## Three Way School Board Gets Audit And Report of 265 Students Enrolled

THREE WAY (SpL) — The Three Way School Board met in regular session Tuesday night, Sept. 30, and heard the audit report of the Three Way School for the 1957-58 school year. This report was prepared by the auditing firm of Williams and Morrison, certified public accountants of Muleshoe. The school funds were checked against school records and verified by records from the First State Bank at Morton. The auditors found that all records in all funds — which include the lunchroom, athletic, tax collections, and all money received from state or any other sources — checked exactly with school and bank records and that all disbursements and receipts were proper.

The following suggestions were made to the board:

1. To change over to the new bookkeeping setup that the state is recommending that all schools begin this year.
2. That the bond of the tax assessor be raised to twice the amount of any money that would be on hand at any time. The largest deposit made this last year at one time was slightly more than \$5,000. In that case the bond would have to be more than \$12,000. The board voted to raise the bond to \$15,000.

The state requires that an annual audit be made each year of all school district funds.

Anyone who wishes to check any of these reports may find one on file in the school office. Each school board member also has a copy. One copy of the report must be sent to the Texas Education Agency.

Other school business transacted:

Approved vouchers for approximately \$9,800. Of this, \$9,900, about \$5,500 was for salaries of school personnel, \$2,137.50 for interest on bonds, \$800 for transportation.

## REA Approves Loan to Lubbock Phone Cooperative

Senator Ralph Yarborough of Texas announced in a telegram this week to the Morton Tribune that the REA has approved a loan of \$28,000 to South Plains Telephone Co-op at Lubbock.

The telegram goes on to say that this is to enable the cooperative to build two new dial exchanges which will provide dial service for 270 subscribers, and various other system improvements.

## Newcomer's Will Be Honored at Saturday, Coffee

Mrs. A. A. Fralin's home Saturday will be the scene of the annual Town and Country Study Club coffee honoring newcomers to Cochran County.

The coffee will be from 9:30 a. m. to 11:30 a. m. Mrs. Keith Kennedy is president of the study club.

## Local Agricultural Teacher Points Out Changes in Educational Trends

By C. D. Knott  
Teacher of Vocational Agriculture  
Morton High School

(This is the first in a series of articles in which Mr. Knott will discuss the importance of agriculture in our educational system and our society.)

Thirty years ago a most remarkable model "A" automobile was made in Detroit. It captivated the American people. This automobile was a tough, long-legged car, possessing many virtues and a few of the vices of the model "T" it replaced. The simple mechanism of the model "A" made it possible for any shoestring mechanic to repair it with only a knuckle-busting wrench, a pair of pliers, and an adequate supply of baling wire. The simplicity and economy of operation caused it to be sold by the mil-

## Local Soldier Is Enroute to Taiwan

ABOARD THE USNS BRECKENRIDGE (AHTNC) — Army Pvt. Artie R. Lindsey, Jr., 23, of Morton, Tex., is enroute to Taiwan aboard the USNS Breckenridge with the 2nd Missile Battalion of the 71st Artillery, the first Nike-HERCULES unit assigned to service in the Far East.

Prior to its overseas shipment the 2nd Battalion was stationed at Fort Bliss.

Lindsey, whose parents live in Morton, entered the Army last March and completed basic training at Fort Carson, Colo.

He is a 1953 graduate of Morton High School.

## District Governor To Speak to Lions at Whiteface

WHITEFACE (SpL) — District 27 Lions International Governor, Wayne D. Richardson of Lubbock, a member of the Wolfarth Lions Club, will make his official yearly visit to the Whiteface Lions Club when the group meets in its regular weekly meeting Monday night.

M. L. Collins, program chairman, will introduce Lion Richardson. He will speak to the club members and guests on progress of Lionism.

James Carroll is president of the Whiteface Lions.

## 'Biggest Showing Ever,' for Olds, Hawkins Says

"I believe we had the biggest showing ever," was the way H. S. Hawkins described the showing of the 1959 Oldsmobile Friday at Hawkins Oldsmobile Company, Morton.

