pictures, along with of the background, the painters' back- each picture are now at the elementary rium. This display is Masters" and is open at their convenience Superintendent Ken- to charge for viewing Monday, the exhib- Friday, February 15.

McCahey to San Angelo via Rankin, Big Lake, Barnhart and Mertzson and return, for a period of two years. The application was filed by George Fowler of Odessa.

Bus service along this route has now been put on a once-a-week basis.

According to Moore, all interested parties shall make available at a hearing March 11 at 9:00 a.m. in the Scarborough Hotel in Midland, all competent witnesses and relevant facts pertaining to this application.

Since the company began operation of the line several years ago, they've had financial difficulties. A year or so ago, the various towns along the route made up a fund and donated to the bus line in an effort to keep it in the black.

This is the only transportation line now serving the route, passenger train service having been discontinued some years ago.

## Girls' Team Upset by Eldorado --

# Rankin High Teams Enter Final Basketball Week

With only one more week remaining in regulation basketball play for Rankin High, the boys' team was playing .500 ball with 4 wins and 4 losses in district.

Last Friday night, they won at the expense of Sanderson 57-36 on their home court and on Tuesday, were walloped by Eldorado while visiting there by a 50-36 mark. Eldorado is currently the number two team in district, following undefeated Big Lake. Rankin and Ozona are pressing one another for third place honors.

For the girls' the Eldorado trip was something of a shocker as they dropped their first game of the year in district play by a 47-30 mark. This gave them a season record for district of 4 wins and 1 loss and put them in a tie with Eldorado. Both Rankin and Eldorado have one more girls' game—Rankin at Ozona and Eldorado against Sanderson. A win by both would put district into a tie with a playoff settling the

championship. It now appears that the winner of District 8-A Girls will play in by-district against Canatilla, the Class A school west of El Paso.

For the season, the girls' now stand 14-5 while the boys have an 11-13 record.

Junior high boys finished their season against Big Lake last week and won both the 7th and 8th grade games. This gave the Jr.

High 8th Graders a season record of 11-6. The Junior High Girls' 8th Grade had a 4-2 record for the year, dropping a pair of games to Grandfalls.

The boys play in Ozona Friday night and close their season by hosting Big Lake Tuesday, February 19 in an A and B game.

Only Rankin, Eldorado, Ozona and Sanderson have girls teams in district.

## President Kennedy Says Hike; West Texans Say "Ho-Hum"

Anyone for a short hike—say 49 miles?

As the 50-mile hike craze swept the nation, Rankin was tied in first place in the high school division. Nobody else in district had tried it and neither had Rankin.

When President Kennedy ordered the Marines to try for the 50-miler, he probably didn't believe everyone else would try to get in the act—and he just may be right on that point as far as West Texans are concerned.

Can't you see people who haul their kids three blocks by auto to school, who have from two to four assorted automobiles per family—plus bicycles, tricycles, horses, motor boats, golf carts, motorcycles, etc., etc., walking all the way from Barnhart to Rankin—in a day? Most West Texans do well to walk that far in a year.

In fact, two of the pool hall boys were standing in front of

the pool hall last week and one suggested that they walk across the street to Hurt's for coffee.

"Naw," the other one said. "Get in and we'll drive around to Speedies. We might get lucky and find a parking place right in the front door."

Yeah, that walking kick will be about as popular in West Texas as a raise in the income tax. In fact, in West Texas, the dogs won't even chase a cat unless they can hitch a ride.

## SWB Appoints New Area Manager

Ben Young, commercial staff assistant for the Southwestern Bell Telephone Company in Lubbock, has been named manager for the company in Monahans succeeding Harold Johnson who has been promoted to manager of the company's Sweetwater business office operations. The announcement of the change was made by Clay Styles, district commercial superintendent of Midland who said the appointment was effective immediately.

A veteran of 12 years experience with the telephone company, Young began his career in Abilene in 1951 as a freshman in the plant department. He was later transferred to the commercial department and served in several different capacities at both Abilene and Snyder. He was promoted to commercial representative in Amarillo in 1959 and to commercial staff assistant in Lubbock in 1960. He attended North Texas College and McMurray College.

Johnson was appointed manager here in April of last year. He served as a commercial staff assistant in Lubbock prior to his appointment as manager of Monahans.

## Notice Given On Disposal of Trimmed Tree Limbs in City

Notice was given this week to property owners within the City of Rankin that the City will not haul pruned tree limbs to the dump ground. This must be done by the individuals themselves.

A number who have trimmed their trees in recent days have deposited the limbs in the alleys. With the present trash hauling equipment, the limbs cannot be carried off—thus the necessity for everyone to do his own tree-limb hauling to the dump ground.

## Senior Play Will Be Staged Sat. Night

On Saturday, February 16 at 7:30 p.m., the Senior Class of Rankin High School will present their annual Senior Play.

To be staged in the high school auditorium, this year's play is titled "Tattletale", and is a comedy in three acts.

