

Saturday will feature the first appearance of the Texas State Library's Bookmobile in Friona since it began making its run about the middle of the month. That's pretty quick service, more especially for something connected with a state agency.

Parmer County was the second county to act favorably on the "trial run" of the bookmobile, giving its consent on February 24. Now, just two months later, we have the service. Actually, it's less than two months, since service began on April 15.

The original schedule has Friona down for a three-hour stop. It is now up to Frionans to prove to the TSTA (and to the commissioners) that they did the right thing. A good turnout by book users at the bookmobile Saturday will no doubt be a deciding factor on future scheduling by the bookmobile.

The original schedule by the bookmobile in its four-county (Parmer, Bailey, Castro and Lamb) area has 44 stops. These range from short stops of 30 minutes or so to stops of three hours and more, such as in the case of Friona.

We would assume that future scheduling of the bookmobile stops (as the program progresses) will be determined to a large extent by how widely it is used at each stop; how much traffic it has, etc.

That's why we would urge those who plan to make use of the "mobile library" to give the bookmobile a rousing reception in Friona on Saturday. Let's "use up" the three hours which have been allotted to Friona.

A good turnout will make a good impression on the TSTA officials, and as we said, these figures will sooner or later be presented to Parmer County commissioners, so they can see just how well the bookmobile is received, and used by county readers.

We were very proud of our showing in the Panhandle Press Association contests (which a story on this page will amplify) as announced in Amarillo the past Saturday.

The Star really had a winning day on Saturday. In addition to being the only newspaper to win two first place awards in the contests, we also made off with three silver dollars in the attendance prize-drawing.

These were won by yours truly, my wife Carol and our society editor, June Floyd. In a way, it was kinda sad, because it put an end to a saying the three of us had been able to utter previously about "never having won anything in a drawing."

So, Saturday was really our lucky day. We returned home in time to vote in the school bond election, and to our gratification, the election, which we had supported so wholeheartedly, was given approval by local voters.

The vote wasn't as overwhelmingly in favor of the building program as we had hoped (3-2), but nevertheless it carried, assuring top-flight school facilities for our youngsters for the next several years.

A lot of credit for "getting out the vote" must be given to local women's clubs. The clubwomen used a "telephone campaign" urging voters to cast their ballots on Saturday.

Even in the rural areas, voters were called. Here, the Home Demonstration Club women took over.

It all added up to a really fine turnout of 601 voters. Naturally, there was a lot of voter interest for a program the size of the one on which ballots were cast. But a lot of credit must go to these women.

The Junior Chamber of Commerce must have decided by now that the weatherman automatically picks out a windy, dusty day for their Sunday afternoon performance of their rodeo each year.

That's the way the Lion's Club feels about its spring project, the broom sale, as well as the Parmer County Junior Livestock Show. Each usually has its share.

But these organizations are not alone. Most coaches feel that all you have to do to get a windy,

REGIONAL BOUND . . . Six members of the Friona Chieftain track team will enter the regional meet at Lubbock this weekend. They are (back) David Carson and Dale Milner (center), Everett Gee and S. D. Balze, and (front) Danny Murphree and Bob Welch. Carson, Gee, Murphree and Balze are on the 440-yard relay team. Welch is alternate. Milner will run the 880-yard dash. In addition, Murphree qualified for the 100, 220, and pole vault events at regional.

LED BY MURPHREE

Chieftains Qualify For Five Regional Events

The Friona Chieftains will enter five events in the Region I track and field events this weekend at Lubbock, as a result of placing second or better in the events at the district meet last Friday.

The Chiefs took second place in the district meet, bowing to Olton, which ran up 163 points to Friona's 110. The Chiefs outpointed Muleshoe, Dimmitt and Morton.

OUT WITH THE OLD . . . A workman was busy this week demolishing an old foundation that has been on the new Western Auto building site for many years. It is believed that the foundation, small in area but deep in the ground, once housed a scales for a lumber yard which at one time was on the property.

WESTERN AUTO

New Building Begun For Downtown Store

Construction began this week on a new business house for Friona. The Western Auto Store, owned and operated by Ben McDonald, will occupy a 50x70 foot building to be built adjacent to the Friona Star on Sixth Street just off Main.

The building, to be built by Taylor Construction Company of Friona, will be ready by the middle or the latter part of June, McDonald says.

Construction will be of concrete block with brick trim. It will be completely fire-proof. Pre-stressed concrete beams will be used for the roof, with

a permanent - type roof material.

Full plate glass windows will grace the front of the building, with double doors for the customers. Some 3500 square feet will comprise the entire building, with about 1,000 of this making up the company's "garage."

McDonald has purchased a space of 90 feet by 120 feet from Granville McFarland, and the remainder of the space will be used for parking area, both to the east side of the

BY 3-2 MARGIN

Record Turnout Approves \$1.25 Million Bond Issue

The \$1,250,000 school bond issue was passed by Friona School District voters last Saturday in a record turnout, by a vote of 374-227, or more than three to two.

The total of 601 voters in the bond election is thought to be the largest ever for a school district election here. In the last bond issue election, in 1957, only 184 voters turned out.

By approving the issuance of

the bonds, voters voiced their approval for the largest single expansion program in the school's history.

Most of the money, or approximately \$900,000, will be used for construction of a new high school building, related buildings and facilities.

It is hoped by school officials that with everything running smoothly, a contract for the new high school building can be let

by July 1.

All school tax records must now be adjusted. That chore has already been started by employees of Ethridge-Spring Agency, under the supervision of Dan Ethridge, former school tax assessor-collector.

After the assessment changes have been made, notices will be mailed to taxpayers.

At a special meeting of the school district's board of trustees Monday night, the election results were canvassed and approved. Also, Wright Williams was appointed chairman of the district's board of equalization. W. M. Massie was named secretary to the board.

The Friona School district's board of equalization is composed of the regular members of the school board, plus three members who are appointed. They are Williams, C. L. Mercer and Clyde Goodwine.

Also planned by the board, and approved by the voters, is awarding of contracts for remodeling of the present high school and junior high school buildings, razing of the old (red) elementary building and construction of additional classrooms in its place.

The high school complex will include a separate building for vocational agriculture and industrial classes, a 600-seat auditorium, a gymnasium with 1,000 permanent seats, a lunchroom which will feed 350, and a new football field.

The new high school building is to be located at the corner of Seventh Street and Etta Avenue in the western part of Friona. The football field will be in the corner of the school property to the east of the main building, bounded on the east by Grand Avenue, and on the south by Seventh Street.

HERE SATURDAY

Friona Has Date With Bookmobile

The Texas State Library's bookmobile will make its first "big swing" through Parmer County the next three days, with nine stops scheduled within the county. The bookmobile last Thursday had stops in Bovina and Lariat.

Plainview highway (on your left as you enter Muleshoe from Friona.)

GETS FOUR AWARDS

Star Is "Winning-est" In Newspaper Contests

Today the rolling library is to make a stop in Oklahoma Lane at Oklahoma Lane Farm Supply, between 9:35 and 10:30 a.m. Next, it will go to the Rhea community for a stop at Rhea Grain and Fertilizer between 11:30 and 12:30.

After lunch today, the bookmobile will be in Black for an hour at Black Mercantile store between 2 and 3 p.m.

Friday, the bookmobile again schedules a full day in the county, with stops in Hub (Neel's Store) between 8:45 and 9:45; at White's Elevator between 10 a.m. and 11 a.m.; Lazbuddie (school) between 12 and 1 p.m., and Clay's Corner between 1:15 and 2:15.

Saturday will be the mobile library's first visit to Friona, and it will spend three hours here. It will begin the day with a stop in Farwell at the Holiday Store between 8:45 and 11:45. Then it will roll into Friona at 1 p.m. and stay until 4 p.m.

The bookmobile will be located on the southwest corner of the square (Main and Seventh Streets) during its stay here. The state library's headquarters in Muleshoe has issued an invitation to anyone interested to attend a tea and open house at the new library building in Muleshoe on Sunday, May 3 between 2 and 5 p.m.

The headquarters is the old Hunke Music building on the

The Friona Star won the lion's share of the awards in the Panhandle Press Association's annual contest. The awards were presented during the association's annual convention in Amarillo the past weekend.

The Star won awards in four of the six divisions it entered. The local newspaper won first-place plaques in two divisions, best special edition and best woman's page feature, and took third place certificates in two divisions, best news pictures and general excellence.

The issue which won for the Star the plaque for best special edition was the Christmas edition, a 28-page issue which made wide use of color, both on the front page and on inside pages.

Women's pages entered were from three consecutive issues of the newspaper, on March 28, April 4 and April 11. They featured two full-pages of pictures and artwork on March 28, dealing with the spring style show, and on April 11, featuring Easter.

Judges commenting on the Star's Christmas issue complimented the good use of local pictures, and choice of color both on news pages and in advertisements.

Beating the Star out in the "general excellence" division was the Olton Enterprise, another off-set-printed newspaper. In the news pictures division, the Denver City Press was given first place, followed

by Olton and Friona. Friona was the only newspaper to win two first-place plaques and four awards in the contests. Editor Bill Ellis and society editor June Floyd accepted the awards on behalf of the Star.

Pre-School Day For First Graders April 30

A "pre-school visitation" day for pupils who will enroll in the first grade for the first time next fall has been scheduled in Friona for Thursday, April 30.

Purpose of the special day is to acquaint the children with the teachers and school buildings, according to J. T. Gee, elementary principal.

All children are to receive a letter, telling them which room to report to on April 30, along with other instructions. The children are to be brought to the elementary building between the hours of 8:30 and 8:45 a. m., and will remain at school until 2 p. m.

Supplies, such as pencils and paper, are not necessary, Gee

points out. Children may eat at the lunchroom at noon. A charge of 30 cents per child will be made.

Swimming Pool Opens Friday

Friona's Dive-Inn Swimming Pool will open officially Friday afternoon, April 24 at 4 p. m.

Pool hours as announced by Truitt Johnson, owner, are 5 p. m. to 9:30 p. m. on Tuesday, Thursday and Friday and 1 p. m. to 5 p. m. on Saturday and Sunday.

These hours will be in effect until school is out.

EMPLOYEES HONORED . . . These three employees of the Friona State Bank were honored in a special recognition service at the bank Monday morning. Frank Spring, bank president, was given a set of luggage in token of 25 years of service.

vice, Lola Goodwine received a watch signifying 20 years, and Dale Smith was presented a pen in token of being chosen "most courteous employee" by the Chamber of Commerce this year.

SHOULD JOHNNY BE RETAINED

Should Johnny be retained or passed to the next grade? There are countless Johnnys who each year have not quite reached the level of achievement necessary to be considered ready for the next grade.

Some children, when they first come under the direction of the teacher, are already sufficiently prepared both mentally and physically for school work. The task of the teacher is made much easier and the first level may then be completed on time and serve as a good strong foundation for each succeeding level.

Our major concern at this point is for the children who are not ready to face the problems of school. Let's face it parents -- the facts are -- all children are not ready for school, physically, mentally, or both, at the age of six. Some parents have the mistaken idea that the mere passing of six years means that the child is ready for the first grade. These children who are not ready for school need additional time

to get that vital foundation on which the entire educational structure depends.

At the end of the first year we have to face the problem of whether a child's progress will insure success in the second grade. Success is vitally important to children, therefore they need to be put in positions in which they are able to succeed. Teachers must somehow educate grade conscious parents to the fact that until a child has been successful on one level he is very unlikely to become successful on any higher level.

Suppose, and they do, parents insist that the child be promoted to the next grade. Educators point out the dangers of a weak foundation but often yield to the wishes of parents.

Each year, as the child goes through school, he gets just a little farther behind. He is frustrated at a lack of success on the grade level to which he is assigned.

Eventually he drops out of school because he feels he can go no further. We cannot afford to lose the youth of our country in this manner.

By spending an extra year in gaining the necessary foundation in the first grade, the student will be in much better position to achieve success in each succeeding grade.

Surely a boy or girl who

Pvt. Blackburn Completes Army Training Course

Pvt. Bobby J. Blackburn, 23, son of Mr. and Mrs. Claude J. Blackburn, Lazbuddie, completed advanced training as an artillery surveyor at the Army Artillery and Missile Center, Fort Sill, Okla., April 20.

