Wheat Balloting Set July 23rd At ASC Office

On July 23rd, wheat growers of Cochran County will make their annual decision on marketing quotas, Ruth McGee, ASC office manager said in a statement prepared late last week.

The wheat program on which farmers will vote is the same as that which has been in effect for the last several years. Marketing Quotas have been proclaimed by the Secretary of Agriculture as required by law when supplies are excessive. They will remain in effect only if approved by two-thirds of the farmers voting in the referendum.

When wheat marketing quotas are in effect, farmers who comply with their individual farm wheat acreage allotments may market their entire wheat crop without penalty and are eligible for price support of at least 75 per cent of parity. A grower who exceeds his allotment will be subject to marketing quota penalties on his excess wheat except that any grower may produce up to 15 acres for harvest as grain without penalty.

If more than one-third of the voters cast a ballot for no quota controls, they do not take effect and there are no restrictions on wheat marketings. Price support is available at 50 percent of parity to farmers who comply with their acreage allotments.

Any farmer is eligible to vote who expects to produce more than 15 acres of wheat for harvest as grain in 1960.

Voting will be at the County ASC Office, and polls will be open from 8:00 A.M. until 6 P.M.

St. Clair Opens Clearance Sale

If you can guess when the cake of ice in St. Clair's Department Store window will melt, you'll receive absolutely free a lovely blanket.

To be eligible, all that is necessary is that you visit the store Friday, the first day of their big July Clearance, and register your guess.

Friday is the only day in which you can register - the ice won't last always.

St. Clair's is closed today, Thursday, in preparation for the sale.

A page ad telling of the sale will be found on page three of this publication of the Tribune.

PLAYOFF DATES ARE SET . . . LOCAL LITTLE LEAGUE ALL STAR TEAM IS ANNOUNCED

Managers of the five Morton Little League teams completed their selection of members of the Morton All Star team that will represent this City in the Area 4 Little League Tournament at Levelland the week of July 23rd.

Selection was made last week of

Strickland, Richards, Merritt Are Aldermen

City of Morton voters turned out in large numbers, Tuesday, in the City Alderman election, to elect R. C. Strickland, W. B. Merritt, and Rob Richards to the three aldermen posts.

A total of 329 ballots were cast, just over 100 more than were cast in the election about a month previous that determined whether or not the city government would be changed.

But the total was considerably under the 416 total cast in April of 1958 when the present city commission was elected to office.

The new city aldermen will take office Monday, July 20th, at the next regular meeting night, at which time they will be sworn in.

Here's how the total vote went:

R. C. Strickland, 182
W. B. Merritt, 177
Robert Richards, 132

J. R. Ward, 114
J. A. Love, 111
C. B. Jones, 90
Skinner Butler, 80
David Rozell, 55
G. E. Nesbit, 38
Troy Lee Coon, 6

of 1958 when the present city commission was elected to office.

The new city aldermen will take office Monday, July 20th, at the next regular meeting night, at which time they will be sworn in.

Here's how the total vote went:

R. C. Strickland, 182
W. B. Merritt, 177
Robert Richards, 132

J. R. Ward, 114
J. A. Love, 111
C. B. Jones, 90
Skinner Butler, 80
David Rozell, 55
G. E. Nesbit, 38
Troy Lee Coon, 6

CLERK NOT TO BLAME . . . Court Explains Recent Tax Notices

After receiving several letters and comments from taxpayers concerning the tax raise notices sent out during the past week from the office of the County Clerk, the Commissioners' Court this week had County Judge Glenn Thompson prepare a statement concerning the notices.

Though only a small amount of comments were actually voicing opposition, several indicated a tendency to blame the Clerk for the raises.

One letter from an area farmer stated the man would not pay his increased taxes. A check of his total assessment showed his total taxes would amount to only about \$1.50 - for county and state taxes.

The statement issued by the Court read this way:

Statement to the Citizens and Taxpayers of Cochran County -

In the last few days you have very likely received a notice from the County Clerk stating that your taxes have been changed - either lowered or raised. Most of the notices stated that your property had been raised from one figure to another.

First, the County Clerk is NOT responsible for this raise you received, but only to let you know what the Commissioner's Court had done in this matter and that if you so desired you could appear before them in regard to this matter on a certain date.

We, the Commissioners' Court did not want to raise the value of anyone's property, but were forced to do something in order to carry on the business of Cochran County and pay our debts. We have studied the matter for several months

and found it necessary to equalize the values of the property, as some were very low in value on the tax roll and some were very high.

In general, the values on the property were lower than they were fifteen and twenty years ago, with

TUESDAY IS DAY FOR DEDICATION OF \$60,000 ST. PHILIP NERI CATHOLIC CHURCH AT PEP, TEXAS

The Most Rev. John L. Morkovsky, Bishop of Amarillo, will dedicate the new \$60,000 St. Philip Neri's Catholic Church at Pep, Texas, Tuesday, July 21, at 5:00 p. m.

The dedication will be followed by a High Mass sung by the parish choir, directed by V. H. Diersing, Mrs. A. A. Homer will be at the organ.

The "well-known-around-the-area" Thanksgiving dinners given each year at Pep, by the church parishioners, has been responsible for a major part of the \$60,000 collected to build the beautiful new structure of brick, 40 feet by 100 feet in dimensions.

The color of the brick is light cream. The church building fund has been swelled by proceeds from these turkey and sausage dinners, and donations for 13

years, in an effort to obtain funds for the new edifice.

The church is located on land donated by Mr. and Mrs. A. H. Diersing.

The contract was let in November of last year for the new church which was to be completed in April, but material shortage forced the delay. Father Frederic Hyland, pastor of both the St. Philip church and St. Ann's Catholic church at Morton, let the contract.

Father Hyland, who began saying Mass in Morton in 1952, was also in charge of the church completed here and dedicated in January of 1955.

The Pep community, one of the older communities in the area, originated in 1923 and had its first Catholic church in 1925, when the community voted \$40,

000 in bonds for a school which they used as a church on Sundays. But in 1931, on Christmas Day, a fire destroyed the church school. It was rebuilt, but the congregation got its new church in Feb. of 1932 on a \$2,000 Extension Society grant. Father Charles Dvorak held the first Mass on March 6, 1932.

The first resident priest was Father F. M. Scafe, in 1944. Today, about 47 families make up the parish at St. Philip Neri.

Others present, in addition to the sheriff who was called in after the

Oil Men Felt They Were Due a Cut In Values Placed on Well Equipment

(ED NOTE: - This is the third in a series of stories on the recent oil tax hearings. To complete the stories for its readers, the Tribune brings this account of what the oil men had to say.)

At the recent oil-field hearing, during the open discussion in the District Courtroom, County Judge Glenn Thompson read the figures

pertaining to the budget and the needed valuation, and pointed out that an additional \$500,000 in valuations would be needed to pay the increased expenses of the new District Court. It was pointed out it will cost the county an estimated \$3,500 more than it has the past year.

Other than that, the judge told the group that they expected to be able to hold the County Budget to nearly the same figure as it had been the previous year . . . citing that, because of the fact they had been operating in debt, even with no increase in budget, they must collect more taxes in order to keep from going further in debt.

He said the county was "looking for donors" and needed another 1.5 million dollars in valuation. He told the assembled oilmen, "we are now at the point when we must multiply everything by some figure or else re-figure."

Fletcher Crockett of Pan American was the first oil company spokesman to talk, saying that during the year 1958 there was a substantial amount of oil property in Cochran County evaluated by competent engineers who figured the oil property was being assessed at 37 per cent of its actual or real value.

"We are told," he continued, "that local property is not that high." He said that the local property should be assessed at 30 per cent (assuming that King, Latham and Stutte figures of oil property assessed at 30 percent would be true) - but added, even though they are less than 30 percent, "we'll go along." We are willing to have a value increase, only when local property gets up to where it should be.

He said they realized it was not a very popular action to raise local property and reduce "foreign" taxes but continued, "unless you can show us local property is an excess of 30 percent, we feel we are entitled to the requests we have asked."

He repeated sentiments voiced earlier that they still felt "equipment values were out of gear" and asked the court to consider their proposition . . . not asking for a

(See OIL MEN, page 3)

Menace of the "Ambulance Chaser" Is Discussed By the Hospital Board

The problem of "ambulance chaser" came in for full discussion Monday night at the regular meeting of the Cochran County Hospital Board of Managers.

Sheriff Hazel Hancock, who was invited to the meeting for the purpose of discussing the problem, advised the group to first ask the full cooperation of the public in controlling the matter.

