Conser. Reserve Program Explain'd By ASC Office

The following is a release from the office of the Cochran County ASC:

This is how the Conservation Reserve Program works:

All farm land regularly used in the production of crops is eligible for the Conservation Reserve.

The contracts which producers sign to participate in the Conservation Reserve part of the Soil Bank program run from 3 to 15 years, depending on the practice carried out.

Two types of payments are available for participation—a cost sharing payment which may cover up to 80 percent of the cost of establishing the practice, and an annual payment for the period of the contract. This payment in Cochran County is \$10.00 per acre.

If an approved grass cover is already on the land, contracts for 1956 may be signed not later than OCTOBER 15, 1956. The contracting period for practices to be carried out in 1957 will begin after the first of the year.

The farmer must agree to maintain the practice for a period of years: three to five years for land already in approved cover crop; five to ten years where grass cover must be established; and 10 to 15 years when planted to trees.

Meetings will be held in the county to explain the program as soon as more details are available.

Alexander said he has made the boys understand good clean play is essential and that they must do in their studies to be allowed to do on the gridiron. He added he knows little or nothing about any of the opposing teams.

The coach urged the support of the fans as one of the important things in building a team. He said you must have parent cooperation to do anything with the boys.

Regulations On 1957 Soil Bank Are Released

Any producer who has an "old grower" wheat allotment may take part in the 1957 Soil Bank Acreage Reserve Program. Producers on farms which receive an allotment as a "new grower" for 1957 are not eligible for participation in the 1957 Acreage Reserve Program.

The Acreage Reserve Agreement only covers crops on which allotments are in effect, and is signed for only one year at a time.

The Acreage Reserve Agreement must be signed by each person who as owner or landlord has control of the land or is to receive compensation under the Agreement.

Producers may designate as much as 50 percent of their allotment or 50 acres, whichever is larger. The minimum acreage which may be designated is 3 acres or the wheat allotment, whichever is smaller.

No crop may be harvested from land designated for the 1957 wheat Acreage Reserve, and none of the acreage may be grazed.

The rate of payment for wheat placed in the Acreage Reserve in Cochran County is \$12.00 per acre on irrigated wheat and \$7.20 per acre on dry land.

September 21 is the deadline for signing Agreements to place the 1957 crop wheat acreage under the Soil Bank's Acreage Reserve.

This continuous body of water, convenient to virtually all Texas sportsmen, will become a center of a great new recreation industry. This Land of Lakes of Texas will provide boating, fishing and camping facilities on a scale never before known in the Southwest. They also will assure the Brazos Valley of an ample water supply for irrigation, industry and municipal use far into the future. A by-product will be hydro-electricity. Besides the Six-Dam Program, the Authority plans various other reservoirs for local water supply and for special purposes, such as Allens Creek and South Bend, shown on the map.

MAPLE WINS LEAGUE TITLE WITH DOUBLE SHUTOUT OF WHITEFACE

The long tenure of "always a bridesmaid but never a bride" was ended for Maple's Softball team here Tuesday night as they won a 5-0 verdict, their second consecutive shutout, and their first local softball championship.

It ended an eight year drought of championships for the boys from Maple, most of whom have played with the same team the past four or five years. This year, there was no doubt about it. They deserved the win all the way having dropped only one regular season game and one tourney playoff game.

Casey behind the one hit hurling of Don Lamar, they won easily. Don was in trouble only twice and on each occasion Whiteface base running ended their own threat.

Maple finished first in the loop regular play losing only one game during the season.

Whiteface finished third behind Morton.

In Monday's game, Don Lamar gave Whiteface only two hits altho wild, but each time he was in trouble he managed to get out of it.

Maple meanwhile hit Elvin Johnson like they owned him, banging out 13 hits including two triples, a home run and six doubles.

Five Whiteface errors also hurt the loser's cause in a game that was tight for only two innings.

Maple was presented with the trophy for first place and the Whiteface team got a runner-up trophy.

The Morton Softball playoff roared into its final playoff Thursday after Maple had scuttled Causey in their rubber game of a three game series and Whiteface of Morton. Both games Thursday were run-a-ways.

