Early Enrollment Holds Steady as Rankin Schools Start New Term

As of Tuesday morning, enroll-
ment in Rankin Schools stood at
the same figure as at the closs of
school last May, 496.

However, there was a differen-
ce. For the first time, the cur-

Election Judges set; Committee Picked by Commissioners

Upton County Commissioners'
Court, meeting in their special
4th Monday session this week, ap-
pointed election judges for the
November General Election and a
Building Committee for the pro-
posed Rankin Museum.

Judges and assistant judges for
the upcoming election include the
following:

Precinct No. 1: Presiding Judge
Mrs. Sam Holmes, Assistant Judge
Mrs. Pauline Gossett;

Precinct No. 2: Presiding Judge
Mrs. Ross Wheeler, Assistant Judge
Mrs. Virginia Bean;

Precinct No. 3: Presiding Judge
Mr. F. W. Payne, Assistant Judge

Precinct No. 4: Presiding Judge
Mrs. Geneva Summrell, Assistant

rent enrollment includes a Kin-
dergarten class, a group of stud-
ents who would nor have been
counted until next year under the
previous arrangements. This first
Kindergarten totaled 23 students,
the number representing the al-
most exact figure of decline in
the first grade in elementary.

"This is one of our smallest 1st
Grades in many years," said H.
G. Adams in remarking on the 23
youngsters in that grade. Odd-
ly enough, these 23 students—like
the 23 in Kindergarten—are be-
ginning their first year in school.
The 1st Grade of 1970 will repre-
sent the last "beginning" class
for the Rankin System with the
Kindergarten taking over that
distention in the future.

Enrollment by schools included
133 in elementary, 185 in junior
high, 155 in high school and the
23 in Kindergarten.

Numbers by classes break down
as follows: 1st Grade, 23; 2nd
Grade, 40; 3rd Grade, 30; 4th
Grade, 40; 5th Grade 42; 6th
Grade 41;

7th Grade, 44; 8th Grade, 58;

9th Grade, 46; 10th Grade, 41;
11th Grade 30; and 12th Grade,
38.

As a rule, shortly after the
opening of a new school term,
enrollment changes—sometimes up
and sometimes down—as families
completed their summer vaca-
tions and job realignments are
established.

Peterson to Operate Concession Stand

Ruben (Cat) Peterson has been
awarded the contract to operate
the concession stands at all home
football games, it was revealed by
Rankin School administration this
week.

Peterson, who up until recently
had operated The Buckland Inn, is
an experienced caterer and says he
will have plenty of help at all
times—with the possible excep-
tion of when he can't resist sneak-
ing out for a look at the game.

In addition to his catering tal-
ents, he is one of the Red Devil's
most ardent fans.

The concessions will be open for
Friday's scrimmage game.

Red Devil Coaching Staff

Members of the 1970 Red Devil coaching staff include:
(kneeling, l-r) Butch Butler Dwayne Turner, and James
Heffernan; (standing, l-r) Bob Johnson, Bud Poage, and
Roger Goodwin. Butler, Turner and Heffernan work with
the varsity, Johnson is the B-Team coach and Poage and
Goodwin are in charge of Junior High coaching.

play on the A team under the
new UIL rule; however, Sullivan
will not be since only seniors are
covered under the regulations.

Coach Turner, in commenting on
the team, said that he was very
well pleased with workouts so far.
He said that the attitude of the
boys was very good and that all
of them seemed to be willing to
learn.

UP AND DOWN—

It's nice to note the recent news reports that say that inflation is still around, that the cost of living is still going up . . . but that it's not going up as fast as it was for awhile.

That's like being sick and having the doctor tell you that you are still sick but not as sick as you had been. Somewhere in there you're supposed to get some encouragement.

And I see where Congress has done their thing on behalf of controlling inflation. They overrode Nixon's veto and approved the spending of a few more billion. Naturally, if we already have too much money to buy things, the thing to do is to create still more money. At least, that's the way they do it in Washington.

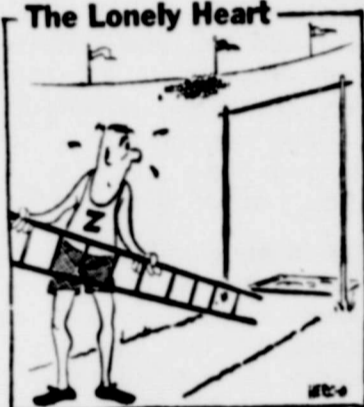

But, like most folk, I guess I ought not gripe too much. I still manage to get by and that's about par for the course. However, the thing that makes it hard

on most of us is that we've been use to having a little more and it's hard to cut back.

A few years ago, before inflation got so far out of hand, I was financially able to buy a package of new golf tees anytime I wanted them—didn't have to shag up the broken ones over the course—and even bought a new golf ball (Continued to Next Page)

a way of getting stretched over and beyond what they were originally planned for, nevertheless, their intentions seem to be good and for that the court should be applauded.

If we're ever to have anything like a reversal of the policy of forever spending more and more, regardless of our financial conditions then it is going to have to be started in our counties, cities, schools and similar taxing bodies. Recognition is going to have to be given to those responsible for establishing the example and they are going to have to be supported at the polls.

