## Waylan Hodges Rites Are Held At Littlefield

Funeral services were held at the First Baptist Church in Littlefield for Waylan Hodges, 36 year old brother of Mrs. G. E. Skaggs, of Morton.

Hodges, twice a farm resident of this county, died of a heart attack last Wednesday. Rev. Hemphill of Littlefield and Rev. Fields of the First Baptist Church of Friona conducted the final rites and burial was in Memorial Gardens at Littlefield.

Waylan, son of Mr. and Mrs. C. H. Hodges, was born Oct. 11, 1920, at Comanche County. He moved to Morton in February of 1940 and for that year, he married Rosie Hubel of Anton. They lived on a farm 2 miles west and one mile north of Morton. Four years later they moved away but came back in 1950 and 1951, living on the same farm. From there they moved to Littlefield where they had resided until about 11 months ago. Then they moved to Friona. He served in the War spending 20 months in the service, 15 months overseas.

Survivors include the wife, Rosie, and son, Gary of Friona; the mother, Mrs. C. H. Hodges of Whitharral; two brothers, Buck Hodges of Whitharral and Floyd Hodges of Post, and two sisters, Mrs. Floyd Collier of Whitharral and Mrs. G. E. Skaggs of Morton.

Among those from the area who attended the services besides the Skaggs family were the Irvin Merritts.

## Final Rite for Father of Mrs. Roy Hickman

Final rites were held at the First Baptist Church in Dimmitt, Monday at 3 p. m. for 78-year-old Bert A. Fuller, pioneer resident of Dimmitt, who died in the Castro County Hospital after an illness of 3 years.

Fuller, who had been hospitalized for the past four months, was the father of Mrs. Roy (Christine) Hickman of Morton. Mrs. Hickman had been at his bedside for most of the past few weeks.

Rev. George Ray officiated at the final rites and burial was in Castro Memorial Gardens under the direction of the Dennis Funeral Home.

Mr. Fuller was born in English, California. He moved to Marlin in the early days of the cattle boom. He was married to Miss Chasia Hicks at Prairie Hill. The couple moved to Lubbock in 1914 and to Castro County in 1917. Fuller farmed and ranched there until 1946 when he retired.

Survivors include his wife, one daughter, Christine, five brothers, six sisters and five grandchildren.

Attending the funeral rites in Dimmitt from this area were the Hickmans, Mr. and Mrs. N. H. Stead, John L. McGee, Joe Nicewarmer, Earl Crum, Willard Cox, Virgil Riley, M. C. Ledbetter, all of Morton, and George Smith and mother of Whiteface.

## Quail Season Ends In County On December 15

Mrs. Lee Taylor, County District Clerk advised this week that quail season for Cochran County this year is December 1 through December 15, both dates inclusive.

A mistaken opinion seems to be going around that the season lasts until January 15. This may be true in other counties, and may be a state law, but a special bulletin received by Mrs. Taylor sets the open season date for this county, Dec. 1 through Dec. 15, both dates inclusive.

The bulletin sent to Mr. Taylor, referring to many counties, did not make any reference at all to the adjoining counties, Lamb, Hockley, Bailey or Yoakum. Mrs. Taylor advised hunters to make sure about the open season to those counties before hunting.

## Senior Class Plans Pancake Supper

The Morton Senior Class will be hosts for a pancake supper, Saturday, December 8, from 5 p. m. until 9 p. m. at the County Activities Building.

Tickets are 50 cents for adults and 25 cents for children.

## Win Free Trip Back To Old Mexico — Wages Too Low; Wetbacks Decide To Complain To Sheriff's Office

Two cotton harvest laborers, both of them "wetbacks" found a quick way to get a free trip back across the border, Monday night.

The men, identified as Jacinto Munoz Elezondo, 19, and Catalino Cruz, 31, appeared at the Sheriff's office complaining of low wages they were being paid on a farm here.

To prove they were in earnest they brought along an interpreter. Asked to show their papers entitling them to legal entry to this country, the men hadn't any.

"I tried to tell them," the interpreter told officers, "that they would be sent back to old Mexico, but they said they didn't care."

On Tuesday, the area unit of the Border Patrol, out of Lubbock came after the men. They will, like all wetbacks, get a free ride to the coast, as soon as enough have been gathered at Lubbock to make a full load and at the coast they will be loaded aboard a ship and transported to a point well down in Mexico and there put ashore to find their way back home, or, as is often the case, back to the border for another illegal entry.

Local officers were undecided whether the two men were really so upset over the low pay they were receiving, or if

they realized the nights are getting cold, and didn't relish the cold trip coming up in a few more weeks. Evidently they weren't too unhappy about the prospects of going home.

## Three Are Held In 'Rolling' of Tyler Man Saturday

A 51 year old Tyler Texas Negro claimed last week he was "rolled" and relieved of more than \$50 on an evening drinking spree with a Negro man and woman and an Indian woman who has been living in Morton.

Victim of the "rolling" was Jim Holmes of Tyler who told officers he had been drinking with the trio of companions and when he passed out he was relieved of the money. He wasn't exactly sure of the total amount he lost.

