VOLUME NUMBER EIGHTEEN

MORTON, TEXAS, THURSDAY, MARCH 27, 1958

NUMBER FOUR

RODEO DATES SET AUG. 14 - 15 - 16; THREE NIGHT SHOW REVIVED;

The idea of having the 1958 edition of Texas' Last Frontier Rodeo in July, over the Independence Day holidays, was scrapped by the rodeo directors at a meeting held early this week and the directors announced the rodeo dates will be Thursday, Friday, and Saturday, August 14 - 15 - 16.

Unavailability of stock and of rodeo performers over the July 4 weekend was given as the reason directors abandoned plans for the early show. Though not many nearby rodeos are slated for the July 4 weekend, some of the bigger rodeos in the country are held on the weekend and not only are the stock producers usually booked up,

most cowboys are competing at a bigger show.

Roy Gentry, Lions club director on the Rodeo group, told the club Wednesday the show will be held on three nights this year in an effort to cut down on the long "after the show" work that has been necessary here the past few years as only two nights of the show were held. Originally, the Morton show was a three day event.

Gentry also told the group that Tom Harlan had been signed as stock contractor for the show and the directors felt that they will not have the stock headache they ran into a year ago.

Harlan, from McLean, Texas, is the man who "bailed out" the local show last year after the hired stock contractor withdrew only a day or so before the show.

Gentry, Herb Hillman, president, representing the Sheriff posse; Bob Polvado, representing the roping club; and Sammie Leveritt, representing the Jaycees, are the directors on the show. They have not yet named their 5th director, a director at large, Gentry said.

Services Held For Brother of S. A. Ramsey

Services were held Saturday, March 22, at 2 p.m. at the Jig-Alton Funeral Home in Belgard, California, for Leroy A. Ramsey, 57, of Los Angeles, a brother of S. A. Ramsey and Misses Alva and Elva Ramsey, all of Morton.

Schools Planning 2-Day Holiday During Easter

Morton and Whiteface schools will have two days of holidays over the Easter weekend.

Fosse Rides Today In Seagraves

The Cochran County Sheriff posse turned out 12 riders strong to attend the rodeo parade at Lubbock last Wednesday but the local riders failed to place.

Revival Opens Sun. At Immanuel Miss.

A revival meeting will begin Sunday, March 30, at the Immanuel Baptist Mission here, Rev. A. R. Coleman, pastor, has announced.

Hicks Chapel Baptist Church Plans Revival

A revival meeting is in progress at the Hicks Chapel Baptist Church. Rev. Billy "Red" Hatch of Tokio is the evangelist.

Warren Williamson, 5th Grader, Defeats All Comers Wins Cochran County Spelling Championship Here

Eleven year old Warren Williamson, Morton 5th grader, son of Mr. and Mrs. T. K. Williamson of Morton, broke the drought of years without a spelling champion for Morton by outspelling eight other contestants to win the County spelling championship, Wednesday.

WHITEFACE ANNEXES

WHITEFACE (Spl.) — By a 110 to 93 margin, voters in the Cochran County portion of the Whiteface School District, approved annexation of this portion of the school district into the South Plains College district.

The vote climaxed a two week flood of publicity from both the "for" and "against" of the proposition which results in a special tuition rate for the newly joined residents in return for tax money to help support the district.

It was the first extension of boundaries of the College District since its formation last summer.

The next step is the voting in all parts of the college district of a new tax rate. Another step that is also a necessity is the creation of a separate tax office for the college district and the hiring of an evaluator to equalize the values of Cochran County property in the college district, for tax levying purposes, with that of the Hockley County land. At present Whiteface property is supposed to be evaluated on 25 per cent while Hockley County land is based on a ten per cent valuation.

The values of the property will be studied to determine what value should be placed on Cochran County land to place it on an equal taxable footing with the land in Hockley County.

The voting was close, as had been anticipated. Only an 8.4 per cent difference was recorded in the voting. Opponents of the annexation casting almost 46 per cent of the total vote to slightly over 54 per cent of the voters favoring the annexation. The vote was considered a good turnout by Whiteface officials, just under 50 per cent of the eligible voters casting a ballot. So slim was the margin, that it became evident that a meeting held Thursday night at Whiteface, and attended by only 40 persons, to explain the issue, may have been the factor that swung the election.

Many of the ardent supporters of the annexation had expressed a grave doubt Thursday whether the proposal would carry.

The result of the election had the effect of placing a pending tax burden on residents and property owners of the Cochran portion of the Whiteface school district, but at the same time lowered the taxes for the majority of members of the college district who had already voted a bond and assumed taxes at an earlier election. Present plans call for the tax burden now to be spread over a larger area, and thus costing each individual taxpayer less.

College officials said the tax assumption election will be held at the soonest possible date.

One slate of candidates at Whiteface and enough candidates for more than two slates at Morton, will be up for the public's consideration, Tuesday as the Municipal election draws near.

Voting will be at the City Hall, and absentee ballots may be obtained until Saturday.

Hume Russell and Roy Tarver, Jr. are the candidates for mayor of Morton. Walter Sandefer, H. T. Golden, Snoball Willis, Don Allsup, Roy Gentry, and Amos Taylor are Council candidates.

At Whiteface, L. U. Thompson, incumbent is seeking re-election to a Commission post. L. S. Salsler is the only other Commission candidate and O. C. Rankin seeks the mayor post.

G. W. Garrett, Mayor of Whiteface and L. W. Radney, Commissioner, did not seek re-election.

In Morton the office of City Judge has also been placed on the ballot and J. R. Ward, present appointed judge, is the only candidate.

Candidates in Morton drew for places on the ballot earlier in the week.

COUNTY GETS TWO MORE CANDIDATES Hobbs Rosson, J. B. Nixon Announce Candidacy for County Offices

Cochran County added two more candidates to its list of persons seeking office in the July Democratic Primary as Precinct Three got its second Commissioner Candidate.

H. H. (Hobbs) Rosson announced his candidacy for the post now held by appointment by Mrs. J. N. Foster, succeeding her late husband.

C. B. Evans was the first announced candidate for the office in announcing last week.

The other new candidates are incumbent, Judge J. B. Nixon of Pct. 2 (Whiteface) who seeks re-election to the post of Justice of the Peace, Pct. Two.

Candidates still have a little over a month in which to file for a place on the ballot in the July Democratic first primary.

New Speed Signs To Be Added

New speed signs will start going up in Morton next week — 61 to be exact if you include the ones on the highways adjoining the city.

The announcement was made by Elzie Browne, senior maintenance foreman for the Texas Highway Department, here, following approval by the City.

The signs provided by the state, follow a study of Morton highway speed zones by the department's district and state engineers, reports of which were given the city for approval or rejection.

Generally speaking, the speed zones along state highways through the city was 30 miles per hour except in school zones, etc.

MORE THAN A DUTY AND AN OBLIGATION

Next Tuesday, and then again next Saturday, you have paid your poll taxes and who qualify in other ways, will have the privilege and the obligation to vote.

It's not an obligation that will be forced upon you. If you so desire you can simply sit in your easy chair and forget all about the School Trustee election and forget all about the election of city officials. Someone else will do it for you. At least a few votes will be cast, and that's all it takes to get someone elected — just one vote.

But if you don't go to the polls and vote, you don't deserve a voice in the government. If you haven't the time to add your thinking to someone else's in an attempt to select the best man for the job — then its small wonder in this space age we've gone to real serious worrying about the kids, and the education they can or can't have. It's that attitude that put us in the shape we're in today — wondering how we are going to be able to provide the things our schools need.

Don't do it for my sake. Don't do it for anyone's sake but your own. Vote for your own sake. Vote to help preserve the freedom, the right, the privilege, and the honor that we have in possessing a vote.

If you don't feel you know enough about the individuals involved, find out about 'em. Ask someone. Weigh all the answers you get. Decide for yourself whether you like the way things are going — or if you want a change. And, for your sake, don't be tricked into false thinking. You demand whatever you think you must see before you can vote one way or the other. But, regardless of what your final decision is, make it a decision to vote.

Don Arnold Wins Scholarship

Don Arnold, son of Mr. and Mrs. C. D. Arnold, and Whiteface High School Senior, has been awarded a two year scholarship to South Plains College at Levelland.

Don, who has been an outstanding football player at Whiteface, earned the scholarship for being top science and math student of the area at the Hockley-Cochran Math Science Fair held at Levelland last Saturday.

Arnold placed first in trigonometry at the Fair this year and last year he was first in chemistry. He plans to study engineering.

Old Fashioned Box Supper Set For Monday Night

It will be an old-fashioned box supper, informal, Monday night, March 31, in the Cochran County Activities building.

The event is under the sponsorship of the parents of the seniors. Proceeds will go toward a trip to Washington, D. C.

Plans call for the event to get underway at 7:30 o'clock with special music. The regular program will begin at 8 o'clock.

Candidates for public office will be given an opportunity to speak sometime during the evening.

The public is cordially invited to attend the event.

Morton Enters Two Teams In Babe Ruth League

A very important Babe Ruth re-organization meeting will be held in Morton Friday night at 7:30 at the Courthouse.

FFA Boys Offer Sincere Thanks

The Morton F.F.A. boys would like to express their deep appreciation to the businessmen and merchants who contributed to the premium money that was given away as prize money at the Fat Stock Show.

Freddie Thompson Obtains Scholarship at Texas Tech

Freddie Thompson, Morton High School all-district football player, and winner of the award for 1957 as the outstanding gridder, an award made by his teammates, has signed a letter of intent with Texas Tech, and will receive a full scholarship.

Air Explorers Meet Tonight At Veteran's Hall

The Air Explorer Squadron 101 will meet in a regular business meeting Thursday night, (tonight), at 7 o'clock in the Veteran's Hall.

Warren Williamson, 5th Grader, Defeats All Comers Wins Cochran County Spelling Championship Here

He wins the right to represent the County in the District Spelling bee at Lubbock, April 12th. There he will match words with county champions from all over the South Plains for the right to go to Washington, D. C. to represent this area in the national contests.

Kerr - Middleton Gets City Contract On Curb, Gutter

A contract to curb and gutter the highway north to the city limits was let recently by the City of Morton to Kerr and Middleton of Lubbock, it was announced by Joe Seagler, city secretary.

Property owners along the route will pay the costs of the curb and gutter except at intersections where the city will meet the expense.

Following the completion of the curb and gutter the state highway department will pave the area making a 68-foot street.

Enochs Revival Opens April 7h

The Enoch's Baptist church is to hold a revival series beginning on April 7th and continuing through April 16.

Jim Green will do the preaching and everyone is invited to attend.

