To Host Eldorado Eagles at 8:00 P. M. --

Red Devils Open at Home Friday

With the stands filled with the
faithful and an opponent of note,
the young and untried 1971 Red
Devils will take to the football
field at 8:00 p.m. Friday night
for their first game of the current
season. Hosting the Eldorado Eag-
les, the Red Devils will be in
their usual underdog role and will
be trying for a repeater of last
year's encounter when they upset
a good Eagle team 14-13.

This will be game number fif-
teen between Rankin and Eldora-
do since the current eleven-man
series began in 1955. Skips have
occurred when the two teams
did not schedule one another. Of
the games already in the record
books, Rankin has won 6 while
the Eagles have taken eight. There
has been no ties but several won
by one-point margins. Rankin has
shut out the Eldorado lads twice
while having failed to score one
game themselves.

Pointwise the two teams are al-
most equal with Eldorado having
a total of 210 and Rankin, 207.

Following are past results:

1955: Rankin 27, Eldorado 7
1956: Rankin 12, Eldorado 33
1957: Rankin 6, Eldorado 7
1958: Rankin 18, Eldorado 12
1959: Rankin 0, Eldorado 12
1960: Rankin 14, Eldorado 27
1961: Rankin 6, Eldorado 14
1962: Rankin 28, Eldorado 32
1963: Rankin 20, Eldorado 13
1964: Rankin 14, Eldorado 26
1965: Rankin 12, Eldorado 14
1966: Rankin 24, Eldorado 0
1967: Rankin 12, Eldorado 0
1970: Rankin 14, Eldorado 13

Light in weight but strong on
desire, the Rankin squad will a-
gain find the Eldorado Eagles to
be large and talented. In their
senior quarterback, they have a
player many feel to be the best
all-around Class A boy in this
part of the state. His best wea-
pon is the roll out pass and with
this he is expected to attract one

Now There's a Real Hard Freeze

A portion of the report made
in last week's issue of The News
concerning the Upton County Bud-
get was in error. No raises are
on tap for hired employees of the
county, freeze or no freeze.

The wage increases mentioned
in last week's report were those
granted at the beginning of the
1971 fiscal year and had been in
effect for some months prior to
the current wage-price freeze.

of the Red Devils weaker points—
pass defense.

Against the visitors, Rankin
will field a team that hasn't giv-
en up a score in two scrimmage
games but has had difficulty get-
ting their own offense moving. A
good portion of their offensive
thrust will be made on the ground
as compared to what may be an
aerial game from the Eagles.

THE RED DEVILS

With a number of boys expect-
ed to play both ways, Coach D-
wayne Turner this week released

ers as:

GOOD OLD RANKIN—

You think it's not? Try talking to some of the folk from down south where they're having heck over everything from schools to the showing of the picture "Alamo." From what most of them tell me, it's one big mess all around.

Having once lived in the area south of Del Rio and after sixteen years of golfing over Labor Day in the Border City, I have come to know a good many folk from over that part of the country. Most of them are just plain folk like the rest of us—a number are Latin.

Almost without exception they said last week-end that things are getting in a mess particularly in their school situation. From what I heard, the Del Rio instance where the Federal Government stepped in and ordered con-

Plans for the coming year were
discussed. Committee forecast re-

The yearbooks, which were pre-

committee, were distributed.

Members checked out cookbooks
to sell. The Beta Sigma Phi Holi-

for \$3.50 each.

Members enjoyed looking at

made by Mrs. McMullan.

All of which once again points
out the fact that we should daily

teach all our kids something and,
so far, we've done it without any

Reflections . . .

by Ann Richardson

Soon now it will once again be time for those who failed to complete their high school education (when they were young) to have the opportunity to do so in the evening classes offered through our local schools. How many of you who were once drop-outs have often wished that you had completed your education?

Now that you are mature enough to realize how important education is, you will find it to be a rewarding and enriching experience. Once again you will develop the art of really deep down thinking and concentration. It can give you a fresh new outlook on life as well as a sense of accomplishment.

But what about those who have completed high school and who would like to brush up on book-keeping and typing or maybe even learn those two things. Why shouldn't they be given the same opportunity to do so? Why can't these two nights a week be used for this purpose also? It would be improving the minds and abilities of the community.

On those two nights of the week they teach English to those who only speak or read Spanish. Why isn't it possible at the same time to teach Spanish to those who have the desire to learn it?

