FORTIETH YEAR

SUDAN, LAMB COUNTY, TEXAS THURSDAY, JUNE 4, 1964

NUMBER 14

WOODWORK BY DALTON

I NOTICE in the papers the other day that Jack Ruby is cutting monkeyshines in his cell again. This is at least the third time that he had to get rough to call attention to himself. The first, of course, was when he shot Lee Harvey Oswald. The second was a few weeks ago when he butted his head against the wall (probably on the orders of his attorney).

Defense attorneys have requested a sanity hearing and psychiatric examinations for Ruby.

The latest incident featured Ruby breaking his glasses and knocking out the overhead light bulb with a spittoon.

After all, a guy has to have some recreation. And hitting a light bulb with a cuspidor is not a easy shot. It's pretty hazardous, too, with the fallout that's likely to result.

A FELLOW named Athanasios Anagnostopoulos wrote a letter to his uncle, John Anagnostopoulos, and 46 years later it returned to the writer marked "unknown," and postmarks indicated it had been sent to practically every state in Greece hunting Uncle John. If Athanasios had included his ZIP code on his letter, he likely would have got it back in only 10 years or so.

More likely, the postoffice people couldn't deliver it because there were so many Anagnostopouloses in town, they couldn't decide which one it went to.

YOU MAY never have dreamed it, but it seems to me that you (or me) have a pretty good chance of having a national magazine write an article about you.

You most likely would say, "who, me?" and add that you aren't famous for anything, and in most of our cases, this is sadly true.

But the way I figure it is this: The mags normally write about some nationally-known figure in sports, politics, entertainment, or some such. And then the subject of the article comes along and uses them for about 40 million dollars. The courts have been paying off (note Warren Spahn, Wally Butts) and the magazines sooner or later may figure it's safer to write about little nobodies who will be so proud of the publicity that they don't really care what you say about them.

However, the life stories of most of us would be a real challenge for a writer to make interesting. For most of us, it might go something like this: "Joe was born way back there, and grew up with his parents. He graduated from high school, went to work, got married, and has been working ever since."

The big shots get peeved if you embellish on such facts. But us nobodies might even like a little drama thrown in. And even if we need, we probably wouldn't ask for as much.

Mrs. Clovis Bridwell and son Jerry, are in Mountainair, N.M. for a few days stay.

Mr. and Mrs. D.W. Williamson and family are visiting in Waco, Graham and other points this week.

FIELD GENERALS - These four band students will direct activities of the band on the field next fall. Kneeling are the majorettes, Kathy Minyard, left, and Vicki Masten. Standing are drum major Paula Chisholm and assistant drum major Al Alexander. (Beacon-News Photo)

Scripture: Job 19: 19-26; St. Luke 12: 20; St. Matthew 11: 28-30.

The evidence that Jesus lives is all about us and very plain to

those who will see. Jesus came and laid a great price in suffering and dying for you and me. He took all our sin upon Himself; that we could be freed from them and also receive eternal life. Jesus paid it all—all the debt you or I would otherwise owe, and surely have to pay, for sin committed.

Then, is not man foolish to continue on his own way, to sin and die, when Jesus has paid in death such a price to Redeem man? But, we must choose Jesus. Man is free to choose, created in God's own image.

In all this world, there is no record of even one person who ever accepted Jesus as their Savior from sin that have said they

were sorry they had taken Jesus, but so many have said "Oh, why did I wait so long, and miss so many opportunities to walk with Him and witness for Him".

When you and I choose Jesus, the victory is ours, for in Jesus we have victory even over death. Physical death cannot separate us from God. But it is simply a door through which Redeemed man goes, following after Jesus, from one room of life here on earth to the Upper Room to continue our life forever with God.

To choose Jesus, we become a bond-slave of His, instead of being a bond-slave of the devil. When I wanted to be free from the bondage of sin, I did not first understand this being in bondage

to Christ, but I found that there was no inbetween way for mankind to go (We simply ARE in bondage to sin or to righteousness), and I learned something I am trying to share with you, that to be in bondage to Jesus (to love) is easy and delightful even in sorrow. For to love Jesus, we love Him in our sorrowful, suffering times, as we do in our joyful times. Perhaps we learn to love Him more when in sorrows and troubles, He is so compassionate and tender in His care for us.

