLEASURE

The telephone by your side can be pretty good medicine all by itself.

It's one of the best cures for loneliness. I'm thinking especially, of those long distance calls to talk to loved ones and old friends away from home.

And how about those easy-going conversations women enjoy during the day? When you're tired of looking at the ironing board, or when the mop starts to get a little heavy, a short "telephone break"—just a few minutes chat with a friend or neighbor—really brings you back smiling.

Your telephone is more than just a convenience. There's plenty of pleasure and relaxation built into it, too. So use it as often as the mood strikes you. That's what it's there for.

UP-TO-DATE IDEAS ABOUT TELEPHONES

Where is the telephone in your home? Is it where you can always reach it easily when it rings—or when you want to make a call?

Or is it in a central hall or in the middle of the house—not really close to any place where members of your family are when they want to use it?

Families with modern telephone service like to have phones in color in the kitchen, living room, and bedrooms.

With your home equipped with handy extension telephones, you can "reach" rather than "run" for the phone.

Why not order more telephones for your home today? You will find the cost of extensions will add very little to what you now pay, but will add a great deal to your comfort and convenience.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

HOW MANY HORSES IN YOUR HOME?

... in terms of the amount of work you give electricity to do, perhaps 5 or 6. The electricity an average American family uses actually equals the work of a half-dozen powerful horses.

Hard to believe? Stop for a minute and think of all the ways you put electricity to work -- and how often. Cooking, heating, cooling, cleaning, lighting, even entertaining.

Yet how little all this electricity costs! Nothing else your family buys adds up to such a value.

The horsepower, equivalent to electric energy, used for electric cooking costs the average WTU family less than \$4 a month -- about \$2.34 a month.

Electricity costs so little—
you can afford to use more of it!
