MADE, B TEAM
THURSDAY

GAME TIME IS 7:30 IN VAN HORN --

Red Devils Open District Play

Sometime early Friday, the Rankin Red Devils, their supporters and the band and pep squad will begin their migration West as they move out to Van Horn to open play for the Championship of District 5-B. It's a long trip—the effects of which will likely favor the Van Horn Eagles.

Physically the Red Devils appear to be in their best condition since the Sanderson game. Since that date in mid-September, they have been hampered with sickness and injury of one kind or another. All boys are expected to see some action Friday night in the District opener including Stanley (Stan-The-Man) James, stellar half back who has been out since the Ozona contest and whose

services have been sorely missed by the Devils. Fred Moore, big 200 pound lineman, will be slowed for the match due to a foot injury but will be able to lend his weight in favor of a win for the Rankin squad in Eagle land.

Coach Leach and his assistants were well pleased with the Devils in workouts this week as they showed a lot of spirit. Wayne Kennemer missed some workouts with a cold

but is also expected to see action Friday night.

Previous contests between the Red Devils and the Eagles have always been hard fought games with a "no holds barred" attitude on both sides. Last year, Rankin was the thorn in the side that kept the Eagles from winning a clear title to District championship honors and the situation is favorable once again since the Van Horn crew seldom has too much trouble with the Wink Wildcats in football—a team that, up to now, has had the upper hand in that department over Rankin.

At this point neither the Rankin team nor the Van Horn squad has been impressive in their practice games. Both, however, have played several outstanding games and are expected to be going full tilt Friday night in an effort to gain the advantage in district standings. On the following week, Rankin will meet Grandfalls while the Eagles will go to Wink for their second game. The once powerful Grandfalls Cowboys are now on the verge of withdrawing from eleven-man football due to declining enrollment and boys available for the game. Should Rankin defeat Van Horn Friday, they would be almost certain to take the win over the Cowboys and would host Wink on Nov. 13 with an undefeated record in conference play.

LITTLE LEAGUE MEETING CALLED FOR NOVEMBER 3 TO ELECT 1960 OFFICERS

Persons interested in the Rankin Little League are urged to attend a meeting of that organization next Tuesday night, November 3 at 7:30 at the Rankin Park Building.

Officers and directors for the 1960 season will be elected at that time. Members of the League have pointed out that anyone who is interested is welcome to attend and is eligible to take part and hold office in the organization whether they have boys playing ball or not.

A complete re-organization of the Little League will be necessary this year since all but two officers have either completed their terms or resigned. Box McDonald is president and Ed Edgar is secretary, being the only present active office holders.

HISTORICAL SOCIETY TO MEET MONDAY, NOVEMBER 2

The Upton County Historical Society will meet Monday, November 2 at the Rankin Park Building.

Time will be at 7:30 p.m. in the Club Room with everyone—especially pioneer citizens—invited to attend.

Scout Fund Drive Opens Here Monday

Kickoff date for the Annual Scout Fund Drive in Rankin has been set for Monday, November 2 according to A. E. Ivy, this year's chairman of the drive which raises money for Boy Scout work in Rankin. Both the Cubs and the Boy Scouts share in the proceeds derived from this drive.

Scouting in Rankin enjoyed one of its best years this past season with a large number of boys now active in the work. In summer camp last June, the Rankin Troop 56 was judged one of the top scouting organizations taking part in the program.

Cub scouts have also been very active this year and have a full slate of workers including den mothers and a large number of boys taking an active part.

Donations made in this drive will be used to strengthen this program in Rankin and throughout this area.

Workers in the drive will be calling on individuals and business firms throughout the week of Nov. 2-7.

VAN HORN LINE UP

Van Horn has a light, but fast team. They will be a little heavier than the Red Devils but nothing to compare with teams previously encountered this year by the Red Devils. Following is their line-up:

ANNUAL HALLOWE'EN CARNIVAL TO BE STAGED SATURDAY NITE

Rankin's annual Hallowe'en Spook festival will be held Saturday night, October 31. Three main features will highlight the activities sponsored by the local P-TA.

- 5:30 — Parade forms at Junior HS
- 6:00 — Carnival opens at JHS
- 9:00 — Coronation of Queen at High School Auditorium

One of the future attractions will be the parade of spooks, ghosts and assorted goblins that begins at 5:30 and is open to the public. Prizes of \$10 each will be awarded for the

best float from the Elementary, Jr. High, High School and outside. A costume prize to individuals of \$2 will be given for the best costume from elementary, junior high and high school. Paraders will march through town and anyone who so desires may join in the procession.

