WOODWORK

BY DALTON

A WRITER to Heloise says she has found that peanut butter removed gum from children's faces — and little girls' hair — just like Heloise said it would. This leads us to wonder if Heloise could offer any suggestions for getting peanut butter out of little girls' hair after it has been used to remove gum.

I HAVE IN my possession the oddest book. At least it seems that way now, but when it was published, in 1929, it probably was quite informative, especially in jolly old England, where it was published. It still has some worthwhile information, but in America 37 years later, it causes a few smiles.

With an average-sized front cover, it printed in very small type, and includes more than 1,000 pages. Title of the book is "Pears' Cyclopaedia" and the publishers, A & F Pears, Ltd., apparently published this wealth of information as a sideline to their soap factory.

The flyleaf has a woodcut of a baby and mother and soap, with the inscription "The morning bath is Baby's joy, with Pears' he wants no other toy."

This could have been one of the first slinging commercials, had they put it to music.

Included are a bunch of "books" in this one, such as a "Dictionary of the English Language" (a regularly dictionary, with abbreviated definitions); a Dictionary of General Information, Dictionary of Prominent People, Atlas of the World, Handy Guide to Wireless, Dictionary of Gardening, Dictionary of Poultry, Pigeons and Cage Birds, Dictionary of Cookery, Dictionary of Photography, Dictionary of Motoring, Dictionary of Health, and several others.

The one of these others that caught my eye was the "Dictionary of the Toilet". I just had to turn to this and see if this included any words not commonly found on rest room walls. This wasn't what it was about at all, toilet not having such a connotation in England of 1929.

The Dictionary of the Toilet starts with an introduction "By the late Lena Guilbert Ford". (Who probably pulled the wrong lever and hasn't been heard from since). Just a couple of excerpts from this section of the volume shows how fascinating it is:

"Baldness: There are many vaunted specifics for the prevention and cure of baldness; but none less harmful or likelier to afford general satisfaction than the following cheap and simple application: whisk up the yolk of one fresh egg, and mix therewith an equal quantity of the squeezed and strained juice of chopped and uncooked Spanish onions. Add thereto as much crude cod-liver oil in quantity as the two foregoing ingredients make together, and then whisk the whole for fully five minutes. The resulting ointment may be perfumed to mask its rather disagreeable odor, placed in a tight receptacle, and a little rubbed into the scalp patiently every night, after first bathing the part well with warm water. This application will not, of course, be

MRS. RAY LYNN BRITT ANNOUNCES CANDIDACY

Mrs. Ray Lynn Britt of Amherst has filed as candidate for District Clerk of Lamb County. Mrs. Roger, a native of Lamb County, lives between Amherst and Littlefield where her husband, Roger Britt is engaged in farming. She has been assistant county clerk for several years and is well qualified for the position which she seeks.

NOTICE OF HOSPITAL STOCKHOLDERS MEET

The South Plains Hospital-Clinic of Amherst has announced a stockholders meeting for Saturday, Jan. 29, beginning at 2 p. m.

This will be the 24th annual stockholders meeting, and will be held in the Amherst High School auditorium.

Two directors will be elected at this meeting.

efficacious, if what are commonly called the hair 'roots' are decayed from natural causes; nor, for the matter of that, will anything else."

There are lots of other things even more intriguing. Incidentally, this same section offers the cure for the common cold, for which medical science has searched all these years: "The disagreeable colds which affect young and old alike during the winter months would be almost unheard of if everyone indulged in a regular course of breathing exercises." And then is described these.

The Dictionary of Motoring describes a "saloon limousine" as one in which all the seats are enclosed.

I would have guessed it to be a bootlegger's car.

THE UNITED STATES has been mixed up in a war in Viet Nam for sometime, now. Every time we turn on a radio or television set, or pick up a newspaper, we hear or read something about Viet Nam. But I still don't know how to pronounce it or for certain how to spell it. Apparently no one else does, either.

About half the commentators, newscasters and big politicians pronounce it "Viet Nom," as would rhyme with Guam. The other half call it "Viet Nam" as would rhyme with Sam, or ram.

