Temple Kern Elected Chairman of Cochran County's 4-H Council

Temple Kern, member of the Whiteface 7th and 8th Grade 4-H Club was elected Chairman of the Cochran County 4-H Council at the organization meeting Saturday morning.

The meeting was held in the Junior Room of the County Activity Building. Other officers elected to serve with Temple were Pam Reynolds, vice chairman; and Lyne Freeland, Secretary. Larry Hays was elected reporter.

All 4-H club presidents and elected delegates are members of the council. These include Temple Kern, Lyne Freeland, Mickey McKissack, Sandra Freeman, Whiteface 7th and 8th Grade Club, Mike McMillan, Stephen Mav, Katy Mitchell, Lynda Sims, Whiteface 5th and 6th Grade Club; Lester Dupler, Gary McDaniel, Lois Courtney, Lynne Freeland, Morton Junior High 4-H Club.

James Webb, Mickey Hovl, Julia Chavez, Linda Buchanan, Bledsoe; Norman Houghton, Douglas Miller, Mary Kate Miller, Pam Reynolds, Morton 6th Grade; Eddie Holloway, Kenny Coats, J. Taun Lewallen, Melinda Evans, Morton 5th Grade; Earl Cox and Lester Dupler, County Wide 4-H Club.

The 4-H Council will plan special activities for the clubs of the county. This immediate project is planning the 4-H Achievement program to be held in December. A committee composed of the Council officers and Earl Cox, Lois Courtney and Mickey McKissack were organized on the planning committee. The committee will meet at 9:30 Saturday morning, November 22, in the Extension Agents' offices.

Present at Saturday's meeting were Sibyl Tilley, Linda Hatter, Katy Mitchell, Patsy Perry, Mary Kay Miller, Pam Reynolds, Charles Hobson, Mike McMillan, Temple Kern, Eddie Holloway, Norman Houghton, Mrs. George Mitchell, Mr. and Mrs. Gordon Houghton, and Miss Lella Perry and Homer Thompson, County Extension Agents.

FARM-CITY WEEK PARTICIPANTS

Texas farmers and ranchers will be saluted November 21-27 during the observance of National Farm-City Week. Pictured are W. G. Hall, left, president of banks at Alvin, Dickinson, and League City, Texas; and Waters S. Davis, Jr., treasurer and former president of the National Association of Soil Conservation Districts. Hall, whose banks have helped to develop the agricultural economy of the Texas Gulf Coast, will be the principal speaker November 21 at a Farm-City Week kickoff luncheon. Davis, whose home and NASCD headquarters are at League City, will be cited at the meeting as the "Gulf Coast Agriculturist of the Year." The program will be held at the Houston Produce Terminal and is sponsored by the Agriculture Committee of the Houston Chamber of Commerce.

Altar Society Pushes Sale of Cards With Religious Theme, for Christmas

Members of St. Ann's Altar Society held their regular monthly meeting, Wednesday, Nov. 12th, at St. Ann's Catholic Church.

The meeting was called to order by the president, Mrs. J. C. Poppelz. Mrs. Ray Lewis, treasurer, reported on the club's financial status. The rummage sale, bake sale, and the sale of home made tamales held recently, although small, were successful. Mrs. Poppelz stated that all the clothes not sold at the rummage sale were added to the church clothing supply.

Reports turned in also indicated that one of the club's annual fund raising projects, the sale of Christmas cards, was progressing satisfactorily. The group is placing special emphasis on the sale of cards with a Scripture text or a religious theme as their small contribution to combat the commercializing of Christmas, and of putting Christ back into Christmas.

Four new surprises were recently completed for the altar boys. Material was donated by Mesdames Joe Beseda, Leonard Coleman, Albert Grusendorf and L. M. Ruzicka.

The need for additional ladies to attend the 30-week course on "Christian Doctrine for Fraternity Teachers" was also discussed. The course is being conducted at Levingland, every Monday. At present there are five lay teachers assisting.

The meeting was concluded by Mrs. Albert Grusendorf leading group in prayer.

SON FOR W. T. HALLS

Mr. and Mrs. W. T. Hall, Flat, Texas, announce the birth of a son, Menton Ross, on Nov. 14, in Carlisbad, N. M. The lad weighed in at 10 1/2 lbs.

The Halls are former residents of Morton where Mrs. Hall, nee Sygale Bratton, was employed in the Tax Office and was employed with Collinsing Co.