Coffee, doughnuts, and cookies awaited visitors and lookers, and they consumed them.

On display were two '59 Olds, a Holiday Sport Sedan and a Holiday Scenic Coupe.

Something new this year, too, was the appearance on each auto of the manufacturer's suggested retail price. A complete list of models' prices, along with the cost of extras, also was posted for the public.

Other models include the convertible coupe, the 4-door, and Fiesta station wagons.

In case you missed the big showing Friday, the company extends a cordial invitation to drop by anytime and view the "all new" Olds for '59.

## Home Demonstration Agent

By LEILA PETTY  
NATIONAL FIRE PREVENTION WEEK, OCTOBER 5 - 11

Fire prevention is the best defense against fire. By not giving fire a place to start, reports the Texas Farm and Ranch Safety Council, the nation's annual farm fire losses of about \$150 million can be cut in half.

The Council points out three general safeguards against fire, which if practiced by all farm families, could cut farm fire losses in half.

First, they say, use foresight and care to avoid all needless fire hazards in building, equipping, maintaining and using farm property.

Secondly, they warn that farm families should be prepared to fight a fire as soon as it is discovered. Prior training for all members of the family in the use of safe and effective fire fighting equipment is suggested by the council.

Fire extinguishers should be checked regularly and kept in readiness wherever needed — in and near the home and other buildings, and on trucks and tractors.

Thirdly, they suggest organizing to provide community fire protection with trained men and equipment sufficient to put out or control large fires.

Finally, the state safety group advises all farm families to do some hazard hunting in their homes and on their farms. Since approximately one-third of all farm fires start from defects in heating and cooking systems, they suggest that all flues, chimneys, spark arrestors, and cooking equipment be checked last.

Then check for inadequate, defective and misused electrical wiring systems or appliances. Give the fuel storage facilities a close check and make sure the storage area is neat and arranged for fire safety.

— O O O —  
**4-H WINNER**  
Beverly Arnold, member of the F.O.R. 4-H Club, won second place on the Devil's Food cake entered in the Youth Division at the Pandle South Plains Fair. She won a third on a copper picture entered in the craft division. She had lots of competition in each division.

— O O O —  
**HD ACHIEVEMENT DAY**  
Home Demonstration Clubs in the County will have their annual Achievement meeting on Tuesday, October 14, in the Banquet Room of the County Activity Building.

Each Home Demonstration Club will have an exhibit, and in addition members will show canned fruits, vegetables, pickles, relishes, jellies and preserves. The latter will be judged. All exhibits should be in place by 11:00 o'clock.

At 11:00 a. m. a movie on safety will be shown. A covered dish luncheon will be served at noon, with the regular Council meeting held immediately following the luncheon. Part of the business will be the election of the 1958 Council officers.

The exhibits will be open to the public at 2:15.

## Thursday's Rain Totals .18 Inches in Morton

Another 18 inches of rain was recorded by the Soil Conservation office rain gauge in Morton Thursday, running the week's total to over three inches, but the sun came out strong Friday and crews were back at work in the fields.

The official rain total, including the Thursday before, and the past Thursday, was 3.37 inches in Morton and considerably more in many sectors of the county.

## Prevailing Wage Estimated at \$1.75; Official Figure Is 'On the Way'

L. F. Russell, local manager of the Frontier Farm Labor Association, said Friday he had contacted the Texas Employment Commission office Thursday afternoon in regards to a check of the prevailing wage rate, and was informed the TEC telegrams had been sent out.

The TEC makes spot checks in counties and reports their findings to the Labor Department, which in turn notifies by telegram various agencies in a given county: such as the county officials, the county agent, the Post Office, and the newspapers.

These telegrams are posted in the Activities Building, the Court House, and the Post Office as they are received, but as of late Friday none of the above agencies had received the telegrams.

Russell said he had no definite information, but unofficially, he thought the prevailing wage for cotton pickers was going to be found to be \$1.75 per hundred. He had been asked by several farmers what the latest prevailing wage results were here.

