Two Boys Injured, Not Seriously, As Pickup Is Demolished In Accident

Two 16 year old Morton boys were rushed to the Cochran County Hospital late Sunday night after a pickup truck in which they were riding skidded in a bar ditch, tipped a side road and then rolled over several times in a field. Jerry Don Daniels, son of Mr. and Mrs. Don Daniels, was released from the Cochran County Hospital Monday afternoon with only minor cuts and bruises. Kirby Hoffman, son of Mr. and Mrs. Raymond Hoffman, was hospitalized with a broken left shoulder, a broken bone in his chest, and a deep scalp laceration. Daniels was driving the pickup which went out of control after leaving the road. Both lads were taken out on an investigating officer's tow truck, but the pickup, which was badly torn up and listed as a

He has been doing intern work at Corpus Christi since his graduation in 1956.

P.C.G. BACKS NEW COTTON BILL NOW BEFORE HOUSE

A cotton program backed by all segments of the industry was introduced in Congress Tuesday, May 28, by Rep. Jaul Jones, (D-Mo.), after it had been drafted into legislative form by representatives of the American Cotton Producers Association with the assistance of a former consultant of the House Agriculture Committee. Here in Morton, J. R. Kuykendall, one of the County's representatives

to the Plains Cotton Growers said the bill varied only in the smallest details from a bill originally drawn up by the Plains Cotton Growers. He said the PCG is joining most other segments of the Cotton Industry in urging passage of the bill.

To quote the Cotton Trade Journal, "the measure would give cotton producers a 'domestic percentage' for acreage allotments and would provide equalization payments to the producer by the buyer with the buyer to be compensated an equal amount by the Commodity Credit Corporation "or other means available."

"The equalization payment would equal the difference between (1) the average spot market price of

Rites Held for Early Resident Of The County

One of Cochran County's early pioneer settlers was brought 'home' to rest late Tuesday night — as William Rufus (Rufe) Bennett, a former just east of Morton from about 1921 through 1932, died in Temple, Oklahoma and was brought back to Morton and laid to rest beside his wife. At his request, only simple graveside rites were held early Wednesday morning, and a memorial service for his wife who died here in 1931.

Rufe, 80 years old, was a brother of Tom Bennett, one of Cochran County's first Commissioners. Rufe was also once an unsuccessful candidate for County Treasurer in the late 20's. Not long after his wife died, Mr. Bennett retired and moved to Temple, Oklahoma where he had been living by himself. He had been in poor health for many years. Mr. Bennett farmed the area now farmed by J. D. Hawthorne. The two boys' mother died in 1927. Closest survivors are a niece & two nephews: Lee Bennett of Bakersfield, California; O. T. Bennett, of San Angelo; and Eunice Brown, of San Angelo. Mrs. Brown, following instructions left by Mr. Bennett in letters, has the body brought to Morton late Tuesday night. Services were held at graveside on Wednesday morning at 9:00 a.m. Burial of course, was in Morton Memorial Cemetery, under the direction of Singleton Funeral Home.

Among the ministers honored at a special retirement service was

\$1,268,750.00 LOANED TO FARMERS OF COUNTY THROUGH FHA OFFICE

More than \$1,268,750.00 has been loaned to farmers in Cochran County during the ten months ended April 30, 1957, by Farmers Home Administration, the agency's county supervisor, Robert C. Cross, announced this week. The heaviest demand has been for credit to finance farm and home operating expenses, replacing and purchasing of farm equipment, and installing irrigation systems. During this same ten month period, Farmers Home Administration extended credit in operating emergency, and real estate loans to some 18,500 Texas farmers and ranchers for a total of \$54,773,000, the agency's State Director Walter T. McKay, reported. This is an increase over the same period last year of about \$6,500,000. "This increase is due primarily to the demand from family - type farmers for credit needed to place their farming operations on an 'efficient basis,'" McKay explained. "In fact," he added, "agency records reveal that there has been a slight drop in the demand for emergency credit so far this year. Long-term credit to develop balanced systems and make full use of resources available, has been extended to a number of operators of family type farms who previously obtained emergency loan assistance. McKay and members of his staff are meeting this week with National Administrator Kermit Hansen to