Mr. and Mrs. S. E. Bratton, Star Route 2, Morton, are maternal grandparents. Mr. and Mrs. J. T. Hall of Whiteface are paternal grandparents.

REPORTED SERIOUSLY ILL

Mrs. Oscar Coats' sister, Mrs. Pearl Gordon, is seriously ill at the Reese Air Force Hospital in Lubbock.

ATTENDED MEETING

Mrs. Otha Denny was in Spring on a recent Monday attending a State Meeting of Teachers - Collectors.

AGRICULTURAL RESEARCH

Farming and ranching have become more complex with each passing year.

Dr. R. D. Lewis, Director of Agricultural Experiment Stations of Texas, says that permanent advances in Texas agriculture have resulted in scientific research of the past.

Research has different meaning to different groups of our people. To the city dweller it may bring to mind atomic energy, miracle drugs, vitamins or television.

But to the farmer or rancher, research means corn and grain sorghum hybrids, better control of insects, diseases, parasites and weeds, more productive soils, more efficient tools and working methods on the farm, ranch, and in the home. Farm animals grow faster and use feed more efficiently; cows that produce more milk; greater knowledge of farm investments and management problems; and more efficient ways of planting, handling, harvesting, storing, processing, and marketing agricultural products.

To the country as a whole, including both city dweller and farmer, research has meant an abundance of cheaper and better food, feed and fibre. Research is an investment. It does not cost; it pays for itself and more.

— O —

HEAD SMUT IN SORGHUM

Head smut in grain sorghum has become increasingly severe with some varieties especially in the coastal bend area. It is gaining considerable apprehension in most of the Plains area. Head smut is easily distinguished from other smut, because it transforms the entire head into a black powdery mass of smut spores — whereas smut is limited to the individual kernels of the head. The grain sorghum varieties susceptible to head smut are RS 610; Combine 7078; Texoica 54; Martin and Combine Shalla.

The varieties least susceptible to head smut are: Combine white fet-

1,000 Attended 2-County Mission School Last Week

Some 1,000 persons were in attendance at the simultaneous school of missions conducted last week in the Baptist Churches of Hockley and Cochran Counties, Rev. Houston Walker, pastor of the First Baptist Church, Morton, announced this week.

Rev. Walker said that the missionaries were "well received in all the churches."

He continued by saying renewed interest in missions was evident after members heard the missionaries speak.

A study of missionary work in Southeast Asia, based on some new books on mission work in that field, created advanced interest in missionary work in that part of the world.

COTTON TRAILERS

on PLAINSMAN CHASSIS

- FIFTH WHEEL and AUTO-STEER CHASSIS
- 14-inch AIRPLANE TIRES and WHEELS or 15-inch WHEELS and TIRES
- 12,000-pound CAPACITY
- BEDS of Good, Tough Yellow Pine, Bolted Slats, 2-inch Floors, and Painted

<p>FIFTH WHEEL</p> <ul style="list-style-type: none"> — New high speed, L36 series Timken bearings. — Heavy frame fully boxed to assure added strength. — Heavy channel A-frame tongue with long extension to permit shorter turning. Attached to axle at load center to assure even pull with straight line tracking. — Lower bed height lowers center of gravity and carries loads closer to ground. 	<p>AUTO-STEER</p> <ul style="list-style-type: none"> — Husky 6-inch fully boxed axles and 1 1/2-inch spindles give it more than adequate strength to withstand the most rugged operation. — New engineering design to steering mechanism, with special king pin inclination and caster characteristics for straighter trailing. — Turns on better than 60-degree radius. — Extra long tongue permits shorter turns with maximum bed overhang. — Heavy 6-inch runner mounting pads prevent chafing of wood runners.

X-15 Space Craft To Carry Self-Contained Atmosphere

Washington, D. C.—The U. S. Air Force and the National Aeronautics and Space Administration have announced that when the high-powered X-15 space craft rockets into areas beyond earth's atmosphere, it will carry its own atmosphere in the form of liquid nitrogen in a significantly advanced pressurization and air conditioning system for the pilot and vital equipment.

Produced by The Garrett Corporation's AIRResearch Manufacturing Division, Los Angeles, the nitrogen system is a radical departure from normal pressurization and cooling procedures pioneered by AIRResearch which utilize outside air surrounding an aircraft.

