Serving the Interests of Rankin and Upton County

LXXXIX—NUMBER 16

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, APRIL 22, 1965

Masonic Lodge Become Hay Barn

Rankin chapter of the Masonic Lodge since that time. At one time the lodge used the entire building, the upper floor being the main lodge hall and the lower part housing a recreation room and a kitchen.

Severe damage to the upper portion resulted from a fire several months ago that destroyed Home Appliance Company next door to the lodge hall. Bids were taken and A. B. McGill was determined to be the high bidder. He and his crew began taking the old structure down last week. It will be rebuilt—much in its original shape—on ranch property of the Noelke Estate and will be used as a hay barn and a storage.

Even before the fire, the old building was on its way out, however, as a lodge hall. The Rankin chapter had started work on a new home across from the Rankin Park Building about a year before the fire. They now lack only the interior work having the new structure ready. In the meantime, the lodge has been carrying on their work in the Upton County courthouse.

Bloodworth to SRC Institute

B. BLOODWORTH to Alpine

Beta Bloodworth, language instructor in Rankin High School, has been accepted for attendance at the SRC Institute in Linguistics and Senior High School Teachers, June 1 to July 1 at Ross State College in

Alpine, along with many other teachers. The institute is sponsored under the National Education Act and is designed to provide teachers the opportunity to receive instruction in the linguistic approach to English, a method which will be implemented in schools by the Texas Education Agency.

Summer Water Rates in Effect

Under the summer water rates, in effect here for the past several years to encourage nicer lawns and better trees in Rankin, the minimum on 2,000 gallons is the same at \$3.00. From that figure, with the summer rates, the next 2,000 gallons go at 50-cents per thousand. From 5 thousand gallons and up, the rate is 25-cents per thousand.

Regular rates call for 75-cents per thousand up to 10 thousand gallons and 50-cents per thousand over the 10M figure. By comparison, with the summer rates, 20,000 gallons of water will cost \$8.00. Had the regular rates applied, this amount of water would have been \$14.00. Summer rates are on until the 1st of September. At that time prices revert to the regular rates.

Try-Outs Draw Large Field--Opener Near--

LITTLE LEAGUERS PLAY BALL

Some were short; some were tall. Some were fat and some a bit skinny. They all had visions of thrilling the stadium as they performed ala Mickey Mantle and drilled one over the center field fence.

They were all kids trying out for the Little League baseball teams and there was a lot of them and they were eager. And in the stands and on the sidelines, they had rooters and supporters in the form of mamas and papas and assorted other friends. It was a big afternoon.

So did the try-out sessions for the four Rankin Little League Baseball Teams open last Monday afternoon. Some forty boys and a good group of spectators—along with coaches, assistant coaches and assistants to the assistants, were on hand to give indication that another season is at hand and that for the next

Easter Holiday is Quiet One Locally

"It was as quiet as a funeral service", said Sheriff H. E. "Gene" Eckols in describing the Easter Holidays in Rankin. Eckols said that the last sign of activity was on Friday night when a teen-age dance was held at the Rankin Park Building. After that, he said it was mighty hard to find anyone to talk with on the streets.

Eckols said that in discussing the holidays with highway patrolmen, it was believed that more cars were on the highways than there were at Christmas and New Years. No traffic accidents were reported in Upton County for the Easter week-end.

One ranch home reported the loss of a small amount of valuables but these were recovered when two "wet backs" were apprehended a short time later. They were turned over to the Border Patrol.

eight to ten weeks, baseball will be a hot topic everywhere. Three days of try-outs will be held before the player auction when the teams are actually formed.

Immediately following the formation of the teams, the four managers and their staff will get their boys together and begin practice that will be designed to sink their opponents and assure them and their team the championship.

And along the way, just about everybody is certain of having a good time.

Actual Little League play is to open Friday, May 7.

Adult leadership is provided this year with Grady Holder as president of the league; Merle Richardson, vice-president; Louise Gray, secretary-treasurer;

Ed Edgar is player agent; B. E. Gray, little league chief umpire; Cecil Copeland, official score keeper with L. Z. Titsworth, assistant;

Jerry Barton will manage the farm club; E. M. Sullivan is the volunteer manager for the board of directors and Grim Taylor is the volunteer umpire for the board.

