R TO BEGIN IN A PIGS EAR, YOU WILL! SAYS AUDUBON SOCIETY AR AS RISD

"Don't go messing around with the javilena hogs or we'll lower the boom," was the jest of a text put to Representative Andy Anderson this week in Austin by the Audubon Society as they came out with all colors flying against his bill in the Texas Legislature to have an open season in Upton County on javilena hogs.

The Audubon Society is said to be primarily a bird-watching organization but evidentally keep an eye CUT-SFF POLICY on pigs, etc. at the same time. It is their contention that the law, which was requested by the Upton erous requests were made to the County Commissioners Court, is not city hall by residents to send someall for the best as far as nature one to their homes to cut off water is concerned and should not be pas- at the meters to keep pipes from sed by the Texas governing body. freezing and bursting. Autographed Football To Be Auctioned For **Benefit Dimes Drive**

Coach Abe Martin of Texas Christian University and his Southwest Conference winning team have autographed a football to be used in an auction for the March of Dimes benefit.

Chairman of the MOD for Upton County, Weems S. Dykes, received the ball this past week from Coach Martin and the auction will be held in front of Randio Station KCMR

Jimmy Little, Rankin High School Senior who played a major role in boosting the Rankin Red Devils to a tie for first place in one of the top Class B Districts in Texas, has been chosen as one of 4 Class B players in the North half of Texas as a "Texas High School All-Star". He will be one of 56 players in Texas who will participate in the All-Star game in TCU stadium in Fort Worth during the anual Texas High School Coaches Association in the first week of August. Jimmy will play for the North All-Stars which will be composed of a squad of 28 players chosen from schools above a line running roughly from Taxarcana to El Paso.

DISTRICT GETS TWO

District 5-B was honored above all other Class B Districts in the state when they had two players placed on the All-Stars out of 8 chosen for the entire state. Wink's Jerry Hoskins, an outstanding guard. was also selected to play for the North and will be lightest man on the team at about 185 pounds. Little currently weighs 210 and will play his usual position of tackle along with tackles from Weatherford. Thomas Jefferson in Dallas, Longview and New Diana.

Son of Mr. and Mrs. Rex Little, Jimmy has been an honor student in Rankin high school for two years and has lettered one year, his first session with the Red Devils leaving him to play on the "B" squad because of the eligibility rule effecting transfer students. DONATIONS SYBIL BROWNING

What a gullible fool I must have been, When in public business I first began. The very first customer to darken my door Was both dirty and ragged and, furthermore,

He handed me a printed card which read: I'm a dumb mute with no way to earn my bread. The sky is my roof and the earth is my bed. Any donations you might wish to give,

Would make this cruel word a better place to live!

A tear rolled down my cheek.

I returned the card and tryed to speak. "Dear fellow, bless your heart", I finally said, "Don't leave the pencils, just take this five instead,... He looked up quickly with a gleam in his eyes, And said, "Oh, Thank you mam", to my surprise, Then turned suddenly and ran out the door, Leaving me a little skeptical for evermore. He must have told every bum for miles around, For I get them all now-white, black and brown.

Once while I was trying to balance my check book, In walked 2 negroes with a distinguished & cultured look. The first fellow said, "Mam, we's hates to bother you, But we's asking for donations-any amount will do. To help build this por' little orphan's home,

For colored children left in this wicked world alone. Nearly all the businesses in town has donated a great sum. Now you should do your part to help shelter some

por' little one!" And sure enough when I looked on his list of names,

There was Sinclair Service \$5 & Elrod Agency the same

Since these two respectable businesses believed the story true, I couldn't let them show me up so I donated five too. The fellows thanked me and drove off in their big new car. I watched to see just where they went and how far. They stopped at Doc's Liquor Store and came out

With a pak and what it was, there is no doubt. Now what part do you suppose that played

In sheltering and clothing some little orphan maid?

Now, take for instance here not long ago, In walked a girl built on the order of Miss Monroe. As she swung her hips and said, "Hell-0", My husband jumped up and stumped his toe

Just to make sure he beat me there

To ask if he could help her or just stare, I don't know which because after she sighed and said,

"Hi, Good Looking", he could only stare and turn red. Now while she had him in this trance

She went on with her little song and dance

Looking up at me with big round eyes so a They needed clothes and food and teeth braces To make their smile bright again in pretty shi It was then I learned, as you have already known That life may be bitter for others, but chart begans at home.

The local donations-now that's something else, The first year or so you donate with great ; and sincerity,

- But a few years and a few hundred dollars later When the kids are ragged and the family car about to crater

Jim Wells, Leo Tieman and Pat Patterson, the latter working for Billy Rankin, put a fine treatment of oil on the greens and tee boxes last Monday. The oil was a good grade of pipline oil and was cut with deisel. After it has a chance to soak, the greens will be in excellant condidtion. General condition of the course is the best that it has ever been for this early in the year and plans are now being considered for an early tournament.

TEXAS CHAMPIONS OF FREEDOM

Ben McCulloch

The Lone Ranger of Liberty and Independence

e was a famous Ranger and a true loner"...Ben McCulloch even emained a bachelor throughout a loner" ife as colorful and adventurous as ny recorded in Texas history. As an ndian fighter, a champion of Texas ndependence, a Confederate Brigalier General and a U. S. Marshal, en McCulloch was a man of action nd of devotion to duty and his state. The Battle of San Jacinto was history, with Ben playing an active part, when Surveyor Ben McCulloch laid hip of Seguin. That year, 1838, ie joined Captain Jack Hays Texas Rangers and saw extensive ndian fighting.

During the war with Mexico which ollowed the annexation of Texas by he United States, Ben commanded the "McCulloch Rangers." Before the ecisive Battle of Buena Vista he couted the enemy's force from a hill ss than a mile away. For that servte he was promoted to Major, a man

famous from coast to coast for daring, skill and courage. More years of patriotic service followed .. as U. S. Marshal, as Commissioner to settle Mormon troubles in Utah and as a ranking officer in the Confederate Army .. always ready to defend the rights and independence of his people, wherever and whenever duty called.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland . . "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believ-ing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

Comments On Utility Regulation Proposal

Cal Young, President of West Texas Utilities, issued a statement this week in which he commented on a proposal by George Chandler. City Attorney, Baytown, Texas, suggesting creation of a State Utility Commission.

Said Mr. Young: "Having only the general information regarding Mr. Chandler's letter proposing that a State Utility Commission be created, it would be difficult to comment specifically on Mr. Chandler's proposal, or any such proposal until a bill had actually been introduced and there had been time to study the proposal.

However, there are many factors to be considered in the general proposal of a State Utility Commission. The idea is not new. Numer- ed to be non-political in nature,

ous proposals for the creation of a The Rankin (Tex.) News-State Utility Commission have been introduced in the Legislature in the past.

The fact is that the electric utility industry in Texas is rather thoroughly regulated, more so than most people realize. It is closely controlled by the Federal Power Commission and operates under the Security Exchange Commission. In addition, it is regulated on the local level by the individual incorporated municipalities.

It seems to us that this regulation by incorporated municipalities on the local level has worked very satisfactory, both to the interest of the electric company and to the municipalities.

This is not to say that we are unalterably opposed to a commission to regulate the electric industry in Texas. In fact, such a commission, fairly operated, design-

covering all utilities in the state, might be a good thing.

There are those both within and without the electric industry who think that it might be well to remove the regulation of the electric industry from the municipal level.