Two Boys Narrowly Escape Death As Closed Room Fills With Gas Fumes

Two Morton boys were alive and doing okay, Monday after a close brush with death when they were overcome by gas fumes in a small home, just northwest of the Emanuel Baptist Mission Church. James Baker, 13, and Billy Perkins, 11, were none the worse for their narrow escape — except a trifle sick at their stomachs. But a group of neighbors, and the Perkins boy's parents, soon realized just how close the boys had come to death. The Baker boy, son of Myron Baker of Griffith, was visiting the Perkins' boy at the Perkins home. At about 11 at night the folks heard a little stirring around in the boys' room but thought little about it. At around 1:30 a.m. the Perkins boy was evidently aroused feeling bad and as he got up, he fell to the floor. The Perkins heard him call and they went to see what was the matter. Immediately they called out to a neighbor to aid them & she called another neighbor. The group got Perkins out of the house and called to the Baker boy to get up. He awoke, got up, went into another room, and then collapsed, inflicting a deep gash on his head as he fell. Only then did the group realize that the boys were probably victims of fumes. The boys were rushed to the hospital where they began to vomit and get rid of the fumes. They were administered oxygen and were ok within a short time. Cause of the sudden sickness was traced to a gas refrigerator. It had been lit earlier in the day to make more ice for a group of guests who had visited. When the boys went to bed they shut the door to the small room where they were staying and lack of oxygen out the pilot light out and caused fumes to fill the room.

One Burn Victim Released From Hospital Here

W. M. Satterfield, was the first of three employees of the Llano - Grand Gasoline Plant to get out of the hospital Sunday, 12 days after the three were seriously scalded with hot water in an explosion. Lewis Shields, relief boiler foreman and Garland Screws, the third man burned, said early this week they will have to remain another 8 or 10 days at least before being released from the hospital. Shields and Screws, the most severely burned, were scalded from the waist on down when hot water in a tub bubbled covered them so much pressure caused the bubble to explode.

Posse Will Ride At Plainview This Afternoon

The Cochran County Sheriff Posse expects to have approximately 14 to 16 riders ready this afternoon at 4:00 p.m. at Plainview for another pre-rodeo parade. The Cochran group has also accepted invitations to ride the next two weeks, Wednesday, June 19, at Lovington and Thursday, June 27 at Lamesa. A \$100 cash award will be made to the winning posse at Lovington.

RAINS FALL ALL OVER COUNTY; COUNTY CROPS GET HUGE BOOST

Rains which were gauged in Morton at slightly less than 2 inches, and other places in the county up to seven inches at the "serapeut" did some damage to Cochran County crops in some fields but generally crops a tremendous boost to young cotton crops.

A round "two inches" would pretty get it on most gauges in the County. Farmers who had received considerable rain earlier in the month of May, found their fields overly wet, and in some instances were washed out and forced to replant. But generally rainfall had been so light in the county that the two inch fall soaked up rapidly in the sandy soil. The rains began at around 8 o'clock Wednesday night and continued intermittently through the night and all Saturday morning. Some hail was reported in the area south of Bledsoe, and many area roads were blocked, but only one in this county. Between Lehman and Bledsoe the water got over the road and forced traffic to go around for a few hours. UP in Baileys County, in the Ballewboro, Searall, Needmore, and other areas plenty of roads were blocked, a majority of the crops were washed out. These areas had received heavy rainfalls a week prior to this rainfall. Monday the rains returned to

TRIBUTE TO 4-H LEADERS

We the Extension personnel are most thankful for the 4-H Club Adult Leaders we have. Yes, we need more and are getting more in the county.