Arrested on charges of theft of over \$50 a felony, were Robert Louis Garrett, 21 and Lois Jean Garrett, 23, both Negroes, and Rosine Burdine, 43, a Creek Indian from Boley, Oklahoma. The Negro pair were from Oklahoma City.

Conflicting statements were obtained. In one statement held by the Sheriff's office, Rosine Burdine related a trip to a bar just across the state line, where alcohol was purchased, and said after Holmes passed out she lifted the \$50 from his pocket, gave \$30 to the other pair and still had the \$20 in her possession when arrested. Holmes believes another \$30 was taken from him while he was just outside the bar — a charge that would have to be brought in New Mexico.

## Cotton On Ground Catches Afire

The local volunteer fire department was called out Monday afternoon to douse a cotton fire in loose cotton stored on the corner of a cotton field block west of the Morton High school.

The cotton was badly burned. No estimate of loss was available.

## REFERENDUM SET DEC. 11TH

This is a reminder to all cotton farmers that a referendum on Cotton marketing quotas will be held on Tuesday, December 11.

Whether or not quotas are to be used for the 1957 cotton crop is an important decision, and one that will be made by those farmers who take the trouble to vote.

All farmers who engaged in the production of upland cotton in 1956 will be eligible to vote in the referendum. This includes growers who participated in the 1956 cotton acreage reserve of the Soil Bank.

The referendum will be held at the County ASC office between the hours of 8:00 A.M. and 7:00 P.M., December 11th.

## Mrs. A. R. Lindsey Slightly Injured In Auto Mishap

Mrs. A. R. Lindsey of Morton was treated for minor injuries sustained in a three car collision in Lubbock Sunday.

Mrs. Lindsey was a passenger in the car with her husband when the accident occurred in the 4600 block of 19th Street.

A Reese Air Base man and a Lubbock man were the other drivers. Mrs. Lindsey was dismissed from the Methodist Hospital after treatment.

## Two Arrested On Drunk Driving

Two men were arrested on DWI charges in Cochran County last week, both by City Policeman Bill Burkett. One pled guilty, the other entered a not guilty plea.

Richard Allen Belcher, of Farmington, New Mexico entered the not guilty plea. He was arrested on Saturday.

Three days earlier, Burkett arrested Manuel Rodriguez of Del Rio on a similar charge. He pled guilty, was fined \$50 and costs, & lost driver's license. He also spent three days in jail.

## Christmas Lights Go On In City

Christmas lights went on in the City Saturday night, the same crisp cold downtown lights that have decorated the local square for several years.

The colorful lights are the first phase of holiday recognition that comes to Morton each year. There was no immediate word on how soon the nativity scene would be erected, whether or not Christmas music will be played from the Courthouse, and whether or not the Lion's club Christmas tree planted on the square two years ago, is to be decorated.

# TWO MEN ELECTROCUTED IN LUNCH HOUR MISHAP

## RED CROSS AIDING HUNGARIAN REFUGEES

A Hungarian refugee, one of thousands fleeing to the USA from strife-torn Hungary, is fitted with a coat by a Red Cross worker before leaving Camp Kilmer, N. J. She is Mrs. John Bausen, of Cleveland, Ohio, who with her husband, are sponsoring this young man. The Red Cross, serving sufferers since the beginning of the uprising, in distribution of food, medicine, clothing and other necessities in Vienna and Budapest, is launching a campaign for \$5,000,000 in this country to meet costs of the mammoth humanitarian program. By the end of the year the Red Cross will be feeding over 200,000 victims daily in Hungary, besides supplying needed clothing, fuel and medical supplies.

Two Latin Americans, working at loading cotton on the Francis Shifflett farm west of Morton, were electrocuted at around 12:30 p. m. yesterday afternoon when a piece of irrigation pipe they were holding came into contact with a high line.

Only one of the dead men had been identified late Wednesday. He was Hugo Neagle, about 35, who, according to a brother-in-law, "lives somewhere in Morton."

The other, about 22 or 23 years old, was believed to have come to this area from Artesia, N.M.

According to L. W. Barrett, local Singleton Funeral Home manager, the men had been hired by a Latin American former-miner working for Carl Griffith, farmer-shipper. He Griffith did not know the men's names. A man who visited the funeral home late Wednesday night, Roberto Fuente, said his brother, Luis Fuente was one of two other men with the victims when the electrocution occurred. Fuente said he thought both the victims lived at Carl Griffiths. He said both were married, and Neagle had three children.

As far as could be ascertained by the Tribune late Wednesday, there were four men in the group at the time the accident occurred. They saw a rabbit run into an irrigation pipe, lifted the pipe to detect the rabbit, and brought the pipe into contact with a power line. Two of the men were dead on arrival at the County Hospital. The other two were not seriously hurt and were released. The night staff did not have their names.

Fuente told a Tribune reporter and Constable Cecil Edwards, that Neagle's wife knew of his death and was waiting for her father to come. But he did not know where her father was coming from. One of the dead men is believed to have a father living in Bledsoe.

It was the third time in the past two years an almost identical accident has occurred. An Enochs area laborer was killed about a year ago when he held an irrigation pipe against a highline while trying to dislodge a rabbit. Another Negro laborer was found dead and thought to have been a victim of a similar accident.

