## Light in Weight and Experience --

## Fifty-Two Boys Report for Football

Fifty two boys, representing one of the largest groups in numbers but smallest in size, reported to Coach Dwayne Turner and staff last Monday as the 1971 football practice sessions opened. Of this group, twenty-four have been designated as varsity with the remaining twenty-eight presently at work on the B Team.

Practice sessions have been on a two-a-day basis and will continue at this pace through Friday. With cool weather and a good turf on the field, action has been spirited. Two boys, Junior tackle Steve McSpadden and end Tony Daniels, have developed muscle problems in their legs while junior running back Ronnie Johnson has been confined to bed at home with a fever. None of the three are expected to see further action for several weeks.

Kenneth Boyd, a junior center, made his first practice session on Wednesday, having been out with a kidney ailment

In looking over the prospects, the coaching staff has found their

largest man to be Boyd at 189 pounds with the remainder of the squad ranging down to 136. Also on the light side was experience. Only one player, Tom Bloxom, a senior, boasted two letters. Seven are one-year lettermen, fourteen are up from last year's B Team and two are freshmen with no experience in varsity ball.

In commenting on the A Team, Coach Turner noted that their inexperience was definitely showing up in the practice sessions and that it would take several games before they began to hit their stride.

"However," he said, "their attitude is good, they have been hitting well and, for their amount of experience, they're doing all right."

Listed on the A Team were the following:

Terry Stephenson, quarterback, junior, 141 lbs., B Team;

Jimmy Joe Mathews, quarterback, sophomore, 159 lbs., B-Team;

Jack Campbell, quarterback, a senior, 157 lbs., 1 letter;

Brad Winn, split end, sophomore, 136 lbs., B Team;

Ronnie Johnson, fullback, junior, 168 lbs., B Team;

Tom Bloxom, halfback, senior, 161 lbs., two letters;

Murray Golson, halfback, junior, 169 lbs., B Team;

Billy Eggemeyer, halfback, junior, 152 lbs., one letter;

Kenneth Boyd, center, junior, 189 lbs., one letter;

Asa Rhodes, center, sophomore, 153 lbs., B Team;

Randy Braden, guard, junior, 142 lbs., B Team;

Jimmy Eggemeyer, guard, sophomore, 147 lbs., B Team;

Robert Sigmon, guard, junior, 163 lbs., one letter;

Randy Hodges, guard, sophomore, 152 lbs., B Team;

Mike Peters, guard, sophomore, 158 lbs., B Team;

Kim Price, tackle, junior, 166 lbs., one letter;

Charlie Peterson, tackle, sophomore, 154 lbs., B Team;

Steve McSpadden, tackle, junior, 162 lbs., one letter;

Alan Speed, tackle, freshman, 186, no experience;

Robbie Mobley, tackle, freshman, 178, no experience;

Tony Daniels, end, senior, 164 lbs., one letter;

Bart Collins, end, junior, 151

lbs., B Team;

Guy Yocham, end, senior, 138 lbs., B Team;

Greg Copeland, end, sophomore, 142 lbs., B Team.

### B TEAM

B Team coach Bob Johnson listed twenty-eight players as of Wednesday morning, a majority of them being Freshmen. Following is their roster:

(Continued to Page 5)

## Local Halliburton

### Division wins Honor

Halliburton Services presented their Midland Division—of which Rankin is a part—with the Company's outstanding performance award in recent ceremonies.

Bob Diggs Brown, Halliburton Vice President for Sales and Advertising in Duncan, Oklahoma made the presentation to M. E. "Ed" Shelton, Midland Division Manager.

Ed Trapp, Halliburton Sales Manager, from Duncan, honored the Rankin District with the district equivalent of this award in a presentation to C. E. Taylor, District Superintendent.

Shelton in receiving this singular recognition said, "I am particularly proud of the dedication and outstanding effort of the Halliburton men in this Division."

## Fellowship Meet

### on tap for Sunday

Sunday at 7:30 p.m. a reception is to be held in the Rankin United Methodist Church fellowship hall honoring members of the Rankin School Faculty.

Light refreshments will be served and all are invited to join in the fellowship, according to an announcement made today by Rev. Gordo Miller, pastor.

## Signing Party to be

### Sat. for Annuals

A signing party, at which the school annuals are to be autographed, has been scheduled Saturday, August 21. Time will be from 3 to 5 p.m. at the Swimming Pool Park.

"The Red Devil" annuals are to be issued at the high school Thursday and Friday at the principal's office.

Pictured above are Sam Fitzhugh (l) and driller I. O. Fannin as they operate the bailer on a well being drilled on the Grover Yocham property just east of the Rankin Country Club.

At the time the picture was

made, drilling was at the 205 ft. mark and water stood to within some 40 feet of the surface. Total depth of the well was to be between 250-300, depending on the water encountered. Fitzhugh said he expected to complete this job sometime this week.

go any place," Fitzhugh said.

