Bledsoe Names Class Officers

Class officers at Bledsoe High School for 1957-58 have been named and announced last week by J. E. Roane, Superintendent of schools there.

Marlin Ray Buchanan has been named president of the Senior class and to serve with him are: Barma Jean Dunn, vice-president; Patricia Webb, secretary; Zelta Millsap, reporter. The senior sponsor is Joe Elliott.

Juniors have named Bessie Bilbrey as president, Secretary - Treasurer is Janelle Chandler and reporter is Scotty Chunn.

Marion Bilbrey is president of the sophomores. Wislie Bilbrey is vice-president; Linda Buchanan, secretary - treasurer; reporter, June Kennedy. J. E. Roane is sponsor.

James Webb is president of the freshmen class. He is assisted by Mills Kate Rossion, vice-president; Ray Chandler, Asst. Vice-President; Patricia Smith, secretary; Patene Chadwick, Treasurer; Reporter David Millsap. The sponsor is Mrs. Lois C. Selman.

Mrs. Harrell Hosts Methodist Women

Members of the Maggie Jackson Circle of Women's Society of Christian Service met Tuesday morning at 9:30 in the home of Mrs. J. E. Harrell.

Mrs. W. P. Houston gave the devotional. Mrs. Willard Henry brought the program on Home Missions and discussed the work of the Women's Society of Christian Service among Negroes, Latin Americans, and Eskimos.

Mrs. Harrell served coffee and sweet rolls to the following members: Mesdames H. S. Hawkins, Willard Henry, Robert Hackberry, C. H. Silvers, E. L. Cox, W. P. Houston, H. M. Christian, J. D. Hawthorne, Tip Winton, and W. W. Smith.

Miss Wilma Smith, Harold Stillwell Exchanged Vows

Miss Wilma Marie Smith, daughter of Mr. and Mrs. T. T. Smith of Morton and Harold Stillwell, son of Mr. and Mrs. Bob Stillwell of Abertown, exchanged vows in the home of the brides parents, Friday September 27th, at 7 p.m.

Rev. A. R. Coleman officiated at the ceremony.

The bride wore a dress of pink lace over taffeta with white accessories. She carried a white Bible topped with white gardenias and streamers of pink and white.

Miss June Scott of Morton was Maid of Honor. She wore a blue dress with black accessories. Waymon Jones of Abertown was best man.

A reception immediately following the ceremony was also held in the bride's home. Mrs. Royce Smith of Lubbock and Mrs. Bobby Smith of Morton served a tiered cake, topped with miniature bride and groom, and served with bubbling pink punch and coffee.

The couple left for a wedding trip and return to Lubbock today where they will make their home.

Farm Meeting Set Thurs, October 10

Another meeting for farmers will be held Thursday evening, October 10, in the Agricultural Building, Morton, Texas, on cotton defoliation.

Mr. Earnest Thaxton, State Experiment Station, who has charge of cotton defoliation on the Experiment farm, will be here to give information on the results the past several years on cotton defoliation and to answer questions that farmers may have.

Methods of defoliation when to defoliate, chemicals used in defoliation, and results obtained will also be discussed.

Mid-month 'Sing'

The regular mid-month singing will be held at the Trinity Baptist Church, Sunday, October 20, from 2:30 to 4 p.m.

The Tribune erred in a story last week giving the wrong date for the singing.

The public is cordially invited to attend.

BUMPER CROPS have been harvested this year in the Brazos River bottoms. Cotton and maize have done especially well. Spring floods left a layer of fine rich topsoil on the bottoms, and summer irrigation helped to finish off one of the farmers' best crop years in history. Completion of more dams on the Brazos River and its tributaries, according to the Brazos River Authority's master plan, can make this valley one of the nation's most productive garden spots year after year—with water supply in dry periods and flood protection when needed. The picture shows a worker irrigating tall cotton near Navasota.

FARM BUREAU ELECTS NEW DIRECTORS Congressman George Mahon Highly Optimistic About Future of the World, the Farmer and Cochran County

Representative George Mahon of the 19th Congressional District, which includes Cochran County, is optimistic about the future of the world, the farmer, and Cochran County.