Two Lehman youngsters were burned, but not seriously only a few months ago in a similar mishap.

## Scout Funds Still Lagging

The current Scout Fund drive is still far short of its goal according to Olen Harris, treasurer of the drive. Harris said this week only slightly over \$400 of the overall quota has been reached.

He urged everyone who has not been contacted to get in touch with him for a donation. He also urged all the fund drive workers to finish their canvass as soon as possible so the drive can be completed.

# MEETING MONDAY NIGHT TO EXPLAIN COUNTY'S COTTON ALLOTMENT LOSS

## Possibility of Protest 'No' Vote On Marketing Quotas Seen By Local Man

A call meeting of the Cochran County Cotton Growers Association has been announced for Monday night, Dec. 10, at 7:30 o'clock in the County Activities Building, Willard Cox, group president, said Wednesday.

Up for discussion will be the possibility of a protest vote against marketing quotas by county farmers.

Everyone interested in cotton is invited and urged to attend the meeting.

The action follows the announcement last week by Dale Carter, Plainview, ASC district representative, that Cochran County's cotton allotted acres would be cut from 75,304 in 1956 to 74,452 in 1957 — a reduction of 752 acres.

He also announced that all counties surrounding Cochran would receive additional acres: Lamb, 13,266; Bailey, 5,322; Yoakum, 2,106; and Hockley, 2,951.

(By error the cotton story in the Tribune 8 Day Special sold county-wide farmers would receive about 30 per cent of their allotted land for cotton — this should have read that only about 30 percent of the county's total acreage of tilled soil would be allowed for cotton.)

Following the mailing of individual allotment figures Monday, most farmers were reporting cuts of around 6 percent in their acres.

Cox said that a protest vote would not affect the marketing

## WHA' HAPPEN'D HERE

Why did Cochran County farmers have their 1957 cotton allotment acreage cut by 752 acres when ALL neighboring Texas counties received from 2,000 to 13,000 additional acres for their cotton growers?

Why were Cochran County cotton growers thus discriminated against?

Was it due to some clerical error?

Was it because Cochran County voters voted to the Democratic line in the last two general elections?

Was it because a government official, or officials, failed to keep the growers informed of current trends in agricultural laws?

Was it because farmers failed to make reports that they have held, and told, they were responsible for?

Was it because local cotton growers followed the advice of soil conservationists during non-allotment years and turned cotton acres to other crops?

Or, was it due to Cochran County cotton growers' honesty in reporting cotton acres planted over the years?

All these, and many more questions, have been on the lips of area farmers since the overall allotment figures were unleashed last Friday by an official of Plainview.

Whatever the cause, it is time it was corrected. Cochran County growers were not only cut 752 acres, but they were derived of additional thousands of acres that were rightly due them — much more of this and Cochran County will either have to turn to another crop altogether, or abandon the idea of farming.

## Bledsoe Curve Injures Airmen

The Bledsoe curve, one of two curves on roads in the area that regarded as highly treacherous, injured two more men Saturday, a pair of Reese Airmen whose auto missed the curve and went out of control.

Two of three men in the car were rushed to the Cochran County hospital about 9:30 p. m. They were transferred to Reese Air Base on Monday.

One of the men, Warren Miller, was seriously injured with a broken back. Robert King was said to have several broken ribs. A third man, who didn't go to the hospital until Sunday, was thought by local law officers to have a broken shoulder.

The accident, which occurred on State Road 125, between Bledsoe and the New Mexico line, was the third in the past two months to be reported and Deputy Slick Nichols said on another instance a car evidently left the road on the turn leaving tire skid marks and scraping posts nearby, but evidently did not overturn.

The automobile the men were driving was almost demolished.

## Church Sing Set At Trinity Baptist

Everyone is invited to come to a singing at the Trinity Baptist Church at 2:30 p. m. Sunday, December 9th.

According to Mrs. J. W. Jeffcoat, church clerk, other local churches are invited to bring a special number.

The Trinity Baptist Church is located across from the Veteran's Hall, in the building formerly occupied by the Primitive Baptist Church.

## Lingo Man Is Burned to Death Sat. Afternoon

A 78 year old farmer, who lived northeast of Lingo, just across the state line in New Mexico, was burned to death Saturday afternoon as his house went up in flames.

Shegman Brown, who had farmed in the general area since 1908, except for a short spell when he moved away, was found dead 15 feet from the door of his house, evidently on the spot he crawled to with clothes afire. Only scattered details on the death were available.

A neighbor found Brown's charred body after noting the house was afire.

Funeral services were held in Amarillo Tuesday. Brown is known to have several children, none of whom live in Cochran County. A son, Jim Brown, was married about a year ago to Miss Gloria Nations of Morton.

## Observer Corps to Meet Tuesday

The first meeting of the Ground Observer Corps being formed in Cochran County, will be held on December 11, at 7:30 p. m. at the County Activity Building, according to Earl Crum, who is in charge of the formation of the new unit.

Everyone is invited to attend and take part in this training school.

Set. Doyle of the Army Air Force office in Amarillo, will be in charge of the meeting.