County Line Meeting to Close

The revival meeting now in progress at the County Line Baptist Church will close Sunday, March 30.

Rev. R. L. Howell, pastor of the First Baptist Church at Harte Camp, is conducting the meeting. Tom Williams of Bledsoe is in charge of the song services.

Weekday services are held each evening at 7:30 p.m. The public is cordially invited to attend.

Mission'ry Baptist Revival Planned

Rev. Paul Robinson of Muleshoe will conduct a revival meeting at the First Missionary Baptist Church here beginning Sunday, April 6.

Rev. C. L. Carroll, pastor, announced this week.

Services will be held at 10 a.m. and 8 p.m. weekdays. A prayer service will begin each evening at 7:30 o'clock.

Rain Again - Total Nearly 4 Inches

Expectations of a possible bumper crop kept on soaring this week as Morton received another half inch of moisture in three showers.

The rainfall boosted the amount recorded at the Soil Conservation office gauge to 3.90 inches since January 1st, and coupled with the rains received last fall, made this the wettest winter since the early 1940's, as far as Morton is concerned.

Juniors to Fete Seniors, Tonight

The Morton Junior Class will be hosts to the seniors tonight, (Thursday), at 8 p.m. in the Cochran County Activity Building.

New Laundry Is Now Open

Although the L. & L. Automatic Laundry is now open for service, the grand opening — four big days — has been set for Monday, March 31, through Thursday, April 3.

Morton Enters Two Teams In Babe Ruth League

A free box of washing powder will be given to each person who employs the washers between 8 a.m. and 8 p.m. during the 4 days.

Revival Opens March 28th at First Methodist

Dr. Huggers H. Bratcher, Methodist District Superintendent of the Pampa District, will begin a revival meeting Friday night, March 28, at the First Methodist Church here.

3 Way Baptist Meeting Goes On Until March 30

The meeting now in progress at Three Way Baptist church will continue through Sunday, March 30.

Style Show Set Bula Auditorium

Members of the Bula FFA are sponsoring a style show at the school Friday night, March 28, at 8 o'clock.

Seniors Feted By First Baptist Women's Group

The Senior Class of Morton High School was honored Thursday night, March 17th, at the County Activities Building Banquet Room with a Western Banquet given by the Women's Missionary Society of the First Baptist Church.

Decorations followed the Western theme with Yucca plants, a check wagon and a campfire throughout the room. The tables were decorated with hurricane lamps, miniature lanterns, and miniature horses. The plate favors were small leather boots with each person's name toolled on it.

A western welcome was extended to all by Mrs. Lowell Webb, W.M.S. president and the ranch hands response was given by Billy Wood, class president. Next, the music was formed and each guest was served barbecued chicken with trimmings.

Serving the meal were Leonard Simon, Perry Don Sealey, Wayne Porter, Davy Mitchell, Earl Pol-

vado and Lyndall Bursleson. The program consisted of Western songs by the "Tumbleweeds," who were Jim Middleton and his electric guitar, Harold Drennan & John Brown.

Rev. Richard Philpot, pastor of the Second Baptist Church in Odessa brought the address for the evening.

Guests, other than twenty-six seniors, were: Mossers and Messers; Jim Kidd, Wayne Mitchell, Jim Middleton, John Brown, Richard Philpot, Harold Drennan and Zeke Sanders and Mesdames Ollie Robinson, Keith Kennedy, Lowell Webb and J. N. Leavitt.

Younga Matrons Hear Talk About Mental Health

The Young Matrons' Junior Study club met with Mrs. Billy Joe Gandy on March 17th.

Mrs. Bill Lee presented a well planned program on Mental Health.

With the exception of two members, the entire membership attended this meeting.

Says Thanks For All Help On Stock Show

Thomas Lynch, Superintendent of the annual 4-H and FFA Fat Stock Show recently completed in the County, this week asked the Tribune to express his personal thanks to all who helped in the Show. "It was your efforts that made the show a success," Lynch said. "I would like to express my sincere thanks to all of you," he added.

VISITED IN CORPUS CHRISTI

Mrs. Cecil Lindsey spent last week in Corpus Christi visiting her children and grandchildren. Mr. & Mrs. Jimmy Lindsey and daughter, Mari Patrice; Mr. and Mrs. Clyde Lindsey and daughter, Diana; Mr. and Mrs. Don Lindsey and son Ricky. While there Airman 2e Ricky, who is stationed at Wichita Falls, visited in Corpus Christi. Mr. Cecil Lindsey and Mr. & Mrs. J. O. Mills went to Corpus over the weekend for a visit and to bring Mrs. Lindsey home.

TEXAS CANCER CONTROL MONTH — Dick Simpson of Sweetwater, left, and Edwin T. Phillips of Fort Worth, right, state co-chairmen of the 1958 Texas Cancer Crusade, look on as Gov. Price Daniel signs a proclamation designating April as Cancer Control Month in Texas and April 15 as Texas Cancer Control Day. Noting in his proclamation that more than 10,000 Texans died from cancer in 1957, Governor Daniel called on each citizen "to join in the crusade to control the disease." More than 80,000 Texas volunteers for the American Cancer Society will be engaged in the educational fund-raising campaign to continue support of society's three pronged attack on cancer through education, research and service to cancer patients.

CANCER MEETING FRIDAY; DRIVE WILL BE CONDUCTED IN APRIL

As Cochran County, along with other chapters all over the nation, began its Cancer Crusade drive this week, a ray of hope was to be discerned in the first press release issued.

The opening statement said: "In the past decade, a remarkable gain of 32 per cent has been forged in our cancer cure rate. We now save one life in three as compared with the former one in four."

Mrs. Otha Denny, County Chairman, has called a Cancer Drive meeting for Friday night, at 8:00 o'clock at the Cochran County Activities Building, and has asked the cooperation of all clubs and organizations.

"If every club will send us two representatives, we can get this very important drive rolling in good style," Mrs. Denny asserted. "Give yourself that fifty-fifty chance by giving our volunteers a

Esther Class of First Baptist Has Luncheon

The Esther Sunday School Class of the First Baptist Church met for a salad luncheon, March 26, in the home of Mrs. Winston Jordan, with Mrs. Elmo Smith as hostess.

Food and fellowship were enjoyed by Mesdames R. J. Hill, Francis Shifflett, Lowell Webb, Jim Kidd, Steve Monroe, H. B. Barker, Ray Griffith, Billy Joe Gandy, Weldon Hill, Kenneth Watts, W. M. Butler, Sammy Williams, and the co-hostesses, Jordan and Smith.

Dexter Nebhut attended a whirlpool refrigeration school at Nunn Electric Company in Lubbock last Sunday.

IN EASTLAND ON VISIT

Mrs. W. A. Lindsey is in Eastland to spend a few weeks with her sister and family, Mr. and Mrs. R. O. Hagan.

The Garden Tomb in Old Jerusalem

SITE OF EASTER MORNING SUNRISE SERVICE: A sunrise service at the Garden Tomb in a quiet wall-surrounded garden outside the walls of Old Jerusalem, Jordan, marks Easter Sunday morning for Protestants and Protestant visitors to Old Jerusalem. The Garden Tomb is believed by some to be the rock-hewn sepulchre in which Joseph of Arimathea laid the body of Christ. Hymns, scripture reading, and prayer comprise this Easter morning sunrise service. Worshipers see the sky brighten behind the Mount of Olives, and the first rays of Easter sunshine touch the flowering shrubs which overhang this simple rock-hewn tomb.

Mrs. J. L. McGee Guild Hostess

Mrs. John L. McGee, hostess of the Wesleyan Society in the recreation room of the Methodist Church, Monday night.

Mrs. Raymond Ross, hostess of the meeting with the current study, Tuesday night.

Mrs. Ethel Roney, hostess of the program with the hostesses, Wednesday night.

Dr. and Mrs. Norman children of Lubbock spent day night and Sunday with Mrs. Van Greene and family.

The Holy Fire Ceremony

hundreds of men, women, children, holding in their clusters of slender taper-white candles, wait for two hours and more, on the night of Holy Saturday in the Holy Sepulchre in Jerusalem, Jordan, for the appearance of the Holy Fire. Suddenly there comes a burst of flame, followed by shouts of joy, and, almost miraculously, thousands of tongues of flame appear all over the darkened Rotunda. Neighbor passes to neighbor the Holy Fire. Bells peal out deafeningly. Strangers greet each other, joy being the common denominator of different languages.

Some worshippers, believing that the Holy Fire will not burn, hold the candle flame confidently and fearlessly to their face and hands. Some seek to carry the flame, unquenched, to their homes. Some even hope to preserve it to bring back to their distant homelands. Everyone is enveloped in the joyousness of Easter's promise of resurrection and light. It is a moving experience to see your- self amid these candle-lit throngs, to witness people's joy, and to light your candle at their flame.

Tension mounts as the Greek Orthodox Patriarch removes his brocaded cope, and enters the Sepulchre alone, in simple white vestments of humility. Now the long wait is nearing its end. Young men press forward, each hoping to be the first to receive the Holy Fire. Suddenly there comes a burst of flame, followed by shouts of joy, and, almost miraculously, thousands of tongues of flame appear all over the darkened Rotunda. Neighbor passes to neighbor the Holy Fire. Bells peal out deafeningly. Strangers greet each other, joy being the common denominator of different languages.

Some worshippers, believing that the Holy Fire will not burn, hold the candle flame confidently and fearlessly to their face and hands. Some seek to carry the flame, unquenched, to their homes. Some even hope to preserve it to bring back to their distant homelands. Everyone is enveloped in the joyousness of Easter's promise of resurrection and light. It is a moving experience to see your- self amid these candle-lit throngs, to witness people's joy, and to light your candle at their flame.

Choose leafy, green and yellow vegetables in large seasonal supply. These vegetables provide needed minerals and vitamins. Carrots are nearly always good bargains and can be used raw or cooked. Learn to use the leafy tops of young beets and turnips. These, like kale, spinach and mustard are cheap sources of vitamin A. They contain other vitamins and iron, too.

Lowest protein sources right now are eggs, dry peas and beans, cheese and fish. Economy cuts of beef and variety meats such as liver, heart brains and kidney are low-cost protein sources. Turkey is

still low in price in most areas.

Milk is an important source of vitamin A and protein. Use dry milk or evaporated milk to step up the food value of casserole dishes and soups at little added cost.

SCHOLARSHIP WINNER

Don Arnold, senior in the Whiteface High School, won a two year scholarship in Science at the South Plains College in Levelland. The scholarship was presented at the Science Fair at Levelland on Saturday.

Don is the son of Mr. and Mrs. C. D. Arnold. Mrs. Arnold is the president of the E. O. R. Home Demonstration Club.