Trained leadership, adult, youth and extension is the key to a successful 4-H Club program. Development of a parent and the comradeship of a pal is that mysterious

capture we call a 4-H Club leader. These leaders come in all shapes and sizes, and may be male or female. But they all have one thing in common — a glorious twinkle in their eye. A 4-H leader is many things — an artist making a float for the 4th of July, a doctor prescribing for an underfed calf; a counselor at camp; a lawyer filling out reports, and a shoulder to cry on when that dress just won't fit. Nobody else is so early to rise and so late to get home at night. Nobody else has so much fun with so many boys and girls.

We sometimes forget them, but we can't do without them. They receive no salary, but we can never repay them. They are angels in aprons, saints in straw hats. Their only reward is the love of kids and the respect of the community. But when they look around them at the skills they have taught, and the youth they have built, there is an inner voice from somewhere that says "well done."

Somewhere between the sternness of a parent and the comradeship of a pal is that mysterious

Miss Sue McCall and Burley Lee Roberts Wedding Vows Read at Enochs May 30

The beautifully decorated altar of the First Baptist Church of Enochs, Texas formed the setting, at 8 p.m., Thursday, May 30, for the exchange of wedding vows of Carolyn Sue McCall and Burley Lee Roberts.

Rev. Vernon Wittfield, pastor of the church, read the ceremony that united in marriage the daughter of Mr. and Mrs. R. P. McCall and the son of Mrs. Bertha Roberts, all of Enochs.

The beautiful setting was an arch of white with a big pink orchid corsage to the center, and a white satin ribbon, with silver wedding bells, also in the center, flanked by baskets of white snapdragons, pink roses and orchid violets. A palm tree was used in the background and white and pink ribbons added decor to the church aisle. The kneeling bench used in the ceremony, was directly behind a large, open Bible, upon which each of the betrothed laid a right hand in closing prayer.

Mrs. John Henry Parkman of Littlefield, formerly of Bala, accompanied Mrs. Donald Joe Cox at the piano as she sang "True Love" and "Because" during the ceremony.

The bride's father offered her in marriage and she was attended by an aunt, Mrs. Mattie Lou Caffey of Lubbock, as Maid of Honor and Sharen Holt, of Bala, and Sandra Angel of Enochs, as bridesmaids.

Norvell Roberts, a brother, served the bridegroom as best man. Arvin Stroud of Bala ushered and Jim Pat Claunch and Junior Austin, both of Bala, lit the candles.

The bride's brother, Danny McCall was ring bearer and her sister, Marilyn Jean, was flower girl.

The bride wore a silk taffeta gown fashioned along princess lines, and featuring a wide, scooped neckline. The yoke, sleeves, and front panel which extended to the hemline were of embroidered lace completed by gauntlets worn over the hands. The flared ballerina length skirt was accented by a bustle bow effect. Her fingertip veil was of embroidered lace complemented with seed pearls. She carried a white Bible with a bouquet of white carnations and orchid violets.

Mrs. Caffey, and the bridesmaids wore identical dactron and cotton orchid dresses with full skirts and fitted bodice; cummerbund of matching material and scooped necklines. Each wore pink flowered headbands with net of shoulder length and carried a bouquet of baby pink carnations with pink, orchid, and white ribbon streamers. They wore white shoes and gloves.

The bride's mother wore a dress of pink linen sheath with sweater of short sleeves trimmed in rhinestones.

The bridegroom's mother wore a blue satin cotton dress with pleated skirt.

The dining room of the church served as a reception hall after the service. Orchid, pink, and white colors were used in decorating. Lighted tapers rising from crystal candelabra highlighted the bride's table which was covered by a floor length, lace cloth laid over orchid. The three tiered wedding cake was topped by a miniature bride and groom. The bride's attendants were used to complete the table arrangements.

Pink roses were used to highlight the registration table over which Jo Ann Hubbard of Bala, cousin of the bride, presided. Serving were Beverly McCall, cousin of the bride and Myrlene Niehols.

