By HOMER THOMPSON ITEMS RELATING TO WILD-LIFE CONSERVATION

Beginning Sept. 1, 1957, the cost of fishing licenses will be increased slightly. The game and fish commission can increase its work by about 25 per cent and will generally benefit Texans interested in better fishing.

Some important points are listed in the new law effective Sept. 1, 1957. The new sports fishing law states in effect that:

(1) It shall be unlawful for any person to fish in any waters of this state without first obtaining a fishing license: the fee for which shall be \$2.15.

Exceptions:

A. No person under 17 years of age and no person over 65 years of age shall be required to possess a sports fishing license.

B. No person or a member of such person's immediate family shall be required to hold a fishing license when fishing upon property he owns or upon which he resides.

C. No license shall be required of persons fishing with troutline, throwline or ordinary pole and line having no reel or other winding device attached when fishing in the County of his residence.

No other fishing license shall be required of a person who holds a commercial fishing license issued in this state.

The new fishing license law which becomes effective, Sept. 1, differs from the present law in several ways, including the following:

(1) The fee for the new 1957 license will be \$2.15 whereas the old fee was \$1.65.

(2) The new law is not concerned with the kind of bait (artificial, live or dead) used. The license under the old law was often referred to as the "artificial lure license."

(3) Under the new license law, Texas residents & out of state visitors pay the same amount for a sports fishing license, which is valid from Sept. 1, the year issued until Aug. 31 of the following year.

(4) The new sports fishing law which requires salt water anglers to be licensed, coupled with the lowered fees charged non-residents follows the recommendations of the sports fishing institute for salt water license. It paves the way for a reciprocal licensing program with some of our neighboring states.

FARM INCOME STILL LAGS

Prices received by farmers have increased only 1.3 per cent over those of May 1954. But the prices paid by farmers have increased 3.5 per cent and parity ratio in May stood at 82 compared to 81 in May of 1956. Consumer disposable income in the first quarter of 1957 was more than five per cent above a year ago, due mainly to increase in wages and salaries. Too, the cost of living stood a few percentage points above a year ago.

But the economist says that we should not overlook the fact that consumer credit outstanding in May was 7.3 per cent greater than in May 1956. In some industries inventories remained large relative to sales. Output of durable goods and autos dropped four and 14 per cent respectively from December 1956 to May 1957. Steel mill activity has declined from around 100 per cent of rated capacity in the fourth quarter of 1956 to a low of 84 per cent in mid-May. There was a pick up to 88 per cent of capacity in mid-June, but the usual decline is expected in July and August.

Agricultural exports through April of the 1956-57 fiscal year were estimated at four billion dollars, an increase of 43 per cent over a year ago. Cotton exports were about 7.5 million bales, compared to 2.2 million in 1955-56.

INSECTS NOT SO BAD

The cotton insects have not proved to be as serious to date, as was expected. Boll worms are doing light damage in spots. Even in the same field, most of the cotton had very few boll worms, except in small spots where boll worms were found doing quite a bit of damage.

There is an increase of small leaf worms. Minor damage is being done, but the next crop, about Sept. 1, may be serious. Of course, you can easily see the leafworm damage, but a closer inspection is required to locate and determine boll worm damage. Many beneficial insects are with us and seem to be doing a good job to date.

Mr. and Mrs. A. S. Key To Observe 50th Wedding Anniversary, Sunday

Mr. and Mrs. A. S. Key will be receiving guests from 4 p.m. until 8 p.m. Sunday in Fellowship Hall of the Morton First Methodist Church in celebration of their 50th wedding anniversary.

The couple was married Aug. 11, 1907 in Indianola, Okla. Before their marriage Mr. Key worked on the KTT ranch near Dalhart and Mrs. Key had taught school in Oklahoma.

They moved to Buffalo Springs after they were married, later to Haskell County, back to Indianola, Ia. Russell, N. M., where they lived for 25 years, and have been making their home in Cochran County since 1934.

The Keys have eight children & are expecting possibly all of them to be here Sunday for the celebration.

The children are Richard Key & Miss Kova Key of Morton; Mrs. Leon Nash, Floyd, N. M.; Mrs. Lloyd Jackson, Portales; Mrs. R. L. Main, Seminole, Okla.; Mrs. Lowell

County Survey On Needs of Ex-Polio Victims IS Set

A county-wide survey to discover the current rehabilitation needs of all post-polio patients will be conducted this month by the Cochran County Chapter of the National Foundation for Infantile Paralysis. Charles Jones, Chapter Chairman, announced today.

