RANKIN WEATHER COOL AND BREEZY

Rankinites enjoyed their usual pleasant July weather the first of the week while most of the nation reported heat waves and other disturbances.

On Monday it was very pleasant in Rankin with things warming up a little on Tuesday. One thermometer—lying under an air conditioner in Boggs Grocery—registered 79 during the warmer part of the day. Some said it was a little hotter than that out in the sunshine.

Then at about 8:30 Tuesday night, a rather heavy fog blew in on a northerly breeze, obstructing vision somewhat. Some reported at that time seeing certain flying objects in the air such as sheet iron, boxes and stray cats.

This was followed by an extra heavy rainfall—for Rankin—and another day went into the record books.

The average year-round temperature for Rankin is said to be 73—and that's a fact. Actually, there is a city ordinance that prohibits it from getting above 85 in the summer or below 18 in the winter and the wind must never blow at more than 75 miles per hour. This was passed for the convenience of the public.

Cardinals Out in Front in Second Sprint --

Yanks, Giants Tie for 1st In First-Half LL Baseball

Action in Rankin Little League continued hot and close the first of the week with lots of action on all sides.

First half play for the season has now been completed with the Giants and Yankees ending up in a tie for top spot at 5-won, 3-lost. In second place was the Cardinals at 4-4 and the Dodgers had 2-6.

In second half play, the Cardinals have moved out in front on a 2-won, 0-lost mark while the Giants and Yankees again are all even with 1-1 records and the Dodgers have a 0-2 mark so far in this go-round.

For the entire season, there is a three-way tie between the top big three: the Giants, Yankees and Cardinals at 6-won, 4-lost. For the Dodgers, their season record comes to a 2-8 standing.

ALL-STARS PRACTICE--

Rankin Little League All-Stars have been holding workout in preparation for their playoff start a-

gainst the winner of the Midkiff-Big Lake game, to be played in Big Lake July 19. Rankin drew a bye on the first go-round and will meet their opponent on Saturday, July 21. This game will also be played in Big Lake.

Members of the all star team are:

Cardinals: Randy Edgar, Bryan Gossett, Terry Holt, Ray Ramirez, Johnny Smith.

Giants: Ray Don Fuller and Mike Turner.

Yankees: Larry Funderburg, Stanley Knadler, Charles Master-son, Lester Titsworth.

Dodgers: Rex Sheppard, Biff Yocham and David Welsh.

Alternates: Donnie Deel of the Giants and Bill Hood of the Dodgers.

Only fourteen players and two alternates are permitted on an all-star team.

July Clearance Sale At Johnsons July 12

Doors will open at 8:30 a.m. on Thursday for the annual July Clearance Sale at Johnson's Department Store. This sale, as it the January sale, it considered to be a real shoppers' bargain day in the area with a number of customers usually attending from the surrounding towns.

This year, the store is offering some unusually "hot" items as may be determined in an advertisement appearing elsewhere in this issue of The News.

The store has asked its patrons to please not request that merchandise be held back until the sale starts. They recommend that, in order to get the best selections, the shopper be on hand at 8:30 a.m., Thursday, July 12.

Saturday Work Day Set At Golf Club

Members of the Rankin Golf Club are requested to be on hand Saturday morning for a work-day on the course.

A general clean-up is planned with removal of excess pipe, rocks, mowing of weeds and tee boxes and other improvements.

The course has now been opened to all nine holes. Three of the new greens still have rough spots but these are growing over rapidly.

It is suggested that work start early and if enough will show up to help, can be completed before it gets too hot.

Snafu of Camera Bugs Picture-Taking

"The best land plans of mice, etc." caught up with Winston B. Lucas, the photographer who recently took pictures for the photo contest that is to appear in The Rankin News. Pictures were made on June 27 at the Yates Hotel and were sent to the studios of Mr. Lucas in Irving, Texas for development. It was there that it was learned a defect in the paralex finder on the camera used that day had spoiled all the shots.

So, it was back to the picture taking on Wednesday, July 11 and this time, Mr. Lucas has inspected his paralex finder before he shot.