For a wedding trip to Las Vegas and Santa Fe, New Mexico, the bride chose a two piece suit of yellow and brown silk linen, and for accessories she wore brown shoes and carried a brown bag with white gloves and hat.

Following their wedding trip the couple are at home in Lubbock.

Both 1957 graduates of Enochs High School, plan to enter Draughm's Business College this summer.

The project of a citywide clean-up campaign was also discussed & Bob Huckabay's Committee was also in charge of checking on this possible project.

Roy Tarver, Jr. gave a report on the two station - wagon loads of clothes that were taken to Olton for the families left homeless by the recent tornado, and again thanked everyone who helped in this project.

There was no further report ready on the golf tournament or the X-Ray Unit.

One guest, Jim Kidd, was on hand for the meeting.

Mrs. Elizabeth Greer Hosts Methodist Group

The Orna Lytle Circle of the Woman's Society of Christian Service met with Mrs. Elizabeth Greer at 9:30 a.m. on Tuesday, June 4th.

Present were Mesdames W. G. Briley, Chet Baird, J. D. Hawthorne, Dona Doughty, A. S. Key, Hume Russell, D. E. Benham and the hostess.

The program entitled, "A Light Unto Our Path" from the program book "The Islands Await His Word" was ably conducted by Mrs. Briley. She presented a radio-cast of workers reporting to America from the Philippines of their progress in Christian activity there.

A missionary has been sent to Okinawa. One person reported that people walked as far as fifty miles to attend Christian meetings and services because they are so eager to hear and learn more of Christ.

The Harris Memorial School in Manila trains deaconesses and missionaries.

Attention Farmers !

Yes, there are good, practical reasons why so many West Texas farmers are changing to Panhandle Mutual Hail Association hail insurance. A few of the reasons are listed below:

1. The Panhandle Mutual Policy is the only cotton policy that does not have a replant clause.
2. We do not adjust cotton on the stand population basis.
3. We do not defer our losses until fall.
4. Our adjustments are prompt and honest adjustments made by local adjusters.
5. This is a farmer's company.
6. No interest charge on our notes until after maturity.
7. The only company which has an arbitration clause in the hail policy.
8. Our policy is written to fit the West Texas cotton farming conditions.
9. We limit our liability per townships and PER section so as to avoid overloading.
10. Another important feature is the fact that we now have catastrophic reinsurance with the Lloyds of London as added protection to our west Texas farmers against heavy hail years.

 The regular meeting of the Cochran County H. D. Council will be held at 3:00 on Tuesday afternoon, June 11. Business will include the election of delegates to the state meeting of the Texas Home Demonstration Ass'n. The meeting will be held in Houston, July 31, August 1 and 2.

Registration is scheduled from 1 to 6 p.m. on June 11 with the first general assembly set for 8 p.m., with Extension Director G. G. Gibson as the keynote speaker.

The Share the Fun Festival will be presented as a part of the opening night program.

On Wednesday, delegates and their leaders will participate in a general assembly and later in discussion groups developing ideas for use in launching the People to People Program among the 4-H Clubs of the state. All judging and team demonstration team members will be vying for state honors and the right, in several instances, to represent Texas in national contests.

The Chuckwagon Barbecue, sponsored by the Texas 4-H Recognition Committee, will follow the completion of all contests. The final program will be held in the G. Rolie White Coliseum following the

We're Surprised, A Little Amazed, And, Mighty Pleased...

Frankly, when we opened our doors Saturday morning, we certainly didn't expect such a turnout.

300 dozen doughnuts (that's 3,600) and 750 cups of coffee later . . . we were mighty tired, and mighty proud.

You're actions told us, in no uncertain terms, that you want a home bakery in Morton. That's what we're here to provide.

Thank you, tremendously, for your fine reception in so many ways — We hope we'll always merit the initial confidence you've shown in us and our new business venture.

It's Wise To Ease Baby Into First Bath In Family Tub

Baby's first big-tub bath is likely to go much more smoothly for both baby and mother if mother remembers that babies are creatures of habit and are often frightened by any sudden change.

