

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

Yikes!

As everybody is asking: "What happened to the Red Devils last week in Eldorado?"

You tell me. I was there and still can't figure it out. That team that dropped them from the unbeaten few, was the poorest competition they had met all fall and the fact that they had two Senior boys out shouldn't have made that much difference especially since the subs who took their places played a fair game.

Being an old golfer and accustomed to making excuses, I can only come up with my favorite standby: It just wasn't their night. That plus the 15-yard penalties that did more damage than the Eldorado defense, just about put them in the position of getting beat—no matter what.

It was a rough night and it's too bad that they had to lose a game that was so poorly played on both sides but that's the way it goes. One bit of good news coming out of last week end's football was the fact that Ozona can be beaten on their own field.

This week, the Red Devils will be playing—not only a team that will be out to prove to the home folks that they can win—but will also have to contend with the Ozona jinx that has cost the Red Devils at least two games with the Lions in past seasons.

One thing will be in their favor Friday night and that is that no Rankin team has ever beaten the Ozonans so this crew has everything to gain and nothing to lose—plus the fact that they will be the underdogs. I have never picked them to win when I didn't think they would and this week will be no exception. They have a chance to win, especially if they play the kind of ball they did against Sanderson, but it looks like loss number two for Rankin.

I hope I have to eat crow on that one.

Elsewhere in the district (I've missed only three out of 16 this year) it will be Wink over McCamey, Van Horn over Jal and Iraan over Grandfalls. That Wink-McCamey thing could be a dilly but any team that can stay as well with Denver City as did the Wildcats last week is hard to beat. It'll be Wink alright.

GNATS—

Now they've done it. A hot news flash from Texas A.&M. College says that they have developed a new kind of watermelon—one that grows on bushes. They weigh from 25 to 35 pounds and can be grown in backyards and are called Bush Desert King.

Somehow it just won't be the same for kids anymore for who would enjoy getting chased out of a watermelon bush as compared to

the oldfashioned patch?

THE AMERICAN

Khrushchev has come and gone. Whether or not he learned anything is doubtful. However, had he read the following article from the Maysville (Mo.) Record-Herald—and was able to understand it—he would have learned the answer to the question: "What Is An American. Anyway?"

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on his car. He whips the enemy nations and then give 'em the shirt off his back. He yells for speed laws that will stop fast driving, and then won't buy a car if it won't make 100 miles an hour.

An American gets scared to death if we vote a billion dollars for education—but he's cool as a cucumber when he finds out we're spending three billion dollars a year for smoking tobacco. He gripes about the high prices of the things he has to buy, but gripes still more about the low prices of things he has to sell. He knows the line-up of every baseball team in the American and National Leagues—and doesn't know half the words in "The Star Spangled Banner."

An American will get mad at his wife for not running their home with the efficiency of a hotel, and then he'll get mad at the hotel for not operating like a home. He'll spend half a day looking for vitamin pills to make him live longer—then drive 90 miles an hour on slick pavement to make up for time he

RANKIN, TEXAS

Hospital Notes

James Parrish, 8-year-old son of Mr. and Mrs. L. M. Parrish of Rankin was admitted September 16 and dismissed September 24.

Mrs. Brijido Esparaza of Rankin was admitted September 17 and dismissed September 23.

Mr. W. W. Carroll of Rankin was admitted September 20.

Mrs. L. T. Scogin of Rankin was admitted September 21.

Mr. Troy Gambill of Texon was admitted September 21.

Mrs. Pearl Garrett of Star Rt., Midland was admitted September 22 and dismissed September 27.

Mr. Orville K. Scott of Rankin was admitted September 23 and dismissed September 25.

Mr. John A. (Bert) Kincaid of Rankin was admitted September 23.

Mrs. Vance Foster of Rankin was admitted September 28.

Mr. and Mrs. Ross Wheeler have had as their guests this week, her father, Mr. Jack Cox of Mullin and her aunt, Miss Lucy Wilson of Brownwood.

lost.

An American is a man who will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, gritty creek water coffee made in a rusty gallon bucket, and burnt fish; and think it is good.

