VOLUME XVI MORTON, TEXAS, THURSDAY, AUGUST 30, 1956 NUMBER 25

BILL CRONE, MRS. DENNY, J. N. FOSTER ARE ELECTED

St. Elizabeth's vs Byron - Jackson In Finals of Invitational Softball Meet

The Morton Invitational Softball meet will probably be completed Friday or Saturday afternoon, depending on which date the night Lubbok teams that are in the final series can agree to play.

Byron-Jackson of Lubbock, the favorite, and St. Elizabeth's of Lubbock will meet in the final series. If Byron-Jackson wins the first game, the meet will be over. If St. Elizabeth's, a one-time loser, gets win over Byron-Jackson, they will meet to do it again to capture the title.

Byron-Jackson easily won their way into the finals last week by thumping Clovis, 11 to 1.

St. Elizabeth's had a tougher time, having to go 13 innings to get by Maple, 5 to 4 in the tourney's most thrilling game to date; and then beating Clovis Monday night to get into the finals. Clovis won third place in the meet.

Meanwhile, awaiting the finals of the tourney, Morton and Whiteface and Maple and Causey began their league play-off and it will continue tonight, providing there are no other tourney games.

Maple and Causey met in the opening battle and Big Don Lamar, the league's top pitcher all year long, bested short-handed Causey, 2 to 0 in a real pitcher's duel. Each team got but three hits, but it was Don himself who won the game with a double down the left field line driving home the games only two runs.

Morton met Whiteface Tuesday night in the first game of their two-out-of-three series to see who gets into the finals, and Whiteface got a 3 to 2 win in another tight hurler's duel in which Elvin Johnson outshined Carl Kernell. Only nine hits were made in the game, five for Morton and four for Whiteface.

Causey came back to pull the biggest upset by taking a 7 to 6 win over Maple in an eight inning game that was at one time almost called off and forfeited to Maple.

Lamar had a 5-1 lead going into the 5th inning and then Causey began to get to him. They collected one run in the 5th on two walks and an error. They added four more in the 6th on two walks, an error and a pair of timely base hits. Then, with the game in his hip pocket, J. Van was touched for a run in the bottom of the 7th on a fly ball that everyone thought the other guy was going to catch.

Causey got another run in the 8th on a hit batsman, an error, a perfect single to center field, and a fly ball out.

Maple threatened to come back again but a double play and a pop out snuffed out their threat and the series was evened up.

Either Maple or Causey will be ousted from the playoff tonight, & if Whiteface wins, Morton will be out also.

The series between the winners of the first two series, will get underway as soon as possible and is also slated to be a two-out-of-three series.

Whiteface Football Schedule Lists Six Conference Games

Fans of the Whiteface Antelope will get a good opportunity to get up close and see size up the conference chances before the conference race gets started this year.

The Antelope will play their first three games at home, all non-conference affairs. They open with a game with Tatum, N. Mexico on September 9th, followed against Whiteface and Bledsoe.

The Antelope, under a new coach, Emmitt Henderson, have six conference games, three at home and three away. They meet New Deal, New Home, and Cooner on their own field and then journey to Meadow, Lorenzo and Wilson.

As to the prospects for the Lopes, little is known at this stage. Under Henderson they are working for a team who formerly coached at Levelland a few years back. He says he'd glad to be back in the area.

Bledsoe is the complete Antelope schedule:

Sept. 7 - Tatum (H)
Sept. 14 - Whitehall (H)
Sept. 21 - Bledsoe (H)
Sept. 28 - Friona (T)
Oct. 5 - Owen Date
Oct. 12 - Meadow (T) ★
Oct. 19 - New Deal (H) ★
(homecoming)
Oct. 26 - Lorenzo (T) ★
Nov. 2 - Wilson (T) ★
Nov. 9 - New Home (H) ★
Nov. 17 - Cooper (H) ★

★ Conference games

Art Entries Sought For County Fair September 21 - 22

Mrs. Joe Souler, Director of Arts and Crafts Division of the Texas Last Frontier Fair, has requested artists who plan to enter an article in that division, "now is the time to put the finishing touches on that painting you are planning to enter."

September 21 is just around the corner and we want to make a good show even better, Mrs. Seagler said.

Directors have ruled that no one may exhibit the same painting or craft that was entered last year; but the directors have opened a larger group of divisions enabling the show to carry many types of art work.

Oil paintings must be framed and stained for hanging; other paintings may be either framed or matted.

The division hopes to have more school children's art work on exhibit this year, Mrs. Seagler said. "We are asking you teachers," she said, "to encourage the children to enter this competition. They will enjoy it, and so will you."

If you know someone who paints, draws, carves, or molds, please pass these words. And, bring your own entries. You may never be generous, but you may win a cash prize and carry home a ribbon.

Mrs. Seagler said she would be glad to answer any questions concerning your entry.

Judges will be South Plains Art Guild members, Thelma Lawrence, and Connie Martin of Lubbock.

Fair Meeting Set For Friday Night

Directors of the Texas Last Frontier Fair were notified by letter this week of a meeting Friday night to discuss the coming fair, to distribute Fair catalogues, and to make plans to get the clubs, organizations, and individuals interested.

The meeting has been set for the Banquet Room of the County Activities Building at 8:00 p.m.

Any committeeman who cannot be on hand is requested to have a representative there for him.

James Butler Is Entered In Nat'l. Hot Rod Races

A Morton hot rodder is among the leading contenders at the 1956 National Championship Drag Races at Kansas City, Mo., August 31 - Sept. 3rd. It was announced this week in a letter from the sponsor of the races.

