FORTIETH YEAR

SUDAN, LAMB COUNTY, TEXAS THURSDAY, AUGUST 20, 1964

NUMBER 25

WOODWORK

BY DALTON

WE READ something the other day written by this fellow who was concerned about the record for odorlessness. A syndicated columnist, his name is Dick West (not the farmer most of us know, although a lot of the local sons of the soil say they may have to find extra jobs).

First, this columnist noted that there is a book called "The Guinness Book of World Records," designed to stop barroom arguments without a fight. But he complained that he couldn't find it in the record for odorlessness.

He was interested because he saw a soap advertisement that claims it gives 38-hour protection, and he figured that must be a record. He said he had always thought that the 24-hour protection claimed by several other soaps and deodorants was the absolute limit, with the assumption that after that time, a person ought to take another bath.

Now that the 24-hour limit, like the four-minute mile, has been broken (so they claim), there may be no limit. Pretty soon it may be that people won't need to bathe more than once-a-week, like in the days of the No. 2 wash tub. Only now, they will have 72-hour protection from odor, or something like that (like the 4-minute mile, these records probably wouldn't stand up if there is a strong wind).

I vaguely recall that they have made a movie about this very topic of odorlessness, called, I believe, "The Unstinkable Molly Brown."

SOME OF THESE used car advertisements in the daily paper classifieds are truthful enough if you know how to read them. Here are a few from Monday's Lubbock paper:

"1963 Lark, standard, overdrive radio, air conditioned, tinted glass like new." We don't know what an overdrive radio is, but it is nice to know that the tinted glass is like new.

"1964 Corvair Monza. Less than 10,000. Good tires." Less than 10,000 what? Miles left, probably.

"Olds 98, just like new, one owner by elderly man. Must see to appreciate." A couple of elderly women I know might be interested.

"1956 Chevy, V-8, standard shift, good condition." Here we are again. This means the standard shift is in good condition. The rest of the car is shot.

WE TOOK the youngsters to Six Floods Over Texas last weekend. Boy, did it ever rain down there. Even after the heavy showers were followed by a grand deluge, there was one tightwad standing out in the canoe, determined to get his money's worth after waiting in line. But they made me get out of it.

EACH DAY, the Lubbock Avalanche-Journal publishes "Today's Prayer", with this editor's note at the bottom:

"If you have a favorite prayer and wish to share it, please send it to me. Such prayers must be limited to 60 words or less."

Remember, the Lord is busy.

Mrs. C. E. Nichols was a Lubbock business visitor Tuesday.

Grid Drills Begin

More than 30 candidates greeted new Sudan Football Coach Henry Hall as football practice opened Monday. Hall immediately began two-a-day workouts, with emphasis on conditioning, and some contact work was started early this week.

The former Menard coach who was brought in this year to replace R. L. (Hank) Brown said he would run a slot T formation.

Hall inherited quite a few lettermen, including five of the starting seven linemen and one other, Robert Williamson, who was a second team all-district lineman as a sophomore, but who missed most of last season because of injuries.

The Hornets will open their season Sept. 4 at Plains.

Mr. and Mrs. T. Fife and T. W. Fife were visiting last week in Junction with Aubrey E. Fife and family. While there they all went to Burnett to a reunion with other relatives.

W. O. Fife of Fort Worth and daughter, Mrs. Jane Cole of Abilene spent several days last week with his brother and family, the T. Fifes.

Visiting recently in the T. Fife home were Mr. and Mrs. John Lewallen of Houston, Mr. and Mrs. James Fife and son, Richard of Groesbeck, Mr. and Mrs. S. T. Newman of Dimmitt and Mr. and Mrs. R. E. Thomas of Morton.

Aubrey E. Fife and daughters, Alane and Hope Lynn of Junction spent the weekend with his parents, Mr. and Mrs. T. Fife.

Carol Ann Watkins returned home last week after attending school at a university in Hawaii this summer.

Among college students expected home this weekend after completing summer semesters are Kathy Barnett, Bennett Hutchinson, Jackie Wilson, of Abilene Christian College; Richard Rogers, Carole Harper, Kandy Miller, Tech; and Linda Williams of the University of Texas.

Visiting this week in the home of Mr. and Mrs. Melvin Serratt is Mary Evelyn Dworczyk of Stanton.

Mrs. Chet Atchison and Harvey and Valeria of Dallas are visiting this week with her mother, Mrs. A. H. Davidson and other relatives.

