RANKIN JUNIOR HIGH 8TH GRADE

Devils to Contest Hawks on Friday

Following the McCamey Friday night in the Rankin Red Devils up and ride east to week on a Hawk hunt. is 8:00 p.m. at the some fourteen of San Angelo and plan to make the trip to leave a little early portion of Highway 67 men to San Angelo is instruction and driving will be slowed con- as a result. It might noted that it is not to drive into San An- der to get to Wall. A ay, cutting off 67 on going east, can be al miles this side of and it will avoid all the traffic and stop lights. ay, at exactly 8:00 koff time — someone turned on the water and a slow, steady rain ing and continued for the second half of the lightning and thun- sometimes caused the themselves to cast an ad. Generally, however, was ignored by fans players alike as the (the big guys) and the (the little guys) got serious business — so fact that neither team although Rankin at had a first down on five. the night was spent will a play as the wet the hard hitting de- the two teams—kept

wet fans wide awake. Outweighed as much as fifty pounds in some instances, the smaller Red Devils showed a fight they did not possess in their first outing. Such heavyweights as Don Deel at 138, Mike Sproul at 157, J. B. Welborn at 125, Biff Yocham at 148, and Booker T. Dixon at 130, stood shoulder to shoulder with their heavier teammates to turn back the hard-charging Badgers. Sproul, a guard, was in on some 25 tackles.

It was a whale of a game and fans and team alike came away feeling that the good game had been played—that they had given their best.

THE WALL HAWKS

In making the trip Friday to Wall, the Devils will be opening a new series, having never played the Wall school before. The Hawks won their opener over Eden but lost last week to Mc-nard when their ace quarterback, (Continued to Back Page)

Housing Authority Receives more Funds

Housing Authority of the City of Rankin this week received a check in the amount of \$52,440.99, as their share of a recent bond sale made by the Federal Government to finance a number of low rent housing projects in Texas. This brings to \$147,089.76 the total amount of funds received thus far by the Rankin program. According to estimates, it should be sufficient to complete the project; however, an allotment of over \$150,000 has been set aside should costs run higher than expected.

As of August 31, the Rankin Authority had paid out \$33,312.18 on work completed thus far and on administrative costs, land purchases, etc.

Pete Brown, foreman on the project for Gray Construction Company, the prime contractors, said that work was running a little ahead of schedule but that material delivery was very slow. Completion date is in early January, 1969.

The Local Authority is not, at this time, formally accepting applications for renting the units; however, all who are interested are invited to make inquiry with any member of the board or the executive director.

Rankin Junior High's Eighth Grade Team lined up for pictures on the first day of workouts with the above on hand:

FRONT ROW: (l-r) Kem Price, Tommy Taylor, Mike Stacy, Kevin Cornwell and Randy Quick
SECOND ROW: Bart Collins,

Ken Hamilton, Danny Daugherty, Alan Zoller, Richard Pharis and Steve McSpadden.

THIRD ROW: Coach Larry Braden, Rudy Abalos, Kenneth Boyd, Terry Stephenson, Billy Eggemeyer, Randy Braden and manager Hal Hutchens. Absent were

Neal Payne and manager Calvin Luck.

In their first game of the season, the Eighth Graders beat Stanton 18-6 last Thursday in Stanton. This Thursday they are to go to Ozona. Kick-off time is 5:30 p.m.

Initiation Fees due by Nov. 1 --

Rankin Country Club Nears Loan Approval

Supporters, members and planners of the recently formed Rankin Country Club received a morale boost last Friday when their Board of Directors met in a special session with Mr. Bob Edwards, supervisor in this area for the Farm Home Administration. After going over the progress made this far by the club on their efforts to secure some \$75,000 in the form of a loan from the FHA, Edwards told the group that "your chances are better than good that your loan will be approved".

In fact, Edwards was so optimistic about the club's prospects that he advised them to get their share of the money—approximately five percent of the amount requested—ready to put up. The Clubs share amounts to \$3,800.

As a result of the encouraging news from the supervisor, the Board of Directors set the date of November 1, 1968 as the dead-

fees pledged by the eighty-three line for payment of initiation members now on the club rolls. Most of the pledged membership has been paying on their initiation fee on an installment plan for the past five months.

"Now is the time we need your help," said a letter from the Board that will be addressed

Homecoming Plans Taking Shape for '68

Plans for the 1968 Homecoming at Rankin High School are beginning to take shape. October 18 is the date selected for this year's affair and a large number of ex-students and friends of the school are expected.