The local contender is James Butler, who has entered a 1949 Oldsmobile with a 1952 engine.

Butler is one of more than 350 hot rodgers from all parts of the nation who will compete in the 30 class events at the national meet.

James wife, Mrs. Inez Butler, is also along as crew chief for the Butler entry in which he hopes to capture some of the \$6,500 in new trophies, given by Mobilgas, and the National Hot Rod Association.

Contestants will be shooting at the record of 141.95 mph in 10:30 seconds set last year over the quarter mile straightaway by the 1955 champion, Cal Rice, of Santa Ana, California.

First 1956 County Cotton Bale Honors Grabbed by E. J. French

In the cool of morning, 5 a.m. to be exact, Tuesday, August 28, the first Cochran County bale of cotton reported from the 1956 crop was unloaded on the Cochran County square in Morton. It was ginned at the Alamo Gin, east of Morton.

Minutes before, red eyed from working all night, and covered with dust and lint, four men had swept into the Tribune office to shout, "we got your first bale, where do you want it?"

The lucky farmer was E. J. French, Jr., who resides just inside the Hockley County Line, but whose cotton farm is about a quarter mile inside the Cochran County line — he had a little trouble with the labor department in 1955.

It was not only a "first" for E. J., but a first for the Alamo Gin, and, possibly a record early bale for the county.

In 1955, Bill Wright, owner of the Alamo Gin and manager at the time, missed the "first bale" honors by a matter of some two and one-half hours. R. B. Sides, owner of the bale Bill was ginning, marked up the third try for a "first" that year — all misses by a matter of mere hours.

Carl Ray, who was farming one and one-half miles east of Morton, brought in the honor bale that year. It arrived on the courthouse square at 4 p.m., September 7, weighing 440 pounds and was ginned by "Red" Willingham of the Willingham Gin, Morton.

The 1954 winner was L. T. Lemons with second place honors going to J. S. Boydston.

E. J. was all smile when he found out for sure he was "first", Tuesday morning.

He harvested the 460 pound bale from approximately 15 acres of irrigated cotton. It took 1,750 lbs. of seed cotton to make it. It ginned 750 lbs. of seed.

It was only Monday noon, at the regular meeting of the Morton Jaycees that Tubby Holloman made a motion, that since the local Chamber of Commerce was at the present time inactive, the Jaycees collect premium money for this year's first bale.

A few hours earlier, Marion Matthews and Glen McDaniels recalled Tuesday morning, E. J. had been in the M & M Barber Shop and commented, "wonder if a first bale of cotton would be worth gathering right now?"

Named to the committee by the Jaycees president, Roy Tarver, Jr., to handle rules and premium money on the first bale, were Merlin Roberts, chairman; Bill Mohmood, and Snooky Russell.

They began their drive Monday afternoon, and received a big surprise Tuesday morning when they saw the "first bale" on the square.

Tuesday afternoon they checked it out, visited the Alamo Gin, and

Morton, Bledsoe, and Bula Schools Will Open Fall Term Next Monday

Registration completed this week, the other "Last Frontier" area schools that did not begin their fall term last Monday, will get school started next Monday.

Up to this week, Morton was short one faculty member, Bula still lacked one teacher, and Bledsoe had a complete faculty.

Football coaches at the schools, except at Bledsoe where they have no grid team, had their boys off and running Monday of this week, the date when they were first allowed to work them out.

All Jaycees are urged to be on hand for the project by President Roy Tarver, Jr.

The group will also move the bleachers from the rodeo grounds to the football field.

Revival Is Set To Open at Maple Baptist

Rev. W. H. Hughes of the Maple Baptist Church announced this week a Revival meeting beginning Sunday, September 2nd, and continuing through September 9.

Rev. Fred Thomas of Jackson Ave. Baptist Church of Lovington, New Mexico will do the preaching and Tom Williams of Bledsoe will serve as song director for the meetings.

Services will be held twice daily, at 10 a.m. and at 8:00 p.m.

The public is cordially invited to attend any or all of the services. A special prayer service will be conducted each evening at 7:45.

Little Folks School To Open Monday

The Morton Little Folks school, a kindergarten operated by Mrs. Joe Gipson, will open its doors for another season next Monday, Mrs. Gipson advised this week.

Parents are to bring their children to the school at 9 a.m.

COUNTY SWITCHES JULY PRIMARY STAND; BACKS TWO STATE LOSERS — COBB AND YARBOROUGH

Close races and a heavy vote shared the spotlight in the Cochran County Second Primary balloting last Saturday as the County went "against" the eventual winner in two big races.

Mrs. Otha Denny, Bill A. Crone, and Commissioner J. N. Foster emerged winners in the county races but Cochran County supported Ralph Yarborough, the loser in the gubernatorial race and went for Carroll Cobb, who was defeated by Preston Smith in the Senatorial race from this district.

The Commissioner's race in Pct. 3 was the closest, J. N. Foster, running for his third elective term, but only his first 4-year-term edged G. D. Lewis by 13 votes, 107 to 94. The Bledsoe vote, which was by nearly an hour, the last vote to come in, kept folks in doubt and many went to bed believing Foster had lost. He led in the absentee box but trailed at Whiteface's, the home box of Lewis. But when the Bledsoe vote was tabulated it gave Foster the nod.