The Congressman spoke Thursday night at the annual directors' election meeting of the Cochran County Farm Bureau.

His talk followed the unanimous election of twelve Farm Bureau directors.

The group's nominating committee, headed by Roy Hickman, recommended a complete change of directors in order that some long-time directors might be given an "earned" rest.

NEW DIRECTORS

Elected were B. H. Tucker, George Williams, Merlin Roberts, Pete Todd, Elmer Gardner, Lloyd Miller, D. L. Linder, Hadley Kern, D. A. Ramsey, Ralph Burt, Cyril Greener, and W. T. Zuber.

They are to take office Monday night at a called meeting of the bureau's directors.

In discussing the national defense he said we must continue to keep up our guard until a more secure peace is established.

He emphasized that though many farmers don't agree with the national policies of the Farm Bureau, the Farm Bureau is doing a beneficial job of communicating information from farmers to Congressmen, "and has accomplished much good."

PRaise FOR HICKMAN

The Congressman said a Cochran County man, Hickman, was responsible for getting the grain sorghum distress loan plan underway.

Rep. Mahon said that sometime earlier Hickman wrote him a letter saying that it looked as if the South Plains were going to produce an extra big grain crop, and that a distress loan plan was needed.

"I contacted the Department of Agriculture," the Congressman said, "advising them of what Hickman had written and recommending they take action."

Wednesday the department announced a distress price support loan aimed at stabilizing the market. The announcement means an increase of 3 cents per hundred weight for grain sorghums, or bringing the loan to 1.61 per hundred weight.

NEW BILLS

In a question and answer period the Congressman said that three major bills concerning cotton had been published, and that it appeared the swing was toward legislation to discuss the situation more fully and arrive at a program to present to the Cooperative and to the General Telephone Co.

The agreement they are after is one similar to the proposal now under consideration between Muleshoe and the Coop exchanges of Lubbock and Needmore.

An attempt will also be made to include the Bula exchange in the agreement.

Actual goal will be "elimination of the tolls and better service" according to three spokesmen for the group that talked with Lancaster. A committee, under the chairmanship of L. B. Fox, area gin manager, was named to meet and present the rural subscriber's viewpoint.

Others on that committee are Mesdames Carl Griffith, LeRoy Johnson, Morriss T. Gant, George Williams, Richard Key, and several other men.

Meeting with Lancaster were those mentioned and Mesdames H. R. Raper, H. B. King, G. T. Taylor, A. H. Darieck, J. K. Griffith, Hadley Kern, B. R. Stovall, N. H. Steed, Sr., W. R. Key, J. W. Covington, Pete Tarleton, John Tyson and A. E. Robinson and Messers E. A. Kenley, N. H. Steed, C. A. Bundrant, J. P. Powell, D. V. Terrell, C. B. Evans and W. H. Eubanks.

Rural Group Begins Efforts to Shake Toll Charges on Calls To Morton

Twenty-three interested rural residents of the Maple and Lehman exchanges of the Five Area Telephone Cooperative, took the first step Friday morning in what they hope will eliminate toll costs on phone calls to Morton.

The rural residents met with Mr. W. B. Lancaster, manager of the phone cooperative at 10:15 Friday morning to discuss what they were after and the best ways and means of getting it.

On Monday and Tuesday of this week, the Morton Jaycees and the Junior Class will be asked to appoint a committee of members to meet with a committee of these rural folks, and with Mr. Lancaster, Thursday night, October 10th, to discuss the situation more fully and arrive at a program to present to the Cooperative and to the General Telephone Co.

The agreement they are after is one similar to the proposal now under consideration between Muleshoe and the Coop exchanges of Lubbock and Needmore.

An attempt will also be made to include the Bula exchange in the agreement.

Actual goal will be "elimination of the tolls and better service" according to three spokesmen for the group that talked with Lancaster. A committee, under the chairmanship of L. B. Fox, area gin manager, was named to meet and present the rural subscriber's viewpoint.

Others on that committee are Mesdames Carl Griffith, LeRoy Johnson, Morriss T. Gant, George Williams, Richard Key, and several other men.

