Spot News from
ENOCHS and BULA

By Mrs. C. C. DORN
REVIVAL REMINDER
Don't forget, the revival at the Enoch's Methodist church will start July 5 and Bro. A. B. Armstrong of Abilene will do the preaching.

SINGING WAS HELD
There was a "Sing" held in the Enoch's Methodist church Sunday afternoon. Those attending from other congregations were: Mr. and Mrs. R. L. Johnson and children, Linda Lee and Robbie Joe of Mulshoe, Mr. Johnson is the Manager of the Muleshoe Elevator Co.; Mr. and Mrs. R. L. Murphy of Littlefield; Mrs. Gibson of Muleshoe, and many people from Bala.

Our next "Sing" will be at the Methodist church at Bala, the 3rd Sunday in July. All you singers come and help us out.

VISIT AT HART, TEXAS
Mr. and Mrs. Willie Welch and family spent Sunday at Hart, Texas, visiting with Mr. Welch, sister, and mother.

VISITED SICK RELATIVE
Mr. and Mrs. John Gunter spent Sunday in O'Donnell visiting with Carl Gunter and family. Carl has been ill.

WEEKEND WITH PARENTS
Mr. and Mrs. Robert George of Lubbock spent the weekend with Mrs. George's parents, Mr. and Mrs. E. N. McCall. Mr. George is a bookkeeper for the M. C. Kee Co. of Lubbock.

HAS ICE CREAM SUPPER
The adult training union class had an ice cream supper in the home of Mr. and Mrs. Carl Hall. There were 35 adults and children that attended.

VISIT HIS SISTER
Mr. and Mrs. W. W. Mansell and family were away over the past weekend visiting with Mr. Mansell's sister who is very ill.

IN THE HOSPITAL
Mrs. A. T. Altman is in the Littlefield Hospital for an operation on her knee, following a fall last Friday afternoon (week ago).

VISITING HER SON, FAMILY
Mrs. Della Whitfield of Athens is visiting with her son and family, Bro. and Mrs. Vernon Whitfield.

VISITING HER AUNT
Percy Fowler is visiting her aunt, Mrs. W. T. McNety in Dallas. On the 28th of June they were to leave on a 3 week visit in Minnesota, taking her grandmother Melba along.

VISITED OVER WEEKEND
Mr. and Mrs. D. S. Fowler visited over the weekend in Dallas with their daughter, Mrs. Den Morgan, leaving their son Doyle Ray to spend the summer.

VISITED MRS. FINE
Bro. and Mrs. C. C. Dorn visited in the Muleshoe hospital Monday. Mrs. James Fine underwent surgery & is reported doing fine. She is the daughter of Mr. and Mrs. Roy Tunnell.

SON FOR J. C. SNITKERS
The cigars were passed around Monday by J. C. Snitker as Mrs. Snitker presented him with a bouncing baby boy, weighing 8 lbs. 5 ounces. The son has been named James Clifford. Mrs. Snitker is the daughter of Mr. and Mrs. Logan Green.

Posse Didn't Place In Lamesa Parade
The Morton Tribune isn't the only paper on the South Plains to report.

Friday's edition of the Lubbock Morning Avalanche listed the Cochran County Sheriff Posse as 3rd place winner in the Lamesa Rodeo Parade, Thursday.

To get the details, the Tribune checked with a local posse member who reminded the reporter that it was a mistake. The Cochran County Sheriff Posse failed to place.

COUNTY - WIDE MEETING SET THURSDAY TO TALK POSSIBILITY OF BRACERO LABOR ORGANIZATION

There will be a county-wide educational meeting for farmers for the purpose of determining whether or not Cochran County wishes to organize a local Association for the purpose of handling Mexican Nationals.

Representatives of the Department of Labor and Texas Employment Commission will be here to explain the pros and cons of this association to the farmers.

This meeting was called by a group of farmers who met in the County Agent's office Tuesday, June 25.

The meeting will be in the Auditorium, County Building, Morton, at 8:00 p.m., Thursday, July 11.

All farmers who think they may be interested in this type of organization now or in the future, are specially invited to attend this meeting and here both sides of the question discussed.

MAN SHOT TO DEATH

A long time area resident apparently shot and killed himself at the home of his parents, one mile east of Whiteface, early Friday afternoon.

Though only a few details were yet available as the Tribune Dollar Day Special went to press late Friday evening, Justice of the Peace J. B. Nix made the ruling after examining the body at the scene of the shooting according to Sheriff Hazel Hancock.

