WOODWORK BY DALTON

UNLESS my memory fails me—and it does, with increasing frequency—we are now in about the fall end, so to speak, of International Cat Week.

This provides me opportunity to repeat my longstanding antipathy toward cats, which, so far as I am concerned, are a purr-fect substance.

Previously in this space I have detailed how I once got up in the middle of the night, grabbed my bow and dashed out into the yard to fling arrows at a yowling descendant of the king of the jungle. So I won't go into that.

Even if I liked cats, we couldn't have one at our house, because one of our children is highly allergic to cats. Whenever she is around one, she gets this terrible felina and she chit breathe. Sorry about that.

Anyway, the only thing which would cause me to want a cat is mice under the sink and in the kitchen pantry. A good mouse would be desirable in such an instance, provided kitty kept his or her distance from us people.

I don't trust cats anyway. They look highly suspicious to me. They have a way of looking at you as if they are wondering what you have done. Especially this is true of Siamese, which are downright sinister-looking. I'd never want a Siamese pussy-footing around behind my back because they look like they're just waiting for a chance to spring.

So in this International Cat Week I cannot find it in my heart to praise these clawing, spitting critters (who either act that way or rub around on your feet until you feel like dropping kicking them through the window). In fact, one of the worst fates I can dream up would be to find myself imprisoned with a couple of damn felines.

That would be a cat-astrophe.

BY NOW everyone had discussed the so-called Pacifist who poured kerosene over himself and burned himself to death in front of the Pentagon in protest of the American involvement in Viet Nam.

I feel little sympathy for his cause, for him or for his wife, who apparently made no effort to stop him from making an ash of himself. If he was supposed to be a religious person and he felt what he was doing was right in the sight of God, then his God must be different from the one I've heard about.

About the only thing his illogic action accomplished was to end the war so far as he was concerned.

Methodist Plan Latin Mission

The District Superintendents of the Plainview and Rio Grande Conference met with the pastor of First Methodist Church of Sudan and the pastor of the Latin American Methodist Church of Mexico recently to discuss plans for the possibility of establishing a Mission Church in Sudan.

Plans were made and steps taken in order to survey the needs in Sudan for this cause. Rev. L. C. Ferguson and Rev. Jack Riley will begin work next week making the survey and analysis. Dr. J. E. Sherbert and Dr. N. R. Sears were also on the initial planning.

KING TO COACH IN HULA BOWL

J. T. King of Texas Tech and Bob Davenny of Nebraska will coach the South All-Stars in the Hula Bowl at Honolulu Jan. 7. King last season was to be one on the coaches in the Elvino East-West Game, but the Red Raiders' Star Bowl appearance prevented it. The Hula Bowl, pitting college all-stars, does not conflict with any of the collegiate team bowls.

Farwell Outscores Sudan 20-7

A bustling band of Sudan Hornets went to Farwell Friday night with definite plans to upset the favored Steers but Farwell quickly put an end to the Hornet upset thoughts by tallying two quick touchdowns in the first quarter.

Farwell received the ball on the kickoff on their 31-yard stripe.

They picked up a first down on their 48, but were held at that point. Farwell received the punt on their own 25-yard line and Larry Flanagan picked up three yards on the first Steer offensive play of the game.

Steer back Colton Williams raced around end, and aided by

a steady block by Jim Gray, raced 60 yards to the Sudan 12-yard line. Three plays later, Flanagan went over from the end for the touchdown. Farwell's kick was blocked and the score stood 6-0, with 6:45 left in the first quarter.

The Farwell punter, getting tremendous yardage all night, kicked the ball out of the end zone and Sudan took possession on their own 20. The Hornets made a first down on a pass play before the next series was forced to punt.

The Steers took the ball on their 41-yard line and galloped another 49 yards for another Steer TD. Again the point after boot failed and Farwell had a 12-0 lead with 3:22 left in the quarter.

In the second quarter, the Hornets creaked up their offensive machine. Taking a Farwell

punt, followed by the Steers' attempt to block the punt, the Steers were again on the field. A punt from Johnny Hill to Larry Gray for the two points ended the scoring for the night.