Information on any type work is available by writing P. O. Box 462, Rankin, or calling either 693-2367 or 693-2284.

for all uses.

"If it has to do with well drilling or work-over, we feel that we are prepared to offer first-rate service on any job and we will

# THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

SOME WET—

For a country that is accustomed to seeing it rain once in a blue moon, ole Rankin has been getting a sample of the monsoon season and it has created a few problems. For one thing, it has played heck with golfing—not that it has shut us down or anything like that; but sometimes when your ball's in two or three inches of water, the shot comes off a bit mushy.

Still it hasn't been bad and all the ranchers are delighted. In a brief discussion with one of them the other day, he told of getting only about an inch of rain in one particular period. I noted that his neighbor had reported close to an inch and a half and said that it was probably due to his—the neighbor's—good, clean living.

The Rankin (Tex.) News —  
Thursday, Aug. 19, 1971

"That just may well be," said the old boy who had been shorted on the moisture, "but when all things are weighed out, I guess I can get by on a little

WE GIVE GOLD BOND STAMPS

DOUBLE STAMPS ON WEDNES

once in a while, you run across something that proves the folk in that department still pride themselves with making the delivery.

For almost a year now we have been sending the News to a subscriber in Gretna, Louisiana—the abbreviation for which would be Gretna, La. However, due to a typographical error on our stencil used to mail the paper, the address came out Gretna, Ja. And some faithful soul down the line has followed the address to the letter and posted the News to Gretna, Japan.

But that's not all. Over in Japan, they must have a postal employee who reads the "J" as an "L" for eventually our Louisiana subscriber gets his paper—by way of Japan.

It's all a little confusing but the mail does go through.

**ON THE MOVE—**

My fund raising drive to save the dinosaurs—as reported in last week's issue of the News—is off to a good start with the first contribution having been made by Ruth Johnson. Ruth, as you all know, is always willing to pitch in for a good cause and can generally be found up front when something of this nature comes along.

Her contribution has, however, caused a bit of consternation in that I can't decide exactly what to do with it. I thought some about opening a bank account for depositing future donations but by the time I got that figured out, administrative costs had eaten up her contribution and there was nothing to deposit.

After all, you can't hack it very big on just 2 cents.

**EQUALS OUT—**

As reported last week, Upton County is going to lay out some funds and purchase an ambulance for the McCamey Hospital District. It seems there's a new law—as always—under which this can legally be done. Some even say the law makes it mandatory but like most laws, it probably has a loophole.

In any case, the county will be

footing the bill. A number of Rankin folk are not too happy about this, feeling that they are making an contribution to the McCamey Hospital District while having to support their own—the Rankin Hospital District. And it may well be that there is a point to be taken here.

However, it will be remembered that a number of people—some also of Rankin—felt that Upton

County should have paid the hospital bill for Francis Dalgleish, the fake McCamey doctor, since he became ill while in the county jail. But the Attorney General ruled that the McCamey District should pay.

One odd thing about both instances, the amount of money to be paid out will be pretty close to the same. Maybe that sorta equals the score.

# Reflections . . .

by Ann Richardson

Life is like a book, it covers many subjects and possesses many chapters and pages.

Each day we live is another page to be added on to our book and each new chapter that we complete draws us nearer to maturity—a maturity that we seek by making adjustments to our lives. These adjustments come about as we learn to really know ourselves, our hopes and our ambitions. We will find that we are well on the way to maturity when our concern for others begins to outweigh our concern for ourselves.

As we proceed along our chosen path we will find that we cannot stand alone. Who was it that said, "None goes his way alone—all that we send into the lives of others comes back into our own?"

This is all too true! What we do, what we are, what we make of ourselves, decides not only the quality of our own lives but also the lives of those around us.

Each chapter of our lives has its own obstacles to be overcome, its own misfortunes to be borne and its own rewards. Thus, it takes faith and courage to live each day as it comes.

It is useless to waste time in regrets about the past. Since it is impossible to change the past, we would be wise to benefit from it by using the knowledge gained from them to build a better future.

If we wish to get full benefit from this book of life we are living then we must learn that we cannot rush through its pages. Taking it one paragraph at a time and turning each new truth we learn over and over in our minds until it becomes a part of us gives the greatest benefit.

Remember, the truth can set us free. It can release us from fear and superstition. It can teach us to have tolerance for what we do not understand and hope that someday we may understand all things.

All who live each page of their book of life, gaining important

# 4th And 10

## ON YOUR OWN TWO

\* Give a fan the ball and he'll run for a touchdown every play—in the stands.

## WE'RE OFF—

As all things eventually do, the first day of football practice finally arrived and the Red Devils are out in force—numbers—not necessarily muscle. More about that later.