The same thing happened in the County Assessor - Collector's race where Dub Hodge grabbed an early lead from Morton, added to it at Neely Ward saw it pared down with the seating of the absentee box, whittled away at Whiteface and Lehman and then slink to a single vote lead when White's Gin reported. Then, with a one vote lead, Mrs. Denny's home box of Bledsoe gave her a strong majority and the victory.

Whiteface gave Mrs. Denny by far her heaviest percentage of victory.

The final vote was 822 to 718, or a 104 vote edge for Mrs. Denny.

In the Treasurer's race, Bill Crone got a handy margin over Mrs. Pta R. Smith, 855 to 636 to return him to office. Crone had been appointed to serve until election time. However, the election is only for a two year term and the incumbent will have to run again two years hence if he wants a four year term.

Will Wilson captured the county vote for Attorney General by a 369 vote margin and won out as handsily in the state results.

Ben Ramsey, unopposed, naturally got a good vote, polling 1288.

But the other two races found a situation reversed in this county. Price Daniel had carried Cochran County by a slim margin in the First Primary election but Yarborough made Cochran one of 34 counties he "won back" from Daniel in the runoff.

Yarborough posted a 202 vote margin in Cochran County, 859 to 657, but was beaten in the entire state by something over 3,000 votes in a tremendously tight race.

An almost identical situation prevailed on a smaller scale in the 28th District Senatorial race. Carroll Cobb carried Cochran County and all but two others in the race, but Preston Smith carried vote heavy Lubbock and a majority at Crosby County helped put him across.

Smith had carried Cochran County in the First Primary, but the Second Primary results were Cobb 865; Smith 710.

Smith carried only one of the six election boxes.

1st Bale Premium Reaches \$365

The premium for the first bale of cotton produced and ginned in Cochran County for 1956 rose to \$365.00, cash and merchandise, as of noon Wednesday.

Persons or firms desiring to add to the premium may do so by contacting any Morton Jaycee, or by mailing their check or order to Box 545, Morton.

Checks should be made out to the "Jaycees first bale premium" or to E. J. French, Jr.

Jaycee members of the premium committee are Merlin Roberts, chairman, Bill Mohmood, and Snooky Russell.

Two Pav Fines On DWI Counts

A Morton Latin American and an Enoch resident paid fines last week after pleading guilty to charges of DWI in separate incidents.

Antonio Hernandez Herrera, of a Morton Star Route Two address, was arrested on the Bledsoe Road mid Saturday afternoon by Deputy Slick Nichols.

Herrera pled guilty and was assessed a fine of \$50 and costs and given three day jail sentence as well as losing his driver's license.

The other man, Marvin Sharp of Enoch, picked up by Hazel Hancock, Thursday, pled guilty & received a fine of \$100 and costs, and also a three day jail sentence plus loss of his driver's license for six months.

Mission'ry Baptist Revival To End Next Sunday Nite

The Revival Meeting now in progress at the Missionary Baptist Church in Morton, will end with the Sunday meetings.

Large crowds have been on hand each night since the meeting began last week.

Bringing the messages, twice a day, is the Rev. D. Dewey Morgan, Corresponding Secretary of the Baptist Missionary Association of Texas.

Services are at 10 a.m. and 8 p.m. each day.

Policy Manual For Local School Is Off the Presses

The Morton schools will have a new policy manual when school is officially opened Monday.

Seven hundred of the new manuals were printed this week and will be issued to students, faculty, and others school personnel.

The policy changes are only a few in number, but the publishing of a complete manual is new in the local school system. It has been advocated by the state for several years and, will in a short time, become compulsory, in all probability.

The policies were drawn up by the Superintendent and the school Board.

IS CRITICALLY ILL WITH LUEKEMIA

Gary Warton, 14 year old son of Mr. and Mrs. John Warton of Dumas, is reported critically ill with leukemia.

Gary is the grandson of Mr. and Mrs. F. W. Warton of Morton. His father, John Warton, was one of the volunteer firemen that was badly burned in the tragic Dumas re-

LAST FRIDAY NIGHT
Last Friday night the Enochs MYF was host to the Bula MYF for a game night. Volleyball and Ping Pong were enjoyed and ice cream was served to those attending.

VISITED IN VERNON
Mr. and Mrs. Roy George visited relatives in Vernon, recently.

SENATOR PRICE DANIEL, candidate for Governor, receives congratulations from Elmer Lee Todd, president of the Texas United Pension Association, for sponsoring an amendment to the Social Security Act which will prevent a \$5.00 per month decrease in old age pensions and provide a \$300 increase to all pensioners beginning Oct. 1. Todd endorsed Daniel's candidacy for Governor and said he had the only sound program for more increases in pension payments, and declared, "The aged citizens of Texas have never had a better friend in public office than Price Daniel."

With Your... COUNTY AGENT

BIND WEED CONTROL
Bind weed control measures can be undertaken, if these farms adjoining highways with bindweed in bar ditches and spreading to fields will be reported to the County Agent's office.

The Highway Department, headed by Otis Harris is also ready to cooperate in the control of this pest.

If you will measure the width and length of these bindweed plots before reporting, this will be a big help, because the amount of material needed for application can be determined in advance. If not measured when report is made, it will require an extra trip to determine the quantity of material needed.