Someone compared God's watch-care over us in our pain and in our great needs, to a mother, who loves her child all the time. But when that child is sick or in need, she keeps very near and gives that child special attention and loving care, God loving concern for you and me is even greater than that. Think of His grief when we ignore Him or even forget to say thanks.

If you need God, call on Him, for He is very near. It is not His will that any man be lost, and today if you hear His voice, is the day for your salvation. The price is paid — and the way is made clear— (So, Why will you die, O man?) Will you choose to live and take Jesus now? He is the only way that leads to life, and He is yours when you are His.

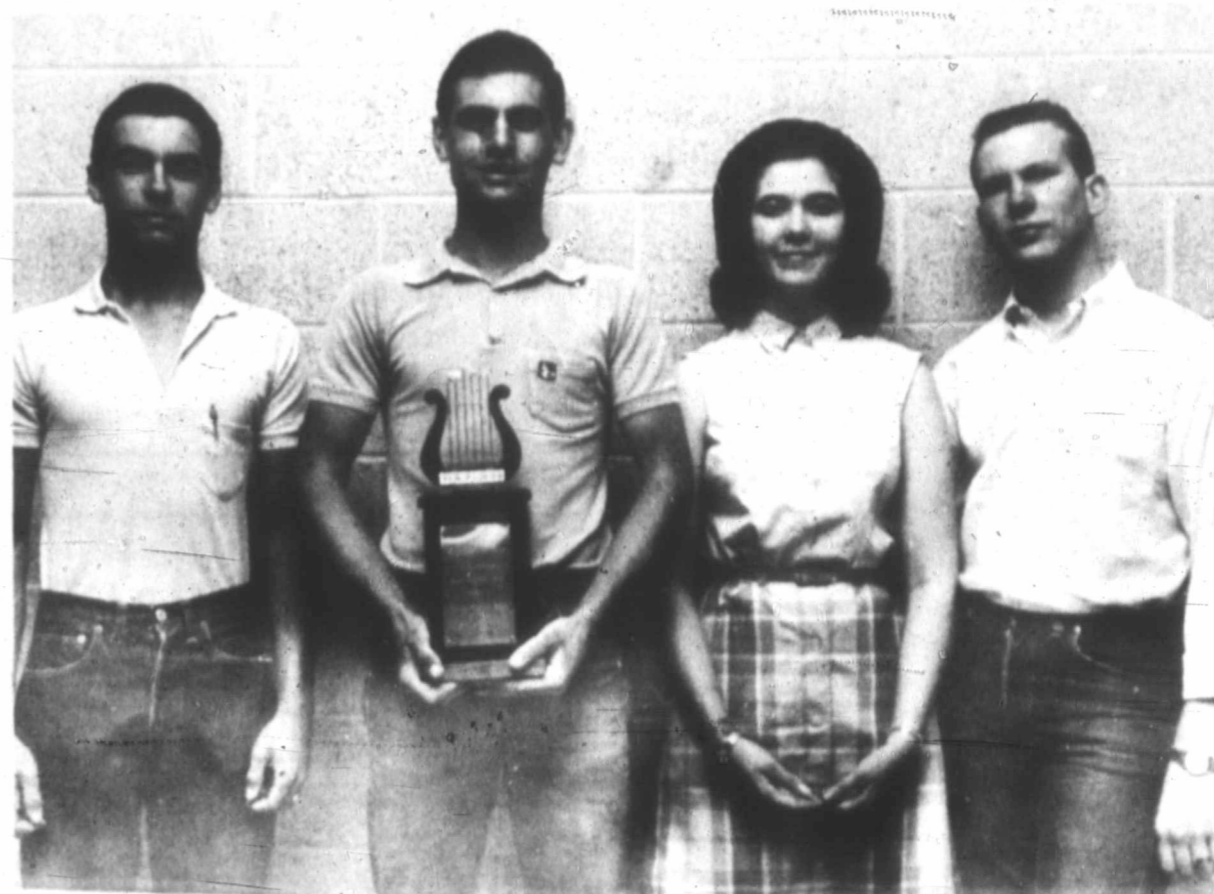

Jesus said, "Take my yoke upon you, and learn of me... For my yoke is easy and my burden is light."

