Gas Balloon Is Returned By Tuscola Girl

A balloon filled with gas and released from Morton Feb. 15 was found Feb. 23 at Tuscola, 18 miles south of Abilene.

The balloon was released here by Marvin Gathright, son of Mr. and Mrs. J. G. Gathright of Morton.

Navin wrote his name and address on the balloon. When released, it disappeared out-of-sight in a southwest direction.

It was found by J. W. Wilder. His eleven-year-old daughter, Carole Lynn, wrote:

"My Daddy found this balloon on our farm 4 and 1/2 miles East of Tuscola, Texas.

"My name is Carole Lynn Wilder, age 11. My Daddy's name is J. W. Wilder. I live in Tuscola, Texas, 18 miles South of Abilene, Texas. I go to Lawn School, but the name of my school is Jim Ned School.

I live in a big green house right before you get out of town in Tuscola.

Daddy found your balloon in our pasture. We have a 80-acre farm, three horses, 9 goats, and I don't know how many sheep and cows.

I would like to know where you turned the balloon lose, and where you live.

I am in the 5th grade. I am about 5 feet tall, have brown hair and eyes.

I have two sisters, Wanda 17, Jean 15. Mother's name is Helen Wilder. Here is your balloon.

Sincerely,
Carroll Wilder

Public Schools Week Being Observed in the State

SPEAK TO MEMBERS OF BCECA — Shown above are the four members of the Texas Legislature who addressed members of the Bailey County Electric Cooperative Association at their annual membership meeting in Morton recently. Left to right, State Representative Robert L. Bowers of Brownfield and Cochran County's representative; State Senator Andy Rogers of Childress; State Senator Preston Smith of Lubbock and local district Senator; and State Representative Jess Osborne of Muleshoe.

(Photo Courtesy of Texas Coop Power)

Supt. John Barnes reminded the patrons of the Morton Schools, and anyone interested, that the Morton Schools are always open for visits — especially during Texas Public Education Week, which is being observed this week.

He invites all to not only visit the school in which they have a

child, but to make a tour of the entire school system and to eat in the local school cafeteria.

The Morton Jaycees and the local Lions club will observe Texas Public Education Week at the Schools this week by conducting the weekly luncheon meal and their business session in the School Cafeteria.

Nematode Control To Be Topic of Farm Discussion Next Thursday

A county-wide farmers' meeting for discussion of nematode control in cotton land has been called for Thursday, March 6, at 7:45 pm in the Cochran County Activities building.

The meeting is being called by Homer Thompson, county agent.

Scheduled to appear on the program are C. E. Fisher, superintendent Texas Agricultural Experiment Station, and Dr. Harry Lane, also of the station.

Besides the discussion of nematode control, seeding diseases

and cottonseed treatment.

Thompson says it is possible that the speakers will have some information on the results of fertilization of cotton and grain sorghums at the station in 1957. All farmers are invited to attend.

Enochs Woman's Father Dies; Rites Were Pending

Walter S. Hughes, 71, retired farmer and Lubbock resident, father of Mrs. Dan Hall of Enochs, died at the home of a daughter Thursday in Lubbock.

Rites were pending as the Dollar Day Special information was gathered for Mr. Hughes.

Hughes lived with the daughter at Lubbock. He formerly lived in the Kress area.

Six daughters, three sons, two brothers and a sister survive.

Trustee Election Is Called for Local School District

The Morton Independent School District Board of Trustee election will be held on April 5th, the first Saturday in April according to an order by the Morton School Board.

Candidates will have until March 5th to file their application for two seats on the School Board.

NEW POLICY IS ANNOUNCED AT TECH, RECENTLY

Texas Tech's new policy giving registration priority to students according to grade averages will not apply to freshmen entering for the first time next fall, Dr. E. N. Jones, prexy, announces.

Dr. Jones emphasized that the new policy, which goes into effect next September, in no way limits enrollment at Tech. The policy is to give the students with better grades priority in obtaining the classes they should have.