COTTON VARIETY MEETING
Seventy-five farmers attended the meeting Aug. 17 in the County Building, to hear Don Jones, Supt. of the Experiment Station, discuss and show color slides on irrigation, cotton varieties, disease tolerant varieties of Angular Leaf Spot and harvesting for better quality. Summing up these factors in the end which increases your take home pay—in fact, there are about three ways to increase your take home pay, advises Jones:

- (1) To increase your yield; (2) To cut the cost of production; (3) To produce and carry to the gin quality cotton. Management and know how are the big items in reaching the goal set forth by these ways mentioned to increase your income. A year like this year, when Angular Leaf Spot is at its worst, is a good time to think about getting Bacterial Blight tolerant cotton seed to plan for next year.

Mr. Jones mentioned that none of the varieties are resistant but tolerance and Blightmaster variety is highly tolerant of it. The County Agent suggests that those who want to obtain Blightmaster cottonseed for 1957 check with him for the names of two seed firms growing the cotton to be certified his year.

Blight or angular leaf spot disease spreads by blowing dust, washing, and irrigation. The disease is in the soil. Some years it is much worse than others as the virus grows in the soil. It shows up a great deal more on cotton two weeks following a rain or irrigation.

Here are some of the characteristics of Blightmaster cotton bred up by the Experiment Station, of Lubbock, Texas.

- (1) It is tolerant to bacterial blight
- (2) stormproof boll type cotton
- (3) adapted to stripper harvesting
- (4) staple length 15-16 to inch
- (5) medium maturity

Mr. Jones mentioned that none of the varieties are resistant but tolerance and Blightmaster variety is highly tolerant of it. The County Agent suggests that those who want to obtain Blightmaster cottonseed for 1957 check with him for the names of two seed firms growing the cotton to be certified his year.

COCHRAN COUNTY FAIR
SEPTEMBER 21-22
Now is the time for everybody to put his shoulder to the wheel and begin doing something to help the fair be the kind of which we can all be proud.

The catalogues or pamphlets of the various entries are being published. There are many agricultural products and home economic products listed in the pamphlet. Would you secure one, and begin your preparation of the products you will exhibit. Begin now to select your exhibits and have them ready to enter on Sept. 21 or better still, bring in your exhibits on Sept. 20. Example: 10 heads of grain sorghum may be wrapped in a newspaper to form a better shape uniformity in size of head counts heavily. Individual or community exhibits may be selected now and should be, so if you need any information on preparation, see Elwood Harris, Homer Thompson, V.A. Instructors or anybody who is familiar with the preparation.

A meeting of the Fair officials is to be held Friday evening 8:00

ADVERTISEMENT FOR BIDS

Sealed proposals addressed to Mr. John E. Holloman, President, Board of Trustees, Morton Independent School District, Morton, Texas, for a "Junior High School" for Morton Independent School District Morton, Texas, will be received at the High School, Morton, Texas, until 2:00 p.m., C. S. T., Thursday September 12, 1956 at which time and place proposals will be publicly opened and read aloud. Any bids received after closing time will be returned unopened.

Proposals will be received on the General Construction, which will include:

- A. Plumbing, Heating, Ventilating
- B. Electrical

Copies of plans and specifications and other proposed contract documents are on file in the office of the architect, Architects, 1009 Texas Avenue, Lubbock, Texas, and are open for public inspection.

Deposits and refunds for contract documents shall be as follows:

Plans and specifications may be examined without charge in the office of the architect and may be procured from the architect by bidders upon a deposit of \$25 per set as a guarantee of the safe return of the plans and specifications in good condition. The full amount of this deposit will be returned to each bidder immediately upon return of the plans and specifications in good condition, provided the bid-

der submits a proposal on the project or returns plans and specifications within five (5) days after receipt of plans. Should the bidder fail to submit a bid, but shall return the plans in good condition within (10) days after the receipt of bids, half of his \$25.00 will be returned.

No refund on contract documents and plans returned later than ten (10) days after the award of the contract will be obligatory.

The wage scale shall be in accordance with the schedule approved by the Morton Independent School District and is fully set out in the specifications.

The character and amount of security to be furnished by each bidder are stated in the above mentioned documents.

No bids may be withdrawn after the scheduled closing time for receipt of bids for at least fifteen (15) days.

The Morton Independent School District reserves the right to reject any or all bids and to waive all formalities.

Morton Independent School District, Morton, Texas
By John E. Holloman
President, Board of Trustees

BOYS GO BACK HOME

Mr. and Mrs. Jake Johnson, Phillips and Don came Thursday to visit here and to take Doyl and Dale home. They had been visiting with their grandparents. Mr. and Mrs. R. W. Hill and other relatives and all attended the Richardson-Hill reunion in Lubbock, Sunday.

Reunion Is Held For Richardson and Hill Families

Those attending the Richardson and Hill reunion at the McKenzie State Park Sunday from Morton were:

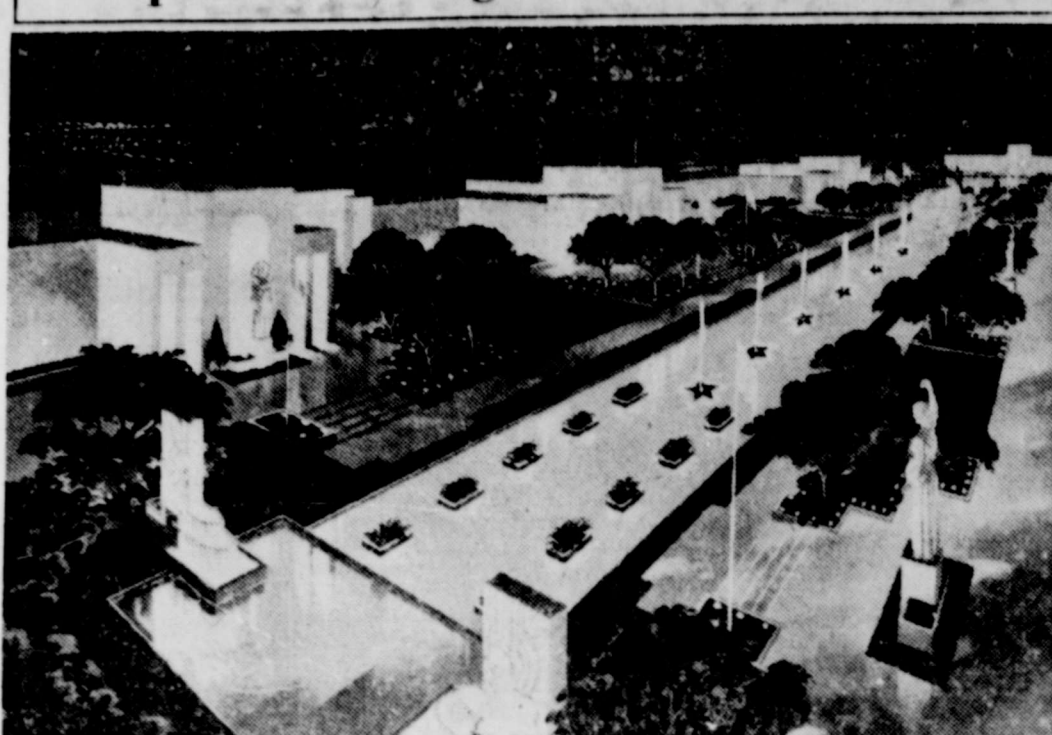

Mr. and Mrs. R. W. Hill, Mr. and Mrs. Jug Hill, Trezelle and Dub; Mr. and Mrs. J. C. Reynolds and Sam; Mr. and Mrs. Roy Hill; Mr. and Mrs. J. O. Hill; Mr. and Mrs. Brown, Penny, Rhoda Jane & Freddie.

Those who attended from other places included Mr. and Mrs. G. R. Johnson, Doyl, Dale, Phillis, and Don, of Callan, Colorado; Mr. and Mrs. Jesse Richardson, and daughter of Hollis, Oklahoma; Mr. and Mrs. W. C. Williams and boys of Gould, Oklahoma; Mr. and Mrs. Clayton Guest of Ft. Worth.

Also Mr. and Mrs. S. A. Cook and Mary Ann, of Wichita Falls; Mr. and Mrs. Jim Richardson and Mr. and Mrs. Pat Robinson and daughter of Hereford, Texas; Mr. and Mrs. Edwin Ramey, Mr. and Mrs. Edward Ramey; and Mrs. Erta Brasher of Dimmitt, Tex.; Mr. and Mrs. E. V. Rector, and boys of Zionsville, Indiana; Mr. & Mrs. Otis Richardson and family of Lone Island, New York; Mr. & Mrs. Roy Richardson and LeRoy of Altus, Okla.; Mrs. Sallie Belle Hoskins, Vickie, Mr. R. S. Richardson, Mr. and Mrs. John A. Richardson and granddaughter, Mr. and Mrs. C. L. Caviner, Mr. and Mrs. Harmon Richardson and girls of El Dorado, Okla.

And finally, Mr. and Mrs. Wayne Hill and Scottie, Childress, Tex.; Mrs. Edith Meirs, Uvalde, Tex.; Mrs. Ethel Ferguson, Alto, Texas; Mr. and Mrs. J. M. Wilson and son of Vincent, Texas; Mr. and Mrs. Dean Hill and boys, and Eddie Jaferum of Tucuman, New Mexico; Mr. and Mrs. Henry Dobson, of Whitharral, Texas; Mr. and Mrs. Thurman Dobson and family of Lovelland; Mr. and Mrs. Chief Gardner and family of Caneho, Oklahoma; and Mr. and Mrs. Wayne Howard and boys of Odessa, Texas.

'Esplanade of Light' Planned for Fair

Visitors to the 1956 State Fair of Texas, Oct. 6-21, will be dazzled as they enter the fairgrounds by the brilliant "Esplanade of Light" which will transform the concourse just inside the main gates into a spectacular vista of dramatic illumination and scenic water effects. The lighting will be the most striking since the Texas Centennial Exposition in 1936. This

artist's impression of how the Esplanade will look at night shows how it will utilize enough electricity to light a small city and a total of 1,772 fountains of water shooting high into the air. The manmade scenic wonder is co-sponsored by the State Fair and Dallas Power and Light Company.

MONORAIL TO BE INSTALLED AT FAIR

The nation's first commercial operating Monorail line, latest development in modern express transportation, will be installed as a top feature of the 1956 State Fair of Texas in Dallas, October 6-21. The 4,000-foot line will run from the front of the fairgrounds to the main parking lot on the rear. The Monorail will be "safe, silent and swift," according to Monorail, Inc., of Houston, which will construct this line.

- 17—Texas Western, h*
- Dec. 1—Midwestern, t
- *Homecoming

25,000-SEAT HOME FOR BUFFS—Here is an artist's drawing of West Texas State's slick 25,000-seat football stadium, due to be built in 1958. The horseshoe structure will be located on Highways 60 and 87, 13 miles south of Amarillo and two miles north of Canyon.