One of the first things Monday was a session of picture taking for various area newspapers and the school annual. Coaches all like to get this necessary portion of the game behind them as soon as possible and from there on in stick to football. Rankin is no exception in this respect and picture taking on the first day of practice has become a tradition.

And on the matter of pictures, the local crew may see themselves on television at any time. This will not be the conventional sort of tv but more like instant replay. Coach Turner and staff have a new piece of equipment, a camera and picture taking device, which they can use to film practice sessions, individual players, etc. These can then be played back through a conventional tv set.

In this way, not only the coaches can determine what a boy did on a particular play, but the individual can see for himself. In just one session with the cameras and playback, it is reported that a considerable improvement was made in the throwing form of senior quarterback Jack Campbell.

This new equipment is to be used not only in football but in all phases of school activity. It will be of particular benefit to the marching band and would benefit the teaching of golf about

knowledge and using it to their own benefit as well as the benefit of those around them will become all they were meant to be. What more could one ask for?

as much as putting a shaft on the clubhead. Modern science get pretty classy sometimes.

## THE TEAM—

Naturally one or two practice sessions do not give a clear picture of any team. When the Red Devils took to the field Monday, some thought they looked a bit ragged in their play, others had the feeling that they were about the usual. For the coaching staff, early practices will be used to a great extent trying to find the proper positions for the material on hand.

This will be about the umpteenth time that I've watched the opening practices of footballers and you might think that after a while, they would all look pretty much alike. But not necessarily. Sure, they all look a little off in their play execution—even a bit confused, but each new team has a little something special unto itself—some are brash, some are timid, some are in a mood for discord.

The feeling I get from this lot is one of confidence—not cockiness, but a rather quite assurance that they can get the job done. They haven't been loud, nor of a hep, hep nature but when the ball has been snapped, they have put the hit on—with vigor.

Small in size—not a one goes over the 200 mark—and on an average, young in years, still the seniors have had some six years of football and they know what

the game's all about. The team will take some lumps along the way but they will have the poise and self confidence to bounce back—probably better than the fans.

## A NOTE—

One note probably should be made about here. I hear a good many folk expressing high confidence due to the moving up of a number of last year's B Team and it may well be that this newspaper has had a hand in building up that particular group of boys for they did have a fine record and one of which they can always be proud.

The Rankin (Tex.) Thursday, Aug. 19

However, and this is noted, they will not B Team competition it would be a bit unfair them to look as well last year. Sure, they good boys but these be going against other as much as two years they are and that a lot of difference.

The boys moving up team will perform leadership and the going to be on the regulars from last year

## Are You Ready for the Second Coming of Jesus?

According to the Scripture, Jesus Christ is coming to gain. Much could be said about this. To say the least, it is a time of rejoicing only for those who know Him as "Lord" has given Him the name, "Lord". Have you confessed "Lord"?

Wherefore God also hath highly exalted Him, and given Him a name which is above every name: That at the name of Jesus every knee should bow, of things in heaven, and things on earth; and that every tongue should confess that Jesus Christ is Lord, to the Glory of God the Father.

## Services Held for W. Ray Selman

Funeral services were held at 4:00 p.m. Wednesday, August 18 in an Odessa funeral chapel for Winfred Ray Selman, 49. Selman, a resident of Rankin for some five years, died at 4 a.m. Tuesday in Rankin Hospital after an extended bout with cancer.

Earl Danley, minister of an Odessa Church of Christ, assisted by Ron Exum, minister of the Rankin Northside Church of Christ, officiated at the services. Burial followed at the Cisco Cemetery in Cisco, Texas.

Selman was born May 9, 1922 in Rising Star and was married July 2, 1944 to Amilee Moore. He was a Navy Veteran of WW II, a member of the Northside Church of Christ, and an employee of the State Welfare Department. For several years, he maintained an office in the Upton County Court-

Guard Ronnie McBee, John Midkiff, Rusty Stewart, Bobby Hughes, Raul Cervantes, Kelley Doege and going at guard and center, Ardon Lee and Roger Reams and at center, Mark Rus-

house but at the time he became ill, had moved operations of the Department to Odessa.

Survivors include his wife who lives at the home at 1005 Elizabeth; one son Barry of Irving; his parents, Mr. and Mrs. A. F. Selman of Rising Star; and three brothers; and one grandson.

## August Proves to be a Real Wet One

Although it took it almost 24 hours of continual showering and drizzle to do it, Rankin finally was able to measure a full two inches of rainfall beginning last Saturday and extending through mid-day Sunday, according to Mr. Fred Welling, keeper of the offi-

cial record. This brought the total to slightly more than 5 inches for the first 16 days of August and pushed it into one of the banner months considering that it rains only an average of about 1½" per month.

Area rangelands are said to be in top condition for this time of year and homeowners within the city have been kept busy with lawnmowers, rakes and hoes as the grass and weeds shoot up.

Should September, which is traditionally a wet month for the area, live up to its reputation, 1971 may end up being anything but a drought year.