Joe Lewis Taylor, who had lived in the area for many years, only about a year ago had moved to San Angelo, and who had been back in Whiteface for a short time, fired one shot from a 22 calibre pistol into his forehead, and apparently died instantly, in a bedroom of the J. L. Taylor farm home.

He had been in poor health for some time and dependent about a number of troubles that seemed to crop up all at one time, Taylor was found dead on the bed by his mother who was in the next room at the time the shot was fired. At first, she thought a tire had blown out on one of the family vehicles, and then decided to investigate and found her son dead, the pistol caught in the crook of his elbow. Taylor had only one arm, the other having been amputated in a gin accident several years ago.

Sheriff Hancock said Friday evening he hadn't learned many details but had heard enough to know that Taylor had spent considerable time in Levelland Hospital the past few months to a year. Taylor had a business in San Angelo, but had returned to Whiteface recently. He is survived by his parents, a grown daughter and son by a first wife, and several small children and his present wife. The elder son, Donald, 17 years old, had left only a few days ago for the Navy, after his father and mother had signed the necessary papers.

The body was taken to the Price Funeral Home in Levelland. Services were to be held at the First Baptist Church in Whiteface at 3:30 p.m. Saturday and interment was to be in Tech Memorial Cemetery.

TEC BEGINS WAGE SURVEY NEXT MONDAY

Beginning Monday, the Texas Employment Commission - by order of the Secretary of Labor, will begin an area survey to determine the prevailing wage scale.

B. T. O'Connell, office manager of the TEC, Lubbock, said the survey is to determine wages to be paid to Mexican Nationals.

O'Connell was interviewing farmers Tuesday in the County Agent's office.

The TEC, O'Connell said, would greatly appreciate farmers making wage schedules available at their homes, with the wife, if the TEC representative should call while the farmer is away.

Also, the TEC would appreciate the farmer accompanying the TEC representative when he interviews crew leaders.

The prevailing wage schedule is based on the actual wages the worker receives, and not what is paid the crew leader.

Graveside Rites for Halford Infant

Graveside rites for Rodney Gene Halford, infant son of Mr. and Mrs. A. D. Halford, Jr., were conducted Saturday, June 29 at 3 p.m. at Enoch's Cemetery.

Rodney was born June 26, 1957. He died at 1:30 a.m., June 28 at Taylor clinic in Lubbock.

Rev. V. P. Whitfield, pastor of Enoch's First Baptist church officiated assisted by Rev. C. C. Dorn, pastor of the First Methodist church of Enoch's.

Survivors include the parents, a half brother, Gene, of Haggardman, N. M.; the grandparents, Mr. and Mrs. A. D. Halford, Sr., of Enoch's and Mr. and Mrs. Henry Fortenberry of Denver City.

Singleton Funeral Home of Morton was in charge of burial.

Enochs Methodist Revival Opens Friday, July 5th

Rev. A. B. Armstrong of Abilene will be the evangelist for a revival meeting July 5-14 at the Enoch's Methodist Church.

Services will be held at 10:30 o'clock each morning and at 8 o'clock every night.

Rev. Armstrong is pastor of the Grace Methodist Church in Abilene.

He has been preaching for a number of years in the Northwest Texas Conference, and has done evangelist work throughout the area.

Rev. C. C. Dorn, pastor of the Enoch's church, extends a cordial invitation to everyone to attend one and all of the services.

Maple Remains In First Place in Softball League

Maple continues to rule the roost in the Morton Softball League in a rather spectacular fashion by the simple expedient of beating down all opposition.

Tuesday night the Maple boys got their third and most decisive win over Morton, pounding them to the tune of 16 to 2.

Maple, for the second time in a row against Morton, came up with a nine run second inning. They belted Carl Kernell and John Van out of the box. Harry Pollard, 3rd Morton pitcher finally silenced the Maple bats.

Wildness was the biggest figure in Maple's 7th straight win. They got 8 walks from Morton pitchers. Don Lamar again chilled Morton hitters being tagged for only three hits.

Levelland blasted Muleshoe in a double header Monday night and had the chance to move into second place but lost it. Thursday as they were beaten twice by Morton, 14 to 7 and 10 to 4. The first game was completed under protest.

In the second tilt Morton got 10 runs in the first inning and were shut out the rest of the way.