The local survey is part of a nationwide project by the National Foundation to compile a roster of polio cases of all ages and degrees of disability, regardless of date of onset. The canvass here is to be completed by Sept. 1.

"Modern medicine has made impressive strides in developing new rehabilitation techniques in recent years," Mr. Jones said. "Pilot surveys already undertaken show that there are thousands of polio-handicapped in the United States who have not yet had an opportunity for medical evaluation to determine if they might benefit from these new techniques."

"Some of the techniques employed today for those disabled by polio and other causes were unknown or unused as recently as 10 or even five years ago."

"The March of Dimes organization, having scored a tremendous victory in its war on polio, does not propose to walk off and leave the wounded behind so long as it is possible for them to help. We wish to find everyone who has had polio whether paralytic or non-paralytic. We want to know what their special problems may be, so that they may be helped to regain useful lives, if humanly possible, even though it will take a considerable period of time."

Jones said that the roster was to be made in close cooperation with the Cochran County Medical Society and member physicians. The Department of Public Welfare, Office of Vocational Rehabilitation, State Chipped Children's Service & county school systems also will cooperate.

Information sought from each patient includes whether he is employed or attends school, if he can climb stairs and dress himself, whether he receives regular treatment and if he uses respiratory aid. In formation gained will be extremely helpful to all such agencies and organizations.

Mr. Jones asked that all persons who have ever had polio - whether disabled or not - send their names and addresses directly to Cochran County Chapter, National Foundation for Infantile Paralysis, Charles Jones, Chairman, Morton, Texas.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1937.

HOUSE JOINT RESOLUTION NO. 1
 Proposing an amendment to Article III of the Constitution of this State, so as to increase the limit on the maximum monthly payment to needy aged persons from state funds and on the total yearly expenditure of state funds for assistance to needy aged, needy blind, and needy children, and to provide for the payment of such assistance to be paid out of state funds in certain cases.

IT IS RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section III of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section III. The Legislature shall have the power, by General Law, to provide for the payment of assistance to needy aged persons, to needy blind persons, and to needy children, and to provide for the payment of such assistance to be paid out of state funds in certain cases, and to provide for the payment of such assistance to be paid out of state funds in certain cases, and to provide for the payment of such assistance to be paid out of state funds in certain cases."

Everyone Likes Fodder

POTTLE BABY—Little Sue Anne Lindborg came to the rescue, at feeding time, after this lamb's mama abandoned it. Now, "Middle" like the mythical fowler of Mary, follows Sue all over her grandparents' farm near Union Mills, Ind.

DOWN THE HATCH—Corky, a cockatoo residing in Dallas, Tex., helps itself to a "shot" of refreshing cold chocolate milk. Gripping the cream container in its beak, the bird has learned to tilt its head and let the milk trickle down its throat.

EAR! EAR!—No, this tame squirrel isn't trying to make a meal of the ear of its young owner, 12-year-old Charles Elias, Pine Ridge, Va.; it's merely taking a playful nip. Since "Oscar" was rescued by the Virginia lad, the pair have been constant companions.

SPENDING TIME ON ROAD JOB—Gigantic construction vehicles must be "fed," too. Here, a pair of diesel-powered International Model 75 Payerscraper units, get "filled up" with 105 gal each of diesel fuel—to provide the energy to shove 20 cu yds of material at a time.

Miss Billie Doyle's Engagement Told

Mr. and Mrs. M. L. Doyle announce the engagement of their daughter, Billie Jean, to Ray Scarborough, son of Mr. and Mrs. L. H. Scarborough of Sundown.

Wedding vows are to be repeated September 1st.

Miss Doyle is a 1937 graduate of Morton High School, and he graduated from Sundown High School this year.

The couple will make their home in Lubbock.

TRIP TO RUIDOSO

Mr. and Mrs. Floyd Lightner took a trip to Ruidoso, N. M., last weekend.

LEGAL NO. 128

NOTICE OF HEARING ON COUNTY BUDGET THE STATE OF TEXAS COUNTY OF COCHRAN

Notice is hereby given that the Commissioners' Court of Cochran County, Texas will meet on August 19, 1957, at 10:00 o'clock A. M. in the Commissioners' Court Room at the Courthouse in Morton, Texas, for the purpose of considering the County Budget of Cochran County for the year 1958.

Any and all taxpayers of Cochran County shall have the right to be present and participate in said hearing; and the Commissioners' Court shall have the authority to make such changes in the proposed budget as in their judgement the law warrants and the interests of the taxpayers demand.

This 29th day of July, 1957.
 Fred Stockdale
 County Judge, Cochran County, Tex.