An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

When an American is in his office he talks about baseball, football or fishing—when he is out at the games or on the creek bank, he talks about business.

He is the only fellow in the world who will pay 50 cents to park his car while he eats a 25-cent sandwich.

An American likes to cuss his government but gets fighting mad if a foreigner does it.

We're the country that has more food to eat than any other country in the world and more diets to keep us from eating it. We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized, Christian nation on earth, but still can't deliver payrolls without an armored car.

In America we have more experts on marriage than any other country in the world—and more divorces.

But we're still pretty nice folks. Calling a person "a real American" is the best compliment we can pay him. Most of the world is itching for what we have—but they'll never have it until they start scratching for it the way we did.

**Rankin Study Club
Has First Meeting**

The Rankin Study Club held its first meeting of the new year on September 22 at the Rankin Park Building with Mrs. J. W. Kennedy presiding. Mrs. Kennedy brought greetings and asked for complete cooperation in this year's work.

Mrs. Dunn Lowery gave a review of the yearbook, a copy of which was presented to each member present. Mrs. Kennedy presented Mrs. A. B. McGill with a "Past Presidents" pin as a token of appreciation for her work as president the preceding year. She also introduced Mrs. Fred Prentice who gave a reading on "America". Mrs. Prentice quoted: "America is a dream, and a dream comes true when the people keep their vision clear."

"America" was sung by the group in observance of "Americanism Week". Fifteen members answered roll call by naming a state and its capital.

The meeting was dismissed with the repeating of the club collect. Mesdames Kennedy and Lowery were hostesses for the afternoon and Mrs. Kenneth Welsch was welcomed as a guest.

Mr. and Mrs. Harry Hall visited the past week in Quannah with her parents, Mr. and Mrs. Richard McDonald.

Mrs. Norma Norris, student at Sul Ross, spent the week-end in Rankin with her parents, Mr. and Mrs. H. Wheeler.

Miss Genevieve Poage, student at Texas Tech, spent the week end with her parents, Mr. and Mrs. Walton Poage.

Mrs. W. C. Preston of Midland visited Sunday with her aunt, Mrs. Dave Gentry and Mr. and Mrs. Sam Holmes.

ON DISPLAY! FRIDAY! SPACIOUS! POISED! BEAUTIFUL! LIVELY!

DISTINCTIVE! SATISFYING! ENDURING! SPLENDID! SPIRITED! JOYFUL! SWEET!

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and

extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds.

Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters

out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes... and that's to drop in on your dealer and drive one!

FRIDAY! POISED! QUIET! SMOOTH! LUXURIOUS! FRIDAY!

C. W. BROWN MOTOR COMPANY

QUIET! SMOOTH! LUXURIOUS! ENDURING! SUPERB! SPIRITED! JOYFUL! CORVAIR BY CHEVROLET! SMALL MIRACLE! THREE COMPACT CHEERS! FRIDAY!

QUIET REVOLUTION! ON DISPLAY FRIDAY! HOORAY! SMALL WONDER!

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater*).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

REVOLUTIONARY TURBO-AIR 6
Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

ONE-PACKAGE POWER TEAM
Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

STYLING—PURE AND SIMPLE

Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

FOLD-DOWN REAR SEAT*

Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR

Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

UNISTRUT BODY BY FISHER

Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

UNDER-HOOD LUGGAGE COMPARTMENT

Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

4-WHEEL INDEPENDENT SUSPENSION

There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

**Optional at extra cost*

EXPLANATIONS OF BRUCELLOSIS GIVEN

By W. M. (Dub) Day, Jr.
County Agent

In the weeks to follow, there will be a series of articles that will appear in this paper, concerning the fight against brucellosis. There have been some questions asked about the Brucellosis Law passed by the Fifty-sixth Legislature, and we will endeavor to answer these and other questions concerning the law in the weeks to come.

First, we would like to identify the disease, brucellosis, and its economic importance to the livestock industry. Livestock raising is a gamble at best. But animals with brucellosis are like cooked dice—your only profit is experience.