PVT. CARLTON TANNER PVT. CLIFFORD DUPLER PVT. JOHN HODNETT

Three Way Trio Serving Together In Germany

A trio of Three Way High School graduates who joined the Army together, have graduated from six months of Army training and are now in Germany.

Pvt. John Hodnett, Pvt. Clifford Dupler and Pvt. Carlton Tanner completed the six months of Armed Forces training at Ft. Hood and were shipped overseas to Glenhausen, Germany. They sailed June 2 and arrived June 14. They are to be stationed there for the next 17 months.

Hodnett is the son of Mr. and Mrs. Brock Hodnett of Goodland. Dupler is the son of Mrs. L. M. Dupler of Star Route One, Morton, and Tanner's parents are the M. A. Tanners of Star Route Two, Morton.

Two of the boys are married to area girls. Tanner's wife is the former Tommie Baker of Morton, now of Levelland. Mrs. Dupler is the former Pauline Warren of Maple, now of Muleshoe. The boys are in the 3rd Armed Field Artillery Division.

Sox Top Both Little League And Minors

The Sox were pulling far ahead of the pack, in both the Morton Little League and the Minor League, this week, and oddly enough, the up and coming Giants pulled out of the collar in both leagues and dumped the Cubs into the cellar.

The Cards split even in two games, homering the hapless Cubs 31 to 4 and then losing to the Giants, 10 to 7.

The Giants pummeled the Cubs in Thursday's game to go a half game ahead of them.

In the Minor Leagues, the Sox remained undefeated by getting long sided wins over both the Cubs & Giants. The Cards, only team to give the Sox a battle this season, also beat the Cubs and Giants the latter by a 26 to 2 count in one inning.

Blackman has been in evangelist work most of his life. He has worked in Texas, Arkansas, and Louisiana and is reported to be an excellent speaker.

Bro. Danton Thompson, minister of the church will lead the singing for the meeting.

The church extends a warm welcome to everyone.

HOME FROM VACATION
Mr. and Mrs. Gerald Ramsey returned, Thursday, from their vacation through the Western States and the west coast. They visited in Phoenix and Yuma, Ariz., as well as Los Angeles, Bakersfield, and Fresno, Calif. On their way back they stopped two days in Las Vegas, Nev., and toured the Grand Canyon in Arizona.

HAS BEEN ILL
Orlan Cook, local TV repairman and electrician has been away from his work at Smith Brothers' Furniture due to illness a few days this past week.

Award Contract On Junior College

Hockley County Junior College trustees awarded the contract for the first buildings to Haynes and Kirby, architects and engineers of Lubbock.

The firm was awarded the contract over a total of seven other architectural firms from all over Texas who were seeking the job of designing and building the new junior college.

The down - state firms were all eliminated on a cost basis. All asked for a six percent fee for their work. Final consideration was limited to two Lubbock firms, which regularly do their architectural work for 5 per cent.

Actual work on designing of the building was not expected to begin until the architects could confer with Dr. Thomas Spencer of Breanham, who is acting as advisor to board members on many of their administrative and planning problems.

Directors have not yet chosen a site for the proposed college. They will not be able to complete an agreement until after the passage of the bond issue and tax vote, July 13.

J. D. Thomas Family Finds Irrigation Road to Recovery From Long, Dismal Years Of Drouth In The County

By JOHN SHANKLIN
Irrigation Engineer, U.S.D.A.

The High Plains of Texas have been under the influence of a serious drouth since 1951. Because of this, many farmers have turned to irrigation as an escape from the disastrous crop failures which have prevailed. Many of the farmers who are served by the Bailey County Electric Cooperative with headquarters at Muleshoe, Texas & a branch office in Morton, are fortunate in that under their land is stored a very valuable ground-water resource. The amount of available water varies considerably in the different sectors of the cooperative service area.

In the southern portion of Bailey County and the northern portion of Cochran County, well yields are for the most part, rather limited. However, farmers are finding that expeditious use of the water for irrigation is paying dividends.