Manager of the Giants will be Tommy Latham with Dick Nesbitt as his assistant.

Managing the Cardinals will be K. D. Cranfill. Dub Mow will be the assistant.

April 25 to May 2 --

CHURCH OF CHRIST PLANS EIGHT-DAY GOSPEL MEETING

An eight-day Gospel Meeting has been slated at the Northside Church of Christ. It is to commence Sunday, April 25 and will continue through Sunday, May 2.

W. H. (Gene) Johnston, a former minister of the Northside Church of Christ now serving in Taylor, Texas, is to be the evangelist.

Services are to be held twice daily: at 7:00 a.m. each weekday morning and at 7:30 p.m. each evening with the exception of Saturday evening, May 1 at which time they will be at 6:00 p.m. All Sunday services are to be held at the regular times.

A cordial invitation has been issued to the public to attend each of these meetings and hear Mr. Johnston as he preaches from the Bible.

For the Yankees, defending champions, it will be Charlie Hale, manager, and Mike Hughes, assistant.

E. M. Sullivan is to manage the Dodgers. His assistant has yet to be named.

Over in the teen-age league, the Go Team, a unit that was red hot most of last season, will again be managed by Bill Wrinkle. Assisting him will be Pete Beardon. Shorty Taylor is to be the chief umpire for the Rankin Go Team.

In addition to these, an assortment of volunteers will be called on from time to time to help in the Little League program for the summer.

LIBRARY WEEK SLATED FOR LOCAL OBSERVANCE

Mrs. M. J. Edwards, librarian at the Rankin Library, has reminded patrons of the establishment that next week has been proclaimed National Library Week in Texas. Special emphasis is placed on library work during that week in order to better acquaint the public with the facilities available to them.

Mrs. Edwards is preparing a report from the Rankin Library for publication next week, and the Rankin School District will give reports on their school library work.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

PSHAW—

It's always good to get away for a bit but it's heck when you slip out of town and upon returning, the first person you run into and say "Well, I'm back", comes up with "I didn't know you were gone."

Anyway, I went and I did think of a reason for working another 12 months . . . so that I can pay back the money I borrowed to pay taxes for having worked the previous 12 months. It wasn't a very good reason but it beat any offer I got from the relatives to stay a little longer.

We motored down to the Alamo City and hung around a day or two. Nothing much ever changes in San Antonio except the prices. They are great ones down there to look for the hand-out.

A good many of their public facilities were built by the PWA back in the 30's, some more have been added by the Army and Air Force. I guess you could say that the good citizens of San

The Rankin (Tex.) News—
Thursday, April 22, 1965

Antonio even go back to about 1600 in their hand-me-down way of living for somewhere back in those days many of the old missions were built by padres and Indians. These today are major money-making tourist attractions in San Antonio. About the only new changes that have been made are roads and these—the freeway for instance—are paid for by the federal and state governments.

Many of the streets still have the same chug holes in them that they had when I first went there in 1939. Many of the old buildings are still painted the same color. Sure, they have some new stuff but we ate a meal in a little cafe on Broadway that had a tree growing through it that was over 500 years old. You can't exactly call that keeping the shrubbery cut back.

And you will be glad to know that San Antonio, if they can

a plan whereby you contribute toward the improvement of their fair share of the State of Texas over a nice hunk of money for them to use at their HemisFair—set for 1968. About the only thing that can come up with the money into the tax pot. And I guess I don't expect it much into as they're good folk down here enjoy visiting in makes me appreciate West Texas.

last week's Meeting it is learned that School Board — in

short order — delayed for an indefinite time taking any action on the new Federal School aid program. They said "No thank you" in so many words. For this prompt action, they are to be commended and I'd venture to say that Rankin School Board will take about the same attitude when and if they consider the proposed Federal plan.