## Ladies of WMC To Serve Lunch Buffet Style Sun.

Ladies of the WMC of the Assembly of God Church in Morton this week reminded Mortonites and visitors who will be in town Sunday noon, they will serve buffet style lunch at the County Activities Building from 12 noon until 2 p. m.

The activity is another in a long series sponsored by the ladies of the church to help in construction of their newly dedicated new church building.

Everyone is invited, and the ladies assure folks they have plenty of food at \$1.25 per plate. — with the plate consisting of the customer's own selections. They urge everyone who wishes to take "seconds," if they desire.

Meats, vegetables, salads, pies, cakes, coffee, and tea are some selections promised.

## Admitted To Scottish Rite Hospital at Dallas

Tommy Yates Trussell, 11-year-old son of Mr. and Mrs. J. H. Trussell of Morton, was admitted on Friday, September 26, to the Scottish Rite Hospital for Crippled Children in Dallas.

Texas Scottish Rite Masons founded the hospital thirty-four years ago in an effort to provide a chance at normal life for the handicapped child. The hospital, which has accepted more than 100,000 children for treatment since 1925, is supported by public contributions and bequests.

An exceptional staff, plus unique physical facilities and dedication to the welfare of the child, make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

## Special Hours Announced for Local Optometrist

Dr. Elwyn E. Crume, local optometrist, announced this week that his offices will be closed Wednesday, October 15 and 22.

In making the announcement, Dr. Crume said that his offices would be open Saturdays, October 4, 11, and November 1, from 3 p. m. to 6 p. m.

Dr. Crume's regular hours are Wednesdays, 10 a. m. to 6 p. m. His offices are now located at the rear of the Ideal Gift Shop on the northwest corner of the square, Morton. Entrance is on the south of the building, formerly occupied by Ramby Drug Store.

## COCHRAN COUNTY GARDEN CLUB ANNOUNCES RULES OF ANNUAL SHOW SET FOR MORTON, OCT. 11

"Jewels of Yesterday, Today & Tomorrow" is the theme of the coming Cochran County Garden Club Flower Show, October 11, at the Cochran County Activities Building.

The show this year is under the Chairmanship of Mrs. Roy Hill and, as usual, is open to the public, both from the standpoint of exhibiting flowers and arrangements and of witnessing the show.

The show will be open from 1 p. m. to 8 p. m. and there will be no admission charge.

Chairmen for the various committees for the show are: Co-Chairmen for the show with Mrs. Hill, Mrs. T. M. Tanner and Mrs. Fred Young.

Scheduling, Mrs. Roy Gunnele. Properties and Staging, Mrs. Bobby Travis.

Entries, Mrs. Murry Crone. Classification, Miss Lonora Jackson.

Chairman of Judges, Mrs. Tommy Cochran.

Hospitality, Miss Leila Petty. Publicity, Mrs. T. D. Marshall. Educational Displays, Mrs. Bobby Travis.

Commercial Displays, Mrs. T. M. Tanner.

Highlights of the rules of this year's show are:

Entries are to be received from 8 to 10:30 a. m. on Saturday, Oct. 11. Those brought in later will be shown but cannot compete for the prizes.

Judging will be from 11 through 12:30 and removal time will be from 8:00 p. m. through 9:30 p. m. Anyone interested can enter the exhibits.

Garden Club members are urged to enter at least one exhibit in Arrangements and Horticulture.

Each person is limited to one entry in each class.

Entries must be correctly labeled when brought in.

Show will be judged by scale of points in National Council Handbook.

The decision of the judges is final.

Specimen flowers must be shown in Coke bottles, except heavy blossomed one as Dahlias or Zinnias may be shown in pint milk bottles.

Containers are to be furnished by exhibitors.

Foliage should be left on stems above the water line.

An accessory includes such items as special backgrounds, fabrics, figurines, books, lids of containers or additional plant material. If figure is joined to container it is still considered an accessory.

Base or fabric on which container stands is considered part of arrangement.

The Garden Club is not responsible for exhibits.

Ribbons will be given for first, second and third place, and an award for the most blue ribbons.