The change in systems became necessary because the relatively dense air of ordinary altitudes is non-existent in the environment above the atmosphere. A self-contained element must take over the jobs formerly done by pressurized air.

Liquid nitrogen, contained at approximately -300° F., will take over on the X-15. It will be used in vital areas to maintain adequate environmental pressure and to act as a cooling deterrent to excessive temperatures.

Among the reasons for use of liquid nitrogen in the AIRResearch system, in addition to its refrigerant qualities, are its lack of fire or explosive characteristics, and the relative ease of maintaining it in a liquid state (doesn't easily vaporize).

Applications include pressurizing and ventilating the cockpit and the pilot's flight suit inside of which he breathes pure oxygen; cooling and pressurizing electronic equipment

and inserting its environmental atmosphere, cooling the plane's nose cone and operating pneumatic equipment. Through this finely integrated system the nitrogen will be applied as a liquid and as a spray, as well as being converted to gaseous state to meet the separate requirements of this variety of functions.

Because of excessive acceleration loads likely to be imposed by the X-15 or possible changes of the plane's attitude, it was necessary to apply a positive method of expulsion for the nitrogen, assuring a constant flow to needed areas.

Pressurized helium gas is used to expell the nitrogen. The helium is contained in a spherical chamber at 4,000 lbs. per square inch pressure. Before being applied to its task, the gas flows through a regulator and is reduced to an operating pressure of 70 lbs. per square inch.

AIRResearch's part in pressurizing and cooling this history-making aircraft follows a pattern inaugurated 20 years ago when the company led the aircraft industry in the development of pressurization and, subsequently, refrigeration equipment for high altitude, high speed flight.

Modern Aids to Better Health

by George Friedman M.D.

Why Your Children Need Vitamins

New York — Parents often wonder whether vitamin supplements for their children are really necessary. In my opinion, the answer is definitely "yes." Many children do not like the taste of most leafy green vegetables, yellow vegetables, or fish. Others refuse to eat eggs, cheese or dried fruit. Still others do not eat enough to supply the needs of an active, growing body.

Where then can the growing child obtain these essential elements that are necessary for healthy bone and tissue growth? The answer is in his daily dose of vitamins. Vitamins are needed by the body to regulate the use of starches, fats and proteins and help convert them into sound tissue and energy. Minerals, such as those found in meat, poultry, fish and dairy products form the essential elements of bony structure, cell constituents and act as regulators of the acid-alkaline balance of the body.

Diet Not Enough Too often, even if all the necessary foods are available, the vitamin-mineral content of them may be lost or altered by over-cooking, faulty methods of preparation and storage. Good health is largely dependent upon what we eat. While it is true that diseases caused by severe vitamin deficiency such as scurvy, beriberi, or rickets are comparatively rare in our country today, the symptoms of low-grade or early vitamin deficiency are not infrequent.

A daily dose of vitamins is one good way to make sure that your entire family, especially the youngsters, are fully protected.

Most infants, those ranging in age from birth to two years, have no difficulty taking the drops or liquids prescribed by their pediatrician. It is only when the youngster gets a little older, say about 2, and begins to make his objections loud and strenuous that the administration of his daily vitamin dose becomes a problem. And it remains a problem until he is 5 or 6 and is able to swallow tablets without choking.

New Vitamin Formula For that reason many mothers may be interested in a brand new vitamin-mineral supplement developed by White Laboratories, in Kenilworth, New Jersey. Research scientists there spent two years perfecting a new formula that has completely eliminated the vitamin flavor and bitter after-taste of so many sugar-coated vitamin preparations. They have combined 13 essential vitamins and 9 nutritive minerals into an attractive, good tasting, chocolate-like wafer-tablet that can be sold in drug stores under the trade name of Delectavites.

If your child is old enough to chew, he's ready for Delectavites. He won't resist taking his vitamins in this appetizing form. You won't have to bother any longer with liquids or drops that tend to spill and stain clothing and linen. In fact, your whole family will like this new vitamin preparation, particularly the older folks who may have trouble swallowing pills or capsules. It's a reliable and delicious way of supplying your body's daily needs for vitamins and minerals.

Contemporary Chairs in Colonial Deco.

