To know a Chevy in all its glory, head one into the open-the more mountains the better. You'll soon see why so many people dote on that smooth sure Chevrolet response and stout-hearted power. Chevy's performance makes their dollars look big!

You don't have to urge this car along. A Chevrolet comes alive with the flip of an ignition key. The power is charged with gumption. The wheel responds in a twinkling to tight corners or turns. And on a back road a Chevrolet steps with ease over ruts that would look like barricades to lesser suspension systems. In short, a Chevy shows "savvy." You can, too. See your Chevrolet dealer!