TWO FROM SUDAN TO GET TECH DEGREES

Two Sudan students are among more than 550 candidates for degrees at Texas Tech summer commencement at 7:15 p. m. Saturday in Lubbock Municipal Coliseum.

The two are Clifford Dale Savage, bachelor of science in electrical engineering, and Arthur Neil Nelson, bachelor of science in education.

ESA MEMBERS HONOR MRS. PICKETT

Members of Iota Eta Chapter of ESA honored Mrs. Frances Pickett last Wednesday with a surprise coffee in the home of Mrs. Ruth Baker. Co-hostesses were Mrs. Edith Humphrey and Mrs. Martha Markham.

Others attending were Mesdames Charlotte Brown, Betty Martin, Charlene Blume, Bernice Miller, Sue Burgess, Mary Lee Cowart, Gimma Marten, Arlene Provence and Charlie Baker.

The Pickett family will be moving to Missouri before the first of September.

Fields Gets Citation

AIC Harley G. Fields of Sudan, son of Mr. and Mrs. Charles Rich, has received the Air Defense Command Commendation Certificate, a decoration awarded for special service with security section of 30th Air Defense Missile Squadron, Dow Air Force Base, Bangor, Maine.

In part, the commendation recommendation read: "Airman Fields reported to this organization at a time when there was serious shortage of qualified Air Police. In a short time he thoroughly familiarized himself with the operation of complicated equipment necessary in the operation of the Central Security Control." It adds that when Fields was given an administrative job in the section, he devised the filing system and re-designed a specially efficient accountability of the restricted area badges.

Mr. and Mrs. O. D. Martin Jr. are vacationing this week in New Mexico.

Mrs. Robert Sanders is home with her parents, Mr. and Mrs. Bunnie May, after completing the summer semester at Tech.

Mr. and Mrs. Ralph May were in Tres Ritos during the weekend. Mrs. Jinks Dent was confined last week in the Amherst hospital.

Littlefield Memorial Contract Let

The state contract for making the Confederate Memorial Information Marker for Major George W. Littlefield in Lamb County has been let by the State Building Commission. This announcement was made by the Texas State Historical Survey Committee and the State Building Commission, which are jointly responsible for its erection.

The marker is made of cast aluminum with Swedish steel effect for durability and appearance. There are four sites of these markers erected by the

State Building Commission with research and inscriptions prepared by the Texas State Historical Survey Committee. The Official Texas Historical Medallion appears at the top with the inscription below. Lamb County will have one of these types.

The Confederate Memorial Information Marker for Major George W. Littlefield is 18" x 24" in size and will be erected at the southwest city limits of Littlefield on U.S. 84.

The following information appears in the inscription: George Littlefield (1842-1862) came to Texas in 1859. In the Civil War

VOWS READ - Mr. and Mrs. H. O. Wimberly of Sudan are announcing the marriage of their daughter, Alicia to PFC Bobby L. Couch, son of Mr. and Mrs. J. H. Couch of Littlefield. The double ring ceremony was performed by Bill Talley, former minister of the Lawrence Ave. Church of Christ, in their home in Plainview Saturday afternoon, Aug. 8. The bride will be a senior this year and plans to attend high school in Littlefield. Couch is on a 30-day furlough from Germany and will leave August 18 to complete his tour of duty in the Army.

Scripture: 1 Corinthians 1:18-25.

Preaching? This is something that is foolishness to the world and exultant joy to the Christian. It is the preaching of Christ crucified and risen; the preach-

ing of the Cross that is foolishness to the world. Because the world does not understand why they should make sacrifices of themselves for Jesus sake, and for others. The world sees no reason why they should even make an effort to go to Church on Sunday when the natural, physical man had rather find an easy chair and not be disturbed. Paul wrote that it pleased God through the foolishness of preaching to save them that believe.

Life has no meaning without the Crucified and Risen Christ! You may be the finest artist and paint beautiful pictures; you may understand the Einstein Theory of Relativity; you may be an airplane pilot; you may be a

writer; you may be a wonderful musician or singer; you may speak in many different languages; you may be a doctor; you may be a home maker or an expert cook; none of these things are important without Christ.

Because without Christ, no matter what else you may have, it will all end within a very few years. With Christ crucified and risen, all of these things have meaning because Christ gives us a different kind of life—a gift of eternal life right now. As soon as we accept Jesus as our own Savior, we are born again into God's family and will live forever. Physical death will only be a journey from one room of life into another room. Paul wrote in 1 John 3:2b: "It doth not yet appear what we shall be; but we know that when He shall appear we shall be like Him; for we shall see Him as He is."