THE AND "HRS." CHAIRS, a new variation on the "his and hers" theme, are focal points of this pleasant room setting in the Colonial Deco style. Well-styled designs by Shaw offer the same ease of comfort in both sizes, because the trimly-tailored seat cushions are made of urethane foam. The new, man-made foam provides excellent support with easy response to body pressure, and it can't tend to keep its neat shape. Contemporary feeling of these chairs, upholstered in aqua-green, complements the Early American atmosphere of this room, done in soft shades of blue and pale green. Bright brass accents of lamp and warm nutmeg tones of end table and bookcase provide an agreeable contrast.

Young Matrons Hear Safety Talk; New Traffic Law Revisions Sought

The Young Matrons Junior Study Club met in the home of Mrs. Bill Bridge, Thursday, Oct. 13th, at 8:00 p.m.

The president, Mrs. Lowell Webb called the meeting to order and asked for the roll call and the reading of the minutes by Mrs. Buddy Hanna, the secretary.

Since some of the members who resigned were officers, new ones had to be appointed by the president. Mrs. Billy Joe Gandy was named first vice-president and

**Wilma Copeland,
Howard Pollard
To Wed Nov. 26**

Mrs. and Mrs. Jack Copeland of Lingo, N. M., announce the engagement and approaching marriage of their daughter, Wilma Jean, to Lynn Howard Pollard, son of Mr. and Mrs. Carl Pollard of Slaton.

The wedding will take place on Wednesday, November 26th, at 8:00 p.m. (Central Standard Time), in the Lingo Baptist Church.

All friends and relatives of the couple are invited to attend.

Mrs. Roy Tarver, Jr., was given the second vice-president's post. Mrs. Jug Hill was appointed historian for the club.

The resignation of Mrs. Rosie Sauer was presented to the club.

The president then turned the meeting over to Mrs. Jerry Winder who had the program for the evening. Her topic was "Awareness of Safety Responsibilities." The Club was honored to have as their guest speaker, Sgt. Fred Marshall, Department of Public Safety. He gave a most interesting lecture on Traffic Safety telling the club that 40,000 people are killed in traffic accidents each year and that the Texas Drivers License law is weak, cumbersome and easy to evade. A complete revision of this law is essential.

He further says that studies have shown that youth who receive driver education in high school are no more than half as likely to have an accident. Unfortunately less than 30 percent of eligible high school students are now able to take advantage of an approved driver education program. Many people consider it too expensive, but it is far more expensive to do without.

More police manpower on Texas Rural Highways are needed. There should be a more practical speed law that is able to raise the limit on a given road (an ultra-modern highway) and reduce it again if there is an increase in accident experience. And, of course, improvements are being made, too. For instance, he says that radar has cut down on traffic accidents tremendously.

Improved as the situation is, however, the fact remains that far too many Texas motorists will be killed or injured tomorrow unless we act today. The Texas Legislature is so slow to saving lives on the streets and highways of Texas. Many times in the past, legislators have acted and lives have been saved ever since. Today, with the administrative departments at their highest efficiency in history, Texas stands to save a thousand more lives a year on its highways through the passage of needed legislation. So we ask the Texas Legislature to act again — to save a thousand lives a year — every year, from now on.

The president adjourned the meeting at the conclusion of Sgt. Marshall's speech and delicious refreshments were served to Mesdames Billy Joe Gandy, Buddy Hanna, Jug Hill, Sammie Leveritt, Baj Mayor, Kenneth McMaster, Steve Moore, Dexter Nebhut, Roy Tarver, Jr., Kenneth Watts, Jerry Winder, Lanell Webb and Bill Bridge.

TREND RALLS COMING
Mr. and Mrs. Charles McDermott of Morton attended the Ralls High School Homecoming last Friday at Ralls. Both are graduates of the Ralls High School. The highlight of the afternoon was a football game between Ralls and Crosbyton. An appetizer banquet was given that night.

**School Carnival
Netted Over \$800**

A net take of \$872.51 was reported by Supt. Archie Sims of Three Way School at the first of Halloween Carnival held there.

The money taken in at the gate, \$65.35, was used for decoration of the stage and building of the booths. Immediately after the carnival a coronation ceremony was held in an Oriental motif, highlighted by a mural, Joyce Beyer and J. L. Johnson, first grade candidates of the school, were crowned grade school king and queen and High School Royalty were James and Donna Shepherd, a brother and sister team representing the Senior class.