Meeting with Lancaster were those mentioned and Mesdames H. R. Raper, H. B. King, G. T. Taylor, A. H. Darieck, J. K. Griffith, Hadley Kern, B. R. Stovall, N. H. Steed, Sr., W. R. Key, J. W. Covington, Pete Tarleton, John Tyson and A. E. Robinson and Messers E. A. Kenley, N. H. Steed, C. A. Bundrant, J. P. Powell, D. V. Terrell, C. B. Evans and W. H. Eubanks.

Kills Rattlesnake In City Limits

Raymond Williams, who lives on the Portales Highway, in the last house in the city limits, reported the killing of a rattlesnake this week.

Williams, who encountered the snake in his yard, reported the reptile was "about two foot long and had 7 rattlers and buttons."

INDIANS DOWN IDALOU 12 TO 0 FOR 4TH TRIUMPH; MEET RUGGED RALLS JACKRABBITS HERE FRIDAY

The Morton Indians — vastly outtrashed by a game, flu-ridden Idalou eleven through the first half of the game, snapped back to form in the second half, and for the second week in a row spent most of the last 2 periods battling the official's whistle as they won a 12-0 verdict.

Morton managed only 19 yards on the ground in the entire first half and went to the locker-room with a 3 to 0 lead only on the strength of a well executed punt handoff and 64 yard touchdown scamper by Eddie Thompson.

Idalou, though only slightly better on yardage in the first half, 52, mainly on the strength of a completed 22 yard pass, nevertheless out-first-downed the Indians 7-1 in that sluggish first half.

Thereafter, though they scored only once, a one yard plunge by fullback Butch Naim, seven plays deep in the second half, Morton got 177 yards in the final two quarters for a decisive game edge. The Wildcats wound up with the edge in first downs, 12 to 7, which was a moral victory for them.

Playing with their outed backfield in tact, including dandy Wayne Isom, the Wildcats had eight linemen out with the flu — three of them first stringers, and five of them tacklers.

And, oddly enough, their line put on the best show, though Isom was a standout on both offense and defense. He personally halted two Indian backs headed for touchdowns. His speed kept Morton muddled, though he kept the ball himself too many times and Morton managed to outtie up his speed too often.

If there was a bright side to the Morton victory it was two long pass plays, one netting 55 yards and another 41. On the ground the Morton boys took nothing away from a tired Idalou line.

It was a game that actually turned out to be easier for Morton than pre-game predictions figured. Idalou, ranked just behind Morton among Class A teams, played the Indians hard but they didn't have the manpower on the field to contain them.

The discouraging thing to Morton fans was an excessive amount of penalties for the second week in a row — indicating the Indians had better watch their P and Q's if they intend to go very far. The 105 yards in penalties they drew, including 6 15-yarders, mostly for holding, would have cost them points and perhaps a victory in most games.

Morton completed 4 of 10 passes

Winona Webb Is Bride of William Mays

BLEDSOE, Sept. 16 (Sp.) — In a candlelight service, Friday Sept. 15th, Miss Winona Carol Webb and William (Bill) Mays were wed in the Bledsoe Baptist church.

An arch of greenery and white daisies served as the background for the exchange of vows as Boyce Evans officiated the double ring rites at 7:30 p.m.

The couple, both Texas Tech students, are the daughter of Mr. and Mrs. Buford Webb of Bledsoe and the son of Mr. and Mrs. Howard Mays of Van.

Alton Webb, an uncle of the bride sang "Whither Thou Goest," "Because," and "The Lord's Prayer." He was accompanied by Mrs. Monty Thomas at the piano.

Nylon lace over slipper satin was the wedding gown chosen by Miss Webb, who was escorted to the altar by her father. The gown was designed with petal point sleeves, and topped with a jacket which featured a high collar. It was ballerina length.

She carried pink rosebuds and a white Bible. A crown encrusted with sequins and pearls secured her tulle veil.

Mrs. Edsel Young was matron of honor in a street-length ensemble of blue nylon crepe. White carnations formed her bouquet. The bridesmaid, Patsy Webb, a sister of the bride, wore pink nylon crepe and also carried white carnations. Frony Jones was flower girl.