Blackburn was trained to accurately map an area of fire, giving the range to targets and other information necessary to the performance of the mission.

He entered the Army in December 1963 and received basic training at Fort Polk, La.

Blackburn is a 1959 graduate of Lazbuddie High School.

finishes school in 13 years will be much better equipped to face the challenges of an ever-changing world than the students who become discouraged and drop out before completing their education.

The boys and girls who are dropping out of school are exchanging the three "R's" for the three U's - Unschooling - Unskilled - and Unemployed.

Sent in by Mary Clay, Teacher

In the view of Thurman Sensing of the Southern States Industrial Council: "To resist automation is to ask for a stagnant, dying economy in which new industrial ideas are ignored or rejected. Such resistance implies that those who are resisting prefer a government that thinks in terms of doles and handouts rather than in encouraging modernmentouse modern means of creating new wealth."

Total government spending -- federal, state and local -- will break all fiscal year records in 1964, according to Tax Foundation, Inc. Spending by the three is expected to reach \$197 billion, an increase of \$12 billion over the last fiscal year. If these authoritative estimates are borne out, the Foundation goes on, taxes will reach a new high cost of about \$1,044 per man, woman and child in the United States. That will be \$61 above the 1963 figure.

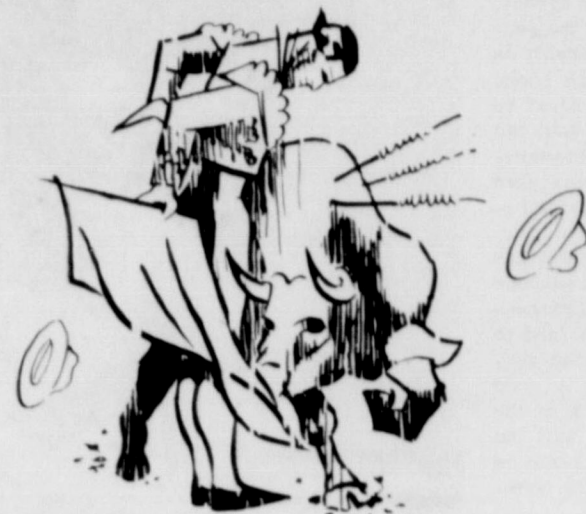

Frionans Attend Funeral

Several local residents attended funeral services for a relative, Jerry McKenzie, of Plainview, there Saturday afternoon.

They were Mr. and Mrs. James B. Collier, Mr. and Mrs. Robert E. Collier and Mr. and Mrs. Johnny Mars, all of Friona, and Mr. and Mrs. Lee Jesko of the Lazbuddie community.

"LET'S GO!" . . . south of the border through General Telephone Country

Del Rio, Gateway to Mexico

Just a step from Del Rio, Texas, and you are in a foreign land. Across the Rio Grande is Ciudad Acuna in colorful, romantic Old Mexico. No passport or tourist card is needed to enjoy Acuna's famed restaurants, night clubs, bull fights, dancing under star studded skies, and shops filled with beautiful Mexican handicraft. Del Rio, Queen City of the Rio Grande, is a happy choice as your Gateway to Mexico, because in or near it are many visitor attractions of historic or legendary importance. Also its new Civic Center will make the city even more a convention site. Visit Del Rio and neighboring Mexico where hospitable people say, "Hasta Manana" as you leave, for they know you will soon return.

vice Sunday afternoon at the First Baptist Church in Friona. Rev. Bill Burton, pastor, served as moderator.

The examination was led by Rev. Argus Burnett, Amarillo, Baptist Association Missionary. The ordaining prayer was led by Rev. James Arnold, pastor of the Summerfield Baptist Church.

Rev. B. L. Davis, pastor of the First Baptist Church of Hereford, preached the ordination sermon. Special music was furnished by a women's trio from the local church. A total of 18 pastors and deacons served on the ordaining council.

McNeal, who has taught in the local system this year, will enroll in Southwestern Theological Seminary this fall in Fort Worth.

Club Elects Messenger "Boss Lion"

Steve Messenger was elected "Boss Lion" for the Friona Lion's Club at the club's regular meeting last Thursday.

Other officers elected were Bill Sheehan, first vice president; Newman Jarrell, Jr., second vice president; J. C. Claborn, third vice president; A. L. (Jake) Outland, secretary; Gary Brown, "Lion Tamer"; Bill Lyles, "tailtwister," and Dale Smith, treasurer.

New directors elected were W. L. Edelman and Jimmy Smith. Holdover directors are M. C. Osborn and Marty Martinez.

Guests of the club at the meeting were Heidi Jonastatter of Bovina, exchange student from Iceland, and Dr. Thurman E. Bryant, Baptist missionary to Brazil.

LITERARY TYPE . . . These two Friona High School students placed second in the district literary meet. Gary Renner placed second in ready writing and Dianne Jennings was second in poetry interpretation. Gary will enter the regional meet, while Dianne will be an alternate.

It just makes us enjoy the pretty weather we get "in between" much more.

COUNTY ACCIDENTS

Fourteen Accidents, One Death Reported

The Highway Patrol investigated 14 rural accidents in Parmer County during the month of March, according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for one death, three persons injured and an estimated property damage of \$19,365.00.

The rural traffic accident summary for Parmer County from January through March of 1964 shows a total of 35 crashes resulting in two persons killed, 11 persons injured and an estimated property damage of \$36,478.00.

"All of the rhapsody of spring is in the air. Thousands of motorists will be breaking away from the restraints of winter to take weekend drives and trips. Children will also bring forth bicycles, roller skates, scooters and little red wagons. All of these things spell added danger on our streets and highways," the sergeant stated. Many of these motorists will lessen their attention to their job of driving in order to concentrate on the rhapsodies of spring, thereby leading them into traffic violations. These

motorists may possibly forget that increased violations of traffic laws lead to accidents and deaths. The sergeant stated, "What better time than April to remind motorists, pedestrians and all street and highway users about the importance of knowing and obeying traffic laws."

Parent Meeting Is Scheduled

Parents of students who will be in the first grade for the first time are to meet at 9 a. m. in the high school auditorium May 30 for a short orientation program.

"We have prepared a booklet to be given to the parents of each pre-school child. We do not plan to mail these booklets, but we hope each parent will be there to get one. We think they will be of some value to them," says J. T. Gee elementary principal.

The Texas Capitol was the seventh largest building in the world at the time of its dedication in 1888.

CARD OF THANKS

I wish to thank the PTO for the honor, and the parents of my former students and students for the beautiful gift presented to me, also such wonderful associations I had with them during my past years spent teaching in one of the first grades in Friona schools. I anxiously look for the participation of each one each year in their school activities as they advance through the years. I have not worked with the present PTO, but being a past president of PTA and knowing of the help it was to the school, am proud we have an organization such as PTO that will be of equal help to our present teachers. I think it was a wonderful honor they bestowed upon our present teachers recently and will long be remembered. Thank you,
Mrs. Wayne Stark

CONSERVATIVES

If you wish to preserve the glorious country and humane civilization which we ourselves inherited, first investigate our constructive opposition to Communism. Because we are effective we have been smeared by every conceivable method, but the time has come when you should find out for yourself. Introductory Packet postpaid, in plain envelope if preferred, for one dollar. Write to The John Birch Society, Belmont, Massachusetts 02178.

Monterrey, third largest city in Mexico, is known as the "Pittsburgh of Mexico."

Toward the end of the Civil War the Confederate dollar was worth two cents in gold.

The name of the Ku Klux Klan originated from the Greek word "kuklos", meaning ring.

Tech Completes 1964 Football Schedule

Texas Tech has completed its 1964 schedule, which includes six home games. The complete schedule:

Sept. 19 -- Mississippi State at Lubbock, Sept. 26 -- University of Texas at Lubbock. Oct. 3 -- Texas A&M at College Station, Oct. 10 -- Texas Christian at Fort Worth, Oct. 17 -- Baylor at Waco, Oct.

24 -- Southern Methodist at Lubbock, Oct. 31 -- Rice at Houston. Nov. 7 -- West Texas State at Lubbock, Nov. 14 -- Washington State at Lubbock, Nov. 21 -- Arkansas at Lubbock.

All games will be at night except those with Rice, Washington State and Arkansas.

Officials Expect 1200 For REA Annual Meet

A total of 1200 persons are expected to attend the annual meeting of the Deaf Smith County Electric Cooperative on April 30 at the Bull Barn in Hereford.

Included among the items of business at the annual meeting are the election of three new directors, and the issuance of capital credit checks, 1953 series, totalling \$163,000.

A free barbecue will be sponsored at noon, served by the Hereford Rotary Club in the south Bull Barn.

The directors whose terms are expiring are Sloan Osborn of Friona, Tom Draper and Noel Gollehon of Castro County.

Door prizes will be given, featuring a deluxe automatic clothes dryer.

come to church sunday

"Draw Near to God" We have a promise from God's Word that if we will draw near to God, He will draw near to us. "Draw nigh to God, and He will draw nigh to You". (James 4:8).

To draw near to God there must be a personal commitment to God. Jesus said "Whoever therefore shall confess me before men, him will I confess before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my Father which is in heaven. (Matthew 10:32-33). Thus it stands to reason if we are to draw near to God there must be a commitment of our life to Him.

Secondly, to draw near to God there must be personal prayer. Jesus gave to His disciples and to us the model prayer not to be quoted and forgotten but to teach us how to pray. Therefore it is important that we learn how to pray and then pray often for in doing so we will draw nearer to God.

And, how do we expect to draw near to God without reading His Word and meditating upon the things which will stimulate our spiritual growth. As we read His Word we are made conscious of our sin and by the strength received in meditating upon the Word of God we are able to overcome the temptation to sin.

Last, we would mention that to draw near to God there must be personal worship and public worship. The Psalmist said "I was glad when they said unto me, Let us go into the house of the Lord". (Ps. 122:1)

Thus through personal commitment to God, personal prayer, personal Bible study and personal worship we draw nigh to God. "Draw nigh to God, and He will draw nigh to You".

Winners Announced In Jr. Rodeo Competition

Volleyball Tournament Begins Here Tonight

David Sorrells of Hereford won the "all-around cowboy" award at the fourth annual Junior Rodeo which was held the past weekend at the Junior Chamber of Commerce arena.

The Junior Chamber of Commerce, sponsor of the event, called it a success, and estimated an attendance of 1,100.

Larry Potts, a local entrant, won the ribbon roping event, and third in tie-down roping.

Winners of each event were as follows:

Ribbon roping - Potts, first; Eddie Wood, Friona, second; Jackie Marchman, Clovis, third.

Steer riding - Trevia Odom, Amarillo. Barrel racing -

Glenda Light, Amarillo, first; Gladys Pinkert, Lubbock, second; Karen Blackwell, Hereford, third. Pole bending - Karen Blackwell, first; Debora Stringer, Hereford, second; Glenda Light, third.

Bull riding - Larry Fancher, Olton, first; Wayne Small, Portales, second; Jerry Peterson, Olton, third; David Sorrells, Hereford, fourth.

Bare back bronc riding - Jan Skarda, Clovis, first; Melvin Chisum, Tulsa, second; Charles Thompson, Lubbock, third. Tie-down roping - Guy Horney, Fort Sumner, N. M., first; Bob Harlan, Slaton, second; Larry Potts, Friona, third.

Calf scramble - Billy Ross

Procter, Friona (Friday); Dwayne Bauer, Friona (Saturday); Joe Bill Jones, Friona (Sunday).

A farmer who does most of his driving in Buckingham, Quebec, Canada, with its one traffic light, was stopped by a red light in Hull. He pulled up, looked both ways, and continued through.

A policeman stepped out of nowhere. "What's the idea of going through that red light?" "Why," replied the farmer, "we always do that in Buckingham if nobody's using the green."

An "outsiders" volleyball tournament is being held this weekend at the Friona High School Gymnasium. First games in the tournament will be held tonight. Admission is 25 cents per person.

Women's games begin at 5 p. m., and men's games at 7 p. m.

Boosters Fete Squaws Friday

The Friona Booster's Club is hosting the (state championship) Friona Squaws to a swim party and a steak dinner Friday at Dive-Inn Swimming pool.