A highlight—as usual—will be the football game on Friday night with the Red Devil opponent being the Socorro Bulldogs.

Further details will be published as they are available.

to members still owing a balance on their initiation.

"We are within reach of putting into action our plan of erecting a new club house, constructing a swimming pool, getting grass on the fairways on the golf course and make some other needed improvements — but we must have this \$3,800 in escrow before final approval is given," said one of the directors this week.

(Continued Next-to-last Page)

Mike White is New Rankin Minister at Northside Church

Mr. and Mrs. Mike White arrived in Rankin this week from Hermleigh and moved into the Northside Church of Christ parsonage. White will be the new minister at the church, filling the vacancy created when Duane Johnson resigned to move to Colorado City.

White, 26 years old, is a native of Rotan and a graduate of Abeline Christian College, Class of 1964. Prior to his work in Hermleigh where he was a minister for two years, he was in Rock Springs, Wyoming for some fifteen months.

Seniors to Meet on Thursday

Stanton over last Thursday evening Devil B-Team and High 8th Graders will meet on Thursday for a game. Ozona does not have a Grade team and the seniors will join with the 8th Grade teammates for

will open at 5:30 with the game, followed at 7:00 p.m.

last week's game: Rankin 8th Grade, 6; Stanton 8th Grade, 6; Rankin 8th Grade, 34 — Stanton B-

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

AN OPINION—

The following editorial opinion appeared in last Sunday's Fort Stockton Pioneer and puts forth a thought that I have not seen expressed elsewhere. It is entitled: "Let George Do It".

That old saw, "Let George Do It," has a special meaning in this election year.

Only once in the last century, the last 25 Presidential elections, has a third party effort made an important difference in the electoral outcome. In 1912, Theodore Roosevelt received 27 percent of the votes; Taft 23 percent. Had their votes been combined, Woodrow Wilson would have been defeated.

This year again, the pundits are saying that a third party will have an important bearing on the Presidential election. To our knowledge no responsible observer has seriously suggested that George Wallace is going to defeat Mr. Nixon and Mrs. Humphrey. What is suggested, and what the Wallace supporters propound is the prospect that Mr. Wallace will attract sufficient votes to prevent either of

The Rankin (Tex.) News—
Thursday, Sept. 26, 1968

the major party candidates from being elected, in which event Mr. Wallace may do some bartering with the electoral delegates he wins, or force the election into the Congress.

But in the end, either Mr. Nixon or Mr. Humphrey is going to move into the White House. Not even George Wallace himself can really believe that he will be moving in.

BOYD PIERCE—

The folks who say you can't
take it with you have never seen
a car packed for a vacation.

and

A man used to be lucky to
have a wristwatch as a gradua-
tion gift. Now his son wears one
to nursery school.

CONTACT—

Newspaper editors are a lot
like preachers. From time to
time we all get the feeling that

nobody's paying attention.

I don't know how it is, how-
ever, with preachers, when they
do touch a raw nerve but with
editors, we get alerted to the
fact.

In the 4th and 10 column a
week or so ago the writer had
a few choice remarks to make
about the Dallas Cowboys and
believe it or not, we've got some
folk here in Rankin who do not
take kindly to hissing at their
favorite pro ball team. Several
of them rose up and offered to
smite the editor should such re-
marks continue.

Next to a mad mamma, I guess
the next most dangerous crea-
ture is an irate sports fan who
has seen his favorite team —be
it football or otherwise—degrad-
ed in the press and since The
Scoop is not much of one for
violence—especially when it is
threatened upon his own person—

I think I'll stick to making light
of politicians and let the foot-
ball teams and what have you
go their merry way.

But a cut and dried Cowboy
fan way out here in Rankin —
you gotta be joking.

HOWCOME—

What with all the protesting
that is going on, one wonders
how long it's going to be before
that National Association of
Parent-Teachers' rises up and
demands a ban on the song by
Jeanie Riley, "The Harper Valley
P-TA"?

And I don't know how you ex-
plain it—and certainly I would
not accuse a fellow publisher of
headline hunting—but it looks
like every time a celebrity comes
along, our cohort at the Wink
Bulletin, Mr. Bill Beckham, runs

a front page spread stating that
the new star used to live in
Wink. Among these are singer
Roy Orbison, several state poli-
ticians, and now Miss Riley.

