## Morton, Whiteface, Bledsoe All In Sundown Tourney; Local Gals Play Tonight; Boys Meet Plains Tomorrow

The Morton Indians seek their 8th, 9th and 10th victories of the young season and their second tourney title at Sundown this weekend as they compete in the Sundown Invitational.

Coach Bobby Travis' fast improving Morton girls team will also be after a title in the girls division of the same meet.

In a tourney in which the brackets and times are obviously stacked to give the home team every possible advantage, Morton will be meeting Plains at 1:15 p.m. Friday for their first game. The other two teams in the "upper" bracket which plays after the "lower" bracket, are Seagraves and Idalou.

The lower bracket plays first as Sundown meets Bledsoe in the Thursday night game. Wellman vs Whiteface, this afternoon (Thursday at 2:30 p.m.) is the other lower bracket game.

In the girls' bracket Morton is to face Sundown's B-team on Thursday (today) at 6:15 p.m. and the other two upper bracket teams are Wellman and Whiteface which meet at 3:45 p.m., today.

Idalou meets Bledsoe in the other first round girls' game at 7:30 p.m. to night and Sundown's A girls drew a first round bye into the semifinals.

Coach Travis' boys will probably enter the tourney as favorites but the team that has given them the most trouble this season, Plains, is their first opponent and little is known of the ability of Seagraves and Idalou at this time.

Sundown should be able to back into the final game.

In the girls' bracket the favorite role probably won't be so clear cut.

The Whiteface and Wellman girls both are capable of high scoring & Bledsoe's gals have gotten "hot" on occasion. Morton has beaten three

### R. E. Avery Rites Were Held Sun. At Levelland

Final rites were conducted in the Austin Street Church of Christ in Levelland, at 3 p.m. Sunday, for Robert E. Lee Avery, 66, of Causey, New Mexico.

Elmo Burkett, minister of the Church of Christ at Causey officiated and burial was in the Levelland Cemetery.

Services were held in Levelland since Avery had been a pioneer Hockley County resident, having lived there from 1929 until 1951. A great deal of his relatives still live in the County, especially around Whitarral where he formerly farmed, and still owned land.

Avery moved to Causey in 1951. Late Thursday evening Singleton Funeral Home ambulance of Morton was called after Avery had been stricken with a heart attack at his home. He was rushed to a Lubbock Hospital but died at 11 p.m. at the Methodist Hospital.

Avery was born in Millsap.

Palbearers were Clarence Fuller, Ben Fuller, Crockett Sloan, D. D. Judah, Adrian Wood and Jess Paden. Honorary pallbearers were Perry McGaha, J. M. Gaines, Fred Farris, Ed Langford, Clarence Kenney and Carl Reed.

Survivors include Avery's wife, Mrs. Elsie Avery; six sons, Rex of Ft. Worth; Robert E. Jr., and Glenn of Whitarral; Bill and Don of Lubbock; and Dewayne of Causey; one daughter, Mrs. C. A. Graham of Odessa; two sisters, Mrs. L. Cruse of Glen Rose and Mrs. J. W. McLemore of Altus, Okla., & 11 grandchildren.

### Lamb County Coop Gets Loan of \$1,606,000.00

The Tribune office received a day or so before the Christmas edition went to press, a telegram from Washington D. C. advising of the approval of an REA loan to Lamb County Electric Cooperative — which probably will directly affect a number of Cochran County farmers in the northeast corner of this county.

Here is the complete text of the telegram as it was phoned into the Tribune office:

"This is to advise of REA approval of loan in the amount of \$1,606,000.00 to Lamb County Electric Cooperative, Littlefield, President Mr. Fred Newsum for purpose of giving electric power to 475 additional families and improving entire electric system. Sen. Ralph Yarbro, Washington office, James H. Boren, Adm. Assistant Washington, D. C."

### WINS TRAIN FOR GRANDSON

Mrs. W. W. Cook, of Star Route Two, Morton, was the winner on Christmas Eve of the Electric Train given away by Morton Drug. Mrs. Cook told Charles Jones she would give it to her grandson.

### Services Held for Joe Speck, Sat., At Enochs

Services were held at 3:15 Saturday afternoon at the First Baptist Church in Enochs for Joe Speck, of Enochs, who died at his home Thursday, after suffering a heart attack.

Officiating at the final rites for the 55-year-old farmer, was Rev. J. E. Moore, pastor of the Trinity Baptist Church of Muleshoe. Burial was in the Enochs Cemetery with arrangements by Singleton Funeral Home of Morton.

Born in Clinton County, Kentucky on March 13, 1888, Speck married the former Minnie Mae Roberts at Haskell, May 29, 1926. A member of the Baptist Church for 42 years, he farmed three miles west of Enochs.

Mr. Speck moved to Enochs in 1928 from Rochester, Texas.

Survivors include the wife; two sons, William of Lubbock and Wendell of Enochs; one daughter, Wela Sue Speck, Enochs; three sisters, Mrs. Minnie Hancock Ft. Worth; Mrs. Pearl McGuire, Hearne; and Mrs. Nancy Peet, Lawton, Okla.; and four brothers Dillard and Palo of Rochester; Ken of Roswell, N. Mex.; and Tom of Aspermont.

## Hospital's Newest Piece of Equipment Was Christmas Present For Johnny Hawkins

Johnny Lee Hawkins got himself a real Christmas present a day or so before Christmas — a present that is only a loan, but one that is paying dividends to him, and will no doubt do the same for many other patients at the Cochran County Hospital before something is bought to take its place.

The Christmas present is called a Stryker Frame — and, could be called just a special bed — but its purposes and advantages far exceed those of most any other bed you ever saw.

Johnny was severely burned a month or so before Christmas as a fire razed his farm house. His wife and baby got out okay, but Johnny was burned from the waist down and his chances to pull through were slightly doubtful at the very start of his hospitalization.

One of the worst troubles for a badly burned person, both for the treating doctor and the patient, is the fact that several things make the recovery process slow and painful. First of all, if burned on all sides, the patient must bear the pain of lying on some of the burns. Usually the burned portion has to be left unclothed so it has a chance to heal and the exposed area is a dangerous temptation to pneumonia — a corresponding cause in lots of burn deaths.