The Divisions of the Show are as follows:

Class I — Arrangements of Yesterday; Class II — Dutch Colonial; Class III — Federal; Class IV — Georgian; Class V — Victorian; Class VI — Arrangements of Today; Class VII — Line Touch of Spring; Class VIII — Repeating the design of Summer Simplicity; Class IX — Mass Line Fall Holidays; Class X — Mass Line Winter Loveliness; Class XI — Arrangements of Tomorrow; Class XII — Looking to the Future; Class XIII — Flying Missiles; Class XIV — Excitement of Tomorrow; Class XV — Desolation and Despair.

Materials — Fresh, dry or combination permitted in every class.

Horticultural Classes — Cut flowers, houseplants, specimen plants, foliage of trees and shrubs, borders of fruited trees and shrubs, Arctostaphylos (sandalwood), Arctostaphylos, Aster, Callendula, Carnations, Centaurea (bachelor buttons), Chrysanthemums, Dahlias, Gladioli, Salvia, Nasturtium, Petunias, Roses, Zinnias, Bells of Ireland, Gaillardia, Colosa Cannas, Marigolds, and Phlox.

## Indians Came from Behind to Catch 'em; Then Lost 30 to 16 Verdict to Idalou Wildcats on Local Field Friday

The Morton Indians thrilled the home folks for about 8 minutes of the game Friday night, midway in the 3rd period and early in the 4th stanza by coming from behind a 14 to 0 deficit to take a 16 to 14 lead over the Idalou Wildcats, but the man-shy Indians "wore out" after three periods of play and knuckled under to the Idalou eleven, 30 to 16.

So weary were the Indians, they couldn't even pile up plus yardage in the 4th period, and they missed a glorious opportunity to ice the issue early in the 4th quarter when Ed J. R. Wilson blocked an Idalou punt and Morton took over on the 13 yard line — but instead of

being the incentive to go on to a victory, this actually proved the Indians undoing. They drew a 15 yard penalty on the first play and on the next one, tried to strike again thru the air, rather than play it safe, Jackie Brown's pass backfired, but only pass interception of the night, and a fleet footed halfback, Billy Swan grabbed it and raced from the 18 yard line to the Morton 3 — 79 yards — before Gary Willingham caught him from behind. Two plays later Idalou had the clincher touchdown and from there on things went from bad to worse. Morton was pushed back across their goal line for their third safety of the year, and after the free kick, the Idalou eleven scored yet another touchdown to complete the rout.

Actually Morton could do little with the Idalou line all night long. The Cats rolled for 210 yards on the ground and Morton piled up only 86. The Indians managed just 5 first downs to 13 for Idalou.

Morton's two scoring plays came on a 68 yd pass and run from Jackie Brown to Perry Don Seaney, with only a little over a minute to play in the first half, and on a 35 yard burst through the Cat line by Butch Nairn in the 3rd quarter.

Idalou scored nearly every yard you could — a short pass, a sweep around end, a sustained drive down the middle, a safety, and capitalizing on a pass interception.

Freak plays prevailed in the game causing considerable excitement, and a lot of confusing. And a group of officials who seemed to be working together for the first time were as confused as anyone on the field. A total of 115 yards in penalties hurt Idalou, and may have kept them from scoring more, but none of the penalties set up a Morton score. Morton, with only 35 yards in penalties, saw one give the visitors a safety, and the other set up an Idalou touchdown.

One of the prettiest runs of the night, a 58 yard sweep for Idalou, was nullified by a penalty, costing Idalou a touchdown. But on the next play Nairn stole the ball from

the opposing goal line — but the man had been stooped as the ball was jerked into Nairn's arms, and Idalou retained possession. On two successive plays Idalou was penalized for knocking down a Morton punter.

Other obvious conflicting calls by the officials kept the fans in doubt, but in the end probably hurt the Indians little — they just ran out of gas — something you might expect from the small band of about 15 boys trying to play the full game.