SEVEN CANDIDATES FOR CITY OFFICE; DEADLINE IS MONDAY

Yet another application for candidacy in the City of Morton's April election was received at the City Hall on Friday of last week bringing to a total of seven the number of announced candidates as the filing deadline — Monday at midnight — draws near.

Latest to append his name to an application blank was Don Allsup, local automobile dealer, who filed for a position on the City Council.

Not in many, many years have so many candidates entered the City races, and in fact, it has often been necessary to do a lot of convincing to get anyone's name on an application blank.

Allsup was the fifth candidate to run for Commissioner this year in the Morton City races. Walter Sandefer was the first, followed by

H. T. Golden, Roy Gentry and E. L. Snoball Willis.

Amos Taylor and Roy Tarver Jr. are candidates for the mayor's post.

Voting will be on the first Tuesday in April, as per law, and the filing deadline is thirty days prior to the balloting.

SOME CROPS REACH RECORD HIGHS ON STORAGE, JAN. 15T

Stocks of corn, barley, sorghum grain, and soybeans in all positions on Jan. 1 reached new record high levels for that date according to a recent USDA report published in Cargill Crop Bulletin.

Wheat and flaxseed were the only commodities showing declines from the previous year.

Stocks of the four feed grains totaled 138.5 million tons, 40 per cent above the 1951-55 average and a new record, both in tonnage and per animal unit.

Much of the increase from a year ago was in stocks owned by CCC or under loan.

Grain sorghum stocks were more than double those of a year ago.

VISIT YOUR SCHOOLS During PUBLIC SCHOOL WEEK

Wheat and flaxseed were the only commodities showing declines from the previous year.

24-Hour Laundry To Be Installed

Lessie White, a former Morton resident, plans to open an automatic laundry here within the near future in association with Lonnie St. Clair of Lubbock.

White, who is now residing in Lubbock, was graduated from Morton High School in 1950. His mother, Mrs. A. J. White, now resides in Levelland.

The firm will be known as L & L Automatic Laundry and will be located in the Morton Electric Supply building across the street from Willis Food store on South Main.

Plans call for the establishment to be open to the public 24 hours a day. It will feature coin operated agitator type washers in association with the coin operated driers.

Kenneth White of Lehman will assist his brother in the installation of the new washer and drier units.

MONDAY IS DOLLAR DAY

Three File for Trustee Posts at Bula School

Three names so far have been slated for the Bula trustee election set for April 5.

Ending their current service on the board are Archie McBee and John Hubbard. McBee has filed for re-election. Paul Young and Dewitt Tiller are also entered.

Class Favorite at Eastern New Mex.

PORTALES, N. M. — John Stockdale of Morton, son of Judge and Mrs. Fred Stockdale, is one of 16 men and 16 women chosen candidates for class favorites at ENMU, according to Burrell Martin, editor of the yearbook.

A man and a woman from each class will be featured in the yearbook published in May. Winners will not be revealed until that time.

Supper Planned For Methodists

A cover-dish supper has been planned for all Methodist families Wednesday night, March 19, at 7 o'clock in Fellowship Hall of the First Methodist Church, Morton.

Dr. Dallas E. Harrell, pastor, Dr. Dallas D. Dennison, Brownfield Methodist superintendent, will discuss visitation plans in connection with the Methodist meeting to begin on Friday night, March 28, and continue through Easter Sunday.

Rev. Hubert J. Bratcher, Pampa Methodist district superintendent, will conduct the meeting.

The amount of deposit that will be required according to the type of case, is as follows:
Surgical — \$100.00
Obstetrical — \$75.00
Medical — \$75.00

New Policy of Hospital In Effect Here Saturday

Area residents are reminded that effective yesterday, March 1st, persons admitted to the Cochran County Hospital will be required to make a deposit upon admission, unless that person has hospitalization insurance acceptable to the hospital admitting office in lieu of payment.