Approximately 75 new members are needed to fill the posts in this volunteer organization, the purpose of which is to train to be alert in possibilities of enemy air attack.

## Mrs. J. C. Terrell Rites Tuesday At First Baptist

Funeral services were held in the First Baptist Church of Morton, Tuesday afternoon for Mrs. J. C. Terrell, 81, a resident of Forrest New Mexico.

Rev. O. S. Robinson and Rev. A. R. Coleman conducted the services and burial followed in the Morton Memorial Cemetery.

Mrs. Terrell died at 9:30 a. m. Saturday. She had been a resident of Forrest for about five years.

Survivors include three stepsons, Guy, Sam and Lucy Terrell, all of Shallowater, another step son, E. L. Terrell of Mesa, Ark., and four step-daughters, Mrs. Mae Towse, of Odessa, Mrs. Ina Everts of Drumright, Okla., Mrs. Maud Laney of Mesa, Arkansas; and Mrs. Rose Belle Bates of Rock Spring, Ark. Singleton Funeral Home of Morton was in charge of the services.

## Local FFA Will Be Host, Dec. 13, to District Banquet

Morton FFA Chapter will be the host to the District FFA banquet at the Cochran County Activity Building a week from tonight, on Thursday, December 13, at 7:30 p. m.

Proceeding the banquet will be the official selection of the District FFA Sweetheart in the Auditorium, according to Duane Knott, local FFA advisor.

Local girls competing for the local sweetheart title have been given an extra week. One candidate withdrew so at the end of the week, one girl will drop out and the remaining will vie for the local chapter honors until Dec. 12.

### Jaycees Name Committee On Christmas Program

A three man committee to coordinate the Jaycees Christmas plans with the plans of the American Legion to host a Christmas dinner on December 21, for all area youngsters who won't otherwise be recipients of a big dinner, was named by the Jaycees at their noon luncheon meeting Monday.

Spooky Russell, Bill Glassford, and Babe Van were named to the committee and immediately, Russell said he was working on a list of committee members to be named to carry out the project.

The Jaycees, who will sponsor a Christmas special show, to be shown to children all over the county with a toy, or can of food as admission, will donate these toys & the food to the Legion project. It will provide the 100 or more youngsters who will attend the dinner, each with some sort of a toy for

a Christmas present.

In other business attended to, a report on the football game sponsored by the Jaycees, though not complete, revealed that the Jaycees took in \$52.00 on concessions and an additional approximately \$30 on the gate, over expenses.

The group also voted to place the Jaycees meeting times on the band calendar to be published for next year.

The total gate for the game was \$549.15 it was announced.

Albert Morrow met with the group to tell what the Legion was planning for Christmas.

### Plains Minister To Preach At Eastside Church

A Plains minister, B. C. Stapleton of the Church of Christ, will preach the next Lord's Day for the Eastside Church of Christ in Morton.

A notice from a member of the congregation stated: "we are looking forward to having Bro. Stapleton and family and invite everyone to come and hear his message and worship in Truth and Spirit."

Bible classes are at 10 a.m. and 7:30 - 8:00 p.m. Also a service at 7:30 - 8:00 p.m.

The temporary meeting place is in the District Courtroom in Morton.

The "Eb Dendell" note continues "thought too outstandingly and I hope you will be able to be all present. Visitors from outside the community were Mrs. W. Randall, Lillian, Mary, and Mike Davis (children of Bro. V. V. Davis of Houston), and Sister Richardson of Livingston. We enjoyed and appreciated their visit and hope they come our way again."

Mr. and Mrs. J. J. Watts were visiting relatives in Abilene and Graham last week.

### WASHINGTON AND SMALL BUSINESS

It is quite possible that in the new Congress there will be quite a different attitude toward foreign relations.

The foreign aid programs for one thing, which have soaked up billions in American taxes, will be subjected to a long hard look. It is also quite possible that a close scrutiny will be given the United Nations.

Action by England and France in proceeding with armed might against Egypt, without UN sanction could well have great reverberations on Capitol Hill.

In fact, it ripples in many quarters that these two nations, supposedly standing shoulder to shoulder with the U. S. in holding down uprisings, pulled a sneak punch.

Two of the nation's most influential senators have already expressed doubt over continuance of foreign relations on the same old basis.

Sen. William George (D., Ga.) feels Anglo-British action will cause the end of NATO. Sen. William Knowland (R., Cal.) feels it means the end of the United Nations.

Neither of these Senators, it should be said, look with favor on Egypt's Nassar. But the report by individual nations to armed force perils the peace of the entire world.

Yet, despite the fact that England and France have been the

heaviest recipients of the \$70,000,000,000 in foreign aid extracted from American taxpayers, they refused to heed the requests of Washington not to start a shooting fracas. It is probably a tribute to American integrity that they started shooting without letting this country know in the knowledge that if America had known their intentions in advance, a protest would have been registered.

The nationwide membership of National Federation of Independent Business has on several occasions voted to curtail foreign aid expenditures.

While perhaps some have taken this to mean that the nation's independent businessmen are isolationist or against spending money for the promotion of peace, these opinions have been grossly in error.