Max Hawthorne and Eugene Flenor played outstanding ball for the Indians in the line and yowman duty was turned in by several men in the Cat line, paced by George Sell and Bruce Graves. The Cats had number of outstanding backfield stars including fullback Tommy Robertson who scored two of the touchdowns and ran one extra point try; quarterback Dan Wilbanks, halfbacks Chris and Dwain DeBask, Billy Swan, and Joe Wilbanks. Eight of the men the Cats counted on heavily were sophomores and Coach Olin Reddell should have a fine team for the next two years.

Local girls interested in entering the contest, which is the first step toward the National Maid of Cotton Contest, may enter through the L'Allegro Study Club here.

The local club is cooperating with the Lubbock Chamber of Commerce in promoting entries.

Details of the contest may be secured from Mrs. Truman Doss, Mrs. Van Greene or Mrs. H. B. Barker.

## New Art Class Is Proposed

Since Christmas is approaching, and many persons are thinking of gifts, Jess Shelton, local artist has proposed the question, would an artistic gift be something that a number of local folks would like to be remembered by?

Noting that a goodly number of local folks have dabbled in painting and artwork for some time, he announced that those interested in enrolling in an art class should contact Melba, at Melba's Flowers, on the north side of the square for information.

Mr. Shelton went on to explain, "should a satisfactory number be interested, Will Kendrick of Ft. Worth will be engaged to conduct a class here."

Mr. Kendrick, who conducted a class in Morton once before, has sold better than 2,000 of his paintings in Waco and has many years of experience.

It is thought possibly three classes could be arranged, one in the morning, one in the afternoon, and one at night, to afford all interested, a chance to enroll.

## Monday Is Dollar Day in Morton

Monday is Dollar Day in Morton.

The Morton Parents-Teachers Association presented Superintendent John Barnes of the Morton Independent School district a check for \$412.90 at its first meeting of the season Tuesday night.

The money is to be employed by the school toward the construction of sidewalks from the Elementary building to the school cafeteria.

Neal Rose, PTA president, said the turn-out Tuesday night was "very good." Dues were paid by 93 persons at the meeting. Annual dues are 50 cents per member.

Tuesday's meeting was termed "Meet Your Teacher" night, and more than 100 persons turned out.

## Ministers to Meet Next Tuesday

The ministers who are pastors in the Morton area are to meet in their regular meeting at the First Methodist Church next Tuesday morning at 10 o'clock. Rev. H. T. Clarke, pastor of the First Assembly of God Church in Morton, is chairman of the group and will preside over the meeting.

All ministers of this area are urged to be present.

## Assigned to Duty in Korean Area

I CORPS, KOREA (AHTNC) — Army Pvt. Burnie W. Mills, whose wife, Elmata, lives in Morton, recently was assigned to the I Corps' 76th Artillery in Korea.

Mills, a surveyor in the artillery's Headquarters Battery, entered the Army in March 1958 and received basic training at Fort Sill, Okla. He arrived in the Far East last August.

The 23-year-old soldier, son of Mr. and Mrs. John C. Mills, Star Route 2, was a farmer in civilian life.

The money is to be employed by the school toward the construction of sidewalks from the Elementary building to the school cafeteria.

## Cemetery Gets \$537 Gift From W. R. Bennett Will

The Morton Memorial Cemetery has received a gift of \$537.10 from the estate of the late W. R. Bennett of Walters, Okla., Mrs. Lem Chesher, treasurer and member of the Morton Cemetery Association board announced this week.

Mrs. Chesher said the money came from Mr. Bennett's estate at Temple, Okla.

Correspondence in connection with the settlement of the estate has been carried on by Mrs. Chesher for the past year.

Mr. Bennett, a former resident here, made known his desire to leave the cemetery the money in his will.

Members of the associations board are S. M. Monroe, president; Mrs. Chesher, treasurer and secretary; Mrs. Gene Benham, Alton Burleson and Bill Glassford.

Agriculture —

(Continued from page 1) percent of the population. It has been predicted that in the very near

future only 5 percent of the population will be required to produce the food and fiber needed by the remaining population.