I guess if you just have to be
from somewhere, Wink is as good
a place as any.

**Bobwhite, Blue Quail
Population Excellent**

San Angelo—Wildlife biologist,
of the Texas Parks and Wildlife
Department have been hesitant
to make other than casual es-
timates of the bobwhite and the
scaled quail crop in West Texas,
but there's no doubt about it
now—the quail crop is tops this
year.

Birds have hatched early and
late, and wildlife personnel and
sportsmen are reporting large
numbers of birds throughout all
of West Texas.

Wildlife Supervisor Jack Par-
sons asserts that although there
have been periodic high popula-
tions in some spots over the
past several years, the 1968 crop,
region-wide, appears to be as
good or better than any during
the past nine years.

A visiting psychiatrist, wandering
through the wards of a state asylum,
was particularly intrigued by a pa-
tient who sat huddled in a corner
all by himself, and scratched him-
self, for hours on end.

"My good man," the doctor ad-
dressed the patient gently, "why do
you stay huddled in a corner all by
yourself and scratch yourself?"

"Because," replied the man
wearily, "I'm the only person in the
world who knows where I itch."

**You say people
are afraid
to get involved?**

...not everyone.

Many telephone people have made it their
business to get involved in other people's
problems. They've saved hundreds of lives in
the process, often risking their own safety.

Over the years, 240 Southwestern Bell
employees have been awarded the Vail Medal,
an award recognizing acts which exemplify the
company's highest traditions of service.

Among our Vail Medal winners are employees
who ... pulled a mother and her son from the
rushing waters of a turbulent river ... carried a
baby from a blazing trailer home ... dragged a
man and woman from a burning car.

The list goes on and on.

And we're proud of them all. They're the kind
of people you can count on to get involved.

Southwestern Bell

Kent Says Demos are Split in Texas

Jim Kent of Monahans, Republican candidate for State Representative from District 66 of Southwest Texas, announced today the completion of his third 2,000-mile tour of his legislative district. The purpose of his last tour was to establish voter sentiments in the West Texas area.

Kent reported, "The overwhelming majority of West Texas voters found the conduct of the

Democratic National Convention an embarrassment to this nation, a sell-out of the traditional loyalty of the Southern Democrat, and demonstrative of the need to discontinue the permissive attitude of this country towards lawlessness".

According to Kent, there has been a very noticeable weakening of the Democratic Party structure, even at the local level, that has resulted in a large scale swing to the American and Republican Parties in Texas.

Kent expressed confidence that

The Rankin (Tex.) News— Thursday, Sept. 26, 1968

Vice President Humphrey has almost no chance of carrying Texas, particularly in light of his most recent stands. Humphrey's defeat, Kent added, will mean significant progress towards realization of a constructive effective two-party system of government in Texas.

Stressing the importance of Southern unity, Kent stated, "I am as concerned as any conservative Democrat about the future role of Texas and the South in our nation's government. Our influence is being drowned by a flood of left-wing extremism and we must unite to reverse this trend."

Ronald Davis now Serving in Vitenam

Cu Chi, Vietnam — Army Pvt. First Class Ronald J. Davis, 20, whose parents, Mr. and Mrs. C. B. Davis, and wife, Carol, live in Rankin, has arrived for assignment to the 25th Infantry Division near Cu Chi.

of the state's 4-H programs and activities.

The first boys corn club was organized by T. M. Marks, part-time Jack County agent and publisher of the Jacksboro news paper. The failure of a corn show for adult farmers in the fall of 1907 caused Marks to turn to the boys. A chance remark by a railroad official who had traveled from St. Louis to see the adult show, "You can't teach an old dog new tricks", drew this answer from Marks—"Then I'll start with the pups", and he did.

The 1908 show drew national attention and Marks was called to Washington, D. C. to explore the possibilities with officials of extending out-of-school education programs for youths as well as adults.

With the passage of the Smith-Lever Act by Congress in 1914,

If You Like 'em Hot, Get Yours Early

Even though the current crop of voters won't get the final use of their 1968 Voter Registration Certificates until the November General Election, they can sign up for their new 1969 Certificates starting October 1.

The 1969 Certificates, currently going through the printing presses, will be in the hands of the Tax Assessor-Collector by the October 1 date and all who qualify under Texas Registration

and its signing by President Woodrow Wilson, the Cooperative Extension Service came into being. This unique and revolutionary method of education, based on farm and home demonstrations, is now known throughout the free world. The demonstration method of teaching involves not only the carrying out of recommended farming and homemaking practices but the involvement of the farm family in programs and the solving of problems to better themselves and their neighbors and friends.