One of the largest crowds in the history of the school were present for the carnival. Each class or organization got all receipts that were taken in at their booth, Mr. Sims said.

ATTEND HOMECOMING

Mr. and Mrs. J. W. McDermott of Morton were in Crosbyton week before last attending the annual Crosbyton homecoming.

Indians Lose Final Grid Tilt to Lockney, 20 to 8; End Season With Two Victories, and Eight Defeats

The Morton Indians closed their 1958 football season on a sour note but with a rugged fight, Friday night as they were forced to go away from the 1958 table without a single taste of District 2AA victory.

Lockney's longhorns, using an stall drive, one breakaway run, & one from mid-air, broke the Indians' last to the Indians, 20 to 8, in a game that was tied up, 8 to 8, as late as 30 seconds to play in the third period.

Through the first quarter of the final game was scoreless, Morton was probably outplayed worse in that period than in any other. The Longhorns got five of their nine first downs in that opening canto and recovered three fumbles, two of their own making. Thus the Indians had several chances to hit their first score if they had just been able to cover one of those 3 fumbles. Gary Williamson had covered a Lockney fumble to cover a first Longhorn then Morton had been forced to kick, and the Long horns were stopped without a first down. Returning the kick, the Lockney booter got off a high one that ran through Williamson's arms on the Morton 25 and Lockney recovered on the 31 to set up their first

score. Twice in a row they fumbled for plus yardage of 5 yards, and on each occasion Lockney recovered. Morton was backed up to their own 2 yard line and the first play of the second period brought a touchdown to Jackie Wofford of Lockney. Bill Wofford and for the points and it was 8 to 0.

Morton had the ball twice more in the first half but wasn't able to make a drive. After failing to go over for the first time they had the ball in the second half, a 34 yard run by Seany was the only drive that went deep into Longhorn territory. In return the Indians made a 40 yard pass and gambled on a fourth down situation in mid field. Morton took over on its own 48 yard line and rolled to four straight first downs and a touchdown. Three complete passes from a spread formation were an integral part of the drive & it was Perry Don Seany who opened the drive with a 27 yard pass play resulted in the complete extra point. The kick. Brown got the ball and passed to the waiting arms of Gary Coffman and the score was tied, 8 to 8.

Morton had led only four times. Alvin Brown raced the Morton 21 yard line before Seany hit it high. Three plays brought a first down on the 20 and the Morton back into the open around left end and across the Morton defenders for what proved to be the winning touchdown. The kick. The other end for the PAT was no good. That also ended the third period.

In the fourth stanza, Brown went back to punt. A bad center bounced the ball into the hands of the Morton officials determined by the officials that the ball was out of play.

blocked, tackle Steve Handley picked up the ball and ran it 26 yards for the score. Again the try for the extra point was an attempted run, and it failed.

Morton led 20 to 8, but the scoring threat before the game concluded. They took over on their own 48 yard line and made the 100 yard drive. The 100 yard drive of the night added 5 complete passes for 45 yards. But as the Indians frontally tried to stop the drive, desperation also showed in the quality for delay of the game and Morton wasn't quite able to go all the way.

Brown completed 12 of 21 passes to close the season, for 110 yards, and the Indians gained on the ground.

'Heavy' Morgan Area Well Driller Dies at Leveland

M. L. (Heavy) Morgan, 67, of Leveland, died last Friday in the Veteran's Hospital at Dallas, following a long illness. It was reported this week.

Mr. Morgan, a water well contractor in this area for a number of years, retired in 1957, because of a heart condition.

SPENDING HOLIDAYS HERE

Mr. and Mrs. Fred Byas and sons, Ray and Terry, of Port Arthur, arrived Wednesday, to spend Thanksgiving with Mrs. W. W. Smith of Route 2. Mrs. Byas will be remembered as the former Sue Smith. Mr. Byas is a chemist employed by Texas Petroleum Company.

DOWNTOWN AGAIN

Mrs. H. G. Pollard, of Morton, who fell and broke her wrist last Thursday, was able to be up and downtown this week.

G. C. Keith Named County Chairman Of "Beef Week"

G. C. Keith of Whiteface has been named Cochran County chairman for the Texas Beef Council.

Dec. 1-7 has been designated as "Beef Week in Texas" by the Texas Beef Council. This will be the fifth consecutive year that the beef industry has celebrated this statewide event to focus public attention on the value and benefit of beef in Texans' daily diets.