Point out to the people the dangers involved in crowding the emergency entrance, the emergency entrance, and the hospital corridors during emergencies, he said, and many of them will give you their full cooperation.

The problem was presented to the board by the doctors and manager of the hospital.

In one particular case, it was pointed out, seventeen cars were counted around the rear entrance. This, it was pointed out, could result in considerable delay in getting emergency patients into the hospital, and the presence of numbers of people inside the hospital prevents top staff efficiency.

The sheriff's second recommendation was that the board appoint a representative or meet with the city aldermen to work out a possible ordinance to restrict the emergency entrance to the hospital.

Present at Monday night's meeting were J. C. O'Brien, president of the board; L. W. Barrett, vice-president of the board; L. E. McDonald, Arvel Snodgrass, J. C. King, and Bill Glassford, board members and secretary.

Eli Douglas, New Elementary Principal To Move To Morton Around Aug. 20th

Eli Douglas, Morton's new Elementary School Principal, was in Morton over the weekend but left early this week to return to his present home in Corsicana.

Douglas, who taught speech and history at Corsicana this past year, is a graduate of East Texas State Teachers College.

Douglas' wife is also a teacher and will teach in the Morton High Schools though the exact position has not yet been determined. The Douglas' have no children.

The new principal comes from a family of educators. A brother O. R. Douglas is Superintendent at Brownfield, another brother, N. L. Douglas, is Superintendent of Hale Center Schools, and yet another brother, Dale Douglas, is principal of Woodrow Wilson

73 Families On Commodities Roll

The latest report filed by Cochran County Judge Glenn Thompson showing progress of the Commodities Surplus program in Cochran County lists 73 eligible families in this program.

The report filed July 9th, showed a total of 351 persons in the eligible families.

During the week of July 11, only 21 families with a total of 91 persons received commodities under the program.

Visitors are expected from Brownfield, Meadow, Levelland, Plains, Anton, Denver City, and Sundown.

Plans call for a dinner at 6:30 p.m. to be followed by a welcome address by Mayor Roy Tarver, Jr. A tiled meeting will begin at 8 p.m.

Clarke's Dry Goods announced this week that they no longer were redeeming or giving Treasure stamps for reasons beyond their control.

COUNTY COURT SESSION TUESDAY; 19 CASES LISTED ON COURT DOCKET

A total of 19 cases are set for trial in the County Court, beginning Tuesday, July 21, at 10 a.m. as County Judge Glenn W. Thompson, and County Attorney M. C. Ledbetter will attempt to clear a large group of cases, some of which have been on the docket for some time.

Nine liquor law violations and six driving while intoxicated counts are included in the list. Three counts of simple assault, in cases appealed from city court and a count of aggravated assault with a switch blade round

out the docket.

The cases, in the order they will appear on the docket, are

Case 1271, Zelma Hunnicut Belcher, charged with DWI.

Case 1299, Jack Runyon Brittain, charged with DWI.

Cases 1232 and 1233, Carmen Duran, charged with two counts of liquor law violations.

Case 1345, Rito Morales, charged with DWI.

Case 1351, Alvin Joseph LeGarde, charged with DWI.

Cases 1357, 1359, and 1364, three counts of liquor law violation against Modesta Mesta.

Case 1403, Valentino Flores, charged with liquor law violation.

Case 1407, Jesse Trevino, aggravated assault with a switch blade.

Case 1419, Olivia Rodriguez, liquor law violation.

Case 1411, Joe Pat Anders, liquor law violation.

Case 1417, Jimmy Cunningham, DWI.

Case 1418, John Floy Banks, DWI.

Case 1419, Herschel Freeman, liquor law violation.

Cases 1425, 1426, and 1427, charging Jesse Mendoza, Fred Mendoza, and Fidel Mendoza with simple assault.

Case 1428, John Floy Banks, DWI.

Case 1419, Herschel Freeman, liquor law violation.

Cases 1425, 1426, and 1427, charging Jesse Mendoza, Fred Mendoza, and Fidel Mendoza with simple assault.

Case 1428, John Floy Banks, DWI.

Case 1419, Herschel Freeman, liquor law violation.

GUIDANCE NEEDED . . . Responses to Governor's Poll Bemoan Lack of Parental Care and Discipline

Almost two-thirds of the responses from newspaper readers in Texas expressed the belief that the greatest problem of children is lack of parental care, guidance and discipline.

Governor Price Daniel announced this today in disclosing first results of a state-wide newspaper public opinion poll conducted by the Governor's Committee for the 1960 White House Conference on Children and Youth.

The Committee had requested readers to send their opinions on the ten greatest problems facing

Texas children and youth, and most newspapers printed the poll as a public service.

A tabulation of the first 1,000 replies to the poll revealed that 63 per cent considered lack of parental care and discipline the top problem. Three-fifths of this group specifically cited lax parental control, while two-fifths cited lack of spiritual training and church attendance.

Dr. Guy D. Newman of Brownwood, chairman of the Governor's Committee, said:

(See POLL, page 2)

LIGHTNING STORM SEVERE . . . MOST OF COUNTY GETS 1 to 2 INCHES OF RAIN TUESDAY; HEAVY WINDS

Heavy rains came to Morton and the surrounding area again Tuesday night, depositing the heaviest fall relief at one time this season, but very strong winds and a severe electrical storm that preceded and accompanied the rain, caused more damage and concern than the rains.

With most of the crops well up in the fields, only moderate crop damage was attributed to rain . . . a little more was caused by strong gusty winds.

All over the city proper, tree limbs were scattered around as a result of the wind. The heaviest rain seemed to fall northeast of

Morton where the Earl Elliot farm had 3 inches of rain gauged and L. L. Rountree, 2 1/2 inches.

Morton's official report at the SCS rain gauge was 1.84 and other gauges in town reported amounts up to 2 1/2 inches. West of Morton, Ralph DeBord had 3,

HERE'S SIGNAL FOR
IMPENDING TORNADO

Following the confusion Tuesday night when the fire alarm sounded during the storm, the Tribune checked this week on the sounding of the siren in case of tornado.

Three blasts from the big city siren indicates a tornado has been sighted in the vicinity. This will be followed by continual short blasts if the tornado is thought to be approaching the city.

In addition, the city police will tour the city blasting with the auto siren.

For fire practice the siren is to be sounded four times.

For a fire, the siren is supposed to be sounded in one continual blast.

Morton where the Earl Elliot farm had 3 inches of rain gauged and L. L. Rountree, 2 1/2 inches.

Morton's official report at the SCS rain gauge was 1.84 and other gauges in town reported amounts up to 2 1/2 inches. West of Morton, Ralph DeBord had 3,

Lodge Official
To Visit Morton

Randall E. Brisco, Most Worshipful Grand Master of the Grand Lodge of Texas, A. F. & A. M., will make an official visit to the Morton Antelope Lodge, No. 1245 Saturday.

All area Masons are invited to attend the program honoring the visiting Grand Lodge officer.

The local lodge, host lodge, has invited all 94th District Masonic members to attend according to Gene Huggins, Worshipful Master of the Morton lodge.

Visitors are expected from Brownfield, Meadow, Levelland, Plains, Anton, Denver City, and Sundown.

Plans call for a dinner at 6:30 p.m. to be followed by a welcome address by Mayor Roy Tarver, Jr. A tiled meeting will begin at 8 p.m.

Clarke's Dry Goods announced this week that they no longer were redeeming or giving Treasure stamps for reasons beyond their control.

K. R. Banning 1/2 inch; Don Masten 1 1/2; and 3/4 at the Star Route Grocery.

Southwest Ralph Cadjew, farming west and south of Lehman recorded an inch. Buford Webb had about an inch and Willie Taylor, 1.25. Shorty Ware had a 2 inch fall west of the city.

(See WEATHER, Page 6)

Fire Again Blazes In McDermott Barn

A fire which broke out in bales of older stored in a barn at the J. W. McDermott feed lot, just north of the city, caused an estimated \$300 or more in damages Tuesday night before it was snuffed out.

The fire originated in a group of about 10 or 15 bales of hay which were found on the floor of the barn toward the center of the building. It was first reported by a motorist at about 10:50 p.m. He saw the flames as he drove down the highway past the feed lot.

The motorist notified night patrolman Walt Sanderfer who turned in the alarm. By the time Morton Volunteer Firemen were aroused, Gib Dupler, an employee of McDermott, had felt the wind rock his trailer house and got up to see what the storm was doing. He noted the fire and called Charles McDermott.

The flames did not spread to stacks of fresher hay but did destroy some 80 bales of hay according to McDermott who estimated the loss at \$300.