Then too, in order for the burns to heal, without infection setting in, the patient must be turned over every once in a while — at intervals of two or three hours. This is a really painful and tedious process and you can well imagine the

## Four Candidates Announce for Re-election

Cochran County's first four announced candidates for offices in the 1958 Democratic Primary Elections, authorized the Tribune this week to put their names on the list of political candidates.

Bill A. Crone, who 16 months ago won election for a partial term to the office of Cochran County Treasurer, announced he will be a candidate seeking his first full term of office as Treasurer.

Due to the resignation of Odell Smith, in mid term, Crone won the office only for the completion of that term in August of 1956.

Justice of the Peace of Precinct One, A. D. Forehand, announced he will be a candidate for re-election.

County and District Clerk, Mrs. Lee Taylor, who announced for re-election to office, was the third to come out this year, and the first to file candidacy for that post.

The fourth of the present office holders to announce his candidacy for re-election was Commissioner Gilbert Keith of Precinct Two (Whiteface).

Beginning with this issue, as in the past election years, the Tribune will run a weekly list of candidates for Precinct, County, District and State Offices, listing the names of those who post publication fee with the Tribune.

Prices for publication in the political column are \$3.00 for J. P.'s and \$25 for County Wide officials and Commissioners. Fee for listing of District and State office candidates is \$15 each.

The political column will be run from now on through the Elections.

### Some Say Lucky; Some Say Unlucky; But Lonnie Autry Proves He's Plucky

The pluckiness of 13-year-old Lonnie Gene Autry, son of Mr. and Mrs. J. E. Autry of Enochs is apparently winning out again — while he still doesn't know whether or not to question his luckiness.

At any rate, Lonnie is home from the hospital again — he got home just before Christmas — after a nine day stay from the effects of his latest mishap.

Gene is able to be up and around some, and he still has a tube in his side, but he is home — and that's worth a lot. He got something else that many kids would love to have, but he's probably getting a little weary of it — a doctors word that he should stay out of school for another extended period.

Lonnie will probably be out of school for the remainder of this term and by this time he's probably decided if he's to get an education it'll have to be on the "do it yourself plan."

Depending on which side of the situation you look at, Lonnie could easily qualify for the luckiest or unluckiest boy in the area. Certainly he is unlucky enough to get hurt seriously far more often than is the law of averages supposed to pick on one lad. On the other hand he's mighty lucky to be alive after these last two very narrow brushes with death.

Chances are Gene leans toward the last line of thinking — that he is lucky. Because one of the things has cropped up that has meant a great deal in the process of getting well — that's his pluckiness. This lad has, through two tremendously tragic and unfortunate accidents, exhibited a rare kind of pluckiness.

### Father Dies In Glovis Hospital

Final rites were held at the Melrose Methodist Church, December 19, for A. M. Castle, father of O. L. Castle of Morton, who died on Tuesday, December 17 at the Glovis Memorial Hospital.

A resident of Glovis for the past 10 years, Mr. Castle had lived at Melrose for 23 years preceding his move to Glovis.

Survivors include his wife, four daughters, Mrs. Blanche Harwell of Lubbock; Mrs. Audrey Quisenberry and Mrs. Lora B. Quisenberry, both of Goodlett; and Mrs. Maye Ellis of Melrose; and two sons, Ben of Glovis and O. L. of Morton.

### Farm Demonstrat'n Set Friday for New Ford Tractor

A demonstration of the new 851 Ford Tractor in action will be conducted Friday afternoon at the Jim Hill place, it was announced by McMaster Tractor Co.

The new 1958 model (851) with 44 drawbar horsepower, may be seen in action at 2:00 p.m. until 7 — on the Jim Hill farm, just south-west of Morton, beyond Morton High School.

The public is cordially invited to attend the showing.

### Mrs. B. E. Hall Rites Were Held Thurs., Dec. 26th

The East Side Church of Christ in Morton was the scene, Thursday at 2:30 p.m. for the final rites for Mrs. B. E. Hall, of Morton who died Tuesday in Cochran County Hospital after several months of failing health.

Hugh Rhodes, minister, officiated at the final rites for the 80-year-old Morton resident who had lived in this area since 1931, with a daughter, Mrs. W. L. Sandefer, three miles south of the city.

Burial was in Morton Memorial Cemetery under the direction of the Singleton Funeral Home of Morton.

A lifetime member of the Church of Christ, Mrs. Hall had been admitted to the Cochran County Hospital only a few hours before she died.

Survivors include the daughter of a Morton Rouser; five sisters, Mrs. Edna Hemphill, Spur; Mrs. E. M. Roberts and Mrs. M. K. Taliaferro of San Angelo; Mrs. Lulu Hudspeth of Sabinal; and Mrs. C. W. McBee of Truth or Consequences, N. M.; three brothers, L. E. Davis of San Angelo; Gillis Davis of Aspermont; and Newton Davis of Temple; 11 grandchildren and 13 great-grandchildren.

### Coffey May Not Be Extradicted

Kenneth Coffey, wanted by the Sheriff's Department for checking law violations, still has not been extradited to Texas, Sheriff Hazel Hancock said this week.

Coffey, who refused to sign the waivers and return to Texas to face charges, is in Chichehua, California, Hancock said, but he was not so sure California authorities would cooperate with Texas authorities.

Hancock said the State of Texas had been notified and that they would fix up the special papers to send to California asking them to hold Coffey for extradition. But, there seems to be considerable doubt as to whether California will cooperate or will instead give Coffey a haven by allowing him to remain there.

Coffey is specifically charged with a checking law violation in the cashing of 10 checks on Cliff Harvey, in the amounts of \$36.91.

### Air Explorer Post To Be Organized In Morton, Mon.

Monday, January 6, Bill Strain of the Lubbock Office, District Scout Field Representative will meet with the boys and parents of Morton to organize an Air Explorer Post.

Any boy 14 years of age or above is eligible to become a member of the new group. The boys will be instructed in their choice of aviation science by instructors of Reese Air Base. According to those sponsoring the Post this is a broad field of education and the Morton boys will be passing up a great opportunity if they do not take advantage of it.

