"Returns" Party to be held Sat. night

Saturday's election will take on a party air following the closing of the polls at 7:00 p.m.

Past events of this nature have proved very popular and drawn good crowds.

Site of the attraction will be at the courthouse in Rankin where the Lions Club will have their "election return board" in operation on which the results of all contested races in Upton County will be posted. The public is invited to be on hand.

In addition to the board watching, a number of side attractions will be in operation including a pie walk sponsored by the Omicron Tau chapter of Beta Sigma Phi.

Several other groups will have booths in operation and everyone is invited to "come out and have a good time".

Polls Open at 8 a.m. in Saturday Primaries

Polls will open in both the Democratic and Republican Primaries at 8:00 a.m. Saturday, May 2, and voting will continue until 7:00 p.m.

Rankin and Midkiff voters will vote at the Courthouse and the Park Building in Rankin for the Democrats. There will be no box in Midkiff this year.

Area Republicans will vote in the home of Dr. J. D. Gossett in Rankin. Mrs. Pauline Gossett is election judge.

Democrats residing in Precinct No. 1 will cast their ballots in the Commissioners Courtroom at the Courthouse. Mrs. Sam Tolmes will be the election judge.

Democrats living in Precinct 2 will ballot at the Rankin Park Building where Mrs. Ross Wheeler is election judge.

There will also be two polling

places in McCamey for Precinct 3 and 4 Democrats, and one box for Republicans — at the high school library, R. G. Brown, the judge.

ABSENTEE VOTE—

A total of 138 absentee votes have been cast in the election, according to the office of County Clerk. This portion of the voting closed at 5:00 p. m. last Tuesday.

Local Candidates Top Attraction Saturday

Locally, May 2, will be "the Day of the Candidate". Voters will render their verdict.

For most of the hopefuls, it has been one big effort since early in January of this year—and the prospects are good that in at least two local races, Saturday's vote will only cut the field. Possible run-offs loom in the race for County Treasurer and for County and District Clerk.

For County Judge—

In the race for County Judge, however, it is a head-knocker with a two man race and winner take all. Incumbent Allen Moore is being challenged by Frank Robbins, Jr. There is no Republican to face in November and both candidates have waged an active campaign.

Moore is an "old pro" in Upton politics, having served eight years as judge. Prior to that, he also was employed a number of years as County Auditor. He also operates an oil well servicing company.

Robbins is a rancher in Upton County and has had experience in the oil fields. He has been a member of the McCamey School Board.

For County Clerk—

Four Democrats and a lone Republican are jousting for the

office of County and District clerk with most observers saying that two Democrats will face a run-off in June.

For the Demo cause candidates are Dorothy Coomer, Buena Coffee, Sybil Browning and Leslie McFadden. Oteka Darby is the Republican and is assured a spot on the November ballot since she is unopposed.

For the four Democrats, most of those who watch political races in Upton County are scratching their heads this time and refusing to name any possible front-runner.

For County Treasurer—

When Elizabeth Rains announced her retirement from the office of County Treasurer, four candidates tossed their "bonnets" in the ring. They are Mesdames Bonnie Campbell, Shirley Campbell, Lu Gean Carr and Doris Speed. There is no Republicans running for the office.

In order that voters will not be confused concerning the two candidates with surnames of Campbell, the Democratic Executive Committee ordered ballots printed with "Bonnie Campbell of Rankin, Texas" and "Shirley Campbell of McCamey, Texas".

Although action in this race has been at a slightly slower pace

than in some of the others, the four candidates have done a lot of leg work and here, again, the political watchers appear to be having trouble agreeing on which candidate will lead the ballot. Most, however—including some of the candidates themselves — feel that a run-off will be necessary before a winner can be picked.

For J.P. Precinct No. 2—

In the only contested Precinct race for Rankin and Midkiff voters, Boyd White and Reba J. (Ma) Price are running for Justice of the Peace in Precinct 2. Mrs. Price was recently appointed by the Upton County Commissioners Court to fill the unexpired term of her late husband.

Both she and White are making their first quest for an elective office of this nature.

Mrs. Price entered the race when the Democratic Committee ordered the ballot reopened for filing following the death of incumbent W. J. (Pa) Price.

McCamey Races—

In McCamey, both Precincts are drawing competition. For County Commissioner in Precinct No. 4, a large slate has announced following the decision of incumbent Joe Conger to retire. Both J. P. races in McCamey also have a

PAY DAY—

As one of the local candidates put it, "Saturday is Payday".