Crate Snider of Ropesville has been named county chairman in Hockley County. John S. McMurry of Muleshoe is serving in Bailey County, and Gene Payne of Bronco is the chairman in Yoakum County.

FIFTH BEEF WEEK IN TEXAS—Governor Price Daniel, himself a rancher, proclaimed December 1-7 as Beef Week in Texas at his ranch in Liberty, Texas. Receiving the salute for the cattle industry which "has built for Texas an international fame as the world's foremost beef producing area" is Leo J. Welder, president of the Texas Beef Council, sponsor of the annual event.

Postmaster Urges Early Mailing of Christmas Items

With the first whispers of it being Christmas again, there always comes a notice from Postmaster Murry Croce urging good wrapping, correct postage, and early mailing of Christmas cards and boxes. But there's good reason for his early notice. By the time most folks begin to think of Christmas in earnest, Postmasters all over the country really need to have moved a large percent of Christmas mail — or they may not get it all moved in time.

Postmaster Croce said this week "Christmas may seem quite a way off, but nevertheless, we're starting our annual 'Mail Early For Christmas' campaign immediately, because there's every indication that the 1958 Christmas season will again set an all-time mailing record."

Right now is the time to plan your Christmas card and gift mailings. The first thing to do is to check your Christmas card list very carefully — make sure that each address, particularly on mail to larger cities, includes full name, street and number, city, zone, and state.

With a little advance planning, a lot of headaches can be avoided when the Christmas rush is on. It is suggested that you stock up now on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape, for use in securely packing and wrapping your Christmas gifts. Remember, also, that you can include your Christmas card or letter inside your gift package if you'll just add the appropriate First Class mail stamps to the postage for the package itself.

Be sure to use only First Class four cent, or seven cent Air Mail postage on your Christmas cards. All cards sent by First Class mail may include a personal handwritten message, whereas a signature only is authorized on cards that are mailed at the three cent, Third Class rate.

It is especially important to include your return address on every Christmas card envelope. Besides being socially correct, this is a big help to both you and your friends in keeping your mailing lists up-to-date.

Through the fine cooperation of the public during recent years, great progress has been made in getting the Christmas mails through on time. Many advance preparations are being made to handle the 1958 Christmas mail rush, with extra mail clerks, carriers, and expanded facilities all around.

Christmas cards and gifts for the most distant points should be mailed first, preferably well before December 10th, and those for nearby points should be mailed by December 15th, or at least a full week before Christmas.

Mr. and Mrs. D. S. Fowler attended the singing at Morton, Sunday.

Mr. and Mrs. Edd Autry and Mrs. Dove Turney visited in Leveland, Sunday evening, with their daughter and her sister, Mrs. Billy West.

Mr. and Mrs. John Vanlandingham visited Bro. and Mrs. Jim Green of Longview, then in the afternoon, attended a meeting in Sudan.

Mrs. Grace Vanlandingham visited her daughter and family of Lubbock, Mrs. James Beck.

Mr. and Mrs. Arthur Vanlandingham of Albuquerque, N. M., are the parents of a new son born November 10. The grandparents are Mr. and Mrs. John Vanlandingham.

Mr. and Mrs. H. J. Short of Heford spent Saturday night and Sunday with his parents, Mr. and Mrs. Marvin Short.

Mrs. Clara McGinnis is visiting her son and family Jeff McGinnis of Lubbock for a few weeks and is taking treatments from a doctor there.

Mr. and Mrs. John Angel, Sandra and Bruce, and Mr. and Mrs. Harold Lavton and girls visited their daughter and sister and family, Mrs. Curtis Wilson of Lubbock.

The Enoch's W.S.C. met Wednesday afternoon at 5 o'clock with Mrs. H. H. Snow as leader. Five ladies were present for the study on the West Indies.

HAPPENINGS OF INTEREST AROUND THE ENOCHS AREA-

By Mrs. JEROME D. CASH

HELLO SERVICES
Bro. Crissell of Portales, N. M., conducted both services at the Enoch's Baptist Church, Sunday.

ON SICK LIST
Those who know about being sick in the community this week are Mr. and Mrs. C. C. Snitker, Mrs. For-

bes, Linda Welch, P. A. Altman, and Mrs. Willie Welch.

ATTENDED SINGING
Mr. and Mrs. D. S. Fowler attended the singing at Morton, Sunday.