When we know that we will never die and that some day we shall know all things, what we are capable of doing and learning now has meaning, for we know then that we are only stewards here over all these things

that we have. God is the giver of all the talents and all good things which we have. Accepting the preaching of the cross, that is foolishness to this world, we then can worship the giver and not the gift. Remember, it is the Way of the Cross That Leads Home.

Shower Honors Miss Gatewood

Miss Glynda Gatewood, bride-elect of Jerry Bridwell, was the honoree for a bridal shower given Saturday afternoon in the home of Mrs. R. D. Nix.

Blue and yellow were used for party colors and an arrangement of yellow roses with greenery highlighted the white covered serving table.

Forming the receiving line were the honoree, her mother, Mrs. Glenn Gatewood; Mrs. Clovis Bridwell, mother of the groom-elect; and Mrs. Nix.

The hostess gift was a yellow electric appliance. Performing the hospitalities were Kandy Miller, Carol Ann Watkins, Morsalene Pierce, Carole Harper, Mrs. Ronnie Gatewood.

Hostesses included Mrs. Nix and Mesdames Olan Roark, L. E. Slate, Rodney Nichols, Curtis Savage, Joe Foster, J. W. Miller, Doyle Baccus, E. C. Minyard, Ray Wood, Johnny Thomason, Edward Gaston, Byron Ford, Burnice May, Bob Masten, W. C. Masten, Elgan Baccus, M. C. Ingram and Miss Geneva Ingle.

FRANCIS IMPLEMENT

Hollie Francis — Owner & Mgr. To be successful, a merchant must give the people what they want when they want it. This has been the widespread reputation of the Francis Implement in Muleshoe. They are completely reliable authorized dealers for Ford tractors and implements and handle the Oliver tractors and equipment, Dempster plasters, Burch rotary hoes - harrows, Servis cutters and ditchers, Graham Plows, Knight, also the International pickups and trucks.

A standard policy of fair treatment in all dealings has built a reputation among the farmers that is to be envied. In this review we wish to compliment the Francis Implement for giving such satisfactory service to the farmers of this community. For a complete stock of replacement parts, timely service in case of break-down, be sure to phone 6020 in Muleshoe.

a Dog's Life

WHY DOGS LIVE LONGER
By Dr. Phillip M. Hinz, Director Friskies Pet Foods Research Center

You may wonder why a dog's life is so short. Sir Walter Scott thought it was out of compassion for the human race. "If we suffer so much in losing a dog after an acquaintance of ten or twelve years, what would it be if they lived double the time?"

The experts, however, list five factors that have been proved to contribute to canine longevity.

Since longevity is inherited, you can definitely breed long life into dogs by selecting stock with that fixed characteristic to breed from.

Second is scientific feeding. Today, thanks to prepared dog foods developed after years of nutrition research by such manufacturers as Friskies, our pets get complete, well-balanced diets which contribute to health and longevity.

Third is sanitation and disease control. It's vitally important to become acquainted with a good veterinarian as soon as you get your pet. He'll

not only practice preventive medicine by seeing that your dog has the needed shots, but he'll also be able to care for your pet when sick.

Of equal importance is the prevention and control of external and internal parasites.

Fourth is training. A well-trained dog is less apt to chase cars, wander off or accept food from strangers—thereby standing less chance of being hit by a car, lost or poisoned than an untrained dog.

Fifth is proper equipment. This means a well-constructed and easily-cleaned dog house or an indoor bed that's easily cleaned, a thermometer, brush, nail clippers and all the rest of the items needed to keep a dog clean and in good physical condition.

IT'S UP TO YOU! Life itself can't give you joy. Unless you really will it. Life just gives you time and space—It's up to you to fill it.

Prescott-Vacation Headquarters

Situated in Southwest Arkansas, the bustling city of Prescott is the center of many scenic attractions. Eight miles away is ARKLA VILLAGE, an authentic re-creation of a typical frontier town of the mid-1880's, where there's fun for all the family. In another direction you take a ride on the Possum Trot Line of the READER RAILROAD driven by an old-fashioned steam engine. Go another way to a real DIAMOND MINE where, for a small fee, you can dig for your own diamonds (one woman found a \$15,000 stone). Then there's OLD WASHINGTON, a famous roadside inn, which around 1830 was the last outpost before reaching the wilderness of the West. To these attractions add NARROWS and WHITE OAK lakes, and you have a wonderful vacation spot — another of the many places to go and things to see in General Telephone Country.