RHS Graduate Awarded Highest Rating in Contest

Miss Anita Potter, daughter of Mr. and Mrs. Curtis Potter of Midkiff and a 1962 graduate of Rankin High School, received a Number I rating in the piano of the University of Texas Annual Texas State Solo Contest held in Austin recently.

Miss Potter competed against twenty-two other pianists from schools of all sizes throughout the state and was awarded one of only two first division ratings given in the entire group for piano solos.

Possibly on the basis of her very fine performance, she was awarded a four-year musical scholarship at the University of Texas.

One-in-One at Golf Club

Varadore, who lives near Plymouth Oil Co. in Rankin, scored the one-in-one on the new grass at the Rankin Golf Club yesterday afternoon when he hit a hole-in-one from 125-yards on the 13th hole. He was playing in a match with P. V. Brown, J. B. Welch and Don

who has played the game 30-years, said that it was his first hole-in-one that it was the first ever seen.

GOOF-UPS—

Over at Wink, the city that oil, friendship and the federal government built, the editor last week told of the usual assortment of mistakes made in a newspaper.

It seems that the Publisher of the Carteret County News-Times of Morehead City, North Carolina had one of those days when he had a man come in and place a classified in the newspaper. The ad came out the next day as follows:

Monday—"FOR SALE: R. D. Smith has one sewing machine for sale. Phone 958. Call after 7 p.m. and ask for Mrs. Kelly who lives with him cheap."

Tuesday—"We regret having erred in R. D. Smith's ad yesterday. It should have read: FOR SALE—R. D. Smith has one sewing machine for sale. Cheap. Ph. 958 and ask for Mrs. Kelly who lives with him after 7 p.m."

Wednesday—"R. D. Smith has informed us that he has received several annoying telephone calls because of an error we made in his classified ad yesterday. His ad stands corrected: FOR SALE: R. D. Smith has one sewing machine for sale. Cheap. Phone 958 after 7 p.m. and ask for Mrs. Kelly who loves with him."

Thursday—I, R. D. Smith, have no sewing machine for sale. I smashed it. Don't call 958, the phone has been taken out. I have not been carrying on with Mrs. Kelly. Until yesterday, she was my housekeeper."

And that's a fair example of the hazards of the trade. In fact, the Wink newspaper went right ahead on the front page of the same issue and stated that the press they were using had been printing "newspapers" since 1945.

You just have days like that and certainly, the Rankin News makes its share—some thru ignorance, some by carelessness and some because there's just not enough time to do better.

But then, who ever heard of a person who didn't make a mistake now and then?

The Rankin (Tex.) News—

THE PARTY LINE—

On the subject of newspapering, it's a sort of handed down conception that all newspapers are great champions of the truth. There is some room for doubt on this but even I have at least one pet phobie on which it bugs me to see things misconstrued and facts twisted or omitted just to suit the fancy of whoever might be writing the story—and that's in political warfare—the kind that goes on almost all the time between the Democrats and the Republicans.

Now this is not an effort to try and drum up support for any Republican candidates. They, just as do the Democrats, have men who seek office that should not be elected dog catcher. I do not believe a Nelson Rockefeller would ever make a good public office holder—not for my money. It is also my opinion that, taking him on his platform and campaign promises, Kennedy is making a stronger president than did Ike. That's pretty hard to say and in no way signifies that I approve of many of his big-spending and love-everybody views. But he has shown that he'll back up his beliefs all the way.

On the other hand, to hear the Democrats tell it, they are the only party that has ever tried to do anything for the little man, the needy in foreign lands and on equal rights. The record shows different.

On the Republican side of great reformers have been Abraham Lincoln, who pushed the Civil War to free the slaves, Teddy Roosevelt who probably did more to preserve our natural resources than any man. Liberal Republicans might be Charles Evans Hughes, Earl Warren, Henry Cabot Lodge and the affable late Wendell Willkie.

It was a Republican administration that planned the Panama Canal, enacted the first federal employees merit system and civil service, passed the first adequate

All this does not mean that the Republicans have not erred in times past, and will likely do so

in the future but it does point out that there is no cause for one to believe that all Republican have horns either.