2. Industrial Changes. The nations of the world are highly industrialized and are becoming more so. Industry will continue to attract large numbers of rural youth and adults. Of the nation's 5 million farmers, over 1 million have annual incomes of less than \$1,000. These people cannot and will not stay on farms. Politically, we have abandoned the idea of helping them remain "down on the farm." Educationally we can assist them to make the transition from rural to urban living.

3. Changes in Farm Sizes. The number of large size farms and small size farms in the United States is increasing. Because of various economic reasons it has become necessary for full time farmers to increase the size of their farms in order to have an economic farming unit. Too, because of the increasing number of part-time farmers, the number of small size farms have increased. This number will no doubt increase more as we become more highly industrialized. Many people employed in industry maintain a small part-time farming operation in order to supplement their income and to maintain a rural-urban type of living.

4. Production Changes. Automation is just around the corner for agriculture. Mechanization has enabled agriculture to crowd 200 years of progress into the last ten years. Such progress has resulted in an increased amount of leisure time for rural people. We have not yet learned to use this leisure time wisely. For example, we have literally hundreds of thousands of teen-agers on farms and in cities with nothing to gainfully occupy their time.

5. Changes in Behavior of Our Youth. As a result of many socio-economic changes, we have a distressed and confused generation of youth. J. Edgar Hoover states that "Teen-age crime is the most pressing problem in America today." According to E. V. Walton, head of the Department of Agricultural Education at Texas A & M, juvenile delinquency increased 36 percent in 1936 in the United States. Rural and small town juvenile delinquency increased 58 percent during the same period. Rural youth may not be as "mean" as their city cousins but the frequency of rural delinquency is almost twice that of city delinquency. Such an increase in delinquency among rural youth is probably due to their mobility, i.e. the ease with which they can get from one place to another. Too, they read and are influenced by newspapers, television, & radios. If an epidemic of vandalism occurs in Chicago on Saturday, it can, because of modern communication media, become common talk in Texas or Georgia by Monday.

This quick look around the corner of tomorrow calls for a bold new look at our educational program in vocational agriculture and an examination of the ways in which the program has kept pace with the agricultural changes that have occurred. We also should look at the program and examine the means by which the program proposes to cope with conditions that are expected to arise in the future.

Next week Mr. Knott will discuss "Vocational Agriculture and Scientific Farming."

## COUNTY AGENT

By HOMER THOMPSON  
STATE EXPER. STATION  
TOUR AND FIELD DAY  
Every farmer should take off on Wednesday, October 8, and visit the Sub Station (No. 8), Experiment Station, Lubbock.

This station leases land in several adjoining counties and does demonstration and research work in many phases of crop production, cultivation, harvesting, marketing and plant breeding.  
Information and results of this station's work done on leased farms will be made available to you. Besides you can see and hear what is being done at that Station, if you take time to go, next Wednesday. Up to date information on cotton varieties, grain sorghum varieties, and other crops can be yours if you attend. There will be a tour of the crops from 9:00 a.m. to 11:15 a.m., so come any time during this period and make the tour. Following the tour, there will be luncheon on the grounds. In the afternoon the specialists will discuss their phases of work with the group of farmers attending. Here, you will get a chance to ask what particular questions you may have, and to get a first hand answer. Mark this date and plan to be there.

**WILDLIFE IN THE COUNTY**  
There is a great deal that can be done for quail and other wildlife in Cochran County. The farmer or rancher who wishes to establish game birds on his land, can do so, and get government help (financial aid) in so doing. This can be done on your soil bank acres. Why not put in for one of the Wildlife Conservation plans. Not only would you reinstate the native game birds, but you would create a source of income too. There are several wildlife programs in the soil bank for which you can get government aid. Any kind of wildlife from deer to fish is covered in one of these

by taking a few hours off once in awhile to hunt, and will add spice to your dinner table, too.

Wildlife is big business in Texas, and few farmers have good hunting or fishing leases. There is extra money for you in selling leases. Your County ASC office is the place to find out just what to do and how to go about it.

programs.