The girls will have an informal swimming party beginning about 6 p. m. After their

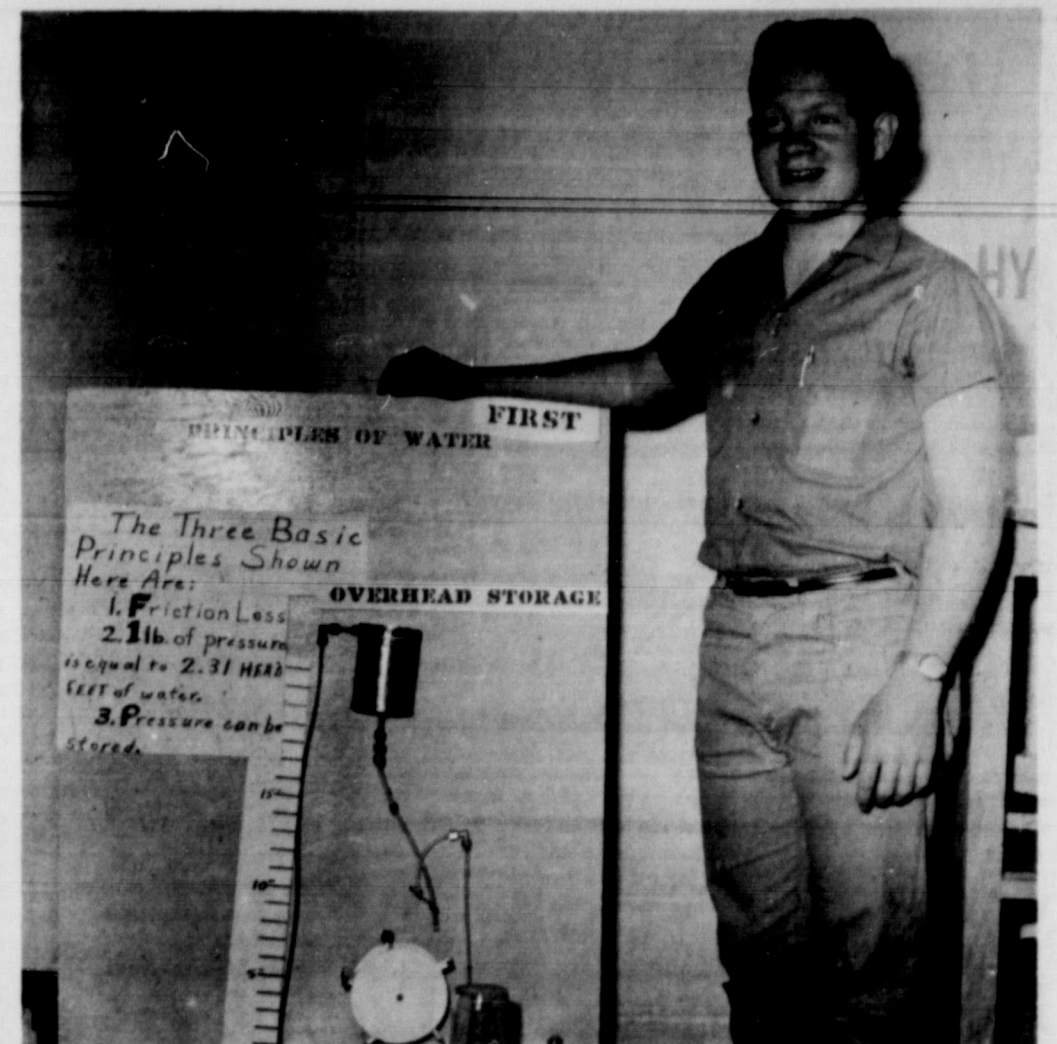

The women's division championship will be held Friday night at 6 p. m., with consolation honors going on the line at 5 p. m.

Men's finals are slated for 9 p. m. Saturday, with consolation at 8 p. m.

Fourteen teams are entered from Muleshoe, Lazbuddie, Bovina and Friona.

swim, they will be feted to the dinner in the dining area.

All boosters are asked to be at the pool at 8 p. m. for a meeting of the club, at which officers for the coming year will be elected. Also, game films from the state tournament will be shown to the club.

SCIENCE WINNER . . . John Bill McFarland proudly displays his winning entry in the Friona Junior High School science fair. Title of his entry was "Principles of Water."

TAKE THIRD . . . Placing third in the junior high school science fair were Bruce Bandy, Patti Ragdale and Karene Milner.

BRAIN AREAS LURE INDUSTRY

TOMORROW'S JOBS are created in today's laboratories, says President Harlan Thatcher of the University of Michigan. Economic growth, he says, takes place not where rivers meet, as in pioneer days, but around "clusters of universities, government laboratories and research-based industries." He lists these requirements for economic strength: outstanding scientific educational facilities, government-sponsored research, skilled manpower, diversified supporting industry, venture capital, good transportation, good living conditions. Massachusetts and California are good examples, Thatcher says.

GORDON McLENDON

Your candidate for the Democratic nomination for U. S. Senator

BELIEVES . . .

• **FOREIGN AID**—Foreign aid should be withheld from all communist-dominated countries. Foreign aid should be maintained in those countries in which we have military bases. In other countries where any aid might be prudent, it should be mainly in the form of surplus agricultural products.

• **NATIONAL DEBT**—Government expenditures should be made only from current income in peacetime. An orderly program for retirement of the public debt should be initiated.

• **FOREIGN AFFAIRS**—The Monroe Doctrine should be firmly restated and upheld.

GORDON McLENDON
Democratic Candidate
For U. S. Senator

Vote for Gordon McLendon in the May 2 Primary
and you'll be proud of your choice

Political Adv. paid for by McLendon Committee, George Sandlin, campaign director

Don't Be In The Dark . . . About The Many Benefits of Your Credit Union

- **A DEMOCRATIC ORGANIZATION** run by the people you elect to your Board of Directors.
- **PROFITS** are returned to you because you are part-owner when you have shares on deposit.
- **PERSONAL ATTENTION** given to you because you are dealing with your fellow members.
- **INSURANCE BENEFITS** (if you are insurable) for your family in the event something happens to you. In most cases, your designated survivor will receive double the amount of your shares (up to \$2,000) and any existing loan will be automatically paid off.
- **JOINT ACCOUNTS** provide accessibility for your family. And, you can have more than one share account. In fact, each member of your family can have an account with you as a joint owner.
- **LOW INTEREST RATES** when you borrow money. You will never pay more than 1% per month on your unpaid loan balance.
- **BIG DIVIDENDS** on your deposited shares. You get a big return on the money you have invested in your credit union. The Board of Directors declared a 41/2% dividend on your investment for 1963.
- **Every One Within A 22 Mile Radius** of Friona Post Office is eligible for membership.

Sixteen Students Make High School's Top List

A total of sixteen students were named to the straight "A" honor roll at Friona High School for the fifth six weeks. The honor roll was announced this week by high school principal Raymond Cook.

Those making all A's included seniors Myrna Bennett, Lois Moyer and Mary Ethel Wilson; juniors Dennis Howell and Karen Osborn; sophomores Frieda Floyd, Linda Outland, Tommy Sherley and Janet Stevick; and freshmen Billy Burton, Susie Carmichael, Jerry Coker, Bobby Jordan, David

Smith, Terri Wilson and Mike Wooley.

Sixteen students also made the "A's with one B" list. Four of these were seniors, Carolyn Herring, Dianne Jennings, Diana Taylor and Rex Nelson.

Others on this list were juniors Nan Lillard and Robert Stewart; sophomores Sandra Beene, Lonnie Ellis, Terry Fite, Travis Graves, Roger Nelson and Monte Welch; and freshmen Brownie Cole, Linda Fallwell, Manuel Pacheco and Shirley White.

Nineteen students fell into the "A's with two B's" list. They included seniors Rose Ann Greeson, Patsy Hough, Gary Renner and Mickey Wilson.

Juniors making this list included Sharon Dean, Glenda McClellan, Ann Prewett and Lynn Wilson. Sophomores were Madalyn Binger, Brian Evans, Janis Goggans, Judy Morrow, Gail McGlothlin, Judy Phipps and Kenneth White. Freshmen were Bob Carrothers, Darla Howell, Jim Bob Jones and Martha Martin.

A total of 15 were on the list of students making A's with three B's. Seniors in this group were Cathy Bailey, Carolyn Guinn, Charlotte Nettles and Tex Phipps. Juniors were Don Collier, Julia Dennis, Shirley Hutson and Carol Struve.

Sophomores in this category were Dennis Fallwell, Sandra Schilling, Connie Schlenker, Marie Short and Bobby Sims. Freshmen included were Lydis Buake and Randy Farr.

Ten students were cited for making A's with four B's. They were seniors Lynn Phipps, Russell Scales and Dianne Taylor; juniors Ronnie Brookfield, Jerry Cass and Doug Dodd; sophomores Eldon Long and Darlene Wilson; and freshmen Susan Neill and Jimmie Rodgers.

Two freshmen were on the list for making B's with one A. They were Lou Cochran and Vernetta McNeely.

LEGAL NOTICE

THE STATE OF TEXAS
To: S. K. Lillard, Stanton R. Lillard, and A. B. Carroll, and should either of them be married, then their unknown wife or wives, and should any of said aforementioned parties be deceased, then their unknown heirs or legal representatives, Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock, A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 11th day of May 1964, at or before ten o'clock A.M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court, on the 30th day of July A.D. 1963, in this cause, numbered 2390 on the docket of said court, and styled, GEORGE C. TAYLOR, JR., Plaintiff, vs. S. K. LILLARD, ET AL Defendants.

The names of the parties to the cause are as follows:

George C. Taylor, Jr. is Plaintiff and S. K. Lillard, Stanton R. Lillard, and A. B. Carroll, and should either of them be married, then their unknown wife or wives, and should any of said aforementioned parties be deceased, then their unknown heirs or legal representatives, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suite in trespass to try title, Plaintiff alleging that he was the owner in fee simple and in possession of Lots 4 and 5, of Block 75, of the Original Town of Friona, Parmer County, Texas, on the 15th day of July, A.D., 1963, and that thereafter Defendants entered thereon and ejected him therefrom, and likewise invoking the 10-year statute of limitations so far as same applies to land titles in the State of Texas, and praying for title to and possession of said property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 27 day of March A.D. 1964.

Attest:
Dorothy Quickel Clerk,
District Court,
Parmer County, Texas.

Martin Gives Statement Regarding Justice Race

Herbert C. Martin, candidate for Associate Justice of the Court of Civil Appeals in Amarillo, this week gave the Star a statement regarding his candidacy in the race.

His statement follows: I ask you to elect me Associate Justice of the Court of Civil Appeals in Amarillo. I make this request in the knowledge that the best interest of the Court and of the citizens of the district requires a change in the personnel of this Court. I am a graduate of Lubbock High School and hold an LL. B. degree from the University of Texas School of Law. I have been actively engaged in the practice of law 29 years --

22 years in Lamb County and the South Plains area and 7 years in Amarillo and the Panhandle area. By diligence and loyalty to my clients' interest, I have built an excellent law practice in both areas. My clients and my record in the Courts of this District are my best recommendations. I also served on the Court of Civil Appeals and as Associate Justice wrote 176 opinions of which less than 7% were reversed. These opinions reflect the character of my judicial ability.

The Court of Civil Appeals is composed of a Chief Justice, a Senior Associate and a Junior Associate Justice. The Chief

Justice and Junior Associate of the Court, no matter how diligent and capable, cannot carry the case work required of the Court if the other Associate devotes a large portion of his time to outside diversions. I served on this Court until December 31, 1956 and the docket was in good condition during that time. The Docket of the Court was not only kept up to date but the Court disposed of many cases transferred to the Amarillo Court from the Dallas Court of Civil Appeals. Although the number of cases before the Court have not increased, this condition no longer exists. Instead other Courts are having to assist the Amarillo Court -- thirteen cases were transferred from the Amarillo Court to the Waco Court of Civil Appeals on January 11, 1964.