FORD SALES TOP ALL OTHERS IN '57, POLK and CO. SURVEY REVEALS

DETROIT (AP) — Ford outsold all other makes in 1957, according to final and official registration figures released here today by R. L. Polk and Company, the automobile industry's statistic-gathering agency.

The figures show that not only did the nation's Ford dealers sell more new Ford cars in 1957, but they also sold more new cars and trucks combined than any other manufacturer.

(Texas' Last Frontier Ford dealer is Mahan Motor Co., Morton, Texas.)

The figures, which cover sale of both the 1957 and the successful 1956 Ford models, show Ford obtained a 37.52 per cent lead in cars and a lead of 25.67 when cars and

trucks are combined.

A total of 1,493,617 Ford cars were registered in 1957 compared to 1,456,288 cars registered by Ford's closest competitor. Combining cars and trucks, the figures show a total of 1,770,918 Fords registered in the year, compared to 1,747,248 for Ford's nearest competitor.

The statistic-gathering agency reported a total of 5,982,342 new car registrations entered in 1957. Ford's share of this is 25 per cent.

Ford's percentage of the total automobile market has increased over the past 10 years — from 14 per cent in 1948 to 25 per cent in 1957. Not only has Ford captured an increasingly large share of the market, but the growing percentage has been in an expanding auto market which has nearly doubled since 1948. Registrations in 1948 for example, totaled only 3,490,952.

The retractable hardtop, which Ford calls the Skyliner, accounted for 22,647 sales, or nearly one-fourth of all Ford convertibles. This model, introduced a year ago, is the only fully retractable steel-top convertible in the industry.

Ford sold 15,173 Thunderbirds in 1957, the last year for production of the two-passenger model. Dealers currently are introducing a new luxury version of the Thunderbird that seats four persons.

Ford also maintained its V-8 leadership by selling more V-8 models than any other make.

FOOD BUDGET STRETCHERS

It's possible to cut food costs without cutting calories or sacrificing food values.

Here are some suggestions for stretching the food budget.

If citrus fruits are too high for your budget, get needed vitamin C from canned tomatoes or tomato juice. Canned or frozen orange and grapefruit juice may be cheaper than the fresh fruit. Compare prices. Remember that raw cabbage, raw turnips and salad greens are also good sources of vitamin

17 Attended Den Training Meet For Cub Parents

Seventeen members attended a Cub Scout Den parents training school at the Cochran County Activities Building last Thursday night.

Bill Strain, area Scout executive, showed a film on procedure in conducting den meetings and a group of displays were set up showing den material, handicrafts, and games that can be used at den meetings.

Strain called the meeting highly successful.

Pardon me, cousin, what's the latest about the

58 FORD?

Here's the latest, cousin . . .

MAHAN MOTOR COMPANY

is now offering 58 FORD CUSTOM 300 and FAIRLANE SEDANS PRICED LOWER than comparable 1957 models!

(Hey, wait a minute . . . I'm a bird, and birds don't talk . . . I'm not your cousin either, . . . but it sure is true about those 58 FORDS being lower priced!)

Jaycettes Held Monthly Social
 The Morton Jaycettes met on March 25 in the home of Mrs. Snooky Russell for the monthly social meeting.

Mrs. Hub Cadenhead was welcomed as a new member. The clothing committee reported on the clothing that was delivered to the East Elementary School and said the clothes were greatly appreciated.

The next meeting will be April 8 in the home of Mrs. Roy Tarver, Jr., and election of officers will be held at that time. All members are urged to attend.

Members present at the recent meeting were: Mmes: Roy Tarver, Jr., Fred Payne, Sammie Leveritt, Buddy Hanna, Tubby Holloman, Dexter Nebhut, Russell, Cadenhead, and Eddie Irwin.

LIONS PLEDGE \$500 TO BABE RUTH PROGRAM; WILL NOMINATE OFFICERS AT NEXT MEETING

A three man nominating committee of the Morton Lions club will bring to the club next Wednesday a proposed slate of officers for next year.

The election of officers will follow one week later.

Serving on the nomination committee will be three former Presidents of the Morton Lions club, Van Greene, chairman, J. W. McDermott and R. C. Strickland.

In other business attended to at the meeting Wednesday, the local club named Roy Tarver, Jr., and Van Greene as its representatives to the County Cancer drive.

Each club had been asked to have two representatives to serve on the county fund drive.

The Lions voted unanimously to construct a 10 foot Cancer Sword, to be used in the promotion and publicity of the fund drive which is set for the Month of April.

Earlier in the week, at a Board of Directors' meeting Tuesday, the

Morton Lions club pledged a \$500 donation to the Babe Ruth league, if Morton decided to enter teams in the league with Whiteface and Sundown.

The club is also investigating a way in which they may make a contribution to a project to provide more entertainment for the girls of the community.

Child Is Treated At Houston

Mr. and Mrs. Duke Merritt and Mrs. J. R. Merritt returned Wednesday afternoon from Houston where they had taken their 16 month old son, Coy.

After undergoing 64 tests, Coy was found to be allergic to everything - even himself. The doctor is prescribing some treatments he hopes will help the boy.

County Committee of Twenty-Four Completes Most of It's Reports

Cochran County's Committee of 24 completed three fourths of its study of County schools with its final meeting, as a committee, on Tuesday, in the Junior High Cafeteria in Morton.

Under the guidance of elected chairman, D. E. (Gene) Benham, the Committee on Financing of Schools; the committee on Curriculum of county schools and the committee studying building facilities of County schools made final reports and recommendations. In turn these recommendations will be forwarded to the state committee.

But one group, the committee on teacher supply, had not finished its work. Instead they made available six page questionnaires they had drawn up and these were submitted to the teachers in the County and to many of the ex teachers.

The committee hopes to get the questionnaires back within a week or so, after which they will evaluate them, break them down into an overall report, and use the information received to determine the answers to some 50 questions on

teacher supply. Findings of all four of the study groups will be published in the near future in the Tribune.

Easter Services For Every Faith In Old Jerusalem

More than seventy-five special services, ceremonies, and processions are held during Easter Week in Old Jerusalem, Jordan, by Catholic, Protestant, and Eastern rite churches.

Easter visitors to Old Jerusalem can worship, according to their faiths and inclinations, at quiet sunrise services at Bethany, during devotional walks along the Via Dolorosa, in the Garden of Gethsemane, or at Pontifical High Mass in the Church of the Holy Sepulchre.

On December 27, 1776, George Washington was made dictator of the United States - the only one we have ever had.

Rx for Health

Have You Had Your Cold Yet?

Have you had your first cold of the year? Chances are that you will be one of the estimated 150 million people who will have one or more colds this winter.

According to the latest authoritative estimates, 400 million colds will hit the nation this cold season. While many people look lightly on the common cold, it continues to be our most costly ailment.

Almost 50 per cent of our industrial absenteeism is attributed to the cold germ, causing an estimated \$420,000,000 loss in wages. It is estimated that Americans will spend about \$210,000,000 this year on cold remedies. Yet despite these facts and the continuing high cost, the common cold still remains a vast mystery to medical science. Research against this "bug" is going on night and day in our universities, medical foundations and in the research laboratories of our pharmaceutical firms.

It is now believed that more than one organism, probably viruses, cause the classic symptoms we identify as the "common cold."

Man is the only animal in which the cold occurs naturally. It respects no age limits, no geographical boundaries. It attacks kings and the laboring man. At one time or another, almost every human suffers from this pesky infection.

Children suffer more frequently from colds than adults, a fact that is attributable in part to the school classroom where one cold can be spread quickly and easily throughout the entire group. So, with school underway the season of coughs and sneezes and chills among the younger set is upon us.

Since medical science, with all its hard work and vast resources, hasn't solved the problem of the common cold, what can the average person do to prevent it?

A booklet published by the U. S. Department of Health, Education and Welfare gives these general rules:

1. Avoid people with colds whenever possible. When you are with them, keep your distance when they cough and sneeze or shake out a used handkerchief for another blow.
2. Wash your hands often, especially before eating and after touching a person with a cold.
3. Don't use a drinking utensil or towel which may have been used or soiled by a person with a cold.
4. Keep your resistance up by maintaining good general health. Avoid chilling, wet feet, and fatigue. Eat well balanced meals. Give your body every possible advantage when there are more than the usual number of colds around you.

If a cold persists, or if you run a high fever and have what seems unusually severe aches and pains, see your physician. A cold can easily lead to a more serious ailment, which might be prevented if you get proper medical care and advice early enough.

With Your... COUNTY AGENT

TRACTOR MAINTENANCE MEETING
 Monday morning, 7:30 a.m., on the 25th, six adult leaders met with the County Agent, Homer E. Thompson, to plan a county and county-wide 4-H Tractor Maintenance and Safety Program. An enjoyable breakfast, the gathering was held at the home of the County Agent.

4-H RIFLE SAFETY AND SHOOTING IN COCHRAN CITY
 Wednesday, March 12, was the initial meeting for the 4-H Rifle boys, girls, parents and leaders. The meeting was held at 5:00 p.m. in the caliche pit, 3 miles west and 1 mile south of Lehtman in the Jake Wylie pasture. A total of 52 4-H boys, girls, dads, mothers and leaders were present.

The two adult leaders, Ken Coffman and Ralph Cadjue were present to discuss and present visual aids on rifle safety and shooting. It was a cold afternoon, but the enthusiasm and spirit was high. The County Agent discussed the present program, and the requirements expected of this group.

Mr. Coffman had range equipment constructed and laid out in the caliche pit for the use of this group. It was a splendid job and

much use can be made of this equipment, because of its added safety features.

program is growing like a snowball and if you have a boy or girl who needs to be taught rifle safety and shooting, this is your opportunity. I wish to congratulate Mr. Coffman for his hard work in promoting this sort of program for several years. Ken is a true leader and conscientious. This year his program grew so big that he obtained another good helper and instructor, Ralph Cadjue. Perhaps we can have another district winning team this year.

4-H To Launch Own Special Satellite!

Take it from America's top teenage safety experts—accidents are just as vital a problem to the nation as satellites.

That's what the eight national winners of \$400 General Motors Scholarships for outstanding 4-H safety activities told newsmen recently in Chicago.

"Just because we are entering the space age, we can't take our eyes off the tremendous losses from highway and farm accidents suffered each year right here on earth," they declared.

The national winners and 34 other state winners received all expense trips to the 4-H Club Congress in Chicago from General Motors.

Plan Special Safety "Moon"
 They pledged to lead the nation's 4-H members in an all-out drive against accidents. "Young people have the greatest stake in promoting safety because our futures are so deeply affected," they said.