ATTENT:
 Mrs. Lee Taylor
 County Clerk & Ex-Officio Clerk of Commissioners' Court of Cochran County, Texas 23-2tc

Card of Thanks

CARD OF THANKS

We want to sincerely thank the wonderful friends and neighbors who helped us so much in our recent bereavement. The service at the funeral home and every act of kindness extended to us. The flowers were beautiful and deeply appreciated.

Mrs. Orvil Lane & children
 Joy, Eulice, Harvel, Odes,
 and Kenneth Lane

Puerto Rico Is Circle's Subject In Mission Study

"The Islands Await His Word" was the theme of a travelogue on Puerto Rico presented by Mrs. Luke Hargrove for the Myra Knox circle of the Women's Society of Christian Service.

They met Aug. 6 in the home of Mrs. Ed Lytle.

Mrs. Hargrove also discussed the growth of Methodist churches and efforts there and illustrated her talk with examples of native handicrafts.

Mrs. F. E. Bakridge gave a meditation on Psalm 8.

The next meeting is to be with Mrs. J. W. Covington, Sept. 1. Mrs. Hume Russell will present the program.

CARD OF THANKS

We wish to express our thanks and gratitude to our friends and neighbors for every act of kindness extended us during the illness and death of Mr. Alvin O'Pry. Especially do we thank Dr. Brown and the nursing staff of the hospital. The neighbor women who brought and served the food, and for all the beautiful flowers. May God bless each of you in your hours of need.

Mrs. Alvin O'Pry
 Alvin K. O'Pry
 Mr. and Mrs. John McGee & family
 Mr. and Mrs. Carl Yeary and family
 Mr. and Mrs. Don Yeary and family
 Mr. and Mrs. Ralph Yeary and family 23-1tp

CARD OF THANKS

I want to express my sincere thanks to my friends and neighbors for the words of sympathy, the beautiful flowers and the many deeds of kindness extended to me during the extended illness and death of my mother. Mrs. Pat Hatcher 23-1tp

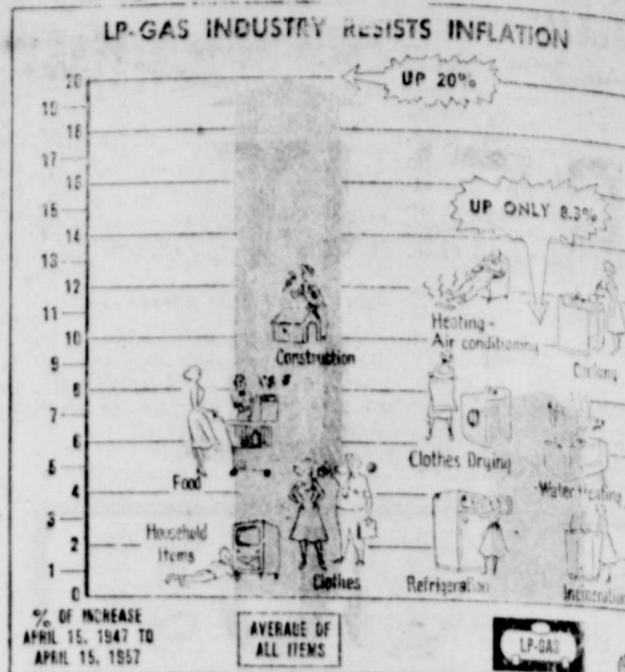

Maggie Jackson Circle Hears Mission Travelogue

The topic of the lesson presented by Mrs. James Mayo for the Maggie Jackson circle of the Women's Society of Christian Service was "A Missionary Pilgrimage Travelogue."

Mrs. C. H. Silvers gave the devotional. Those attending the meeting Tuesday night in the home of Mrs. D. E. Benham were Mrs. Willard Henry, Mrs. Bob Huckabay, Mrs. W. P. Houston, Mrs. H. M. Christian, Mrs. James Harrell, Mrs. E. L. Cox, Mrs. J. D. Hawthorne, Mrs. James Mayo, Jr., Mrs. Silvers and Mrs. Benham.

VISITING GRANDPARENTS

"Bullet", son of Mr. and Mrs. Jim Workman is visiting Mr. Workman's parents, Mr. and Mrs. T. D. Workman, in Rankin this week.

The average of all items in the Bureau of Labor Statistics cost of living index advanced almost 20 per cent in the past ten years. In the same period LP-Gas, used by millions of suburban, town, and farm homes, increased only 8.3 per cent, a survey conducted by the National LP-Gas Council reveals.