Peanut Butter "Bananza"

Peter Pan Peanut Butter Photo

Gay as colored balloons and toy drums, a Peanut Butter "Bananza" thrums up a "stirring" party mood. The whole family can get into the act—slicing bananas, scooping ice cream, whipping cream and letting imaginations run riot in colorful displays. The "bananza" split not only satisfies dessert buds—it also supplies nutrients. The addition of Peter Pan Peanut Butter in the sauce contributes, among other health properties, protein, thiamine and niacin.

PEANUT BUTTER "BANANZA"
(Makes 6 servings)

- 1/2 cup Peter Pan Smooth Peanut Butter
- 1/2 cup chocolate syrup
- 1/2 cup undiluted evaporated milk
- 6 medium bananas, fully ripe
- 1 pint vanilla ice cream
- 1 pint cherry or strawberry ice cream
- 1 pint chocolate ice cream
- 1/2 cup canned crushed pineapple
- Whipped cream or topping
- Chocolate sprinkles
- 6 red maraschino cherries

Blend together Peter Pan Smooth Peanut Butter, syrup and evaporated milk. Slice fully ripe bananas in half, lengthwise. Place bananas in six individual dessert dishes together with ice cream scoops. Top ice cream with pineapple, peanut butter sauce, whipped cream, sprinkles and cherries.

Cards Hang On To First Place

The Sudan Cards hung on to first place in the Intercity Little League this week. On Tuesday night, the Cards beat the Braves, the only league team to whip the Cards so far this season, by 6-1. Bobby Drake was the winning pitcher and Mickey Johnson the

loser.

For the winners, Steve Edwards hit a 3-run homer and Roger MacBoyles got a home run, thanks to errors by the Braves. The Braves' only run was a home run by Larry Hyman.

Last Thursday the Angels dou-

bled the Braves 12-6 behind the pitching of Freddie Perez, and the Cubs won their first game of the season, a 14-13 thriller over the Dodgers. Moates pitched for the Cubs and Jerry Price was the loser. Gary Robinson homered for the winners.

Last Friday's games were rained out, but on Saturday, the Angels downed the Cubs 18-11 with Willie Jr. Williams pitching. On Monday night the Cards outlasted the Angels in a close one, 4-3, as Jerry Bellar was winning pitcher and Alan Black the loser. Also on Monday, the Braves beat the Dodgers 16-4, with Larry Hanna the loser and Hardwick the winner for the Braves.

WARNING!

THE BOLL WEEVIL IS HERE!

A SERIOUS PROBLEM:

- ☆ BOLL WEEVILS, virtually unknown on the High Plains in 1960, have made their move. In 1963 they caused from 10 to 90 percent damage to 150,000 acres of cotton in seven of the 23 High Plains counties.
- ☆ BOLL WEEVILS have proven their ability to live through the winter above the Caprock. They did survive the winter of 1963-64.
- ☆ BOLL WEEVIL control in infested areas of the cotton belt costs from 5 to 6 cents per pound, or \$25 to \$50 per acre.
- ☆ BOLL WEEVILS, where they are established, cause average yield losses of 13 percent despite control efforts.
- ☆ BOLL WEEVILS have practically stopped cotton production in some areas.
- ☆ BOLL WEEVILS threaten THE ENTIRE HIGH PLAINS. THEY MUST BE STOPPED!!!

A PRACTICAL SOLUTION:

- ☆ DIAPAUSE CONTROL, according to the most eminent authorities in the U. S. CAN PROTECT THE HIGH PLAINS from the boll weevil.
- ☆ DIAPAUSE CONTROL has been proven effective in commercial operations at the Texas-Prison Farm and in the Presidio area of Texas.
- ☆ DIAPAUSE CONTROL kills weevils in the Fall of the year when they are "diapausing", or preparing for hibernation. A dead weevil can't hibernate through the winter and come out biting and scratching in the Spring.
- ☆ DIAPAUSE CONTROL is cheaper than in-season control, the need for which will be greatly reduced after 1964.
- ☆ DIAPAUSE CONTROL does not kill beneficial insects.
- ☆ DIAPAUSE CONTROL, carried out over ALL infested acreage back to the range land to the East, can reduce the weevil problem to a small patrolling operation in just a few years.

A comprehensive plan for getting the boll weevil out of the PCG area... and keeping him out... is near completion and will be announced soon. Watch for it.