Equally confusing is the way it is spelled. The Associated Press has decided it is two words, and consequently that's the way most publications use it. But some of the maps, and some of the stories related to it give it as one word, "Vietnam". And even those who give Viet Nam as two words call the natives Vietnamese, one word.

It makes one wonder what they call it over there. The natives, I mean. I have a pretty good idea what most of the soldiers call it.

MANY OF THE nation's newspapers last weekend carried a picture of George Harrison, one of the Beatles, and his bride. After it got married to a girl it met during one of the Beatle films, only one of the Beatles remains single. After the wedding, the picture caption said, the couple was posed in a head-and-shoulders togetherness shot. The caption didn't say, but I think George was the brunette.

Booster Club To Sponsor Harlem Stars

WINTER WONDERLAND - Shown above is a street in Sudan this week when 'Ole Man Winter' lowered the boom on the West Texas area with snow, ice and below freezing temperatures.

The Sudan Booster Club announced that they will sponsor a basketball game Feb. 7 featuring the world famous Harlem Stars.

The Harlem Stars are owned and managed by Bold Bule, the former wonder of the Harlem Globetrotters. The "one arm wonder" organized the team seven years ago and since built it into one of the finest entertainment shows of the country.

In the comedy field, the team has three fulltime professional showmen.

The Stars will go up against a "team" composed of members of the Sudan Booster Club.

The game will start at 8 p. m. in the Sudan Gymnasium. Admission will be \$1.50 for adults, \$1.00 for students and 50¢ for children under 12.

Tickets may be obtained from Booster Club members.

Shaffer - Hamilton Vows Exchanged

Miss Laurie Ann Shaffer and Alan Ray Hamilton were united in marriage at the First Methodist Church of Sudan at 7 p. m. Saturday, Jan. 22.

The bride is the daughter of Mrs. W. E. Shaffer of Sudan, and the late Weldon E. Shaffer. The groom is the son of Mr. and Mrs. J. W. Hamilton of Childress.

Reading the vows for the double ring ceremony were the Rev. Don W. Hamilton of Hardin, Montana and the Rev. Lyle W. Hamilton of Perkins School of Theology, SMU, Dallas; brothers of the groom.

The church altar was decorated with candelabra and large white mums tied with pale blue satin ribbon.

Traditional wedding music was played by Miss Dyanne Curry of Sudan at the organ. Soloist was Rick Stone of Childress who sang "One Hand, One Heart" and "Wedding Prayer" accompanied by Miss Curry.

The bride wore a white Chantilly lace over satin gown featuring a fitted bodice, wrist-length sleeves and a chapel-

LOCAL BARBERS MERGE BUSINESS

The partnership will continue under the name of Dood's Barber Shop, with both parties operating chains five days a week.

They stated that they feel the move will enable them to give their customers better and faster service.

They also expressed a special invitation to all their customers to come in and visit.

RITES HELD FOR SISTER OF SUDAN RESIDENT

Funeral services were held Monday for Mrs. Dora Swafford of Portland, Oregon. She was the sister of Roy Day of Sudan. She is survived by four other brothers and one sister.

length train of white satin. Her veil of silk illusion was elbow length and she carried a white orchid surrounded by miniature white roses.

The bride's attendant was Mrs. Rose Ann Strawn of Abilene, sister of the groom. Her gown was a floor length blue crepe with an empire waist.

J. W. Hamilton, father of the groom, was his son's best man. Ushers were Rick Kirkendall of Abilene, Charlie Blanton of Divide, Colo., and Mike Pennell of Childress.

The bride's mother wore a white knit suit with matching hat, and black accessories. The groom's mother was dressed in a blue silk suit with bone accessories.

Some 150 guests registered at the reception, held in the church fellowship hall, immediately following the ceremony.

Registering the guests was Miss Kathy Maynard and presiding at the serving table, which was centered with a traditional three-tiered wedding cake, was Miss Frances Wiseman of Sudan and Miss Jan, Adcock of Lubbock.