Some Mathieson fertilizer was also included in the loss.

The blaze evidently had only a short start on the firemen. It was put out in about an hour and a half.

First thoughts that lightning had set off the blaze were discounted, though it was not known how it got started. Sheriff Hazel Hancock, investigating the blaze said workmen had been in the barn all day, but a previous fire a year ago in the same barn had made McDermott cautious and the workmen had been told to be careful.

The Sheriff, who said the cause of the much more destructive blaze a year ago had not yet been determined was looking for indications of arson.

At the fire last year, other machinery and equipment on the feed lot had been tampered with and windows had been smashed in one of McDermott's trucks.

Officers said a group of boys among the first to arrive on the scene Tuesday pushed a truck loaded near the hot blaze out of range of the fire but not before the intense heat had melted a plastic reflector cap.

HOUSE TAKES STAND WITH
COCHRAN COUNTY FARMERS

On page 10 of this issue of the Tribune you will find a copy of a resolution passed by the Texas House concerning the Department of Labor regulations condemned recently by the County, State, and National Farm Bureau.

SOX CLING LL CROWN;
LEAGUE ENDS SATURDAY

Lack of space and time again forces us to omit Little League results of the past week. Since the Sox have already clinched the title, we felt this news should not take preference to other current news.

Final standings and averages will be included next week.

complete equalization but a fair adjustment.

Marvin Poor, representing Magnolia Oil Company, then took the floor and "echoed Fletcher's statements."

"Until local property is up to the same percent as ours, Magnolia is not interested in any increase. We feel like we are taking a raise," he continued as he pointed out net profits and what they pay stockholders is down.

Bill Harding of Gulf Oil Company expressed his company's sentiments this way:

The trouble probably did not begin this year (speaking of the county's running in debt) and his company felt they had to ask for relief or ask the local folks to "come up to us."

He praised the county for the good job that had been done already in revaluing local property... assured them he realized it was an unpopular action... added they were hopeful it would close the variance (gap between percent-

age of local and oil property taxation rate.)

"Until such time as we do find that local property and oil property are being assessed on a fair and equitable basis," he said, "we do not feel it is fair to our stockholders and our company to ask us to take a raise."

Paul Hagan of Pan American, the latter spokesman for the entire group, made it a little stronger. He didn't even talk about considering a raise.

Instead he said "we feel the county should grant our earlier request. We were sincere in making the request. As difficult as it may seem, we feel it should be done."

He pointed out there are several ways it could be done. The deficit was not created in two years, he advised the group. "It occurs to me," he went on, "we could get our request and still balance the budget and retire the debt by a little smaller proportion at a time."

"The rightness of the thing is what occurs to me," he went on. "No one in the county is asking anyone to share their load. You can bring our property more in line by amortizing the debt over a long-

period. We feel like this would give us the incentive to work closer together with the county. We feel like we've met the county more than half way."

Butch Darby, asked by Dutch Sults to express his views, in view of the fact that he had experience where taxes were raised on local property, said he felt anything he could add would be repetitious. Darby, Honolulu Oil Co. representative, said he knew it was not popular to be in the position "we're in." He said he was raised in a rural community, liked that kind of people and knew of their struggles. He said he had made up his mind not to go back to the farm. He said everytime he came out to Cochran County for one of the oil hearings he had in mind being hard and not giving an inch of ground, but that generally he got sand in his eyes on the way over and realized "these folks have a pretty tough time."

He admitted he hated to be in a position of insisting... said this perhaps wasn't the right word... but there's nothing else to do.

"Somebody else has got to pick up this tab," he said.

Butch went on to point out last year in Cochran County and in adjoining counties, through independent evaluations, they had figures of competent engineers, which they felt did a good job, showing oil property valued at around 40 percent.

Some local land sells for more than "I think it's worth" he told the group but added that local property was just not being assessed in comparison with oilfield property.

"We're getting sand in our eyes," he told the assembled group. "We can't go on any increase... until we can't do anything else. I am for saying we cannot agree. We request the court to go along with the reduction on cost of oil field equipment."

He wound up by saying, "I wouldn't have said these things if I hadn't been asked to speak my sentiments."

This was the way the oilman presented their side of the story at the hearing. As was reported previously, they did settle for paying the tax' as originally figured by King, Latham and Stults this year, with the county raising the percentage of tax on local property, slightly, and refusing to grant the reduction on oilfield equipment, sought by the oil companies.

But in doing so, they made no concessions as to the rightness or wrongness of the values, simply pointing out that they felt the County Commissioners had tried hard to resolve the problem, and they felt things would be fairer another year.

As it turned out, the problem was a compromise in every sense of the word. The oil companies compromised for no reduction, which, in actuality had the effect of a small increase. The county raised local property taxes a small amount, and the Commissioner's Court agreed to pare down the budget to where they can balance it, and pay off some of the county's indebtedness.

POLL —

(Continued from page 1)

mor's Committee, presented results of the poll to the Governor.

Under problems relating to parental care and guidance, specific complaints most often repeated were lack of spiritual training; poor church attendance; poor parental examples; not giving child enough responsibility; lack of discipline and obedience to parents; lack of family unity and teamwork; lack of parental responsibility; too much freedom with cars; lack of teaching respect to others.

Other problems mentioned in order of frequency were:

Lack of educational opportunities, 10 per cent; too much time and too little work, 9 per cent; working mothers, 5 per cent; poor public influences such as low and violent shows, obscene literature, alcohol and drugs, 4 1/2 per cent; juvenile delinquency, 4 1/2 per cent; financial need, 3 per cent.

Governor Daniel pointed out that the poll is still open, and that radio and television stations are requesting listeners to send their views on youth problems.

"These opinions from the grass roots level will serve as a guide for the committee members when they attend the White House Conference next March," the Governor stated.

to help in any way.

Copies of the Cochran County Auditors monthly report of Receipts and Disbursements for the month of June, 1959, were presented the board.

The report showed the hospital with a cash-credit business of \$9,150.00 for June, receipts of \$6,792.00, and disbursements of \$10,232.00.

The number of patients for June were listed at 46, patient days at 195, new born at 8, and nursery days 14.

The report included total figures for the first six months of the year, showing: cash-credit business of \$49,112,000, receipts of \$41,910,00, and disbursements of \$51,636,00.

Total number of patients, Janu-

ary through June, were listed at 411, patient days 1,900, new born 45, and nursery days 138.

Dr. Davis observed that patient days for 1958 were 2,100.

Coffman asked the board for explanation of the June report received by his wife. He said wife had resigned from the staff in June.

The board president said the board would be glad to check records regarding the payment.

Upon motion by Barrett, second by King, the board president and secretary were named a committee to gather details regarding the check for payment to the board.

The meeting was adjourned 10:30 p.m.

HOSPITAL —

(Continued from page 1)

meeting was well underway, were Desitt Allsup, administrator; Dr. J. Walker Davis and Dr. Bill Lee, hospital doctors; and Ken Coffman, Cochran County farmer.

Allsup reported to the board that since the last meeting two nurses had been added to the staff, and that the 11 p.m. to 7 a.m. shift was now staffed by two nurses.

The new additions, he said, were Mrs. Faye Lawrimore, a registered nurse who came to Morton from Austin, and Mrs. Mary Jones, surgery nurse from Dallas.

Dr. Davis was complimented on his clinic plans by members of the board.

He advised them that construction had been temporarily delayed this week because of a machinery breakdown, but that he hoped to get occupancy by Oct. 1.

(Details of the new clinic were announced by Dr. Davis in last week's publication of the Tribune.)

June requisitions for purchases by the hospital were presented to board members for their signatures.

The possibility of making a thorough street out of Southeast 1st Street, from the clinic site to the hospital was presented by one member.

Barrett was named by the board president to go before the city aldermen with suggestions on emergency area parking and the through street idea. The sheriff was asked to accompany the representative. He said he would be glad

The report showed the hospital with a cash-credit business of \$9,150.00 for June, receipts of \$6,792.00, and disbursements of \$10,232.00.

The number of patients for June were listed at 46, patient days at 195, new born at 8, and nursery days 14.

The report included total figures for the first six months of the year, showing: cash-credit business of \$49,112,000, receipts of \$41,910,00, and disbursements of \$51,636,00.

Total number of patients, Janu-

"Chef— to the phone, please!"

When Dad dons his chef's apron and you know something good is cooking.

And if he needs to answer the phone while the steak is sizzling, why not make it easy for him?