The shift to the family tub will seem less sudden and scary if for the first few days you start bathing baby in his own tub that he has grown used to, after you have put it in the big tub into which you have run a few inches of warm water. Talk to baby as you lower him into his tub in its new surroundings and as you start to bathe him.

Then, as soon as he begins gurgling and splashing in the water, lift him gently out of the little tub into the big one, using the big tub for rinsing. The change from one tub to another will seem so slight that he will take it in his stride. Within three or four days he'll be so used to the big tub that you will no longer need to start him off in the one he had grown accustomed to and had liked so well.

While baby is graduating into the family tub it's important to stick closely to the rest of the familiar bath routine. End the bath session as you always have by wrapping him in his towel and patting him dry. Smooth his body all over with his special baby lotion that protects his tender skin against chafing and diaper rash. A sterile cotton ball moistened with the creamy white lotion is a big help in getting it into each crease and fold.

It is always a good idea to assemble everything you will need for baby's bath before you start to bathe him. Place the articles beyond his grasp, but where you can easily reach them without loosening your hold upon him even for a moment. Babies are sometimes frightened by the sound of water running into the tub, so for a while it is best to run the water in before you take him into the bathroom. Bath time is fun time and it's good to keep it that way.

'No Blank Check' For Foreign Aid, Sen. Johnson Says

Senator Lyndon B. Johnson warned Sunday that Congress will not write long-term "blank checks" for foreign aid.

"The Administration is asking for authority to operate the aid program on an annual check-up program," Senator Johnson said. "I will oppose vigorously any proposal that Congress surrender the right to conduct an annual check-up program."

The Senator spoke out in favor of the proposal that the mutual security program be shifted from a grant to a loan basis.

"Ours is a nation that has no desire to create satellites," he said. "We realize that any attempt to buy friends among other nations of the world is bound to result in failure."

"Our purpose is simply helping other countries to maintain their self-respect. That is in our own national interest."

Senator Johnson recalled that President Eisenhower is now asking for \$500 million less for the mutual security program than he requested earlier.

The application is sent by the hatchery to a regional office at Albuquerque, N. M., for processing.

Upon application approval the fish are delivered.

Fish for Stocking Now Available

The long-dry tanks and ponds of Texas farms and ranches—most of which are now filled with water—can be restocked with game fish—Senators Ralph Yarborough and Lyndon Johnson have announced.

The Senators said they had been informed by the U. S. Fish and Wildlife Service that "fish for restocking are available and systems can be filled without delay."

This is the procedure for securing fish.

The land owner makes application for the fish from the Federal fish hatchery nearest him. For Cochran County that would be Fort Worth.

The application is sent by the hatchery to a regional office at Albuquerque, N. M., for processing.

Upon application approval the fish are delivered.

Maple Wins 11-7; Captures Lead In Morton Four-team Softball League

After rain had washed out Monday's opener in the Softball League between Levelland and Muleshoe, League Champion Maple forged an early League lead Tuesday by beating Morton, 11 to 7.

The Morton entry, changing sponsorship and management, is now the team originally formed as West Side a few years ago, and later changed to Morton, with the same old sponsors, Silvers Butane, Collins Packing Co., Strickland Cleaners, and Rose Auto and Appliance. Neal Rose is managing.

Maple, behind Don Lamar, got a 5 run lead in the first inning on the wildness of Keith Wren and a few timely Morton errors. They stretched the lead to 10 to 1 at the end of 5 innings but then ran into trouble. Morton tallied five times in the 6th and had two men on base when a strikeout ended the big inning. Again they got two men on in the 7th but Lamar fanned the last batter to end the game.

Wayne Gilliam, Don Lamar, and Bill Woods led the hitting attack, Gilliam pounding a home run, Lamar a triple, and Woods a single and double. Seven of the Maple men who scored reached first on walks, a total of nine Maple batters drawing bases on balls in the game.