We chide Mr. Castro and associates for their Communistic idea of taking the children from the home and letting the state rear them. Yet, in a sort of way all too closely related, this new plan

would take the children one year earlier—in some states that would be around four—and start training them in many of the things they ought to be learning at home. Among the things proposed for teaching the tot is how to wash his face and hands, how to use the bathroom, how to play with other children and assorted other little niceties which almost every mother that I have ever met would feel offended if told that her child were lacking.

I'm sure the people who made up this new Federal aid to education had the best of intentions

and its quite possible, I suppose, that there are places where they think so little of their children that the government ought to take over their training at the earliest possible date but I have never been unfortunate enough to find one of them—not in the United States nor outside the United States.

I submit that most of us feel quite capable of teaching little Johnny how to use the bathroom. We're just not ready yet for that bit of welfare thinking.

But it's not only on the way—it's here and it's here to stay. A good many school districts are making a mad rush to get on the bandwagon. Stories in the San Antonio newspapers told of the wonders of the plan and the school boards in that area are already signing on the dotted line. The San Angelo Standard-Times, in an editorial page cartoon last Monday depicted Lyndon B and Congress giving the broken down

school bus, overloaded with needy children, a tow with their new Cadillac.

Ah, yes. Socialism can be a wonderful thing if you will just relax and float along with the current. It's only hard for the few who might feel a little twinge of independence and want to swim upstream . . . like teaching little Johnny that it's alright to hold his Delsey with his left hand if he so desires instead of following PS-J-3109-L which states in Section C, sub-paragraph b, that all tissue holding must be with the right hand by order of the United States Government.

And that, friends, is not an attempt at yellow journalism — it's just very near the truth as related to parts of the new aid to education coming out of the music box of the Gread Organ-grinder in Washington.

Americans, so some apparently feel, don't have much sense anymore.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Water is a problem with many West Texas communities, but Childress is solving it with an ambitious program. In connection with neighboring towns, there is a \$6 million dam and reservoir starting soon . . . under construction a \$4 million pipeline from the water supply to the city . . . and a pipeline system in the city. Add such things as a remodeled City Auditorium with convention facilities . . . vapor lamp street lighting downtown and on highways through town . . . remodeled Chamber of Commerce offices . . . over \$400,000 in Church construction . . . new lounge at the Airport . . . and modernizing of many business buildings. Scheduled for the immediate future are a school bond election . . . expansion of State buildings . . . and a new hospital. The Childress record is a PATTERN FOR PROGRESS in "community development," improving chances for continued economic growth and attraction of new industry plus making it a better place to live, work and play. Growth conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

Governor Proclaims Library Week -- Rankin Has Four

"Library Week in Texas" was proclaimed recently by Governor John Connally when he signed an official memorandum setting the dates to coincide with the nation-wide observance of National Library Week. Governor Connally said, "while all Texans do not have the opportunity for advanced academic education, the library is every man's university, where he may educate himself." Attending the proclamation signing were members of the Texas Library Week Committee.

 broken nose and a large Adams apple.
 Payne is wanted for a number of sex offenses and is considered highly dangerous. He has been

known to stay in smaller towns in preference to the larger cities. There is reason to believe that he is in the Texas area.
 Any information on this man should be given to the FBI or the party having such information could contact Sheriff H. E. Eckols for further instructions.

Tops Need Pen Full of Pigs for Meeting
 BY THE TOPS REPORTER

The Pig was made very happy at the expense of the members when Tops Rank "N" File met April 15. He could have had one of several homes this week. One member has him though. We had several gainers, one turtle and the best (and only) loser was our new Teen Tops member, Vonnie Schulze who set a good example by losing.
 Plans were discussed for this months low calorie meal and for a new contest among members. A general discussion of more effective means of dieting ended the meeting.

Mrs. Esther Fletcher of San Antonio visited her parents, Mr. and Mrs. J. L. Clark, over the Easter holidays.

Mr. and Mrs. Tommy Reed of Sundown visited the Clyde Scott family over the week-end.