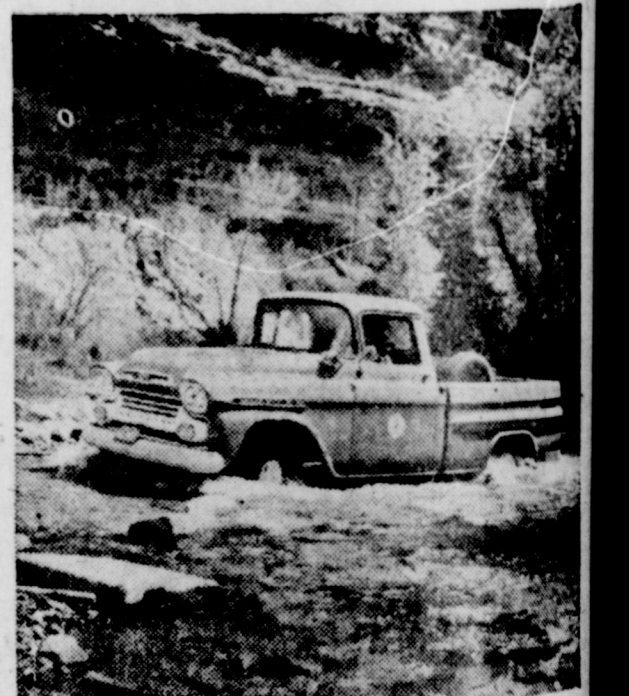

Let us install a telephone right there at his barbecue—or, perhaps, on the patio or at the pool. Choose any of ten lovely colors to blend with your color scheme.

It brings new convenience to outdoor living—and it costs so little. Just phone our Business Office.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Corp.

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where piñon won't even grow. But that's all routine for this Chevy, equipped with Positraction® rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing!

Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevy's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

*Optional at extra cost

No job's too tough for a Chevrolet truck!

See your local authorized Chevrolet dealer!

'59 CROP Appeal Will Be Launched During This Month

All over the nation people are again being given the opportunity to share the abundance produced on our farms. The 1959 CROP appeal will be launched in all counties of Texas this month when collections of wheat, peanuts, cotton rice, and cash will be made to care for homeless, starving refugees in countries where war, disease, and poverty rule.

CROP is the Christian Rural Overseas Program of Church World Service. Four hundred and forty rice, wheat, and other staples have been given destitute people all over the world since CROP was formed as the relief collection agency of the churches in 1947. Included in this total are Government donated surplus stocks of food, which Church World Service distributes overseas and for which CROP pays administrative charges, such as overseas warehousing, repacking, and costs involving final distribution.

But CROP's main purpose remains that of asking for, collecting, and shipping abroad gifts of food produced on farms of America. In this way more food is shipped and only in this way can sudden emergencies be met when danger to human lives dictates quick action and immediate help becomes vital.

CROP is primarily a community action program; it is non-demonstrational. Gifts from CROP reach refugees and other needy of any color, creed or religious affiliation. CROP gifts save the seeds of democratic good will in countries where this is important. As again this year we gather great harvest, let us be mindful of those who are hungry, sick and diseased, and give that they too might have more abundant living.

Wheat Acreage Allotments Pared By 7,000 Acres

COLLEGE STATION - Marketing quotas for the 1960 wheat crop were proclaimed on June 1 by Secretary of Agriculture Ezra Taft Benson. This seventh successive proclamation of wheat marketing quotas is required by a wheat supply that is 966 percent above the normal supply level.

The Texas share of the 1960 allotment will be 4,092,251 acres, which is nearly 7,000 acres less than the 1959 allotment of 4,099,694 acres.

Benson proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law, announced State shares of the national allotment. He also set July 23rd 1959 as the date for a referendum to determine producer approval or disapproval of quotas and announced a 39 state commercial and a 10 state non-commercial wheat producing area for 1959.

If producers approved marketing quotas, under the proclamation announced June 1, the national average support price available to eligible growers in the commercial area will not be less than the minimum support to be announced before the referendum. On the basis of the present supply of wheat and present legislation, the legal minimum wheat support price for the 1960 crop would be at 75 per cent of parity. Individual farm marketing quotas will be the normal production or the actual production from the farm acreage allotment, which is even larger.

The 1960 national wheat acreage allotment of 55 million acres is the minimum fixed by the law and is the same as for the 1958 crop. If the allotments had been determined solely on the basis of the law's supply formula, the 1960 allotment would have been zero acres.

At least two-thirds of the producers voting in the referendum on July 23 must approve quotas for the 1960 crop if the are to be in effect. Growers who will have more than 15 acres of wheat for harvest as grain in 1960 in any one of the commercial wheat states come under the regulation of quotas and will be eligible to vote in the referendum.

GOIN' FISHER

The E. R. Fishers, O. R. Darlands, and the W. G. Bakers of Morton, will leave today for a fishing trip to Crede, Colorado. From there the Fishers will go to Cheyenne, Wyoming to attend the world's largest rodeo.

VISIT HER AUNT

Mr. and Mrs. C. A. McArtor and family of Pryor, Oklahoma are visiting the Bedwells this week. Mrs. McArtor is Mrs. Bedwell's niece. McArtor is the executive vice-president of the American National Bank at Pryor.

LEGAL NOTICE

No. 179
PUBLIC AUCTION
Property situated within the County of Cochran, Texas to be offered at public auction for lease for mineral development purposes by the Commissioner's Court of Cochran County, Texas.

Pursuant to the provisions of Article 5421p, Revised Civil Statutes of Texas, the Commissioner's Court of Cochran County, Texas hereby offers to lease for mineral development purposes, subject to the right to reject any and all bids, at public auction in Morton, Texas, at the County Court House of Cochran County, Texas on the 20th day of July, 1959, at 10:00 o'clock A. M., the oil, gas and other mineral rights in and under the following described tract of land belonging to the County of Cochran, Texas, and being an undivided one-half interest in and to Labor 23, League 103 Abstract No. 88, Jeff Davis County School Land, in Cochran County, Texas.

The delay rentals shall be \$160.85, with right of proportionate reduction, and the lease shall be for a primary term of five (5) years and as long thereafter as oil, gas or other mineral is produced from the land under said lease. All of the land described above shall be bid on as a whole and shall be included in one lease.

The delay rentals shall be \$160.85, with right of proportionate reduction, and the lease shall be for a primary term of five (5) years and as long thereafter as oil, gas or other mineral is produced from the land under said lease. All of the land described above shall be bid on as a whole and shall be included in one lease.

(a) On oil, one-eighth of that produced and saved from said land, the same to be delivered at the wells or to the credit of Lessor into the pipe line to which the wells may be connected. Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase;

(b) On gas, including casing-head gas or other gaseous substance, produced from said land and sold or used off the premises or in the manufacture of gasoline or other product therefrom, the market value at the well of one-eighth of the gas so sold or used, provided that on gas sold at the wells the royalty shall be one-eighth of the amount realized from such sale; and where gas from a gas well is not sold or used, and said lease is not then being maintained by production, operations or otherwise, Lessee shall pay, at monthly intervals, as royalty (called shut-in gas well royalty) for each month a well is so shut in during or after the primary term, a sum equal to one-twelfth (1/12) of the amount of the annual delay rental payable under said lease in lieu of drilling operations during the primary term on the number of acres subject to said lease at the beginning of each such monthly period, and during the time for which Lessee is obligated to pay such shut-in gas well royalty it will be considered that gas is being produced from said lease within the meaning of paragraph numbered 2 of said lease; and

(c) On all other minerals mined and marketed, one-eighth either in kind or value at the well or mine, at Lessee's option. Lessee shall have free use of oil, gas and water from said land, except water from Lessor's wells, for all operations under said lease, and the royalty on oil and gas shall be computed after deducting any so used. Lessor shall have the privilege at its risk and expense of using gas from any gas well on said land for stoves and inside lights in the principal dwelling thereon out of any surplus gas not needed for operations under said lease.

The royalty shall be as provided in said lease and as above set out, no more and no less. Competitive bidding on the lease on said land shall be confined to the cash bonus offered over and above the royalties and rentals provided in said lease. All prospective bidders are referred to the Order of the Commissioner's Court of Cochran County, Texas authorizing this notice for the exact and detailed terms and provisions of the oil, gas and mineral lease which the Commissioner's Court of Cochran County, Texas will make, a copy of the lease which said Commissioner's Court proposes to make being included in said Order. The Commissioner's Court reserves the right to reject any and all bids.