The Steers and the Hornets played fairly even ball and both teams wound up with one first down, but the Steers were on the long end of the 20-7 count.

The Hornets will meet the Steers here Friday night. Little Center was defeated by three ties week, thereby giving three out-of-town wins to the Steers.

Hammons Funeral Home Observes Open House

Hammons Funeral Home of Littlefield will observe Open House Sunday from 1 p.m. to 6 p.m. in observance of their newly redecorated building. Over 3000 sq. space has been added housing three new offices, a large reception room and a foyer which connects the reception room and chapel and

Kitchens, his wife and son, James, are now residents of Spden. They are formerly of Pompa where he was pastor of the Pompa Church of God of Prophecy.

Rev. Howard Surratt of San Diego, California will conduct the revival. Rev. Surratt has conducted revivals throughout most of the United States.

Kitchens stressed that everyone is invited to attend the services which will be conducted every night.

TECH TO MEET BAYLOR SATURDAY

Texas Tech, already attractive to bowl selection committees, hopes to keep in the running for the Southwest Conference championship in its game with Baylor here Saturday afternoon.

Coach J. T. King's Red Raiders have posted a 7-1 mark, with Baylor and Arkansas (at Fayetteville Nov. 30) remaining. Baylor is 3-4.

Texas Tech has managed to defeat Baylor only once in the past 15 meetings. That victory came in 1961 as H. L. Daniels kicked a last-minute field goal making the score 19-17. The series stands at 17-5-1 in Baylor's favor.

According to comparative scores, anything can happen Saturday. Tech led 10-0 in a 25-24 win over Tanne Christian, and the Horned Rango slipped Baylor 10-7. But after the Raiders heavily edged Texas A&M 20-14, Baylor resumed the Aggie 31-0,

and Texas took Tech 33-7 and Baylor 35-14.

Saturday night, after Baylor had lost to Texas, the Red Raiders amassed their biggest score of the season in sweeping New Mexico State 48-0.

Texas Tech's freshmen meet the Texas A&M fresh in a football game at 7:30 p.m. Saturday.

The game is being sponsored by the Sportsman Chamber of Commerce.

speech, Freedom of the press, Freedom of assembly, and the Freedom of Religion. Are we going to enjoy these freedoms free — free — and are we to develop our potential talents as good citizens and Christian gentlemen to the highest possible level? Many feel peace will be won by force, others by love and understanding. Surely America happens for each person to discover peace as a personal experience and not something forced on him or handed at a material price.

It was my privilege to tour Europe at the expense of my rich Uncle, Sam, some twenty years ago. Our reception was not always the friendliest when we met the folks in Germany. I have known the baptism of fire; felt the emotions of "War is Hell"; observed the warmth of liberation of prisoners of war; watched the local citizenry pick up the shingles and bricks to rebuild while their homes were still smoldering. These sights were met with mixed emotions by a boy who was not old enough to know who he was nor to vote, let alone to understand why he was there.

I scanned a textbook in Germany in 1945 and came up with the map shown above. I have

had a German instructor read the information underneath the picture and we came to the conclusion that this was used as propaganda against the British Empire which was in its glory about this time and also against the Japanese Empire, lest they someday rule the world.

I have observed this map for twenty years and it is a constant reminder and challenge for me to be the best Christian American citizen I can be when I see the "American Reservation".

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevilles in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say you pick a new Malibu Sport Sedan and specify the new 230-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strate-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 335 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

ARE YOU LISTENING?

St. Matthew 22:8-14; St. Luke 23: 18; St. John 6:44.

"For many are called, but few are chosen." Many people are drawn by the Spirit of God to come accept Jesus and be saved into abundant, eternal life, but so many times these people push that thought away from them, resting of putting it off till later, surely not realizing that no man can come to Jesus and be saved unless God draws him.