"We'll create our own special safety satellite" by stimulating nationwide attention in the needless deaths and injuries which carelessness is causing on highways and farms. Teenagers everywhere can make safety as important as satellites by inspiring everyone to eliminate accidents."

Nears Million Member Mark
 Typical of the group was Leonard Worts of McClave, Colo., who began a local Teenage Safety Council. "If you get teenagers thinking and acting safety it will rub off on parents," he said.

Participation in safety activities by 4-H members has skyrocketed from 72,000 to 825,000 in the 13 years since General Motors became award donor for the program. This participation is expected to reach the million member mark in 1958.

Other national winners were: Marilyn Ellison, El Reno, Okla.; Sylvia McCarty, Myers, Ky.; Sharon Mitchell, Dixon, Me.; Carolyn Kay Moore, Fairview, Kans.; Christina Pasley, Hillsboro, Ore.; Ronald Powell, Clark, Mo.; and Don Willis, Mendonhall, Miss.

Their tip to everyone: SAFETY KNOWS NO QUITTING TIME!

4-H and FFA Fat Stock Show

Two days were devoted to the Annual 4-H and FFA Fat Stock Show for Cochran County.

Johnny Lloyd showed three lambs and two pigs in the mixed fat barrow class.

The other boys showing mixed breeds were Bobbie Nieman and Ray O'Brien.

Lester Dupler showed two Poland China barrows and also won the showmanship award in the fat barrow judging. Lester is energetic, attentive, and will be hard to beat in the future showing of fat stock. Congratulations, Lester, for a good job well done. He will receive a nice trophy.

Everybody can't win, but all the boys did a real good job and showed their animals very well. It was the best boys we've had in the local show. Congratulations to all of you.

The boys who showed Duros were: Donald Shaw, Larry Shaw and Ricki Coffman.

The boys who showed Hampshires were: David Haralson, Bill Hackabe, and Dickey Walker.

As for premiums and how each boy came out, I don't have the list, but I'm proud of all you boys, advises the Agent.

SESAME AND RAT CONTROL

On Wednesday, March 12, a County Wide farmers' meeting was held on Sesame production, harvesting and marketing. Fifty-four farmers attended the meeting. Clyde VBlack, a representative of the Plains Sesame Growers, Muleshoe, was present, along with Joe Beseda, Cochran County representative and seed dealer, Mr. Robert L. Parkey, Vice-President of the Texas Sesame Growers Association of Paris, Texas, was present to discuss and show color films of sesame production, harvesting, and

marketing on the Plains. It was interesting to note that the seven million bushels of sesame grown nationally, was nearly all grown in three counties on the Plains adjoining Cochran County on the north and east. They produced six and one half million bushels.

Sesame sticks were served with soft drinks as refreshments following the meeting.

County Agent Homer E. Thompson gave a demonstration on rat control by use of non-coagulant baits, using paper sacks and one pound coffee cans for receptacles.

How holes should be cut in the paper sacks, an drailing the sacks to the wall or floor to prevent waste was demonstrated as well as the method for nailing the coffee can to the floor before filling with bait. The farmers were also warned to get plenty of bait and to keep the receptacle filled for two to four weeks—this is a slow killer but a sure one. Do not buy a little amount and run out. You will not get the results desired, advises the agent. Get your neighbors to do likewise if you want good control as rats travel miles at night. This bait is not dangerous as some others when proper precautions are taken.

4-H LAND JUDGING

Nine 4-H members and one dad, W. Haralson attended a land judging meeting Monday afternoon, March 24th at the Activities Building.

Paul Smith, SCS Supervisor and Agent Thompson conducted the school. Mr. Smith brought in three kinds of soil, fine, medium, and coarse textured. He also had with him a soil profile with cotton stalk and roots established in the profile. This showed what happened to the roots that reach the hard pan in the soil, as the roots turned horizontal to the hard pan layer.

The land judging sheet was passed out to all boys attending. This sheet can be used by the boys to study for it gives the terms and description of: surface texture, permeability, depth of soil, slope, erosion, drainage, condition of land, fifth, land classes, and the man-

agement of the land for the respective classes.

The boys were very enthusiastic about soils and conditioning soils. More meetings of this kind will be held as requested by the group. A field trip to check depth, profile and soil classes will be scheduled for the next meeting, advises the County Agent.

Those attending the March 24th meeting were: R. E. Thompson, Rhodney Williams, Denny Thompson, David Ross, Bob Nieman, Ray

O'Brien, David Haralson, Neerast Houghton, Mr. Smith, Mr. Haralson and the Agent.

Charter Night

Members of the Morton and Whiteface Lions clubs are expected to be among the guests at Pettit on Monday night at 7:30 as the Pettit club receives its charter. The charter night, a ladies' night affair, was postponed at an earlier date.

THE GIRL WITH 22 SUITCASES

Jean Carter, the 1936 Maid of Cotton, needs two cool, weatherable to hold the luggage containing her all-cotton wardrobe of some 40 outfits. The Atlanta, Ga. beauty will represent the American cotton industry. At the end of her journey, she will receive a brand new Ford car as a symbol of the close cooperation between two great industries.

PRETTY PLEATS

The long torso of this swimsuit by Rose Marie Reid ends in a burst of permanent precision pleats. The bright stylized print takes its mood from the mysterious East.

FOR SPRING RAINS

Showers predicted! You can still be off to the party in a make-it-yourself raincoat blooming all over with pastel daisies. Made of Sanforized heavy cotton, the coat was treated for water repellency by a dry cleaner.

DRESSED FOR EASTER

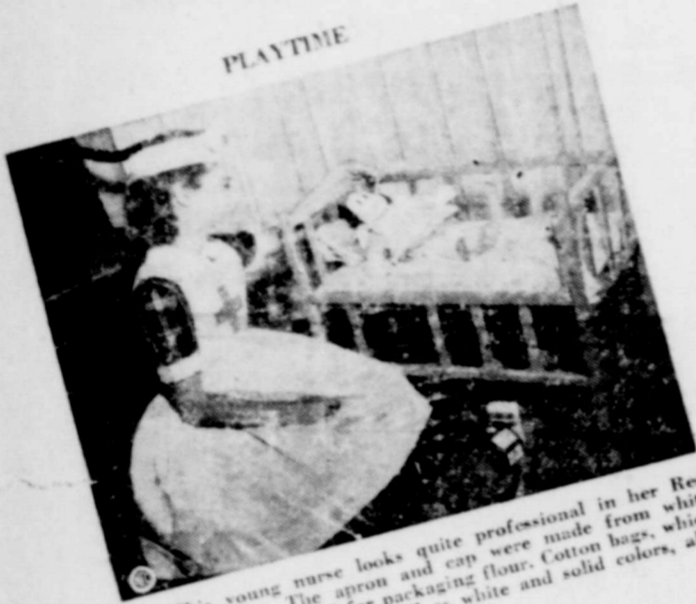

Matching dresses for big and little sister have a Victorian look. Lace ruffles edge the neck and sleeves of the dresses designed with beautiful skirts by Joseph Lowe. Dresses feature floral-striped Everglaze cotton satin.

That Dallas Look

Sister act is produced by Westway of Dallas in silky checked cotton with pique bodice. Yellow rickrack traces the shoulder straps. The waistline features adjustable buttoning. Petticoat is built in.

PLAYTIME

This young nurse looks quite professional in her Red Cross uniform. The apron and cap were made from white cotton bags once used for packaging flour. Cotton bags, which come in bright prints as well as white and solid colors, also provided the fabric for the sick doll.

TAILORED

Simple lines and shimmering stripes characterize this little two-blouse and matching swim suit by Jantzen. The ensemble is made from a color and Lord blue and gold striped cotton.

BEACH MATES

Smooth-fitting swim suit and matching cover-up jacket feature an Everglaze cotton print. Ensemble by Rose Marie Reid is worn by Miss America 1936, Marilin Van Derbur.

That Dallas Look

The Clark of Dallas dramatizes a plumb-line linen chemise with gigantic checked organza neckline which falls below the waistline. The hipline demarcation is achieved by deep-slit tucking. Tiny sleeves give the dress multi-duty wearing.

That Dallas Look

Checked gingham in custom sizes by Kohen-Ligon-Folz of Dallas is given tall-making lines for the shorter woman. The dark tone front panel adds the illusion of height. Six tabs, jet-like buttons, and Dutch pockets add wanted soft details.

That Dallas Look

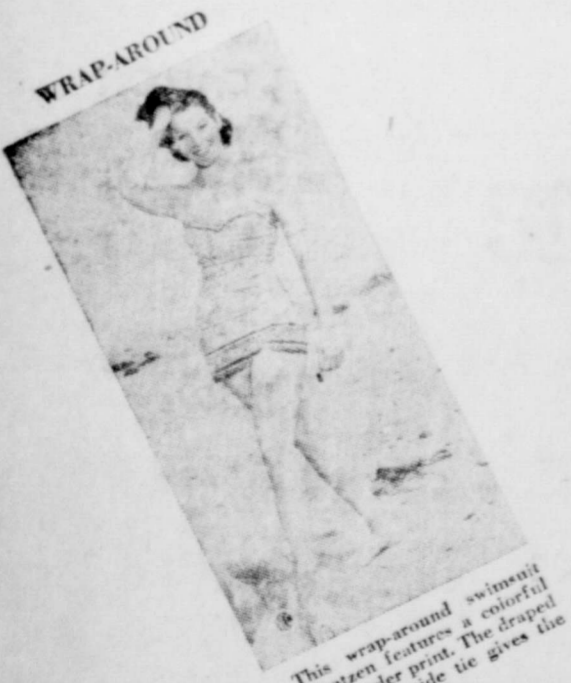

Cotton becomes festive in the hands of Donovan-Galvani of Dallas as this cooling full-skirted dress festives. Contrasting bands of Schmitt embroidery are reminiscent of the old Spanish mission days in the Southwest.

FRENCH TOUCH

Simplicity keynotes this smart ensemble in cotton cotton suit by Hittites of Paris. Two buttons on jacket are only trim on suit.

WRAP-AROUND

This wrap-around swimsuit by Jantzen features a colorful cotton border print. The draped skirt with a side tie gives the suit a sarong look.

WHITEFACE RELEASES GRIDIRON SCHEDULE FOR 1958; RIVALRY WITH MORTON WILL BE RESUMED THIS FALL

WHITEFACE (Spl.) — Coach Emmett Broderson of Whiteface last week released his 1958 football schedule, which among other teams includes a resumption of the Morton-Whiteface series, though Morton will be Class AA and Whiteface will remain in Class B.

Broderson, in making public the new slate, said his team will be very much hurt by the loss of six first string boys, two in the backfield and four linemen.