Living Costs Continue to Zoom But LP-Gas is One Bright Note

CHICAGO—Although the average of all items included in the U. S. cost of living index has jumped almost 20 per cent to a new high record in the past ten years, the cost of LP-Gas, used by millions of suburban, town, and farm homes is up only 8.3 per cent.

The increase in living costs was revealed by the U. S. Bureau of Labor Statistics. The bureau had recorded an increase in prices that brought the living cost index in April to 119.3 per cent of the 1947-49 price levels, a new high record. This meant that it took about \$1.20 to buy the same amount of goods and services that could be bought for \$1 in the 1947-49 period.

To determine if rising prices in the LP-Gas industry were contributing measurably to the inflationary spiral, the National LP-Gas Council, sent a questionnaire to hundreds of LP-Gas dealers in every state.

The dealers were asked to tell how much their bulk customer price increased per gallon in the past ten years. Results of the survey indicate that the price of LP-Gas, used in homes for heating, cooking, water heating, clothes drying, refrigeration, and incineration, has increased only 8.3 per cent.

How has this rapidly expanding industry kept the price of its product below the halfway mark on the postwar inflationary spiral? The Council attributes the stability of LP-Gas rates to a number of factors. Of these, industry growth may be the most important. Post war growth of suburban farms, and lower populations opened tremendous new markets for the young industry. Through aggressive salesmanship and promotion, independent dealers maintained a major share of these markets for the fuel. Evidence of their success can be seen in the record-breaking sales of 7 billion gallons last year. The billion gallon increase in 1956 alone was equal to total industry sales in 1945.

This growth in public acceptance of the fuel has, of course, resulted in distribution economies. Increases in storage facilities and the number of plants to serve customers, and improved shipping and handling methods also contributed to industry price stability. Other technical and service advances helped make it possible to keep the price low.

penalties. All of this takes place without a jury. . . . that is the solid issue involved in the jury trial amendment. Nobody objects to the courts having full power to enforce legitimate decrees and orders. Nobody objects to adequate safeguards for the right to vote. But many of us object to devious schemes to convict men and women under CRIMINAL contempt without trial by jury. . . . I hope you agree with me. I hope you will let me know whether this is the proper course.

—Juries . . . have been the firmest bulwarks of English liberty, said Thomas Jefferson.

The words above were written in 1789 by a great man—Thomas Jefferson. He was looking back on centuries of British history to find advice to guide the United States. Out of that history, he came to the conclusion that "the opinion of 12 honest jurymen gives still a better hope of right than any other method of determining the truth in a criminal case."

It is time to think about Jefferson. Clever lawyers have finally devised an adroit method to by-pass the jury system. They are attempting to write this method into the law under the name of "civil rights."

In its present form, the "civil rights" bill would:

- Enable a Federal District Attorney to go into Federal court when he BELIEVES someone is to be deprived of a voting right.
- Enable the Federal judge to issue an injunction against the acts which the Attorney General SUSPECTS may happen.
- Enable the Federal judge to decide WITHOUT A JURY when the injunction has been violated.
- Enable the Federal judge under CRIMINAL contempt proceedings WITHOUT A JURY to assess fixed jail sentences and fines.

In other words, the Federal judge—in each individual case—makes the law, decides when it has been violated, tries the defendants and fixes the

CLIFFORD REEVES HAVE SON BORN SATURDAY

A boy, Johnny Ray, was born to Mr. and Mrs. Clifford Reeves of Morton at 6:40 a.m. August 3. Johnny, who was born in Cochran County Hospital, weighed seven pounds seven ounces at birth.

MR. & MRS. GILBERT GARCIA HAVE NEW DAUGHTER

Mr. and Mrs. Gilbert Garcia of Morton are the parents of a daughter born at 6:33 p.m. July 30 in the Cochran County Hospital. The infant, named Sara, weighed seven pounds eight ounces.

SON FOR ANDREWS COUPLE

Mr. and Mrs. B. F. White are the parents of a nine pound 10 ounce boy born in Cochran County Hospital on August 5th. The Whites live in Andrews.

VISITS BROTHER, FAMILY

Mr. and Mrs. Jack Burke of the Phillips Camp near Berger, were Monday visitors in the home of his brother, Sheldon P. (Jack) Burke and family. Jack, who attended school in Morton, conducted the Masonic grave rites of Judge Alvin O. Fry Monday, a last request of the City Judge. While here Jack was able to talk with a host of old friends.

Barbara Stanwyck and Harry Sullivan in a romantic scene in a scene from "The Maverick Show" showing at the ROSS Theatre, Friday and Saturday Aug. 7 and 10.