More important than the mere number of cases disposed of by the Court is the type of justice under the law as reflected by the Court's opinions. In 1956, while I was on the Court, the majority of the Court, the then Chief Justice and my present opponent as the other Associate Justice, wrote an opinion styled "Stanley v. Stanley, 294 W. 2d, Page 132". This case reflects that a 40-year-old career army sergeant married a former school teacher who had been successful in the finance business. The sergeant contributed

nothing to the marriage but, the undisputed record discloses, in six years squandered \$84,044.63 of the profits earned by his wife's business. He also squandered \$41,911.13 of the wife's capital investment. On dissolution of the marriage, it was the sergeant's theory the wife had mingled her earnings, as community property, with her separate capital, he was entitled to one-half of all remaining property owned by his wife.

In the judgment of divorce, the trial court awarded the sergeant an additional sum of \$29,881.89. The widow appealed from the trial court's judgment and on appeal the Chief Justice and the other Associate Justice of the Court of Civil Appeals, such Associate Justice being now a candidate for election to the Court, agreed with the sergeant's theory and affirmed the judgment of the trial court awarding him the additional sum of \$29,881.89. This opinion of the majority of the Court was directly contrary to the undisputed audit of a Certified Public Accountant who traced all funds and proved that all the wife's earnings had been squandered by the sergeant and a large part of her original capital and that her earnings were not mingled with her capital. As an Associate Justice of the Court, based on this audit

and the applicable law, I wrote a dissenting opinion holding that the sergeant was only entitled to his equity in a 1955 Station Wagon for which he had traded an old Station Wagon owned by him at the time of the marriage.

Other similar and equally inequitable opinions were rendered by the Court acting as a majority and on which I dissented, but the above opinion is discussed here because the same reflects clearly and unequivocally the opposite points of view on the duty of the Court as held by me and my opponent for Associate Justice. The most essential element of every judgment of the Court of Civil Appeals should be justice under the law and facts. If the citizens of this district will take a few minutes' time to go to a lawyer's office and read the Stanley opinion, I am confident I will be elected to the Court of Civil Appeals by an overwhelming majority vote.

As a member of such Court, I never have and I never shall subscribe to the proposition that justice under the law and a citizen's property rights should be bartered for political favors. No Court judgment should dissipate an elderly person's savings of a lifetime where the basis of such judgment is a strained and superficial ruling under a highly technical theory not supported

by the evidence. The personal rights of every citizen and the property rights of every citizen have always been a sacred trust of the Courts. This essential and vital element of our judicial system should not be lightly cast aside in order to favor a friend or political supporter. I am certain the present members of the Court with whom I would serve subscribe to the principles herein set forth.

I ask every citizen to support me on the principles enunciated herein. I particularly ask every client whom I have ever represented to give me in the coming campaign the same untiring loyalty and effort toward my interests that I have exhibited over the many years of my practice for their interests. I pledge to every citizen that their rights and property shall be secure under the law. It shall be my constant endeavor to write opinions of the Seventh Court of Civil Appeals that shall be based soundly upon the law and the facts and shall reflect credit and honor upon such Court.

Sincerely,
Herbert C. Martin

"Last night, Sheryl, I had a talk with you father. I told him I loved you more than any other girl I ever met."
"And what did Daddy say?"
"He advised me to run around and meet some more girls."

In And Around
Friona

With June Floyd

Members of the Star staff are deeply grateful to you, our readers, for all the congratulatory messages we have received since attending the Panhandle Press Association Convention in Amarillo Friday and Saturday.

Being awarded two first place plaques and two third place certificates in contests sponsored by the association at the awards breakfast Saturday morning was, of course, the highlight of the convention.

Then coming home and having so many persons say so many nice things was an added pleasure. We know that without the support and cooperation of fellow townspeople our accomplishments would have been impossible.

Thanks so very much to everyone of you!

Dave McReynolds, former Star editor, and his wife, Shirley, were at the convention. They live in Stratford now and publish the Stratford Star. At the present time Stratford is growing rapidly and ex-Frionans are responsible for much of its expansion.

The Chamber of Commerce of this North Texas Panhandle town has been working with residents in an effort to make all newcomers feel welcome. In last week's edition a picture of six newcomers to the town accompanied a story about a social event welcoming new residents.

Out of the six, three were former Friona residents. They were Mrs. Ronnie Castleberry and Mrs. Jerry Loflin and daughter. I asked Dave if that was indicative of the current trend. He jokingly replied, "Yes, about half our population increase comes from Friona."

Does anyone have any kind of historical material concerning Friona and Farmer County? There are a number of things we would like to know about our town and country. Are there ghost towns in our area? Where were the first schools located and what were their names?

I have been told that Bovina was the oldest town in the county, but don't know which year it was established.

Any information on this subject will be greatly appreciated.

The downtown section of Friona is expanding. Construction of a business building just east of the Star office began late last week and workers have been busy this week demolishing a foundation for a small building that must have been poured years and years ago.

When the building is completed it will be the new home of Western Auto Associate Store; which is now located in

the Foster building on Main Street.

Construction of one new home in Friona recently reminds me of the "barnraisings" our forefathers engaged in. The E. D. Matlocks, who have three daughters living here, are getting up in years and have lived in Plainview a long time.

Since none of their children lived there, they decided it would be nice to live closer to some of them. After thinking the situation over, the couple decided that Friona would be a nice place to live and revealed their plans to some of their family members.

This couple is fortunate in having construction men, carpenters and others of similar occupation for sons-in-law, grandsons, nephews, etc., and soon the Matlock home in Friona began to take shape.

Within a very short time, almost overnight it seemed, a small house on the lot purchased by the Matlocks had been poured, the walls and roof had been constructed and much of the finishing had been done.

In the very near future, the Matlocks will be living just south of Mr. and Mrs. W. B. Norwood. They are parents of Mrs. Forrest Osborn, Mrs. Tom Lewellen and Mrs. Henry White.

Instead of having "the house that Jack built," they will have "the house the family built." There may have been some outside help, but mostly it was a family project.

We hope the Matlocks enjoy living here.

My apologies this week go to Mr. and Mrs. Glen Herring and baby son. His name is Richard Lynn... not Richard Glen as reported in last week's Star. The second paragraph of the story concerning his birth should have read as follows: He was named Richard Lynn and weighed 5 lbs. 4 ozs. He is the first child for the couple. Sorry folks.

There is an urgent need for some lion and lamb costumes for an elementary school music program. Anyone having a lion costume in size 12 or a lamb costume in size 8 is asked to contact Mrs. Raymond Cook at the elementary building.

Plans are also under way for a library of costumes to be used by the music department. Anyone having costumes of any kind to donate to such a project is encouraged to do so. In this way costumes for various programs will be available.

You can't climb the ladder of success with cold feet.

Of Interest To THE WOMEN

WSCS Circles Meet In Joint Session

Members of the Mekka, Kolvivia and Maggie Hamlin circles of Woman's Society of Christian Service of Friona Methodist Church met in Fellowship Hall at 9 a.m. Wednesday for a general business session.

Donna Blackburn Alpha Chi Member

In formal initiation ceremonies at West Texas University at Canyon recently, Donna Blackburn, daughter of Mr. and Mrs. Claude Blackburn became a member of Alpha Chi, national Honor organization.

Miss Blackburn, a 1961 graduate of Friona High School, is an elementary education major and will receive her bachelor's degree next month. Membership in the organization is based on leadership, scholarship and character. She is in the top 6 1/2% of her class scholastically.

Mrs. Kenyth Cass, president, had charge of the business session, which included election of officers. A pledge service using the theme, "The Sea of Giving" was directed by Mrs. Joe Moyer.

A solo, "So Send I You" was presented by Mrs. Hank Outland with Mrs. Dorothy Hough accompanying.

Following a discussion of missionary workers by Mrs. Arthur Drake, Mrs. Tom Shelton, Mrs. Kenyth Cass and Mrs. Ernest Anthony, pledges were made by members for local and foreign missionary work.

A duet composed of Mrs. Jean K. Anthony and Mrs. Hank Outland presented "Is Your All On The Altar?" Prayer by Mrs.

Joe Moyer closed the meeting.

Members of the Maggie Hamlin Circle were hostesses. Two guests, Mrs. Neva Rabon, Springfield, Colo. and Mrs. Hank Outland, were present.

Others present were Mesdames George A. Jones, Floyd Rector, I. T. Graves, Howard Love, Earl Hawkins, Russell O'Brian, Estis Bass, Mack Balmum, Bill Stewart, James Boyle, Russell McNally and A. S. Grubbs.

Also Mesdames Joe Moyer, Tom Shelton, Guy Latta, Ralph Shelton, Dick Rockey, A. A. Crow, Arthur Drake, Kenyth Cass, Ernest Anthony, Andy Hurst, Dorothy Hough, Eugene Ellis, Jean K. Anthony, Opal Jones, Clyde Fields and E. H. Bradshaw.

Wayne Starks Have Visitors

Recent guests in the home of Mr. and Mrs. Wayne Stark have been Mrs. H. M. Hansen of Alva, Okla., mother of Mrs. Stark, and Mrs. W. C. Lane of Tulsa, who is her sister.

Also Mrs. Brad Eutsler and daughter and Mrs. Jerry Jurod and daughter, all of Las Vegas, Nevada, Mrs. Eutsler and Mrs. Jurod are Mrs. Stark's nieces. They had attended funeral services for Merle Lewellen of Panhandle, a brother-in-law of Mrs. Stark.

Mrs. Merle Lewellen of Panhandle and her son, Dean, of Seattle, Wash., recently visited Mrs. Stark, who is a patient at Farmer County Community Hospital.

Public opinion in this country is everything. —Abraham Lincoln

Political Forum Featured At Study Club Meeting

A forum on American politics at the Tuesday evening meeting of Modern Study Club turned the club house into a convention hall complete with blaring music. Members were divided into two parties which were designated "Her" and "She".

Those on the forum were Mrs. H. K. Kendrick, Mrs. Hayden Cason, Mrs. Ernest Tannahill and Mrs. Otto Whitefield. Each member present designed a hat for herself out of crepe paper.

Three question and answer contests concerning American politics, former presidents, vice-presidents and platforms were conducted. A charade type presentation of political slogans

concluded the program.

During the business session announcement was made that the Bookmobile will be in Friona for the first time Saturday, April 25. One set of bookshelves have been provided for the library, which is open from 9 to 11 a.m. each Saturday, by the club.

The Bookmobile will be at City Park from 1 to 4 p.m. Mrs. Guy Latta gave the invocation. Hostesses were Mrs. Ross Ayers and Mrs. Kenneth Neill. Seventeen members were present.

Fruit of the Rio Grande palmetto is edible and can be bought in the Matamoros market.

Cari Joan Hand Born Wednesday

Mr. and Mrs. John Hand of the Hub community became parents of a baby girl at 7:57 a.m. Wednesday, April 15. She was named Cari Joan and weighed 9 lbs. 4 ozs.

She is the first daughter for the couple. They have two sons, Gary and Rex.

Grandmothers are Mrs. Carrie Shirley of the Hub community and Mrs. Pearl Hand, Friona.

Weekend Visitors

Weekend visitors in the home of Mr. and Mrs. Bill Wooley and sons, Mike and Scott, were Mr. and Mrs. Fred Mayer, Granite, Okla. and Mr. and Mrs. Herman Mayer, Oklahoma City.

The Fred Mayers are Mrs. Wooley's parents and Herman Mayer is her brother.

DONNA BLACKBURN

WELCOME TO FRIONA

Meet Mr. J. L. McKinzey. He comes to Friona from Amarillo. In Amarillo he was employed by Hedrick Motors. In Friona he is employed by Cummings Farm Supply. J. L. is single and lives at 1208 N. Main. He is a member of the First Methodist Church and embraces photography as a hobby.

Miss Patricia Patton, Darrel Read Wed

Miss Patricia Patton, daughter of Mr. and Mrs. Owen Patton, became the bride of Darrel Read, son of Mrs. Nola Read, Saturday evening in a candlelight ceremony at Oklahoma Lane Methodist Church.

Rev. Vernon E. Willard of Pampa read the double ring ceremony.

The altar was decorated with a large white grecian urn which featured a bouquet of stock, gladioli and red carnations. The altar was banked with emerald greenery and potted palms and flanked on either side by white candelabras with red candles.