As long as those who spend public funds can buy themselves into office with these same funds, and I speak here of the big guns in state and federal government, then we shall continue to have the practice of trying to cure everything with money. If there's any one campaign promise that a candidate in Washington is likely to keep, it's the one to get more money for this or that project.

But to get back home to the

Commissioner's Court, they could easily have arranged by a slight hike in the percentage factor to have taken in more tax money for next year. They could have used the standard excuse to the effect that it takes more money to operate, that their needs were greater or that it just pleased their fancy.

Instead, with a million decline in values, the court simply said: "we'll live on what we're making." You don't see that attitude much anymore in places where public money is to be spent.

PECAN SHOW--

It now looks like we're going to have a pecan show in Upton County. Although probably not as exciting as a football game or a rodeo, the planners of the show are not standing short. They are said to be thinking along the lines of a full-fledged effort, complete with a pecan queen, band music and cake and pie contests similar to the old-time county fair.

But I'm not sure that there's not a bit of discrimination going on here. Lately we've been hearing a lot about women's rights and their demand for equal opportunity.

Well, now, what about this business of always having a queen for everything? The men ought to get equal billing in things like this and if they pick a queen, then we men ought to get a king.

I think we've got some local males who would more than qualify for the title of "King of the Nuts of 1970."

Of course, that's just my personal opinion.

SOME JOKES--

Red Devil Band in Early Practice

Kicking off the 1970-71 season with high hopes and one of the larger number of members in recent years, the Rankin High Red Devil Band got in three days of practice prior to the opening of school. They held special practice sessions on Monday, Thursday and Friday of last week.

Eighty-five students are currently listed in the band, under the direction of Mr. Gordon Shultz.

Officers of the band include the president, Harold Sigman, vice-president Connie Varnadore, secretary Caroline Pippen and reporter Robert Sigmon.

* Every man over 35 has a trick football knee—whether he played or not.

BOOSTER MEET—

Rankin Booster Club will meet at 8:00 p.m. next Tuesday night at the school cafeteria.

A film of the Rankin-Imperial scrimmage will be shown and all who can possibly make it are being urged to attend.

IT'S CLOSE—

Friday night we will get our first look at the 1970 Red Devils under game conditions when they scrimmage Imperial.

Some say that Imperial is not a worthy opponent and this may or may not be true but on the other hand, with only a matter of days for practice, with many new boys in new positions, with a new coaching staff . . . well, Imperial may be just about right.

Anyway, the following week we go to Junction and that ought to be test enough for anyone.

The boys are working hard. Coach Turner and his staff say that they are mighty well pleased with the attitude of the entire team—that they all seem to be willing to learn and that that is the best you can ask for.

Personally, I think they look about as good at this point as any team has in several years—and a number of fans have expressed this opinion. However, as one fan has pointed out, "let's not get

carried away in our enthusiasm." And that's good advice.

With the loyalty the average Red Devil fan has, it's pretty easy for him to watch a scrimmage or two and get the feeling that this team is the greatest—just as he got that feeling last year and the year before. We must remember that the opponents we will meet in the weeks ahead—and most of them are real good clubs—are also of the opinion that they, too, have a good team, and they're not going to roll over and play dead.

A REMINDER—

Right about now might be a good time once again for all of us to remember a thing or two about the Red Devils and football in general as it's played in high school.

Number One: it's a game. If we lose, it's not the end of everything. There'll be another day.

Number Two: A game is played for fun. The boys, and fans, are supposed to enjoy the activity. If so much pressure to win is put on that it's no longer fun to those who participate — or spectate — then we've lost the true meaning of the sport.

Number Three: It is a sport. And as such, is designed to teach the boys not only physical ability but competitive attitude, in a sportsmanlike manner. Football is a rough game and by its nature is not turned to gentle action; however, one can have a very tough and determined attitude and still retain the marks of understanding—both as a player and as a fan.

Number Four: Be kind to the officials. Theirs is no easy job—and they do blow a call now and

then but we can protest without a show of rudeness.

Number Five: Set the example. If you and I are good sports, if we back our team and coaches with loyalty and not demands, if we prove that we have pride in ourselves and our team, then we can all—players, coaches, fans, and school—indeed walk tall and know that whatever the outcome, we have been a small credit to one of the most beloved sports in all of West Texas—and that's No. 1 in itself.

A LOOK AT CAPITOL HILL WITH Dick Gill YOUR CONGRESS

President Nixon, on rare occasions, has shown a stubborn Congress will not tolerate wasteful spending—the kind of the ruinous inflation plagued us for the past year. Twice his veto on the spending money bill stood; twice the Liberal Congress has overruled Presidential "Nay". Mr. Fisher, has gone always with that in mind twice voting to overrule Nixon's necessary.

It is plain fact that busting spending causes inflation is a threat to a cruel tax that eats our savings, our pensions, incomes.

President Nixon deserves cheers for having the pull in the reins on the spendathon. He also deserves support in his fight against getting from such "Conservatives" as those who appears to be a threat only 50% of the P.d. pol. adv., Gill-F. Comm., Dale Dorn, D.