The amount of deposit that will be required according to the type of case, is as follows:
Surgical — \$100.00
Obstetrical — \$75.00
Medical — \$75.00

Rooney Nelson's film Sunday and

Rites Held for Wm. Pendergrass Former Resident

Funeral services were held at the Austin Avenue Church of Christ in Hot Springs, N. M., recently for William A. Pendergrass, a former Morton resident for six years, 1951 to 1957. He had been a resident of Hot Springs since moving from Morton.

Mr. Pendergrass died unexpectedly at his home in Hot Springs. The minister of the church, Raymond Randolph conducted the services and burial was in the Hot Springs Cemetery.

Born Sept. 6, 1878 in Stephenville, Texas, Mr. Pendergrass, prior to living in Hot Springs, moved to Morton in January of 1951. He was a member of the Church of Christ, a deacon in the church, and farmed north east of the city.

The Pendergrass family have on occasion been back to Morton for visits.

Survivors include the wife, Fannie; three sons, Troy and Clyde (Penny), both of Hot Springs, and Tice of Blackfoot, Idaho; a daughter, Miss Vera Pendergrass of the city, several brothers and sisters and three grandchildren.

Ed Jones Recent Navy Enlistee

Edwin Kyle Jones, son of Mrs. Ollie D. Richardson, Route 4, Box 89, Tucumcari, N. M., and grandson of Mrs. W. O. Ratliff, Morton, was enlisted in the U. S. Navy Feb. 18, and is now stationed at the Navy Training Center, San Diego, Calif.

He will be there for nine weeks of basic training. He will then be given two weeks leave before assignment.

Jones attended Morton Schools prior to his enlistment. He has been employed at the cooperative gin here.

Volleyball Meet Again Sponsored At Pep School

The annual "Outsiders" Volleyball" tournament has been set for Pep School, March 24-29, it was announced last week by James Diarsing, senior class president.

The tournament is sponsored by the Pep Senior Class.

Teams interested in playing should write Diarsing, Senior Class President, Pep School, or Pep School.

The phone number to call is WEster 3-2182.

The following information is required: name of team, name of place, distinguish between the men's and women's teams, and the name of the manager — his address and telephone number.

Teams are urged to enter as quickly as possible.

Benefits of Prayer Told to Methodist Women's Group

The Methodist Women's Society of Christian Service met in Fellowship Hall on Tuesday afternoon, February 25th, with Mrs. Bill Glassford as program leader.

The president, Mrs. J. D. Hawthorne, presented the quadriennial goals in acoustic form.

Mrs. Glassford gave the history of Lent and introduced a program on "Stories of How Famous People Have Benefited from Prayer."

The speakers were Mrs. W. P. Houston, Mrs. W. W. Smith, Mrs. E. R. Lytle, Mrs. L. F. Hargrove, and Mrs. Bob Huckabay. They told of experiences in the lives of Lawrence Welk, General Carlos Romulo, Roland Allen, Gale Storm, and Pat Boone which prove that prayers are answered in wonderful ways.

Mrs. Glassford led the closing prayer.

During a short business session which followed the program, Mrs. W. W. Smith was appointed to fill the post of recording secretary in the place of Mrs. J. W. Covington who is moving to Dallas. Tentative plans were made for a covered dish supper for the entire church on March 19th during Dr. Dallas Dennison's visit.

Present for Tuesday's meeting were Mesdames Bill Glassford, W. P. Houston, Ed Lytle, E. L. Cox, Bob Huckabay, Lessey Silvers, James Harrell, E. C. Nieman, J. D. Hawthorne, L. F. Hargrove and W. W. Smith.

Two Camp Fire Meetings Monday

Two adult Camp Fire workers meetings are scheduled for Monday, March 3.

The regular first Monday meeting of the Camp Fire leaders will be held March 3 at 2 p.m. in the County Activities building.