Man's pride or thoughts of what other human beings might think of him would amount to so little by comparison, if everyone who heard the gospel of Eternal Life through Jesus would realize that it was God who had brought them to the place where they could, if they would, hear and be saved.

I have seen people who were drawn, who were given an opportunity to accept Jesus or reject Him, and who just sat and rejected Him by their very in-

action. However, the Spirit of God draws them to this place, and so many hear (or "feel" if you prefer that) the call to accept Jesus, but do not because of self-doubt, self-humiliation because of self-pride.

The way of the cross, the way Jesus chose to take—because a blood offering for sin must be made if man was to be saved from death and hell—so the way of the cross (St. John 23:26) is the way after Jesus into eternal, abundant life. Our way here on earth, as Christians is a pilgrimage, a battle, a struggle "come through the fire, come through the floods," but the victory is ours through Jesus. So we have joy even in our daily lives here, remembering that we are not alone, for Jesus goes before us.

Jesus or Barabbas? What is your answer when God draws you to a place to hear and take Jesus as your Savior, as your sin offer-

Agribusiness—Greatest Employer

Although agribusiness has expanded the employment base of agriculture to more than 25 per cent of the U.S. population...

Today Agribusiness — production, conversion, and distribution of these products — employs a whopping ONE THIRD of the nation's population; to make it by far the greatest employer of the work force.

This is a great new field for careers, a field where people, and instructors for these people are vitally needed!

Pointing out the importance of Agribusiness in today's scene is but one of the functions of the National Farm-City Committee, which is sponsoring Farm-City Week, November 18-November 25, this year. Farm-City Week, like the committee which sponsors it, is aimed at bringing about better understanding between the rural and urban segments of society and thus building a better land for all.

ing, do you ignore (behelving Him, for Jesus lifted up on the cross as Moses lifted up the serpent in the wilderness), and reject that call? Do you say perhaps, "Not now, I have plenty of time to be sorry for my sins, and I'm doing all right; I'm not so bad."

The Psalmist wrote "What is man that thou art mindful of him." In other words, why should or how could any one so great, so wonderful, so holy, to God our Father, be so concerned with us, that even our little problems are important to Him? How could He love us enough to come down in Jesus, after we had sinned, and die to save us, to have us back with Him again. We are His beloved children, so can we be so ungrateful for His love and just ignore Him?

Now that you have been called and told that all things are ready, will you be one of those who will be chosen because you have on the wedding garment, which is the shed blood of Jesus that covers all our sins?

Remember, too, that both the good and the bad were called, but all must have the wedding garment, because no man can enter into heaven without first accepting Jesus, for He is the only one who can save us from death and hell into eternal life.

THOUGHT
Most every life when understood
Has something in it really good,
Sometimes that good is hidden away
And never comes out on display.
A timid life sometimes will hold
Abundance of the purest gold,
Requires the help of those who know,
To aid that life to bloom, to grow.

The Investment Revolution

Time was when the stock market was largely the haunt of men of wealth who could readily afford the luxury of full-time investment managers to worry over their investments. How times have changed! The rich can still afford the best in services, of course, but now their position is no longer exclusive.

Forty-one years ago—in 1912, to be exact—the first mutual fund was established. This development, more than any other, perhaps, helped to popularize and broaden the appeal of equity investment in this country.

Over the years mutual funds have helped to "democratize" the investment of capital in American business and industry, permitting individuals of modest means to share in the growth and development of the national economy.