COST OF OIL & GAS WELL DRILLING, BY STATES

EXPENSIVE QUEST—Replacing oil and gas that is produced is the U. S. oil and gas industry's biggest expense. The chart shows the average cost of drilling a well in the various states, and how the cost soars with depth. The average cost of every well drilled in the U. S. exceeds \$50,000. The chart was prepared by the Independent Petroleum Association of America, based on a joint industry-wide survey by IPAA, the American Petroleum Institute and the Mid-Continent Oil & Gas Assn.

Bathing in Luxury

OUTDOOR SWIMMING POOL: A private pool for the pleasure of the guests of the Eden Roc Hotel in Beirut, capital of Lebanon, is shown here. The refreshment tables, colorful umbrellas and smart cabanas, lining the shore of the Eastern Mediterranean, remind one of the Riviera.

Whiteface Man Begins Basic Training Air Force

basic training with the U. S. Air Force at Parks Air Force Base, California. He is serving with flight no. 334, 3281st squadron, 3275th Basic Military Training Group.

Airman Green entered the Air Force on July 11th at San Antonio. He previously attended Whiteface High School.

HEADING is their business. Nancy Heard, Bernice Webb and Hetherington are the only full-fledged oil editors on daily newspapers in Texas. They go about their daily work with an intensity and for men in their profession to match and in so doing have earned the respect of oil men in the nation's greatest oil producing state.

edlines..

By Eddie Irwin

THERE WEREN'T many folks who realized we had quite a whirlwind hit these parts Saturday...

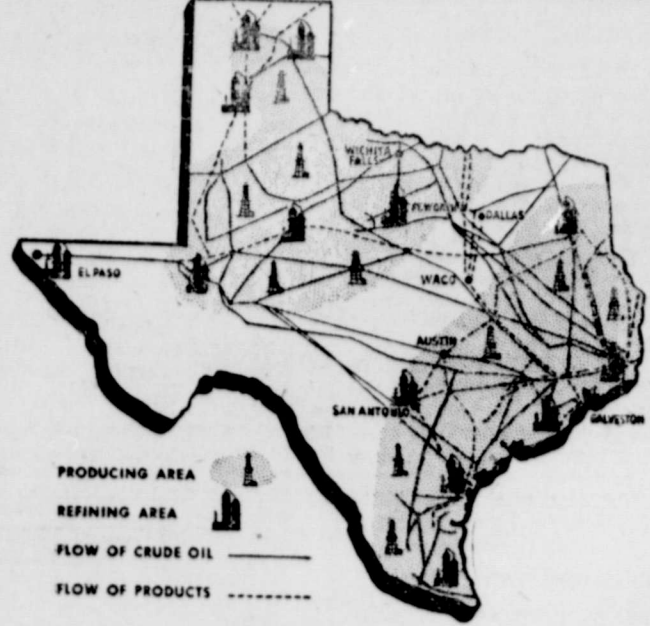

BUILDING occurred sometime in the early afternoon, right in front of the startled gaze of a group of workmen who were doing some...

OUR YAKING ON the microphone had anything to do with it, but the vote Saturday was great...

THE ONLY REMINDERS that were made to the fact that it was election day. Signs were put up...

Drs. Woods & Armistead OPTOMETRISTS. W. Armistead, O.D. Glenn S. Burk, O.D. Ira E. Woods, O.D. J. J. Coats, O.D.

OIL INDUSTRY INSTALLATIONS IN TEXAS

Texas ranks first in the production of crude oil in the U. S. with a daily average production of 2,900,603 barrels. There are 57 refineries scattered throughout the state...

around the town, the get out the vote campaign was hammered at in the paper. But we do know this, at three o'clock on Saturday, after we had encountered tremendous difficulties getting the loud speaking system set up...

election. Of course, if the issue of right vs. wrong gets into the thing, that's another matter. We made it clear to everyone we met that we were Preston Smith supporters...

SMITH has always been... THE TYPE OF A MAN we feel is needed in the Senate. He, for one thing, represents a different group...

GLAD TO SEE Preston win the evidently most of you readers were. They thumbed him down in this county...

ANYONE WHO HAS THE mistaken idea that we can't get some good softball games in Morton, should have been around last weekend...

SMALL BUSINESS

Prepare for a shocker. There is now in existence a published document which advocates government, or public, control of all basic industries.

This is not the work of some socialistic in the British Labor Party, nor that of communistics, much as it sounds like the work of one of these groups.

Rather, it is the majority recommendation of 140 eminent historians, including Charles Beard who under a grant from the Carnegie Foundation made a thorough study of the social and economic trends in the United States for three years.

The document, signed by 12 of the 14, states that free enterprise no longer exists in this nation, and that many private enterprises have become so collectivistic in character they should be under public control.

Beard himself once advocated the junking of all anti-trust laws on the grounds not that they are not wise measures, but because they are not being enforced with the result giant combines have grown to the point where they are "too big for private control."

This is the verdict of historians. In their proper field, they do not promote causes. They analyze what is happening against the background of the past, and attempt to analyze contemporary conditions from the lessons of history. Their verdict is that free enterprise is falling in this country; hence, why any longer keep up a pretense.

Thus, this furnishes interesting background for the forth-

but things still... AREN'T SO far along that a nice old fashioned two or three inch rain wouldn't help a whole lot. So, at the risk of postponing the winning season a little, lets pray for a good rain.

