liveries a week of Foremost Dairy Products in Rankin and Iraan. Price will operate as the Rankin Milk Company and will be an individual businessman in that he will be working entirely for himself, buying his products from the Foremost Company. He will have for sale at the door, all types of milk, ice cream, orange drink and orange juice, coffee and sour cream, Eskimo pies, Reddi whip, cheese cake, cottage cheese and eggs. "Mine will be a service company and I will try to give service at any time you need it," Price has said. Price is also a native Rankinite and a graduate of the local school, is a city councilman and until recently was manager of the Rankin office for T. L. Stephenson.

Rankin School Enrollment Up From Last May Figure

Enrollment in Rankin Schools marked a small gain over the end of school last May and over the same period in 1959. Membership at the close of school in May of 1959 was 538; in May of 1960, 543 and on the beginning day of school last Monday, 548. Some 25 to 30 more students are expected to enter the local classrooms within the next few days according to Supt. of Schools, Kenneth Welsch. In the High School, principal Bill Hood reported a near equal enrollment in all grades with 34 Freshmen, 34 Sophomores, 35 Juniors and 35 Seniors for a total of 138. This figure was slightly under the high school enrollment for last year. For the Junior High, principal

Bill Cook reported 146 enrolled on the opening day. Fifty-two were in the Sixth Grade, 45 in the Seventh and 49 in the Eighth. A slight increase was registered here over the end of school last May and more are expected. As usual, the Elementary school had the largest number of students with a total of 264 and still more to come. In the First Grade, 55 beginners were registered. The 2nd Grade had 56 for the largest class in the school for opening day; the 3rd Grade had 53, the 4th, 51 and the Fifth 49. Principal Robert Holder expected about 10 or so more students to enter the Elementary school. In commenting on the opening, the superintendent stated that although total construction is not complete, schools opened with full sessions beginning September 12. The Junior High—Grades 5 thru 8—were all housed very comfortably in the classrooms which were made available. Although work is still to be done in many cases, it is felt that the first day of operation was very smooth. "Students and faculty, as well as parents, were most co-operative to help bring about a good work-

ing first day," Welsch said. The cafeteria served a hot lunch and is in full operation at this time. It is expected that more rooms and facilities will be made available in the near future so that good instruction can continue without interruption. "Students and parents are to be complimented for their close cooperation with the school faculty," he said. **GOLF MEETING RE-SET FOR NEXT THURSDAY** The meeting of the Rankin Golf Club originally set for Thursday night, September 15, has been re-scheduled for the following Thursday, September 22 in order to give the committee on laying out the new arrangement of the course more time in which to complete their work. **RANKIN STUDY CLUB TO HAVE SATURDAY COFFEE** The Rankin Study Club will open its club year with a coffee Saturday morning, September 17 at 9:00 o'clock at the Rankin Park Building. All club members are urged to be present.

For the Red Devils, it has been two weeks of hard work in an effort to get a stronger defense going while smoothing out the kinks in their offense. Overall, the squad will be in good condition for the game with one exception and that will be end Bucky Scarborough who still has a swollen knee. No major changes have been announced by the Rankin coaches in their starting line-ups which will still include some freshmen and boys with limited game experience. **PANCAKE SUPPER** The Crane Lions Club has announced a pancake supper to be served prior to the game.

Serving will be from 5:30 until 7:45 p.m. at the Community Building on the Grandfalls highway with one price of 75c per person, children and adults alike. It will be a fund-raising project for the Crane Lions.

SOMETHING NEW in the way of teaching foreign language is now in full operation in Rankin High School. Commonly called a Language Lab, the equipment pictured here makes use of tape recorders,

record payers and a complicated electronics hook-up to speed the teaching of Spanish in the local school. An entire class can be taken at one time by one instructor. This year, the second for use

of the Lab in Rankin—and it is considered one of the most complete in the state—instructor is Mr. Hector Valdez who has had two years experience with this type of Language Lab.

LADY—
WOULD YOU DO THIS FOR 1¢ AN HOUR?

Electricity will!

That's about what it costs to run a vacuum cleaner for an hour.