QUEEN CONTEST; PARADE; DOG SHOW ARE THREE OF FEATURED EVENTS OF FAIR, SEPTEMBER 21 - 22

Preparations for the Second Annual Texas' Last Frontier Fair continued this week as pre-Fair interest began to mount.

Directors, at a meeting last Friday, were especially interested in emphasizing four main points of interest.

First of all, anyone entering any phase of the competition, should secure an entry blank from the office of the County Agent. He or she can also secure a Catalogue with all the Fair rules, at the same time.

Secondly, the directors have undertaken to sponsor another Dog Show this year, on Saturday afternoon, with the prizes this year to be furnished by the Fair.

Some resentment was felt last year as the company that was to have supplied prizes for the Dog Show did not come through with the awards. The directors apologized for this difficulty, but decided the interest in the dog show was too great to pass it up this season, even though some might be very disappointed over the final outcome of the dog show last year.

They also reminded local folks of a parade will be held on the afternoon of Friday, September 21, but the time has not been set. Awards will be made to the winning float in this event.

Other points discussed were the ways in which to stimulate more interest in Community booths. Only a couple of entries were received in the Community Booth project last year. This year the directors hope every community, even the communities within the area not officially a town or city, such as Wells of the County Line area; of Farmall, etc., will have an entry in the community project as well as some individual entries. For a Community booth, see the Fair catalogue for a list of items that may be included, and the rules.

As for mercantile booths, local merchants will be contacted beginning later this week and asked to plan a booth. Anyone wanting a booth should contact Roy Turner, Jr., if it's a merchants booth; Bill Glassford if it's a club concession; or Gene Huggins, if it's an implement booth.

The Cochran County Sheriff Posse which has been relatively quiet for the past few weeks, set for themselves four rides, at a meeting Tuesday night—the first ride planned for this afternoon at the Littlefield Jaycee Rodeo.

Next week they will parade at the combination Levelland Rodeo & Fair. Then on September 28 the group is planning a big three day venture into New Mexico. Appearing at Portales on the 28th, they go directly from there to Albuquerque to the New Mexico State Fair on the 29-30-31. They'll have a chance at several awards there.

WE MISSED Monday, what would have been a very interesting conversation at the East Side Cafe with a woman who lived in what was Cochran County, 50 years ago. In other words, some 18 or 20 years before the county was folded, her daddy had a farm in the area near the County line of Lamb County. There he raised a acre cotton crop, what was said to be the first cotton ever raised in this area, and which he had to haul to Lubbock to have ginned. It was a long haul in those days, with roads, only paths in which to haul supplies by wagon.

NO WAN AMARILLO resident, was passing through town and stopped to eat breakfast, talking to the barber and others in the cafe in Cochran County of 50 years ago. There were only two places in the area, her daddy's and one on her ranch. Her father got a calf from slughters as a premium for "1st" bale.

SOFTBALL SEASON is finally over and we think the average player and fan in Morton is glad. It was a good season, considering the obstacles that were surmounted, but football season is here, and most everybody is ready. After a long struggle to get the new diamond built, an even harder struggle to get everything paid for, and a sometimes almost impossible task to get someone to umpire the games, the season still was well received. Had we been able to get the diamond built in time and get the games going when they were supposed to, instead of a month late, the season would have been a lot better and the number of fans would probably have doubled.

Big Doings on Tap Oct. 6th - 19th At Texas State Fair in Dallas

The State Fair of Texas has done it again. The 1956 program, now virtually completed, is one America's biggest fair can well be proud of, officials have said. The fair runs Oct. 6 - 21.

There are two extraordinary new features: the "Esplanade of Light" a dazzling sight to see with dramatic illumination and scenic water effects, most spectacular lighting since the Texas Centennial. And plans call for installation of America's only Monorail transit system for a thrilling ride across the fairgrounds.

There will be daily performances of "Damn Yankees," Broadway hit musical satirizing big league baseball; Ice Capades, featuring a lavish production of "Peter Pan," and Joie Chitwood's auto daredevil.

DIXIE LOVELACE TELLS OF TALENT CLUB TOUR; THANKS SPONSORS FOR THE CHANCE TO GO

By DIXIE LOVELACE

This year I was one of the lucky Talent Club winners from this region. Members of the Talent Club are chosen from complete 4-H records, and the competition is pretty stiff. The all-expense paid trip is given by the Producers Grain Corporation in cooperation with the Texas Extension Service.