The bride and groom, both students at McJannet College in Abilene, will be at home this week at 502 Meander, Apt. 4 in Abilene.

POLL TAX DEADLINE DRAWS NEAR

Attorney General Waggoner Carr today urged all Texans who will be eligible to vote in this year's elections to obtain their poll tax before Jan. 31.

In some counties the number of persons qualifying to vote is below normal. Some attribute this to the fact that there is some confusion on the part of many Texans as to whether a poll tax must be paid this year because of the recent lawsuit attacking this requirement.

Carr called attention to the fact that the judges of the Federal District Court hearing the case involving the Texas poll tax law, have recommended that Texas voters comply with the present law, because the lawsuit is not likely to be decided before January 31, which is the deadline for poll tax payment.

In order to vote in any primary, general or special election for the nomination or election of any state or local offices, or to vote in any election on a question of proposition, persons not exempt from payment of the poll tax must do so by Jan. 31, 1966.

To be eligible for an exemption certificate a person must be over 60 years of age before Jan. 1; or a person who was not 21 before Jan. 1 but will be so before election date. Also a person may obtain an exemption to vote for nomination or election of members of the United States Congress or federal offices. This certificate is marked "poll tax not paid" and does not entitle the holder to vote in any local or state election.

A/2C and Mrs. Jerry Cardwell are the parents of a daughter, Tracy Lynn, born Jan. 21, weighing 7 pounds 14 ounces. Grandparents are Mr. and Mrs. Hal Cardwell and Earl Davison and Mrs. Bill Davison, all of Sudan.

TIPS FOR OUTDOORSMEN

by Vern Sanford

PROTECTING TENT BOTTOM—Damp ground quickly deteriorates the best of canvas floor covering. However, if you use forethought enough to cut an old rug pad the size of the tent floor you will save the expensive canvas.

Just lay the old pad on the ground and pitch your tent over it.

ARROW REST—You archer can make a clean shot every time by using a toothbrush. Mount the head of the toothbrush, cut off just behind the bristles, on the ledge of a center shot bow. Toothbrush head makes a fine arrow rest.

IMPROVED BOAT SEAT—There never seems to be enough room in a boat. Make an extra seat by whacking off the legs of an old lightweight chair to the proper height. Slip rubber tips on the decapitated leg ends and you have a non-slip extra seat.

PROTECT CAMERA FROM COLD—Now-a-days most sportsmen carry cameras with them to record their trip. In freezing weather the operation of such cameras often is impeded.

To prevent such shutter freezing—and also keep your hands warm—tape a hand-warmer to the camera bottom, or side.

HITTING OVERHEAD OBJECTS—Striking an overhead object can seriously damage a high-loaded trailer.

Such damage is uncalled for if you will attach a long radio antenna to your front fender. Pull antenna out until tip extends at least six inches above top of trailer load, then keep your eye on this antenna.

If it clears an overhead threat, so will your load.

TENT POLE SKID—Here's a new use for old hub caps!

Carry one along with you on your next camping trip and place it under the center pole of your umbrella tent. It will prevent floor damage and pole slipping.

And, if you don't use this type tent, hubcaps make great ash trays for any camp.

MURDEROUS BAIT—If you want a really deadly bait, dip your bucktail lures in sardine oil. The lunkers can't resist it.

AVOID BREAKING FIRING PINS—To avoid breaking the firing pin, when dry firing your handgun, replace the primers in six empty shells with a tight-fitting piece of leather in primer pockets.

This cushions the blow of the firing pin.

THE COLD FACTS

An estimated 1,000,000,000 cases of the common cold and other respiratory illnesses occur in the US annually—most of them during the winter months. Sneezing and coughing germs—laden spray in crowded areas are the major culprits.

"Dry, itchy skin is another major winter discomfort. The skin secretes less oil and loses moisture. The lower humidity in winter, heavy, warm clothing, and overheated homes, all aggravate the problem."

Though medical science has been stymied by the common cold, it has developed a unique bath oil to alleviate dry, itchy skin. Called Alpha-Keri, and available without a prescription, it was recently cited in an important medical journal as the most effective bath oil additive for controlling dry skin.