James Mays of Van was his brother's best man, while usher duties were performed by James Webb and Bob Selman. Candles were lit by Bobby Kennedy and Louis Young, and rings were carried by Ronnie Baker of Whiteface.

A lace table cloth over pink covered the serving table at the subsequent reception held in the home of Mr. and Mrs. T. J. Williams. A three tiered cake was served, and candles illuminated the decor which featured attendant's bouquets.

The couple took a wedding trip to Ruidoso and returned to Lubbock to make their home while they both attend Tech their senior year — she as an education major and he as an engineering major.

\$381 STOLEN AT TRUETT'S

Local grocer Truett McCauston was the victim Wednesday of a mighty clever shoplifter who reached in one of his cash register drawers and lifted an estimated \$381 in bills and checks.

The theft occurred sometime between noon and 2 p.m. according to investigating officers but McCauston said so many strangers had been in the store, he didn't notice anyone who seemed suspicious.

Jaycettes Met At Russell Home

The Morton Jaycees met on Sept. 24 in the home of Mrs. Snooky Russell for their monthly social.

Members present were Mesdames John Barnes, Eddie Irwin, Tubby Holloman, Roy Tarver, Jr., Dexter Nebhut, Buddy Hanna, Fred Payne and the hostess.

The next meeting will be Oct. 8 in the home of Mrs. John Barnes.

Tandem Cleaners Installed at Enochs Cooperative Gin

All new, Moss tandem lint cleaners await customers of the Farmers Co-op Association gin at Enochs.

In pointing out the advantages of the new tandem cleaners, Gary Weaver, manager of the gin, said that cleaners will raise the grade of spot cotton.

And, better grades, of course, means more profits for the cotton producer.

He cordially invites anyone interested in cotton ginning to come by and see for themselves the advantages of tandem lint cleaners.

An extension had to be added to the gin to install the tandem cleaners which have the outward appearance of a gin stand. Their purpose is to more carefully comb the cotton fiber, removing much of the spot as they go.

Four Cases Listed On Civil Docket

Four Civil cases are set for jury trial on October 14th at 72nd District Court gets back into session for the October term.

The first case listed on the Civil Docket is No. 1178, Woods vs. Murcheson.

E. G. MAERK RITES SET FOR SATURDAY

Funeral services were to be held at 2 p.m. Saturday (Oct. 5) for E. G. Maerk, 68, Bledsoe resident who died enroute to the Methodist hospital in Lubbock, at 8 a.m. Thursday.

Mr. Maerk had been ill for a while and had been released from the Cochran County Hospital only a couple of weeks ago.

The Chapel of the Rix Funeral Home of Lubbock was to be the site of the 2 p.m. rites. Jack T. Bollos, elder of the Church of Jesus Christ of the Latter Day Saints, will officiate.

Pall bearers were to be John Kennedy, Loyd Brown, Marvin Griffith, and the Rev. Powell, all of Bledsoe; Fred Stivers and Arnold Hapke of Lubbock.

Burial will be in Tech Memorial Cemetery.

Maerk had moved to Bledsoe from Lubbock about four years ago.

Survivors include the wife; a daughter, Mrs. Wayne Buzan of Seminole; a son Allen, Charleston, S. C.; two step-daughters, Mrs. E. G. Brown and Mrs. Calvin Harrell of Lubbock and A. A. Ruffner, Hobbs; two brothers, Otto Maerk, Glendale, Ariz.; and Frank P. Maerk, Chicago; and five grandchildren.

Frailin's Sign Damaged Again

For the second time in less than six weeks, A. A. Frailin of Frailin's Pharmacy has reported extensive damage to his neon sign.

Frailin, about a month ago, reported it was costing him \$400 to repair the damage to his sign believed to have been broken by rock-throwing vandals.

Repaired and re-installed a short time ago, the sign was the target of more rock throwers this week and suffered an additional \$125 in damages. The latest episode, according to Sheriff Hazel Hancock, occurred even as a deputy was watching and hollering at the rock thrower who escaped through a narrow space between 2 buildings that the deputy was unable to run through.