What has happened in the 61 years since County Agent T. M. Marks first tried his 'pups' theory? The 4-H Club program or its equivalent is known around the world. Approximately 100,000 Texas boys and girls are members of some 2,300 local 4-H clubs. Some 18,000 volunteer local adult leaders and County Extension agents work with them "To Make the Best Better," the 4-H motto.

The alumni of 4-H are counted in the millions. They are quick to point out the value of training received during their 4-H days. Thus, the dedication of the Jack County marker recognizes not only an event but the beginning of an experiment in education which even today is expanding to meet the needs of youth both rural and urban, and it's still 4-H.

laws may pick theirs up any time following that date at the Tax Assessor's office in the courthouse. There is no charge for the Voter Registration Certificates.

Deadline for registering for 1969 is January 31 and the Tax Assessor's office says that they usually do not register over "a handful" before the big push in January; although they do always have a few early takers.

Midkiff Pair Win Partnership Play at Country Club

Franks and Upchurch, a Midkiff duo, won the club partnership tournament completed last Sunday afternoon at the Rankin County Club when they posted a total of 106 points for the 36-hole matches. Terry Gray and Rex Sheppard, a couple of "col-

lege kids", were in at second with 102 points while Charlie Hale and Dean Nicholson were third with 96.

In the first flight, the teams of coaches Bill Anderson and Larry Braden posted 94 to tie with Clarence Winn and Genevieve Titsworth. Third place went to Jake VanZandt and Nobel Harkrider with 87 points.

Carroll Sproul and Charlie Kellogg walked away with the second flight when they put 67 points on the board. Tex Collins and Bishop were second with 46 while a tie developed between the teams of Dunn Lowery and Edith James and Merle Brown and Bud Holdridge at 44. The Lowery pair won the play-off to take third.

Rankin's Utility System Part of State-Wide Net

It is nice to have neighbors you can depend on—and electric company people long ago discovered that the "good neighbor policy" works out well in business.

That is the simple principle behind the Texas Interconnected System, a network composed of nine major power systems in Texas. Whenever trouble occurs on one electric system, that system can instantly borrow power from neighbors—other members of the TIS. Of course, the operation of the TIS is more complicated than just one neighbor borrowing from another.

The subject of interconnection of electric systems is currently receiving considerable interest in the news. But, it is "old hat" in Texas where the major power suppliers have been operating successfully on an interconnected basis for more than a quarter of a century.

If a major generating station of one of the TIS members suddenly goes out of service, the system is designed for other plants to automatically pick up the load from the "Spinning reserve" power that is available at all times.

This is just one way the TIS integrated system and inter-company-ties work to keep electric service dependable in our service area—as well as throughout the State.

The Texas Interconnected System is composed of West Texas Utilities Company and eight other power systems which operate wholly within the State of Texas. In a state as large as

Texas, with great variations in climate and geography, the membership of the TIS is divided into two groups to simplify operations: The North Texas Interconnected Systems (NTIS) and the South Texas Interconnected Systems (STIS). In the NTIS are Dallas Power & Light Company, Texas Power & Light Company, Texas Electric Service Company and West Texas Utilities Company—all investor-owned electric companies.

The STIS is composed of two investor-owned companies, the Houston Lighting & Power Company and Central Power & Light Company; two municipal power systems, the City of Austin and the City Public Service Board of San Antonio; and one state authority, the Lower Colorado River Authority.

The purpose of TIS is to continue to insure a reliable supply of power to about 8,000,000 people served by the nine-member electric utilities. It maintains an ample supply of what is called "spinning reserve" which is a spare generating capacity in operation and on the system ready to take on load instantly.

Both groups are joined by a 345,000-volt line extending north to Dallas from Houston Lighting and Power Company's W. A. Parish Plant and by 138,000-volt and 69,000-volt lines from the Lower Colorado River Authority system and between the Central Power and Light Company and West Texas Utilities Company.

A second 345,000-volt line is being constructed from the Parish Plant to NTIS with complet-

ion scheduled for mid-1969. These are and will be linked with 345,000-volt lines connecting Dallas, Fort Worth and West Texas in the NTIS area. The entire system is continually being expanded to keep ahead of the growth in generating capacity of the member companies. Over the years, the interconnecting transmission facilities throughout TIS have been increased in capacity and number in parallel with the increasing size and complexity of the individual member's system.

