## Country Club Nearing End in Funding Drive

The deadline of November 1 is approaching. Rankin Country Club continued their drive to get pledged members to pay initiation fees. The club has in escrow \$3,800 and is in order to meet its obligations under a \$75,000.00 FHA loan. As of this week, the club reported that money was coming in and that the total was within some \$1400 of the goal. Those who have not yet reached and that several were awaiting a check before making their final payment.

A provision in the constitution and by-laws, recently adopted by the club, also stipulates that a local resident—living in Upton County or Rankin School District, may not use the facilities of the club more than three times in any one year. In other words, a resident non-member may use the swimming pool or club facilities only three times in a twelve-month period.

## Homecoming Welcome Mat Out

Homecoming fever was running high in Rankin this week with preparations well along for the annual fete. Several ex-students and visitors were already in town with the main body expected to start arriving Thursday and Friday. A team of artists was busy earlier in the week with paint and brush as they decorated store windows and posted signs about town.

A schedule of events calls for the following:

## Game Marks First Meeting for Two Clubs--

# Red Devils Draw Socorro Bulldogs for Opening of District Activity

The chips are down. For the Red Devils, favorites to win the crown in District 7-A football, Friday night marks their first big challenge as they open district play before a homecoming crowd that is expected to fill the stands. Opponent for the night is the Socorro Bulldogs of near El Paso, and the team presently leading non-conference play in 7-A.

The Bulldogs have posted a total of 73 points on offense while holding their opponents to only 45. Of the top six point-makers in the district, Socorro has four, and all of their backs are in the top ten in scoring for District 7-A. They have lost only

two games while winning 3. Chuy Camarillo, their flashy 130 pound Junior quarterback, is leading district scoring with a total of 28 points.

Socorro is said to be an exciting ball team to watch. They run a variety of offensive formations, like to pitch the ball around and also have the best passing record in the district.

Although not as large as several of Rankin non-conference

opponents, they do have a well balanced ball club and run with a 198-pound fullback.

Against them the Red Devils, favored in most quarters to win the game, will pit a team that has won 2, lost 2, and tied one against some of the better competition in this area. Injuries sustained in the very rugged Sonora game last Friday will slow the Devils to some extent; however, back-up men have performed well this year and the prospects is for a very close game. One interesting side to Rankin's 500 non-conference record is the fact that they have posted 66 points in their favor and given up 62 to the opposition, for almost another 50-50 mark.

## Chili, Tamales on tap Oct. 22 at Country C.

A chili and tamale supper has been planned for next Tuesday, October 22, at Rankin Country Club. Serving time will start at 6:30 p.m. with a charge of \$1.00 a plate for adults and 75-cents for children.

"Folks, this is a real chili and tamale supper," said one of the club workers. "The price is right, the weather's right and Booster Clubbers will have plenty of opportunity to be served before they meet. Everybody come on out and eat your fill... plenty of good home-made chili, relishes, and tamales."

This Sunday, October 20, at 12:30 p.m., the club will hold another covered dish luncheon—an affair that saw upwards to 125 turn out last month. Each member is to bring a covered dish and enough silverware for his family and invited guests.

Following the luncheon, a golf tournament will be held for those interested, while bridge, ping pong and socializing in general will be available for others.

## HOW COW—

Every once in a while we see in the newspapers where this or that politician has met with the Rancher's Aid Society — or some such organization—and has promised that, if elected, he will do something about all this imported beef that is selling so cheap that it keeps the market depressed to the extent that domestic cattle growers can't make any money. We also see the same speech made to wool and mohair producers.

Then, in the same newspaper, we can generally read the grocery ads and we find that beefsteak is selling for only \$1.19 a pound, on special. It's about twenty-five to thirty-five cents cheaper in Rankin but the point still remains . . . where the heck is all this cheap beef that is keeping the market depressed.

people but as long as this cheap meat is "flooding the market", I sure wish I knew where to find some of it. Bologna get's pretty tasteless over the years.

## FOR REAL—

About a month ago, this column made mention of the new state report on schools and its proposal to consolidate all the schools in the state into districts of at least 1600 students or on a county-wide basis. Last Monday week, Mr. H. G. Adams, superintendent of Rankin Schools, showed a film on this report to about twenty or so persons who were interested enough to show up.

The report contains some good (Continued to Next Page)

... (from preceding page) ...  
aimed at improve-  
public education in the  
some proposals that  
as far as we here in  
are concerned. One

has to do with the above men-  
tioned consolidation plan that,  
if carried out, could mean many  
students would ride great dis-  
tances each day to get to school  
and which would almost certainly  
wreck a number of communities  
in this area—such as Rankin—  
if the choice for the central  
school should be McCamey—or  
Big Lake and McCamey if the

powers in Austin decided to put  
the "big school" in Rankin.

And make no mistake about  
it . . . when they speak of con-  
solidation in this plan, they are  
talking about the physical con-  
solidation of school plants—not  
just the administration. Can't  
you imagine what Rankin would  
be like without the schools —  
what property would be worth?

But that's not the end of the  
proposals. Taxes is another item  
covered. Presently Texas spends  
something like 870 million on its  
state education program. The  
proposal calls for upping this to  
over TWO BILLION by 1971—  
and that's not far away.

