XXIX—NUMBER 8

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, FEBRUARY 25, 1965

Tuesday, March 2 to Offer the Most --

Public Schools Spotlighted In March 1-5 Programs

Rankin School District's annual week-long observance of Public School Week will get underway on Monday, March 1 with classroom visitation by parents and interested parties throughout the day. A similar visitation will be on the schedule each of the four days that school will be in session next week.

Tuesday, March 2, however, is to be the day when the most emphasis is placed on the school-rooms of the local district. As on Monday, visitors will be welcomed throughout the system all day. Beginning at 5:00 and lasting for two hours, the Rankin Lions Club will serve a pancake supper in the Elementary Cafeteria. This will be the only event to which an admission charge will be made—75-cents for adults and 50-cents for children under 12. All profits go to the club's scholarship fund.

Beginning at 5:30 and lasting until 7:15, all classrooms of the school will be open for public inspection. Students have been busy the past week setting up displays and exhibits of their work and a number of them will be on hand, along with teachers, to show the visitors about and to explain any questions concerning their work. Starting at 7:30 an hour-long program has been arranged at the High School Auditorium. It will include songs by the 3rd and 4th Graders, a physical education

drill by the boys' 6th Grade, and musical numbers by groups from the Rankin Red Devil Band. A short program of presentations and awards will also be made at this time.

On Wednesday and Thursday, classroom visitations will again be welcomed.

Friday, for the students, will be a red letter day . . . there will be no school as teachers attend the district convention of the Texas State Teachers Association.

Throughout the week, parents and visitors are welcome to eat at the school cafeteria. Prices are

to be 45-cents per meal.

Superintendent Bill J. Hood said this week, "We always welcome visits from patrons of Rankin Schools—not just during Public School Week—but anytime. We do feel, however, that each of you who visit with us during Public School Week will get a better understanding of our program and the part your child has in it since we have made some special efforts along these lines for next week. We hope you will be able to attend—if not all—at least some part of our program for Public School Week March 1-5."

New Candidates File --

Filing Deadlines Near For School, City Posts

With deadlines fast approaching, two new candidates were on files this week—one at the school and one at the city. D. L. Trowbridge entered his name in the race for one of the two school board seats that are up for filing. He joins Kenneth Cranfill who announced last week. Both men are employees of Halliburton Company and have lived in Rankin for the past number of years. Both have children attending Rankin Schools.

Seats up for election on the school board are those currently

held by Joe Simpson and Lloyd Harlan.

HUGHES—NOT PRICE

In the race for city councilman, the News was in error last week—slightly—on who is up for election. The seat that will be contested is that presently held by Mike Hughes—not Moe Price. Hughes this week signed up with City Secretary Vacie Grimm to have his name placed on the ballot for re-election. C. A. "Pap" Shaffer last week announced for

VOLUNTEER FIREMEN— with an assist from lookers, douse a fire in the attic of the Ray-tt home last Monday at about 1:00 p.m. Ap-caused from an overheated gas wall heater in oom, damage was estimated at some \$50.00.

pp Federal Aid --

Rankin School Board's Civil Act Papers

School Board got in deadline last week by school administrators fully with Section 601 Rights Act of 1964. All necessary papers that Rankin School should not discriminate person on the ground or or national origin, salvaged some \$10,000 aid to the local dis- would have been lost

had they not complied with t law. The Civil Rights Act of 1964 was passed by the Congress of the United States and signed in-to law by President Johnson. It covers a wide range of civil rights matters and in the above instance provides that no school system shall receive Federal money as long as it practices discrimination in any form. This ruling is gen- (Continued to Page 4)

PUBLIC SCHOOL WEEK IN RANKIN RESOLUTION

The people of Rankin Independent School Dis- united in a common goal—to give each boy and opportunity to develop his full potential, and

We live in an era of the most scientific changes recorded history of the world, an era in which a med citizenry is our best hope for survival and and

The enthusiastic reception and interest generat- er Public School Weeks is amply demonstrated ore than 2 million adults who take time to visit rooms of Texas in which are housed more than school-age students, therefore