A visit was made in March 1957, with Mr. C. O. Jones, Coop Engineer to the farm of Mr. and Mrs. J. D. Thomas, 4 miles northwest of Morton, Texas. There a sprinkler system was in use, storing valuable water in the soil at a time much in advance of the planting date. Mr. Thomas stated that he now has 5 irrigation wells, one of which produces 180 gallons per minute & the other 4 averaging less than 60 gallons per minute each. He had just completed the drilling and construction of a new well which he watched him measure. It produced less than 30 gpm. By combining the flow of several of the wells into a single sprinkler system, it is possible to do a creditable job of irrigation. Mr. Thomas stated that without electric power it would be almost impossible to economically pump his small wells at an average pumping life of 120 feet. Two of his pumps are covered with 10 hp motors, 2 with 5 hp motors and one with a 15 hp motor. Two of his pumps are Layne - Bowler submersibles and these are Garvin turbine pumps. These pumps are used to irrigate 224 acres of cotton. 1955 was the first year in which Mr. Thomas irrigated any of his crops. Last year, with the exception of 3 weeks during which he plowed his cotton, the rains ran so plentifully from the first of March to the tenth of September.

He irrigated 120 acres on which 82 bales of cotton were produced. Directly adjoining the 120 irrigated acres were 58 acres of dryland cotton which produced 16 bales.

The cost of power for production of the 82 bales was \$700, which was less than \$6 per acre. Last year 2 inches of rainfall were received after planting time and between 6 and 7 inches total were received. The return per bale on the irrigated cotton was approximately \$14 more than that on the dryland cotton. This was because of a longer staple on the irrigated cotton. Mr. Thomas estimates that the earnings on the irrigated land were \$55 more per acre than on the dryland. The total investment on wells and irrigation equipment is \$15,000 and he plans on spreading the irrigation over 224 acres. In anticipation of some day receiving normal rainfall, Mr. Thomas feels that he can use the available water over the 224 acres. He says that he has operated this farm since 1945 and did fairly well until 1952. Since that time he has lost money for four consecutive years. Following is listed the cotton yield and the number

man Petty trio. They have worked with several radio stations around the area including KLVT.

The boys attended Morton school and frequently sang for services at the Church of Christ, Second and Taylor Street. Their parents, Mr. and Mrs. D. T. Bowman, owned and operated Bowman Cleaners.

Fred Danforth, her husband, and two children Han Rogers and Rippen appeared on the show with Mrs. Danforth. Both Mr. and Mrs. Danforth are former Morton high school teachers and she was employed by the Tribune for some time. At present time they are employed by the Taylor, N. M. school. She teaches in Junior High school and he is El Paso State School principal as well as band and choral director.

Mrs. Han Rogers says she was first attracted to the program by the fact that she and her two children also have had their own television Friday morning. She didn't even have her set on at the time. Three neighbors called her however to tell her.

After their stay in New York, the Danforths plan to visit Niagara Falls, Canada, and the Great Lakes. On their way to New York they toured the Southern states & Washington, D. C.

Former Resident to Appear On TV Program, "Strike It Rich," Monday

1/2 PRICE

J. D. Thomas . . .

(continued from page one)

of acres farmed each year from 1952 through 1956:

- 1952 — 23 bales on 350 acres
- 1953 — 69 bales on 450 acres
- 1954 — 23 bales on 292 acres
- 1955 — 52 bales on 237 acres
- 1956 — 117 bales on 224 acres

In 1955, 27 of the 52 bales were produced on the 60 acres which were irrigated. In 1956, of the 117 bales produced, 82 were from 120 acres of irrigated land.

Mr. Thomas was positive in his belief that he should have begun irrigation at least 4 years ago. In fact he made enough money last year under irrigation to pay debts which had been mounting since 1952. He feels that with his \$15,000 investment in irrigation equipment, he can now make a good living for his family, which includes, Mrs. Thomas, Janice T. and J. Mark, 4.

The labor problem, as far as irrigation on the farm is concerned, has been solved by Mr. Thomas do-

ing most of the work himself, with the assistance of one laborer. At the present time two sprinkler systems are in use, with plans for another to be purchased this year. Until now, Mr. Thomas said he has been his own engineer. However, he is getting technical assistance from sprinkler irrigation supplier's engineers.

Because of the fact that the land has been dryland farmed, considerable residual fertility exists and crop production, as listed above, has been accomplished without the use of fertilizers. But a fertilizer program is planned for the future.

The family is enthusiastic with their praise of the electric service being provided by their electric cooperative. The uses of electricity in their comfortable home include air conditioner, refrigerator, home freezer, washing machine, TV, radio and electric iron. Electric power was made available in that district for the first time in December 1947. Living, since that time has been much more pleasant in their home and on their farm. Mr. Thomas hastened to say that theirs was

the best cooperative in the state, yes, in the United States, that no one could expect any better service than they are receiving. This is a signal credit to the Coop Directors Mr. Larcaster, the manager, and his staff.