Sox Tie Cubs For Lead In Little League

The Sox defeated in their first Little League game in the opener last week, battled their way back into a tie for the league leadership Tuesday by becoming the 1st team to down the Cubs this season.

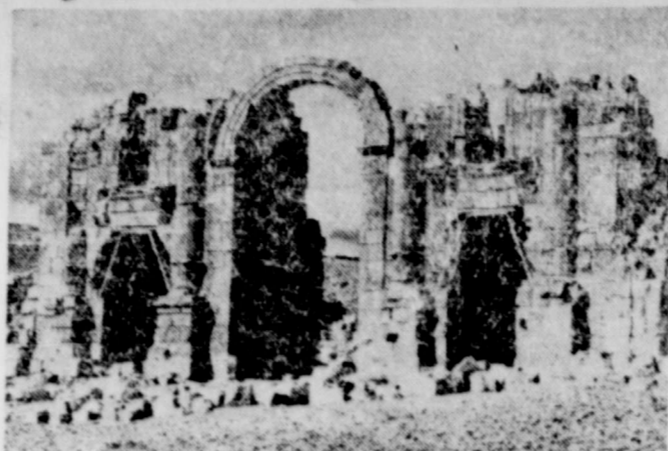

Despite John Ed Collins' second out-of-the park home run in two games, Charlie Ledbetter was able to check Cub bats well enough for a victory.

The result left the Cubs and Sox with 2 victories and one loss and the Cards, one win and one loss. The winless Giants were rained out two straight games.

In the Minor leagues, the Cards and Sox were tied for the lead with a win each through last Friday's games but Monday's rain washed a minor league and a Little League game away.

On Tuesday, the Sox rapped the Cubs so they took the lead with two wins against no losses.

JORDAN IN HISTORY

Jordan, situated in the heart of the Arab World, has since ancient times, witnessed the impact of successive civilizations which have greatly influenced human progress. It has seen the empires of Egypt, Assyria and Persia; it was the battlefield of the Romans and their Byzantine successors, and Christianity was born within its borders.

In April 1950, after the end of hostilities between the Arabs and Israelis, the Jordanian Parliament, representing Central Arab Palestine and Trans-Jordan proper, approved the union of these two regions into the new country called the Hashemite Kingdom of Jordan.

The total area of present-day Jordan is 37,500 square miles, slightly larger than the state of Indiana. The population of 1,500,000 is predominantly Arab in race and Moslem in religion with about 12 per cent Christian Arabs and a great variety of other distinct groups and cultures. This mixture of cultures adds a picturesque diversity of dress and customs.

Jordan contains most of the sacred shrines of Christianity. Within its borders lie Bethlehem; Jericho, the site of the oldest walled city in the world; Hebron, where Abraham is buried; the River Jordan; the Dead Sea, the Mount of Olives and the ancient walled city of Jerusalem.

The country offers a great variety of climate and scenery—from the temperate heights of the rugged mountains of Moab, to the gently rolling hills of Judea; to the tropical Jordan Valley with its luxuriant vegetation; the Dead Sea, the fantastic, sandstone mountains of Wadi Rum and, finally, the dry arid desert of the eastern plateau.

Winter often brings snow to the mountains and Spring carpets the countryside with myriads of beautiful wild flowers. Rainfall occurs only in Winter, from November to April, so for the rest of the year the people of Jordan rarely see a cloudy day.

Salk Vaccine Now Recommended For Two-month Old Babies and Older

Salk Polio vaccine is recommended for babies age two months & older by Dr. Gordon C. Brown of the University of Michigan School of Public Health.

Dr. Brown's story appears on page one of the June publication of the National Foundation News.

Last year, writes Dr. Brown, two out of every five new victims of paralytic polio was under five years. (And, incidentally, he says, the highest paralytic rate was among one and two year olds.)

And Basil O'Connor, National Foundation president, writes in the same publication:

"There is still time for people to get two shots of vaccine before

the traditional polio peak occurs in late August or early September.