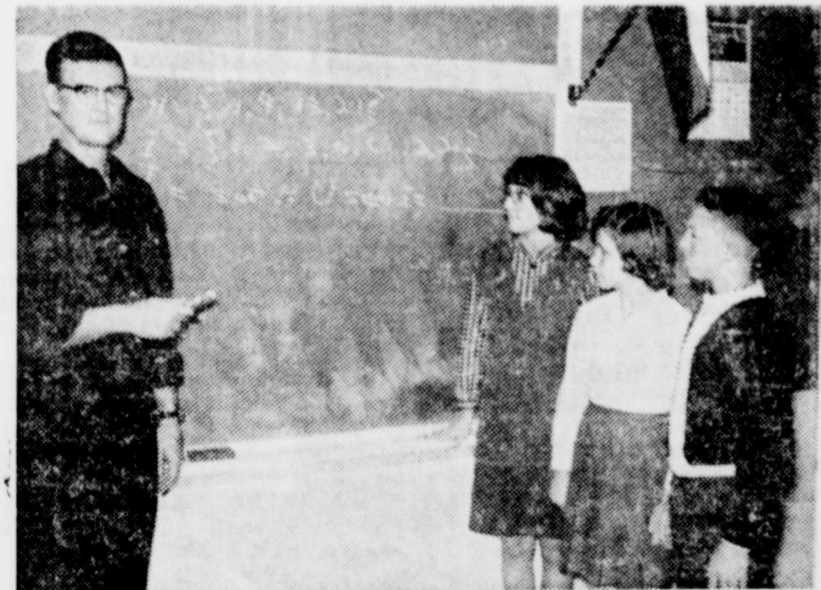

OLVED: That, as Mayor of Rankin, I do hereby ration with the Board of Education of Rankin hools, proclaim March 1 through March 5, 1965, School Week and do hereby call on all citizens heir schools during this period.

B. PETTIT, Mayor Rankin, Texas

Joe Simpson to End School Board Tenure

Joe Simpson, member of the Rankin Board of Trustees, Rankin Independent School District, for the past twelve years, announced this week that he will not seek re-election in April. Manager of Halliburton's Rankin installation, Simpson and his family have resided in Rankin for the past 14 years. He is the second oldest—in time served—member of the board and is presently its secretary. Only A. B. McGill has more time on the board than does Simpson.

"Since I no longer have children attending Rankin Schools, I feel that it is time to step down and let someone else serve on the board," Simpson said. "Twelve years is a long time and I do not have the interest in the schools that I had when our own children attended," he said.

MODERN MATH in Rankin Junior High—E. G. Walker, math teacher in Rankin Junior High School, explains modern math concepts to Vickie Hood, Debra Henry, and James Hamilton, seventh graders in the school.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

SCHOOL WEEK—

Public School Week in Texas and in Rankin will be March 1 through March 5. It is perhaps, as good a time as any for Rankin Schools to announce that they are going to comply with Federal law and admit Negro children to all levels of education in Rankin Schools. This requirement is the law of the land, whether you or I agree with it personally or not. I'm sure there are those who do not agree with the law that says one man cannot rob another but it's still the law and most of us are willing to obey all the laws—not just the ones we like personally.

And so it is with this instance. Ever since there have been schools in Rankin, they have excluded Negroes from attendance—not, as far as I can determine, because of any hard-core local opposition but primarily because it was the accepted practice in Texas. There have been individuals who felt—and still do—strongly against the attendance of Negroes at Rankin Schools, but they have not made

The Rankin (Tex.) News—
Thursday, Feb. 25, 1965

an issue of their beliefs in the past and most, if not all, have indicated that they will now accept the situation as it is.

The Negro people of the community have not complained about the arrangements. They did not make request that changes be made. In fact, one who has driven the local Negro school children to McCamey and has been paid a salary for this service, will now lose his job.

As a community, we will have to face facts and adjust to whatever—if any—new changes are made. The law that requires Rankin Schools to admit all comers says in part:

"No person in the United States shall, on the ground of race color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

And Rankin Schools does, and (Continued to Next Page)

from Preceding Page)
 always will, receive
 assistance—at the

present time somewhere in the
 neighborhood of \$15,000 a year.
 And again, like it or not, this
 assistance and the strings attach-
 ed, will increase in the years a-

head.
 This requirement has nothing
 to do with the so-called "Supreme
 Court ruling of 1954". The regu-
 lation quoted above was a part of
 the Civil Rights Act passed in
 1964. Other laws and regulations
 along this line will be passed
 from time to time in the future.
 Such actions have the approval
 of a vast majority of the voting
 public as seen in the last election
 and it is right and proper that
 they are passed, adopted and en-
 forced.

