

It happened. Texas will have a double-standard voter qualification for 1964 elections. Due to the passage of the constitutional amendment against the poll tax for voting in Federal elections, here is the outcome:

Those who want to vote in state and local elections must still pay the poll tax (and have only until tomorrow to do so). Those who decide to vote just for the president, vice-president, U.S. senators and congressman have 30 more days to register for a special receipt.

We're inclined to agree with Governor John Connally, who said that failure of Texans to pay the poll tax will give them just "half a vote" in the 1964 elections. The best way to avoid confusion will be to go ahead and purchase your poll tax receipt, if you haven't already.

....

"There's nothing like the future of Texas," Attorney-General Waggoner Carr said at the Chamber of Commerce banquet in Muleshoe the past Saturday.

We were among the delegation from the Friona Chamber of Commerce and Agriculture who made the trip down to hear the Lubbock resident's address. It was our first time to hear Carr since his election to the attorney-general's office. Carr made an all too true

statement when he said "Our state is so large that many residents never get to see much of it."

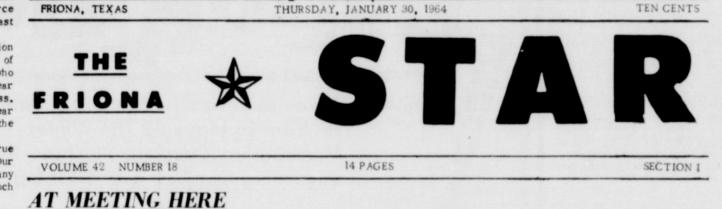

....

He commented that campaigning for a statewide office offered an excellent opportunity to see one's state, and also made for amusing incidents. For instance, he told of talking to a man down near Texarkana during the past campaign. "Where are you from?" the man asked him.

ing how much a dedicated teach- the professional standing of Little said that teachers should "Lubbock," was Carr's reply. be measured, society couldn't for personal betterment. 'Oh, yes. That's in West Texas, I've been to West Texas. Why, only last Christmas I took my family to Ft. Worth," the man said.

HAPPY WITH PROFESSION ... These county teachers pose with Elizabeth Little (second from right) at Monday's meeting in Friona of the Parmer County TSTA chapter. Standing, left to right are Mrs. David McVey, county secretary; Mrs. O. I. Beene, county president, Mrs. Little, and Benny Pryor, president of Friona's Classroom Teacher's Association, Seated are Dorothy Donaldson, Bovina, treasurer, and Mrs. Troy Ray, program chairman,

#### NEGATIVE IS CLUE

# Four Youths Arrested For Vandalism Acts

Parmer County law enforce. ment officers have arrested four young men who admitted acts of vandalism Saturday night in the Lazbuddie community. In custody are Pablo Perez, in cinched it," said Rex Cowart, Jr., 20; Mario Castillio, 18; Natividad Ramos, 19 and another 15-year old boy. The quartet was arrested in connection with several acts of and 12 mailboxes in the Lazbudtheft and vandalism.

Leading officers to the identity of the vandals was the discovery of a small photographic negative at one of the said. places the youths struck. A picture obtained from the Shanks Ivy farm was almost

completely demolished. The negative led directly to the

.

"Texas isn't just a state. It's an empire," the Lubbock lawyer said.

Since the state is so big, it takes "big" people to find a common denominator for the entire state, he said, referring to Texas lawmakers.

....

Carr said that the problem he was most interested in is the "cancer" of crime, which is increasing in our state each year. This "cancer" is eating on our young people, he said. It was in an effort to combat crime among young people that Carr called the first youth conference on crime last year. It was the first such statewide meeting in Texas or any other state, and Carr said theresults proved extremely gratifying.

....

Figures released from Austin this week showed that the attorney general's office handled an all-time record number of cases in 1963, showing a 69 per cent increase over the previous year.

....

Friona's exchange student, Nergis Yazgan, has made several personal appearances in the city. We were fortunate in hearing her speak to the Lions the past Thursday.

Nergis, or "Gus," as she has become known at Friona High School, gave a brief (Continued on Page 2)

#### **Revival Will Begin Sunday**

A revival will be held next week at the First Assembly of God in Frions, announces Lawrence Oxford, pastor.