In order to afford protection to all interests involved against irresponsible bidders, the Commissioner's Court may, on its own initiative, or upon request of any other bidder, require any bidder to submit satisfactory evidence of good faith, that he has the cash in hand or at his command to comply with his bid, and to furnish whenever called upon by the Commissioner's Court during the progress of the sale authenticated statement of some solvent member of the Federal Reserve System to the effect that the bidder has the means to purchase the lease. All bidders should come to the sale prepared to make such showing promptly when called upon. The Commissioner's Court will refuse to entertain any bid from any person who does not make a showing satisfactory to it in this respect. The successful bidder must announce at the time of

With Your... COUNTY AGENT

by - Homer E. Thompson

OUTLOOK HIGHLIGHTS FOR HOGS

1959 SPRING PIG CROP UP
According to the June Pig Crop Report released by the Agricultural Marketing Service, the 1959 spring pig crop totaled 58,494,000 head. This is 12 percent more than was produced in the spring of 1958 and is the largest spring crop since 1951. This means that we are going to have more hogs on the market in the fall of 1959.

The 1959 spring pig crop was larger than a year earlier in all regions of the United States. According to the June Pig Crop Report increases were as follows: North Atlantic, 10 percent; East North Central, 9 percent; West North Central, 10 percent; South Atlantic, 19 percent; South Central, 10 percent; and West, 16 percent.

Breeding intentions indicate that a total of 6,394,000 sows will farrow in the fall of 1959. If hog producers carry out their intentions this would be an increase of 8 percent over the number of sows that farrowed in the fall of 1958.

If these intentions are carried out the combined spring and fall pig crops for 1959 would be 10 percent above that for the entire year of 1958.

If fall farrowing intentions materialize and the number of pigs saved per litter equals the average, with an allowance for upward trend, the 1959 fall pig crop will be about 46,000,000 head. This would be the second largest fall pig crop on record, exceeded only by the 47,584,000 pigs in 1943.

The indicated number of sows for 1959 fall farrow for nine of the Corn Belt states is 7 percent more than a year earlier. These nine states account for 67 percent of the 1958 United States pig crop.

Breeding intentions for fall farrowing in 1959 shows an increase of 14 percent in the South Central States (Texas included). PRICE OUTLOOK FOR THE REST OF 1959 and 1960

In view of prospective supplies, prices of hogs in the winter of 1959 and early 1960 can be expected to be lower than a year earlier. Production started cyclically upward last year, and may continue upward this fall and well into 1960. There is little reason for optimism for hog prices in 1960.

On June 15, 1958 the farmers of Texas received an average price of \$20.70 per 100 pounds compared to \$15.30 on June 15, 1959. Prices are expected to remain considerably below last year.

Because indications point to higher production, the outlook for hog prices is not bright and

Air Force Offers Openings In Electronics Field

Young men who can qualify for electronics and related fields may enlist in the Air Force without delay, according to Sgt. Simmons, the Air Force recruiter for the Lubbock area.

The Air Force usually has a long waiting list, but men who can qualify for the highly technical fields may enlist immediately, Sgt. Simmons said. The young men who can qualify for assignment to Electronic School can select the day most convenient for themselves to enlist. The basic training period is only four weeks at Lackland AFB in San Antonio, Texas. From there they go to either Keesler AFB, Miss., or Denver Colorado, depending on the school chosen. The training at these schools is not an abbreviated course, but each course is complete in itself, consisting of a phase in fundamentals of electronics and continuing on through three other phases. The schools are from 8 1/2 months to one year and 5 months in duration.

For further information contact your Air Force recruiter at the Post Office building in Lubbock, or phone him collect at PO 2-3359.

the sale the name of the party to whom the lease is to be executed. THIS NOTICE is issued pursuant to the Order of the Commissioner's Court of Cochran County, Texas, made on the 29th day of June, 1959, which embodies a copy of the lease that will be made.

ISSUED this 29th day of June, 1959.

ATTEST:
Lesseye Silvers
Clerk of the Commissioner's Court

COUNTY OF COCHRAN, TEXAS
By G. W. Thompson
County Judge

(SEAL)

it would seem advisable for all hog producers to consider their management plans for next year carefully. There is still money to be made in the hog enterprise for the efficient producer.

The above outlook information does not warrant the dispensing of commercial breeding herds as has been done in the past by many Texas producers facing similar price hog production program for the possibility of reducing production costs.

Producers should consider these things:

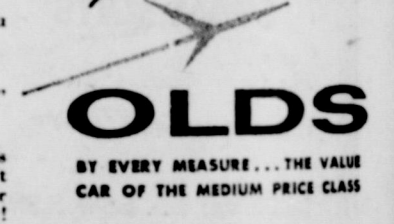

1. Make sure that he can either produce or obtain the needed grain at reasonable prices, in view of the price outlook.
2. Sell market hogs at lighter weights (around 200 lbs. as soon as they reach market top)
3. Cull down to the most productive sows and gilts, (but retain sufficient numbers to make most efficient use of equipment and labor.)
4. Consider selling heavy sows and keep young gilts.
5. The hog producers should examine his feeding program to be certain:
 - a. that he is raising the largest number of pigs per litter.

NO MORE BATTERY TROUBLE FOR THE LIFE OF YOUR CAR!

YOUR CAR MUST START INSTANTLY!—OR MONEY BACK! Save Money With Amazing New Liquid That Makes "Dead Batteries" Spring to Life Instantly! — Makes New Batteries Trouble-Free for 10 Years or More!

GUARANTEED PROTECTION

- ▶ ALL-WEATHER INSTANT STARTING (Even at Farly below or 160 degrees above)
- ▶ 25% BRIGHTER LIGHTS
- ▶ INCREASED BATTERY POWER OUTPUT FOR BETTER OPERATION OF YOUR CAR'S ELECTRICAL SYSTEM
- ▶ CHEMICAL RECHARGING WHILE YOU DRIVE
- ▶ NEW-LIFE FOR OLD BATTERIES
- ▶ PROLONGED LIFE FOR NEW BATTERIES

10 SECOND BATTERY CHECK FOR SAFETY SAKE

Make Equipment Check:

<input type="checkbox"/> Radio	<input type="checkbox"/> Electric Window
<input type="checkbox"/> Headlights	<input type="checkbox"/> Parking Brake
<input type="checkbox"/> Defroster	<input type="checkbox"/> Cruise Control
<input type="checkbox"/> Electric Heater	<input type="checkbox"/> Fog Lights
<input type="checkbox"/> Sparkplugs	<input type="checkbox"/> Automatic Lubrication
<input type="checkbox"/> Electric Wipers	<input type="checkbox"/> Electric Starter
<input type="checkbox"/> Dashboard Lights	<input type="checkbox"/> Horn
<input type="checkbox"/> Stop Light	<input type="checkbox"/> Air Conditioning
<input type="checkbox"/> Brake Light	
<input type="checkbox"/> Directional Signals	
<input type="checkbox"/> Electric Bell	

Raise the hood of the car and look at the battery. A green or white formation around the battery or terminals means sulphation and sulphation means your battery is dying. You need VX5 immediately, or you will have to spend money for a new battery.

If you checked 8 or more than you are constantly checking life of your battery every minute you use it or you are kidding! Your battery will die unless you add VX5.

AL GIRL NAMED
OKLAHOMA STATE
OR ROLL

WATER, Okla. -- Jeannia Ham of Morton and a friend in the college of home economics at Oklahoma State University, is among 1,793 who have named to the Dean's Honor for the 1959 spring semester.

Honor is given only those students who achieve at an average, with no grade less than C, while carrying at least 12 college hours, said Raymond Girod.

State students were from 218 towns, 218 towns other states including Alaska and Hawaii and 19 other states and territories were listed.

Most number of honor students came from the college of home economics, which had 446, followed by arts and sciences with 229, business 228, education 226, home economics 226, graduate school 101, and nursing 73.

SOCIETY

CURTIS CARROLL, FORMER LOCAL PASTOR COMPLETES TRIP TO THE MIDDLE EAST

Rev. Curtis M. Carroll, pastor of the First Missionary Baptist Church here for some four years, writes that he has just returned from a trip to the Middle East.

Local subscribers to the Baptist Progress which Rev. Carroll edits, will find his "Tripples" beginning on page six of the July 9 publication.

Rev. Carroll, who was renewing his subscription to the Morton Tribune, says in part: "It is a pleasure to read the pages of your paper and keep acquainted with the activities of a community in which we spent over four very enjoyable years and in which we have cherished friends. "I have just returned from a

trip to the Middle East and Europe. It was a joy to make brief stops in several European countries and see how they have made rapid recovery since the war. Then a visit to Egypt, Lebanon, Jordan, and Israel -- visiting of course, the historical and Biblical areas was most interesting and pleasing."