Independent businessmen, operating at the grass roots level, have a sense of direction often lost in the rarified atmosphere of bureaucracy. Thus, they know that nothing is accomplished by bribes or blackmail, whether it be securing new customers, or securing the peace.

And it is ironic that arms bought with American gifts to preserve the peace were used to breach the peace.

Thus, many bureaucrats feel that England and France played a dirty trick on the U. S. by kind of a biting the hand that feeds them on a multi-billion-dollar scale.

Est along the Main Streets of America it was expected. This Main Street sentiment, long ignored by Congress, will be hard to slant aside in the coming session.

### CAROLE SUE KNOWLTON ENGAGED

Mr. and Mrs. R. E. Knowlton of Blodson have announced the engagement of their daughter, Carole Sue, to Medral Dwayne Grimes, son of Mr. and Mrs. A. M. Grimes, 2601 21st Street, Lubbock.

Visits will be read in Lubbock sometime in the early spring.

Carole Sue is a graduate of Blodson High and is now a sophomore at Texas Tech. Her fiancé, a grad mate of Tom S. Lubbock High, attended Tech for two years and is now employed as a radio announcer at Radio Station KLVT in Levelland.

### Mrs. Ed Howell Is Hostess for Wesleyan Guild

Wesleyan Service Guild met in Fellowship Hall on November 22 with Mrs. Ed Howell as hostess.

The meeting was opened with the ritual led by the President, Mrs. Fred Payne. The devotional was given by Mrs. Raymond Ross using the theme "Thanksgiving." The 100th Psalm was read, and also a poem entitled "Let Us Give Thanks."

The program was given by Mrs. Courtney Sanders using the theme: "The U.S. A Good Trustee."

Plans for the Christmas party were discussed.

A going away gift was presented to Mrs. A. Bernard who is moving to Lubbock. Refreshments were served to 12 members and one guest.

### Jayceettes Plan Christmas Party

On November 27, at 8 o'clock, Mrs. Eddie Irwin hosted the Morton Jayceettes in her home.

The president conducted a short business meeting during which it was decided to help the Jaycees sponsor a concessions stand at the Bela vs. Paint Creek football game.

The club also made plans for a Christmas dinner on December 17, with more plans yet to be made.

Refreshments were served to the group by the hostess to Mesdames Dexter Nebhut, Steve Monroe, Fred Payne, Roy Tarver, Jr., Buddy Hanna, J. T. Holloman, Bill Glassford, Eddie Irwin, and two guests, Mesdames Jerry Barton and Leonard Gandy.

### PLAINS COTTON GROWERS BACKING 8 CHANGES IN COTTON CLASSING

D. E. Berham and J. R. Kuykendall, Cochran County Directors of the Plains Cotton Growers, Inc., announced this week that the PCG was backing the eight changes recently recommended for improving of cotton classing for South Plains farmers.

The directors explained the eight recommendations were made unanimously at a meeting held in Lubbock November 29 attended by representatives of the PCG, the South Plains Farmer-Ginner Association, Farm Bureau, Farmer Union and businesses.

The eight specific recommendations the group listed as favoring the improvement of cotton classing were:

1. Establishment of uniform humidity equipment in all classing offices in this area, whether it be the Lubbock office or other newly established offices, and that cotton be allowed to condition from 12 to 24 hours before classing is done.
2. Multiple classing offices be considered for this area. W. O. Ferrinberry, President of PCG appointed a committee to study this program and report later. This committee is Curtis Boyd, Lubbock, chairman; John I. Bowling, Hale Center and Kenneth Partell, Brownfield, members.
3. Samples of bales taken at both gins and compresses were discussed and the group voted for more

uniform samples regardless of where taken and also recommended that the ultimate goal be the taking of automatic samples from gins.

4. Recommended the return to use of the class or 'pink' sheet by the classing office and that each classer be given a code number and it be placed on the pink sheet.

5. Establishment of a classing review board composed of one qualified classer each to represent the farmer, the cotton trade, and the government, and the grade given by this board be a final grade.

6. The date entered on the green card be the date the sample was received at the cotton classing office instead of the date the cotton was actually classed.

7. The Commodity Credit Corporation recognize and set a value for light spotted cotton in the govern-

ment loan.

8. This group as a body opposes any proposed change of the average grade and staple from 7-8 in. to 1 in. in the government cotton program.

The group also discussed a meeting next spring or summer in Lubbock to which USDA classing officials from Washington would be invited to discuss rules and regulations which will govern classing of cotton for the next season.

The cotton representatives went on record as endorsing the Smith - Dossy program and pointed out the recommendations were done so only with an eye towards improving the program, not as a criticism.

George Pfeifferberger, executive vice-president of the PCG, announced the recommendations would be presented to the classing officials in Washington.

## Information from FHA Office

Walter T. McKay, State Director of the Farmers Home Administration, has been advised by the Secretary of Agriculture, and the Governor of Texas revised routines in the execution of freight rate certificates entitling eligible applicants to reduced freight rates under Interstate Commerce Commission Drought Orders.