Regulars on Broderson's Antelope team that won their district title in 1957 for the second consecutive year, and who will return for the 1958 grid warfare, are Terry Tubb, F. Henderson and Jimmy Collins in the line and Wayland McClellan and Neil Allen in the backfield.

Whiteface will compete in District 3B next fall with Ropes, Whitharral, Amherst and Meadow filling out the district.

Coach Broderson's group will play the same number of games that they played last year during the regular season. One game of last year's 36 game card was rained out this year only nine games are on tap — though they have two open dates. He did not say whether or not they were trying to fill one of the open dates.

If anyone in the area is accused of playing a weak slate, it won't be the Antelopes. If they can withstand their pre-conference slate of games with bigger schools, they should be one of the toughest Class

B teams in the state.

The Antelopes begin their fall grid training on August 25th, the earliest allowed under TIL rules. On September 5th they will be at Tatum, New Mexico for their lid lifter. That will be played at 7:30 Tatum time. Last years game with the New Mexico eleven was postponed because of rain.

On Sept. 12th the Antelopes take on Class AA Morton in the first home game for Whiteface.

On September 19th they entertain

PLAINS COTTON GROWERS ADOPT BUDGET TOTALING \$122,000

Directors of the Plains Cotton Growers, Inc., approved a \$122,000 budget, reaffirmed a legislative stand and acted on other routine matters at the group's second 1958 directors' meeting March 18 at Lubbock.

Wilmer Smith of New Home, vice president, presided as the directors launched plans for the organization's third year beginning July 1.

The group reaffirmed its favorable stand on the American Cotton Producers Associates bill, which is now before the House Committee on Agriculture. Smith said the group to continue to work for a long range cotton program.

Smith, W. O. Fortenberry, president; W. L. Edelson, Friona, and Geo. W. Pfeiffenberger, Executive vice president, attended an ACPA meeting last Friday in Memphis at which plans for further action on this long range cotton program were made.

Included in the PCG's budget was an educational program whereby proven production practices, recommended by the Texas Extension Service and the Experiment Station, will be stressed and pushed to all cotton producers on the High Plains with the aim of helping produce higher quality cotton in 1958. Details of this program will be announced shortly.

Directors also voted to oppose the signing of the USDA cotton classing office in Lubbock. Fortenberry expressed the directors' sentiments when he said "Farmers want each bale of cotton classed on its own merit."

Pfeiffenberger told the directors that reactivation of the pilot spinning plant at Texas Tech was underway and three spinning frames are now in operation utilizing High Plains cotton.

He added that the next week or two will see all of the spinning machinery tested and put in top operation. Directors earlier had appropriated \$25,000 for this project.

A research program at the Spur Experiment Station was discussed by Charles Fisher, superintendent of the Lubbock Station, formerly of Spur, and another research pro-

ject at the Halfway Research Station near Plainview also was presented to the directors. They asked that a committee be appointed & more information be obtained on these projects for later action.

Fifty-two directors and guests attended the meeting.

Father Celebrates 93rd Birthday

On March 16, D. S. Arnold of Carey celebrated his 93rd birthday. He had two beautiful cakes along with all the other good things to eat that were served.

All of his living children were there to be with him. They were Mr. and Mrs. Ruben Arnold of Carey, where the dinner was held; Mrs. J. C. Cook of Morton; Paul Arnold of Lubbock; Mrs. Delmar Cavthorn, and Mr. and Mrs. A. L. Mills, all of Childress; Mrs. Buelah Arnold of Carey, and Mr. and Mrs. Ed Cutting and son Jimmy, of Ft. Worth.

Mr. Arnold's half-sister, Mrs. Florine Byrd was also there.

Mrs. J. C. Cook remained to visit with her dad until Thursday before returning to Morton.

WHITEFACE Lunchroom Menu

- MONDAY — Pork Sausage and gravy, Creamed Potatoes, Green Beans, Fruit Jell-O, Rolls - Butter, 1/2 Pint of Milk
- TUESDAY — Pork Chops and Gravy, Corn, Vegetable Salad, Apple Chip Cake, Bread - Butter, 1/2 Pint of Milk
- WEDNESDAY — Pinto Beans with Pork, Creamed Cabbage, French Fried Potatoes, Apple Cobbler, Corn Bread - Butter, 1/2 Pint of Milk

Class 'A' Anton. Then on the following week they will travel to Friona to take on another Class AA team. On October 3rd they are at Plains against the Cowboy's Class 'A' team. On October 10th they have planned a well deserved rest.

On October 17th they will be at Ropes for their first district game. The October 24 game with Whitharral will be the Antelopes homecoming game. On October 31 they plan another rest.

November 7 will find the Antelopes at Meadow for their third district contest and the finale is scheduled for November 14 when they play host to Amherst.

But Coach Broderson is neither moaning nor groaning about his team or schedule this fall. He is confident of the ability of the 5 returning starters, and fully expects his boys have the fight and determination to come up with another top team.

MORTONITES URGED TO SHOP LOCALLY FOR NEW EASTER OUTFITS

Easter comes early this year and shoppers were reminded this week by Mrs. Tennie Wall, manager of the Morton Retail Merchants Association, to look over the merchandise local stores have stocked for the 1958 Easter Parade.

Buyers have until Saturday, April 5 (Easter falls on Sunday, April 6) to select their spring outfits for the "parade."

Mrs. Wall said that local stores have stocked the latest in spring styles, whether it be "sacks" or satins or the chemise or cottons.

Spring merchandise as a whole, especially wearing apparel, is now selling at a lower figure than at any time in a number of months, Mrs. Wall said. Eastern and California markets, from where most of the clothing comes, set lower price tags on most items this year, and local stores are passing on the reduced prices to shoppers, she said.

Easter is also looked upon by most folks as the start of the spring buying season, and many local stores have many spring bargains on "special."

Now, too, is the time for shoppers to begin making plans for warmer weather, more outdoor life, and vacations, she urged.

Ready cash to make spring purchases is not usually necessary as most local stores, Mrs. Wall pointed out. Most stores have easy payment plans that enable shoppers to buy now and pay later.

Also by buying from local merchants, customers get merchandise that is of guaranteed quality, backed by the reputation of the local merchants, she said.

Here are some spring shopping ideas: School will be out soon and vacations will begin. A first consideration should be the auto, if you plan a motor trip. Your

local service station or tire shop will check your tires and battery. Grocery stores, hardware stores, automobile supply shops, sporting goods stores also have many items that will help make your trips more comfortable and enjoyable such as a car ice box, a car radio, picnic baskets, and various foods in handy containers such as Cheese in a tube.

You may also want to take along a coffee mawer or a travel iron, either of which is available at appliance shops. Department stores and wearing apparel shops have the latest in vacation wear.

Now is the time to begin planning your outdoor life. Garden equipment and outdoor furniture should be checked and replaced where necessary. Backyard cooking will soon begin and a check should be made to see if any accessories are needed for the barbecue pit.

Spring is also the time to clean up and fix up your home. Any types of building equipment are found at hardware stores and building supply shops.

Spring sports are about to start — and whether you play tennis or golf, swim or boat, you'll need equipment and clothes that will make your favorite sport the most enjoyable and comfortable. Sporting goods stores, department

stores, wearing apparel shops can supply these items.

Spring also brings out many parties, not only for the teenage daughter, but for grown ups as well. Both formal and informal wear are stocked in most clothing stores. If you have a party at your home, now is the time to replace the old furniture you have been planning to get rid of for so long. Parties usually mean gifts and jewelry stores can supply suggestions.

THE HOLY FIRE: Eager worshippers at the Church of the Holy Sepulchre on Holy Saturday of Easter Week, light their candles at the flame held aloft by the Greek Orthodox Patriarch, as he emerges from The Tomb of Christ.

SPELLING

(CONTINUED from PAGE 1)

... Mrs. J. A. Love, Morton; T. F. Shacklett, Bledsoe and Mrs. ...

Lula Hensley, Whiteface — the spelling teachers for the three schools. Judge Fred Stockdale was in charge of arranging for the bee.

was represented by three elementary school students who outclassed the junior high top spellers last week.

Spelling for Bledsoe were 13 year old Twila Billbreay, 13 year old Virginia Comaway and 10 year old Monty Evans.

In addition to Dickson, Whiteface had Linda Welch and Elaine Howell in the competition. Morton's other two finalists were 8th graders, Carol McCauston and Phillip Blackwell.

Bledsoe students had won the best three County Spelling bees held in this county.

LAUNDRY

(CONTINUED from PAGE 1)

Free treats are promised all visitors to the completely new, coin operated laundry.

Also, during the four days, trained personnel will be on hand from 8 am to 8 pm each day to instruct folks in the operation of the agitator type washers and driers.

Owners operators of the new establishment are Lessie White and Lonnie St. Clair.

White, a former Morton resident, was graduated from Morton High School in 1950.

The laundry, which will remain open 24 hours per day, is located on South Main opposite Willis Food store in the Morton Electrical Supply building.

Everyone is invited to drop by and visit, and see the type establish that in recent years has become so wide spread throughout the nation.

METHODIST

(CONTINUED from PAGE 1)

again at 7:30 pm for prayer service with preaching at 8 pm.

A breakfast is scheduled each morning except Saturday.

The evangelist minister, Dr. Brucher, began his active ministry in this, the Northwest Texas district, in 1934. He attended McMurry College and has his D. degree from Southern Methodist University. He is a pastor of this part of the state and has served churches in this area, including Falls, and St. John's Methodist Church, Lubbock. This is his second year on the Pampa District.

The pastor, Rev. James E. Harrell, announced that the public is most cordially invited to attend any and all of the services and suggests "that you come and bring a friend and help introduce others to Christ . . . come and pray."

Three Way News . . .