All interested boys and adults are urged to meet at the Veteran's Hall at 8:30 p.m., Monday, January 6th.

### Said Improving

Minual Vubia, Latin American farm laborer who mangled a foot in a boll puller a few weeks ago, was reported in improved condition at the Cochran County Hospital on Wednesday.

Vubia working for Ollie Smith, had his ankle badly broken and mangled and at first it was feared he might lose the foot. But instead the break was set and skin grafted on the lower part of the leg.

It now appears the leg can be saved.

### Monday IS DOLLAR DAY

Both the Morton and Three Way Independent basketball teams have paid their entry fees in the area TAAF basketball league, it was revealed this week.

## Two Escape With Not Serious Burns As Butane Fire Destroys Trailer House

Two Latin American farm laborers on the Merlin Roberts place, 2 miles northwest of Lehman were lucky to be alive this week after a flash fire destroyed the trailer in which they lived and all of their possessions.

Mr. and Mrs. Guadalupe Valverde had been to town "for about an hour" they told investigators after the accident and then returned to the trailer house Sunday night at 11:45. Valverde went to the butane stove, struck a match and ignited an instantaneous explosion that engulfed the trailer in flames and consumed it.

Valverde received painful but not serious burns on his face and hands. He was hospitalized. His wife, standing in the doorway of the trailer, received burns about the legs that required treatment but she was soon released from the hospital. The flames devoured the trailer belonging to Roberts and destroyed the Valverde's clothes and all other possessions. Luckily, their clothes they were wearing did not catch fire.

### Holloman Rites Are Set Today At Lampasas

Rites are to be held this afternoon at 3:00 p.m. at Lampasas for Cecil Holloman, uncle of several Morton men and brother of the late John A. Holloman and Mrs. Cornelia Lytle.

Word was received at 7 a.m. Tuesday morning of Mr. Holloman's death but few further details were available except that he died in Sweetwater.

Mrs. John A. Holloman, a sister-in-law, Ran Holloman, John E. Holloman, Mrs. Eddie Irwin, and Mrs. Thurl Lemons, all nieces and nephews left Morton Tuesday for the funeral. Several other relatives from Levelland also were planning to attend.

### March of Dimes Drive Underway

January 1st officially began the 1958 March of Dimes Fund Drive. In meetings held here last month County Chairman Charles Jones revealed that Jim L. Kidd, had accepted County Fund Drive Chairmanship and that a complete list of County Drive co-workers was in the process of being compiled. The goal of the 1958 drive in Cochran County has not yet been released.

Several clubs have already announced the start of projects being sponsored from which proceeds will go to the Polio Fund Drive.

The X-16 Club will sponsor a Mexican Supper, Saturday, January 11th, with serving beginning at 6:30 p.m., at the County Activity Building.

The club sponsored the same event last year for the March of Dimes drive.

Adults will be served for \$1.00 and children's plates will sell for 50 cents.

### Muleshoe to Get Free Toll Service If Phone Companies Agree on Contract

Free telephone calls between subscribers of General Telephone Co. and subscribers of the Five Area Phone Cooperative on the Needmore and Lazbuddy exchanges out of Muleshoe, was predicted within six months in a statement recently by D. B. Lancaster, manager of the phone cooperative.

Lancaster told Muleshoe people he expected the Five Area cooperative to approve a contract submitted by General Telephone, at a meeting scheduled January 6.

Muleshoe, which granted the General Telephone Co. a rate increase during the summer, will start paying the increase when the free toll service goes into effect.

The agreement, is the same thing that Morton area folks have had a couple of meetings to discuss making a proposal to General Telephone Company to get a similar arrangement between Morton and the Ma-

### Fair Sized Turnip

Judge J. R. Ward turned up a "fair size" South Plains turnip last week at his brother's farm A. E. Ward, three and one-half miles northwest of Muleshoe.

The purple top turnip was weighed in at four pounds, three ounces.

And, Judge Ward says, the purple top didn't get any irrigation, just grew with what rainfall fell this fall.

### IT'S POLL TAX TIME ONCE AGAIN, VOTERS ARE REMINDED

County Tax - Assessor, Collector, Mrs. Otha Denny reminded prospective voters that it's time to start thinking about paying poll taxes, as well as other taxes for 1958.

Voters have until January 31 to pay the \$1.75 poll tax which entitles them to vote in 1958 elections.

Beginning with the Dollar Day paper the Tribune will run a weekly total of poll taxes paid.

Although no poll tax paying campaign has begun, the Morton Jaycees, who usually conduct such a drive have discussed it.

### PAY ENTRY FEE

Both the Morton and Three Way Independent basketball teams have paid their entry fees in the area TAAF basketball league, it was revealed this week.

The teams have not yet received their schedules.

### Missionary Spoke At East Side Church of Christ

Joe McKissick, Missionary in S. Africa for the past 2 1/2 years and a former minister at the Whiteface Church of Christ in the early 1950's, was the speaker, Wednesday night at the East Side Church of Christ in Morton, telling of his experiences in the mission field.

Sponsored by the Levelland and Dalhart Church of Christ Congregations, Minister McKissick will return to South Africa soon.

ANN SANDERS, DONALD LYNKEY EXCHANGED VOWS, DECEMBER 19

The First Methodist Church of Lubbock was the scene Thursday, December 19 of the marriage of Miss Catherine Ann Sanders and Donald Gene Lynkey.

Dr. J. Chess Lovern read the double ring ceremony in Bowman Memorial Chapel for the daughter of Mr. and Mrs. Grady Courtney Sanders of Morton and the son of Mrs. Walter Lynkey of Lubbock, and the late Walter Lynkey.

Baskets of white chrysanthemum, commadore palms and white tapers decorated the scene framed against seven-branched candelabra in the background.

Miss Mary Ann Klattenhoff of Slaton played the traditional music for the 5 p.m. ceremony.

The bride, given in marriage by her father, wore a waltz-length gown of white Chantilly lace over satin and tulle. The skirt was tiered and the bodice featured long pearl-point sleeves and an escal-

oped Sabrina neckline adorned with iridescent sequins and seed pearls. Her silk illusion veil was joined to a tiara of iridescent sequins and pearls and she carried a white orchid showered with white feathered carnations and stephanotis.