And so it will be for at least a portion of those seeking local offices. For others there will undoubtedly be the prospect of a run-off and in the case of County Clerk, a race against a Republican in November—something we haven't been having on a local level.

And it has been a rather odd election race in some respects. Only one or two candidates have attempted to raise any issues in their quest for office and one doesn't hear many individuals openly expressing themselves as being in favor of any particular candidate.

And it would appear that almost all are running strictly on their own—with little or no support from any "block".

I will say one thing for the

lot: they have been about as nice a bunch as I've ever worked with and from what observations I have been able to make in personal contact with them, they are all folk of good intent—ones the public will be able to get along with.

ception of the Bentsen - Yarbo-
rough race for U. S. Senator. A
number of the races in which
there is opposition has to do with
court judges and most of us know
little or nothing about these of-
fices and the men who fill them.

An example is that for Supre-
me Court of Texas, Associate Jus-
tice, Place 3: James G. Denton,
Hawthorne Phillips and Matt Da-
vis the candidates. I don't even
know which—if any—is the in-
cumbent.

However, when you get away
from this group, offices and of-
fice seekers become more fami-
liar to the average voter. For the
Commissioner of General Land
Office we have Fred Williams,
Jerry Sadler and Bob Armstrong
in the race. Naturally, most of us
are familiar with the incumbent,
Mr. Sadler. It will be interesting
to see what effects, if any, the
recent publicity involving his of-
fice and him personally will have
on the outcome.

But to get back to the top race,
where Ralph the Yalph is having
no easy time with an opponent
he had figured to beat easily.

Now it's no secret that the
Scoop doesn't think much of Mr.
Yarborough—that's only one per-
son's opinion—and I could list a
yard or two of things that lead
me to the conclusion that he's no
good for Texas.

But the facts of the matter are
that we in Texas ought to make
up our minds—are we going to
be liberals are we going to be
conservatives. I don't see how in
the world we can be both.

Yet, year after year, we elect
to one of our more important of-
fices—U. S. Senator—a staunch
conservative and a liberal liberal.
There is no way—under these cir-
cumstances — that Texans can
have the full benefits to which
we are entitled from our two
Senators. Time and time again,
the two have voted exactly op-

posite on measures thus, in ef-
fect, killing each others vote and
leaving Texas without any say one
way or another.

I believe it will soon be eigh-
teen years that we have had Mr.
Yarborough in the U. S. Senate
and during that entire time, he
has been a loner and without
much respect even from his fel-
low liberals. Texas and Texans
ought to be entitled to something
more for their money.

But the decision — whether a
logical one or not—will be up to
the voters on Saturday. If we re-
turn Ralph to office, then we ought
to go all out for the liberal way
of doing things and start looking
for another U. S. Senator of his
same stripe. At least that way

we would make some headway in
a given direction and not be at
odds with ourselves in our repre-
sentation in Washington.

The voters? That's you and me.
The decision is ours.

SATURDAY IS PAY DAY
★ ☆ ★ ☆ ★

Saturday will be the day you voters will decide the question of whom you will employ in the various offices of Upton County. You will name the person to serve you in the office of County and District Clerk.

I am sure each of the candidates for the office have visited you and presented their strong points and their reasons for your voting for each of them.

I am seeking your vote upon the basis of service to you. The fact that I have served as Chief Deputy Clerk in this office for many years may be a basis for determining the kind of service I would give, if elected your County and District Celrk.

In determining my qualifications for the office, I will appreciate your inquiring of the people who have had occasion to use the services of the office during the ten years I worked there as to whether or not my services were satisfactory. I am sure they will each give me a good recommendation for ability, competence, willingness to serve, and for a friendly reception upon their visit to the office.

I have tried my best to see each of you and personally ask for your vote and influence. If by chance I have missed you I ask you to consider this a request for your vote and influence.

If elected I will give you the same good service that I have in the past. YOU CAN BELIEVE THAT I WILL WORK JUST AS HARD IN THE OFFICE AS I HAVE CAMPAIGNING.

I again wish to thank each of you for your indulgence and time in permitting me to visit with you. Your kind reception made campaigning much easier.

I will appreciate your vote and influence.

Rankin, U. S. Big Telephone Users

Rankin residents are helping make the United States the gabbiest nation in the world.

According to John Zittle, manager for Southwestern Bell, the average number of calls made annually per person in Rankin—about 700—outnumbers the combined average calls per person in Ireland, France, Argentina and Switzerland.