We need to concentrate on vaccinating three age divisions in the following order: those under five teenagers and young adults."

By Eddie Irwin WE OFTEN WONDERED just how many doughnuts a business could give away if they had enough to go around. Many a grand opening in Morton has featured free coffee and doughnuts. But at a bakery, where they make 'em, you can get a little better estimate on just how many you could give away in one day. O. D. Vernon got rid

of 300 dozen, last Saturday. That's a lot of doughnuts. He doesn't even know how many were sold, and how many were given away—he was too busy making 'em, to count 'em. Even at O.D.'s very modest charge—60¢ per doz., I'd hate to have to pay for that many.

it never fails... JUST WRITE any kind of a lead story for the Dollar Day paper, the one we have to print on Friday but doesn't get mailed in the City until Sunday, and you get it in the neck. No sooner had we got the Dollar Day paper on the press and rolling Friday night, with a lead story about how Cochran County had been missed by the rains, and we too began to have rainfall that reached "flood" proportions. Of course the gratifying thing is that we really needed the rain, even if a lot of farmers did have to plant over. So we'd better let well enough alone and not complain.

the subject of... INOCULATIONS of dogs came up in Jaycee meeting Monday, as it does once every year about this time, and it looks like the Jaycees will sponsor the program again, as usual. And it's a good program, too. We wouldn't begin to dispute the worth of any program that minimized our health problem. But a lot of folks who have had dogs inoculated three or four times in the past few years, and then had them poisoned, must be wondering 'whats the use.'

the answer, of course... IS SIMPLE. We just can't afford not to get as many dogs vaccinated as possible. It's too late, after rabies has hit a town. We hope everyone will find some way to get their dog to the proper place at the proper time. Which, incidentally, will be announced later.

along with this... IDEA, came up a discussion on a general Clean-up Campaign, for Morton, something we haven't had in three or four years. Don't be one of the dozens who goes around blaming our fly problem on the City, the chicken raisers, or any other particular group, and then refuses to do his part. When we set the date—lets everyone make a special effort to clean up his own

premise, and get it hauled away. the rains sorta'... PUT A CRIMP in the ball play-in' schedules the past week, but the schedules will be played as originally planned, with the rained out games to be made up later. In the Babe Ruth league that will be easy. But with the Little Leagues, and the softball, it'll take a little arranging.

one thing's for sure... WE CAN DO without the ball playing, and everything would go along ok. But we can't do without the rain. We'll take it as we can get it.

Friendly Neighbors Meet in Stinson Home May 28

The Friendly Neighbor Club met in the home of Mrs. Leon Stinson on Wednesday, May 28, to quilt. A refreshment plate of cookies, coffee and punch was served during the quilting period to Mesdames H. C. Tapp, Gilbert Wilson, Walter Sandefer, Cecil Kirk, J. W. Pond and several children.

The next meeting will be in the home of Mrs. H. C. Tapp on Wednesday, June 12. All members are invited.

REPORTED IN SERVICE Clinton Webb, one of the Seniors in Morton's graduating class this past month, was reported this week in California and in the service.

... Chevrolet with Turboglide!

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION! The Bel Air Sport Coupe with Body by Fisher.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

When you see a steep downhill stretch ahead, you set the selector at "Gr" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

Credit People Will Meet in Florida

Mrs. Art Wall of Morton, Retail Merchants Manager announced the International Consumer Credit Conference will be held at the Hotel Fontainebleau, Miami Beach, Florida, June 16-20, 1957. The Conference

which will draw an expected attendance of 1,500 credit executives and credit bureau managers from all parts of the United States and Canada, is sponsored jointly by the National Retail Credit Association, Associated Credit Bureaus of America and Credit Women's Breakfast Clubs of North America.

New Cotton Bill Introduced . . .

(continued from page one) of Arkansas and John L. McMillan of South Carolina.

The ACPA employed Joe Parker, former consultant of the House Agriculture Committee to assist in drafting the measure. Hearings on the measure are scheduled to open June 14.