Miss Susie Hawkins of Morton attended as Maid of Honor in a princess dress of red silk tulle accented by a velvet bow with streamers. A matching bandeau of velvet cord held a small circular veil embroidered with seed pearls. The honor maid carried a modern cascade of white gladioli.

Best Man was the bridegroom's brother, Jimmy Franklin Lynkey, and rings were carried by Dale "Tiger" of Morton, Jack Lackey and Ronnie Holley, both of Lovington, Tex.

The home of the bride's aunt, Mrs. George Lemon, in Lubbock, was the scene of the reception following the exchange of vows. The table clothed in white linen cut-work, was centered with a white rose centerpiece a three tiered wedding cake and silver candelabra & white tapers.

Members of the houseparty included Mrs. Horace G. Sanders and Mrs. Joe Trague, Jr. of Slaton, grandmothers of the bride; Misses Lloyd Miller of Morton, Odie Hood, Arlen Simpson, Marston J. P. Haliburton, Joe Trague III, & Misses Gertrude Chappell, Ft. Worth, Myrlyn Cox, Morton; Patsy McMahon, Finley, Ohio; Delores McNeil, Sylvia McIntire, Dallas; and Pat Lynkey, sister of the bridegroom.

The couple established residence in Lubbock following their wedding trip. She is a graduate of Morton High School and is an Elementary education major at Texas Tech.

Mr. Lynkey completed high school at Littlefield, attended Texas Tech and served two years in the Navy. He is now engaged in farming in Cochran County.

SOMETIMES it seems like we could fill a whole paper with apologies about stories we missed and things we goofed up on, like misspelled names and mistakes in relationships, etc., but we usually manage to even make a mistake or two on the corrections.

Usually these

MISTAKES COME during a period, like the Christmas time, when we are trying to get more done than we are really capable of doing. And a column, is a good place for this type of apology, but during these past three months or so, we discontinued the column because we had more items of local news than we could get in the paper, and we felt the readers were more interested in the news, than they were in our opinions.

This week is no

EXCEPTION, that is, on the number of apologies we need to make. So we'll catch as many of them as we can think of, while at the same time making a mental note that in '58 we sure do need to do something about cutting down the number of errors. We think it would have a great deal to do with the number of office

outing some- see

come. But since we don't have any responsibility in that, we definitely aren't going out on the limb to say we will make less mistakes in '58.

Several persons had

ITEMS they wanted in print before New Year, but they just assumed we'd printed a paper on Christmas night. I guess and as

we printed the paper early, they just got them in too late. And, if you couple with these the fact it was too late before we realized we had forgotten to mention again the L'Allegros' Games Night, and a few other items we had promised to "pick-up" and run again in the paper last-week.

there just ain't

NOTHIN' TO DO, after you have already made the mistake. Its too late to do anything but apologize. We're also sorry we

HAD the basketball game being played a night too late, that we had Blaine Minor's name spelled "Blair", and that we listed Burl Godfrey as the father of Mrs. Byron Willis, instead of her brother.

Dr. Dan Brown

CALLED OUR ATTENTION to a story after we had the paper out, that would have made an excellent pre-holiday story — though a little brutal and blunt — on safety in driving. It's in the current Reader's Digest, and would be good reading anytime, so we suggest you look it up. We agree with the Doc that nothing short of brutality — and probably not that, will make folks slow down and live — or at least let others live.

another item

THAT CAME IN too late to publish before hand was that of a visiting missionary who spoke last night at the East Side Church of Christ.

although

WE DIDN'T GET TO in time for Christmas, nevertheless, we have a dog story with a happy ending. Instead of the perennial sad ending of poisoning or being hit by a car, or getting shot, that usually is the ending of dog stories in this town.

sometime . . .

OVER A YEAR AGO when seven year old Alan and five year old Bryan Solsberry had to move away from here, they had to leave their dog "Spot" — behind. Just didn't think there would be room for him in the big city. Well sir, in a manner that we humans probably weren't supposed to understand, the little rat terrier's heart was broken. He wouldn't stay at the old house where the Solsberry's left him, he wouldn't have anything to do with anybody. He'd just hang out around the B and B Grain Elevator near Lehman, and managed to eat enough food to live.

that was on . . .

LABOR DAY, of 1956, that the kids went off to Lubbock. There is no way we can figure what thoughts Dean had as he started to school that fall, wondering if his little dog was okay. Or what Bryan thought and cried about each time he saw similar dogs in his new neighborhood.

a year went by . . .

ANOTHER LABOR DAY came and went — time, as it nearly always does, healed the wounds of the sad parting for everyone except Spot. He still had nothing to do with people. He trusted no human being. He'd broken his heart once and he hadn't forgotten.

then came a time . . .

WHEN THE SOLSBERRY'S came back to visit relatives. Don't make the boys ever gave it a second thought about Spot. Probably thought they might see him and then dismissed it from their minds. But, during the visit, one of them happened to notice the spotted canine in the field. Hey it looks like — and sure enough it was. Instantly he called out the dog's name a time or two — perhaps a name the pooch hadn't heard in more than a year. Ears suddenly standing on end testified old Spot had heard. He circled the car with its toy in the back seat, suspiciously. First in a huge circle — then smaller, and smaller.

within a matter of . . .

SECONDS, Spot had found his home again and that was one Thanksgiving season, as the Solsberry's and Spot went home to Lubbock, that two boys and a dog both had a lesson in real Thanksgiving taught by fate. And who knows, maybe dad even had a tear or two to brush away.

just in case . . .

WE SOMEHOW fail to get it mentioned elsewhere in the Tribune, we would like to remind you that you have only until the last day of the month to pay your 1958 poll tax which entitles you to a vote in the general elections this year and in any special elections that may be forthcoming. Not only will we elect a slate of about half of the County and Precinct officers, but this year Morton will vote for a Mayor and two City Commissioners.

so it would be . . .

WISE TO REMEMBER this \$1.75 when you are in the Assessors Office paying your other taxes, and to get your poll tax paid.