Mrs. Donald Christian, organist, played traditional wedding selections and accompanied Miss Marianne Bell of Big Spring as she sang "Because" and "The Wedding Prayer."

Miss Martha Snodgrass, cousin of the bride, presided at the guest book.

The bride given in marriage by her father, wore a street length gown of brocade peau de soie. The fitted bodice featured long pointed sleeves. Her veil of tulle fell from a pearl crown. She carried a cascade arrangement of gardenias and stephanotis.

She carried out tradition bearing her headpiece from Mrs. Joseph Alves of Abilene. She wore a necklace which belonged to her great-grandmother

MR. AND MRS. DARREL READ (Photo by D. R. Bushnell)

Kirk, pennies in her shoe and traditional blue garter. Miss Marylyn Turner of Abilene attended as Maid of Honor.

She wore a red crystal peau de sole street length dress fashioned with boat neckline, short sleeves and bouffant skirt. She wore a red circlet hat enhanced with a flower. She carried a colonial bouquet of white flowers intermingled with touches of red.

Misses Cindy Read, niece of the groom, and Terri Willard served as candelights. They wore white dresses with red overskirts, white headbands and red carnation wrist corsages.

Regina Jones, niece of the bride was flower girl. Her dress was identical to that of Maid of Honor. She carried a basket of red and white carnations.

Mike Read, nephew of the groom, was ring bearer.

Robert Read, brother of the

groom, attended as best man. Ushers were Billy Don Read, brother of the groom, and Tommy Snodgrass, cousin of the bride.

For her daughter's wedding, Mrs. Patton chose a white summer wool suit with red accessories. She wore a corsage of white gardenias.

Mrs. Read, mother of the groom, wore a two-piece navy dress with black accessories and a white gardenia corsage.

Immediately following the ceremony Mrs. R. E. Blankenship, Mrs. Travis Lloyd and Mrs. H. H. Kelso hosted a reception honoring the couple in fellowship hall of church.

The bride's table carried out her chosen colors of red and white. The table was laid with a white crocheted cloth made by her grandmother, Mrs. A. K. Snodgrass and centered with a bouquet of white mums trimmed with red. Milk glass appointments and red candles in milk glass candle sticks completed the table. Mrs. Billy Johnson and Miss Patsy Lloyd poured and served.

For her wedding trip to Fort Worth, the bride wore a peach wool summer suit which she fashioned and made herself. She wore crystal accessories and leather gloves.

The bride is a 1961 graduate of Bovina High School and attended West Texas State University in Canyon and McMurry College in Abilene.

The groom is a 1956 graduate of Bovina High School and attended Texas Christian University at Fort Worth.

The groom is employed at Friona Motors.

Following their wedding trip the couple will be at home in Oklahoma Lane.

Out-of-town guests at the wedding were Mr. and Mrs. H. C. Allen of Lubbock; Mr. and Mrs. Frank Totty of Pampa; Rev. and Mrs. Vernon Willard of Pampa; Mr. and Mrs. O. R. Jones, Regina, Randy and Ronna of Amarillo; Miss Judy Roach of Lubbock; Mr. and Mrs. David Bliss, Mark and Helen of Shamrock; Mr. and Mrs. Ray Dean, Ernest Ray and Donna of Amarillo; Mrs. W. E. Johnson of Redmond, Wash.; and Mr. and Mrs. Eddie B. Smith of Farwell.

Honor Roll Announced For Junior High School

Junior High Principal Tom Jarboe announced early this week that seventeen eighth grade students and one seventh grade student made the all A honor roll for the six weeks grade period just ended.

Eighth grade students were Sharen Awrey, Joan Gail Brookfield, Becky Coffey, Judy Edelman, Randy Ellis, Crista Evans, Ricky Hurst, John McFarland, Belinda Mabry, Karlene Milner, Patti Ragsdale, David Reeve, Mike Reznik, Kara Beth Sides, Larry Truitt, Mike Wiley and Eddie Wood.

Janice Clark was the seventh grader achieving this grade level.

Ann Ayers, Sammy Bailey, Kathy Renner, Rhonda Ruzicka, Mary Smith and Celia Vestal were members of the eighth grade class who made only one B. Seventh grade pupils in this category were Kathy Bandy, Johnny Barker, Bernhard Binger, Brenda Blackburn, Danny Carthel, Mike Dukes, Doris Ferguson, Sherry Gibson, Shirley Johnson, Joel Osborn, Darla Perkins, Vickie Renner, Shirley

Schueler, Connie Stone and Scott Wooley.

Those in the eighth grade who made only two B's were Terri Cummings, Veronica Deaton, Ruben DeLeon, Peggy Drake, Debbie Jarecki, Jo Anne Jennings, Susan Mills, Jan Shirley and Diana Wilson.

Seventh grade students maintaining this grade were Steve Buckley, Paula Fortenberry, Pamela Hawkins, Carolyn Hutson, Virginia Middleton, Mikie Pavalus, Joe Perez, James Schlenker, Kathleen Sheehan, Linda Smith, Pam Turner and Connie Whaley.

Hospital Auxiliary Elects New Officers

The Women's Auxiliary of Parmer County Hospital elected new officers for the year 1964-65 at their business meeting April 16. Elected were: Mrs. Loyd A. Shackelford, president; Mrs. Sloan, vice-president; Mrs. G. B. (Pete) Buske, secretary-treasurer; and Mrs. J. L. Humphrey, reporter. Outgoing officers were Mrs. M. L. Martinez, president; Mrs. A. W. Anthony, Jr., vice-president; and Mrs. Herschel Johnson, secretary-treasurer. \$1,000.00 was donated to the Hospital Building fund at the April 16 meeting. This donation was made up from proceeds from the annual rummage sale and a silver tea and art show which was held at the Hospital March 1 of this year. The Auxiliary wishes to express their thanks to all those in the community who donated either time or clothes to the rummage sale which helped make this donation possible.

With the help of Mrs. Paul Spring, the Auxiliary was organized in the fall of 1956 with 33 charter members. Mrs. Claude Osborn served as first president, and Mrs. Dan Ethridge was the first secretary-treasurer.

TV sets are furnished to patients by the Auxiliary; a memorial fund has been established; a rummage sale has been conducted each year, and proceeds from these various projects, have been used for the building funds, purchase of an anesthetic machine, purchase of surgical lights, and other needed equipment for the hospital.

Auxiliary members have

HOSPITAL AUXILIARY OFFICERS — Mrs. Loyd Shackelford, left, was recently elected to serve as president of Parmer County Community Hospital Auxiliary. Others in the picture are Mrs. Sloan H. Osborn, vice-president, Mrs. J. L. Humphrey, reporter, and Mrs. G. B. (Pete) Buske, secretary-treasurer.

draped and refurnished the lobby, clinic and hospital; beautified the hospital and grounds by furnishing plants inside and landscaping outside. They have also set up a children's corner in the lobby and furnished magazines. Rockers for new mothers and layettes for the nursery have been furnished and services are volunteered when sewing or mending needs to be done at the hospital. The present membership is about 36, and membership is open to anyone interested in participating.

Thirteen Future Teachers Attend Hereford Meeting

Thirteen members of the Ethel Benger Future Teachers of America attended a salad supper at the school cafeteria in Hereford Tuesday evening. Members of the Elia Aikman

Future Teachers were hostesses.

Theme of the meeting was "Education - Bridge Between Nations." The opening prayer was led by Mamie Silvertooth. Linda Tooley, president, gave the welcome address. Speaker was Mrs. Merlin Kaul.

Sponsors attending were Mr. and Mrs. Lionel Young. Mrs. E. G. Phipps and Mrs. L. H. Schilling also accompanied the students.

Future teachers making the trip were Frieda Floyd, Donna Fuiks, Carolyn Herring, Kay Neel, Cheryl Neill, Shirley Phipps, Mary Ann Roberts, Janet Rushing, Sandra Schilling, Carol Struve, Diana Taylor, Mary Ethel Wilson and Gay Wily.

Few woodchucks get up as early as February 2, since this date is still midwinter to them.

Miniature ball bearings used in space vehicles are worth 150 times their weight in gold.

Altar Societies Elect Officers

At a joint meeting of St. Ann's Altar Society and St. Teresa's Altar Society in Bovina parish hall Monday afternoon Mrs. Paul Jesko was elected presi-

dent for the coming year.

Other officers elected to serve with Mrs. Jesko were Mrs. Helen Fangman, vice-president; and Mrs. Lee Jesko, secretary-treasurer.

Mrs. Larry Jesko was selected to arrange purchase of flowers for Sunday, May 2, Sunday, May 24 and Sunday, May 31. Reports on the Diocesan Council of Catholic Women, held in Tulsa April 15, were made.

Rev. Father Clavor Giblin gave a talk on juvenile delinquency. Prayer by Father Giblin closed the meeting.

Refreshments were served by Mrs. S. V. Chitwood and Mrs. Helen Fangman.

Hospital Notes

Admissions to Parmer County Community Hospital since April 15, 1964.

E. Lovett, Mary Rodriguez, Mrs. Larry Hamlett & girl, Mrs. David Sims and girl, Mrs. P. C. Aragon, Robert Pesch, Mrs. J. R. Thornton, Mrs. L. C. Crump, Sherri Nash, Emily Kelley, P. O. Dixon, Mrs. L. J. Rudd, Mrs. John Blackburn, Mat Moten, Donna Gonzales, T. E. Wood, Janet Bishop, Mrs. Joe Collier, Detricia Miller, Mrs. John D. Sanders, Mrs. Jerry Morris, Brad Bandy.

Class Meets For Supper, Fellowship

Members of Fidelis Sunday School Class of First Baptist Church and guests met at Fellowship Hall Thursday evening for a salad supper and fellowship meeting. Mrs. Charles Hough directed the program, which included group singing.

Hostesses were members of the social committee.

Those present were Mesdames Ira Holt, Melvin Edwards, Audye Wiley, Boyce Glover, C. H. Veazey, Eune Martin, C. E. Loveless, Bill Buth, Gerald Shavor, Gary Hicks, Jimmy Maynard and Dale Westbrook.

Also Mesdames David Patterson, Richard Adkins, Dale Williams, Leon Massey, Lionel Young, Bailey Clements, Larry Moyer, Jim Roy Clements, Jarrell Wright, Joel Landrum, Claude Osborn, Charles Hough and Skipper McNeal.

A Scotsman on a visit to Canada noticed the mounted head of a bull moose hanging in the hall of the house where he was staying. He asked the host what sort of animal it was.

"Oh, that's a moose," was the reply.

"A moose!" exclaimed the startled Scot. "Good Heavens, what are your rats like over here?"

The Big Difference between a man who displays this seal and an insurance company salesman might mean hundreds, perhaps thousands, of dollars in your pocket

As an independent insurance agent, he represents not one but several insurance companies.

He is thus free to choose the best car, home, or business insurance for you, to make sure you are paid both promptly and fairly when you have a loss. On the other hand, the services of an insurance company salesman

usually end when he has sold you the policy which his particular company offers.

As independent insurance agents, we are ready to give you continuing, personal attention—The Big Difference in insurance today. Look for our Big "I" Seal ... call on us for the facts about complete insurance protection.

Club Program Features Showing of Safety Film

Highlight of the Tuesday evening meeting of Progressive Study Club at Federated Club House was showing of a film entitled "Broken Glass." This film, which was prepared and shown by an employee of Texas Department of Public Safety, was followed by a seat belt demonstration.

Mrs. Bill Beene presented a talk based on the importance of understanding food additives. Mrs. Jimmy Smith, Mrs.

Billy Joe Mercer, Mrs. W. R. Reithmayer and Mrs. Thomas Rhodes presented several skits. The devotional was given by Mrs. Stan Benge and a synopsis of "Silent Spring" by Rachel Carson was given by Mrs. Hollis Horton.

During the social hour refreshments of chicken salad, tea and frozen lemonarts were served by Mrs. Newman Jarrell Jr. and Mrs. Flake Barber.

School Menu

APRIL 27 - MAY 2, 1964

PROPAGINE-- Herbicide

Pre-emergence Weed Control In Sorghum.