Prices are \$1 for adults and 50-cents for students.

EARLY—A. A. Ivy of Wallace Lumber Company gives pointers to members of Mrs. Bullis' grade Class on a recent field trip in which they are studying a study of construction materials. (See related Page 5)

## THE BASKETBALLERS—

Basketball play for Rankin is nearing an end. All and all it might well be called a year of surprises.

At the start of the season, Rankin did not appear to be very strong in the basketball department on the high school boys' team. For the girls, it looked a little better but they, too had lost a couple of star performers.

Now, with the end in sight, it looks like Rankin will win the district for the girls and will do no worse than third or fourth in boys' play. That may not seem like much of a showing for the boys but when you consider that they are playing with an average of eight sophomores and three to four juniors—and no seniors—it's a pretty good record. In fact, it's the best for the past three or four years.

In addition, in at least four of the games lost by the "A" team, a break or two in Rankin's favor would have given them a win.

For the girls it has not been too surprising that they are well along in the win column for the year. They had pretty good prospects despite the loss of a palver or two.

And what perhaps makes the picture a bit more rose is the record of the junior high teams, both boys and girls. The boys in particular had some good showings down in the 8th grade—winning over a number of the schools which will be in district competition with Rankin in the coming years.

Athletic-wise, one might be a mite optimistic about the future possibilities for the Red Devils.

## MEANWHILE DOWN IN AUSTIN—

Some of the state political big wigs are playing politics again. Their latest efforts are directed toward trying to break up the Republican stronghold in the 16th Congressional district of which Upton County plays a very small part. Principal target is the Mid-

The Rankin, (Tex.) News—  
Thursday, Feb. 14, 1963

land-Odessa area.

For many years Midland has been recognized as a Republican-leaning area and Odessa has—in the past—always offset the voting strength in Midland with a big Democratic majority. Now it appears that the two have combined on the Republican side and are upsetting the apple cart for the one-party state boys.

So, working on the old theory of divide and conquer, a bill has been prepared in Austin that would split up the Midland-Odessa area into different congressional districts, thus weakening the Republican block vote that has come out of there the past few elections.

And what of Upton County? We're not really very significant in any case vote-wise since we never have many more than 1800 votes in the county—in recent elections, pretty well split half and half for Republican and Democrat. We will be put into a district controlled by San Angelo and Tom Green County. In a set up like that, the little Republican vote in Upton would be hardly noticed since Tom Green goes heavily on the Demo side.

All of which means very little I suppose except to point up the fact that Republicans have now become a major headache to the state Democrats.

One rather interesting fact is to be noted. San Angelo, long the king-pin in West Texas, has in recent years waged an unspoken and undeclared war against the Midland-Odessa complex that has gradually been sapping the San Angelo influence in West Texas. It is interesting to note the methods used by the two areas in their development efforts.

San Angelo has always held to the penny-pinching theory and has voted down many bond issues for improvements has tried to keep a tight rein on the status quo and has relied heavily on big government handouts to de-

resources whenever available. On the other Midland-Odessa area more on the wheeler.

dealer side, voting huge sums in bonds for improvements and not putting too much faith in government subsidized programs although they have had a few—noticeably in their Terminal air port facilities.

The results of the two different approaches toward development are apparent. While San Angelo,

with many, many year head start in the race, shows only a snail's pace of progress, the Miland-Odessa complex is fast becoming a major center in Texas.

The proposed bill in the Texas Legislature would tie Upton in with the group that is still living in the past.

I, for one, would rather have our wagon hitched to a little more progressive star. San Angelo has never wanted much except homage from its outlying districts.

A prime example of the kind of representation we can expect if we are put in a congressional district with San Angelo can be seen in our state senator, Dorsey Hardiman of San Angelo. It is apparently Dorsey's opinion that what is good for San Angelo will be good for Upton County. Such

**NOW SEE HERE—**

An old-timer is one who remembers when a dishwasher had to be married, not bought.

is not always the case.

What little favorable representation we have received in the past down in Austin has come mostly from our state representatives, here-to-fore elected from Midland.

Put us in with San Angelo in another district and we've had it.

**A THORNY PROBLEM—**

The Bible tells us that Paul often spoke of a thorn in his side. I wonder if he ever tried to edit a newspaper.

For two weeks now, I have

been trying to get the price of rose bushes at Cashway Grocery advertised right. So far, the score is two wrong and 0 right.

The doggone things should be:

**Field Grown — 2-Year Old Rose Bushes: 1 pack, \$1.; 3 packs, \$2.75 and 5 packs, \$3.50.**

Now there's a pretty good buy in rose bushes and if you should happen to need any, I'd consider it a personal favor if you'd buy up this batch from Dell

Talk about thorns in the side, I've got 'em in my hair.