### A MATTER OF MONEY

by WALDMAN

**Beware of Pickpockets**  
They usually work in crowds in mobs of three.

**The "Stall"**  
Bumps into you to distract your attention.

**The "Dip"**  
Reaches for your wallet or purse.

**The "Duke"**  
Takes the "stall" immediately so that the "dip" won't be caught with the "dip".

**But they get nothing**  
And you get a refund from American Express if you carry your money in the form of travelers' checks. To be spent each check must be countersigned by the cashier.

**All Three**  
Later divide the "take" each receiving an equal share.

**VISITING RAYMOND ROSS** Los Angeles, this weekend.

The Raymond Ross family had a house guest over the Christmas holidays from Sumatra Indonesia.

Miss Pat Graham, whose parents the Benton Gramhans live in Sumatra, is attending a boarding school in California and was here to visit her aunt Mrs. Raymond Ross and family. She returned to school in

Pat a sophomore in high school, will complete her education here. Her father works for Standard Oil Company in Sumatra and has been there for 3 years. Previously they lived in South America.

The girl, and her sisters, speak five languages according to Mrs. Ross.

**HOLIDAY GUESTS**

Visitors in the L. M. Baldwin Home during the holidays were Mrs. Eva Blair, Muleshoe and Mrs. Gertrude Dorsey, Wichita Falls both sisters of L. M. Baldwin.

**ENJOYS HEARING OF COUNTY**

Crede J. Rhea of Levelland says in renewing his subscription to the Tribune, "we enjoy getting and reading your newspaper. We know lots of people your news items refer to. You see . . . Cochran County is just as much our home as the one we live in . . ."

**VISITED SATURDAY, SUNDAY**

Mr. and Mrs. Odell Henderson of San Angelo spent Saturday and Sunday with Mrs. Henderson's parents, Mr. and Mrs. Tone Young & family.

**VISITED AWAY**

Mrs. Sophia Young and Mrs. John L. McGee spent from Thursday until Monday with Mrs. Young's sister, Mrs. R. E. Miller of Gainesville and sister-in-law, Mrs. William Hawkins of Ringgold and families.

**VISIT WILBURN HOUSE**

Mr. and Mrs. N. H. Corder, Nalon Florine and her friend, Jerry Jackson; Mr. Lovern Corder; Mr. and Mrs. Harold Corder and Joanne; Mrs. R. O. Corder and R. L.; Mr. and Mrs. Fins Corder and Mrs. Pauline Corder; Mr. and Mrs. W. A. ### SUPER-REFINERY FOR SUPER-FUELS

New refinery combines scientific wizardry of oil and electronics industries

This "refinery of the future" is what it takes to make the super-fuels required by car engines of today—and tomorrow. Costing \$200 million, the refinery was recently completed near Wilmington, Del. by Tidewater Oil Company, manufacturer of Flying A gas-

olines. Refining operations are governed by batteries of automatic and electronic devices. These controls insure the purity and quality of the 100-octane-plus gasolines which the vast installation manufactures—enough each day for 41,000,000 miles of driving.

### NEW TECHNIQUES IN BRIDGE BUILDING HELP SPEED UP HIGHWAY PROGRAM

Precast concrete spans, reinforced with prestressed steel, are brought from the factory and quickly positioned for a big bridge.

Modern wonders in construction will enable the National Highway Building Program to better accomplish its missions of reducing traffic congestion and providing safer travel. Precast concrete spans—a cost-saving development—will go into many of the 304,600 bridge structures required in the 13-year road program including the 41,000-mile network of super-highways. On just one highway in one state (Illinois), there was a saving of \$20,000 on each of 200 bridges by using precast bridge members. The weather-proof structures require a minimum of maintenance and no painting.

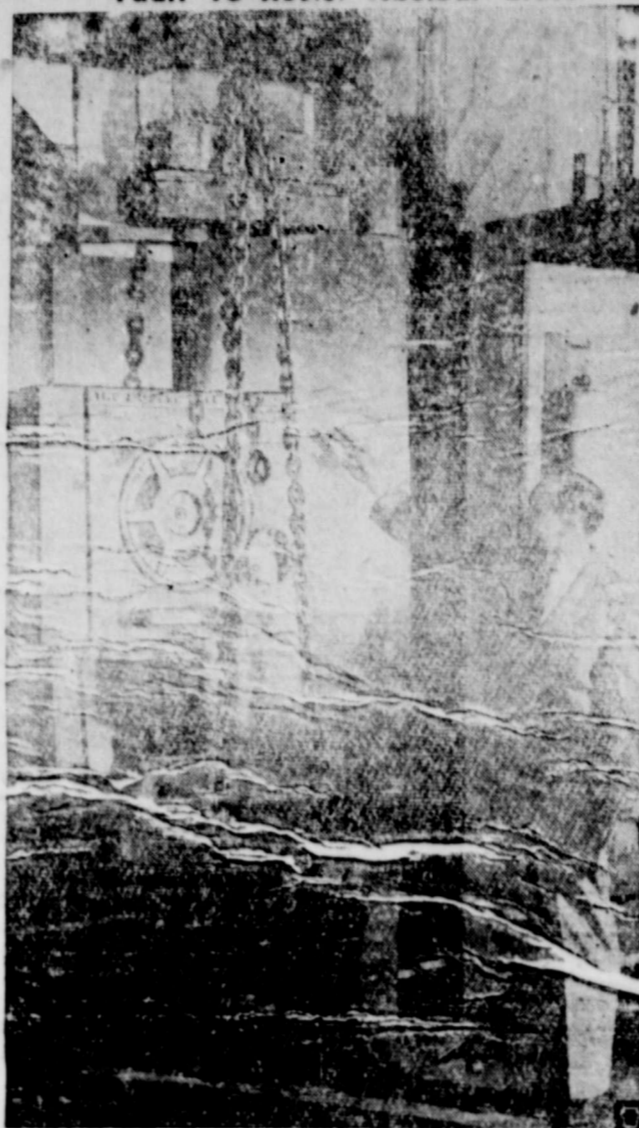

Each of the spans in precast bridge sections is reinforced with steel cables and prestressed. They function as the supports between piers and as floor slabs. American-Marietta Company—one of the nation's foremost sup-

pliers of construction materials—produces them in lengths up to 100 feet. While contractors' crews are building forms and pouring concrete for piers, workers in American-Marietta's plants are precasting the concrete span sections. They are trucked to the bridge site for placement as soon as upright supports are ready. Cranes swing them onto the piers, and they are interlocked in required widths. Derricks are moved forward on the newly placed spans. Where a stream bed is shallow, a crane may be operated from there. Placing of one full span a day is normal, though some installations are finished within hours.