OUT OF HOSPITAL AMERSONE

Mrs. Pearl Woolam, mother of M. J. Woolam of Morton was able to return to her home in Morton Monday. She has been in hospital at Lubbock.

Attend Funeral of Mrs. Mayfield

Mr. and Mrs. D. E. Benham and Mr. and Mrs. J. D. Hawthorne of Morton attended the funeral of Mrs. C. P. Mayfield in Henrietta, July 13. Mrs. Mayfield is the mother of Mrs. W. R. Hatcher of Morton.

Also attending the funeral were Mr. and Mrs. Fred Collins, John Ed and Terry Don of Marietta, Okla., and Mr. and Mrs. A. C. Ward of Seminole.

Both the Collins and the Wards are former Mortontites.

Elected Chairman Of Marcia Hinds Church Circle

Mrs. Don Holman was elected circle chairman at the last meeting of the Marcia Hinds circle of the Women's Society for Christian Service.

The circle met at 8 p.m. at the First Methodist Church, Tuesday August 6th.

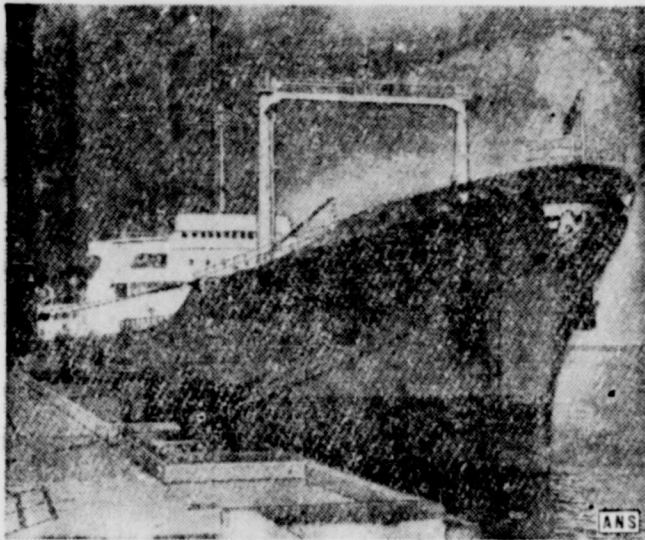

The devotion was given by Mrs. Lessie Silvers followed by a program on Puerto Rico presented by Mrs. L. F. Hargrove. Mrs. J. D. Hawthorne gave the guide rules of the Women's Society for Christian Service.

Refreshments were served to Mrs. Leon Stinson, Mrs. Paul Gunter, Mrs. Bill Glassford, Mrs. Weldon Wynn, Mrs. Silvers, Mrs. Hargrove, Mrs. Hawthorne, Mrs. Holman and Mrs. Bobby Adams, hostess.

DAUGHTER FOR MR. AND MRS. R. A. STEVENS, STAR ROUTE TWO

Mr. and Mrs. R. A. Stevens of Star Route Two, Morton are the parents of a daughter born at 12:23 p.m. August 3rd. The daughter, named Diana Gail, was born in Cochran County Hospital and weighed seven pounds at birth.

Many Hands Join to Bring "Oil for the Lamps of America"

THE giant 41,000 ton tanker, SS WORLD INSPIRATION as she slid into the Philadelphia docks on her maiden voyage. Owned by the well-known Greek ship-owner Stavros Niarchos, the super tanker is his first Japanese-built ship to reach our shores. She carries three times as much as the standard T2 tanker, has crew's quarters that surpass passenger ship standards, and the most modern radar and other navigating equipment. Manned by a crew from her owner's homeland, she covered some 8,800 miles, by way of the Suez Canal, to deliver crude oil from the Persian Gulf to serve America.

SOIL CONSERVATION DISTRICT NEWS

The time has come to begin thinking of planting legumes for soil improvement and winter cover. The importance of having the soil covered either with a growing crop or dead residue is evident during the winter and spring months when it is subject to blowing and wind erosion.

For INSECTICIDES and AERO APPLICATION Contact AERO SPRAYING and FERTILIZING CO. Across from McDermott Butane North on the ENOCHS Highway Morton Phone 3541

and haban. These plants aer all legumes and have the ability to take nitrogen from the air and store it on their roots in small sacks called nodules. In order for them to have this ability, it is necessary for their own particular type of nitrofixing bacteria to be present in the soil.

It is important that only fresh inoculant be used on legume seed & this seed be planted soon after they are inoculated. Too much exposure to direct sunlight seems to have a tendency to kill or weaken the bacteria inoculant.