Immediately following the parade, the carnival will open at the Junior High School auditorium and on the tennis courts—weather permitting. Should the weather prohibit the outside activities, the entire carnival

will be moved to the Rankin Park Building.

At 9:00 the Hallowe'en Queen and King will be crowned at the High School Auditorium. Admission will be 50c for adults and 25c for the children under 12. There is no charge for attending the carnival.

Carnival chairman this year is Alvin Bushong with W. C. McDonald parade chairman, B. E. English, finance chairman, Mrs. Faye Medley, Coronation chairman, B. J. Conn, booth chairman and Mrs. J. W. Kennedy, properties chairman.

TIN HORN VS. FOOTBALL

The following editorial appeared in The Wink Bulletin last week. I can truthfully say that I have never heard of a case to which this would apply concerning Rankin fans. A few small bets, sure, but no digging of the team when they have lost because the bet was lost. However, that doesn't mean that there are not some instances when this shoe would fit nicely.

Says The Wink Bulletin:

A wise old adage ends like this: "... The question isn't whether you won or lost—but how you played the game."

There's more truth than poetry in that ancient bit of verse, and we wish every Winkite would read and heed it.

Some of our local citizens have been doing some loud and unjust squaking of late because the Wildcats have not measured up to their expectations on one or two occasions.

Constructive criticism is beneficial; but the ugly fact is that these counterfeit Wildcat boosters are not the least bit worried whether Wink wins or loses from the civic loyalty angle.

Their motive, rather, in finding fault with the squad is that they have violated moral ethics by gambling on the outcome of the game, and because the Wildcats have failed to win them some loot several times they feel they have a right to ridicule.

These people have missed the mark in life altogether. They have let greed and dishonesty overcome their sense of sportsmanship. They are like termites chipping away at the foundation of one of the greatest institutions of all—high school football.

For it will be these evil men who will cause the downfall of prep football some day because of their lack of character in incorporating the filthy vice of gambling into the clean sport of high school football.

Their disregard for the law is bad enough; their mixing betting and gambling in with high school football is worse; but most adominable of all is that these low-brows seek to take it out on the individual Wildcat players when the boys cause these tin horn Capones to

lose a bet.

There is no room in Wink for those who have gall enough to heap abuse upon a high school boy who has done his best on the gridiron, merely because they can't resist their urge to gamble on the outcome of the game.

One of the worst aspects of the problem is that this small-time underworld activity isn't confined to what could be termed the lower element of the community. It reaches far up the social ladder.

This situation, like all other ugly problems facing our town, can best be solved by public opinion.

You—the people of Wink who are honest and expect others to be likewise—can lower the boom on these disgusting reptiles.

It's your job.

TIME OF TRUTH—

Friday night, the moment of truth will arrive for the Rankin Red Devils as they open their bid for district honors in Van Horn. All of the practice games will have been played—their mistakes and their good plays things of the past and of no consequence. From here on in, the play will be for real.

There is no doubt in my mind but what the Red Devils are capable of defeating Van Horn Friday night but whether they will is another matter. Van Horn has had their troubles this year—and so have we—and this is always a rough game. However, Rankin will be ready and this could be the beginning of a more or less "upset" in District 5-B. I'll take Rankin to win by 6 points.

As for Van Horn's beating Marfa last week—I can't see that as a comparison score for all who knew H. G. Adams, former high school principal here and now superintendent at Marfa, knows that he is a great sport and did all he could to "fire-up" the Shorthorns for the Rankin game—and we'll all have to tip our hats to H. G.—he had 'em fired up.

Then there's one other little matter that needs some attention. On different occasions, the complaint has been heard that the Red Devils do not try hard enough all the time. That may be so then it may be that they try too hard—result-

ing in mistakes. I'd say to the boys: Take it easy; loosen up; if we lose it won't be a disaster. Enjoy the game and do your best and you will bring home the bacon—or the feathers in this case.

THERE'S A DIFFERENCE—

Last week, a report on Bill Waldroop and his work with Uncle Sam's Army was carried in the News. The only thing wrong was that the picture with the story was not Bill Waldroop but Stanley Brown. Now the Army likely doesn't care much whether they have Waldroop or Brown as long as he learns his right flank from his left flank and reports promptly when put on K. P. but for the record, here are the two gents involved in the mix-up:

BILL WALDROOP

STANLEY BROWN

Miss Betty Shoemaker Crowned As Band Sweetheart

Miss Betty Shoemaker, daughter of Mr. and Mrs. W. I. Shoemaker, was crowned Band Sweetheart during the half-time activities at the Rankin-Coahoma football game here last Friday night.