By Mrs. FRANK GRIFFITH. Mrs. Pinsky underwent surgery again in Morton last week. Mrs. Hal Phipps and children have moved to Muleshoe from the Phipps farm. Mrs. L. L. Burton and Cindy have moved into the Phipps house. The Goodland Bible Study Club met last week with Mrs. Jack Hutchinson to study from the book of Matthew. Refreshments were served to 10 members and a visitor. Mrs. Kenneth Corbell. The next meeting will be April 1 with Mrs. Lewis Henderson. Mrs. Ted Thetford was on the sick list last week. Mrs. Curtis Smith and infant daughter of Littlefield visited friends in the community on Sunday. Guests in the Earl Bowers home Sunday were Mr. and Mrs. Joe Bowers, parents of Earl and Mr. and Mrs. L. W. Downs and children, all of Logan. Mrs. Downs is a sister of Earl. Mr. and Mrs. Tommy Galt and children visited relatives at Hale Center, Sunday. Attending CONFERENCE at Hereford last week were Messames Cecil Cole, Tommy Taylor, and Leon Reeves. Mr. and Mrs. Jack Hutchenson & Mrs. Jack Lowe went to Quitaque last week to attend the funeral of a friend. Mrs. Earl Bowers and Pam visited in Lubbock Saturday. Wayland Altman left Friday for CASE — (CONTINUED from PAGE 1) Washington, Morton. On display will be the Case 811B, the 490, the 401 diesel, and the Case 300. A free movie on the Case line will be offered every hour for visitors. ("Details may be noted in the advertisement which appears on page 9 of this publication of the Tribune.") "Everyone is invited," says W. J. Woolam, owner-manager of the implement house. "That in cludes farmers, their families, and all the folks in the area, whether farmers or not," he reports. The new line offers a choice of four fuels, diesel, gasoline, LP gas and distillate. The big feature, of course, is the new Case-o-matic drive which is reported to save time, money, manpower, and increase production. Woolam offers a demonstration to anyone who drops by Saturday. The Case-o-matic is described as a drive that senses the load and doubles pull power, instantly, precisely, and automatically without clutching, shifting, or stalling. And, the styling is all new — in line with the modern automobiles.

Guests in the Frank Griffith home Sunday were Mr. and Mrs. Ira Griffith and Grady of Shallowater, Texas. Mrs. A. C. Woodburn of Portales, N. M., visited in the Frank Griffith home on Monday afternoon. Earl Bowers was in Portales and Muleshoe on business Monday. Mrs. Lewis Jordan was in Hale Center and Lubbock last weekend. The Three Way track team plan to compete in a meeting at Whitehall this week.

McDermott Gets Rainbow Plant Food Dealership

J. W. McDermott of Morton announced this week that he has been named as an authorized dealer for International Rainbow Plant Food.

(An announcement advertising it will be found on page 10 of this publication of the Tribune.) In making the announcement McDermott said that "we have a top applicator runs ready for application of both liquid and fertilizers."

"And," he continued, "one of the dual application methods applying liquid and dry fertilizers in one application — we are to supply farmers nitrogen, phosphate and potash to meet the specified by actual soil analysis."

Qualified personnel are to make applications, he said. McDermott features Rainbow agricultural (anhydrous) liquid fertilizer 82 per cent nitrogen, and Rainbow and Ison dry fertilizers.

This, he says, makes the complete fertilizer program for farmer for pre-planting and dressing. He invites farmers to call offices north on the Enoch highway.

Good Friday in Old Jerusalem

VIA DOLORESA PROCESSION: Each Good Friday, men and boys of various Christian sects in Jerusalem, Jordan, carry heavy wooden crosses along the Via Dolorosa, the pathway followed by Christ on his way to Calvary. Stops are made at the Stations of the Cross for prayer and meditation. The pilgrimage ends at the Church of the Holy Sepulchre which stands on the site of Calvary. Thousands of worshippers from many parts of the world follow this solemn procession on Good Friday, a traditional Holy Week Ceremony in Old Jerusalem.

TEXAS COTTON FARMERS URGED TO PLANT EVERY ALLOTTED ACRE IN COTTON, TO SUPPLY DEMAND

ABILENE (Sp.) — Texas cotton farmers, faced with the best prospects in both moisture and prices in a decade, are being urged to plant every allotted acre in cotton this year, the West Texas Chamber of Commerce said today.

A group of cotton industry leaders — including ginners, growers, shippers, buyers, Texas Agricultural Extension Service, representatives of the WTCC and others — met in Dallas last Saturday to appraise the outlook in view of a large soil bank participation.

Loyan H. Walker, WTCC agriculture and livestock department manager who attended the meeting, said the group is urging cotton farmers to reconsider their soil bank participation and place soil bank acres into production.

by last year's bad weather which lowered the cotton grade. Both domestic mills and foreign customers are bidding for cotton of high quality, he said.

Increased world consumption, combined with the shortage of high grade lint, should cause the better grades of cotton to sell above the support price of \$190 per bale (for middling inch), the WTCC agriculturist said.

Lee Benham Tops Honor Students
ROSWELL, N. M. (Sp.) A former student of the Morton Schools, Cadet Lee Benham, son of Mr. and Mrs. D. E. Benham, now a senior in high school at New Mexico Military Institute, Roswell, New Mexico, ranked first scholastically in his class of 162 cadets for the last six weeks period.

With Your... COUNTY AGENT

By HOMER E. THOMPSON
COTTON PRODUCERS
Good crops just don't happen, they are planned. You can be sure that when a farmer produces a high yield every year, this farmer includes good seed in his planting.

ahead in the long run says Leo Coffey, in charge of Foundation Seed Program. You can recognize certified seed by the blue tag and state seal on the bag.

Reduce Delinquency
INSTEAD OF "THINGS"
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES
A girl recently answered a newspaper inquiry on what young people want from their parents with the statement that her father gave her material things— money for shoes, clothes, travel, even a car; but what she really wanted most was his attention.

Big Change in the Times
It used to be easy for parents and children to do things together— many tasks around the house or farm called for joint effort, and the times made joint recreation easy. But today, with home chores limited and so many outside distractions, it is easy to drift apart.

Best Gifts Don't Cost Money
He failed to give him time and understanding. The boy sought significance elsewhere, fell in with the wrong crowd, and stole tires and gadgets for the car his father had given him.

We need to feel important in the lives of their parents is basic in a child's development. Next: Striking a Balance.

GOOD IRRIGATION PAYS
In 1957, spring rains after pre-planting irrigation caused delay in planting or slow growing off, and fall rains on top of summer irrigation caused slow maturity and low grades of cotton.

Now in 1958, due to rains and moisture received, we have an underground season comparing to the spring of 1942 or better. In other words, we have the equivalent of a good pre-planting irrigation without the expense of an one. The post hole digger is a simple test for measuring moisture in the soil. You want the moisture in the spring all the way down through the depth of the soil.

Remember the cotton plant uses very little moisture until it starts fruiting. Then it will use one fourth inch water daily. At the station June irrigation doesn't pay, it will cost you yield and money, too. If cotton is watered too early the plant is thrown into vegetative growth.

Quality cotton is produced with fewer irrigations. Late irrigations are to be avoided. (That is in September, August 25 or earlier may be a better cut-off date.)

Do you want to improve your irrigation efficiency and mesh odds? Ask yourself these questions: Do you know the gallons per minute your well produces? When you irrigate an acre of ground, do you know how much water a foot of soil will hold on your farm? Did you apply 3-acre inches or 6 acre inches of water? What is the depth to the water table? What is the draw down of your well or wells? Record books of pumping time and costs are available - use them to know exactly what you are doing and what it is costing?

EGG PRODUCTION
Egg producers of Texas will discuss their problems at the 1958 cage clinic March 26 in the ball room of the Memorial Center, College Station, Texas. This is a growing business. Poultryman Wormell estimated 2,253,000 birds in cages in 1957 as compared to 2,406,000 in 1953. Copies of the program on Cage Clinic can be had by writing Ben Wormell, Extension Poultry Husbandman, College Station, Texas.

FERTILIZERS
Fertilizers should be bought by Grade as determined in per unit cost of plant nutrients applied to soil. So look at the grade analysis of the same quality of plant nutrients and see if it can be purchased cheaper in a higher analysis fertilizer.

Otha L. Castle COMPLETES BASIC AT SAN DIEGO, N. B.

SAN DIEGO, Calif. (PHNCO) Otha L. Castle, son of Mr. and Mrs. O. L. Castle of Route 1, Box 125, Morton, Tex., graduated from recruit training March 21, at the Naval Training Center, San Diego, California.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "new recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

VISIT AT STAFFORD

Mr. and Mrs. R. H. McCasland left Saturday for Stafford where they will visit Mrs. McCasland's parents, Mr. and Mrs. G. A. Dankworth.

Mrs. Carl England Reviews for Book Lover's Club

Mrs. Carl England reviewed "Bless This House" by Noran Lott at the regular monthly meeting of Book Lovers. The group was hosted by Miss Lonora Jackson.

Final plans were made by the group for the Salad Supper to be held in May. The decision to mail invitations to former members of the club, was made.

In the absence of Mrs. Ira Brown, president, the business meeting was conducted by Mrs. Bill Harris, vice-president.

Refreshments were served to a guest, Mrs. Johnny Love, and to the following members: Mesdames Jess Burns, Harris, England, M. C. Ledbetter, Gene Benham and Bill Glasford.

C. A. MOORE'S HOME FROM TWO WEEK CALIFORNIA TRIP

Mr. and Mrs. C. A. Moore returned Sunday night from a two week trip in California. They visited Mrs. Moore's brothers, Gale Hall and family of Menlo Park, Howard Hall and family and a sister, Mrs. W. E. Elliott of Palo Alto; and other sisters, Mrs. H. M. Anthony of Lakspur and Mrs. J. P. Foster of Fair Oaks. They also visited friends in Oceanside, and spent a few days at San Diego where they went deep sea fishing and reported a big catch.

Two 1958 Easters Attract Visitors To Old Jerusalem

Easter is the most joyous and most celebrated Christian festival of Bible Lands, notably in Jordan, where, two thousand years ago, the events leading up to Easter morning actually took place. Visitors to Old Jerusalem will be able to enjoy two Easters this year—the Western Latin Easter which follows the Gregorian Calendar and which falls in 1958 on April 6, and the Eastern Easter, which follows the Julian Calendar and falls on April 13.

Observance of Easter in Old Jerusalem, Jordan, starts with a Palm Sunday procession from Bethpage, past the Garden of Gethsemane, through St. Stephen's Gate into the old city of Jerusalem. Worshipers and pilgrims from many countries walk the mile and a half journey reverently and quietly, carrying palm branches in their hands.

All during Holy Week colorful ceremonies take place in Old Jerusalem, commemorating events in Christ's last week on earth. Notable are the Washing of the Feet Ceremonies, the Good Friday processions along the Via Dolorosa, the Holy Fire Ceremony, the Abscession Searching for the Body of Jesus ceremony, and the sunrise services on Easter morning at the Garden Tomb.

Easter Sunday is a time of great rejoicing in the homes of Old Jerusalem. Each member of the family wears new clothes for Easter. After church it is customary to pay calls. The mother and older daughters of the house remain at home to receive guests, the father, sons and younger children make the calls, starting with the eldest member of the family group and continuing until calls have been made on all relatives and friends.

Each member will bring plants to be auctioned off. Guests will be invited who are interested in purchasing plants for their own garden. If you wish to attend or order plants, please call Mrs. Murry Crone, Phone 2576.