If there's one thing that disgusts me, it's the fellow who says he will support this or that party comes hell or high water. That sort of outlook has been preached by the Communist party for over 50 years and I'll be danged if I'm going to be tied to any such type of thinking.

I'll cast my vote for the man I think is the best for the job and to heck with blind party loyalty—leave it to those who have been brain washed.

Mr. and Mrs. James W. Kennedy of Seminole announce the engagement and forthcoming marriage of their daughter, Mary, to Miles A. Eckert, son of Mr. and Mrs. Miles Thomas Eckert of Melvin.

Miss Kennedy, a graduate of Rankin High School, and her fian-

cé, a graduate of Tivanna High School, will both return in the fall to North Texas University. They have been attending Texas Tech for the past year.

She is a senior elementary education major. He is a senior history major.

The couple plan to be married August 31 at the Westside church of Christ in Seminole with Walter Woods officiating.

Miss Doris Thompson of Houston and ACC, and Miss Geneva Woody of ACC spent several days in the home of Mr. and Mrs. E. L. Woody.

CHERYL WINS—

Cheryl Little of Rankin was awarded the travelling trophy for having the best record of work last year. Cheryl's work has been in foods, clothing, and bedroom improvement as well as recreation and leadership training.

She has won the county dress revue with a skirt last year and is now making a garment for the dress revue this year. Cheryl has her own portable machine which helps in her clothing work.

She has completed two foods units and represented the county this year in the district favorite food show. She has also entered the public speaking contest and is now preparing her records for the dress revue the last of the month.

THIS AND THAT—

Some of your hams will have a new label reading "Hams—Water Added". Previously they have been labeled "imitation". Did you know that some hams have up to ten percent added water?

Better check dress labels also. With tight bodices and short skirts it's especially necessary to look for a "pre-shrunk" or "stabilized against shrinkage" label. A

shrinkage of 5 percent would make a dress about two and one half inches shorter and about an inch smaller in the waist—enough to spoil the fit entirely.

Have trouble getting the right size clothing for children? It's best to take them along for fitting since sizes vary, children vary from the "average", and the style of the garment also affects the size. If it's not practical to take the child along, better select garments that are returnable. Fit and comfort are the main items to look for.

Perfumes and fabrics do not mix. When applied directly to the clothing, perfume may result in dye rings, color removal, permanent stains, and a disagreeable odor upon acting in the fabric.

THE WEEK AHEAD—

Our asthma has about got us down recently, so we're off for the Oklahoma Allergy Clinic to see what we can find out. We don't know just how long we'll be away—two to four days the doc says. You may find the office closed since our gal "Friday" is taking a few days annual leave.

New Repellent Out On USDA Research

You don't have to spend time fighting off insects this summer while you are out-of-doors. Such pests as mosquitoes, ticks, fleas, chiggers and biting flies can be made to keep their distance by applying a repellent developed by U. S. Department of Agriculture scientists on exposed skin areas.

The repellent is commonly called "Deet". Diethyl-toluamide is the chemical designation. It was synthesized and tested by chemists and entomologists of USDA's Agricultural Research Service. It is now available in ready-to-use containers under several trade names, and has been approved as the standard military repellent.

Deet is effective and safe for general use on the skin or on certain kinds of clothing materials. However, instructions covering the use of the repellent should be followed closely, because the che-

officers in the McCamey Rebekah Lodge No. 69 on Thursday, July 12. Deputy Marshall Elsie Turner assisted by her staff, will assist District Deputy Mrs. Hyde in the installation.

mical may effect certain varnishes and some of the materials. The repellent is safe for use on cotton fabrics if they contain synthetic fibers.

Smeared evenly on exposed areas, deet is effective for hours. It has little or no odor and does not cause a greasy feeling on the skin.

For homeowners who are no longer finding DDT an effective chemical against household insects, scientists suggest that one of the commercial sprays containing pyrethrins, many of which are available in aerosol containers, is a good choice. Scientists suggest that a label that will control insects. They recommend continued use of DDT where houseflies have developed a resistance to the pesticide.