No longer must men risk their lives by extending scaffolds across the depths and then building forms that have to be torn away later.

Contractors save construction time, and motorists avoid detours that often plague drivers for months. Uniformly made with high-strength concrete, the bridge decks are manufactured under closely controlled factory conditions. First step in American-Marietta's process is the stringing of high tensile steel cables in a pouring bed formed to the required dimensions. These cables are the unseen sinews of the bridge. Tension of the cables after they are released increases the span strength by exerting pressure inward on the finished concrete. A favorite engineering comparison is a row of books. When pressed inward at each end, the row becomes so strong it can be moved, for the books' strength has been multiplied. So it is with steel cable and concrete for a modern bridge.

### Vault To Resist Nuclear Blast

Resistance of a bank vault to a nuclear blast will be tested at the U. S. Atomic Energy Commission's Nevada test site this spring, in cooperation with the Federal Civil Defense Commission. The structure to be tested consists of a specially-engineered, steel-lined concrete vault sealed by a reinforced Mosler Safe Company 10-inch thick "Century" vault door. Although a Mosler vault withstood the first atomic blast at Hiroshima, Mosler feels "there is a need for better information on the resistance of protective equipment which can be obtained under the more precise and controlled conditions of a nuclear test."

### 4-H Winners Vow To Ring The Bell For Safety

DETERMINED TO BOOST THE NUMBER of 4-H members actively participating in safety programs to the million mark in 1958 are these eight national winners in the National 4-H Safety Program. Here, they show Ralph W. Moore, Director of Plant City and Field Relations for General Motors. The dramatic rise from 72,000 4-H participants in safety when GM began its sponsorship of the program awards 13 years ago to the current participation of 825,000 members. Leading 4-H toward the "million in safety mark" next year will be these winners, each of whom received \$400 college scholarships from GM. In addition, General Motors provides them and the other state winners all-expense trips to the National 4-H Club Congress in Chicago, Illinois, July 15-18. Sylvia McCarty, 18, Myers, Ky.; Leonard Wertz, 17, McClave, Colo.; Mary Lynn Johnson, 17, Et Reno, Okla.; Don Willis, 18, Mendenhall, Miss.; Top row, left to right are Sharon Mitchell, 16, Dixon, Maine; Carolyn Kay Moore, 16, Fairview, Kans.; Ronald Powell, 16, Clark, Mo.; Christine Pasley, 17, Hillsboro, Ore.

### Governor and Friend

AUSTIN — After signing a proclamation designating the month of January, 1958, as "March of Dimes Month" in Texas, Gov. Price Daniel has some words of encouragement for tiny polio victim George Craig DeVilleneuve, Jr., 22-months-old, of Austin. Stricken at the age of 10 months, Craig will eventually make a 100 per cent recovery, his doctors say. Cost of his treatment is paid by March of Dimes funds supplied by the Travis County Chapter of the National Foundation for Infantile Paralysis.

### Honors Bright Should Be Kept In Sight

One of the proudest moments in a 4-Her's life is the winning of an award, and these winning ribbons should be kept in sight to be enjoyed daily by the family.

4-H ribbons and plaques can be made into interesting wall accessories by mounting them on cork, pegboard, or plywood. Pictured above is one way in which three members of a family display their honors in an interesting arrangement above the family musical instrument, the chord organ.

Ribbons might also be pinned to a horizontal strip of felt on the wall, or arranged in a sunburst effect around a plaque or other 4-H symbol.

Plan a wall arrangement using your honors as an attractive conversation piece.

### BETTER SCHOOLS — AND YOU

by HENRY TOY, Jr., President National Citizens Council for Better Schools

WHAT SHOULD A SCHOOL BUILDING COST? The divorce courts have found that the single thing which causes most family fights and breaks up most marriages is money. One of the things that causes most school fights and more community rifts is money, too.

The newest phase of the money argument about schools is centered around whether we're throwing our money away on elaborate school buildings. The facts of the matter are so obscure that men and women of good will are having a hard time making up their minds about the argument.

The biggest stumbling block comes when we try to compare school building costs. A building in Texas, which requires very little artificial heat, could cost far less than a similar one in New England, where the winters are longer and harder. Cost of labor is another factor. Labor costs less in Mississippi than it does in New York. Whether the locality has the materials at hand makes a difference, too. If you have to ship in every brick and every piece of lumber, the costs are bound to be higher.

School codes are a nightmare to school architects and school boards, and make a big difference when you start figuring the school bill. Some states, for example, have regulations prescribing the exact size of every single classroom. This doesn't always make sense but the laws are on the books and architects have to abide by them. Some laws call for ceilings that are many feet

### LAUNDRY MAGIC

Modern laundry equipment has forever sealed wash-day blues in a gleaming wrapper of porcelain enamel that puts the emphasis on time saving and convenience. Today's homemaker need only touch a button to command her automatic servants to accomplish work that once meant back-breaking hours of bending, lifting and hauling. Aside from being work savers, modern washers and dryers must also be beauty savers that will retain their color and surface through years of constant use. Porcelain enamel, the glass-like finish that protects most kitchen appliances from food acids, hot utensils, grease and dirt, offers many particular advantages to laundry equipment. Detergents, bleaches and steaming hot water will never discolor, rust or corrode the porcelain enamel. The glass-like finish of a porcelain enamel washer or dryer, either inside or on exterior surfaces. This fact is a real boon to the homemaker who is looking for a finish that will protect as well as beautify for the lifetime of the product.

### WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

As evidenced by constant headlines, probably nothing in history has so upset American foreign policies as Mid-East oil.

But perhaps equal, or more serious consequences resulting from Mid-East oil are being felt by the domestic economy.

