## WOODWORK BY DALTON

IF YOUR BABY sucks a pacifier, and you are curious about how fast his heart beats, you may be able to determine it. This intriguing bit of information about the relationship of the two resulted from a study by Dr. John Boehm of Lexington, Ky., who studied the sucking rate of 30 babies ranging in age from a few days to two months. He found that many infants suck in exact time with the beat of their hearts.

I wonder if this would hold true for pipe smokers.

ALREADY I have lost the copy of the newspaper I read in, but I was interested in a story about the poor design of most plush chairs. The story said that the higher one gets in the executive framework, generally speaking, the more plush the office chair—you know, the big boss sits in an upholstered chair so deep it takes two secretaries to pull him out of it.

This article pointed out that such chairs are uncomfortable for sitting long periods of time, and also unhealthy, because they don't give the spine proper support or freedom to bend the direction the spine is supposed to when one is sitting down.

The story gave a bunch of ideal dimensions for a chair, and noted that the secretary's chair usually comes closest to being best for long-sitting comfort.

It didn't say so, but without doubt, the size of the person sitting in the chair has something to do with it, too. Many chairs are far too wide from front to back for me, but would fit a 6-foot-2 person nicely. I never did like that type of chair, because it always seems to me that I must look peculiar with my feet sticking straight out in front of me, instead of my legs bending somewhere so they point in the general direction of the floor.

Scripture: St. Luke 18:18; St. Matthew 7:12; 22:37-40; 23:23-26.

"Good Master, what must I do to inherit eternal life?"

It seems to me that many of us are still trying to obtain eternal life in our own way by one or three virtues... (1) we are still trying to keep all the laws, as the rich young ruler said he had done; (2) we are trying not only to live good enough, but to do enough good works in the name of Christ and His Church to earn our way in; (3) and a few are trying to pay enough money into the church to buy their way into God's eternal Kingdom.

standards a great and wonderful commandment, and they even paid tribute to keep the law, keep most of them, but forgot to pay the toll.

The Pharisee really kept the law, and Jesus said of them "How shall ye escape the damnation of hell." He said they

all necessary -- He fulfilled the law and set you and me free from the law of sin and death. Jesus said, after we have established that the world under the law is our enemy and our enemy, and here are the two laws (the law written down in my mind and heart) which He gave to us (1) "Thou shalt love" but two "Thou shalt love"; (2) "Thou shalt love the Lord thy God with all thy heart, and with all thy mind, and with all thy strength, and with all thy ability; (3) "Thou shalt love thy neighbor as thyself". And then Jesus said that these two commandments hang all the law and the prophets.

Rev. H. E. Dean To Lead Mission. The Mission Study at the First Methodist Church... Rev. H. E. Dean, director of the Lubbock District of the Life Groups Conference of the Methodist Church, will be the guest speaker Sunday night. He will lead a discussion as to what needs to be done in the local community to help the Spanish American in his struggle for recognition. All Methodists are urged to attend.