On the sandier soils a nurse crop or small grain will help protect the legume seedling and get it established and help serve as protection for the soil. It is possible to get cost-share assistance through the ASC office in establishing these winter legumes.

VISITED IN MORTON Mrs. J. B. Bendersman of Clovis visited Thursday in Morton with Mr. and Mrs. Arthur Cook and family and Mr. and Mrs. Cliff Lewis and family. Mrs. Cook and Mr. Davis are Mrs. Bendersman's brother and sister.

GUESTS OF W. W. SMITH Visitors in the W. W. Smith home early this week were Rev. and Mrs. Wayne Smith, Randy Gowdoyne and Cherry Lea of San Angelo. They were enroute home from a vacation trip to California.

RETURN FROM VACATION Mr. and Mrs. L. F. Fitzgerald of Morton, their daughter, Mrs. Ira Martin, and their granddaughters, Jennie and Robbie of Muleshoe, returned Saturday from a vacation through Northern New Mexico and Colorado.

TALK ABOUT ECONOMY... FORDS COST LESS PER MILE!

Fords cost less to buy! No doubt about it! Model for model, Ford cars are the lowest priced* of the low price three. And don't be fooled by those "low prices" now being quoted for some "stripped down" models in the medium-price field. Remember, a '57 Ford equipped the way most people want a car today—with automatic transmission, heater and radio—costs hundreds of dollars less than these medium-priced cars, similarly equipped.*

Fords cost less to trade! Latest official auction sale figures on used cars show clearly that the new kind of Ford commands a higher price than either of its two low-priced competitors. The men who bid at these auctions are professional buyers—men whose very livelihood depends upon their expert knowledge of cars. They pay more for used Fords because they know that Fords hold up in value. Like thousands of Ford owners from coast to coast, they have discovered that Ford is worth more when you buy it... worth more when you sell it, too!

By Eddie Irwin
W.H.E.W.-1, is the big sigh everyone is breathing this week after the rodeo is over.

WANT TO GET up to your head in work 'n' worries, just volunteer to handle some phase of the rodeo production one year.

ARE ONCE AGAIN going to use the Cochran County Swimming Pool for the annual George White District Swimming meet.

HELD AUG. 22, and it will be the 2nd time it was held here in the last three years. Reasons for this favoritism are severalfold.

MENTIONED it, is the hope the local folks will turn out to witness this fine program. It takes a lot of urging to get a representative crowd out to such an event, but it should be very interesting.

QUALITY YOU can measure
Image of a man in a uniform pointing.

SHAMROCK
LET YOUR OWN GAR DEMONSTRATE THAT SHAMROCK QUALITY IN GASOLINE AND LUBRICANTS MEANS IMPROVED PERFORMANCE

SENATOR YARBOROUGH GREETES TEXAS DELEGATES

Senator Ralph Yarborough welcomes Wesley Gilpin, (left) of Houston, and Ronnie Gordon Downing, (right) of Floydada on the steps of the Nation's Capitol.

Bill Strain... DISTRICT representative of the Scouts, is trying to get an especially good program planned, including a few "extra" things besides the actual Boy Scout Swimming meet.

TAKE CAREFUL note of two stories on the front page of the paper this week, regarding students for the 1957-58 term of Morton schools, and regarding all county students. One concerns the inoculations for the first graders to be.

THE registration of Morton students, in years past, we have heard criticism from parents who wanted to take a vacation late in the summer and were irked because they didn't know enough in advance as to when students would register.

WE WOULD LIKE to remind interested parties, again, the school health nurses' office - the County Health Nurse - is now located in the old auditorium building, the local school building across the street south of Chandler laundry.

"DO AWAY" with the old two-room frame building that once was the Superintendent's home, then later was the Nurse's office, another step in the modernization & reorganization of the Morton schools.

With Bandman John Bealmear who is moving this week to Portales to take over Band directorship of Portales schools. He faces a big job, but we know, he has the talent to succeed in it.

JOHN, Particularly the band students who have come to have a great deal of respect for him. He's done a big job here. And John said, we have a year here to replace some top notch bandmen who were among the 13 who graduated last spring, but he feels the best band to be in Morton is yet to come, perhaps year after this one.

THERE WERE A few who didn't get any rain last week, but nearly everyone in the county got at least a half inch, in the three or four rains that fell. That didn't stop it, but it loe of the irrigation wells, but it did lighten the load of their job somewhat. Indications are for another bumper crop on the South Plains according to estimates by Plains Cotton Growers. Our crops are looking very good in this county, and, for some reason, perhaps more have taken to crop spraying and dusting - the bugs are not as damaging thus far as they usually are.