Reasons For Using Propazine

- One application generally provides full season control right through to harvest.
- Controls most annual broadleaf weeds and grasses.
- Safe to sorghum at recommended rates.
- Controls weeds that rob sorghum of moisture.
- Controls weeds in the row which are difficult to eliminate with cultivation.
- Controls competing weeds and results in higher yields and more profit.
- Is most effective in wet seasons when cultivation is difficult or impossible.
- Allows fewer time consuming cultivations and releases labor and equipment for other seasonal farm operations.

TREFLAN E. C. For COTTON

Here Are Seven Reasons Why TREFLAN Is The Top-performing, Pre-emergence Herbicide-

- **LONGER-LASTING CONTROL.** One Application Of TREFLAN Controls Weeds Up To A Full Season.
- **STAYS PUT IN THE SOIL.** Unlike Other Weed Killers, TREFLAN Does Not Need Moisture To Work.
- **CONTROLS BROAD RANGE OF WEEDS.** TREFLAN Is Highly Effective In Controlling More Than 20 Different Species Of Annual Grasses And Weeds.
- **WON'T HARM CROP.** TREFLAN Can Be Mixed Directly Into The Soil Without Harming Crops.
- **NO DAMAGE TO FOLLOWING CROPS.** TREFLAN Will Not Harm Crops That Follow Cotton.
- **IT'S WEATHERPROOF.** TREFLAN Resists Leaching From Heavy Rains Or Irrigation.
- **EASY TO MIX.** TREFLAN Is An Emulsifiable Concentrate. It Mixes Easily.

Jr Rodeo On Tap In Dimmitt May 7-9

The Dimmitt Rodeo Association will sponsor a Junior Rodeo May 7, 8, and 9 at the Dimmitt Rodeo Arena. Contestants are eligible through 19 years of age. Events will be barrel racing, ribbon roping, tie-down calf roping, bareback bronc riding, and bull riding. The entry fees will be \$5, each go-round, and the number of contestants will determine the number of go-rounds. There will be a calf scramble each night. Trophies will be awarded to the first, second, and third place winners in each event except the calf scramble. The calf scramble winner of each performance will be awarded a trophy and children 12 years old and younger will be eligible to participate. There will be an all-around trophy to the cowboy who gains the most points in one show.

Each contestant must have a notarized statement signed by his or her parents or guardian relieving the Dimmitt Rodeo Association or any member thereof of all liability. The contestant must bring the notarized statement with his entry fee before an entry will be accepted. Prepared statements may be obtained at Rodeo Headquarters, care of Bill Kellar, K-K Western Wear, Box 535, Dimmitt, Texas. Telephone number 647-3409.

The books will close Thursday, May 7th, 1964 at 4:00 p.m.

TURKISH TEXAN...Nergis Yazgan, Friona exchange student from Turkey, proudly displays certificate she received from Texas Governor John Connally, proclaiming her an honorary Texan.

Junior Teams Place Well In District Track Meet

Friona placed second in two divisions and third in another in the District 3-A track and field meet held here last Saturday. Best showing was made by the eighth grade team, which pushed champion Muleshoe, scoring 44 1/2 points to 46 1/2 by the winning Mules.

The seventh grade team scored 29 1/2 points, to finish second behind Olton's 39 3/4. The ninth grade scored 29 1/3, which put the team behind Dimmitt (60) and Olton (50 2/3) in the team race.

Those winning places included: 7th GRADE 440-yard relay (1) - Delvin Brookfield, Mikie Pavalus, Sahara Gonzales and Joe Perez, 53.0 440-yard run (4) Joe Perez.

60-yard high hurdles (3) - Steve Buckley; (4) Johnny Barker. 50-yard dash (3) Tony Perez; 880-yard relay (3) Bernhard Ringer, Tony Perez, Delvin Brookfield and Joe Perez. High jump (2) Tony Perez.

Broad jump (2) Tony Perez; shot put (4) Joe Perez; pole vault (1) Wilson Ruffins; (2) Tony Perez; discus (4) Joe Perez. 8th GRADE 440-yard relay (2) Freddy Hughes; Joe Moet, Eddie Wood and Donnie Gibson, 440-yard run (2) Ronnie Altman, 60-yard high hurdles (2) Delbert Davis; 100-yard dash (1) Altman; 100-yard low hurdles (2) Davis.

50-yard dash (4) Freddy Hughes; 220-yard dash (1) Altman; 880-yard relay (2) Freddy Hughes, Robert Satz, Eddie Wood and Delbert Davis; high jump (2) Davis; broad jump (1) Davis; (3-tie) Hughes and Altman.

Shot put (4) - Barry Myers; pole vault (2-tie) Eddie Barker; discus (1) Freddy Hughes.

9th GRADE 440-yard run (1) Bobby Jordan; (3) Stan Hansen, 100-yard dash (1) Don Hoover, 50-yard dash (4) Randy Farr; 220-yard dash (1) Hoover, Pull-ups (4) Randy Farr.

High jump (2) James Sides; (4-tie) Tommy Jarecki, Broad jump (4) Hoover, Shot put (3) Hansen, Pole vault (3) Jimmy Grimsley.

PHILLIP BATES

Phillip Bates Is Commissioned

Phillip D. Bates, son of Mr. and Mrs. Robert L. Bates of Friona, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School at Lackland Air Force Base.

Lieutenant Bates was selected for the training course through competitive examinations with other college graduates. He is being reassigned to Lowry AFB, Colo., for training as a missile launch officer.

A graduate of Sunray (Tex.) High School, the lieutenant received his B. S. degree in 1963 from Abilene (Tex.) Christian College.

28 Participate In Foods Division 4-H Achievement Contest: Participate In District

Twenty-eight boys and girls participated in the county 4-H achievement "Foods and Nutrition" contest Saturday with winners named to participate in the district contests, to be held in Canyon April 25. Also three teams in the electrical demonstration group participated in contests, with a team chosen to represent the county in Canyon. Two other teams or individuals had no competition, but were rated by judges with their scores high enough for them to represent the county in Canyon.

Ten persons participated in the meats division with eight in the fruit and vegetable division, four in bread and cereal and six in milks. Three boys were entered in food and nutrition.

Winner of the meats division with a chicken (broiled) recipe was Katie Blackstone of Lazbuddie Club. Fruit and vegetable winner was Judy Koelzer also of the Lazbuddie club. Judy entered a pineapple pie. These girls were entrants in the senior division and will represent Farmer County in Canyon.

In the junior division Melody Roberts, Farwell club, was winner of the meats division with a tuna salad; Cheryl Kaltwasser Farwell with a squash casserole was winner in the fruit and vegetable division. Her alternate Delayne Steinbock of the Lazbuddie club will participate in the district contest since Cheryl has the measles.

The electric demonstration team of Kevin Kaltwasser and Randy Gregory with their demonstration on "How to Read an Electric Meter" will be entered in the electric demonstration at Canyon. Runners up were Alan Guber and Buddy Foster with a demonstration on "How to make a Trouble Light."

Dale Blackstone with his demonstration on "Foods for Teen-age Health" will be entered in that demonstration and Jandis Billingsley and Kathryn Guber will enter their demonstration on Dairy Foods. Gary Foster will enter in tractor operation.

Winners in the junior county competition who will not be entered in the district contests were Tina Rundell, Farwell, 1st in Bread and Cereal; Debbie Burch, Lazbuddie-2nd in the same division; Wayne Schuler, Rhea-1st in the milk group and Cheryl Boling 2nd in the same group. Only two junior winners participate in district.

Judges of the Food and Nutrition contests were: Mrs. Ruth Eddington, Friona Home Ec

teacher, Mrs. Pete Jesko, former Farmer County HD Agent, Mrs. Jean Beene, assistant HD Agent in Deaf Smith County and Mrs. Dwight Sheriff,

Farwell, Mrs. Billy Boling and Mrs. Davis Guley assisted by tallying scores. Judges in the electrical contests were Wayne

Donald and Guy Kindell from Muleshoe. Mrs. Cricket Taylor, Farmer County HD Agent, was in charge

of arrangements for the county achievement day and will accompany local contestants to the districts contests in Canyon, Saturday.

Judges in the Food and Nutrition contests had a hard time picking a winner in the 4-H achievement contests held Saturday at the Oklahoma Lane Community center. Here judges

are tallying scores in the meats division. Picture 2 shows only a few of the delectable foods entered in the bread and cereal divisions.

AMMO NOTES

By Bill Bennett, Agronomist

The manner in which plants obtain nutrients from the soil is controversial. Several theories and ideas prevail.

The Soil Solution Theory suggests that plant nutrients which are in solution in the soil are carried into the plant as water enters the root system. The nitrate ion is a good example of this theory. It stays in the soil solution and apparently enters the plant as moisture is taken up.

The Contact or Exchange Theory is somewhat more complicated. The root comes into contact with the soil particle. Since both the soil and the root have negatively charged surfaces, positive ions are exchanged between the root and soil. An example is the potassium ion. Hydrogen from the root is exchanged with potassium in the soil. Once on the root surface, the potassium moves into the plant.

The Selective Absorption Theory is closely related to the contact theory. This assumes that the plant can select the plant nutrients it absorbs. To illustrate, visualize a conveyor system between the root and soil particle and soil solution. The conveyor has different types of sites or systems for each element. Perhaps a small slot for the large calcium ion. If the site for a particular element is empty, the conveyor would move out of the root into the soil and pick up that element, then move back into the root. If the plant needs that nutrient for proper nutrition, it will be pulled off the

HD Style Show Is Well Attended

The style show held recently at Hub community center under sponsorship of the Farmer County HD Clubs was well attended. All styles modeled were made by the homemakers in recent basic and advance clothing workshops, conducted by Cricket B. Taylor, Farmer County HD Agent, Mrs. Ralph Price, HD County Council chairman welcomed the group and Mrs. Davis Guley narrated the show.

Pianist was Mrs. Bill Carthel of the Black HD Club. Modeling garments were: Mrs. Fred Curtis, Farwell -- a print whip cream dacron-polyester one piece dress; Mrs. Edmund Kitten -- Farwell, modeled a beige and brown synthetic two piece polka dot with a brown duster; Mrs. C. C. Graef, Lazbuddie chose a polished cotton print styled in one piece for dress up.

Mrs. Jimmy Briggs wore a one piece whip cream yellow print with matching accessories; Mrs. C. A. Weir modeled a rust, black and brown print with which she wore a

black sailor straw; Mrs. Ellis Tatum modeled a green shantung silk princess style with accessories for church; Mrs. Spencer Hough chose for her fashion a two piece blue silk suit for better wear; and Mrs. Demp Foster showed a one piece beige raw silk styled for dress-up or street wear.

Mrs. A. H. Boatman Friona, modeled a blue and green jersey one piece creation.

Mrs. T. J. Presley of the Black club chose a beige cotton eyelet with matching accessories for dress up.

Mrs. Glenn Lesly, Farwell wore a blue paisley cotton accessoried for casual wear while Mrs. T. A. Shirley of Friona chose a two piece cotton print accessoried for a dress-up affair.

Mrs. J. L. Bass, Farwell wore a pink synthetic linen one piece dress with white accessories for church and Mrs. Bill Meeks also of Farwell

printed with straw accessories for a dress occasion. Mrs. Billie Boling of the Farwell club chose a multi-colored spring print of cotton accessoried for casual wear. Mrs. Neil Stewart also of Farwell wore a rayon and silk pink one piece dress with accessories for dress up.

conveyor and used--if it is not needed, it will stay on the conveyor until needed. The plant actually selectively absorbs the nutrients it needs.

(Continued on next page)

New Cotton And Wheat Farm Legislation

It is a brand new world: As you know, the recently passed farm legislation makes important changes in the Cotton and Wheat programs for the 1964 crop of each of these commodities. We do not have the facts

concerning these programs as yet. We do expect to have the details of the new legislation within the next few days.

A meeting is being held at 7:30 p.m., on Thursday, April

23 at which time someone will be present to give you the details (of importance to you) of the new wheat and cotton programs. This meeting will be held in the auditorium of the high school in Bovina.

We urge each and every farmer in the county to make every effort to be in attendance at this meeting--as we have found that we can get "the story" OVER to farmers better at meetings such as this than we can by trying to inform you one at a time here at the office; and, besides, time is getting short and there are just

not enough hours in the day to talk to each person separately who is interested in these programs.