Coin Clubbers Hear TNA President; from Castle Gap Club

Castle Gap Coin Club met last Tuesday night with some 35 in attendance. They heard a report on the recently held Texas Numismatic Association from Floyd Covil of McCamey. Covil was elected president of the Texas Association, one of the largest in Texas. As his home club, he urged members of the Castle Gap Club to individually join the Texas organization.
 In the auction that followed, there were a good many buy-backs and only uncirculated items showed any real strength. Some twelve lots were sold, ranging in price from \$1.75 to \$8.75.
 Winners of the door prizes were John Paul Godwin of McCamey and Boogie McSpadden of Rankin.
 Members were present from McCamey, Iraan, Big Lake, Texon, Odessa and Rankin.

'65 Chevrolet Impala Sport Coupe

'65 Chevrolet Malibu 4-Door Station Wagon

'65 Chevrolet Nova Sport Coupe

'65 Chevrolet Corvair Corsa Sport Coupe

If you've been sitting tight waiting for just your kind of car, with just your kind of power, at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.

Proper Spraying can Give Homeowners Better Plants, Trees

BY W. M. (DUB) DAY
County Agent, Upton County

The potential beauty of an ornamental plant may be marred and, in some instances, the plant may be killed by insect infestations. Practically every ornamental plant and shade tree grown in Texas is subject to attack by one or more insect pests during the growing season. Preventive measures can greatly reduce the amount of insect damage. Such measures also contribute to the beautification of home grounds and gardens and the community improvement.

In most cases, it is not necessary to identify every insect or pest attacking plants around the home. The main points to know are how the insect is causing damage and the part of the plant it is feeding on. The majority of ornamental pests can be classified according to their type of mouthparts—sucking or chewing—and the resultant damage to the plant. However, the type of mouthparts of a few insects is not indicative of the type of damage inflicted. These pests include gall-forming insects, tree borers, and leafminers.

The mouthparts of sucking insects are arranged so that a hollow beak can be inserted into the tissue and the plant juices withdrawn. This, of course, weakens the plant, and death may result if infestations are sufficiently heavy.

Chewing insects consume foliage by their feeding activity, thus reducing the food manufacturing areas of the plant and causing a loss of natural beauty. Some insects habitually girdle or sever the plant near the soil surface which results in loss of the entire plant.

In controlling several insect pests on ornamental plants, a

combination of sprays or dusts, or a specific insecticide may be used. Combination sprays or dusts are not names as such by the manufacturers. These mixtures are sold under various trade names and all brands contain a mixture of two or more insecticides. A fungicide also may be included in the mixture. These chemicals are packaged in small containers designed for home use and directions for applying the insecticide can be found on the label. There are several brands of combination sprays and dusts on the market and anyone of these combinations will give satisfactory control of a large variety of the sucking and chewing insects.

One certain insecticide will do the job as well as two or three

mixed together. If some insect is attacking flowers, trees or shrubs, and feeding on the foliage, the combination insecticides will—as a rule—give good results. It is best to use these mixtures if you are not sure just what insect is involved. In general, sprays will give better control of ornamental pests than will dust.

Don't expect the recommendations given in L-199, the Texas Guide for Controlling Insects on Ornamental Plants to work 100 percent in every case. For example, if certain plants are infested with a heavy infestation of scales or spider mites, it will generally require two or more thorough spray applications applied at 7 to 10 day intervals to obtain satisfactory control. In

many instances the homeowner may not follow directions and will be disappointed in the control obtained. Improper spray equipment could be a limiting factor.

Five basic principles for successful ornamental pest control are:

1. Good equipment for applying the insecticide.
2. Selection of the proper insecticide.
3. Application of the insecticide in the proper manner.
4. Starting control measures before serious damage occurs.
5. Repeat applications must be made in 7 to 10 days to control certain pests such as scales, white flies and spider mites.

Call Long Distance for Less ALL DAY SUNDAY and after 8 Each Evening

NOW you can make long distance calls *all day Sunday*, at the low *night* rate.

The night rate is now in effect on station-to-station calls all day Sunday and every evening after 8 p.m.

Saturday calls are cheaper, too.

Now the "evening" rate applies all day Saturday and from 6 to 8 p.m., Monday through Friday.

Why not call out-of-town family or friends any time Sunday, or any night after 8 p.m., when rates are lowest? It's the next best thing to being there.