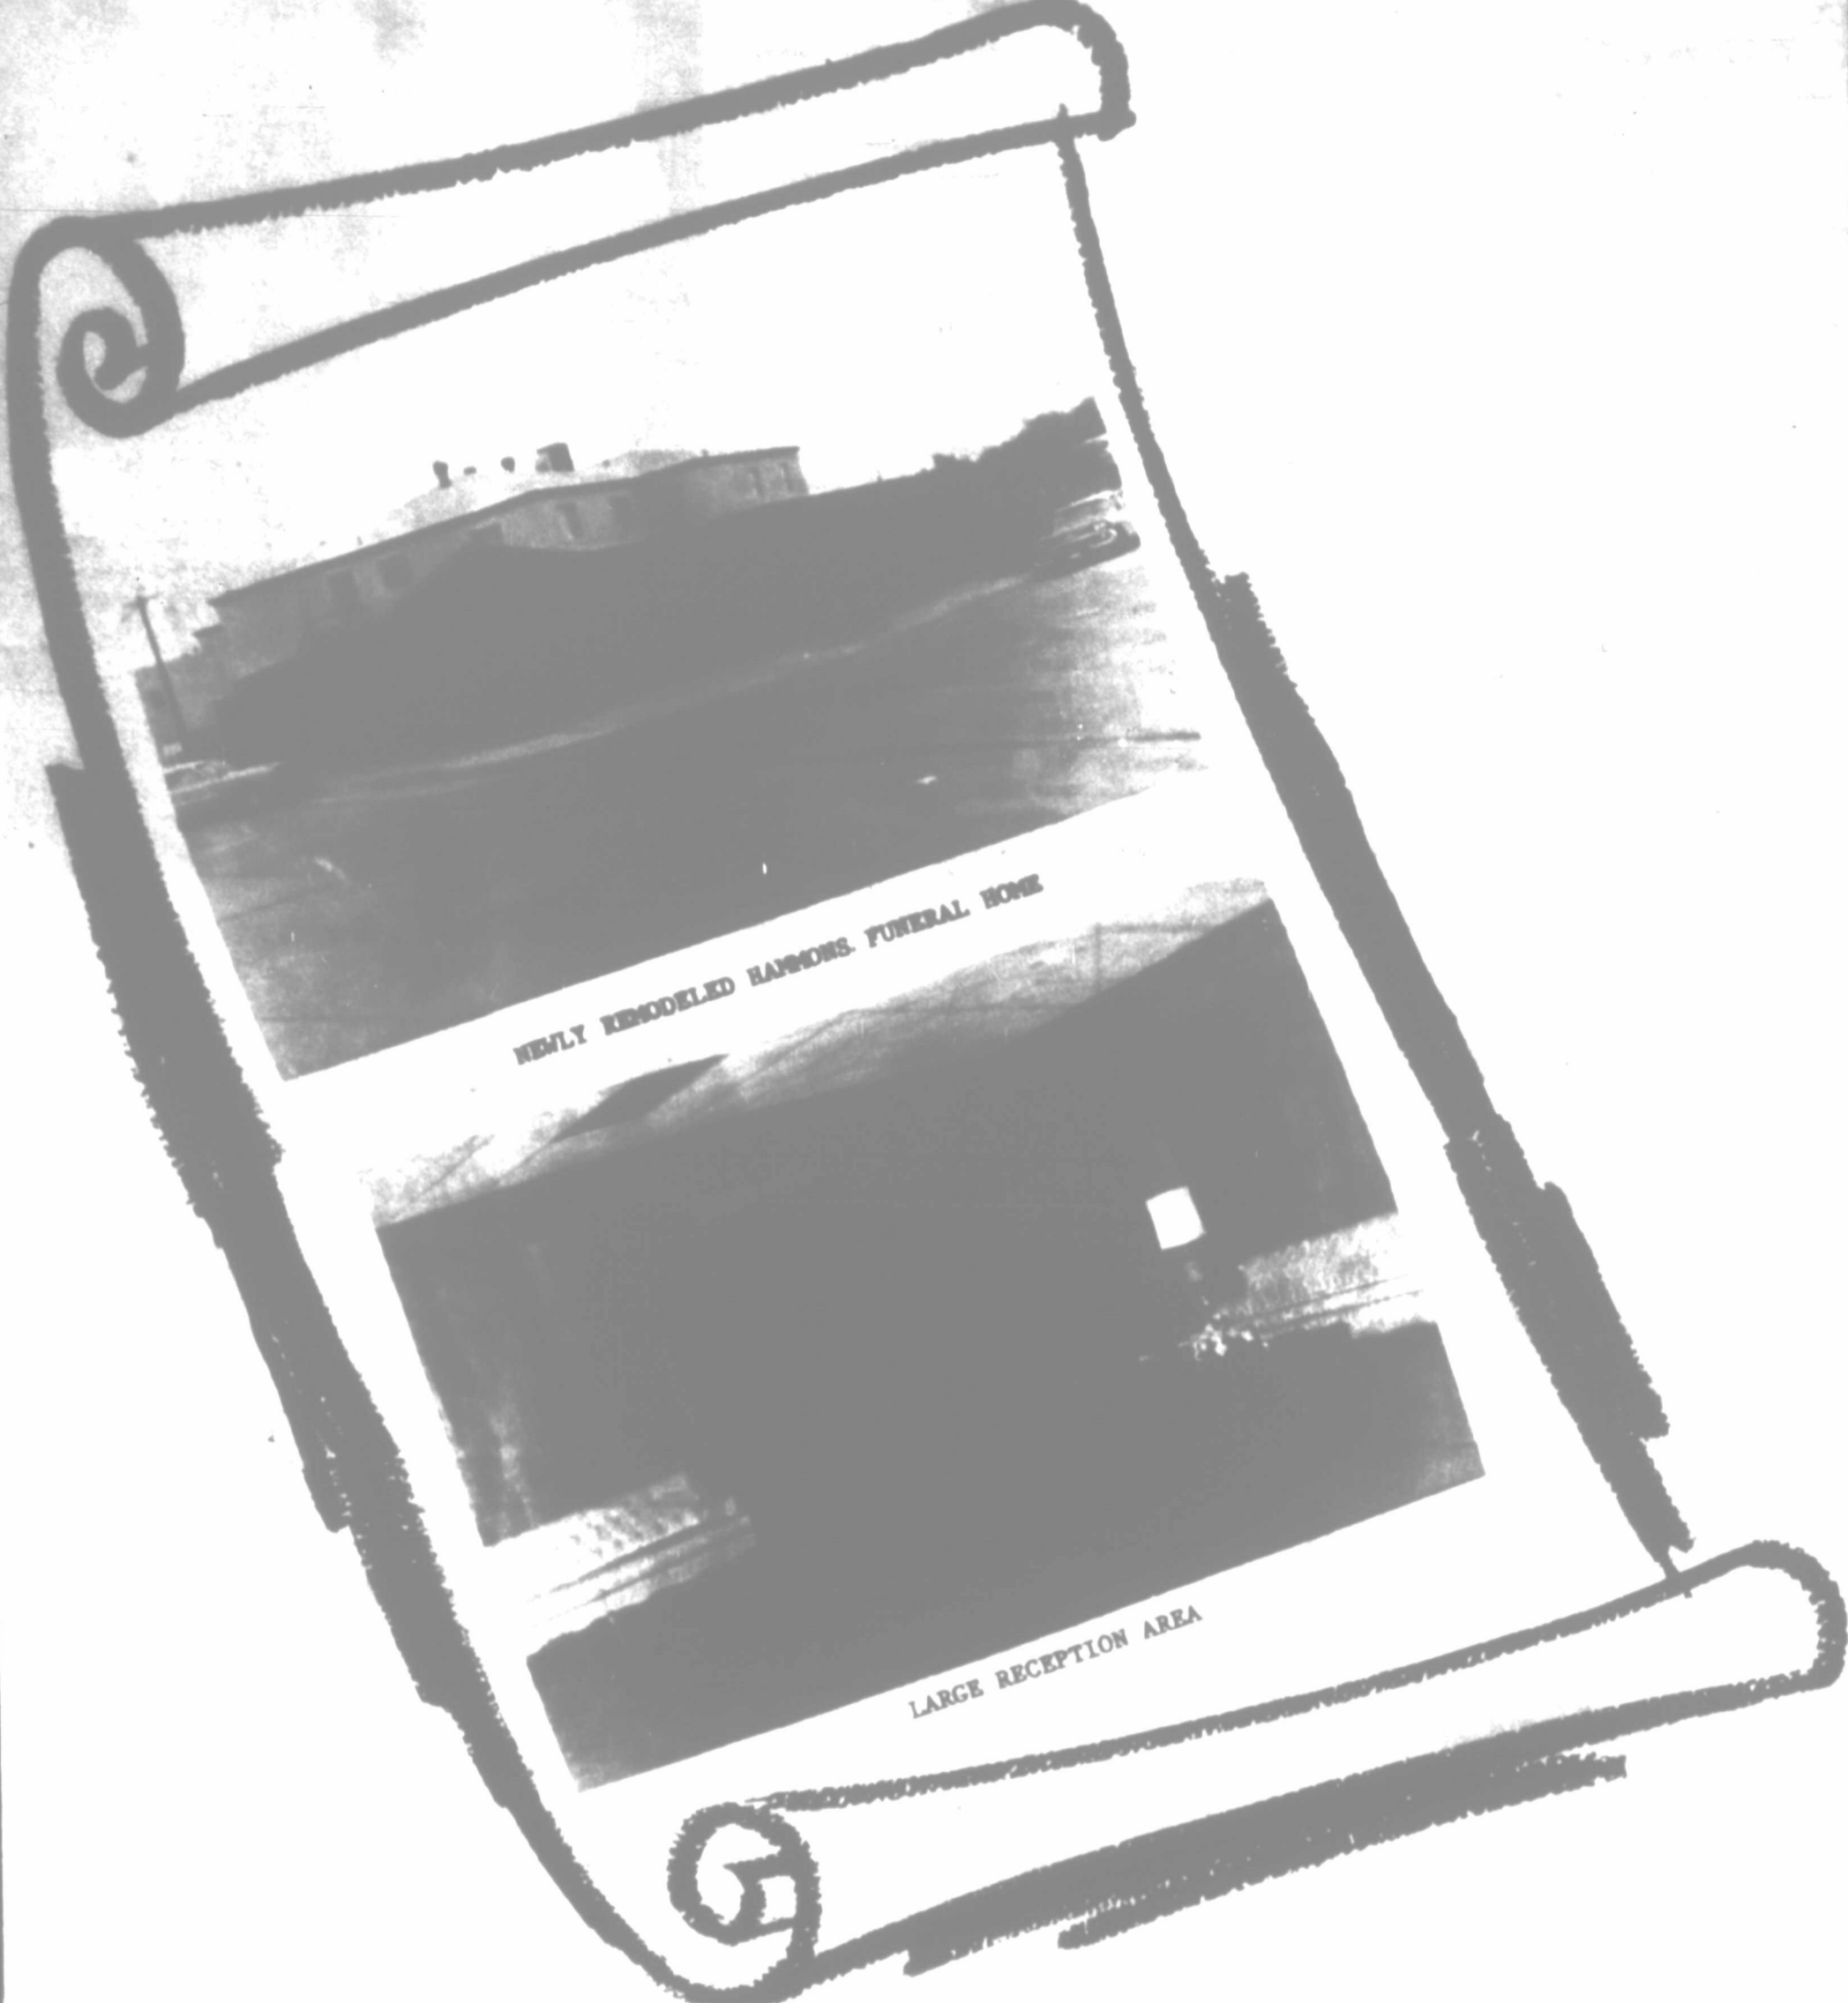

In the years since its birth, the mutual fund industry has grown steadily until today it manages assets worth more than \$21 billion for more than 3.5 million Americans, according to the Investment Company Institute, New York.

Basically, mutual funds provide a simple, convenient way for individuals, regardless of economic status, to pool their money and become partners in American business and industry.

Mutual funds offer professional investment management, at reasonable cost. They incorporate the sound principles of diversification of investment risk and continuous investment supervision. One fund share represents a proportionate interest in a pool of securities of as many as a hundred or more companies. Actually, the ownership of such a portfolio by an individual of average means would be difficult, if not impossible, except through the medium of the mutual fund.