They have two Durham milk cows from which calves are grown each year for beef; also a garden is grown to produce vegetables for storing in the home freezer and a family lot of home produce eggs for home use. With this display of crops, soil fertility and with stability brought about by electric pump irrigation, the Thomases are sure to make a success of farming in the High Plains of Texas.

It is also called for the present time with the prospect of more rainfall with their electric irrigation systems. Evidence of the benefits of irrigation in this sector of the southwest is shown by the number of new rural homes being built and the number of new electrical appliances being used. The result is a large increase in domestic use of electric power and living better electrically.

To Vote On Junior College Bonds

Levelland Junior College directors have called for a junior college bond and tax election for July 13 in Hockley County. The election was ordered after petitions bearing a total of 342 signatures were presented to the directors.

City Council of Women's Clubs, headed by Mrs. Dale Campbell, circulated the petitions.

The election calls for issuance of \$900,000 in bonds to be paid off over a 20 year period, plus taxes sufficient to retire this indebtedness (19 cents at present county evaluation).

It also calls for a 25-cent maintenance tax, making a total of 44 cents per \$100 evaluation, as recommended in the Hockley County Junior College survey.

Polling places were selected, and election judges named at the directors' meeting last week.

Four architectural firms were given interviews by the group.

Boundaries of the nine independent school districts within Hockley County were designated as boundaries of the voting precincts.

Election judges include J. T. Newton, Mrs. D. L. Price, and Mrs. R. L. Hill at Pettit; Mrs. Syl Diersing, Mrs. Eddie Schmittman, and A. G. Jungman of Pep; and at Whiteface, residents of the district in Hockley County will vote at the Junior High School building in Levelland.

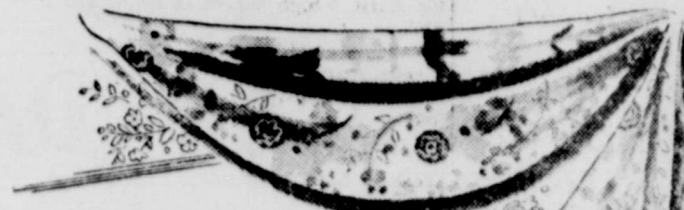

Most of the architects were questioned as to whether the proposed plant could be completed for classes in September, 1958. All felt it could if there were no big delays.

If the proposed issue carries it is felt the building contracts could be let sometime in August or September.

Revival to Begin Sunday at Morton Assembly of God

Two young men from Abilene, a 16-year-old preacher and a 19-year-old musician will conduct a Revival of two weeks or more at the Morton Assembly of God Church, beginning Sunday with the regular morning service.

H. T. Clarke, pastor of the church, said the meetings would be held nightly at 8 p.m. except on Sunday when the regular two services would be held.

TURN FROM FISHING TRIP

Mr. and Mrs. R. McCasland, a father and husband, Mr. and Mrs. L. C. Staleup, and their grown son, Hermon Lee McCamish returned Friday from a fishing trip on Arkansas Pass.

McCasland says they were unable to fish Thursday due to the conditions on the lake.

Rules of Use of Mexican Nationals Are Explained By TEC Official

Farmers who cannot find citizen workers may make application for Mexican Nationals, it was announced this week by E. T. O'Connell, office manager of the Texas Employment Commission, Lubbock.

Citizen workers must be given preference. Mexican workers are only a reserve, says O'Connell, in passing the information as handed down by the U. S. Department of Labor.

The TEC is now ready to certify that a shortage of domestic labor exists in this area.

Farmers desiring Nationals must first contact the TEC for a release showing a shortage of citizen workers.

Second, the TEC gives the farmer an order for workers, but let the farmer must sign a housing statement. Then he will pay \$7 per worker at the border, \$4 for insurance, provide housing and other considerations.

And Nationals must be paid at the prevailing wage scale. (See other story in reference to this in this issue of the Tribune.)

(A TEC office, sponsored by the

Levelland Chamber of Commerce, is located west of the square in the Old Stenbold Building, Levelland. Area farmers are welcome.)

The Department of Labor has ruled that "It is the policy of the Federal Government that Mexican workers cannot be admitted to the United States for agriculture unless all practicable sources of our own workers have been exhausted."