## Drive on to Save Screwworm Program

BY W. M. (DUB) DAY  
County Agent, Upton County

Early reports indicate that the livestock producers and sportsmen are giving their all-out support to the Southwest Animal Health Research Foundation's drive to prevent the Screwworm Eradication Program from having to be terminated because of the exhaustion of funds. Even some California livestockmen have sent in their contribution for \$500.

The Foundation has set its sights on collecting the remaining \$1,000,000 of their \$3,000,000 goal by March 1 and is conducting an intensive campaign to achieve that goal. By that date, the \$2,000,000 already collected will be practically expended and the program may have to be stopped. Federal funds cannot be used

unless they are at least matched by State and private money.

Marvin J. Bridges, executive director of the Foundation, said he had personally talked to the majority of the county animal health chairmen during recent weeks, and judging from their comments, he is confident the livestock industry will rise to the challenge that is facing it. He said some of the counties have already collected up to 50 per cent as much as they had in previous drives. He said a group of California Livestockmen expressed their interest in the eradication program and sent in a check for \$500. The Perry Foundation of San Antonio has made a contribution of \$50,000, its second to the program.

Governor John Connally recently stated he would await the results of the fund drive before considering an emergency appropriation by the State Legislature. He said he believes the livestock producers and sportsmen have an obligation to fulfill their commitment, and to demonstrate that belief he gave a personal contribution, his second as a Texas rancher.

The Foundation's president, C. G. Scruggs, said the Governor's statement makes it imperative that the money be raised by the 1st of March. Every livestock pro-

ducer, regardless if he had donated before or not, will be asked to contribute again on the basis of fifty cents per animal unit. Many of the state's sportsmen are actively participating by contributing one dollar for each deer they killed during 1962.

"We cannot afford to let this valuable program die just when its success is so readily apparent," Scruggs remarked. He pointed

out that screwworms in 1962 had been almost totally confined to the Southwestern states, whereas in the previous year, 17 states reported infestation. He urges live stockmen and sportsmen to contact their local county animal health committee and make their donation immediately.

Norman Elrod of Rankin is the chairman for Upton County.

Elrod pointed out that the 50-

The Rankin, (Tex.)  
Thursday, Feb. 14,

cents per head donation applied to cattle only. A per head is requested.

He further stated that donations for Upton County current fund drive had been and that some money had been sent in with money by March 1.

## Four different ways to make going more fun than getting there

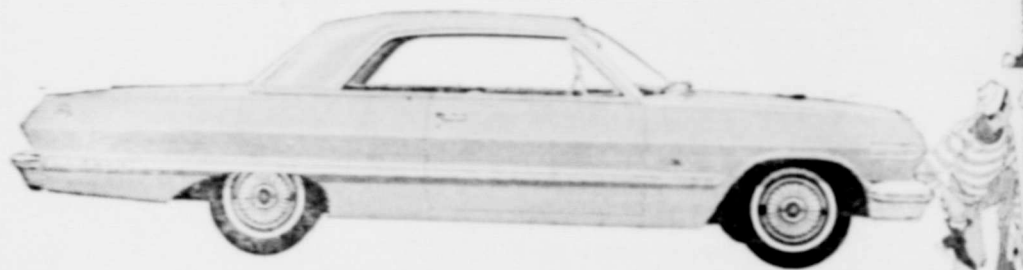

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the Jet-smooth Chevrolet, about as luxurious as you can go without going overboard in price; the low-cost Chevy II, a good-looking car that would send any family packing; another family favorite, the sporty Corvair, whose rear-engine traction

will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, Corvette—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already?

The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

## Rebekah Lodge News

ELSIE TURNER, Reporter

The Rankin Rebekah Lodge No. 8 met February 7 with Noble Grand Mrs. Jewell Crow presiding.

There were nine members present and one visitor, Mrs. Rufus Windham from Crane Rebekah Lodge No. 92. Twenty-one sick visits were made and nine cards were sent.

Mr. Roy Bell, president of the Rebekah and IOOF Association of District 14, was present for a business meeting after Lodge was dismissed to make plans for the district association meeting which will be held at the Rankin Park Building April 20.

Lodge Deputy Mrs. Al Turner was assisted by Mrs. Sid Langford in installing Mrs. Joe Kosel as conductor.

The Rankin Rebekah Lodge will furnish food for the speaker's table for the Blue and Gold Banquet which will be held at the school cafeteria Wednesday night, February 13 for the Boy Scouts.

Mrs. Neal Woodfin and Mrs. Garland DeLoach are reported as being ill.

Mrs. Allen Moore and Mrs. B. B. Brown are still improving.

Mr. Roy Bell requests all members to be present on Thursday, April 18 to finish plans for the Rebekah and IOOF of Texas meeting for this district as it is very important.

Crane Rebekah Lodge No. 92 has invited the Rankin Lodge members to Crane Tuesday night for a party in honor of Mrs. E. O. Hyde, district deputy president of District 14.

All members are invited to a district Valentine party Thursday, February 14, at the IOOF Hall.