Enclosed was a copy of the Baptist Progress of July 9 which recounts his travels as far as Cairo.

Among his impressions were these: "Most impressive of all, to me, is to look down on the beautiful, fertile Nile Valley, then across the burning yellow desert, remembering that over a million souls left this fertile valley and ventured out as Moses, led by God, led them. As I see the contrast, it is far easier for me to understand their fear and apprehension, even their grumbling later on. However, they chose God and hardships with freedom, rather than bondage in the fertile valley. I only wish space would permit me to write just a few of the many thoughts in mind here in this land."

WEEKEND VISITORS

Visitors in the home of Mr. and Mrs. Sammy Leveritt last weekend were Mr. and Mrs. George Young of Paris, Texas. Mr. and Mrs. Young are former schoolmates of Mrs. Leveritt at Paris. They returned to Paris Saturday after visiting here Thursday and Friday.

SUNDAY VISITORS FROM LITTLEFIELD

Mr. and Mrs. R. V. Armstrong of Littlefield visited relatives in Morton, Sunday.

VISIT TAYLORS

Mr. and Mrs. J. R. Taylor of Belton were visitors last week in the home of Mr. and Mrs. Walter Taylor here. J. R. and Walter are brothers, and Mrs. J. R. and Mrs. Walter Taylor are sisters.

BACK FROM VISIT

Mrs. Eunice Oden returned home Sunday after a months visit in Phoenix Arizona, with her son and family, the Willie Odens.

ON HONOR ROLL OF TEXAS UNIVERSITY PHARMACY COLLEGE

AUSTIN, Texas. Two University of Texas pharmacy students had all "A" records for the spring semester, the honor roll, made public by Pharmacy Dean H. M. Burlage shows. They are Cary W. Golaz of Dallas (5917 Kenwood) and Landon W. Stewart of Austin (1505 Nickerson).

The Spring Semester dean's list of honor students includes one youth from Morton, Rodney C. Fralin, son of Mr. and Mrs. A. A. Fralin.

H.D. COUNCIL TO SPONSOR TALENT SHOW JULY 25TH -- FEATURING TV'S BILL MACK

The Cochran County Home Demonstration Council and its member clubs have announced a Bill Mack Talent Show to be held in the Cochran County Auditorium on Saturday night, July 25th.

In addition to an appearance on the Bill Mack TV Show in Lubbock for the winner, a fine list of prizes awarded by local firms has been announced and it will be the biggest list of awards offered here in many a year.

Bill Mack will also provide entertainment in the show which gets underway at 8:00 p. m. A list of the talent to compete is to be announced later.

Admission for the show will be 75 cents for adults, 50 cents

Buccaneer Stamps by Willis Food Store, and a radio, given by Tarver Furniture.

Tickets for the show can be purchased from any H. D. Club member or at the H. D. Agent's office in the County Activity building.

Anyone interested in entering the talent contest is urged to contact

Mrs. Edward Brownlow, of Star Rt. 2 (5 miles south on the Leburne highway). She needs to know the type of entertainment and if any accompaniment will be needed. A deadline for entering -- July 21st, has been set. All contestants are to be at the County Auditorium at 7:00 o'clock on the night of the Talent Show.

LEGAL NOTICE
NO. 180
NOTICE OF BOARD OF EQUALIZATION MEETING
In obedience to the order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Court House in the town of Morton, Cochran County, Texas, from 9 A. M. to 5 P. M., Friday, July 17th; Thursday, July 23rd; and Friday, July 24th, 1959, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Cochran County, Texas, for taxable purposes for the year 1959, and any and all persons interested or having business with said Board are hereby notified to be present.
Lesseys Silvers County Clerk, Cochran County, Texas
Cochran County, Morton, Texas. 8th day of July, 1959 20-2tc

FFA Schedules Swimming Party
A swimming party will be held tonight (Thursday) at 8 p.m. at the Cochran County Pool for all FFA boys and all boys who plan to enroll in the FFA next year. C. D. Knott, advisor of the FFA, issued an invitation to all boys in this group to attend.

CONDUCTING BIBLE SCHOOL
Minister Cecil Williams of the Eastside Church of Christ is conducting a vacation Bible school at Causey, New Mexico, this week.

Five Resign from Local School Staff
At least four Morton faculty members and one worker in the school office resigned their positions with the Morton Schools during the past few weeks it was reported to the Tribune this week.
Supt. Join Barnes was out of town, and no official confirmation was available.
The worker was Mrs. C. D. Knott, who has been secretary in the school business office for the past two years.
The faculty members were Mr. and Mrs. John Brown and Mr. and Mrs. Dick Means.
Brown has been band director for the past two years, replacing John Bealmer. His wife taught in the elementary school. They will move to Lubbock, it was reported, where he will be district manager for the Wesson Oil Co. Means was an assistant coach and junior high teacher and his wife also taught in the junior high. They left early this month for Sanger, Texas, where he will be head coach for the class B school, Means' first head coaching job.
The resignations both came after the last meeting of the school board.

Garden Clubbers Selling Rodeo Program Ads The Cochran County Garden Club met in the home of the president, Mrs. Murray Crone, July 6, for a business meeting.

Roll call was answered with "Garden Tips for July." The Garden Club is selling ads in the rodeo programs this year for the Rodeo Association. Plans were made and discussed for this project. Mrs. Bobby Travis, head of the finance committee, will be in charge of the project. The club members will be calling on the Morton merchants for the next two weeks to sell ads.

Mrs. J. A. Glass was accepted as a new member. A patio party was held in the home of Mrs. Dona Doughty July 14 for the members and their husbands. Three guests were present. Mr. and Mrs. Joe Seagler, and Mrs. Ollie Robinson, the wife of the late Rev. Robinson who was pastor of the First Baptist Church in Morton.

A very delicious dinner was served to the 24 members and husbands present. The menu consisted of fried chicken, potato salad, relish dish, home made ice cream and cake. Mr. Seagler showed the club moving pictures of last years flower show and some of the flower gardens in Cochran County.

REPORTED IMPROVED J. W. Miller, father of Lloyd Miller here, was improved sufficiently this week to leave the Tulia Hospital and return to his home there.

ATTEND FUNERAL Mr. and Mrs. Henry Bedwell and family were in Quitaque Wednesday afternoon attending the funeral of his brother's wife.

Engaged . . .

Miss Dixie Dean Lovelace

Mrs. N. H. Lovelace announces the engagement and forth-coming marriage of her daughter, Miss Dixie Dean to Wayne C. Porter. The wedding will take place at the bride-to-be's home August 21, 1959.

Miss Lovelace, a graduate of Morton high school, attended Texas Women's University and South Plains College and is now employed at the Cochran County ASC office. Mr. Porter is engaged in farming.

Maple MYF Group Wash Cars Today

"Car washin" will be in order today, Thursday, July 16, at the Maple Co-op Gin, under the sponsorship of the MYF of the Three Way Methodist Church. Plans for the event were completed Wednesday night of last week when some 27 youth attended the regular meeting and social of the MYF.

The group has announced plans for a "tacky" party for next Wednesday night, July 22. Regular meeting time is 8 p. m. No set price has been announced for the "car wash" today, but an open invitation has been extended to everyone in the area to bring their auto by.

Methodist Youth Activity Week Opens Sunday

Beginning Sunday, July 19th, the First Methodist Church of Morton will observe youth activities week with a program scheduled every evening, featuring a speaker, followed by refreshments and recreation.

The theme for the week is "Living for Jesus," and it is to be carried out with the following programs:

Sunday, Rev. J. E. Harrel will speak to the group on "Living for Jesus in the Church."

Monday, Bill Glassford will speak on "Living for Jesus in the Community."

Tuesday, Mrs. Bob Ramp will speak on the subject "Living for Jesus in the Home."

On Wednesday the speaker will be Mrs. Joe Seagler, on "World Wide Living for Jesus."

Thursday, Harold Drennan will talk to the group on "Living for Jesus in the School."

Friday, J. W. McDermott will talk to the group on "Living for Jesus in the Business World."

The program will get underway each evening at 8 o'clock. All young people of the community and especially the church workers and sponsors are invited to attend each of the services.

Miss Ava Pierce, Herschel Hancock Exchanged Marriage Vows Saturday

Marriage vows were exchanged in Morton, Saturday, July 11, at 8 p.m., by Miss Ava Pierce and Herschel Hancock.

Justice of the Peace A. D. Forehand read the vows in his home here, uniting the daughter of Mr. Giles Pierce of Lubbock and Mrs. H. T. Clarke of St. Rt. 1, Morton, and the son of Mr. and Mrs. A. H. (Hazel) Hancock of Morton, in marriage.