At four o'clock members of the Camp Fire Board of Directors of the Council will meet in the Junior High Cafeteria.

Circleback Baptist Revival Announc'd

A cordial invitation has been given the public to attend a revival meeting starting Friday, March 28, and continuing through Sunday, April 6, at the Circleback Baptist Church, Circleback.

Rev. Cromer Merritt, evangelist of Progress, will preach at the 10 a.m. and evening services. Prayer service will begin at 7:45 each evening with song service following at 8:05 o'clock.

John Leverett of Lubbock will be in charge of the song service.

Rev. G. W. Fine, former Bula pastor, is the pastor at Circleback.

Shirley Williams Is Recipient of Honor at U of T

DENTON, Tex. — Miss Shirley Williams, sophomore home economics education major from Morton, was recently elected a floor chairman of Reagan Hall at Texas Woman's University. The floor chairmen serve on the House Council and act as committee heads of social activities of the dormitories.

Miss Williams is the daughter of Mrs. Iva Williams of Morton.

4-H Anniversary to Be Observed Nation-wide, Mar. 1-8

COLLEGE STATION — For recording by doing, more than half a century, 4-H While their programs of dem- club members in Texas have been ens-fation and activities have

changed with the times, the basic principle of uniting Head, Heart, Hands, and Health for the betterment of their homes, schools, churches, and communities, has remained a major objective of the 4-H organization.

During the week of March 1-8, locally, state-wide and national-ly, 4-H members will honor their parents and recognize the im-portant part they play in the lives of children and youth.

President Eisenhower recently told all 4-H'ers:

"It is gratifying to know that during this Club Week, you will honor parents. —not only your own, but all parents. Mothers and fathers, as our first teachers, in-fluence our lives immeasurably and deserve great credit and deep appreciation for the wise guid-ance and great inspiration they give us. The training and ex-perience you are receiving in 4-H club work will enable you to build the kind of homes that cre-ate a nation of peace, strength, and progress."

In Texas, the State's 111,525 4-H members will also make a special effort to inform the public about 4-H training and its value in character building and citizen-ship development.

The 4-H story will be told in many ways, and boys and girls not now members will be encour-aged to enroll.

Dog Poisoner Reward Increases

Sheriff Hazel Hancock advanced a possible theory for some of the dog poisonings that have been a considerable problem to Morton in recent weeks.

The announcement came even as the reward offered for the poison-er was raised by \$25 with another donation this week — making a \$35 reward available.

Sheriff Hancock noted that a lot of farmers have been getting poi-son grain from the county in an effort to help kill off an abundance of rats and jackrabbits that have invaded farmlands. He said that a dog will not eat the poisoned grain, but on at least one occasion, recently he noted a dog carrying a large jackrabbit near the city limits of Morton. He theorized the dog could have gotten one of the poisoned rabbits, and when he brought the dead animal to town, could be the cause of a lot of town dogs being poisoned.

The only solution he has is for those who have wandering dogs, to keep them close to home during this period of poisoning on the ar-ea farms.

Rambler Sales Continue Upward

Rambler sales in American Mo-tor's Dallas zone increased 40.1 per cent in 1957 to establish a new record, reports T. J. Stoggett, zone manager.

The Dallas zone covers Texas and New Mexico. Local dealer is Hawkins Rambler, Morton.

"The great sales gains by Ram-bler dealers indicate that the trend toward compact, economi-cal cars has reached new heights," Stoggett said.

He added that Rambler sales in the nation totaled 98,567 in 1957, surpassing the previous year's record of 79,807 sold in 1955 by 23.6 per cent. Last year's sales total also was a gain of 38.2 per cent over 1956.

MISS LEILA PETTY UPHOLSTERING WORKSHOP

Two chairs were re-upholstered in the workshop held during the last two weeks. Mrs. S. D. Littlefield and Mrs. C. R. Melton each had platform rockers that either needed to be discarded or recov-ered. By adding some extra pad-ding and new upholstering material they both have attractive chairs that are like new.