RETURNED HOME SUNDAY
Johnny Dorn returned home Sunday. He lives at Trent and has been working at the Coop Gin, here.

VISITED IN LEVELLAND

The Enoch's W.S.C. met Wednesday afternoon at 5 o'clock with Mrs. H. H. Snow as leader. Five ladies were present for the study on the West Indies.

MORTON CHAPTER

By PAUL BELCHER

The Morton Chapter of Future Farmers of America are sponsoring a Turkey Shoot at the County Park Saturday and Sunday, Nov. 22 and 23 for Thanksgiving.

The shoot will take place at the Baseball Park on Highway 1780, at the County Park, east of Morton. The FFA boys are especially proud of the worthwhile prizes being given away. The winners last year seemed pretty well satisfied with their prizes. The prizes are hams, turkeys and bacon.

The class members elected the Senior Farm Skill team Monday, Nov. 17, in a meeting at the Ag Building. The team will go to Leveland for the District Contest which will be held November 25th. The team consists of three members and three alternates. They are as follows: Jimmy Bilbrey, David Cates, Gene Gardner, J. R. Wilson, Paul Belcher and Bill Stovall.

The FFA has 300 chickens for sale. These are going for a dollar apiece. These chickens are dressed and wrapped and ready for the deep freeze. These chickens average from 2 1/2 to 3 lbs. each. They were hand fed by members of the chapter. The chapter raised these to sell to obtain funds for chapter hogs and for putting on the parent and son banquet in the spring.

If you know of anyone who wishes to purchase any of these chickens, get in touch with any FFA member and give him the number you wish to purchase. They will be delivered on Wednesday and Friday of each week.

Some of the Greenhand boys still have some screw driver sets and light bulbs for sale.

The arrangements for the Turkey Shoot comprised the business taken care of at the meeting Monday, Nov. 17, in the Ag building.

4-H Group Sees Demonstration on Cookie Baking

The Sixth Grade 4-H Club met on Tuesday, November 18 with the president, Mary Kate Miller, presiding.

A discussion on different subjects the group could study, was held.

A lesson on baking cookies was given by Miss Petty, who served the cookies to the group.

The group sang, "Oh Mistress Shady," led by Donna Mc Masters and Lonette Phillips.

A 4-H Prayer by the group closed the meeting.

ATTEND ILL BROTHER
Mr. and Mrs. Roy Hickman of Morton have been in Rising Star where they were caring for a farm belonging to his brother, B. B. Hickman. B. B. Hickman, who entered a hospital Nov. 5, was released Nov. 13. Mr. and Mrs. Roy Hickman plan to return to Rising Star around Nov. 20.

LEAVES FOR NEW YORK
Miss Cindy Zielski, daughter of Mr. and Mrs. Hank Zielski of Morton left Sunday for Buffalo, N. Y., where she will visit with relatives.

Oven Meals Is Club Subject

The Home Demonstration Club met with Mrs. G. T. Lyman, Thursday, Nov. 13 with Miss Wells Perry in charge of the program on "Oven Meals."

The members and three visitors approved the roll call of "Favorite Oven Meals." Miss Perry gave the group a number of new suggestions to try with future oven meals.

Mrs. Lyman chose as the Bible reading Gen. 1:1 and reminded the members that "In the beginning, God created all things."

Guests present were Mrs. Vaughn, Mrs. Rose and Mrs. Lyons. Five members were Mesdames C. E. Wood, J. H. Knox, Ted King, T. J. Gage and C. Keith.

December 4 was set as the next meeting date. "Pumpkin" was to be the theme for that day at the home of Mrs. C. W. Ward. Visitors are invited to bring pillow top water and attend the meeting.

COUNTY-WIDE 4-H MEETING

Twenty-one 4-H members and the Extension Agents attended the County-Wide 4-H Club meeting on Monday evening from 7:00 until 9:00 in the American Legion Hall. Mrs. Homer Thompson was a special guest.

A committee was appointed to decide upon a more suitable meeting night for the club.

ROAST WHOLE TURKEY

With Thanksgiving coming up, a lot of women may be looking for a recipe to use in preparing that turkey.