HOME FROM VISIT TO OKLA. Bledsoe 4-H'ers Name Officers

Mr. and Mrs. Bill Bilbrey returned Thursday from a week visit with their daughter, Mrs. Willie Stites and family of Oklahoma City and they also attended the Oklahoma State Fair, while there.

The Bledsoe 4-H Club met on October 1st and elected officers of the new club year.

Those elected were: President, Sandra McCormack; vice-president, Kate Rossion; secretary, Linda Glascock; and reporter, Frania Mallon.

The others that attended the meeting were Vickie Elliott, Judy Reaves, Patricia Norman, Patricia Smith, Virginia Conway, Linda Buchanan, Janice Bailey, Precilla Ravis, Mary Beth Glascock, Patience Chadwick, Marilyn Brown, Nadeene Millsap, and Marsilina Rincones.

Local Farm Tour Next Wednesday

Wednesday, October 9, Cochran County will hold a farm tour for farmers and businessmen who are interested. On this tour you will see fertilizers on cotton, varieties of cotton, irrigated and non-irrigated, sesame, hybrid rain sorghum, — both irrigated and non irrigated, varieties of hybrids, spraying Johnson grass in cotton Dalapon, grass harvesting, new dairy units, and other things.

This is the day following the Annual Field Tour of the Lubbock Experiment Station on October 8. (See story elsewhere)

H. D. Council To Elect Officers

The Cochran County Home Demonstration Council will have its regular meeting at 2:00 o'clock on Tuesday afternoon, October 8, in the County Activity Building.

Among the important items on the agenda will be the election of officers for 1958.

Morton Drug Adds Pharmacist

Morton Drug has added a second pharmacist to their staff to better serve the public — according to Charles Jones, owner-manager. Jones said Wednesday, John Weston, a thoroughly experienced pharmacist, who has been working in Lubbock, joined the Morton Drug staff on Wednesday.

Jones added that there will now be a pharmacist on duty at all times and that Morton Drug would be better able to provide prompt service in filling prescriptions as well as careful service. Weston hails from south Texas, around the Houston area.

Facts On Asian Flu

The U. S. Public Health Service has assembled this data on Asian Flu which will help you understand the disease and help you cope with it.

Influenza is an infectious disease. There are four known main types — A, B, C, and D, and each type has been seen in various strains, each of these somewhat different from the other. In 1957 a new strain of Type A appeared and since it first appeared in Asia it has been named the Asian strain.

A single case of influenza appears occasionally, but usually the disease occurs in greater epidemic form. Persons catch it from each other. They catch it so easily that it is not unusual for a large part of a community to come down with it within the first few days of an epidemic. Most epidemics of influenza last less than a month in one community but may appear in a number of places in one country or in the world at the same time or closely following one another.

Symptoms . . .

Influenza attacks the individual suddenly. The symptoms can be some or all of the following: fever, chills, headache, sore throat, cough, and soreness and aches in the back and limbs. Although the fever usually lasts only 1 to 5 days, the patient is often as exhausted or weakened as if he had gone through a long illness.

The Cause . . .

The cause of influenza is a virus. Viruses are smaller in size than bacteria and can be seen only with powerful electron microscopes. When a person has influenza, or is just coming down with it, the fluids in his mouth and nose contain the viruses. The disease is spread when these viruses get into the nostrils and mouths of other people. There are many ways that this can happen. The most common is through sneezing or coughing virus-laden spray into the air for others to breathe. Some other ways in which the infection is passed from one to another are through the common use of drinking glasses, towels, or other objects, and personal contact like kissing.

Precautions . . .

During an epidemic, when many people around you are becoming sick with influenza and the community air is so laden with viruses, it's almost impossible to avoid getting in the path of a few coughs and sneezes. However, there are a few things you can do and a few sensible precautions to take at such times.

Keep up your resistance to disease by practicing good health habits such as getting plenty of rest and eating regular, well-balanced meals. For the short duration of an epidemic, you will be safer to stay out of crowds such as you find at movies and dances. At school or at work try to keep your distance from people who do not cover their coughs and sneezes with a handkerchief or tissue.