This experience has given Mrs. Littlefield and Mrs. Melton cour-age to try other upholstering jobs. Both concede that upholstering is real work but the energy, time, and money was well spent. As in their case, it often pays to reup-holster a piece of furniture if it has a good frame, good lines and is comfortable.

The workshop was held in the Veteran's Hall. Mrs. S. J. Bills and Mrs. Jake Reid helped with the workshop.

in March if there is enough inter-est in this. Any person who is in-terested will be welcome to at-tend. A small drapery will be made, so those who plan to come will need to contact this office for a list of supplies to bring.

— o o o —

DEMONSTRATIONS

The demonstrations for the club meetings in March by the Agent will be on Fabrics, Their Use and Care.

ATTENTION FARMERS

Insurance Designed TO FIT YOUR NEEDS
 savings to you...
 L. F. Russell, at Cochran County Farm Bureau for —
 Life Insurance, Auto Insurance, Blue Cross Insurance, Fire Insurance and Farmer's Liability Insur.

NEMATODES IN COTTON LAND

A few farmers in the county have discovered they have nematodes in their land. Unfortunately this is the worst disease you can encounter with cotton. Nematode is a disease but actually it is caused by a bunch of eel like worms in the soil which enter the cotton root and cause them to puff up and have knots on them. Thus, causing straggling of the cotton plant. Unfortunately, to continue to grow cotton on land with nematode, it is necessary to fumigate the soil annually. The cost of the fumigant will run from \$12 to \$15 per acre, and must be done if you grow cotton on nematode land.
 You may rotate your crops and not grow cotton on the land for several years. But remember, you must fumigate the soil to grow cotton on nematode land.
 A nematode meeting has been set for March 6th for all farmers in Cochran to give you a complete picture of nematode control on cotton land. All farmers will receive notice of this meeting by mail when the exact date has been set. It is hoped that we can also have an educational meeting, on pre-emergence oiling of young cotton for control of certain weeds and grasses can also be tested.

— o o o —
 SOIL SAMPLE TESTS
 Every day a few farmers come in and call for boxes to place their soil samples in. These boxes are available at the County Agent's office. If you anticipate fertilizing your cotton or feed this year it is

recommended that you get a soil sample test run and use the quantity of fertilizer recommended in the analysis report. Now is the time of the year to get your samples sent in. It takes about 10 days to get them in and have the report made. Each sample should have a history report made of the land submitted with the sample when the request for analysis is made. The history sheet and samples boxes are both available at the County Agents office.
 If you send in more than one sample, each sample should be numbered consecutively and you should keep a record of where each sample was taken from on your farm. The cost is \$1.00 per sample. The check should be made out to Soil Testing Service and the sample history sheet should be submitted to Soil Testing Laboratory, College Station Texas.
 A good method to use in taking the soil samples, is to take a shovel, rake the trash off the ground where the sample is to be taken, make a "V" cut in the soil about 6 inches deep, then skim 1 side of this cut, very thinly, 6 inches deep and place this soil in the sample box. If you need further information please contact the County Agent's office. You may also request a sheet showing how to take a soil sample at the agent's office also.

RAT CONTROL

Every day a few farmers contact me in regard to control of rats. Rats have been on the increase the last several years. It does very little good for one farmer to control them and his neighbors not to do control work. To be most effective it must be done by neighborhoods, community, or county campaign.

Service and will be shipped to the Court House, Morton, Texas where this bait can be picked up from Mr. Charlie Hickman, Janitor, Court House.

As the supply diminishes orders for more will be placed. This bait should be put out around several places on the farm. Preferably in 1/2 to 2 pound bags. Would suggest you get paper bags to put the bait in and when it is placed in the barn or runways take a knife and slit the bag so some of the bait will run out on the floor. This way the rats will begin eating it immediately. If possible place this bait where other animals will not have access to it. Change the bait weekly and put out new bait in new bags following the same procedure.