Dinner for Soldier Home On Leave
A dinner was given Sunday in the home of Mr. and Mrs. M. L. Doyle for Dale Kirk who is home on leave from Ft. Chaffee, Ark. He has recently finished eight weeks

of basic training there. Those present were Mr. and Mrs. Cecil Kirk and daughter, Gale; Mr. and Mrs. Earl Doyle and sons; Mr. Ray Scarbrough and Miss Billie Jean Doyle, all of Lubbock, and Mrs. James Jones and sons of Lehman.

Levelland Still Leading Local Softball League
Levelland kept undefeated in the second half of softball play last week and appeared sure to be the second half winner as they handed Muleshoe a double loss on Friday night and then came back to beat Morton Tuesday, 8 to 0.

Reunion Set for Hopkins County
The famous Hopkins County Stew will be the talk around the table at noon August 11. All former residents and their families of the two will gather for their annual reunion.

SOFTBALL HOMEMAKING
The other day, Bill suddenly announced that he just had to have a workshop. "And while I'm at it," he decided, "I'll fix up the basement - like the floor and put up some wood paneling - make it into a real game room. How about that?"

RODEO...

(continued from page one)
up. Bob Polvado, another local boy placed in both calf roping and double mugging during the show and Hall came back to grab top time in the double mugging for what was thought to be a double victory. But after the lariets had settled on nine other calves run after the show, the final results went like this:

Steve Cone of Big Spring scored by tying his calf in 12.5 and Kenny Thompson of Big Spring followed with a 13.7. Raymond Hall's mark was good for third. Polvado's time, though good, failed to place him.

Saturday night Je Rollins took first in 13 seconds and his two night total placed him first over 22 entrants and top money winner. A 16.3 was good for second for Kenny Thompson and also placed him second in the two night averages and Jack Ratzen of Happy, was third in 18.2. Cone was third in the two go-round averages.

Top double mugging average for the two nights went to Floyd Lemond, Lovington. Other top averages were Jerry Dean, Big Spring,

second and Ratzen, third.

Friday winners were Raymond Hall, 14.4; Joe Rollins, 16.7 and Lemond, 17.2. Lemond won Saturday with 16 seconds flat. Ratzen followed with 19.6 and Dean had 19.8. Sixteen were in the double mugging. Bob Polvado, local favorite, after getting a good time in both events on Friday, missed both loops Saturday and thus lost his chance of being an average money winner.

Louis Erramouspe, from Corona, New Mexico, a winner last year, in bronc riding, was up to his old tricks. The hard riding Indian took first place in saddle bronc riding both nights, and thus also was tops in average. Cotton Barrington of Lubbock won 2nd Friday and Jim Strickland, also of Corona, N. Mex., was third. Saturday Strickland was second and Booger Townsend, of Snyder was third. Strickland was second in the two go-round averages and Townsend was third. Only eight men entered that event.

Thirty-five entered the bareback bronc riding and Joe Ed Burnett, of Muleshoe was first. Delbert Hataway was second, a Snyder lad, Jim Strickland, third and Beryl Nix of Farwell, fourth. There were four overall money winners.

Friday, Barnett placed first and two Levelland boys, Don Nash and Sam Rush tied Jim Sealey of Snyder for second.

Burnett also placed first Saturday with Nix and Hataway taking second and third spots respectively. Sammy Harold of Snyder had the best average over 35 other bull riders. Frank Wilson, Lubbock was second; Jiggs Young of Big Spring third and Spike West, Levelland, fourth.

Rusty Welch of Dickens came in first Friday night. Harold was 2nd and Wilson, 3rd. Saturday's winner was Harold, second was Wilson, & West was third.

A local lady, Judy Holoman won money in the ladies' barrel racing. Judy placed second to Jerrye Ann Shery of Rochester, with Betty Ellison of Portales, third. Miss Holoman and Miss Shery tied for 1st on the opening night with Melinda Bartlett of Anson copping first on Saturday with a 17.6. Miss Shery was second with 18.3 and Judy Daly of Muleshoe was third.

Tom Standerfer of Bledsoe and Jerry Christmas of Clovis had quite a duel in the Cutting Horse Contest, Christmas winning the first night and Standerfer winning the last go-round. Each placed second in a field of four the night he didn't win.

Tom Holar was announced as the night over three others. It was a wild mare race winner the second jackpot event. No race was held the first night because only two entered the event.