A member of the Red Devil Band for the past four years, she is a senior and is now serving as president of the band and has served 1 year as secretary-treasurer. She has also been a member of the stage band for the past three years.

In addition to her band activities, she is co-editor of the High School newspaper, has been a member of the National Honor Society since its origin here two years ago, has been president of the Future Homemakers of America and participated in tennis for the past four years.

In outside activities, she is active in church and Sunday School work as well as training union and serves as church pianist.

Larry Simpson, drum major for the Red Devil Band, escorted Miss Shoemaker from the car driven on to the field and then crowned her before a near home-capacity audience. June Ellen Prentice, daughter of Mr. and Mrs. Fred Prentice, was crown bearer.

Mrs. Zack Monroe visited in Eunion last week with her daughter, Mrs. Don Shaw and children.

HOWDY, YOU ALL:

As you know we took off last week for New Orleans—we also visited New Orleans in the process so don't blame us if we came back with a few expressions from the deep South. There were over 1100 agents present and about half from the Southern Region, so we got a lot of Southern accent.

Educationally we had a meeting comparable to our state conference and in addition had the opportunity to swap methods and ideas with agents from practically every state in the union. Out of the ninety odd agents attending from Texas we even found some of them we didn't know.

In spite of the full schedule we got in a little touring on our own—one and educational tour down the canal to a sulphur mine and another a twilight cruise on the Mississippi, both planned by the program committee and sponsored by various companies. Other sightseeing we did on our own. We even learned a few French words and a lot of the history of the old South.

Altogether it was a very worthwhile journey and one that even the Rankin editor might have afforded! We shared car expenses with five other girls, spending a night with my mother on the way

out and one with a way back, and then of our meals were furnished by various was the sightseeing. We brought back books other gifts of considerable fact it's the cheapest to get both professional and sightseeing. We'd the meeting in Boston we'll see about that!

EXPLANATIONS OF BRUCELLOSIS GIVEN

By W. M. (Dub) Day, Jr.
County Agent

WHAT TO EXPECT FROM BRUCELLOSIS VACCINATION

Vaccination is a valuable tool in your battle against brucellosis. But like any other tool, you need to know what it will and won't do when you put it to work in your heard.

Vaccination is like the brakes on your car. Their job is to slow your car down when trouble looms up ahead. Usually they'll help you avoid a crackup. But you can't always depend upon brakes alone to prevent trouble.

VACCINATION WILL:

1. Provide about 65 per cent protection from infection under average field conditions.
2. Help limit the spread of infection within a heard, once it gains entrance, if a majority of the heard is vaccinated.
3. Gradually reduce the percentage of diseased animals in an infected heard over a period of years as older animals are culled and the number of susceptible animals is reduced.
4. Eliminate brucellosis from a small number of herds where natural infection is weak and management practices are good.
5. Reduce animal infection by about 80 per cent in areas where a majority of calves are vaccinated.
6. Reduce herd infection by about 20 percent in areas where a majority of calves are vaccinated.
7. Mask or moderate the symptoms in some animals which contract the disease in spite of vaccination.

8. Cause a reaction to the blood test which will disappear completely in nearly all animals by the time they are 30 months old if they were vaccinated at the ages of 4 through 8 months.

VACCINATION WON'T:

1. Eradicate brucellosis—it will help control it.
2. Provide complete disease immunity in any animal. If exposed to infection great enough and often enough, resistance of any vaccinated animal can be overcome.
3. Provide 100 percent protection from infection regardless of the number of times animals are re-vaccinated. Revaccination does not increase an animals resistance to infection.
4. Prevent all animals from aborting once they become infected.
5. Interfere with normal reproduction.
6. Cause the disease in cattle or other livestock.
7. Cause milk to become contaminated with Breucella organisms.
8. Cause calves or older animals to become carriers or spreaders of brucellosis.
9. Cure brucellosis—it will only help prevent it.
10. Completely eliminate the danger of human infection.
11. Change the normal course of the disease in an animal already infected with brucellosis at the time of vaccination.

Chub Stephenson, who has been in Germany with the Army, is now home on a 15-day leave.