If anyone in your family has influenza, keep his dishes and towels separate from the rest of the family's. Persuade him to cover his coughs and sneezes with paper tissue which he can drop at once into a paper bag. Replace these bags frequently and wash your hands after disposing of the used bags. When there is influenza (or any other "catching" disease) in the house, wash your hands thoroughly and often with soap. Always wash them well before handling food and after waiting on the patient.

Methods used by health departments to combat the spread of slower moving diseases are of little help against the swift attack of an influenza epidemic. It is really up to you to understand how this disease spreads from one person to another, and to protect yourself sensibly during an epidemic.

If you feel symptoms starting, do not forget that your illness is catching, and that those around you are in danger if you are careless. Influenza is most easily transmitted during the early stages of the illness.

The only medical preventative of practical value known to medical science is influenza vaccine. A new vaccine is being manufactured to combat the Asian strain of influenza. It should be noted that this new vaccine is different from the influenza vaccine which has been available for several years, because it is made specifically to combat the Asian strain of influenza.

Treatment . . .

No known medicine will cure influenza. Sulfa, penicillin, or other antibiotics have no effect upon it, although they are used to ward off some of the complications which may follow. Your family doctor is the best judge of when to use these. Getting well without developing dangerous complications depends upon giving your body every known advantage, while it fights the influenza infection.

Go to bed when symptoms start! Even if the illness turns out to be nothing but a common cold, you will get well sooner, meantime you will not be giving your disease to others. Keep warm and out of drafts. Wear a warm robe and slippers if you have to get out of bed. Eat simple foods that agree with you. Don't receive callers — they might bring in new germs.

If you have a fever, call your doctor. He can make you more comfortable, and if you will cooperate with him, he can do much to protect you against dangerous complications. Be sure to stay in bed until your doctor says that all danger of pneumonia seems past. And, for the safety of those in your home, remember that you have a catching disease.

At the First Sign of Illness — See Your Doctor.

It is dangerous to try to diagnose an illness. Only your physician is trained to do so accurately! Call him, then allow us to scientifically fill your prescriptions. PLEASE — Never ask us to violate State or Federal laws which make it unlawful for us to sell you certain restricted drugs that can be dispensed only through a prescription from your doctor.

*LOSE A POUND A DAY...

FOR 14 DAYS

WITHOUT SUFFERING HUNGER PANGS OR LOSS OF ENERGY!

To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula # 14, and the Kessamin Reducing Plan this can never happen!

SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!

1. A reducing diet (The Kessamin Bouquet) prepared by a physician and a dietician to give best possible diet.
2. Vitamin "A" to prevent deficiencies which cause dryness, irritability and that tired, dragged-out feeling. Also supplemental mineral and iron to help prevent nutritional anemia.
3. Vitamin "B" plus the built-in Carbonyl Medication to stimulate normal intestinal elimination.
4. The "Insurer's" Factor Carbonyl Medication, to reduce hunger if taken according to directions.

*See your druggist. The complete Kessamin Reducing Plan is in every package of Kessamin Tablets. Formula # 14. THE KESSAMIN REDUCING PLAN IS GUARANTEED TO TAKE OFF A POUND A DAY FOR 14 DAYS OR YOUR MONEY BACK! TRY IT!

LEHMAN 4-H CLUB
Officers were elected in the Lehman 4-H Club on September 25. Linda Burkett was elected president; Linda Hines, vice president; and Judy Wenken, secretary. The club will meet at the home of Linda Hines at 4:30 Wednesday afternoon, October 16.

BLEDSOE 4-H CLUB
Sammie McCombs was elected president of the Bledsoe Girls 4-H Club at their meeting October 1. Millie Kate Reason was elected vice-president and Linda Glasscock, secretary. Frances Malow is reporter and Virginia Conway is song leader. Seventeen members are enrolled.

COUNCIL MEETING
The Conran County Home Demonstration Council will have its regular meeting at 2:00 o'clock Tuesday afternoon, October 8, in the County Activity Building. Officers will be elected for 1952.

4-H CLUB MEETINGS
The Farm, Oil and Ranch Club will meet on Wednesday, October 10.