COUNTY'S BUCKSHOT FIELD BRINGS IN WORLD'S DEEPEST SLIM-HOLE OIL PUMPER, RECENTLY

The world's deepest slim-hole pumper—a 5,000 foot, 146-barrel per day producer—has been completed by Stekol Petroleum Company of Dallas in the Buckshot field of Cochran County. M. H. Stekol, company president, announced last week.

Slim-hole wells produce through one-inch hollow rods set in two and one-half inch casing as opposed to normal hole width of at least five and one-half inches, the company president said.

Economy is given as the primary motive behind the procedure, with savings of as much as one-half in shallow depths and one-third for 3,000 foot producers.

"Expense figures from Buckshot haven't been compiled," says Stekol, "but we know the elimination of five and one-half inch casing to a 5,000-foot depth has saved us \$10,000 in pipe costs alone."

The well, J. W. Frost No. 1, in Sec. 7, Block W, Public School Land Survey eight miles south of Bledsoe, produced 133.8 barrels of oil and 75 barrels of water in a 24-hour pumping test from 5,140 feet.

Since 1942 when he began drilling in the Bolton field near Independence, Kans., Stekol has pioneered slim-hole production to ever-increasing depths. Kansas wells using two-inch casing and one-inch hollow rods were drilled to 1,000 feet. By 1950, Stekol was producing from 1,200 feet in Corsicana, Tex., moving to 3,299 feet at Berger, in 1955, and now 5,000 feet in the Buckshot field.

A native of Tulsa, Okla., Stekol assumed operating control of the company from his father, the late Harry Stekol, in 1943 after graduation from Stanford and three years with Core Lab.

Stekol operations, in addition to Buckshot, Garza County and Berger in West Texas, include water-floods near Independence, Kans., and Corsicana, Tex., and two new wells in Canada, one of which is Lubbock.

Drilling contractor for the Buckshot well was Western Drilling & Construction Co., which has been producing more than two years.

Many operators are familiar with slim-hole drilling but stay away from using these techniques because they fear mechanical troubles," says Stekol. "In more than 200 wells drilled using these techniques, we have never had a single one due to mechanical failure, either in drilling or operation. And we have several wells in the Berger area that have been pumping from 3,000 feet through one-inch hollow rods without any pulling, pulling or other trouble for more than two years."

Drilling contractor for the Buckshot well was Western Drilling & Construction Co., which has been producing more than two years.

Cochran County Garden Club Plans Plant Auction Sale at April 7 Meeting

The Cochran County Garden Club will meet April 7, at 8 o'clock with Mrs. B. H. Tucker.

Mrs. Roy Hill will discuss "Why Organic Gardening—Rather Than Chemical." Mrs. Murry Crone will tell "The Story of the Earthworm and It's Benefits."

Each member will bring plants to be auctioned off. Guests will be invited who are interested in purchasing plants for their own garden. If you wish to attend or order plants, please call Mrs. Murry Crone, Phone 2576.

A mystery prize will be given to a lucky person attending the club meeting.

Mrs. and Mrs. R. L. Harrison spent the weekend visiting in Pampa and Mrs. J. E. Harrell visited a twin sister, Mrs. W. H. Ward, in Panhandle.

IT'S HERE THE NEW RCA-VICTOR for '58 AT ROSE AUTO & APPLIANCE

Highway Accidents Increase 8 Pct. County for January, February

Three persons died in traffic accidents during the first two months of 1958 in Cochran County, Texas. Highway Patrol District 5A reported that the number of accidents increased 8 per cent over the same period last year.

By voluntarily complying with all traffic laws, the number of accidents could be reduced. During the two month period, Captain Posey advised that the Highway Patrolmen in his district contacted 9,960 traffic law violators. Speed was the number one violation, followed by stop sign violations, defective lights and drunken drivers.

Coach Broderson, in making the announcement last week said, it was too early yet to tell just what kind of a track team the Cochran Countians will field. He had only undergone a few days of practice.

Whiteface Thinly Run at B. Spring

WHITEFACE (Sp.) Whiteface's 1958 track team have announced plans to enter the Big Spring relay over the Easter holidays - April 4th and 5th.

Capt. Posey advised that the number one contributor in the 414 accidents in 1957 was his men. He urged motorists to observe speed limits and help prevent accidents.

WEEKEND AT WELLINGTON
Mr. and Mrs. M. C. Ledbetter & family spent the weekend at Wellington with Mr. Ledbetter's stepfather, G. T. Austin, and family. Four of Mr. Ledbetter's brothers and one sister were there. The Ledbetter family attended the Methodist Church there and visited with the pastor, Frank Weir and son. Rev. Weir was formerly pastor of the First Methodist church here.

Johnie Lake Home From Pacific Tour

En route to duty with the U. S. Seventh Fleet, the Hammer visited Sava, Fiji Islands; and Melbourne, Australia. After joining the Fleet troyer USS Hammer after a six month tour of duty in the Western submarine hunter-killer operations including three cruises on the Taiwan Patrol between Formosa and the Chinese mainland. Between these Far East exercises the Hammer's crew visited Yakusaku, Japan; Hong Kong and Manila, Philippine Islands.

All Big Eaters

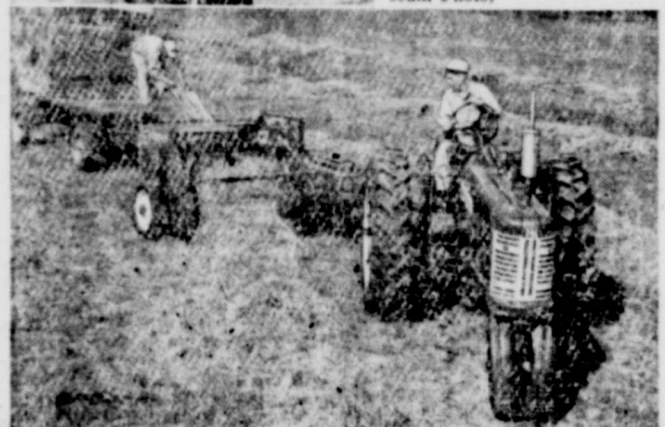

WORLD CHAMPION MILKER. Green Meadow Lily Pabst, boasted a hearty appetite during her record production of 42,805 lbs. of milk in a 365-day test as a seven year old. Her daily menu: alfalfa brope pasture day and night, 40 lbs. of grain, and all the alfalfa hay she wanted. Last two months on test, she tucked away an extra bushel of carrots daily. Her home—Green Meadow Farms, Elsie, Mich.

APPETITE of a two-ton hippopotamus, with a four-foot mouth and a stomach about 10 feet long, calls for a 75 pound bale of chopped hay daily. (N. Y. Zoological Society Photo)

SHREWS ARE RAVENOUS, mouse-like animals that eat their own weight daily. Native to the U. S., they eat mostly bugs and worms but get so hungry they attack and devour animals larger than themselves. (Chicago Natural History Museum Photo)

BIGGEST "BOG" OF ALL is this new McCormick hay baler, capable of baling 10 times its own weight every hour. USDA indicates today's farming methods enable farmers to produce a ton of hay with only half the labor required 15 years ago. Production per farm worker has doubled since 1940. Development of other labor-saving machinery is certain to bring even greater efficiencies in farming during the years ahead.

Mrs. H. Christian is Hostess to T & C Study Club

The Town & Country Study Club met in the home of Mrs. H. M. Christian with Mrs. Sammie Williams as co-hostess.

Roll call was answered by each member giving her favorite line of Scripture. The program entitled "How Mankind Worships", was presented by Mrs. Jim Kidd. Mrs. Sanford spoke on the Hindu Religion and Mrs. Alvie Harris on the Buddhist Religion; a discussion of the world's six religions followed.

Members present were Mesdames L. A. Cochran, L.E. Huggins, Merlin Roberts, Roy Hill, Keith Kennedy, Sammie Williams, R. E. Knawilton, Alvie Harris, Connie Gray, Tom Williams, Don Sanford, H. M. Christian, Bill Glassford, Elmo Smith, J. L. Kidd, and Miss Lenora Jackson.

Mrs. Charles Jones was welcomed as a new member.

The next meeting will be April 2 in the home of Mrs. A. A. Franklin. Mrs. Roy Hill, president will give a report on the district convention she attended in Childress.

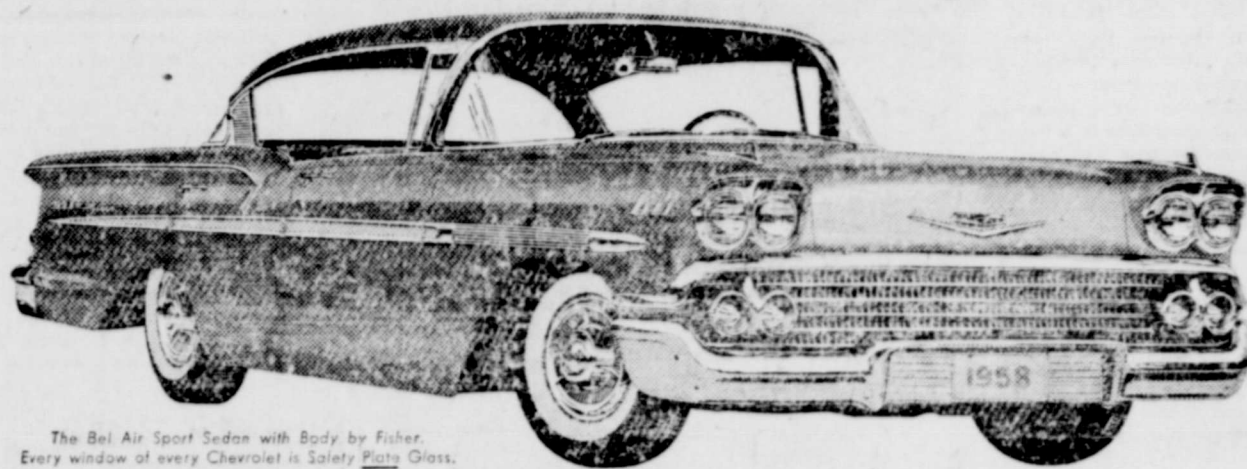

Easter Flowers Adorn Bible Land of Jordan

One of the world's wildflower paradises is the Bible Land of Jordan where, at Eastertime the Mount of Olives, the Judean hills, the fields of Samaria, and even the barren plains of Jericho and the rocky mountains of Moab abound in a variety of many colored wildflowers, some of which have not even been classified. More than 400 flowers which do not grow elsewhere are to be found in Jordanian plains and in the nearby Syrian desert in springtime, it is said.