Fire Fighting Methods

Farmers control and prevent fires in their timberland by clearing firebreaks. These 4 to 6 foot lanes, cleared and hood down to soil and free of any combustible debris, act as "walls" for containing fires.

Chainsaws have become standard fire fighting equipment to clear land quickly. They supplement hoses and rakes. Shovels for clearing smothering dirt on flames, and water buckets for dousing embers are still necessary follow-up equipment.

Large metropolitan cities, as well as small towns, have supplied their fire departments with the improved Remington Gasoline Air or Electric chain saws. This light, versatile instrument cuts through ditches and walls more easily than an ax—and with faster rescue results.

BY HAZEL HOUSE

JESUS CHRIST IS LORD!

Scripture: Isaiah 55:6-9; Revelation 22: 17; I John 1: 9.
 Seek ye the Lord while He may be found, call ye upon Him while He is near.
 (How near is near? How long since I have even stopped to think of who I am, really who I am, where I am, and where I am going from here? Have I become so deafened from all the bustle and hurry and noise and pressures of life that I can no longer hear? So absorbed that I cannot stop and listen to anything or anyone, except my own way, my own desire, my own careful and cautious plans? How can I find out if God is near me? Does He really care about me? Or is this just words?)

Almighty God's Word is And the Spirit (of God) and the bride (church) say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely.
 (How can I come? Just like I am? Yes, I'll come just as I am, calling on Jesus, then...?)
 Let the wicked forsake his way, and let the unrighteous man his thoughts, and let him return unto the Lord, and He will have mercy upon him; and to our God, for He will abundantly pardon.

 If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from

SENATOR JACK HIGHTOWER VISITS HERE WEDNESDAY

Senator Jack Hightower of Vernon was in Sudan on Wednesday of this week in connection with his candidacy for reelection to the Texas Senate from the new 30th Senatorial District. Senator Hightower filed his application to be placed on the official ballot in the Democratic primary, with Glenn Batson of Littlefield, Democratic chairman for Lamb County.

The new senatorial district which includes Lamb County is now composed of 21 counties. While in Sudan Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

Anxiety does not add anything to our well-being, it merely leads to frustration. We should follow Jesus' teaching when He said "Be not anxious for your life, what you shall eat or what you shall drink, nor what you shall put on. Live each moment in faith."

all unrighteousness.

Seeing then that we have a great high priest, that is passed into the heavens, Jesus the Son of God, let us hold fast our profession.

For we have not a high priest, which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin.

Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need. — Hebrews 4.

"Jesus calls us, o'er the tumult of our lives wild restless sea... Come, Follow Me."

STUDY CLUB TO SELL U.S. FLAGS

Do you have a United States flag in your home and business? Do you remember the Pledge of Allegiance you learned in school? Could you lead a group in giving our pledge to the flag? Do you know the days to fly the flag? Do you know the proper way to display our flag? These questions are answered in the pamphlet which is enclosed with the purchase of the United States Flag from the 1935 Study Club. If you do not have a flag and would like to purchase one, you may contact any member of the club or project chairman Mrs. Jack Riley or Mrs. F. M. Smith. The price for these flags, including the staff and all necessary equipment for flying the flag, is \$5.00.

"Many a man who misses his anniversary, catches it later." Joe Harrison, The Texas (Dickens County) Spur.

There's some one watching us to see
 If we're what we pretend to be.
 They're watching close our daily walk;
 They also notice all our talk.
 We can't fool people very long;
 They soon will catch what's right or wrong.
 The life we put out on display,
 Is watched by folks in every way.

CAGERS SPLIT WINS WITH SILVERTON

The Sudan boys, given a chance to warm up after the long cold drive to Silverton Tuesday night, scorched the basket as they defeated Silverton 61 to 33 in a district game.

JUMP HIGH - Shown above is an action shot taken in a recent game between Sudan and Springlake. Shown at far left is Kathy Fisher and No. 50-1s Donna Heard for Sudan.