ALL around your home, electricity is lending a helping hand for the same low wages. It helps you with the washing, cleaning, cooking, even entertaining. Think of the ways you put electricity to work for you, and the wonderful things you'd never have without it. Don't you agree that your electric service is just about your best bargain today?

HERE'S A BARGAIN!

For less than 3¢ the average family, served by WTU, can cook a complete meal the modern electric way... and enjoy the cleanliness and convenience of Flameless Electric Living.

TELEPHONE TALK

Max Hudgins, Manager

WHAT WOULD YOU HAVE DONE?

Put yourself in this situation: You're driving on a long road with your family. You're in a hurry. A storm is brewing. The clouds move in fast. Dust and approaching nightfall obscure your vision. Suddenly, you see the red lights of a small, single-engine plane, desperately circling, searching for a place to land. What would you do?

That was the situation facing T. O. Gravitt, a supervisor for Western Bell, according to a story I heard the other day. Gravitt is a Naval Reservist with 17 years flying experience, under the circumstances of the pilot's plight.

At the time, Gravitt was driving through the small town where the plane had crashed and he knew there was an emergency landing field nearby.

There were no lights on the landing strip, so Gravitt rounded up other motorists who were watching and led them to the field. He had them park around the edge so their headlights would guide the pilot to the field.

Guided by the lights, the pilot set his plane down just as it was about to be hit.

Needless to say, there is one airplane pilot alive today who owes his life to the telephone man Gravitt saw his problem and what to do about it.

TELEPHONE HOUR RESUMES SEPTEMBER 30

The show of the Bell Telephone Hour's new season will be broadcast on Channel 2 at 8 p.m., September 30. The show's policy of bringing top entertainment will be continued.

Don't miss the first program which will feature musical comedians Sally Ann Howes and Howard Keel, pianist Van Cliburn, clarinetist Benny Goodman and his orchestra, excerpts from the "Sleeping Beauty" ballet by Tchaikovsky and Donald O'Connor and the Bell Telephone Hour Orchestra.

"BACK TO SCHOOL—DRIVE CAREFULLY"

At a time each fall, these phrases are probably the most commonly heard and carefully followed instructions in Rankin County.

"Back to school—Drive carefully" is such a sensible thought that it is a pity to limit its use to a few weeks each fall. For the all-try "Back to School" is months-long activity; for the question, when is there a time NOT to "drive carefully?"

Call by number. It's twice as fast.

TEXAS LAWYERS

Charles Goodnight, Empire Builder

"Live and let live... except cattle thieves!"

Back in the stalwart seventies cattle herds and cattle thieves were the fastest growing crops in Texas. Then Charles Goodnight declared war on the latter and, with some like-minded friends, organized the Panhandle Stockmen's Association. Those of the bandit brotherhood who didn't hit the trail out were soon decently interred, one by one.

Goodnight was always a cattleman and only incidentally a lawyer, but he served Texas well. Born in Illinois, 1836, his 21st birthday found him in Palo Pinto County, a Texas Ranger and Indian Scout, and starting his first herd. By 1865 he had more cows than he could sell thereabouts, so he and a friend, Oliver Loving, drove them to New Mexico. The route they marked became the well-worn Goodnight-Loving Trail. By 1877 he and a partner, John G. Adair, established the JA Ranch and in time ran a hundred thousand cows on a million Panhandle acres. There they introduced Hereford bulls and developed one of the nation's finest herds. He also developed the cattalo, breeding buffalo to Polled Angus cattle. After 93 colorful, active years Charles Goodnight died in 1929.

The good citizen and the lawyer have always possessed the courage and good judgment to uphold justice and keep the peace. We need that now... to keep our good life and liberty. When an industry provides employment and enjoyment for so many, it "belongs." In Texas, "Beer Belongs." The United States Brewers Foundation is constantly at work, with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly and law-abiding conditions.

BICYCLERS—

Perhaps it's the fall of the year or maybe it's because school has started but in any case, the number of bicycles now being "drove" on Rankin streets of an afternoon has increased to a proportion almost as great as compact cars.

The term "drove" is used to describe the situation more accurately for acutally, they are being ridden in droves.