The bride, who attended Morton schools, wore a polished cotton waltz-length dress with bolero. She also wore a blue rose corsage.

Those present for the wedding included the bride's mother, Mrs. H. T. Clark, and Mr. Clark; a sister, Leta Joyce Pierce; the bridegroom's parents, Mr. and Mrs. Hazel Hancock, two sisters, Melinda Hancock and Mrs. Johnnie Silhon, his grandfather, J. A. Richardson, and Mr. and Mrs. Greg Zielinski, all of Morton.

The couple plan to make their home in Morton, where he is employed at the Tribune as a printer.

He is a graduate of Morton schools.

TO TAKE ANNUAL FIELD TRAINING ON WEST COAST Pfc Herschel Hancock and Pfc Gregory E. Zielinski will be among the area Marine Corps Reservist who will leave from Reese Air Force Base by transport plane, Sunday, at 8 a.m. for Coronado, California, for two week summer training camp at the Amphibious Naval Base, Coronado, California.

A total contingent of 90 officers and men of the 40th Infantry Company will make the trip from Lubbock.

Farm Safety Week July 19 - 25

College Station, July— National Farm Safety Week has been designated for July 19-25, says the Texas Farm and Ranch Safety Council, with the emphasis this year on "Safety Makes Sense". Farm families who continually include safety in their plans and work are aware that "safety that saves makes sense". Safe farming and living saves time, money, sound bodies, carefree hours and even lives, the Council says.

Farm work accidents claim about 3,500 lives each year, more than any other major industry. About 12,000 farm residents lose their lives each year in all types of accident, and another million or more suffer accidental injuries. The accompanying disabilities, miseries and financial troubles emphasize that "Safety Makes Sense", says the council.

It's "Fresh, Clean, Clothes" from Turner Laundry

"Clean clothes, sparkling clean clothes," is the exclamation of pleased women all over the area who have their wash laundry at Turner's Laundry, Morton. The Laundry is located on Southeast First Street just northeast of the Cochran County Hospital.

And ladies who prefer to do their wash themselves, know the convenience of the new wringer-type washers, the new automatics, and the dryers at Turner's Laundry.

Prior to coming to Morton, in 1955, the Turners operated a laundry at Ropesville in southeast Hoekley County.

It was on Sept. 8, 1955, that the Turners opened their present laundry in Morton.

Their pledge to the public then and now is to offer the best of laundry service to everyone.

And for the benefit of those who must keep on the job during the day, the Turner Laundry opens early and closes late.

Wed on October 24, 1955, the Turners have three children at home - Sue, who attends Morton High School; Brenda, 8; and Mickey, 4.

Their spare-time hobbies include fishing, rodeos, and car racing.

But, as you'll notice when you visit Turner's Laundry, the Turners have little time for hobbies.

The laundry keeps them busy. They offer free pick up and delivery service, wet wash, rough dry, and finished work.

(All that's necessary for a wonderful wash is to pick up the telephone and call 2736.)

And that's what more and more area ladies are doing, because Turner's Laundry strives to please each and every customer.

Flowers for All At Morton Floral And Greenhouse

"Flowers for all occasions," is the maxim of Morton Floral and Greenhouse, Morton.

Also, the firm offers attractive lines of pottery, gift items, gift wrappings, candles, ivy, and artificial flowers.

Particularly emphasized is the care given in the designing of table arrangements, corsages, and wedding arrangements.

It was in 1946, that Lem and Jewel Chesher opened a floral shop in Morton - a "novelty" business for a town the size of Morton.

But the firm isn't a "novelty" anymore, as Morton grew, Morton Floral and Greenhouse expanded.

Lem and Jewel accord all their success to their loyal friends and customers.

Both have resided in Morton almost all of their lives. Jewel has lived here since 1922, 10 years before the city was incorporated, and three years before the County was formed. Lem came here nine years later, in 1931.

Before founding the ever-growing Morton Floral and Greenhouse, Jewel taught in the Morton schools and Lem was associated with the State Highway department.

(Although he may not admit it, as goes Lem - a fisher when he can, and to redeos when the opportunity affords.)

In addition to fishing, the Chesher enjoy bowling.

Back to the business at hand - Morton Floral and Greenhouse, the florist where particular care is given every order.

(It's always easy to place an order, be it large or small, just telephone 4451.)

and you'll know your floral message will receive the care such a message deserves.

If you've ever spent time in a hospital, or have been ill abed, you know first hand how important a floral message can be - the care given such messages are among the things that make Morton Floral and Greenhouse successful.

MORTON FLORAL AND GREENHOUSE

Flowers for all Occasions

Mr. and Mrs. Lem Chesher

We serve Morton, Enochs, Bula, Bledsoe, Lehman, Three Way, Baileyboro, Goodland and Whiteface.

We have a nice line of pottery, gift items, gift wrappings, fresh plants and flowers, candles, ivy, and artificial flowers.

We take great pride in designing the special table arrangement and styling the perfect corsage for each individual.

Tigers Win Two From Whiteface In B.R. Loop Play

The Morton Tigers, assured themselves of at least a fighting chance for second place in the Frontier Babe Ruth League, Monday, as they posted a double victory over Whiteface in two five-inning games.

Jeffries pitched a one-hitter for the Tigers as they bested the Cards. Joe Henderson, who also threw a one-hitter. The difference in the game, won by the Tigers, 2 to 0, was the fact that a Card error and a walk and a fielder's choice were bunched together with the lone hit for Morton.

The Tigers had to come from behind to win the second game, 5 to 4. Again it was a real thriller. Whiteface taking a 3 to 2 lead in the third and leading 4 to 3 going into the last half of the fifth frame. Carrasco started, Larry Dupier followed, and Jeffries finished on the mound for Morton and got the victory. DeLeon was the losing hurier.

COURT

(Continued from page 1)

a much higher annual operating cost for the county. With the hospital, the County Activities Building, the cemetery, the park and many other increased expenses facing us, plus an already overburdened budget, we started working on an equalization program.

The state law on assessing property for taxes is that all property shall be taxed according to its value, and that no taxpayer shall be discriminated against. The Court takes an oath they will see that this is done - an oath in which the members swear each item of taxation is based on what they feel to be its true value.

We worked out a schedule of values on farm and ranch property and city property, that we thought represented about 15 per cent of its market value. After working on this problem of equalizing and fixing the taxable values for some two months, we found that we were still short of our budget figures some \$10,000 to \$15,000. So, we applied a ten per cent increase to all local and real property in the county, which made a 16 1/2 per cent of the fair market value the basis for taxation, instead of the 15 per cent we first anticipated.

Every taxpayer in Cochran County will receive a notice of his taxable values being changed.

We, the Commissioners' Court, have cut operating expenses of the county for 1959 & we intend to make any further cuts that will not impair the services you need and have a right to expect.

We, according to law, passed an order, telling the clerk to notify each and every taxpayer of the changes made. We know that the job of equalizing the taxes was not perfect, but in the time we had to do it and the information we had at hand, we did the best we could.

This notice you received gave you two things, the value we placed on your property and a chance to appear before the Commissioners' Court to see for yourself what we did to you, or anyone else's property.

We tried to place the burden of taxation equally on each and everyone's shoulders, according to the value of the property they owned.

I can assure you that this has not been a pleasant task for the Commissioners' Court, but we felt it was a necessary one.

Thank You,
The Commissioners' Court
By Glen Thompson

Home Demonstration Agent

By Miss Leila Petty

4-H RALLY DAY

The annual Rally Day for 4-H Club boys and girls in Cochran County has been set for Friday, August 7.

Four members of the County 4-H Council met in the Extension office with the Agents and planned the day's activities. Attending the planning meeting were Lester Dupler, Council Chairman; Earl Cox, president of the County-Wide 4-H Club; Mary Katherine Miller, president of Morton 8th Grade 4-H Club; and Gloria Peters, delegate from Whiteface Junior 4-H Club. Other presidents and delegates will assist with the Rally Day program.

The day's activities will start with swimming at the County pool from 9:30 until 11:30. Members will eat their sack lunch at the park, weather permitting. After lunch the group will come to the Banquet Room of the County Activity Building for games. Skating will finish the day and probably the members.

The swim will be sponsored by the 4-H Committee but the skaters will bring their own skating money.

4-H DRESS REVUE

The public is invited to attend the 4-H Dress Revue at 3:00 o'clock Tuesday afternoon, July 21, in the County Auditorium.