The Talent Club tour started on August 19 when the 4-H Club members and the employees of the Producers Grain Corporation had a banquet in the Crystal Ballroom at the Herring Hotel in Amarillo. Pictures were shown of previous Talent Tours. J. Frank Triplett, Vice-President and Manager of PGC gave the welcome and introductions.

The next day we visited the Amarillo Terminal Elevator. We went through the laboratory, elevator, feed mills and warehouse. We then went to the Southern Farm Supply where we watched the running and mixing of oil, and the starting of different farm supplies according to season.

We had lunch at the Amarillo Club. Mr. Triplett told us about cooperatives, what it means, how it works for people and also the history of it. Bob Cooper gave a flannelgraph discussion in "4 ways of doing business, from A & M Extension Service. Bruno Schroeder, told about his part of the country in South Africa. In the United States we think of agriculture as the type of soil, then it means the profit of the owner. He showed us a ranch of the largest ranch in the world, which was in size, five million acres and the movie was of everyday happenings in wild life.

Mr. James Line, from Bushland, Texas, told "What Farm Cooperative Means to My Community."

We left the Amarillo Club and went to visit the General Office of the PGC in the Fisk Building. We met most of the personnel of Producers Grain.

Back to the hotel we dressed for a swim and picnic at the Thompson Pool and Park.

Tuesday morning we ate breakfast in the Junior Ballroom on the second floor of the Herring Hotel.

Eight o'clock we said goodbye to Amarillo and visited Fort Jordan, near Clayton, New Mexico.

Prizes will be given in his division of the Fair.

Local Scout Back From 'OOA' Trip To Indiana Camp

Johnny Stockdale, son of Mr. and Mrs. Fred Stockdale, returned this week from a week long order of the Arrow. Scout meeting at Bloomington, Indiana, home of Indiana University. Johnny was one of only two Scouts from this region to be given the honor to represent the region. The other was a Loveland youth.

The local, high ranking Scout, who has among his achievements the Eagle rank and the God and Country award, reported having a wonderful time among the 2,500 representatives from all over the country. The boys were quartered in the dormitories at IU and ate in the school cafeteria. Though he was there for a week, Johnny reported having such a full schedule of activities he was unable to go to Indianapolis (about 80 miles or so farther north), to visit an aunt, sister of Judge Stockdale, who lives there.

Days in a car. Here we could see across the valley and down on the small villages. We went back to "Trillies" for Mountain trout and then went to the Community House, watched and took part in the activities of which we were special guests.

Saturday morning we bid Red River goodbye and traveled out of the mountains into flatter ground. We stopped in Santa Fe for a few minutes. We ate dinner in Santa Rosa. Getting closer to Amarillo, we stopped to visit the Farmer's

Co-op Association in Tucuman. Charles B. Willis, Manager, told us of the Coop there and the history.

Setting our watches up one hour to CST, we arrived in Amarillo at six p.m., everyone tired and a little sore. We disbanded at the Dairy Queen after a trip that had taken us about fourteen hundred miles.

I want to express my deepest appreciation to the Producers Grain Corporation, who made this trip possible for sixteen 4-H boys and girls of Texas.

KENNY PROGRAM EXPANDS. Trainees watch a graduate Kenny Therapist administer the Kenny treatment to a little patient at Elizabeth Kenny Institute, Minneapolis, Minn., the Elizabeth Kenny foundation's International Kenny Therapist Training center. Upon graduation, Kenny Therapists are assigned to Kenny treatment centers in strategic cities across the nation. Kenny techniques have been found beneficial in the treatment of crippling disorders other than polio. As a result, the Kenny foundation has begun a rehabilitation program that is available to persons of all ages with nerve, muscle or joint disabilities which its medical staff believes may be lessened by such treatment.

JAYNE MANSFIELD LAUDS KENNY FOUNDATION. "It is most comforting to know that the Elizabeth Kenny foundation is not only continuing its fight against polio crippling, but is expanding its program to include the rehabilitation of victims of many other neuromuscular disorders," Jayne Mansfield, star of radio, television and stage, declares in an appeal in support of the organization's 1956 fund campaign. Miss Mansfield, shown with a portrait of the late Sister Kenny, is being heard in television appeals across the country.