Now all of this is perhaps a normal situation and is to be expected but, there is one aspect of the bicycling that is definitely out of place and that is the attitude of the riders. Four different people have approached me and asked that some kind of warning be given to the bicyclers about their defiant manner of riding all over the road and of all but refusing to move to one side and let cars pass. It is felt that sooner or later a rider is going to be run over.

Now it could be passed off by saying that kids will be kids and you shouldn't take their antics on bicycles too seriously. It could be said—but—it would be of little consolation to the parents of a child who might be hit or to the person who hit him.

In this day of "what's yours is mine and what's mine is yours—if you can take it" attitude, many parents tend to turn their kids out and let them do whatever they please. No longer are property rights respected and no longer is it considered necessary to ask permission before making use of the other fellow's belongings—if they are easily available.

Streets are public places—they are not the private property of individuals and they are designed primarily for travel by automobiles. Parents who permit their children to use them as private play grounds are not only using poor judgment in regards to the welfare of their offspring, they are teaching the child that it is all right for him to abuse the other fellows rights—as long as he can get away with it.

Streets are made to travel from place to place and bicycling on them is fine and dandy whenever it's done properly but for a group

to blockade a street and ride round in circles, refusing to move aside for auto traffic or zig-zagging back and forth across the street is a pure sign of ignorance, all the way around.

It would be well for a little instructions to be given at home—before it has to come from higher authorities.

THIS WEEK'S GAME—

Friday night, the Rankin Red Devils and a whole parade of their fans will make the trip over to Crane for their first regulation contest in the sport of football with our neighbors on the West side.

The local lads have played the Golden Cranes for several years in scrimmage games and have always managed to hold their own. Friday night, it will be for real.

So far, Crane has lost both of their ball games while the Red Devils have lost their solo encounter. Therefore, the contest might be rated a toss-up. However, I am not at all sure that this will be the case. Crane will likely be favored since theirs is the larger school and they have one game more experience than the Red Devils. And that one point could be the difference. They will probably have in mind an easy win.

I'm not going to make any guess at who will win for a guess is all that it would be but I will wager that the Rankin crew will play a better game than they did in their

opener and would not be too surprised if they did not make it three in a row for the Cranes.

At any rate, let's all go over and lend our voices in support of a good bunch of boys who are trying hard to learn this game that has become almost a scientific performance.

THE PARTY—

This year you hear a lot of folks say they just don't know who they are for in the November election. Some say they won't vote at all since there are no candidates who appeal to them.

That's a dangerous attitude.

For a good many years now the United States has managed to survive through the system of elections whereby the majority of the votes cast in favor of this or that political party has resulted in its selection as the party to govern. This has worked out pretty well.

One point on which all the candidates seem to agree at this time is that this year is a most important election year. The people must be heard.

THE SCOOP—

(Continued from Page 2)

I have my choice—you may have a different one. Take the majority throughout the Nation and— I believe—you will have the correct decision.

It's no time to straddle the fence. It's no time to sulk.

Make up your mind and do a little something toward helping your man get elected. The thinking of everybody is needed and no one has a right to hide from his responsibility.

Rickey Edgar Has Fifth Birthday Party

Mrs. Ed Edgar honored her son, Rickey, on his fifth birthday with a party last Saturday morning from 10:00 until 11:30 at their home.

Games were played and refreshments of birthday cake, ice cream and punch were served to Linda Gossett, Glen Johnson, Eric Fitzhugh, Mike Holder, Jimmy and Richard Williams, Jo Jo and Roger Sullivan and Hal Hutchens.

CARD OF THANKS

It is our desire to convey to the people of Upton County and especially to Dr. Gossett and the staff at the Rankin Hospital, whose patience and kindness never ended—our most sincere thanks and appreciation. You have been everything a good friend and neighbor could be.

Midkiff Methodist Women In Meeting

The Fideles Class of the First Methodist Church of Midkiff held their monthly party at the fellowship hall of the church on September 7. The hostesses were Mrs. Winnie Kelley and Mrs. Bernice Johnson.

The business meeting was conducted by the president, Mrs. Bill Case, and the devotion was led by Mrs. Leon Curtis. There were 13 present.

The door prize was won by Mrs. John Ponder, and the game prize by Mrs. Bill Case.

The next party will be at the church on October 5.