Personally, I don't think there
 is any cause for concern. In Ran-
 kin we have not been noted for
 the "rioting-in-the-streets" bit and
 most of us know when to throw
 in the towel. We have intergra-
 tion. It had to come and its no
 ones fault—not the present board
 nor administration, teachers, lo-
 cal residents—White or Negro. It's
 here and it's here to stay.

And besides, what the heck . . .
 Ole Wink has turned out some
 pretty good football teams with it.

THE WIDOW—

It's not uncommon to hear one
 of the local womenfolk addressed
 as the "Widow So-and So" when
 everyone knows darn well that
 she has a husband about. Exact-
 ly where about is, it seems, the
 reason she is called "Widow" for
 it may be that she's what is
 known as a "Fishing Widow", a
 "Hunting Widow", a "Golf Wid-
 ow", a "Baseball Widow", a "Ro-
 deo Widow", etc. . . . all signi-
 fying that her spouse is addicted
 to some form of sport or recrea-
 tion that leaves her at home to
 mind the kids while he's out—
 supposedly—enjoying himself.

Frankly, I don't see why women
 frown on this arrangement. It
 has been going on for centuries.
 At first the cave man took his
 club and went out to kill a mam-
 moth while the wife kept the fire
 hot. Then, at a time considered
 to be most romantic, he would
 mount his charger and sally forth
 to do battle with the noble drag-
 on before returning to woo his

ladyfair. Then, in a later period,
 we see him squaring away his
 coon skin cap and taking up the
 chase of the Redskin Indian. Why
 I'd wager that even Old Adam
 was out popping a few snake
 heads that time Eve got into the
 apple orchard.

It's only in recent years, after
 the passing of the mammoth
 slaying of all the dragons and the
 conquest of the last Indian the
 the male of the species has took
 to the field in pursuit of the
 modern form of recreation. I just
 can't see why ladyfolk can't rea-
 lize that in truth we are out to
 do honor in battle like we always
 have. It's not our fault that all
 the aforementioned adventures
 can no longer be had. Besides,

**The Rankin (Tex.) News—
 Thursday, Feb. 25, 1965**

how do we know those early men
 were out chasing mammoths, or
 fighting dragons—now why in the
 world would anyone want to fight
 a dragon (Yep, I'd sure like to
 shake the hand of the chap who
 thought that one up and made
 it stick. He had real talent. Can't
 you just hear him: "Forsooth, my
 love, me and the boys are going
 out and make like hideshow, man,
 out of a couple of dragons. Keep
 the pad warm, Chick." Out fight-
 ing dragons, indeed . . . Ha!)—or
 chasing Indians?

How do we know they weren't
 out fishing, hunting, playing golf
 or gone to a baseball game? Huh?

Decay and overweight are America's biggest unhealth problems. Fresh vegetables could help both. Fruits and vegetables are who don't find it convenient to brush after each meal. You should take the time to brush your teeth at least twice a day. They are putting the spotlight on dental care in late ado-

**The Rankin (Tex.) News—
Thursday, Feb. 25, 1965**

lescence. The reason: the type of dental disease commonly seen in people of advanced age (tooth decay just below the gum line) is now being seen in young adults. Healthy gums help keep teeth sound. Nature's toothbrush foods give the gums cleaning and exercise. The citrus fruits of this group also provide Vitamin C,

which must be adequately supplied if gums are to be healthy.

TO DECREASE THE RISK OF HEART DISEASE

The public has been advised to reduce fat consumption as a possible means of decreasing the risk of heart attacks and strokes. This recommendation comes from the American Heart Association. The number of deaths from heart-artery disease and strokes has been very great, and many are people under 65 years of age.

It is estimated that the American man now consumes about 10 tablespoons of fats and oils a day. This is a little more than half a cup. People may not think they eat that much, but this includes fats that do not show, as the fats in milk, eggs and baked goods. Cutting out 1 to 2 tablespoonsful of fat each day will bring the amount down to a more healthful level, it is believed.