At the present time, there are in service 1240 circuit miles of 345,000-volt lines and an additional 860 miles have been scheduled for installation prior to 1972.

For more than 25 years the North Texas System and the South Texas System with joining service areas have operated successfully on a synchronized basis. Anticipated load growth along with the installation of larger and more economical generating units and Extra-High Voltage transmission lines have made closer cooperation and coordination desirable.

The nine-member companies today serve a combined area of 195,000 square miles (75 percent of Texas) extending generally to the Red River on the north, the New Mexico border (excluding the Panhandle) and the Monahans-Wink area on the west, the Rio Grande and the Gulf of Mexico on the south, and Paris-Tyler-Lufkin - Houston on the east.

The Texas Interconnected System maintains a spinning reserve of not less than the capa-

city of the largest generator operating in North Texas plus 100,000 kilowatts, and the capacity of the largest generator operating in South Texas plus 100,000 kilowatts. This totals well over a million kilowatts which is to be shared by the nine member companies. The system has a 1968 load-serving capability of 16,300,000 kilowatts—more than 3½ million kilowatts above the peak load of 1967.

TIS is not a power pool in the strictest sense of the word in that the nine member utilities do not pool their resources to finance, build or operate power plants and transmission lines. Each utility is responsible for the construction and operation of its own facilities. However, the nine utility companies do operate as one large system interconnected.

WTU has five transmission interconnections with the South Texas Systems. Three of these are with Central Power & Light Company commonly known as the Sonora-Uvalde 69,000-volt tie; the McCamey-Del Rio 69,000-volt tie; and the Sonora-Del Rio 138,000-volt tie.

Both within the WTU system and the other interconnected systems, fullest consideration is given to continuity of service—utilizing modern protective devices, alternative power supply sources and transmission facilities.

Reliability of a power system is a measure of the assurance of the system to supply uninterrupted electric service to the major points of distribution. The pattern of reliability in this area has been greater than 99.99 percent, and electric customers have come to expect almost continuous availability of electricity at the flick of a

The Rankin (Tex.)
Thursday, Sept. 26

switch.

Such reliability is a good planning and operation to achieve the maximum reliability within its Texas Interconnected System operates through an Executive Committee consisting of a representative from each member system, and two representatives, Planning and Operations.

How well has the TIS fared in the past? It has a model of efficiency. There has never been a TIS system interruption although there have been some emergency situations that have proved the value of the interconnected system.

There are times when individual units at WTU have tripped off the system. Some of the larger units of the TIS have been disconnected from the system. But the spinning reserve has taken over without a moment's interruption. Customers do not notice there is any problem. Their lights do not go out.

That is the kind of service we strive to provide—service that our customers take for granted.

4TH AND 10

"Dedicated to the proposition that football is here to stay and that the Red Devils will be in there tough when the game is over."

WHAT A WEEK—

So what do you say about last Friday night's football games? Favorites fell like the rain—and were about as widespread. After seeing that McCamey Badger crew trot out on the field, I was ready to call a play that would have sent all Rankin Boosters home before the slaughter got underway.

Now that it is over and I look back, we wuz robbed—

Say what you want about the Red Devils but you can't bad-mouth their defense. For a little bunch of people to hold that Badger team scoreless—rain or no rain—is something you just had to see to believe. And Rankin is probably the only team in the state to have scored only 8 points, lost one and tied one and look more like a winner than ever. Between the Badgers and Coahoma, their defenses have given up only 20 points in four games—with eight of these going to Rankin.

Stanton, a team the Red Dev-

ils snubbed up to the post in a scrimmage, beat Seagraves, rated high in state; Wink, a team Rankin walloped in scrimmage, beat Iraan, our chief rival for district; Alpine, a team McCamey had already beaten, downed Pecos; and Coahoma shelled Winters, a team that gave the highly publicized Sonora Bronchos a good game.

Mark it down—when the Red Devils get the kinks out of their offense—and they will—look out!

THE PICKS—

Ole 4th and 10 almost got skunked in last week's uprisings but can point with pride to the

pick within one point of the spread on the Rankin-McCamey score. It figured to be close. It was.

Big Lake put the stopper on Sonora with Renfroe going out early in the game. Iraan lost one of their top hands for the season—or so it's reported. The Van Horn Eagles still have some people missing who will probably be ready for district play. Menard waxed Wall and that gives some light for this week's game.