WE GATHER FROM folks who have been "down the country" recently, it looks like we can expect a real crop of cotton pickers, and probably a lot of others who just seem to gather where the crops are to be found, and perhaps a little money. That's a new experience for this area. We've always had a rough time finding cotton pickers who wanted to come here, but the situation is different this year. The general area around us is the only sizable area that has any cotton to speak of. For which we say, we hope you are humbly proud and thankful for.

the Jaycees were... TOYING WITH THE idea of getting a ride, some kind of a small ride for the kids, that they could install each summer at the park, and at the Fair, and on other occasions. We even thought we might someday be able to get two or even three different rides. But we got quite a shock the other day in writing to one of the companies that makes the miniature trains that are always so popular at the parks. They had a price tag on a train that could carry adults and children, of \$26,000 on it. In a city the size of Morton, its doubtful we could ever raise that kind of money even with years of hard work and a \$20,000 bequest left to us in some body's will. So, for the time being, we until we get some "cheaper" information, that project has been tabled. Its likely to stay there a long time, or even to get buried under the table.

say didn't they... MAKE FAST time putting that top on the highway last week? In a matter of just a couple of hours they'd laid the tar and gravel topping plumb out of sight of the square. Wish we could get a crew like that on every road in town. It would be one of the greatest days Morton has ever seen.

don't give up all... HOPES OF us getting any new paving in Morton. You may think the city fathers have just decided we don't need anymore, but such is far from the case, they have been discussing for a long time the possibility of more street paving, the widening of the highway running east and west, inside the city limits, from the square to the west

cees, and a few others who just and want to do something, come decided to help because they like on out tonight - you'll be welcome and this year... LETS GET BEHIND the Indians al the way - not telling the boys how to play, that's the coach's job. But you help support 'em by being on hand at the games, yelling for them and being ready to pat 'em on the back after a well played game.

To The Voters of Precinct 3 - I sincerely appreciate your vote of confidence given me Saturday. and, if at any time I may be of assistance to you, please call on me. Sincerely, J. N. Foster

In Appreciation: To each and every voter - let me say: "thanks" for casting a ballot in Saturday's Primary election. and - to each of you who saw fit to vote for me - let me say your vote is deeply appreciated. and to everyone - let me say that I will strive to offer you, the public, the best possible service as your County Treasurer. Sincerely, Bill Crone

MY SINCERE THANKS to the people of West Texas for their trust in my ability to represent them. I pledge my best efforts to be a State Senator for ALL the people of this area. PRESTON SMITH

Thanks, Voters: I will always be grateful to you for the support and confidence which you displayed for me when you cast your vote, last Saturday. Bill, I wish for you the best of luck in the office to which you have been elected. Thanks Again, Mrs. Pat R. Smith

THANKS FOLKS! You were just wonderful... to each of you let me extend my sincere appreciation for taking time to vote Saturday. and to each and every one of my loyal supports - my sincere appreciation I will do my best to provide every one with the best possible service while serving as your - Tax Assessor--Collector Most Appreciative, Mrs. Otha Denny

School Children To Have Special Day at Fair

September 24 is a "Red Letter Day" for schools in West Texas. It is "area school day" at the 5th annual Panhandle South Plains Fair in Lubbock.

"Area School Day" is the opportunity all school children have been looking for, the day when they can all head for Lubbock and attend, free of charge, the opening day of the great regional fair.

The fair is slated to be held Sept. 24 - 29.

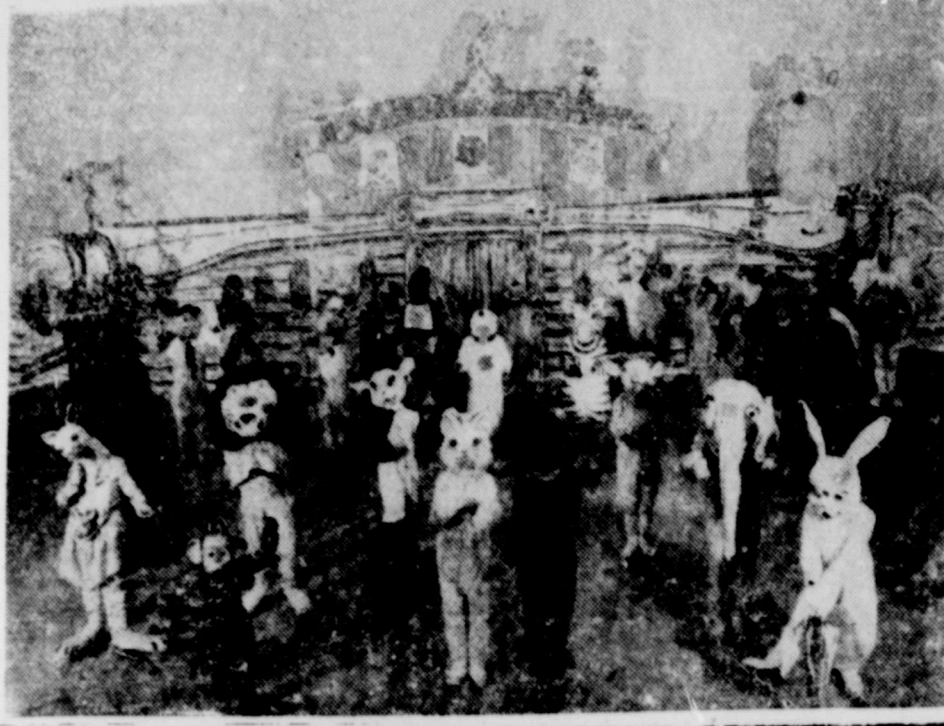

Most students will arrive in Lubbock in time to watch their handiwork in the annual "Parade of Bands" which will be held at 10 a.m. Monday, September 24, in downtown Lubbock. Each year schools from all over the South Plains are represented in the opening day parade when their bands compete for \$500 in prizes.