The other day the Attorney General of a heavy oil producing state, Ed in a n d Brown of California, called upon Justice Department to use the full force of the anti-trust laws to stop "gas wars" which sporadically break out in California, other oil states.

He has called upon Assistant U. S. Attorney General Victor Hansen, to push with all speed a suit pending against Standard of California since 1948.

Mr. Brown takes the stand that "gas wars" are fomented by the major oil producers as a means of getting rid of excessive gasoline stocks refined from excess imports of foreign crude.

In addition, he has also charged that any losses suffered by such tactics are more than offset by gasoline in areas outside of those picked for price wars.

There is substantial evidence that California's Attorney General is quite right in his conclusions. For example, during a recent gas war in Bay Area where several large refineries are located on deep water accommodate tankers coming in from somewhere East of Suez, gasoline prices were slashed as majors joined force out battle against independent concerns.

Even major oils erstwhile staunchest supporters are getting gunshy. Not only are the abuses of major oil becoming ever more politically unpopular, but there is fear in even the most conservative quarters that unless checked, major oil will get themselves into a position where nationalization of the entire petroleum industry could be possible. It would not be the first time that rampant monopolism has lead a nation into socialism.

**CARD OF THANKS**  
 Words cannot express our appreciation for the many thoughtful deeds extended during the death of our beloved brother. When sorrow comes, the love and kindness of friends makes the burden easier to bear.  
 So to all of you for your comforting words, beautiful flowers and food, and everything, we say thanks and may God's richest blessings ever attend you.

**Jaycees, Lions, Give Baskets to 12; Goodies to 177**  
 The Jaycees and Lions Club sponsored Christmas basket program was responsible for big baskets of groceries to 12 needy families, and candy fruit and nuts distributed among 177 persons, plus clothes & toys distributed to many others, according to Joe Seagler, City Manager, who represented both clubs on the project.  
 Seagler, Eddie Irwin and Walter Sandefer collected 7 big boxes of food and toys at the show for the kids, held Monday morning and sponsored by the Jaycees. Then, on Monday night, a group of Lions sacked candy, fruit and nuts to be distributed. Under Seagler's direction, the food and other items were packed into boxes and delivered on Tuesday morning.

# World's Top Milkman Made it Step-by-Step

Started in small local dairy  
Man Who Make America Great  
Claims he is a "milk-fed" exec

**By LOUIS JAMES**

America's No. 1 milkman is Elsie, the Borden Cow. Elsie sells over 5 million quarts of Borden milk every day.

If you see Elsie, you invariably associate her with Borden. Studies show that more than 7 out of ten persons make this association. She is better known than many a movie star.

But behind Elsie, and putting her to rest, is Borden's real spokesman—Harold W. Comfort, its quiet, unfrilled, 60-year-old president.

**Runs 140 plants**

Comfort certainly gets Elsie to do a lot of moaning and producing because Borden sells more milk under its own label than anybody else. The 100-year-old firm sells over 500 million quarts of products a year.

Operating more than 140 major plants in 35 states and several foreign countries with a staff of 34,000 employees.

When Comfort took the helm at Borden last year he could jokingly refer to himself as a milk-fed executive. For he has had only one job and purpose in life—to sell milk and ice-cream.

A native of Brooklyn, as a youngster he was the envy of the neighborhood kids. His father owned a small dairy and young Comfort revelled in milk and ice-cream.

After a hitch in the Navy in World War I and liberal courses at Yale and Will

College, Comfort took a job naturally—in the dairy field.

He liked to make and eat ice-cream all right, but he soon concluded he would also like to sell it. He became a top salesman and later rose to sales manager.

When Borden acquired the firm he was named president.

10 years later, president of the ice-cream industry as suggested by his name, Comfort is a relaxed man. His remarkably even temper plus his understanding of the Borden operation soon led him into the top echelons.

**Has four sons**

"You just don't upset his associates," remarked one of his associates, "even though his job is a nerve-wracker in a highly competitive low-profit margin industry."

Comfort is an exurbanite who commutes daily to his New York office. An early riser, he boards

the 7:36 at Greenwich, Conn., opens his Wall Street Journal, and arrives at his office by 8:40. The day's work begins at once.

In 1918, when he was 21, Comfort married Lillian Whiteley and they have four strapping sons, Harold, Robert, Richard and John—all raised on Borden products, of course.

One lucky day, six years ago, Comfort grabbed his No. 7 iron on the 11th hole of the Round Hill Country Club of Greenwich and spanked the ball 125 yards for a hole in one—his first in 40 years of steady golf. It is reported that his usual serenity took a beating on that occasion.

**No time for fishing**

Although Comfort is at heart a milkman he firmly believes in product diversification. In the past year Borden has continued to expand and has now producing a sizable chemical product—Tweed, for example, Borden produces Brazil's entire supply of formaldehyde.

In the food field, Borden expanded its research activities by opening a new million dollar research lab in Eyracuse, Texas. The lab is staffed with 50 technicians.

All this makes Comfort's job more complex, but he admits "we function so smoothly I have plenty of time to read reports and analyze trends."

"But," he adds wryly, "I haven't much time to go fishing."

# Jaycees Heard Christmas Needy Program Report

J. S. Boydston, former Enoch area resident, now of Lubbock and Bill Todd, of Morton were guests of the Morton Jaycees at their noon luncheon meeting, Monday.

The group heard a report from Joe Seigler on the Christmas project, clothing and baskets of food for the needy, and heard a telegram from the Harlem Road Kings wanting to schedule a basketball game in Morton, and a letter from a San Antonio Jaycee, member of the Texas Legislature asking about any suggested legislation or ways he might help solve our problems.

They voted to send a wire to the Road Kings listing possible dates we could sponsor a game and to send a letter to the Representative advising him of our salt water pollution problem.

They also voted to contribute \$75 toward a Scout project already completed, but still financially behind.

# To Hold Annual Meet'g Next Week

H. C. King and Roger Bursett, both of the Bureau of Employment Security, Department of Labor, will be on hand a week from tonight at the very important annual meeting of the Frontier Farm Labor Association, according to Spooky Russell, manager.