Zittle said one reason for all the talking in Rankin is the number of telephones in the town. Based on 1968 statistics, he said, Rankin has more telephones than the Caroline Islands.

Rankin had more than 770 telephones in 1968 as compared with the 750 total telephones of the Caroline Islands. Zittle stated that Texas with 4,480,194 telephones had more phones than the country of Sweden with 4,110,579 telephones.

These figures are based on statistics presented in the American Telephone and Telegraph booklet, "The World's Telephones". They are the most recent statistics available since it takes about a year to collect all the information from all countries of the world.

Zittle pointed out that nearly half of the world's 237 million telephones are in North America. The world's communications network was increased by some 15

million telephones in 1968 with more than six million of these added in the United States. Texas contributed 325,983 additional telephones to the total.

In the five states Southwestern Bell serves—Missouri, Oklahoma, Arkansas, Kansas and Texas—there were more telephones in 1969 than in Mexico and the U. S.S.R. combined.

Mexico had some 1.2 million telephones and Russia some 9.9 million, while there were over 11.4 million telephones in Southwestern Bell territory.

The United States can also boast having more telephones per person than any other country. For every 100 persons in the United States there are 54 telephones.

This compared to 51 for every 100 people in Sweden, the second place country. Volta, Africa, is the least developed telephone country. There are four telephones for each 10,000 persons.

Hunting Violations Noted by Wildlife

Austin—Hunting without a license was the most common type of hunting violation case cleared by the Texas Parks and Wildlife Dept. game management officers during the month of March.

However, hunting at night was the most numerous violation processed during the seven-month period beginning Sept. 1, 1969 with 443 cases recorded.

An analysis of the seven-month period of heavy hunting in Texas showed the night hunting vio-

lations were followed by hunting without a license, 378; discharging firearms from public roads, 300; and killing doves out of season, 181.

During March, the no license count of 78 was followed by discharging firearms from public roads, 53; night hunting, 45; shooting ducks after legal shooting hours, 35; killing or possession of deer in closed season, also 35; and trespassing to hunt, 34.

New plant growth in the spring is attractive to many kinds of the very small, soft-bodied insects known as aphids or plant lice.

These insects suck juices from the leaves, buds, flowers and twigs of most garden plants.

Their feeding causes many different kinds of damage depending upon the plant under attack and the kind of aphid involved. Green peach aphids, for example, cause the leaves to curl around them. Spruce gall aphids cause the terminal growth they feed on to swell into a cone-shaped gall in which they live.

Other aphids not only cause injury to plants but create a nuisance by dropping their honeydew on sidewalks, driveways and automobiles. This substance also attracts flies, wasps, ants, bees and other insects.

The major honeydew producers are pecan aphids, willow aphids and arborvita aphids.

The gardener has several tools available for combatting aphids. One of the newest is the soil-applied systemic insecticide. Several brand name products are available which contain the systemic disulfoton (Di-Syston) mixed in fertilizer or for mulated along in a low concentrate granular form.

There are also many foliar sprays that do a good job controlling aphids or plant lice.

Information is available from my office covering control measures as well as safety measures to follow when chemicals are being used.

Texas' first 1970 screwworm case was confirmed April 23 in Brooks County near Falfurris.

The Brooks County case is the first confirmed in Texas since last December 15 when Comal County recorded a case near New Braunfels. The Texas case follows confirmation of a California case in Imperial County April 22.

Nearest known recent screwworm case to the Brooks County location was approximately 150 miles south and southwest of Falfurrias in Mexico.

All ranchers in South Texas and those along the entire length of the Rio Grande are urged to go out and inspect their herds and look closely for worm samples, for the fertile screwworm flies have started their migration northward.

The Clean-up Gang

Flinging sacks of trash into the back of a dump truck, this group of Rankin High School students took part last week in the local observance of Earth Day. Instead of making speeches and adding to the air pollution with words empty of action, the RHS people

puts their backs into the result, removed eight tons of rubbish from along Highway 67.

Their actions, typical of undertakings all over the state, drew much favorable attention from "the establishment."

Three men registered at a hotel and took a room for \$30. Since the room was worth only \$25, the clerk's conscience began to trouble him, so he called the bell-hop and gave him \$5 to return to the three guests. Now since the guests paid \$27 for the room, with the \$3 the bell-hop returned from their \$30, and since the bell-hop kept \$2 (making a total now of \$29,) what happened to the extra dollar?