W.S.C.S. MEETS WEDNESDAY

Ladies don't forget, our W.S.C.S. meets at 5:30 p.m. Wednesday in Enochs.

Senator RALPH YARBOROUGH Writes from DC

I hope you will pardon this rather tardy first report to you. However, I know that you sent me up here to work for you and represent you in the Senate where hundreds of things are happening every day directly affecting your pocket book

and how you and your family live. So I have spent my time in the Senate rather than on literary efforts.

One of the best examples of how things are happening up here to affect your pocketbook is the way the Administration is cramming "Bensonization" down the throats of the farmers. It is well known up here that Ezra Taft Benson would be delighted to do away with parity altogether. As I pointed out in the Senate, Texas farmers have undergone 7 years of drought and the worst floods since the Europeans settled in our area, but it is questionable whether they can withstand another year of Benson.

Another matter I have been greatly concerned about up here is the refusal of the Administration to put into effect the lower EHA down payment provision voted by Congress. Many home builders in Texas are going to the wall because of these excessive cash requirements. But even worse, many of our good Texas families are cramped up in inadequate housing. We in Congress voted the lower down payment, but this Administration is stalling, while home builders, appliance suppliers, carpenters, painters and the people who want to buy a home, suffer.

I have also been working hard to get a postal pay increase and pay raises for all other present and retired federal employees. I was very gratified last week to receive a letter from the group of postal employees at the Dallas terminal annex. They said: "The postal employees and their families want you to know we are grateful for the interest you have shown and the work you have accomplished in their behalf, and we do once again solicit your aid in asking your support in the Senate for HR 2474." To those employees and to retired and present federal employees all across Texas, I want to reply: You most certainly will receive my continued support and work. Anyone who sees the postman these August days walking his rounds in the hottest sun and dodging the neighbor's dog knows that this man, trapped with a fixed income amid today's runaway inflation, needs a living wage.

Washington activity in the other key Texas industry, oil, also illustrates the pocketbook angle. This concerns foreign oil imports. As you know, for the last few years the big oil companies have been flooding the local market with hundreds of millions of dollars worth of this foreign oil. They have pumped as much of it into the U. S. that there is hardly a market left for our Texas oil. After much hard

A COMEDY TRIO, was born when David Niven, Dan Dailey, and Barbara Rush got together to make the picture entitled, "Oh Men, Oh Women," showing next Tuesday, August 13, at the Theatre in Morton.

Texas' present Capitol building was dedicated in May, 1888.

Texas is regarded as one of the most fertile fields in America for archeological research.

work, we have been able finally to force the Administration to acknowledge in some manner their earlier promises to jldwer these ruinous imports. The long-delayed Cabinet committee report on imports was released last week and recommends, for the good of national defense as well as the domestic economy (and that means Texas), a sharp cutback in these imports. If the big companies abide by these recommendations, it will be a sweeping victory for all Texans.

Since I arrived in Washington 95 days ago, I've testified before Senate and House Committees for nine dams and water projects on eight different Texas rivers; I've voted to cut 3 1/2 billion dollars of the Republican budget and I've dipped the Administration's hard money and high interest rate policies seventeen times, but I haven't gotten the ticks off our economy system yet.

We can't go into everything at this time, but next week we will report on further matters directly relating to your pocketbook. Meanwhile, I urge everyone of you to write and tell me what you think needs immediate attention.

ROSE THEATRE MORTON, TEXAS

LAST TIME TODAY WED., THURS. - AUG. 7-8

Eddie Fisher and Debbie Reynolds

BUNDLE OF JOY THEIR FIRST MOVIE TOGETHER 6 NEW SONGS TECHNICOLOR

U.S. - Bulwark of Freedom

BIRTHDAY OF A FREE NATION as the Declaration of Independence was presented to Congress in 1776. Contrary to popular belief, this historic document was not signed by Congress on July 4th. Instead, the Act by which the original 13 states broke colonial allegiance to Great Britain was approved by Congress July 2, proclaimed on July 4th, and signed at various times up to Nov. 4.

BIRTHPLACE OF OUR NATION was Independence Hall, Philadelphia, where Continental Congress met, Declaration of Independence adopted and proclaimed, Washington appointed Commander-in-Chief, and U. S. Constitution framed.

OUR NATION'S CAPITOL, moved from Philadelphia to banks of the Potomac in 1800, today is a majestic city, nerve center of a great country, and the hope of freedom-loving people everywhere. The capitol dome, sprawling office buildings, monuments, memorials, and 7,000 acres of public parks including the Mall shown here, are familiar sights to countless Washington visitors.