In trying to pick teams out

LAMINATING PAPER at the News Office. Put those important documents in sealed plastic. No tools necessary except scissors.

in El Paso the formula evolves: distance plus ignorance times the hand of fate equals a heck of a mess—usually.

A MOTTO—

Not that anyone has asked but it seems from here that the Red Devils have now developed to the point where the following motto might be enscribed on their map leading to a district crown: "Loyalty, Teamwork, Pride".

Where does it come from? It's the motto of the Green Bay Packers (despite the fact that they lost Sunday).

THE JUNIORS AND THE B's—
Congratulations people. You

The Rankin (Tex.)
Thursday, Sept. 26

put the skids on ole good. Now comes Ozona will get an opportunity how good you really some wild reason, Rankin never seem to show up against Ozona and since not on the A-team so far, it's up to you to carry the colors. Good will need it.

THIS WEEK—

RANKIN 35, Wall Menard can beat, better. But for gosh sake (Continued to Next

Country Club --

(Continued from Page 1)

The Board of Directors have also set the November 1 date as a cut-off time for all those now pledged who do not pay their initiation fee in full. Once a pledged member is dropped, he will not be eligible again for club membership.

"We need everyone who has signed a pledge," said a director, "however, if he feels that he no longer wants to join the club, then we will need to open his place to some who are waiting for a place on the membership rolls."

The club has a charter membership of seventy-five who may join at a \$50 initiation fee and an total membership limit of 100 with the last 25 required to pay \$100 initiation fees. The current figure of 83 includes some half dozen or more who have expressed a desire to pay an initiation fee in order to help the club get started but who do not plan to become active members.

SUNDAY DINNER

As a part of their "kick-off"

However, you can't count Sonora out just because they lost one game. Ozona has had trouble in their first two.

COAHOMA 20, Stanton 18. A game that looks about even—unless Coahoma is still better than most folk think.

SOCORRO 12, Del City 8. Out near the West Coast it would seem that any team is likely to be another on a given Friday night—in other words—who knows and how can you tell?

BIG LAKE 23, Brady 8. The Owls look better all along.

LAST WEEK—

- Rankin 0, McCamey 0

drive to get their program underway, the club has scheduled a covered dish luncheon at the clubhouse Sunday, September 29. Time will be at 12:30 p. m. and all pledged members are invited to attend and to bring their guests.

Following their dinner, golfers in the group will hold an ABC match, open to all the ladies who wish to participate.

Two Rankin Men Home from Vietnam

Two Rankin service men have recently completed tours of duty in Vietnam and are now at home.

SP-4 Harvey Helmers, son of Mr. and Mrs. Ed Helmers returned to the States earlier in the month and has now completed his Army service. He served some sixteen months in the war zone with a communications squadron.

PFC Robert (Butch) Langford, son of Mr. and Mrs. Sid Langford, returned home this week after completing a year's duty in Vietnam with an artillery company. After a 30-day leave, he will report to Ft. Hood for the remainder of his armed service.

Rankin Boys Club Makes Fishing Trip

Rankin Boys Club made a fishing trip last weekend to the Chandler Ranch. Ross Glosser was the top fisherman and Joe Reed demonstrated a new fishing technique. All the boys showed ability to go without sleep and Richard Gilman, one of the sponsors, taught the group how to have a "Chinese Fire Drill".

Other boys making the trip included Don Boyd, Roy Pippin, Mike Prater and Bobby Taylor.

Other such trips are being planned for the future and the group is soliciting odd jobs in order to finance the outings. Anyone who might have some available work is asked to contact one of the sponsors. They are Gilman, Rev. Larry Bailey and Glenn Cornwell.

Xi Epsilon Chi gets new Meeting Dates

Xi Epsilon Chi chapter of Beta Sigma Phi met Tuesday night in the home of Tommye Autrey. Meeting time has been changed to the 1st and 3rd Mondays of each month with the next meeting scheduled for October 7 at the home of Pauline Gossett.

Plans for a chili supper were revealed by the social committee for members and their husbands. Time will be at 7:30 p.m. at the Rankin Park Building on Wednesday, October 2.

Moodine Holdridge was chosen as Valentine Queen.

Sug Bloxom and Faye Copeland gave a program entitled: "Who We Are". Refreshments were served to members and new director, Edith James.