So many schools are beginning to recognize the needs of the

communities at large and to expand in order to meet those needs. It is wrong to assume that once a person has completed 12 years of schooling that either they go away to further their education or else just forget about it.

If the people of the community are interested and its teachers are willing, then why shouldn't the school board do its part?

A community that continues to improve itself and to educate itself is building a strong environment in which to live and raise children. If this is not done soon, the people begin to drift away in search of something better. Remember, no real progress nor growth is possible when personal responsibility is buried and the "will to do" is willingly surrendered! Each must be allowed to use and improve the talents he possesses. After all, the woods would be silent if no birds sang except the best.

To lose interest in the world is the beginning of death so stay interested in life, expand your knowledge and learn to really live! Above all else, never let "not thinking" become a habit.

IODIZED SALT—

Have you ever thought about the salt you sprinkle on your food or you buy at the grocery store? Are you familiar with iodized salt?

Chances are you are just like millions of other Americans, assuming all salt is iodized.

However, that is not the case; regular salt is found along with iodized salt in the market. Unless you read the labels, you may not be getting iodized salt.

Iodized salt was invented about 50 years ago to combat goiter in the U. S. Once the salt hit the market, the disease was almost completely eliminated, but it is on the rise again. In a recent

Texas survey, 5 percent of the persons examined had goiter—a visible enlargement of the thyroid gland.

Goiter is a thyroid condition due to lack of iodine. But the disease can be prevented, simply by including iodized salt in your diet.

Iodized salt, or salt to which iodine has been added, tastes just like regular salt and costs the same. Only 4 cents worth of iodized salt a year will prevent goiter.

If you're not using iodized salt for your family, make an effort to buy it the next time you go to the grocery store.

Are You Ready for the Second Coming of Jesus?

According to the Scripture, Jesus Christ is coming to earth again. Much could be said about this. To say the least, it will be a time of rejoicing only for those who know Him as "Lord". God has given Him the name, "Lord". Have you confessed Him as "Lord"?

Wherefore God also hath highly exalted Him, and given Him a name which is above every name: That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth; and that every tongue should confess that Jesus Christ is Lord, to the Glory of God the Father.

It will be the pass-
Mr. Nixon that may

well be the difference in the
game. Had he graduated last
year, it would be no contest in
favor of Rankin—defensively.

Now when it comes to defense,
the Eagles know a thing or two
about the business themselves.
Last year, man for man, they
played their positions about as
well as any team we faced.
There's no reason to think they
will do otherwise Friday night.

From here, it looks like two
touchdowns should win the game
unless Mr. Nixon gets cranking
through the airways and then any-
thing can happen. If we can get
to him a few times and if we
can pick off two or three of his
throws, it should be a game in
our favor. We may have trouble
moving the ball but there should
be a big play or two for us in
the game.

In any case, they say you play
the non-conference games to get
experience and I think our pass
defense is going to look at one of
the best Friday night. Experience
we should get.

PICKINGS—

Now comes the silly season —
picking winners of football games
before they're played. I some-
times feel that football games
and golf matches are farces in
that winners a pre-determined by
some hand of fate prior to the
start of the match and that we
mortals are only acting out our
parts when we play the game.

Too many things can control the
final outcome—a bounce of the
ball, a dropped pass, a slip by a
runner, a poor call by an offi-
cial—let's be honest about it —
they do miss some. But it's all
called the breaks of the game or

the rub of the green—depending
on whether it's football or golf.

In any case, 4th & 10 sees it
thusly:

RANKIN 12, Eldorado 8 and we
are going to need a break or
two but Rankin is usually ready
for that first game.

VAN HORN 14, Wink 12 and
this has to be a guess since the
extent of Van Horn's losses are
unknown at this time.

SONORA 28, Coahoma 6. It is
rumored that the Broncos are a
bigger and better team than us-
ual at this time of year.

TAHOCA 20, Stanton 12. That's
assuming that Stanton isn't tak-
ing the game seriously again this
season.

SANDERSON 38, Imperial 0 as
the Eagles from the Border get
set to play the spoilers in our
district.

BIG LAKE 18, Iraan 7. Now if
the Braves can reverse this and
beat the Owls, 1971 may truly be
their year. Right now, it's only
so on paper.

OZONA 42, Junction 7. Ozona
will again be a high scoring unit
with strong defense.

ALPINE 18, McCamey 14. Look