Fruits contain no more than a trace of fat. A sure, simple and pleasing way to cut out some fat is to make fresh fruit one of the standard dessert items that is served regularly and often at your house. By serving fresh oranges, apples or peaches in place of chocolate cake, you cut 1 tablespoonful of fat from the day's food.

Mrs. Don Deel Hosts Omicron Tau Session

Rankin Omicron Tau Chapter of Beta Sigma Phi met Monday evening in the home of Mrs. Don Deel. Roll call was answered by each member giving the name of her favorite magazine. The business meeting was conducted by Mrs. E. M. Sullivan in the absence of the President, Mrs. Tex Collins. A nominating committee was elected for 1965 with its membership consisting of Mesdames J. C. Surber, J. R. Funderburg and Don Deel.

The program "Reading Through the Ages" was given by Mrs. Joe Lee and Mrs. Bill Wrinkle. Members participated in the program by bringing old newspaper advertisements and articles.

The serving table, covered with a white lace cloth, held a log ac-

cented with a hatchet and a wig to compliment the birthday of George Washington. Coffee and cookies were served to approximately fifteen members and their guests.

Bell Hood Tops Topers in Lbs. Lost

By The TOPS Reporter

The Rankin Tops met on February 18th at the Girl Scout Hut. A game was played and songs were sung.

Bell Hood was the Tops loser for the week and we are happy the pig didn't get to go home with anyone.

This coming Thursday, February 25, each member is to bring a low calorie dish and each is to write a song.

Anyone is welcome to visit and join the group.

San Angelo College Futures Program Scheduled Thursday

BY W. M. (DUB) DAY
County Agent, Upton County

Another tool was handed to us recently in our beef cattle industry. Many of us are at a disadvantage because we do not know where the tool can be used nor whether it even fits. This tool is in the form of the Beef Cattle Futures market on live cattle. To be added to this soon will be the Futures Market on Beef Carcasses.

Since we are primarily an agricultural area with beef cattle and sheep being run as a combination on a big percentage of our farms and ranches, the two operations are very closely knit. Wool Futures is much older than Beef Futures, but it is still comparatively new to most of us in West Texas.

Therefore, we are combining the two in a Beef Cattle and Wool Futures Forum to be held at San Angelo February 25. The Forum will be held at San Angelo College auditorium from 1:30 to 4:00.

The entire program is designed and is being held strictly for educational purposes. You will not be advised to use futures trading, nor will you be advised not to use such trading. All we want to do is present facts in a manner that you may better understand these new tools you have been handed. By doing this you can make up your own mind as to whether the tools fit into your operation, and if they do, how and where.

Facts About Texas Public Schools

Based on the present status and expected growth of Texas Public Schools, 9,000-9,500 new teachers will be needed each year.

Total Cost of Public Education in Texas for the year 1963-1964 was \$961,000,000 of which \$725,000,000 went towards current operation, \$141,000,000 for capital outlay and \$95,000,000 for payment of interest and principal bonded debt.

The Average Daily Attendance for 1962-63 in Texas Public Schools amounted to 2,039,789. This was an ADA increase of 788,506 from 1951-52 through 1962-63. Total Public School Enrollment for 1962-63 was 2,282,142.

The ten most populous district in Texas are:

	Students	Teachers
Houston	189,307	7,701
Dallas	145,092	5,198
San Antonio	76,973	2,731
Fort Worth	76,413	2,990
El Paso	57,372	2,354
Corpus Christi	41,061	1,626
Austin	39,687	1,816
Amarillo	31,229	1,287
Lubbock	30,427	1,291
Ector	24,045	1,164

In Texas in 1963-64, there were 1,413 High Schools, 649 Junior High Schools and 3,747 Elementary Schools.

In 1963-64, there were 1,381 school districts in Texas, employing 99,951 professional personnel, transporting 44,970 students at public expense with 8,169 school buses, driving an average daily mileage of 502,173. A total of 90,141 students were graduated last year.

Of students graduated, 42,621 were white males, 42,914 were white females, 5,642 were Negro males and 5,964 were Negro females.

259,655 children were registered in the First Grade in the 1962-1963 school year. Only 195,646 were registered in the 6th Grade and a total of 95,859 were Seniors in the 12th Grade.