The bait is non poisonous to cats and dogs but will cause internal hemorrhaging if eaten regularly for a period of 4 to 6 days. This non-coagulant bait is a slow killer and rats and mice must eat it for 4 to 6 days before it will cause internal hemorrhaging and they will bleed to death.
 By all neighbors doing this job simultaneously a very effective rat control program can be had.
 I would suggest that each farmer purchase from 25 to 30 pounds of this bait and put out from 5 to 10 lbs. at each time. Repeat this weekly until the poison has been out 3 weeks on each farm.
 Rats migrate great distances at night so control of this pest on one farm will not get the job done. It must be a neighborhood or community control program to be most effective. Talk it over with your neighbors and let's start killing these pests.
 It is estimated that each rat on your place will cost you \$10.00 per year. A few rats can ruin all the profit a farmer can expect to make.
 The poison should be available at the Court House in a week's time and if it is not available at the time you call for it, please have him order some immediately as it takes about a week to get the poison.

 4-H CLUB MEETING
 The Whiteface 4-H Clubs met on

Monday night, Feb. 24. There were 28 club members, 6 parents, 3 adult club leaders, and the Agent present, making a total of 38. At this meeting there were just three subjects of interest discussed and demonstrated.

Mr. Curtis Chapman, adult leader for the electrical demonstration work, was present. He had made a one way and a three way light switch board on which he conducted a safety demonstration. The demonstration was in two parts, first on the one way light switch and second on the three phase light switch. This created very much interest and the crowd responded most enthusiastically. Future demonstrations will be planned in the electrical program.

Two adult leaders for the 4-H Rifle Safety and Shooting Program were present, Ken Coffman and Ralph Cadjew. Mr. Coffman explained the present organization and the kind of instructions that will be conducted within the next 60 days. Mr. Cadjew discussed rifle safety and how they will train club members in rifle shooting safety this year.

Following these two demonstrations and discussions a series of color slides were shown by the

County Agent. The slides were on paration of fat barrows for handling, care training and pre-show ring.

Miss Barbara May and Donald Harold Akin Exchange Wedding Vows Feb. 11

SMYER (Spl.) — The home of Mr. and Mrs. M. D. Underwood at Smyer was the scene, February 11 at 6:30 p.m., for the marriage of their granddaughter, Miss Barbara Lynne May and Donald Harold Akin.
 Parents of the bride are Mr. and Mrs. G. W. Tatum of Rt. 5, Lubbock. The bridegroom is the son of Mr. and Mrs. W. E. Akin of Morton.
 Baskets of pink and white carnations and candelabra decorated the home for the occasion as J. C. Koen officiated the double ring ceremony.
 Miss Ann Thompson and Miss Linda Hancock presented the music for the occasion.
 Given in marriage by her stepfather, the bride wore a gown of white imported lace over brocaded satin. Seed pearls accented the sweetheart neckline. She carried

School Study to Be Completed at March Meeting 25

Cochran County's Hale - Akin Committee will meet again in the Junior High Cafeteria on March 25 in a County Wide Meeting to which all interested patrons, faculty, and board members are invited.
 At this meeting the group will be told what the County Committee has done and what they will recommend to the state committee in its meeting in Austin in May.
 Each committee chairman will be called upon to make a report at the county - wide meeting.
 The Curriculum committee is to have its final meeting on March 11 to make recommendations for the county committee.
 Gene Benham is chairman of the Cochran County group which was appointed to represent this county in making the study asked for by the state legislature.
VETERAN LAND SALES
 Seventy-seven tracts of forfeited land in 23 Texas counties will be offered for sale by the Veterans' Land Board on March 11.
 The tracts are located in all parts of the state, says Frank Driskill, administrative assistant to Land Commissioner Bill Alcorn.
 Request for information about the sale may be addressed to Commissioner Bill Alcorn at the General Land Office in Austin, Texas.