The ACPA's plan for a new cotton program was approved at an industry-wide meeting at Memphis on May 16.

Leaders of the organization who were in Washington included A. L. Story, Charleston, Mo., president of the group; H. R. Adams, West Memphis; J. T. Haynes, Brownsville, Tenn.; S. C. Cozright, Rolling Fork, Miss.; Alan Patterson, Jonesboro, Ark.; George Pfeifferberger, Lubbock, executive director of the PCG; and J. B. Kirkin, Pecos, Tex., representing the Trans-Pecos Cotton Producers Association.

The text of the bill follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, beginning with the 1958 crop, production adjustment and price support programs for upland cotton (hereinafter referred to as cotton) shall be carried out in accordance with the provisions of the Agricultural Adjustment Act of 1938, as amended, the Agricultural Act of 1949, as amended, and the Soil Bank Act, except that:

Quota Provisions
(1) The national marketing quota shall be not less than a number of bales equal to the estimated domestic consumption plus exports of cotton for the marketing year for which the quota is proclaimed;
(2) A "domestic percentage" shall be determined by dividing the total of such estimates of domestic consumption and exports

into the estimate of domestic consumption. The domestic percentage shall be applied to each farm acreage allotment established pursuant to sec. 344 of the Agricultural Adjustment Act of 1938, as amended, to obtain the farm domestic allotment;

(3) The level of price support to cooperators for any crop of cotton for which producers have not disapproved marketing quotas shall be 95 per centum of the estimated average world price for cotton of comparable quality for such marketing year, as determined by the Secretary of Agriculture;

To Announce Price
Provided, that the level of price support shall be the level provided in the Agricultural Act of 1949, as amended, if for any reason funds are not made available for carrying out the provisions of paragraph numbered (4) hereof. The Secretary shall determine and announce the estimated average world price and the price support level for the different grades and staples of cotton within a period of 30 days

Farm Income Still Dropping, Says Sen. Johnson

Cost of living is up again, writes Senator Lyndon B. Johnson in his May 29 Washington News Letter. For the eighth straight month a new record high in living costs has been set. The Senator continues by saying "Farm income has gone down from over \$14 billion to about \$11 billion during the last four years. That is a drop of about 17.5 per cent. During the same time income of other segments of the American economy increased by 12.5 per cent.

DAUGHTER FOR MINORS

Mr. and Mrs. L. B. Minor of Morton announced the birth of a daughter in the Cochran County Hospital yesterday (Wednesday) June 5, weighing 6 lb. 7 oz.

prior to June 1 of the calendar year in which the marketing year begins:
(4) The Secretary shall, through the Commodity Credit Corporation or other means available to him, make marketing equalization payments to the first buyer of cotton from a cooperator in an amount equal to the difference between (1) the average spot market price of cotton of comparable quality, with appropriate adjustments for differences in grade, type, staple, quality, location and other factors, for the calendar week preceding the date of purchase thereof, as determined and announced by the Secretary, or the support level, whichever is higher, and (2) 90 per centum of the parity price of such cotton, multiplied, in the case of farms having a farm cotton acreage allotment in excess of four acres, by the adjustment factor, established for the farm of the cooperator as shown by the market-

ing card of the cooperator: Provided, that no equalization payment shall be made with respect to any such cotton for which the first buyer thereof has not paid to the cooperator in addition to the agreed purchase price, an equalization payment in the amount herein before provided. With respect to farms having a farm cotton acreage allotment in excess of four acres, the Secretary shall establish and cause to be entered on the marketing card of each cooperator an adjustment factor which shall be determined by dividing the farm domestic allotment acres by the total planted acres.
(5) For purposes of determining eligibility in the acreage program under the Soil Bank Act a cotton producer shall be regarded with respect to farms having a farm cotton acreage allotment in excess of four acres, to reduce the cotton acreage below his 1947 cotton acreage allotment.