Don't Forget -- mark your calendar and come to Bovina tonight (Thursday) and we will make every effort to have someone here to explain the program and answer your questions.

Attend Meeting At Houston Production Credit Officials

Representatives of the Plainview Production Credit Association recently attended the eighth annual meeting of stockholders and patrons of the Federal Intermediate Credit Bank of Houston, held April 5-7, at the Rice Hotel in Houston. The Credit Bank is discount and supervisory agency of the 36 home-owned and operated Production Credit Associations and 14 other financing institutions in Texas which provide more than \$500,000,000 annually in farm and ranch loans to 30,000 Texas farmers, ranchers and dairymen.

Highlights of the meeting included a dinner at historic San Jacinto Inn, an awards luncheon and addresses by nationally-recognized leaders in agricultural financing. Representing the Plainview Production Credit Association

were general manager Noel Woodley of Plainview, assistant manager Fred Conner of Plainview, president Grady Shepard of Hale Center, vice president Henry Hayes of Plainview, directors Billy W. Carthel of Friona, Don Garrison of Silvertown and Loyd Widener of Lockney.

The 36 Production Credit Associations of Texas, now observing their 30th anniversary as free enterprise agricultural financing institutions, have loaned the state's farmers and ranchers more than \$3 billion since their organization in 1933 and 1934.

If U. S. wheat exports continue at current levels, total for the fiscal year is expected to reach 850 million bushels compared with 638 million last year.

Most Consumers Want Easy-Care Spring Clothes

Consumers want spring clothes which may be worn, washed and worn again with little or no ironing, says Dr. Graham Hard, Extension clothing specialist at Texas A&M University.

After much research, the Good Housekeeping Textile Institute has come up with these guidelines for buying easy-care clothes:

1. Look for a label that lists the name of the manufacturer, the fiber content, laundering instructions, extend of ironing needed, colorfastness and assurance of shrinkage resistance.
2. If the label specifies synthetic or a blend, look for a high percentage (at least 50 percent) of a wash-and-wear fiber.
3. If the fabric is cotton, look for one with a good brand-name finish.
4. Look for a sturdy fabric.
5. Check to see how the seams are made, since a good wash-and-wear finished fabric must be sewn properly to be wrinkle-free after laundering.
6. Examine other construction points: Buttonholes should be firmly stitched, lie flat, have

no loose threads; shoulder pads, if any, should be of synthetic material that is washable and quick-drying; zipper plackets should be smoothly stitched.

7. Garments with simple lines will look best after laundering; fussy frills and tucks make ironing a must.

8. Be prepared to pay a bit extra for quality.

Today's busy homemakers have little time for tedious ironing, innumerable pressing sessions and trips to the dry-cleaner, the specialist said.

My Neighbors

"I think I'm gonna be a drop-out."

Winners of the electric demonstration "How to Read an Electric Meter," Kevin Kaltwasser and Randy Gregory, left, congratulate one another after being told they will represent the county in district contests. Other contestants are Steven Kaltwasser, Bobby Foster, Alan Gober and Buddy Foster. Alan Gober and Buddy Foster were second place winners with their demonstration on "Making a Trouble Light."

HIGH FASHION FOR FISH

Maybe fish aren't as "fashion conscious" as it seems.

With the arrival of each new fishing season all sorts of "revolutionary" barbed contraptions are hurled into the water with the expectation of getting more and bigger fish. Sometimes the new models are successful, sometimes they aren't.

Among fishermen, tastes in artificial change frequently. If you know plugs, you'll be able to spot year-to-year progression of lure design in the tackle box of the typical bass

fisherman. But a good angler, maintain the Mercury fishing experts, can be relied on to fill a stringer using lures and baits that never fishermen consider antiquated.

If the new models are not so vastly superior, then why is it that a recently introduced plug will earn a reputation for being "hot" on a particular lake?

Usually it turns out, most of the fishermen are spending most of their time using this lure only. The fish have few other choices, so naturally the popular new plug racks up a good score.

Tests have shown that a proven lure properly fished will match the effectiveness of a new one during a given period of time. If a certain plug was good once, it's still good.

"If We Don't Have It We'll Order It"

Screwworms Threaten Most Of Texas

The screwworm fly has begun its annual march northward, and with conditions favorable for its development and migration existing throughout most of the state, farmers and ranchers need to again become "screwworm conscious."

Mild temperatures, moisture and an abundance of animal wounds prevalent over much of Texas could bring about widespread infestation, screwworm eradication program officials state. They are particularly concerned about those areas where sheep and goat shearing, calving, farrowing and spring animal husbandry activities are in full swing.

Failure of livestockmen to treat shear cuts, scratches and surgical wounds could result in a sharp upswing in screwworm cases. Only seven screwworm cases had been reported during the first three months of 1964 -- all of them in Texas during March--but that total has already been doubled during the first week in April and more

cases are being reported every day. Indications are the screwworm fly is following the same pattern of migration as last year, when a significant increase in cases was experienced in April and May.

Although most of the cases have been reported in South Texas, one was detected as far north as McCulloch County, while the area west of San Antonio has experienced several cases.

County agricultural agents are encouraging livestock producers to keep a close watch over their animals so that wounds and infestations can be promptly treated. Sample larvae should be collected from infested wounds and turned in to the county agent's office or sent directly to Box 969, Mission, Texas, for identification.

Additional sterile screwworm flies, reared and sexually sterilized at the Mission plant, are released near the scene of all infestations as soon as possible after a case has been reported to eradication headquarters.

Guests to Six Flags Over Texas are continually surrounded by unlimited vehicles of entertainment. The Happy Motoring Freeway gives visitors an opportunity to drive poppy sports cars around a winding track, while the Astrolift transports visitors overhead from the modern U.S.A. area to the Texas section, 55 feet over the park. In the background is the Sky Hook, with its dual baskets which carries guests up to a height of 155 feet for a spectacular aerial view of Dallas and Fort Worth, and the 115-acre family entertainment center below.

At Home In Parker County

By CRICKET B. TAYLOR
County HD Agent

I wish that all of you could have seen the contest of 4-H members last Saturday at Oklahoma Lane Community Center. There were 28 entries in the Favorite Foods Show in the different food groups.

There were 11 entries in other contests. Three teams in Electric demonstrations, all Juniors and first year 4-H members, did a good job in giving a demonstration. Their leader should be proud of them. They could not all win but their

fine attitude as losers as well as winners makes these contests worth while.

It was a thrill to see the fine display of food by all of the 4-H members. The purpose of the Food projects is to teach girls and boys how to prepare food, how to serve food and what the food does for them. Do you know their leaders have taught them well, because not one white ribbon was given. They all scored in the blue and red group. The demonstrations in Dairy-Soil and Water Conservation, and Food and Nutrition scored high and will go to District.

HD Style Show--

Highlight of the evening was a mock fashion show with models wearing fashions made from many articles including newspaper. Narrator for this part of the show was Mrs. Cricket Taylor.

Mrs. Travis Stone of Black modeled the latest in "print" with her wrap around blouse and skirt made from old newspapers. Mrs. Al Reznik of the Northside club made an impressive appearance in her "slip" over "sweater."

The pin striped dress with rows and rows of safety pins worn by Mrs. Gene Welch made a hit with the audience. Creating much interest was the "button and bows" dress modeled by Mrs. Norman Taylor of the Rhea Club. Multi-colored bows were shown on black.

The "tea" dress worn by Mrs. Hurbert Schuler of Rhea was adorned with rows of tea bags while the "spring coat" shown by Mrs. Louella White kept her bounding through the entire evening. Mrs. Ralph Taylor, Friona, chose a "box jacket" and Mrs. J. D. Terry, Oklahoma Lane, modeled a tissue dress with a dispenser box hat.

A "dinner gown" with all necessary supplies for a quiet dinner was shown by Mrs. Harvey, Blackstone, Lazbuddie.

This month I'll be training leaders in Clothing Projects and Adult leaders will be needed to work with girls in this project. I hope we have some volunteers for this.

Again I want to thank all the leaders and parents who assisted with the contests Saturday without their help I could never have made it. Parker County will be well represented in the District 4-H Contests.

while the "fur fetched" costume modeled by Mrs. Tommy McGehee, Lazbuddie, was sensational.

Mrs. John Renner, Friona, appearing in an evening gown which was a nightmare instead of a dream concluded the evening's entertainment.

Hackberries harbor many pests.

Water Statement Shows Decline

The sap is rising and the irrigation water still runs rampant down the bar ditches of the farming areas of the High Plains. Irrigation farmers who do not get to read and study the monthly publication of the High Plains Underground Water District, Cross Section, should study the following "bank statement" of water prepared by the District engineer, Donald L. Reddell.

Average Change In Water Levels In High Plains Water District by Counties: (1959-1964)

County	No. of wells	Av. decline per well in feet
Bailey	25	7.89
Castro	22	17.61
Deaf Smith	33	10.47
Floyd	61	17.52
Hockley	31	4.84
Lamb	33	10.92
Lubbock	93	9.28
Parmer	35	18.01

The average decline per well per year is slightly over two feet. One of the keys to increased profits for farmers of the High Plains is in making every acre of tillable land carry its share of the crop producing load.

At the High Plains Research Foundation, Halfway, the idea of "tillable" land extend beneath the surface of the more than 37,000 playa lakes that checkerboard the area. The Foundation contends that these lake beds, through the use of recharge wells, hold vast new vistas for crop production and the continuing economic growth of High Plains agriculture.

"Recharge offers limitless possibilities," said James Valiant, the water engineer and avowed advocate of the process of storing water underground. "It can make the lake beds productive, reduce evaporation, and replenish our ground water supply."

Much of the Foundation's recharge research program will deal with grasses in the lake beds. Extensive experiments will be conducted with lake grasses tolerant to inundation. Eight varieties are now being grown in the lake bed on the farm, and plans call for 12-14 more to be planted.

"We believe that these grasses offer three-fold benefits when planted in conjunction with a recharge well," Valiant said. "They furnish the farmer with a crop from a previously unproductive lake bed, filter the water as it passes over them into the well, and stabilize the lake bottom soil."

"In addition to these benefits, the lake can be drained using the recharge well, thereby saving the grasses for livestock consumption," he said.

Two recharge wells or "multipurpose" wells have been operating successfully at the Foundation. The first well has been in operation since 1957 and the second since 1961 with no measurable change in their performance.

Valiant says there are approximately 180 recharge wells on the High Plains. He knows of no instance of underground formations being clogged by them when installed and operated properly. Another problem is the sloping land which actually surrounds these 37,000 playa lakes and leads into every one of them. The need for land management in the area is evident.

Valiant estimated that at least 50 per cent of this sloping land, especially in Hale, Floyd, Swisher, Castro, and Lamb counties, needs some form of land management.

At the Foundation, Halfway, Valiant has taken the land around one of the playa lakes and subjected it to an extensive program of bench leveling to determine the value of land management in terms of dollars.

Cotton and grain sorghum were planted in both areas, the benched fields and the sloping, unshaped fields. Comparisons were made as to water use and crop yield, the factors which control net income.

Results of the tests have been significant. Based on a four-year average, the net income from cotton and grain sorghum produced on the benches was \$20. per acre per year higher than that from the sloping, unshaped land.

In addition to the increased yield realized on the benches, Valiant found the 30- to 40 per cent decrease in water required for grain sorghum production, and 10 per cent less for cotton.

Realizing that farmers in this area are actually selling water, it would seem a wise idea for ALL to conserve the underground water supply as long as possible by the most efficient farming methods.

Flame Cultivation Not New Method

Flame cultivation isn't a new method of reducing farmers' weed problems. In fact, the first flame cultivator was patented in 1852 and another half dozen found their way into the Washington registry by 1926 according to Jack Parks, assistant agricultural engineer in charge of the flame cultivation program at the High Plains Research Foundation at Halfway.

Later, in 1935, Col. Price McLemore became the man of the hour in the flame cultivation world when he mounted a weed burner on a Georgia stock on the Mississippi Delta.

Those early days of flame cultivation were rough ones.

Before World War II the usual fuel was kerosene, necessitating hand pumps and other cumbersome paraphernalia. The process was hard to sell to the average farmer.

