enjoyed the pleasure of Rocket performance for less than the cost of owning one of the small "lowest-price" cars.

Let us show you the facts and figures. You'll see that it's easy to get out of the ordinary and into an Olds . . . that it's good sense to make the move now!

For example, look at what you get. Start with power. Oldsmobile pioneered the high-compres-sion era with the Rocket Engine. The 1956 Rocket is mightier, peppier than ever, with a 9.25 to 1 compression ratio! Take your choice of 240 horsepower in Super 88 and Ninety-Eight or 230 horsepower for the lower-priced "88". bumpers in one-and a smart grille besides

And you'll never know what a pleasure riding and driving can be until you've tried an Olds. This car snuggles down to the road, holds # straight-as-a-string course, rounds a curve dead-level.

You'll find many of the reasons behind this marvelous roadability in the new Safety-Ride Chassis, Oldsmobile's six-point suspension features such advances as dual stabilizers, centercontrol steering, and a heavy, solid-unit frame, It all adds up-come try a Rocket ride yourself We feel sure we can show you the greatest

obeyed something other than the Bible. Along the highways we read the billboards, advertising certain products, warning against substitutes and frauds such as, "watch for the trade mark" and "take no substitutes." In religion the majority of people yield to the flimsy sentiment that it makes no difference what one believes just so he thinks it is right. We just as well say that it makes no difference what one eats or drinks just so long as they think it is alright. Would it be safe to eat rat poison if one should believe it to be salad dressing or desert? It is not eating that imparts and sustains life, but WHAT ONE EATS. So it is not believing that saves