Some Jordanian wildflowers have unfamiliar names such as "sword-lilies," "loosestrife, squills, pink flax, meadow saffron. Some flowers that are cultivated in the United States grow wild in Jordan, such as iris, crocus, anemones, tulips, and jasmine.

Gathering wildflowers is one of the springtime pastimes of the women and children of Jordan, who wander through the fields picking huge bunches of multi-colored wildflowers to adorn their homes, or to press and mount on souvenir cards which are highly prized by visitors to Bible Lands.

CHEVROLET IS LOWEST PRICED OF THE LOW-PRICED THREE IN THE MODELS MOST PEOPLE BUY!

The Bel Air Sport Sedan with Body by Fisher. Every window of every Chevrolet is Safety Plate Glass.

—and you get more for your dollars besides!

Compare 'em and see. The closer you look at Chevrolet and the other low-priced cars, the faster Chevy comes off as the biggest buy in its field. Big in size. Extra big in value!

Look at Chevrolet's fresh new '58 look. This one's all new—lower, wider and a full nine inches longer. Look at the fine craftsmanship of the only Body by Fisher in the low-price field. Sample Chevy's spirited performance. Feel its solid, smooth big-car ride. Add up all you get and weigh it against Chevrolet's low price and long-famous economy. You'll find that nothing else near the price offers more for your money. Your Chevrolet dealer will prove it.

LESLIE WHITE - Owners - Operators - LONNIE ST. CLAIR

Senator RALPH YARBOROUGH Writes from DC -

Mr. President, last Thursday, you continued excessive imports of foreign oil, Texas' crude oil production allowable for March was cut down to nine producing days a month. This is the lowest allowable flow in modern history with 2,311,514 barrels daily in March.

This represents a cutback of 318,834 barrels daily, which in terms of money at current prices is more than \$1.5 million a day.

Consider the effect on the economy when the second largest industry of the state produces only nine days a month.

The resultant unemployment and loss of consumer purchasing power and loss of tax revenues to schools and all levels of government that result from limiting a great industry to less than one-third of its allowable potential has hit every strata of our society and every phase of our economy. During 1936, the last year which complete records are available, Texas produced 42.5 per cent of the nation's oil - a total of 1.2 billion barrels. The present rate of production is only 75 per cent as much.

Mr. President, I ask unanimous consent to have printed at this point in the Congressional Record a comparison of Domestic and Foreign oil production for the years 1933 to November 1937.

This comparison was prepared and sent to me by the Honorable Ernest G. Thompson, a member of the Railroad Commission of Texas and a man long recognized as one of the world's foremost authorities on oil production.

General Thompson's figures show that Texas oil production has decreased 2.3 per cent in the last five years, and other domestic oil production has increased only a modest 11 per cent in the last five years, foreign imports have made drastic gains. From 1932 to 1937, production from Romania has increased 48 per cent and that from the Middle

East has increased over 52 per cent. As of last November, Venezuela has and Middle East crude oil production totaled 6,266,000 barrels daily while our domestic production totaled 6,800,000 barrels daily. And, up to this present moment, more and more companies are seeking to bring foreign oil into the United States. This excessive importation, unless slowed to a reasonable rate, will continue to replace American domestic crude and growing armies of the unemployed will roam our roads.

Meters In Farm Home Tell Fuel Costs

Farmer Raymond Kopp (above) of Scott County, Iowa, reads L.P.-Gas meters in test to determine operating costs for appliances. Daughter Myra Kopp (right) prepares food for dryer. L.P.-Gas is also used for stock tank heating on the Kopp farm (left).

Iowa farmer Raymond Kopp selected kerosene for his new home because of the fuel's efficient clean-burning qualities. But he also wanted to determine if the "beyond-the-main" gas was as economical as it is efficient. So, through the cooperation of the National L.P.-Gas Council, he installed individual meters for the year-round air conditioner which heats in winter and cools in summer, the built-in range, refrigerator, clothes dryer, automatic water heater, and incinerator. The same fuel is also used on the 300-acre farm for pig raising, chick brooding, and stock tank heating.

Kopp found it took only 1876 gallons of L.P.-Gas to heat these terminals on his similar country home (2,350 square feet) in winter and 1,040 to cool it in summer. Other monthly consumption averages were water heating, 57.5 gallons; cooking, 13.4 gallons; clothes drying, 7.7 gallons; incineration, 15.6 gallons; and refrigeration, 22.8 gallons. Outside, for the two-month period of February-March, it took 290 gallons to heat the 24' x 80' farmhouse, 492.5 gallons to keep water warm for 300 head of cattle, and 100 gallons to brood one hundred of chicks. After checking gallonage cost, Kopp said he was convinced that L.P.-Gas is economical. Other farm families can multiply the Kopp gallonage figures by the price of L.P.-Gas in their areas to determine L.P.-Gas heating costs for similar country homes.

Let me read, Mr. President, a portion of the letter from General Thompson. This noted authority said:

"On Monday of this week I was in Washington at the request of Secretary Sinclair Weeks, Secretary of Commerce, who is the Chairman of the Cabinet Oil Import Committee. He wanted to ask me my views on what should be done about imports, and I told him that in my opinion the President should promptly order a 20-per-cent reduction in imports of oil, and that this should come very promptly if disaster were to be avoided."

Mr. President, the issue of cheap foreign oil imports is not, as some would have you believe, just a fight between wealthy interests. The moderate and low income bracket people of America are deeply concerned here. At this time there are more than 200,000 unemployed in Texas. This is nearly 6 per cent of the labor force, the highest number without work since the terrible thirties. Much of this unemployment in Texas is a result of the foreign oil imports situation. Let me read you a wire I received from Mr. R. R. Dawson, president of the Baytown Employees Federation. He wrote:

"Dear Senator: As you know, crude oil allowances in Texas are now at the lowest level in history. Also, unemployment in the state as well as in the nation as a whole is on the rise. We feel that foreign imports of oil (both crude and finished products) are the primary factors contributing to both these conditions.

"We as employees of the Humble Oil and Refining Company, are very much concerned about this problem. What we are most interested in is - what plans are now in progress by the Congress of the United States? More particularly - what is your individual position concerning this problem? We feel that immediate action is imperative and we would like to see some form of mandatory restriction on foreign oil imports."

This wire is typical of many reports I am receiving. With a ninety-day production month set for March, things are not going to improve on a voluntary basis.

This Administration's much-ballyhoosed voluntary imports program has not and will never meet the critical need to stop excessive imports. Some of the major oil companies need the kind of voluntary treatment we received in the Army. The sergeant used to say, I want four volunteers - you, you, you and you. The critical unemployment situation alone is more than adequate to demand that the Administration tell importing firms - you, you, you and you cut imports 20 per cent, and I mean now.

As things stand now, there is no immediate help in sight for the thousands who have been laid off with drilling activities down to a record low. As of last week, rotary drilling operations took a sharp dip with 2277 rigs stacked that were drilling a year ago. The rigs are stacked in the Southwest, but they run around the clock for foreign oil and the cartels. In terms of bread and bacon for Texas families, the year's decrease means nearly 6,500 men off the job from the rigs alone, men who were working a few months ago.

More men have lost jobs, they have no money, the well service machines, perforators, cementers, oil truckers, oil field equipment men, the base men, the geologists and all other related businesses.

And, of course, the drilling picture is just one part of the picture. You can trace the unemployment pinch to any part of the oil industry and it is being felt by virtually all the Midwest and Southwest oil producing states. For example, our neighbors in Louisiana and Oklahoma have recently had production cutbacks, too.

We are immediately concerned with the well-being of the millions who work with oil, whose jobs and business depends on the domestic oil economy most of whom are fighting bankruptcy and hunger.

Who, you might ask, is NOT concerned with the economic well-being of these millions of Americans involved?

This Administration has the legal authority and the moral responsibility to stop excessive oil imports. But in its characteristic fashion of love for ultra-big business, this administration has continued to dance with the big oil moguls while the people pay for the music.

Mr. President, it all comes down to this - how long are we going to let major oil importers flood this country to the ruin of the people and to the threat of the national security? Six members of the President's Cabinet have signed a solemn declaration that it constitutes a threat to our National Security. Yet, this Administration has floated along comically on a flood of foreign oil with campaign-fund dollar-signs shining in its eyes. Why, Mr. President, Jack Porter's \$100 G.O.P. dinner at Houston was peanuts

compared to the hundreds of millions of dollars involved here. Mr. President, in order to meet this critical emergency, I introduce

for reference to the appropriate committee a bill to amend the Internal Revenue Code of 1934 so as to increase the export taxes on

petroleum and petroleum products. This proposal would raise import duty on crude petroleum from one-half cents a gallon to 2 cents a gallon (this would amount to an increase of 82.54 per 55 gallon barrel), raise import tax on

gasoline from 2 1-2 cents a gallon to three cents a gallon, and raising oil from four to five cents a gallon.

Mr. President, I ask unanimous consent that the bill be printed at this point in the Congressional Record.

BETTER SCHOOLS - - AND YOU

by HENRY TOY, Jr., President National Citizens Council for Better Schools

Marriage counselors tell us that money breaks up more homes than any other single factor. And, if you've ever had a fight about money in your house, you know that a great many extraneous issues are introduced before the air clears.

Money for schools has split our Congress and the public for many years now. And, like family fights, emotional issues having nothing to do with money have been used as arguments both for and against financial plans for schools.

What is really at issue is the question of Federal responsibility and states' rights. The tenth amendment which reserves to the states those powers now explicitly given to the Federal government is the cause of the vague relationship between the two levels of government. Since education is not mentioned in the Constitution, responsibility for it has always been a state function. In this cloudy atmosphere, it's hard to pick out the principles on which the pro and con factions of federal aid fight their battle. Pro says that the children are children of the nation and that every American child should have an equal opportunity to an education. Con says the children should be provided for by the state.

Pro says okay but the states haven't done this. There's been a classroom shortage for years and the states haven't acted. Con says you can't even prove the extent of the classroom shortage and you certainly can't prove the

states are incapable of dealing with one of it exists. Pro says the Federal government can treat all the states fairly and build equal facilities throughout the nation. Con says you'll take from the rich and give to the poor and, in the process, much of the money will be spent on real tape and administration. Besides, if the Federal government would leave the money at home, we'd build the schools.

In between these arguments, issues such as segregation and religion enter into the picture. I can't believe there isn't a way out of this dilemma. If we would deal with the question on purely economic terms and shelve our emotions, we would get further. The starting point, I suggest, is the broader question of inter-governmental relations and the whole tax structure within each state and at the Federal level. Let's take an unemotional, intelligent look at those questions and then, after needed revisions, build our schools, our highways, our hospitals and all our other necessities on a sound structure rather than on a makeshift basis.