The meeting, to be held in the County Activities Building, will include the same general annual business most associations of this nature take care of—a financial report, discussions on how the organization has operated and proposed changes, will be included.

And among the proposed changes, to be discussed will be a proposal to amend by laws changing the regulation against non-Farm Bureau members being allowed to join the Association. As it is, the Farm Bureau sponsoring group for the Frontier Farm Labor group, insists on Farm Bureau membership before FFLA membership.

All those interested are urged to be on hand for the January 8th meeting—some important changes may be effected in your organization.

# Hospital Has New Technician, Seburn Anderson

West Seale, manager of the Cochran County Hospital this week announced the hiring of a new Lab Technician early last month.

Seburn Anderson, who came to Morton from Pittsburg, Texas, is the new technician having reported here December 10th.

Anderson is a married man with two children 10 and 4 years old. He is a native Oklahoman and his wife is a Kansan.

# Muleshoe Whips Morton Chiefs

Muleshoe's Independent cagers rolled to their second straight lopsided victory over Morton, Monday night posting a 72 to 52 victory.

Muleshoe pulled away steadily in the final two periods of the five period game to roll up the margin of victory after leading by only 8 points up to the second quarter stop.

Gordon Wilson dropped through 22 points to pace the Bailey Countians who gained most of their margin by controlling the rebounds most of the game. Granny Elders pumped in 14 points and Glen Watkins had 13 for the winners.

Morton was led by Donnie McDermott with 14 points, Pete Lindsey with 12, and Leonard Simon with 10.

Last week Muleshoe had a 30 plus point margin in the first meeting of the two teams.

# Three Men On Booster Ballot

Three men were nominated for the presidency of the Morton Athletic Boosters, Monday night, and voting will be held next Monday night at a 7:30 p.m. meeting in the school library.

J. D. Hawthorne, M. C. Ledbetter and Gene Thompson were nominated to head the Booster group for the coming year.

The club discussed the selling of

### Dun and Bradstreet Lists 130 Firms Located Within Cochran County

Each January business concerns in all parts of the United States receive from Dun and Bradstreet reports for their annual financial statements. This year the number of requests going out nation-wide will approximate three million with over 130 going to Cochran County businessmen.

The Cochran County section of the current issue of the Dun and Bradstreet Reference Book contains listings of 130 local names comprising manufacturers, wholesalers, and retailers. It does not include some of the service and "professional" businesses, such as barber and beauty shops, real estate and stock brokers. Thus the actual figures for businesses in Cochran County would actually be higher than the 130 quoted above.

Better than 95 percent of all commercial transactions, says this press release from Dun and Bradstreet, are made on credit terms and the buyer and the seller are brought together by means of credit information.

When the owner of a business or his accountant returns his financial statement to Dun and Bradstreet, the press release continues, the owner has taken the first step in establishing his responsibility as a seeker of credit.

The statement becomes a part of the credit report on his business along with a financial analysis, a description of what the business does, and a record of how it pays its bills.

On the basis of the information in the report, a rating is assigned and the businessman is listed in the Dun and Bradstreet Reference Book which makes it possible for his suppliers and insurance underwriters, who use the book, to look him

up and in this way he is assisted in getting his goods and insurance.

In other words, should a manufacturer or wholesaler receive an order for merchandise from a merchant in Cochran County the listing and the rating of the merchant can be checked in the Reference Book. And it makes no difference where the seller is located. The listing of the Cochran County businessman appears in every issue of the Reference Book in the United States.

A Reference Book listing contains the name of the business and the rating. The rating consists of two symbols. The first, a letter of the alphabet indicates financial strength or capital. It is the difference between what the business owes and what it owns. The second symbol, a numeral, reflects a composite of financial stability and payment record.

#### VISITING FROM ENMU

Johnny Stockdale, son of Judge and Mrs. Fred Stockdale of Morton, spent the holidays visiting in Morton.

### January 16th Is The Date of Meeting for County's School Study Committee

Nathan Tubb, Cochran County's temporary chairman of the Committee of Twenty-Four School Study group, has sent letters to the 30 members of the County Group advising them of the next meeting on January 16, at 7:30 p.m. in the Junior High School Cafeteria.

Tubb reminded the group that only 11 members attended the first meeting and a greater number are needed to complete the work of the program.

He urged members to encourage 100 percent attendance and to be thinking who of the group they would like to have a permanent chairman.

Purpose of the group is to study

the programs of our county schools, the faculty situations, the finances and the school plants themselves and to bring suggestions as to what needs improvement and how this improvement should be brought about.

The Morton Junior High School will again be the site of the meeting.

ANTHONY STEEL — Who appears in *Valerie*, starring along with Sterling Hayden and Anita Ekberg, in the United Artists release. The film shows at the Indian Drive-In on January 4-5.

### Three Way News . . .

**SCHOOL BEGINS MONDAY**  
School begins at Three Way on Monday, January 6th, after a two week vacation over Christmas and New Years.

**HAPPY NEW YEAR RECIPE**  
Here's a recipe for a Happy New Year we clipped from a magazine: Take twelve fine full grown, months see that they are thoroughly free from all old memories of bitterness, rancor, hate, and jealousy; cleanse them completely from every clinging spite. Pick off all the specks of pettiness and bitterness. In short, see that these months are freed from all the past, have them as fresh and clean as when they first came from the great storehouse of Time.

Cut these months into thirty or thirty-one equal parts. This do not attempt to make up the whole batch at one time (so many persons spoil the entire lot this way), but prepare one day at a time as follows: Into each day put twelve parts of faith, eleven of patience; ten of courage, nine of work (some people omit this ingredient and spoil the flavor of the rest); eight of hope; seven of fidelity; six of liberality; five of kindness; four of rest (leaving this out is like leaving the oil out of salad—don't do it!); three of piety; two of meditation; and one well selected resolution. If you have no conscientious scruples put in about a teaspoonful of good spirits; a dash of fun; a pinch of folly; a sprinkle of play; and a heaping cupful of good humor.

Pour into the whole love and lib- itum and mix with a vim. Cook thoroughly in a fervent heat, garnish with a few smiles and a sprig of joy; then serve with quietness, unselfishness, and cheerfulness, & a Happy New Year is a certainty.