These orders provide in part that the class of persons entitled to reduced rates are those designated as being in distress and in need of relief by the United States Department of Agriculture or by such State agents as designated by the Department. The Secretary of Agriculture has authorized Governors of all drought stricken states to designate persons entitled to reduced freight rates. Effective November 15, 1956 Governor Shivers redelimited to all county judges in designated drought counties in Texas the authority to execute certificates.

Heretofore, FHA County Supervisors were authorized to execute certificates, and only stockmen who were eligible for emergency aid could obtain the certificates. This revised authorization will extend the benefits of reduced freight rates to all stockmen in designated counties," McKay stated.

**Lions To Help In Christmas Program; Discuss Chamber of Commerce Death**

A good turnout of Morton Lions were on hand at the Wednesday meeting of the club with 22 members and four guests attending.

Among the guests were Venton Thompson, new Church of Christ minister, Ermon Miller, Jack Wallace and Albert Morrow.

Morrow spoke to the group about the plans of the American Legion to have a Christmas dinner, on the evening of December 21, for the underprivileged children of this area.

The Lions club voted to prepare sacks of candy, fruit and nuts for the dinner, a sack to be presented to each child attending.

Morrow said from 110 to 140 are expected to attend the dinner. He said the Jaycees are working on a project to provide a toy for each of the needy children.

Named on the committee to get the candy, fruit and nuts and to see that it is stacked, were Truman Doss and E. L. Willis.

Wallace, the last Secretary of the now defunct Chamber of Commerce appeared at the request of one of the Lions to explain about commitments the Chamber had entered into, and about the Chamber's tie-in with the Retail Merchants. He explained about a debt outstanding for the Retail Merchants, which had been handled by the Chamber in order to keep it from dying. The Lions had been the scene of previous discussion on the subject, and since most of the Lions club members were formerly members of the Chamber, it was decided they would stage a drive

**Legion Meets Tonite; To Discuss Christmas Dinner**

A total of \$378 was collected and together with \$35 in the Chamber treasury, it made up a fund which was to be paid to liquidate the debt. Chamber directors who were members of the Lions agreed to hold one last meeting with an Internal Revenue man Wednesday afternoon, and then to officially kill the Chamber.

The main business will be the continuation of plans for the big pre-Christmas dinner for the underprivileged children of Morton.

Morrow said Legion members are to be appointed to the various jobs, cooking, serving, washing the dishes, etc. He also announced the Morton Jaycees and Morton Lions have voted to coordinate their various plans to help in the project.

He urged all Legion members to be on hand, warning that the mess duty may go to those who fail to show up tonight.

2,000 YEAR OLD SKYSCRAPER

Long before Manhattan Island was purchased from the Indians — at a time when the word "skyscraper" had not yet been coined — a magnificent twenty-story palace dominated the skyline of Yemen's capital city of San'a. This regal structure, known as the Palace of Ghamdan, was as great a tourist attraction two thousand years ago as New York's Empire State Building is today. Many historians have described the wonders of the famed palace, which had a ceiling of transparent alabaster so clear that the capital contains reportedly could distinguish the species of different birds as they alighted on the roof or flew overhead.

Because of Ghamdan and other palaces which once towered twenty to thirty stories in the air, the Yemenites can fairly claim that they were the first people to erect skyscrapers. Only traces of the palace of Ghamdan remain in present-day San'a, but the capital contains many seven- and eight-storied buildings with the same type of original architecture. Even today the upper windows of some Yemenite palaces are made of translucent alabaster instead of glass, and the lower stained-glass windows beam forth at night in multi-colored splendor. Although San'a is situated on a flat plateau, some of its buildings are so tall that from a distance it seems as though the city is built on elevated land. The average Yemenite, accustomed to climbing his country's steep mountains, is undaunted by long flights of stairs and instinctively seems to prefer tall buildings. Foreign visitors have noted with amazement that the Yemenites of the plains, when unable to live on high ground, erect a tall house — and chooses the top floor to live on!

Local Basketball Teams Win Three Tilts From Three Way Netters Tuesday Nite

Morton's High School Basketball team, though still playing a rough brand of ball, delighted an opening night home crowd with a triple win over Three Way, Tuesday.

Playing their last games before the opening of the Muleshoe Invitational Tourney which opens tonight, both teams finally won with apparent ease, after being pressed for most of the first three quarters of play.

Shirley Reeves paced the losers with 20 points, Doris Hefflin added 15 for Morton.

The varsity boys made it two wins in three starts by gaining a 51-36 win over Three Way. This

CALLAN GRAHAM, Former West Texas legislator and district attorney from Kimble County, has been named executive vice-president of the Texas Goad Roads Association at Austin. He will assume the post December 1.

margin, in a game filled with mistakes by both teams, came mainly over Morton had worn down the opposition. For most of the first half it was a close game. But a good bit of marksmanship in the third quarter sealed the verdict for Morton...

Playing without the services of their high scorer in the first two games of the season, Merle Newman, who has an injured back, the Indians found hard running Three Way a tough nut to crack in the first quarter. Paced by Jack Reeves 7 points, the Eagles took a 12 to 11 first quarter lead after trailing 6 to 0.