Continuing, "A U. S. agricultural worker may displace a contracted Mexican worker in any agricultural job which the domestic worker is qualified. If the domestic worker is unemployed, or if he is employed and is looking for a job that takes greater skill or pays higher wages, he must be given preference over contracted Mexican workers, wherever they may be employed and in any kind of agricultural activity for which the domestic worker is qualified."

"An employer must release all Mexican workers before releasing domestic workers if it becomes necessary to cut down the total number of workers in his employ."

"An employer who employs both Mexican and domestic workers must offer his domestic workers the opportunity to work as many hours per day and as many days per week as he offers the Mexican workers," advises the Department of Labor.

POSTAL RATE INCREASES ANNOUNCED

Increased fees for special Postal services effective July 1, 1957, were announced this week by Murray Crone, local postmaster.

The increase includes the following:

On registered mail the new rate is 30 cents on values from 0 to \$10 as compared to the old 40 cent rate up to \$5 and 50 cents from \$5 to \$10.

Insured mail, 10 cents for values to \$10, and 20 cents on values to \$50.

Money orders, 15 cents for orders of 1 cent to \$5; 20 cents up to \$10; and 30 cents for values from \$10.01 to \$100. The old rates were 10 cents up to \$5; 15 cents up to \$10; 25 cents up to \$50; and 35 cents

up to \$100. On registered mail where return signature is asked, the new rate is 10 cents as compared to 7 cents. On Special Delivery the rate used to be 20 cents as compared to 30 cents effective July 1st. Certified mail was 15 cents as against the new figure of 20 cents. These increases are issued by the department. Rates on first, second, and third class mail must be effected by acts of Congress and the President.

Pettit School Will Get Auditorium

Work is expected to begin within the near future on a new auditorium and cafeteria for the Pettit Schools. It was announced last week by C. M. Sanders, superintendent.

Pettit voters recently approved a \$100,000 bond election, 39 to 18 to finance construction of the new building. The school at present has no auditorium.

Four Mortonites to Leave Tuesday For Annual Boy Scout Jambree

Four Mortonites will leave next Tuesday on what is perhaps the biggest thrill in Scouting for the boys who are able to make the trip a 21-day journey to the Boy Scout Jamboree — this year being held at Valley Forge.

Elna Oden, Explorer Scout advisor, and a leader for all Morton Scouts for many years, is being selected to represent the Mustang District.

Robert Wilson will go as a representative of Morton Troop. And two last minute additions were announced, Lee and Dalton Oden, the two Eagle Scout sons of Elna Oden, whose trip is being made possible by a grateful group of Morton citizens.

The Oden boys are being sent as a gesture from the people of the city to partly thank Mr. Oden for many years, and many dollars he has devoted to helping other people's boys in Scouting. The group figured the way they could best attempt to repay Mr. Oden was to send his boys on the trip with him. It will be one of the larger groups to go from Morton. In the past years several Morton boys and leaders have made the trip. Among those are Tommy Hawkins and Lee Benham.

The group will leave Tuesday in a group with other district Scouts, and will return on July 23rd. They will send back periodic reports and plan to take motion pictures which they hope to show to civic organizations and local Scout leaders on their return.

Navy Recruiting Officer to Be at P. O. on Mondays

Fred Thomas, aviation ordnance first class and recruiting officer for this area, announces that he will be in Morton each Monday afternoon to interview young people interested in joining the U. S. Navy.

His headquarters in Morton will be in the local Post Office. Permanent offices are in the Post Office, Lubbock, Room 206.

Right now the Navy is offering a special program for high school graduates, he says.

Regular enlistments are for four years, but young men past 17 years of age and under 18 years may enlist for a minority cruise getting out the day before they are 21.

GRANDDAUGHTERS VISITING

Ruxell and Mariys Gragg of Clovis, N. M., are visiting their grandparents, Mr. and Mrs. Hap Rogers, this week. Ruxell and Mariys are the daughters of Mr. and Mrs. Wilber Gragg of Clovis.

Lions Club Takes Two Months Off

Neal Rose officially took over as president of the Morton Lions club Wednesday noon, at the regular weekly luncheon.

Fred Stochdale, outgoing Lion president, was in charge of the final meeting before disbanding for the summer. Just before the meeting, he turned it over to Neal Rose who dismissed the group.

The club will not hold regular luncheon meetings for two months. It will reconvene, the first Wednesday in September.