Infected cattle suffer a twenty per cent reduction in milk production. They calve on the average of once every year-and-a-half, rather than once a year. In addition, the resulting abortions, sterility and difficult breeders increases replacement needs by thirty per cent.

Whether you are a producer of milk or beef, these losses apply to you. A beef cow that loses twenty per cent of her milk production will wean a calf ten per cent lighter than normal.

Swine producers fare little better with this disease. Infected sows abort or give birth to weak litters. Sows frequently become sterile following abortion. The disease damages the bones of the spine, with resulting paralysis in up to twenty per cent of infected swine.

And that's not all. Brucellosis is the most common cause of fistula of the withers in horses. It frequently is responsible for waterbags forming on the knees of both horses and cattle.

Human cases of brucellosis are frequently diagnosed among persons handling livestock or drinking unpasteurized milk.

Less tangible losses occur in addition to the ones listed. Loss of markets for Texas breeding and stocker cattle has become a serious problem. The shortage of healthy replacement stock is commanding attention. The constant threat of the disease becoming established in the sheep and goat flocks of Texas cannot be ignored.

This adds up the conclusion; brucellosis has to go.

Brucellosis is a contagious disease of animals and man caused by a bacteria. In cattle, it has been called Bang's disease. In swine it may be referred to as contagious abortion. It sometimes is referred to as undulant fever in man.

In cattle and milk goats, brucellosis localizes in the reproductive tract and interferes with normal reproduction. In addition, the disease affects the mammary glands and reduces milk production.

In swine, brucellosis is a bloodstream infection in young animals. In addition to abortions, the disease frequently causes the birth of weak and unthrifty pigs. In older swine the disease may affect the bones of the spine and produce paralysis.

Horses suffer from local infections with the disease, such as fistulous withers, poll evil or abscesses on the point of the breastbone.

Human brucellosis is a lingering disease of the bloodstream. Although seldom fatal, it produces debility,

nervous disorders and various other physical disturbances.

The germ causing brucellosis is not a hardy individual and will not survive long outside the animal's body under Texas climatic conditions. Its main means of spread from animal to animal is through

contaminated feed and water and through direct contact with infected animals having a discharge from the reproductive tract. Only in the swine is the disease commonly transmitted by breeding.

Man becomes infected by drinking unpasteurized milk from infected

animals or by handling infected animals without proper sanitary precautions. Assisting animals during birth or removing retained after birth is the most dangerous type of contact.

Next week our discussion will be on how big is the problem of bruce-

The Rankin (Tex.)
Thursday, October

llosis and what you, as a dual livestock raiser, will also discuss in the Brucellosis Law, and law provides.

HUMBLE Presents... THE NEW TIRE of this generation!

ATLAS BUCRON TIRES

Ride easier than any other tires

Ordinary tires "bounce" . . . multiply bumps and jars.

Atlas Bucron Tires smother "bounce," give shock-absorbing ride.

SOAKS UP BUMPS AND JARS! You notice bumps with ordinary tires because the rubber "bounces." The miracle new rubber in Atlas Bucron Tires smothers "bounce." Your car rides like the day you bought it, steers easier, handles better.

POSITIVELY NO SQUEAL! The new Atlas Bucron Tire grips the road so well you can't make it squeal. The secret is in the miracle new rubber of the tread.

SAFER! Stops 30% quicker than ordinary tires. Tested against other tires, the Atlas Bucron Tires stopped 30% quicker—often the difference between a safe stop and an accident. Atlas Bucron Tires will stop quicker on wet pavement than ordinary tires on dry.

HUMBLE OIL & REFINING COMPANY

Trade Now for a set of these amazing new tires. Ask for a demonstration ride—you'll be amazed! Then talk trade with your neighbor under the Humble sign. The price is less than you would think, and terms are available. Equip your car with Atlas Bucron Tires on all four wheels.

GUARANTEED BY HUMBLE

Humble guarantees the Atlas Bucron Tire against all road hazards for 18 months. Adjustment is based on months of service. Guarantee is honored by 38,000 Atlas dealers on service station driveways throughout the United States and Canada. (Note: All Atlas dealers do not carry Atlas Bucron Tires, but all will make adjustment under the guarantee.)