Three Way controlled the backboards in that initial period and garnered 16 shots from the field to 11 for Morton. Thanks mainly to the work of Clayton Flanagan and Clyde Brownlow, in rebounding, a rejuvenated Morton team got 20 shots in the second quarter and posted 7 on these while holding the Eagles to four baskets in 13 attempts. This resulted in a 20 point quarter for Morton and a 21-24 half time margin. Flanagan's three field goals in five shots, and Brownlow's six free throws and a field goal headed the second period surge.

Reeves picked up three first period fouls trying to halt Brownlow & Flanagan and when the second half started, he was fouled out of the game with only two minutes gone. With him went the best rebounder, and the best pointmaker the Eagles had. He had scored 11 of Three Ways 26 up to that time. In the 3rd quarter Morton's basket eyes became better. They sank 7 of 16 field goal attempts for a fine shooting average and built a 44-30 margin. Reserves played out most of the final quarter as mistakes became the rule, rather than the exception.

Flanagan wound up leading the well divided scoring with 13 points. Middleton had 10, Brownlow and Hawkins 8, and Eddie Thompson 7.

Middleton showed the best promise, passing off well, bucketing four of six shots and cashing in on a pair of free throws. Hawkins, a reserve, hit four of ten shots for a good .400 mark from the field and Eddie Thompson hit 3 of seven. Flanagan dumped in 5 of 13, in addition to turning in a fine rebounding game. Morton failed to cash in on 18 free throws, making 15 for a poor average. In addition the Indians committed 25 errors to only nine for Three Way, most of the miscues being on wild, hurried passes.

One of the best workers on the floor was Three Way's pint sized Ken Donald who hit nine points & turned in an excellent floor game. After the big boys had fouled out, Reeves and Holt, Donald's scrap was all that kept the Eagles in the game.

Mahan Sends Wire Urging Loan Price On Lt. Spot Cotton

LUBBOCK DEC. 4, (Spl.) — Rep. George Mahan has wired Secretary of Agriculture Benson, urging him to immediately act in motion plans which will guarantee a loan basis on light spot cotton for the 1957 crop year.

This action followed a meeting in Lubbock of representative farmers from approximately 30 West Texas counties on November 28. At the meeting a resolution was unanimously approved calling upon the Department of Agriculture to include a specific loan on light spot cotton in the government loan program.

Attending the meeting were representatives of the Plains Cotton Growers, the Farm Bureau and the Farmer's Union. Other industry & producer groups were also represented.

In his message to Secretary Benson, Mahan pointed out that the nation's cotton growers were losing millions of dollars annually by reason of the refusal of the Department to grant a special loan on light spot cotton.

Mahan pointed out that over a period of years he had joined with other West Texans in seeking a special loan on light spot cotton. This year such a loan was endorsed by the House Committee on Agriculture in a report made to Congress, and a Congressional hearing was held in Greenville, Tex., in October at which time the Department of Agriculture was condemned for its failure to provide for a special loan on light spot cotton for the 1956 crop.

Mahan expressed belief that the united front which has now been presented by all farm groups should mean a great deal in the campaign for a government loan basis

A REAL FISH STORY
The Roy V. Thompsons visited his brother and family in Houston last week. They reported having a wonderful time, especially fishing. Here, in the words of Mr. Tunnell, 10 year old son of the Thompsons, is the story of the trip.

"There were 14 fishermen who went out that morning. We went out about 55 miles at sea and set anchor and started fishing. One of the men sure got some and daddy was one of them. (I didn't know.) One sorta old man was fishing with two hooks on his

ery time he reeled in his line, but he was so sick he could hardly reel the line in. When he did he would 'throw-up', catch two more, 'heave' some more, etc. I caught twenty fish myself, beat daddy too. The 14 people aboard caught 1,300 pounds of fish."

### Lannie Autry Doing Better Father Says

Lannie (Gene) Autry, the 11 year old boy who was run over by an auto a few months ago and who lay in a Lattinfield hospital on the outside list for about two weeks, is showing remarkable recovery, his father said, Wednesday.

Lannie, who suffered a broken back, a sprained pelvis, and num-

erous other injuries when a car driven by a playmate roled over him, is slated to try to start walking in a few weeks. At the present he shows no signs of any paralysis. He will have some difficulty with his back, where vertebrae were broken, but the extent of this trouble will remain to be seen.

The father said the spirit of the plucky Little Leaguer is still very good and that he was doing fine in his school work studying at home.

het capital "T" was used. This letter to all recipe writers means tablespoon, but in the recipe it should have read "t" for teaspoon.

The entire recipe is given so that no one will ruin an expensive cake with too many tablespoons.

#### Mrs. Guthrie's Fruit Cake

- 1 lb butter
- 1 lb. sugar
- 1 lb. flour
- 1 cup sweet milk (milk from coconut, sweet milk added to make 1 cup)
- 8 EGGS
- 1 teaspoon baking powder
- 1 teaspoon salt
- 1 lb. candied cherries
- 1 lb. candied pineapple
- 1 lb. pecans
- 3 teaspoons (1 T.) lemon extract
- 2 teaspoons vanilla

Sift dry ingredients 3 times. Cream butter and sugar; add milk and dry ingredients alternately. Add one egg at a time. Fold in fruit, nuts, and extract. Bake in a 10 inch tube pan four hours at 250 degrees. Place a pan of water in oven and below cake. Makes 7 lbs.