Guest of the Lions was Mr. Stochdale of the Texas Education Agency who was a guest of Fred Stochdale.

THREE WAY SCHOOL MAINTAINS FACULTY WITH ADA DROP, THANKS TO SPECIAL NEW LAW PASSED

"The Three Way School will open for the 1957-58 school term on Monday, September 2nd," it was announced this week by Supt. Archie Sims.

The decision was made at a recent meeting of the school board at which time plans were made to get the school ready for the next term.

The Three Way School Board has made a contract with Hefflin Lumber Co. of Morton to build a new science laboratory. The laboratory will be ready for use for teaching science in September.

The Board also voted to buy ventilation blinds for the front windows of the school building and to purchase about \$750 worth of library books for the coming year. The new science equipment will cost approximately \$750.

Three Way School will have the

same number of teachers next year as they had this past year despite the loss in enrollment and Average Daily Attendance. This was brought about by the recent act of the legislature which declared Three Way School District a sparsely settled area and gave them special consideration.

At the present time the Three Way School has two vacancies. A second grade teacher, Miss Vada Frasier will teach at O'Donnell & John Criner, the high school principal has become Superintendent at Amherst Schools. Both of those teachers have been at Three Way for the past three years.

Teachers expected to be here for another year are:

Mrs. Cynthia Hughes, Mrs. Loren Carter, Mrs. Juanez Green, Gerald Edler, Sam Green, Elbert Adams, Katherine Sims, Betty Adams, Bill Wood, Leon Jones, Nan Dyer and Archie Sims. Bill Grisham is school custodian. Mrs. Mary Grisham, lunchroom supervisor, & Russ Uptegrove is bus foreman.

Teachers who are going to school this summer include Mrs. Juanez Green and Sam Green, Mrs. Betty Adams and Elbert Adams, Katherine Sims and Bill Wood.

Supt. Sims will attend the National Educators Association in Philadelphia the latter part of June &

first of July. His family will accompany him. They plan a visit to Washington, D. C., Philadelphia; New York City, and other points of interest.

A complete breakdown of the financial structure of the school will be given to the community in August. Things that will be noted are: The amount of taxes collected for the current year and the amount of delinquent taxes; a lunchroom statement; and a general financial report on the school.

Board members of the Three Way School are Carl Pollard, President; Earl Bowers, Secretary; Pete Tarlton, M. T. Gant, Willie Welch, Charlie Byars and Ed Latimer, members.

Sen. Johnson's ...

Senator Lyndon B Johnson predicted Sunday that efforts to increase interest rates on Rural Electrification and other farm and housing loans will be defeated by Congress.

"The Bureau of the Budget has sent to Congress a bill to require Federal lending agencies to raise interest rates on these loans," he pointed out. "My own opinion is that Congress won't go along with this proposal."

"When we passed the Housing Bill in the Senate recently, we successfully beat down an effort to increase the rate on college housing loans from two and five-eighths percent to three and one-half percent. That is an indication of the feeling of Congress."

Senator Johnson declared that the Administration's big interest rate policy "is aimed at always getting a little more for lenders and toward charging the borrowers more."

"The value of the dollar goes constantly down for those who spend it and constantly up for those who lend it," he declared.

"During this past week," he noted, "the Senate Finance Committee, headed by Senator Byrd, started its investigation of the Government fiscal policy. I expect this investigation will throw a great deal of light on the effects of the tight money policy."

Texas will not have any water by the year 2,000 unless a far-reaching development and conservation project is pushed forward aggressively, Senator Johnson declared.

"We must build more dams — many more dams — in Texas," the Senator said. "We must hold on to our rainfall instead of allowing the water to run off into the Gulf. If we don't develop our water supply and conserve our water resources, the Texas economy will suffer on the vine and our State will become a wasteland."

The Senator said he is urging the Senate Appropriation Committee to take action this week on many flood control and water conservation projects in Texas.

"I am pressing for favorable action on projects on the Colorado River," he said, "on the Brazos, and Trinity Rivers, on Red River, on the Neches, the Guadalupe and the Sabine. These are projects that will pay for themselves and will return healthy dividends."

Senator Johnson said the 1958 budget proposes a total of only 20 new and resumed water projects of all kinds in the entire country.

"We've got to do better than that," he asserted. "The problem is a giant and we are fighting it with a knitting needle."

Senator Johnson had recently urged the Army Engineers to survey every river in Texas and recommend steps that would prevent a repetition of the current flood damage.