PICNIC EGGS

Hard-cooked eggs are favorite picnic fare. The easiest way to prepare, carry and keep eggs for outing menus is in the shell, according to Miss Marie Tribble, our Extension foods and nutrition Specialist. This way eggs keep for hours without refrigeration, thanks to the protection of the shell and the papery lining underneath.

But if you plan to serve hard-cooked eggs out of the shell - stuffed, or in salad or sandwich filling - keep them cold from the time they are shelled until they are served. Keep eggs or the egg mixture in the refrigerator until you pack the picnic lunch, then carry them safely in a chilled, insulated or lead food container.

When you buy eggs for hard-cooking, those of top-quality (Grades AA or A) are preferred. Top grades

because of their thick whites and well centered yolks are best for stuffing - both for appearance and because of the white all around the yolk holds the seasoned yolks. However, for cutting up for salad or chopping for sandwich filling, Grade B eggs are suitable.

Finally, to clear up this business of "hard-cooked" versus "hard-boiled" eggs. It's mainly a matter of difference in time and temperature. It takes longer to simmer than to boil eggs, but most people prefer the tender, firm whites of the hard-cooked eggs to the tougher "hard-boiled" texture.

These directions for hard-cooking picnic eggs are made by Miss Tribble: Wash eggs, put them in a pan, cover completely with cold water, bring water to simmering temperature - that is, just below boiling - simmer 20 to 25 minutes, depending on the size of the egg. The chill halts the cooking and helps prevent dark color from forming on the outside of the yolk. To shell hard-cooked eggs, crack the shell and hold the egg under running water. Chill before slicing, if possible; that way the egg is firm and easy to handle.

NEW FOOD STANDARD

Special standards developed by the Food and Drug Administration will make food buying easier for persons on sugar-restricted diets. Under the new standards, the words "artificially sweetened" will appear on canned fruit labels as part of and ahead of the name of the fruit. For example, a label may read "artificially sweetened peaches" (or apricots, pears, cherries, fruit cocktail, or figs). It will also give the common name of the artificial sweetener used, its percentage by weight, and the number of calories in an average serving of the fruit.

DILLED OKRA PICKLES

3 pounds young okra, uncut
Garlic cloves
Large heads of dill and stems
1 quart water
1 pint white vinegar
1/2 cup salt
Pack scrubbed okra into pint jars with a few cloves of garlic and dill

for each jar. Make brine of water, vinegar and salt; heat to boiling. Pour boiling hot over okra. Close jars. Place jars in container such as a water bath canner filled with enough boiling water to cover jars. Place lid on the container and let jars remain in it until the water is cool.
Note: You may add a few celery leaves to each jar if you prefer.

SENATOR ☆☆☆ Yarborough's Report

The public has been amused recently by photographs of large numbers of college students wedged into telephone booths. But when we stop to think that college classrooms and dormitories may soon present an almost similar picture, the outlook is not so humorous.

This is one reason I feel the President's veto of the housing act of 1959 was extremely unwise. By 1965, only six years away, the number of college age young men in the United States will have doubled. Our institutions of higher learning are not growing fast enough to keep up with the demand.

As it passed the Senate, the Housing bill would have provided

loans to help our colleges — \$150 million for classroom construction and \$300 million for new dormitories.

This is not a spending measure but an investment. The loans would have to be repaid by the colleges with interest.

Texas' colleges do not have adequate space for tomorrow's students.

This bill was the first to provide loans for college classrooms. Past laws authorized loans for dormitories — places for students to sleep at night — but no provisions have been made for classrooms — places to go to school in the daytime.

The veto message said the president killed the bill to prevent

competition with private industry, even though private industry is not generally engaged in making loans for college classrooms. Schools are not factories upon which a profit is expected; schools are institutions for the education of our youth. The veto fails to recognize the function of our schools in our society.

In addition, the Housing Act which was vetoed would have extended and expanded the program by which the Federal Housing Administration would help you and your neighbor buy homes, by providing payment insurance.

I am continuing to work in the Congress for some sort of legislation which will help meet the urgent needs of our people today.

— It is not true to say — Everything is being done — unless Chi-ropactic is being included. Dr. L. J. Morrison, D. C., Fortales Rd., Morton.

Senator Preston Smith

Most popular topic of conflict during the current regular and special session of the Legislature has been the general sales tax.

Basically, the two sides are simple. Supporters of a general sales tax contend that it will solve the state's financial problem and spread the tax load fairly.

Opposition to the general sales tax counters with the argument that the tax may raise "too much money" for the state's own good. The opposers of the general sales tax are quick to illustrate their point: that Texas government can have too much money by referring to previous surpluses a "the unhealthy

condition for the state treasury."

The idea is that if the state gets money ahead, carrying a cash balance from one appropriation period to another, it is an irresistible lure not only to spend the surplus but to commit a rate of spending that will put the state right back in the hole.

One illustration of this argument goes back to Coke Stevenson's administration when a surplus of nearly \$100 million piled up during World War II, because at that time there was nothing to buy and few people to hire.

The first session after war controlled conditions had passed not only oaked up the surplus, but called for permanent spending that ate up the reserve in less than two years and started new tax demands and deficit spending worries.

Opponents to the general sales tax say that while the one per cent general tax would cure the present financial situation, the potential revenues from the tax would be so great that it would encourage increased state spending from now

on. They also predict the rate of the tax would be increased time and time again.

Up to now, Texas government has not followed the federal government into astronomical debt, even though the state usually spends more than it takes in through its principal general revenue fund.

House Condemns Proposed Action Of Dept. of Labor

HOUSE CONCURRENT RESOLUTION

WHEREAS, The Agricultural Industry, which includes both farming and stock-raising, is the most important single industry in Texas, for upon it rests the entire economy of this State; and—

WHEREAS, There is within Texas a real and a constant shortage of domestic labor required to perform the work incident to agricultural production and recruitment of labor, both from other areas within the United States and from Mexico is required to secure the production that our State is capable of and which is essential not only to all of the United States and to the people of the world; and—

WHEREAS, The State has by law established and maintained a State agency for the purpose of assisting agricultural producers to recruit such labor, and such agency is not only capable but actually has done a most effective and helpful service throughout the years; and—

WHEREAS, The Federal Government, through the United States Department of Labor has assumed complete control over all problems relating to the re-

WHEREAS, The Federal Government, in doing so, has virtually stripped the State of Texas and all other individual States of all authority in such recruitment and said Department of Labor is now proposing new regulations that would further weaken and subordinate the State agencies and add to the already too great powers of the Federal Government; and—

WHEREAS, The policies and regulations of the Department of Labor, dealing with recruited labor have practically extinguished the individual and personal rights of employers and employees to mutually agree upon the terms of employment which result is most undemocratic and un-American; and—

WHEREAS, The Federal Government, through the United States Department of Labor, has so conducted the matter of utilizing foreign labor from Mexico that it has become impractical and uneconomical for Texas agricultural employers to avail themselves of this source of willing labor that desires and always has desired to work in Texas; and—

WHEREAS, By regulation and through various publicity channels the United States Department of Labor has frequently made it clear that it desires to foster family sized farms and eliminate what it calls "corporate type farms," but its handling of the labor recruitment problem has been so burdensome to small farmers that they cannot use such services and have been forced to sell to larger interests since only these larger interests can economically mechanize their operations and thereby, to a degree lessen their dependence on recruited labor; thus proving that the policy announced by and the practices adopted by the United States Department of Labor are having a result exactly opposite to the purpose announced by the Department of Labor; now therefore, be it

RESOLVED by the Legislature of the State of Texas:

1. It is strongly urged that the United States Department of Labor cease its practice of stripping the State agencies of their Constitutional and Statutory powers and authority to deal with the problem of recruitment of agricultural labor, both domestic and foreign.

2. That the Secretary of Labor for the United States Government is respectfully requested to not make effective the proposed regulations announced by him and dealing specifically with recruitment of domestic agricultural labor.

3. That the United States Government and in particular the Secretary of Labor, be respectfully requested and urged to review the regulations, restrictions, and contracts relating to the employment of Mexican Nationals as agricultural laborers in the United States, and, after such review, to so amend such regulations and contracts as to make it practical and economically possible for agricultural employers in the United States to use such laborers; and, be it further

RESOLVED, That copies of this Resolution be forwarded by the Secretary of the House to: Honorable James Mitchell, Secretary of Labor, to Honorable

Ezra T. Benson, Secretary of Texas, Agriculture, to the United States Senators from Texas and to each Member of the United States House of Representatives from Texas, Ben Ramsey, President of the Senate, Waggoner Carr, Speaker of the House