However, the coming of age of liquefied petroleum gas after the war was portentous of a new day dawning for flame cultivation. In 1959 the High Plains Research Foundation opened the door to new vistas for the process. That year, as the result of severe weather conditions and a thin cotton stand, the weed crop couldn't be controlled adequately by accepted methods.

It was suggested that the Foundation try flame cultivation.

The suggestion resulted in pilot studies which indicated to the Foundation that flame cultivation deserved more attention as a means of weed control. Sponsored by the LP gas industry and the Texas Butane Dealers Association, a three-year program of research was initiated.

Results of the program are evident on countless farms on the High Plains today. Subscribers to the Foundation gleaned the data from the research reports and put the information to work in their fields almost immediately.

Today the Foundation is recognized as an international authority on flame cultivation methods. Request for information have come from distant countries such as England, Africa, Holland, Israel, Australia, Venezuela, Mexico, and Brazil. Foreign visitors to the farm at Halfway invariably inquire about flame cultivation. A second three-year program of research was instituted in 1963 to refine the methods of weed control in cotton, grain sorghum, soybeans, and castor beans. Some vegetables are also included in the program.

It has also been further expanded to include research in other phases of crop production such as pre-emergence flaming, as a harvest aid and in field drying and desiccation of grain sorghum.

The Foundation's progress in these areas has caught the eye of farmers all over the

country, especially in the Rio Grande Valley where with Foundation supervision a full-time technician is helping Valley farmers in a research program in crops peculiar to that area.

Foundation research has thus far indicated that properly used flame cultivation results in a variety of benefits to the farmer. In addition to continued high yields and quality, the elimination of root pruning has meant increased yields in many instances, and the elimination of turned earth does away with the problem of burying lower bolls in cotton and the lower seed pods in soybeans. In castor beans the risk of introducing Alternaria leaf spot through damaged roots is reduced by flaming away weeds rather than eliminating them by sweep cultivation.

Parks points out that one benefit usually overlooked is the fact that theoretically the weed problem is decreased by flaming since weeds are killed before being allowed to go to seed.

The Foundation's research program has been geared to three to five flaming in most crops depending on rainfall with an average of eight gallons of fuel used per acre per flaming. Farmers can figure the cost of laying by a crop depending on the cost of fuel in their area.

Current research, as previously mentioned, is geared to refining methods already proven with special emphasis given to harvest aids such as in the elimination of potato tops and to other phases of crop production.

Parks has given much study to pre-emergence flaming, the elimination of weeds just before the crop emerges from the ground, and also to the flaming off of grain sorghums before the terminal bud breaks ground.

Research has been conducted in grain sorghum desiccation and Parks says that in 1963 the Foundation was able to harvest desiccated grain a week earlier than grain left unflamed. A savings of approximately 300 pounds per acre was achieved in the desiccated crop with the saving credited to the fact that there was less combine ride-through. The desiccated crop also permitted faster combining and Parks says the Foundation realized a clear profit of \$2 to \$3 per acre over the cost of flaming.

The Foundation's research data is available to subscribers through the constant stream of information supplied weekly and sometimes daily from the headquarters at Halfway. The Foundation has published an attractive brochure on flame cultivation.

Systemics Tested For Cattle Grub Control

In recent tests conducted by research and Extension entomologists at Texas A&M University, use of the systemic insecticide, ronnel, proved more effective in the control of cattle grubs than did the use of other systemics which were applied to the backs of animals.

In the experiments, a salt and mineral mixture containing 5.5 percent ronnel was fed to range cattle on a free choice basis in either block or granular form. Results from the tests showed that use of ronnel resulted in a 92 percent control of the grub. For best results, the mixture should be fed at least 75 consecutive days between May 1 and September 1, the specialists said.

By feeding the systemic, better control of flies was also noted. Residual effects of the insecticide in manure reduced fly populations in the pasture to a considerable extent, they said.

The importance of livestock grub control is emphasized in Texas by the fact that meat packers pay 1 to 2 cents a pound less for cattle infested with grubs. Damage caused by the grub is primarily to the hide and flesh of the back.

The life cycle of the cattle grub begins during the first warm days of spring. During this time, heflies appear and begin laying their eggs in neat rows along hairs on the lower parts of the leg. In three or four days the eggs hatch and the larvae burrow into the skin. During the next five months the larvae burrow through the soft connective tissue between muscles in their journey to the gutlet. Once in the gutlet, the grubs remain there about three months before beginning their migration to just beneath the skin of the back. Here they cut breathing holes and remain for six weeks. In December and January the larvae emerge and drop to the ground to pupate. In March and April, they emerge as flies, thus completing a life cycle.

Heavy Grazing Reduces Soil's Capacity To Absorb Water

The continued heavy grazing of Southern Great Plains ranges may seriously restrict the soil's ability to absorb moisture needed for grass production.

G. O. Hoffman, range specialist for the Texas Agricultural Extension Service, reports scientists of the Agricultural Research Service, have found that the water-intake rate of range, heavily grazed for 20 years, was only half that of lightly grazed range. Specifically, water intake was 2.27 inches per hour after heavy grazing; 3.64 inches after moderate grazing and 4.41 inches after light grazing.

Reduction of vegetative cover by heavy grazing was cited as the principal reason for the decrease in water-intake rates and emphasizes the importance of managing grazing intensity.

John Box, agronomist for the Texas Agricultural Extension Service, advises cotton producers to shoot for a cotton crop in 150 days. He says a bale per acre can be produced and harvested in 5 months if the crop is kept on its normal growth schedule. Good management, he concludes, is the key to profitable cotton production. Be prepared to do the right thing at the right time and in the right way.

The U. S. Supreme Court in George Washington's administration was composed of a chief justice and five associate justices.

to get the most out of moisture on loamy fine sandy soils in the Southern Great Plains, according to Hoffman.

The research, conducted at the Southern Great Plains Field Station, Woodward, Oklahoma, in cooperation with the Oklahoma Agricultural Experiment Station, also showed that short, sod-forming grasses -- including blue grama, sand dropseed, fall witchgrass and sand paspalum -- predominated in the heavily grazed pastures. They had replaced such taller species as sand bluestem, little bluestem, switchgrass and sand lovegrass.

Edd Rhodes, an agricultural engineer who directed the research, reported that the continued heavy grazing compacted the soil more than light grazing. This further reduced the ability of the land to absorb rainwater as it fell. Grazing intensity had little or no effect on the amount of organic matter or nitrogen in the soil, he said.

During the 20-year grazing period, the scientists managed the pastures to allow an average of 12 acres per mature beef animal per year for heavy grazing; 17 acres per animal unit for moderate grazing; and 22 acres per animal unit for light grazing. Annual precipitation averaged about 23 inches per year but varied from 10 to 42 inches.

Teamwork over the past 12 years in Lamar County is getting recommended cotton production practices into use really paid off in 1963. Despite last summer's drought, the county's per acre cotton yield averaged 420 pounds, 1 p to two bales per acre were produced by a few upland growers on unirrigated Blackland, according to County Agent S. L. Neal.

DON'T PLANT P-A-G 665

We really don't want you to plant P-A-G 665 unless you care about top yields, greater profits and proven performance. All it takes is P-A-G 665 seed, adequate irrigation and fertilization for a full-season hybrid grain sorghum.

P-A-G 665 hybrid grain sorghum is available at your nearest P-A-G dealer now.

Family Survival Plan

by Tommy Holm and Bobby Riney

Your family can survive fall-out from a nuclear attack if your plans are carefully worked out. A written plan can often mean the difference between an emergency and a catastrophe. In early America, every family had a survival plan. When a fire, flood or Indian attack threatened, each person had a job. Natural disasters still occur and the possibility of a nuclear war or a nuclear ac-

Trade relations among the Americas were greatly strengthened by favorable economic growth in the 10 years following World War II, spurring demands for U. S. agricultural products. Our agricultural exports to Latin American countries increased from the 1935-39 average of \$46 million to a \$448 million average for 1950-54. Last year's exports were valued at \$485 million; a third of this was under Food for Peace.

cident poses additional threats. A good farmer, homemaker or businessman will set goals and plan ahead to meet problems and make the best of each opportunity. Fire, accident and other insurance is bought in the hope that it will not be needed. Survival insurance in case of disaster is no different.

The Agricultural Extension Service has designed a form, FSP, MP-666 to help families complete their emergency plans. It includes daytime locations of family members, how the community will be warned, assignment of duties to family members, shelter plans, how

the family will take shelter when separated, listing of shelter supplies and equipment and training courses which are available.

A good family plan is based on the local community plan, monitoring and warning systems and school and plans. The Farm Survival Plan which includes sheltering of dairy and breeding cattle, protection for surplus feed, water and emergency power supply is available for rural people.

Both forms are available from your county agricultural agent or home demonstration agent.

Phosphated Wheat Looks Good At Denton Station

Wheat receiving a fall application of 40 pounds of superphosphate per acre seemed to have better spring growth and

greater winter hardiness in experiments at the North Central Texas Research Station located here, reports Daniel I. Dudley, superintendent.

In late March, wheat receiving the phosphate treatment was as much as a foot tall. Untreated plots were, in some cases, only five inches tall.

The results indicate that for wheat producers with limited fertilizer budgets, it may be wise to spend more money on phosphate if they cannot afford complete fertilization, explains Dudley.

"Phosphate fertilization of wheat may be most important to producers who graze the crop," Dudley said. "Here at the station wheat with phosphate seemed to get off to a better start this spring and immediately showed greater growth than unfertilized plots. The same reaction could be expected over much of this part of the state," he added.

Research on the benefits of phosphate is by no means complete, Dudley said. Their observations came from work being done by Agronomist Pat Rich, who is conducting experiments on the long term effects of wheat-milo rotations with different management and fertilization programs.

Looking For A Guaranteed Current Income

A valuable addition to your savings and investment program -- United States Savings Bonds, Series H.

The H Bond is popular among those who look to the future safety of their investments, but who, at the same time, want a regular source of income from their savings.

Series H Bonds pay current income by semi-annual interest check to provide an investment yielding of 3.75% per annum, compounded semi-annually, if held to maturity. Yield for the last 17 checks is 4.00%.

They are priced at par; are sold in convenient investing denominations of \$500, \$1,000, \$5,000, and \$10,000. They can be purchased by individuals or organizations; may be redeemed AT PAR after six months.

And remember, Series H Bonds are a 100% SAFE INVESTMENT. There's no rise from market fluctuation; they are backed by the full credit of the United States Government. Remember, with the Series H Bonds the postman brings you an interest check every six months! Your banker will be

happy to process your purchase application.

FOOTSAVING EDUCATION

by James E. Edwards

Is It A Good Idea To Buy Two Pairs Of Shoes Of The Same Size For A Child?

It depends on the age. When youngsters go out of their way to slosh through puddles and during the time when the puddles are of their own manufacture, it is almost necessary to have two pairs of shoes. It can be demonstrated that excessively long shoes weaken the arch, so it is better foot-health to have two pairs of the correct size than one pair which the child may or may not grow into before they are worn out. Later in childhood growth seems to be concentrated in the summer months.

In the fall when a child has outgrown all of his shoes I recommend one pair to be worn for everyday and Sunday. If the parents wait four to six weeks at which time the shoefitter can tell whether the second pair should be the same size or a half size larger.

OWNING YOUR OWN HOME IS A GOOD INVESTMENT

...and when you finance your home with us, the dollars you pay each month are "growth dollars." Each payment you make increases your equity until you own your home debt-free. And in the meantime you enjoy it. Why not let some of these "growth dollars" work for you? Let us arrange a home loan for you tailored to your needs.

...do dishes the EASY WAY!

Just a penny and a half a day to do the dishes the clean, sanitary way. The electric dish washer is another example of the many ways dependable electricity serves you daily. And, your electric service dollar buys more than ever before -- 24 per cent more. Probably your electric service bill is greater than it used to be but that's because you're using more. Add up the different ways electricity serves you -- you'll be amazed... and happy at the bargain you're getting.

WATCH and WIN

Now you can see a demonstration of any one, or all, of the electric dishwasher, dryer, range and freezer and if you're 21 or married and live in the area served by Public Service you may win the appliance you saw demonstrated -- it's at your Reddy Kilowatt dealer -- WATCH AND WIN!