How is this money to be  
raised? Very easy. Put all tax  
valuations for school purposes on  
on a state-wide basis. In other  
words, a property owner in Ran-

kin would pay the same as one  
in Houston. Oil property in West  
Texas would be put on 100 per  
cent values. And on it goes —  
all of which means that home-  
owners, land owners and oil  
producers in West Texas would  
see their taxes go up as much  
as ten times—that times, now,  
not percent—of what they are  
currently paying.

Do you think you could pay  
it? Do you think the firm you  
work for could pay it? Do you  
think your ranching operations  
could stand it?

As one of those present at the  
meeting remarked later: "It's  
the rape of West Texas." And  
that's just about as plain as you  
can put it.

So what can you and I do a-  
bout it? Well, we are going to  
have a new state representative

and a new state senator in Aus-  
tin this year—thanks to all who  
helped turn out the strongest  
voice in Texas politics when we  
defeated Dorsey Hardeman last  
May. We can talk to these men  
and hope they will see the need  
to fight this move—at least Geo-  
rge Baker has said he's against  
it. We can study the records of  
the men running for governor  
and vote for the one least likely  
to push this proposal. We can  
join all who raise their voices  
against the proposal. And we  
can hope that reason will pre-  
vail.

Aside from that, we can't do  
much of anything except look  
for another place to make a liv-  
ing for West Texas will be shot.

As it now stands—thanks to  
the Supreme Courts ruling of  
"one man—one vote"— the big  
city politicians who now out-  
number us a bunch—can cram  
it down our throats and make  
us like—well, maybe not like it  
but they can certainly do it—  
or anything else that fits their  
fancy—like starting next on the  
consolidation of county opera-  
tions.

Anybody know where you could  
high-jack a good airliner headed  
say, for the south pole?

## WOULD YOUR CONGRESSMAN VOTE FOR GEORGE WALLACE?

Some fine Texans are tempted to vote for the 3rd party  
candidate because they admire his stand and his state-  
ments on some of the major campaign issues . . .

### STOP AND THINK WHAT WILL ACTUALLY HAPPEN . . .

The best that Wallace supporters can hope for is  
enough strength to throw the election into the turmoil  
of a Congressional election by the House of Represen-  
tatives . . .

### THEN WHAT HAPPENS?

The answer is certain and simple. Wallace supporters  
are at the mercy of Washington Politicians! Every vote  
for George Wallace automatically becomes a vote for  
Hubert Humphrey!

### THERE IS A BETTER CHOICE . . .

A vote for the NIXON-AGNEW ticket is a positive vote  
for "change" with the definite promise that our Na-

you want it to take!

## WHAM—

Some Bronchos are just hard to tame. The Red Devils found one last Friday night that had a one-track mind—getting across our goal line. Actually, what happened was we got a good country licking and I don't believe that's anything to hang the head about. Sonora wanted the game and they put out the effort necessary to win it.

For those who did not see the affair, it was somewhat more of a ball game than indicated by the score. Rankin moved the ball well—as long as they stuck with the hard stuff and didn't try to go fancy. However, needless penalties and fumbles—added to some good running by Mr. Renfro—shot down Rankin and put the game out of their reach.

But we had our moments. As

pointed out, we moved the ball well, our backs ran as hard or harder than they have thus far, and the defense pretty well put the stop on a good passing game. So take heart, folks, the Red Devils have only lost a battle—not the war. This column said at the start of the season that they ought to win three of their first five. Their record was exactly .500—two wins, two losses and one tie. Not bad considering the competition.

## DISTRICT—

Comes now the main event—district play. All that has gone before was supposed to be non-district—or practice games—in order to get the team ready for the drive for the district championship. And we have come along pretty well. The offense is improving almost weekly—despite scoring only 6 points last Friday, and the defense has looked at some of the best and has gained much experience.

This business of drawing penalties for late hits, personal fouls and clipping has got to go and a little better play execution would help. Aside from that, we ought to be about as ready for district play as we're going to be.

And it's not going to be any push-over. Socorro, Friday night's

opponent, can score. Old foe Iraan is going to be real tough and Van Horn is a sleeper in the race. We ought to win it but there's a bunch of people around who are against the idea—make no mistake.

## THE B'S—

That good ole Rankin B-team found out last Thursday that getting rough doesn't win ball games. The only reason we won that one was that lady luck saw fit to smile on us a time or two. From what I saw, the Iraan boys played the better game.

Shape up there, B-team. You have a good club and a good bunch of lads. You don't have to resort to underhanded tactics in order to win. Just be ready, do your best and if you get beat, take it on the chin. We're still with you.

As for the Juniors and their loss last week—which, incidentally, was their second—was no disgrace. In fact, they did a pretty good job against a team that had them out-manned.

## THIS WEEK—

**RANKIN 23**, Socorro 16. This is one we have got to win—if we're serious about a district championship.

**IRAAN 40**, Clint 0. Iraan gets

off to a district win and will very likely be undefeated when they meet Rankin Nov. 8.

**VAN HORN 44**, Sanderson 6. Van Horn will want to get off to a big start, too and certainly won't be out of it for a while if at all.

**McCAMEY 20**, Stanton 12. The Badgers have a bit of fun before running into Big Lake.

**BIG LAKE 28**, Midland Carver 6. The Owls won't likely overlook another opponent this year.

**CRANE 24**, Ozona 15. On the other hand, Crane might decide to run away with it.

**SONORA 35**, Menard 0. The Bronchos took some lumps from Rankin but can win—easily.