Services will be nightly at 7:30 beginning Sunday, featuring Evangelist and Mrs. Charles N.M.

or presently to do so. It is also the time in which every individual will be called upon to present a statement of inventory as to ones financial responsibility to the government for the past year. We are also making an appeal to the citizens of Friona and this area that we make a 'Religious Survey' to determine where we stand as a community in the matter of religious faith. We were shocked in the last survey to learn that ours was below the national standard. We have always looked upon our community as a church going and somewhat religious people. But to our amazement, and probably to yours now, we found that the cold hard facts revealed otherwise. Now, we desire to get acquainted with the new people who have moved to our area, to discover who has left us, and to seek to learn again what our over-all percentage of church members and attenders is as compared to two years ago, when the last survey was made. Your help and cooperation will be greatly appreciated by the Friona Ministerial Alliance and all of those who work, Sunday, February 2 is the date. If you will be away from home when the worker calls, please fill in the blank contained in the Friona Star and leave it for the canvasser. If this endeavor reveals a need in your life, what about beginning now to attend church and develop a deep Faith in God to enrich life? Rev. Bill Burton First Baptist Church

# **Annual Scales** Inspections

Annual inspection of nearly one million weighing devices, measuring units, and prepacked commodities is underway by the Texas Department of Agriculture for 1964, according to Agriculture Commissioner John C. White, Every conceivable object from gasoline pumps to boxes of bird seed is involved in the work. "The percentage of deliberate fraud in commercial devices is surpisingly low,"

Commissioner White pointed out. "Most violations involve old equipment or worn scales which get out of tolerance easily. We condemn and force about 10,000 devices into the junk yard each year."

White noted an interesting fact about gasoline pumps. "Most old pumps which drift out of adjustment have a tendency to give more gasoline to the buyer than is registered. Chances are 6 out of 10 that the motorist is getting an over measure of gas from a maladjusted pump. The other 40 per cent of inaccurate pumps are delivering a short supply. The percentage of inaccurate pumps is less than 6 per cent, however."

Violations on pre-packed meats in the grocery store are the most frequent, White pointed out. Meat shrinks in weight, and packagers often fail lards are a very good source to make enough allowance for this factor. Housewives are urged to have their meat packages re-weighed at the check-

A SUPPLEMENT TO PARMER COUNTY NEWSPAPERS

# Inspections

Annual inspection of nearly one million weighing devices, measuring units, and prepacked commodities is underway by the Texas Department of Agriculture for 1964, according to Agriculture Commissioner John C. White. Every conceivable object from gasoline pumps to boxes of bird seed is involved in the work. "The percentage of deliberate fraud in commercial devices is surpisingly low," Commissioner White pointed out. "Most violations involve old equipment or worn scales which get out of tolerance easily. We condemn and force about 10,000 devices into the junk yard each year."

White noted an interesting fact about gasoline pumps. "Most old pumps which drift out of adjustment have a tendency to give more gasoline to the buyer than is registered. Chances are 6 out of 10 that the motorist is getting an over measure of gas from a maladjusted pump. The other 40 per cent of inaccurate pumps are delivering a short supply. The percentage of inaccurate pumps is less than 6 per cent, however."

Violations on pre-packed leafy vegetables are richer in meats in the grocery store are the most frequent, White pointed out. Meat shrinks in weight, and packagers often fail to make enough allowance for of riboflavin as well as vitamin this factor. Housewives are urged to have their meat packages re-weighed at the checkout counter.

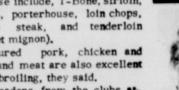

"Our most alert investigators should be the consumers themselves," said White. "Taking a printed weight for granted is a big robber of the household budget dollar."

Commissioner White also urged Texans to always look for the familiar green and white circular decal bearing his signature on all scales and pumps. The date of the last inspection by a Texas Department of Agriculture fieldman is indicated on the seal. If no seal is present, it should be reported to the Department in Austin, he said,

White further added that any violation or suspected violation of the Texas Weights and Measures Law should be brought

### World Is Being Changed By Man

For a dynamic society such as ours to survive it must be able to maintain its labor force, says the Texas Agricultural Extension Service.

To accomplish this it must replace persons who die or become unable to work, and teach young people to fill a useful place in society, he says.

The United States is doing well in the replacement of perwent to the Farm Bureau Legissonnel, with a rate of 1.8 per lative meeting in Lubbock last cent a year, according to Brown. Thursday. #### **Menefee Enters Barrows** In Ft. Worth Show

Dwain Menefee of Friona will have eight barrows in competition at the 1964 Fort Worth Stock Show, officials have announced.

The 1964 Exposition, scheduled Jan. 24 through Feb. 2, will have an entry list topping 10,000, shown by exhibitors from more than 30 states. The open show livestock division figure alone is 3,983, exceeding last year's total for cattle. sheep and swine by more than 316 head. There will be nine breeds of beef cattle, 10 breeds of sheep and eight of swine.

The horse division of the 1964 Southwestern Exposition, again featuring the largest Quarter horse show in the world, will have approximately 1,500 entries.

James Drury, star of NBC-TV's "The Virginian" and the Sons of the Pioneers, known as "America's Foremost Western Music" group will be the featured entertainers at the Fort Worth Stock Show Rodeo.