LOOK HOW LOW RATES ARE NIGHTS AND SUNDAYS

	Sunday — all day; Monday-Saturday 8 p.m.-4:30 a.m. (night rate) *	Saturday 4:30 a.m.-8 p.m. Monday-Friday 6 p.m.-8 p.m. (evening rate)	Monday-Friday 4:30 a.m.-6 p.m. (day rate)
Dallas to Abilene	\$.50	\$.70	\$.85
Fort Worth to Phoenix	.75	1.05	1.45
Lubbock to Austin	.60	1.00	1.15
Wichita Falls to St. Louis	.65	.95	1.35
Tyler to San Antonio	.60	.90	1.05

All rates for three-minute station-to-station calls. Add 10% Federal excise tax.
* Does not apply to collect or third-number calls within Texas.

DID YOU KNOW . . .

. . . that in addition to our regular dry cleaning, we offer . . .

LAUNDRY SERVICE

Just bring your bundles by and leave them and in a day or so, they will be ready . . . expertly cleaned and the price is very reasonable.

Wedding of Mrs. Janelle
Sullivan was an
evening, the
in the home of the
s. Mr. and Mrs. J.
401 SW 18th Street
Woods, Church
ster, read the sing-
ony at 9 o'clock.
the son of Mr. and
Sullivan of Burk-

Mrs. Bill Herod of Albany at-
tended her sister as matron of
honor. Virgil McHaney of Semi-
nole was best man.

The bride's daughter, Connie
Moore, registered guests. The
lace covered table held an ar-
rangement of blue carnations.

The bride chose for her wedd-
ing a street-length dress of blue
whipped cream, fashioned with
fitted bodice, high round neck-
line, and short sleeves. The full
skirt was box-pleated. She wore
a corsage of cymbidium orchids.

The matron of honor wore a
dress of pink whipped cream
similar to that of the bride. Her
corsage was of white carnation.

The bride's table was spread

with an ecru lace cloth over gold
and centered with a floral piece
of pink and white carnations with
low candles glowing on the four
corners of the arrangement. A
three-tier wedding cake was de-
corated with blue roses and top-
ped with a miniature bride and
bridegroom. Crystal and silver ap-
pointments were used to serve
guests grape punch, nuts and
cake. The groom's table, from
which coffee was served, was
spread with white linen.

The bride's twin sister, Mrs.
Lynn Nored of Phoenix, Ariz.,
and Mrs. Miles Eckert of Big
Spring served cake while her aunt,
Mrs. C. T. Justus of Crosby-
ton, presided at the punch bowl.
Mrs. Sullivan is High School
Librarian in Seminole. She holds
a B. A. degree from Abilene
Christian College and is also a
graduate of North Texas State
University in Denton where she
received her B.S.L.S. degree and
also her Master's of Education.
She was school librarian in Ran-
kin for seven years and taught
in Lamesa prior to going to Se-
minole three years ago.

Her husband is a postal clerk
in the Seminole Post Office.

After a wedding trip to El
Paso and points of interest in
New Mexico, the couple are at
home at 707 NW Ave. J. Semi-

H. D. Club Meets With Mrs. Midkiff

Midkiff Home Demonstration
Club held a meeting recently in
the home of the hostess, Mrs. T.
O. Midkiff. A very interesting
program on "A Guide for Dres-
sing" was presented by Mrs. F.
Pearson.

Next meeting of the club has
been scheduled for Friday, April
23 in the home of Mrs. Raymond
Messimer. Time is to be at 1:30
p. m.

Among Rankinites who have
been in Houston recently and
who attended baseball games in
the new domed stadium are Mr.
and Mrs. Roy Bell and Mr. and
Mrs. L. Z. Titsworth and family.
They all report that it's "some-
thing" to see.

Look what you save traveling Santa Fe's Family Fare Plan

How the Family Fare Plan works:
Dad pays full round-trip fare. Mom, and
children from 12 through 21 years, travel
round trip for the one-way fare. Children 5
under 12 travel round trip for only half
one-way fare. Children under 5 travel free.
Family Fares apply in Pullman or chair
cars. Trips must start between Monday and
Friday, but return trips may start any day.