May be baked in two loaf pans.

This recipe was given to me by Miss Clara Pratt, Lubbock County Home Demonstration Agent. It was also published in the Avalanche Journal for November 28.

#### MEMO TO CHRISTMAS TREE BUYERS

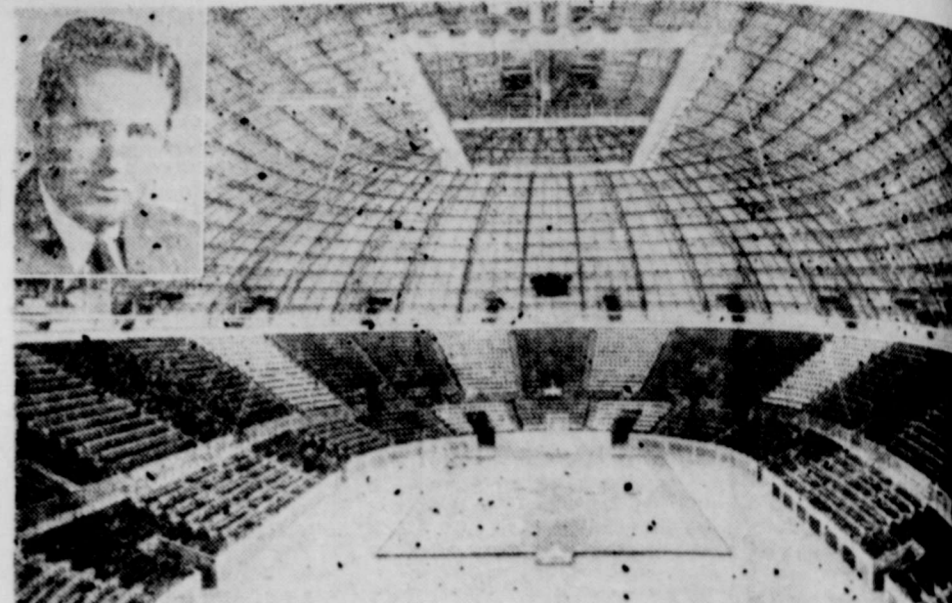

Christmas trees will soon be on the market (are now.) If you see one you like, buy it and put the trunk in a bucket of water. The trees get dryer as they stay on the lots. Putting them in water will keep them from shedding and will also be less of a fire hazard.

Morton Junior High basketball teams play Three Way on the local court tonight.

TEXAS TECH BASKETBALL PANS get a combination of spectator comfort and power under this season as the Red Raiders move into the 10,000-capacity Lubbock Municipal Coliseum on the campus. Coach Polk Robinson (inset), in his 14th season at the Raiders' helm, sends his team through this home schedule: Dec. 3—Kansas State, Dec. 5—Texas Christian, Dec. 10—Texas Tech, Dec. 14—Iowa State, Dec. 20—Nebraska, Jan. 12—Arizona State, Jan. 19—Phillips 66 College, Jan. 26—Texas Tech, Feb. 7—Hardin-Simmons, Feb. 9—Southern Methodist, Feb. 16—Texas Western, Feb. 20—Arizona State, Feb. 28—West Texas State, Mar. 4—New Mexico A&M. Respected from the Border Conference after losing that league's title for the past three years, Texas Tech must wait until 1957-58 before competing for the Southwest Conference championship.

#### TWO LOCAL ORGANIZATIONS

##### SELLING CANDY THIS WEEK

Two local organizations, the Morton Band and the Camp Fire girls continued to sell candy this week in fund raising drives.

The Camp Fires, with special \$1 boxes of Mrs. King's chocolates, use the candy sale as one of two fund raising drives each year.

The band members, selling boxes containing five 10c size candy bars for 50 cents, will use the money they make on purchase of new instruments.

#### HOME FROM HOSPITAL

M. L. Sublett reports daughter, Debra Sue, hospitalized for two days last week is now doing fine. She came home Saturday.

### Arabian Costumes

Unlike the man in the gray flannel suit, the typical Saudi Arabian male still wears a picturesque and eminently practical wardrobe which seems as timeless as the ancient sands in this desert peninsula.

Since most of Saudi Arabia's 2,500,000 people are nomadic bedouins, roaming the desert in a continual search for water and forage for their animals, their way of life demands a type of apparel suitable for hot days, cool nights and the sudden sand storms which strike without warning.

The basic article of clothing is a loose-fitting, neck-to-ankle robe known as the *thobe*, which looks like an old-fashioned night shirt. During cool weather and the months of the sand storms, the bedouins add a camel's hair cloak called an *abaa*. This brightly-colored garment is sleeveless with slits on each side for the arms.

On their heads the Saudi Arabians wear four-foot square cotton cloths called *ghutras* held in place by a black rope-like hoop known as the *agal*. The *ghutra* is often made of brightly-colored cotton and is worn in a triangle with two points falling over the shoulders and the third down the back. When a sand storm strikes, it is easy to wrap the ends around the nose and mouth for protection.

The style of the camel leather sandals has been borrowed by the fashion leaders in the Western world for "casual" shoes.