UP, UP AND AWAY-An unidentified player just completed a shot at the basket in the Sudan-Springlake game. No. 40 is Sudan's Corey Baker and Danny Martin is No. 32.

Half time score was Sudan 34, Silverton 13 and the game ended with Sudan reserves playing the fourth quarter.

Coach Nelson said that he was extremely proud of the way the whole team hustled. He also stated that he had a full crew, with all the first string playing, for the first time in weeks.

Corley Baker scored 23, Mike Bellar, 13; Larry Morgan, 6; and Hector Sallas, 6.

The girls didn't fare so well, perhaps they were still frozen or someone put a lid on the basket, but the Silverton girls outscored them 35-31 with Sudan scoring only 5 points in the first quarter.

A Silverton forward, Ginger Martin, received a head injury and was hospitalized, during the game. Sudan guards Kathy Minyard and Sue Minyard and Susan Jones received the full quota of fouls as they tried to defend the goal against the onpressing Silverton forwards.

Joyce Williams was high point for Sudan with 19 points.

The next game will be against Kress at Kress on Friday, Jan. 28.

The game with Farwell last week was cancelled because of weather and will be rescheduled later in the season.

No Place for Hunches

In this age of "do-it-yourself," it sometimes is the better part of wisdom to let someone else do it for you.

This is particularly true of the investor contemplating his first excursion into the market place, for the stock market is hardly the place for hunches, ouija boards, or the like.

Investing is a full-time occupation, and obviously is best handled by professionals with the knowledge, time, skills and experience to manage an investment account on a steady basis. It is this fact, perhaps, that has accounted for the rapid growth and wide appeal of mutual funds over the years.

Mutual funds are set up primarily to do for the individual what he may not be able to do for himself. There are relatively few people today who are sufficiently sophisticated in the ways of the stock market, or who have the time to supervise their own investments.

To begin with, mutual funds employ professionals who constantly watch the market and analyze all the conditions which affect it, and recommend what stocks a fund should buy, sell, or hold.

In addition to professional management, a mutual fund also provides diversification.

This is a well-tested method of reducing the risk inherent in all investing, for it spreads the risk among the securities of many companies, rather than just a few. There is a mutual fund to fit the needs and objectives of any investor, whether he is looking ahead to retirement, the education of children, or simply to supplement current income.

FOR GRADE SCHOOLERS ON THE GO-GO

Remember the days when children came home from school looking almost as nice as when they set out that morning! That was before the advent of extra-curricular activities for the grade school set. Now youngsters go directly from the classroom to Scout meetings, music lessons, dancing school, football practice, an unlimited variety of activities—wearing the same clothes all the while.

That's why more and more moms are paying special attention to children's clothing that is fashionable but can take a beating at the same time. Eastman Kodak polyester and cotton keeps fresh and neat all day long, scores high on durability. Metro's slacks, for example, are handsomely styled in durable press corduroy that retains sharp pants leg creases and wrinkle free surface without ironing. And for that sugar and spice miss who likes to look nice despite overwhelming odds, Cinderella has the perfect solution. Eastman Kodak polyester keeps this A-line dress with the sharp go-go pleats early morning bright even on the most lively little girl.

COLLECTING LICENSE PLATES

COLLECTING LICENSE PLATES IS BECOMING A POPULAR HOBBY. EVERY YEAR, STATES PROVIDE A COLORFUL CROP OF NEW PLATES, AND MANY END UP ON THE WALLS OF COLLECTORS' GARAGES OR DEN'S.

ANTIQUATE PLATES ARE COLLECTORS' PRIZES. IN THE EARLY DAYS, CAR OWNERS MADE THEIR OWN TAGS.

NOW, ALL PLATES ARE 6 X 12 INCHES, BUT THERE ARE COLORFUL DIFFERENCES. FOR EXAMPLE, 25 STATES HAVE ADOPTED REFLECTIVE "SAFETY TAG" PLATES THAT GLOW AT 2,000 FEET IN REFLECTED LIGHT. STUDIES SHOW THEY HELP REDUCE REAR-END ACCIDENTS.