Start with a ready-to-cook turkey. Salt the inside of the turkey. Fill the body and neck cavities loosely with stuffing. Stuffing sweats as it cooks, thus needs room to

expand. Fold neck skin toward the back and fasten with a skewer or a few stitches. For stitching use clean, white wrapping cord and a large needle. Tuck legs under band of skin at tail or tie down. To do this wrap cord around legs and under tail. This will hold the legs close to the body. Fold the wing tips back on the wings. This will help hold the neck skin in place. Grease skin of turkey with melted or softened fat, preferably butter. Place breast down, on rack, in a shallow pan. Do not add water and do not cover. Place in pre-heated oven set at proper temperature indicated on time table. Baste with fat from bottom of pan during baking, and turn from one side of the breast to the other, then breast up. Or cover the top and the sides of bird with a loosely woven cloth.

which has been moistened in fat. Moisten cloth with fat from bottom of pan if cloth dries during cooking.

TIME TABLE FOR ROASTING

WHOLE BIRDS	
5 to 7 lbs. (weight when ready to cook, 325 degrees, 2 1/2 to 3 hours.	
8 to 11 lbs., 300 degrees, 3 1/3 to 4 1/2 hours.	
12 to 15 lbs., 275 degrees, 5 to 6 hours.	
16 to 20 lbs., 250 to 275 degrees, 6 1/2 to 7 1/2 hours.	
21 to 25 lbs., 250 degrees, 8 to 9 hours.	

BREAD STUFFING

- 1 cup fat
- 1 cup chopped onion
- 4 cups chopped celery
- 7 cups cornbread crumbs
- 9 cups bread cubes
- 1 tablespoon salt
- 1/2 teaspoon pepper
- 2 teaspoons poultry seasoning
- 1 1/2 cups broth or milk
- 4 eggs, raw or hard cooked

Use two to four day old light bread for bread cubes or dry out in the oven. Cut into cubes. Cook onions and celery in fat over low heat until onion is soft but not browned, stirring occasionally. Meanwhile blend seasonings with bread cubes. Add the onion, celery and fat. Pour liquid and beaten egg (if used raw) gradually over the surface, stirring lightly. Add more seasoning if desired. Stuffing for a 14 to 18 pound turkey.

FALLING LEAVES CAN BE OF GREAT VALUE

Leaves which are now falling and cluttering yards and gardens can give a boost to next year's flower or vegetable garden if properly handled. Burning the leaves may be easier but the extra time required to put them in a compost pile will return big dividends. The compost can be used next year to increase soil organic matter or for mulching flowers, shrubs or vegetables.

Making a compost pile is a simple operation. Scrap lumber or a few feet of net wire and four posts will take care of the enclosure. Then start with a six inch layer of leaves. For every four square feet of enclosure, dissolve a cup of commercial fertilizer, such as 8-8-8 or 6-2-4 in water and sprinkle the solution over the layer of leaves.

Continue adding layers until the pile reaches the desired height. Leave the top layer somewhat unscanned as a water holding aid and cover it with a layer of soil. Decomposition of leaves will be speeded up if the material is turned and water is added at regular intervals.

Attend Inaugural Services Tuesday at McMurry College

Rev. and Mrs. James E. Harrill attended inaugural ceremonies at McMurry College, Abilene, Tuesday, Dr. Gordon R. Bennett was installed as the 7th president of McMurry College, succeeding the late Harold G. Cooke. Bishop W. Angie Smith of Oklahoma City delivered the inaugural address.

Dr. Bennett has been the Executive Vice President of McMurry College for the past several years. He is a graduate of the State University, and holds the A.B., A.M., and L.L.D. degrees. He is a native of Stamford Texas and was Principal and Superintendent of Schools at Hamlin and was also in business there before assuming his duties at McMurry College, under the presidency of Dr. Cooke.

Book Lovers Plan Christmas Party

Book Lovers were hosted Thursday evening for their regular meeting by Mrs. Bill Harris.

"Who's Hiding in My Hide-a-Bed" by Anne Warren Griffith was reviewed by Mrs. Bill Glassford.

Plans were made by the group for the annual Christmas party. Mary Ann Vaughan and Mrs. Jess Burns were named chairmen of the refreshments and entertainment.

The members voted to bring a guest. The Christmas Party will be December 11, in the home of Mrs. D. E. Benham.

Present at the meeting were Mesdames Fred Morrison, Ira Brown, Benham, Burns, Carl England, Joe Gipson, Harris, M. C. Ledbetter, Bill Glassford, and Miss Vaughan.