"I have had a major ambition since I have been in Congress," the Senator said. "It is to live for the day when every river in Texas is controlled against flood damage insofar as we have the knowledge & the intelligence to control it."

He said the recent flood damage has driven home the lesson of "too little and too late."

Dams already constructed, he pointed out, have saved Texans millions of dollars in property and many lives.

Johnson also declared recently that for the first time in history, mankind faces the prospect of destruction not from war but from preparations for war.

"No two scientists agree on the amount of risk involved in the nuclear test explosions," Senator Johnson pointed out. "But they all agree that there is some danger from what they call strontium-90 in the fallout."

The United States cannot stop such tests unless Russia also stops them, the Senator said, adding, "And we cannot assume they have stopped unless we have absolute, airtight safeguards."

Senator Johnson called for American and Russian leaders to exchange uncensored views over television facilities in the two countries.

"I think that if the Russian people had the facts, even Krushchev would be unable to continue the mad Communist arms race," he said.

The "cold war" has cost the United States more than 416 billion dollars, Senator Johnson stated, & Congress has appropriated 44 billion dollars more that has not yet been spent. He declared that total is 100 billion dollars more than the cost to this country of World War II.

"Some way must be found to bring both the 'hot war' and the 'cold war' to an end," he declared.

Jaycees Name Rodeo Chairmen

The Morton Jaycees, taking their cue from the Rodeo Directors who got an early start on the Rodeo, appointed their committees Monday to take care of three phases of the Rodeo Promotion, usually taken care of by the Jaycees.

Bill Glassford was placed in charge of the Rodeo Program and as helpers on his group he has Jaycee who is not on another Rodeo Committee, or who will volunteer, even though on another Rodeo Committee.

Tubby Holloman, Babe Van Roy Tarver, Jr., and Walter Sander were appointed on the two day booster trip committee to be held Tuesday and Wednesday preceding the rodeo.

Snoopy Russell, Bob Huckabay, and John Barnes are on the Committee to set up and carry out the Bathing Beauty or Queen Contest. Each of these committees is to present a plan for the operation of the project to the Jaycees next week. Two guests were on hand.

Lowe's Open Maytag Laundry

Mr. and Mrs. J. T. Lowe, formerly of Hersford, have opened a new Maytag Laundry in Morton.

They have installed new machines and boiler and invite everyone to come in and help yourself to or their pick-up and delivery service.

The Lowe's also operated a laundry in Hereford.

Remainder of Babe Ruth League Schedule Is Set

The remainder of the Morton Babe Ruth League schedule for this season was announced late last week and at the same time a called meeting of managers and league officials was set for tonight, (Thursday) at 7:30 o'clock at the District Courtroom.

Managers and sponsors have some very important problems to talk over in conjunction with the operation of the league.

This week it was decided to play the second game each week on Thursday evening instead of Wednesday. This will take effect next Thursday and continue for the remainder of the season.

The reason for the schedule change was that games were running so late in the evening, the players, managers, and fans could not get home and get to Prayer Meeting on time.

Here's the remainder of the schedule of play.

June 24	Yanks vs White Sox
June 26	Indians vs Tigers
July 1	Indians vs Yankees
July 4	Tigers vs White Sox
July 8	Tigers vs Yankees
July 11	Indians vs White Sox
July 15	White Sox vs Yankees
July 18	Tigers vs Indians
July 22	Yankees vs Indians
July 25	White Sox vs Tigers
July 29	Yankees vs Tigers
August 1	White Sox vs Indians

IS MY FIRE INSURANCE UP TO DATE ?

They all ran away from the farmer's wife, Who never made cheese on the farm in her life: They ran right back in the Mother Goose book 'Cause only real people know where to look.

EVEN THE 3 BLIND MICE COULD WRECK YOUR HOME!

In the old nursery rhyme, the Three Blind Mice were just a nuisance to the farmer's wife. Today, a good many disastrous home fires are traced to the work of mice, rats, chipmunks and other pests. They make nests of inflammable material, they gnaw insulation from wiring, they even chew, and ignite, old fashioned matches! Make sure your home is vermin free ... call an exterminator. AND, TO BE ON THE SAFE SIDE SHOULD FIRE STRIKE ... MAKE CERTAIN YOUR FIRE INSURANCE COVERAGE REALLY PROTECTS YOU — Call us to check your policies.