Students will be admitted free

of charge to the Panhandle South Plains Fairgrounds. There will be excitement and thrills waiting for them along the midway, at the large cattle and swine exhibits, in the Women's Department, at the many merchant's exhibits in Fair Park Coliseum and the Merchant's Building, plus the many outside displays and eating and drinking concessions.

Two performances of Holiday on Ice of 1956 are set for Monday, with a matinee at 2:30 p.m. to which children will be admitted at half price, and an evening show at 8 o'clock.

TOTIN ICE AROUND THE WORLD — An international theme has been chosen for the opening number of Holiday on Ice of 1956 which has been scheduled for nine performances at the Panhandle South Plains Fair in Lubbock. This scene features a huge map showing the various parts of the world in which Holiday on Ice units are playing.

AREA SOLDIER AMONG GROUP SLATED TO REPLACE DIVISION SERVING IN GERMANY

FORT CARSON, Colo. — Pvt. Robert H. Greener, son of Mr. and Mrs. Herman Greener, Route 1, Pep, Texas, is scheduled to leave the U. S. August 30th (today) for Europe, as part of Operation Gyroscope, the Army's unit rotation plan.

Greener is a member of the 8th Infantry Division which has been stationed at Ft. Carson, Colo., and is replacing the 9th Infantry Division in Germany.

A mechanic in the 3rd Battalion's Headquarters Co. of the division's 13th Regiment, Greener entered the Army in January of 1956 and received basic training at Ft. Carson.

The 22 year old soldier attended Texas Technological College.

BLUESOE YOUTH MAKES HONOR ROLL AT WAYLAND IN FRESHMAN YEAR

Wayland College seniors led summer students on the Dean's Honor list for the nine weeks term just closed, with four representatives out of the 11 who made 2.00 averages or higher. But a Cochran County, former Bluesoe student, was the only freshman to make the select list.

Jerry Morris, Sulphur, senior; Folonoso Bamiloko, Iva, Nigeria, a junior; and Rosina Jaaha, Lagos, Nigeria, a sophomore topped the list with straight "A" records.

The only freshman to make the select list was Johnny Tins of Bluesoe, with a 2.42 average.

They Just Wouldn't Use the Vaccine So Chicago Has Epidemic of Polio

The most tragic aspect of Chicago's polio outbreak is that it came at a time when the long fight against the crippling disease was almost won. The scientific genius of Dr. Jonas Salk and other researchers, coupled with the tremendous production effort of the nation's pharmaceutical manufacturers, have at long last given mankind an inexpensive, plentiful vaccine that promises to end for all time the ravages of paralytic poliomyelitis.

Whether mankind will take advantage of this golden opportunity remains to be seen. The Chicago Board of Health reports that no one who received the full three shot series of Salk inoculations contracted polio during the outbreak. Yet, at the same time, it deplored the fact his lethargic and indifferent parents were not seen to get it that their children received their second or third shots of the vaccine.

The National Foundation for Infantile Paralysis also has expressed concern over the drop off in inoculations. Of the 71 million American children most susceptible to polio, it reported, less than half have sought Salk protection.

The lesson to be drawn from this seems clear: the noble efforts of Dr. Salk, plus the dedicated effort behind the production of over 80 million doses of vaccine by the nation's pharmaceutical houses in the past 16 months, will have gone

for naught unless all those who need the vaccine's protection, it. In Salk vaccine, mankind has a powerful weapon that may lead to final victory over paralytic polio. But the weapon must be used. The battle is to be won.

ODDLY ENOUGH by WALDMAN

MOLYBDENUM (CALLED MOLY FOR SHORT) WAS FIRST USED TO HARDEN SWORD BLADES 700 YEARS AGO, BUT THE METAL WAS NOT WIDELY USED UNTILL

WORLD WAR I MOLY WAS ALLOYED WITH STEEL TO HARDEN THE BARRELS OF HUGE GUNS.

TODAY AGRICULTURISTS ARE LEARNING THAT MOLY IS NECESSARY TO THE GROWTH OF ALL CROPS, CITRUS FRUIT, LEGUMES, AND OTHER CROPS GROW BIGGER AND BETTER WHEN ENOUGH MOLY IS IN THE SOIL.

Exploring A Grotto

WONDERS OF JEITA: The entrance to the Grotto of Jeita, about 10 miles from the Lebanese capital of Beirut, gives an idea of the fairyland of stalactites and stalagmites that adorn its interior. Here two young amateur speleologists paddle their way into the cavern in a rubber dinghy.

Grotto of Jeita is Wonderland of Ice

The vast interior of the little-known Grotto of Jeita, tucked away in the Lebanon mountains about 10 miles North of Beirut, beckons as a challenge to man's courage as he seeks to push back the frontiers of speleology.

The grotto of Jeita is one of the stages on which nature has chosen to enact a wondrous drama composed of stone and water and to stage it against a magnificent backdrop of frozen draperies and curtains that entrance the eye.

Hanging in innumerable shapes and forms, the stalactites and stalagmites have fascinated the speleologists who have ventured into the interior of the vast cave. In sculptured perfection simulated eagles loom over the abysses. Layer cakes, tapering candles and totem poles point at the vaulted top. Fine formations like combed fleece spread out to dry line the slippery walls. Translucent layers resonate like cymbals when tapped with metal. Other forms hang down like candelabra of the finest crystal, reflecting light with pinpoint brilliance, dazzlingly beautiful.