50TH ANNIVERSARY CELEBRATED SUNDAY

Some fifty guests were present last Sunday for the 50th Wedding Anniversary of Mr. and Mrs. R. E. Cunningham of Brownwood, former Rankin residents. Held in the home of their daughter, Mrs. O. W. Allgood in Brownwood, the honored couple received many nice gifts and well wishes from their family and friends.

Attending from Rankin were Mr. J. E. Cunningham, Mary Lou and Freddy.

this occasion was appearing on the Basin R.F.D. Television show.

In the first sewing unit, Linda made a place mat, a pot holder, and an apron. She has also done work in home management, electricity, safety and family life. She has been awarded six blue ribbons and one red ribbon.

Linda is also working with the boy's 4-H club, having raised one lamb in 1958 and three in 1959.

EGGTOBER

No, not misspelled, it's just another one of those "months"—this time it's egg month. In most places eggs are in abundance and among the "best buys". Eggs fried, scrambled, etc. is only a beginning. Here is an egg-vegetable dish that's good eating.

Sweet Potato Puff

- 4 cups mashed sweet potatoes
- 1 cup milk
- 2 tablespoons brown sugar
- 1/4 teaspoon cinnamon
- 1 1/2 teaspoons salt
- 2 eggs
- 2 tablespoons butter

Blend milk, brown sugar, cinnamon, and salt into sweet potatoes. Beat eggs until light and add to potatoes. Pile in greased casserole. Dot with butter, or margarine. Bake in hot oven (425) for 15 to 20 min. It's good with chicken or turkey. If you cook with wine, you may substitute 1/4 cup sherry wine for 1/4 cup of the milk for a distinctive flavor.

FREEZING DOVES

As the dove season arrives, you may be lucky enough to have some extra birds. If so, they may be kept in the freezer for from six to nine months when properly prepared and stored.

Draw birds as soon as possible after they are shot. Remove craw and intestines if not time enough for thorough job of cleaning at the time. Chill promptly.

Plucking birds is preferable to skinning since there is less dryness and loss of flavor. Wash thoroughly before packaging.

Wrap individually in moisture-vapor-proof material. Thaw before cooking. Good luck on the hunts.

THE WEEK AHEAD

It looks as if we'll be spending about half of our time in Fort Stockton this week. There's an agent's meeting on Monday and Tuesday, then we have to return on Thursday to assist in judging the Pecos County Fair. The rest of the week we'll continue to be busy with 4-H groups, plans of work, and the usual paper work that always comes in October.

Mrs. John Hefton is our new secretary and she's really getting well introduced into the work of an extension office. She may be seeing stencils in her sleep by now.

Lane Home of Scene Of Joint Meeting For Beta Sigma Phi

The Omicron Tau and Xi Epsilon Chi Chapters of Beta Sigma Phi met at the ranch home of Mrs. Jay Lane for a joint meeting on Tuesday night, September 22. A business meeting was held by each sorority at which time all members voted to have their annual Hall-owe'en Dance at the Park Building. Coffee and sandwiches will be sold.

Fred Prentice, Rankin band director, showed movies to the group and told of his travels in Europe this past summer. Mr. Prentice was one of the thirty in the United States chosen for this trip by the American Band Directors Assn.

Refreshments of tea, sandwiches, cookies, coffee and Cokes were served to approximately thirty members.

BAPTIST CIRCLE ELECTS NEW OFFICER SLATE

The Georgia McCamey Circle of the First Baptist Church met September 22 at 3 o'clock at the church for regular meeting. Circle officers elected were:

Mrs. R. H. Bearden, chairman; Mrs. Alvin Bushong, secretary-treasurer; Mrs. Merle Sharp, prayer; Mrs. W. O. Adams, program; Mrs. Doris Humphries, mission study; Mrs. Elizabeth Byford, stewardship; Mrs. Irma Connally, devotional; Odessa Glenn, community missions; Mrs. J. T. Bushong, social and Mrs. Franklin Lancaster, reporter.

Mr. and Mrs. Jeff Lyle of Fort Stockton were in Rankin Monday visiting with friends.