The ELECTRIC Company

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

MISS REA — Miss Charlotte Garrett, brunette from Breckenridge, is the new Miss Rural Electrification of Texas. She will represent the rural electric cooperatives of Texas in a national contest at Miami Beach in January.

LUBBOCK — John Reynolds, executive vice president of the Western Cotton Growers Assn. of California, recently completed a two week survey of textile mills and offices to determine what effect the cotton law passed in April is having on the farmer's cotton markets. In a letter to Plains Cotton Growers, which included a number of quotes from textile executives, Reynolds said: "There's no doubt about it. Everybody's optimistic even though the law has been in operation only a few months," and added that "the threatened big acreage cut has been forestalled."

Reynolds quoted William Reid, President of Riegel Textile Corp., as saying: "Before this legislation, cotton was in more serious trouble than most people realized because growers had not yet felt the full impact of what was going to happen to their markets unless the price of cotton came down. Now that has changed. In our company we will use from 9 to 13 percent more cotton for the balance of this year than we did in the same period last year."

The head of Avondale Mills' New York office, Frank Mountcastle, told Reynolds that their mills would be running from 6 to 10 percent more hours on cotton than they were before the law was passed. "The new cotton legislation stopped the planned expansion into synthetics which our company was considering," Mountcastle said, "and one other firm that I know of which was a heavy user of synthetics has shifted entirely to cotton."

A 6 or a 10 percent increase in the use of cotton by a mill may not sound like much to beat the drums about, but when multi-

plied many times over a lot of cotton is involved. Furthermore, in many instances such increases are replacing planned reductions, which has the effect of doubling the benefits received. Consider what Ben Tipton, Vice President of Dan River Mills, had to say:

"We would have dropped about 10 percent without the new cotton law, but we have already increased cotton use by 10 to 15 percent since the bill was enacted," he said, and brightened the picture more by adding that "Our new \$10,000,000 plant is evidence of our renewed faith in cotton because it is set up to spin 100 percent cotton fibers."

The overall optimism in the industry is confirmed by Plains Cotton Growers own textile engineer James Parker. "Generally speaking," he says, "the cotton textile industry is the most vigorous I have seen it in several years."

DELUXE CAFE
OPAL & ERNEST PENNINGTON

Tasty Summer Frill

Photo by Carnation Co.

These attractive cakes are easily made with Carnation's Coffee-mate, a dry instant non-dairy coffee creamer. Use the same convenient Coffee-mate in hot coffee or tea — it dissolves instantly and completely.

FUDGE CUPCAKES WITH LEMON FRILL FROSTING
(Makes 24 2-1/2-inch cupcakes)

2 cups sifted cake flour	1/4 teaspoon vanilla
1 1/2 teaspoons baking powder	2 eggs
1/2 teaspoon baking soda	3 ounces (3 squares) unsweetened chocolate, melted
1/2 teaspoon salt	1 cup undiluted evaporated milk
1/2 cup soft butter	1 cup Lemon Frill Frosting*
1 1/4 cups firmly-packed brown sugar	

Sift together flour, baking powder, soda and salt. Cream butter and sugar together until light and fluffy. Add vanilla. Add eggs, one at a time, beating well after each addition. Stir in melted chocolate. Add sifted dry ingredients alternately with evaporated milk, beating well after each addition and ending with dry ingredients. Turn batter into 24 well-buttered 2 1/2-inch cupcake pans, filling pans 2/3 full. Bake in 350° (moderate) oven 20 minutes. Cool. Cut 1-inch circles from tops of cupcakes. Fill with Lemon Frill Frosting, given below. Replace tops.

*To make Lemon Frill Frosting:
2 tablespoons Carnation Coffee-mate
1/4 cup hot water
1/4 cup soft butter
1 pound confectioners' sugar, sifted
1 1/2 teaspoons grated lemon peel
1 tablespoon lemon juice

Stir instant coffee creamer into water. Beat butter, 1 cup sugar and lemon peel together until light and fluffy. Add remaining sugar, hot coffee creamer and lemon juice alternately to butter mixture, beating until smooth after each addition.

HEALTH AND SAFETY TIPS

From The American Medical Assn. The ups and downs of your blood pressure help to forecast the state of your health, somewhat like the readings of a barometer help to forecast the weather.

If the arterial blood pressure becomes too low to circulate the blood properly, certain vital organs, particularly the brain, fail to function. Dizziness on standing, fainting or cold skin may be due to blood pressure that is too

low for your body's needs. High blood pressure, properly called arterial hypertension, is an abnormal state of the circulation that may be a cause as well as a result of arterial disease.