Careers for Your Child
AERONAUTICAL ENGINEERS By Igor Sikorsky

If your son loves building model planes, shows an aptitude for mathematics, is interested in things technical — you'd be wise to consider aeronautical engineering as a career for him.

The airplane begins as an idea set down on the drafting board of the design engineer. His fertile mind is the basis for all air age progress.

Test pilots and aeronautical engineers work closely together. The new plane is tested and re-tested for signs of weakness.

With America's future in the sky assured—the need for aeronautical engineers is a certainty. For additional information write: New York Life Insurance Company, Dept. CF, 51 Madison Avenue, New York City. Ask for booklet, Should You Be an Aeronautical Engineer by Igor Sikorsky. It's full of information on career possibilities in the air age.

AIR TRAVEL TIPS
 By MADEMOISELLE SABENA

Long before things begin to get hectic, the smart girl gets her passport, arranges her wardrobe and attends to easily forgotten details.

Wear a travel suit with a gored skirt for a comfortable flight. A large over-the-shoulder bag with many compartments will give you lots of room for necessary in transit knick-knacks.

Before leaving one country to enter another, secure a small amount of currency of the country to which you are going. This will take care of tips at the airport and hotel and pay for transportation to town. Saves rushing around at the airport to secure proper currency.

Always make sure you look your attractive best. Travel is fun because of the lasting friendships resulting from casual meetings. You'll get to know people — get out of your shell.

Jaycees Will Honor 1st Bale Winner At Monday Meeting Will Hear Coaches

The Morton Jaycees scheduled a busy schedule for themselves next week at their Monday meeting, starting the official presentation of funds collected on the first bale of cotton, to the raiser of the First Bale, Mr. French, a visit with the coaches of the Morton staff, both new to this city, and will invite a group of local businessmen to also enjoy the session.

The Jaycees will each bring a local businessman as guest to the meeting Monday.

Bill Glassford, chairman of the committee writing to ex-president Harry Truman reported that his secretary signed the registered letter a week ago, but no reply had been received.

Elwood Harris, advised the Jaycees they have a big job ahead in the promotion of the Fair. He asked that they handle the pro-Fair advertising; that they sponsor a booster trip or two a few days in

advance of the Fair, and that they have a Fair Queen contest with a candidate or candidates from each of the area schools.

To handle the queen contest the Jaycees appointed John Barnes, S. M. Monroe and Eddie Irvin.

Merlin Roberts reported the 1st bale money had reached \$283 and estimated the final total, in cash and trade would amount to approximately \$500 at the conclusion of the drive.

The group also voted to sponsor a booster trip to Seagraves Friday night for the Morton - Seagraves football game. The story on this trip may be found elsewhere on the page.

VISIT PARENTS HERE

Of our four area teams — only Whiteface is at home tomorrow night. We hope all of you folks in that area are at the game at Whiteface helping boost the Antelopes off to a good start against Tatum. In the Six Man circuit, Bula travels a long way to meet a highly regarded Paint Creek team — and Three Way invades Dawson. We wish the best of luck to both of these teams. And as for Morton, they'll be travelling to Seagraves. At 6:00 a football Caravan will roll toward Seagraves. We hope you'll be in the Caravan. Bring your car, full of fans, to the square at 5:45 to get it decorated free by the Jaycees. At 6:00 we all leave in a group. C'mon out and help us boost the Indians to a victory. These merchants say, "we're with you — lets go get 'em."

Supt. John Barnes, the new member brought with him, Coaches Verward Alexander and Bobby Travis to introduce them to the group...

Barnes told the group he appreciated the fine support he had already had from the people of the community and asked that they be visitors to the school as often as they liked...

Coach Alexander said the boys are being taught good clean play, and must first do well in the classroom before playing football.

In Lions business, President Fred Stockdale told the group the directors would have to work out a new eating place as the Methodist Women couldn't serve them after the next few meetings...

fill the position vacated by LeRoy Scott would be appointed. A director's meeting was held to accomplish these two ends.

Lion Roy Gentry gave a short report on the rodeo and Lion boss Fred Stockdale thanked him and all the other Lions who worked on the rodeo.

Twenty-two Lions attended the luncheon meeting.