FAIR EXHIBITS
Several members of the F.O.R. Home Demonstration Club were winners of prize money at the Panhandle South Plains Fair at Lubbock.

Mrs. C. D. Arnold won first place on chocolate fudge, second on date loaf and peanut brittle, and third on peach jelly and iced white layer cake.

Mrs. Oland Clifton won first on Pear Preserves.

Mrs. C. B. Hart won first on Ice Box Cookies and bread and butter pickles.

Mrs. Kay Humphries won first on pinto beans and second on beet pickles.

Mrs. A. C. Jones won second on pear preserves and third on green tomato pickles, corn muffins, and pinto beans.

The Whiteface and Lady Fair Clubs will meet on Thursday, Oct. 10th.

Mrs. Jones and Mrs. Arnold also won prizes on their craft work.

Linda Sluggs, 4-H member, won third place on canned green lima beans, in addition to her other places already published.

CRISP PICKLE SLICES

Mrs. Woodrow Self likes this recipe which she says is delicious as well as fool proof.

Slice 7 lbs. medium size cucumbers 1/2 inch thick; cover with the following solution:

- 2 cups lime (calcium oxide)
- 2 gal. water

Soak in lime solution for 24 hours. Rinse thoroughly. Cover with fresh cold water, and soak 3 hours long.

er. Drain well and cover with the following mixture:
2 quarts vinegar
4 1/2 lbs. sugar
1 Tablespoon salt
1 Teaspoon celery seed
1 Teaspoon whole cloves

1 teaspoon mixed pickling spices
Soak cucumbers in vinegar solution over night (be sure they are covered with solution), then place container on heat and boil gently for 40 minutes. Pack in sterilized jars and seal.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Again let us emphasize the saying we have repeated again and again: "Conservation doesn't cost, it pays."

Now is the time when we should be thinking about establishing a cover to provide wind erosion protection. It is still time to seed winter legumes such as peas, vetch and also small grains. Not only will the practice provide wind erosion protection, but will add organic matter to the following crop. The legume will also store nitrogen in the soil.

Small grain, rye and barley can be used very successfully for cover and at the same time get rid of the land of moisture, by undercutting with flat sweeps in early spring.

These small grains can be planted as late as November 1.

During the past week several of our district cooperators have seeded alfalfa. Leroy Johnson has seeded about 20 acres; T. M. Tamm, a cooperator west of Star Route property has planted about 10 acres & E. S. Head has also seeded about 10 acres.

On the J. W. McDermott 177 A farm, just north of Morton, you will find 30 acres of alfalfa which has been planted during the past few days.

Bledsoe Reports Enrollment Rise

Supt. J. E. Roane of Bledsoe School said this week the Texas enrollment for his school is up approximately ten students from last year.

At a time when most of the small schools have been showing a decline in enrollment, Roane said he had two less students from New Mexico, but an overall increase.

He also said school was progressing fine and commented that every teacher on his staff has a College degree and at least one year of experience and several have master's degrees.

One of Supt. Roane's teachers received high words of praise from a fellow educator.

Joe P. Harris, Director of the Summer Institute at Southern Methodist University, wrote Mr. Roane that Joe O. Ellett, Bledsoe Science teacher, was "one of the most prized participants" in the Summer Institute in Science and Mathematics sponsored by the National Science Foundation.

Mr. COTTON FARMER...

- BETTER GRADES - MORE PROFITS

THAT'S WHAT OUR ALL NEW MOSS
TANDEM LINT CLEANERS
WILL DO FOR YOUR COTTON!

Yes, we're proud of our ALL NEW MOSS TANDEM LINT CLEANERS... and we want to introduce them to YOU... we want you to come by and SEE for YOURSELF the difference TANDEM LINT CLEANERS make in COTTON GINNING—the difference in GRADE.

And, we're also proud of our NEW STATIFIER, moisture restorer, and we want you

to SEE it in action.

Regardless of where you live we invite you to drive to Enochs, and SEE for YOURSELF what we can do with South Plains Cotton.

We're on the Bula highway just east of the highway intersection... you're always WELCOME at the Farmers Co-Op Association of Enochs.
