MORTON, TEXAS, SUNDAY, AUG. 2, 1959

NUMBER SIX

## PEGUES HOUSTON IS MEMBER OF COCHRAN CO. FHA COMMITTEE

Mr. W. P. Houston of Morton, Texas is the new member of the Cochran County Committee for the Farmers Home Administration. He succeeds Mr. N. B. Burns of Bledsoe, Texas, whose three year term expired June 30.

Mr. Houston has been farming in Cochran County since 1947. His farming operations include both irrigated and dryland crops. He is a graduate of Texas Tech with a major in Agriculture.

Tucker of the Maple Community. There is a Farmers Home Administration County Committee serving every agricultural county in the state. All loan applications must be certified by the Committee before funds can be advanced. The Committee also helps the County Supervisor adapt the agency's loan policy and services to loan conditions.

## Win Two Awards In Same Day

Thursday was a lucky day for the staff of Connie's Gulf Service. Connie Baker, owner, received five silver dollars when he caught the Gatos "Mystery Man" Thursday morning.

The mystery man pulled into Connie's driveway and asked to have his oil checked. When Connie gave the car a complete under-the-hood check, he found a bad radiator belt. After telling the driver that he had a bad belt and recommending a new Gates belt, the driver identified himself as the "Mystery Man" then took Connie's picture which will appear in a magazine which the Gates Company publishes.

The Gates Company uses this "gimmick" to keep station attendants on their "toes," so to speak, when waiting customers. About an hour later, Quinton Hill, one of the station attendants at Connie's Gulf Service, was given 1,000 Capital Stamps, by the Capital Stamp man, at Seaney's Grocery for having a Capital Stamp sticker on his car.

## Prayer Meetings Will Be Held Before Revival

The Three Way Baptist Church is planning its Cottage Prayer Meeting on August 6, 7, and 8th. Meetings will be held in individual homes. Places for the meeting will be announced later.

## Bledsoe Names Superintendent

Although the Tribune was unable to confirm details of the action from a member of the school board, it was reliably reported to the Tribune this week that the Bledsoe School Board has hired a superintendent.

Otis Parr, of Lubbock or Shallawater was named superintendent in action taken early in July, the report stated. Parr taught at Shallawater last year.

Parr is due to take over the duties within a few days it was said.

## DAUGHTER COMES HOME; FAMILY LEAVES ON VACATION

Misses Cynthia Zielinski and Dolores Metzger of Buffalo, N. Y., arrived Thursday on a visit to Miss Zielinski's parents, Mr. and Mrs. Hank Zielinski and family.

The girls will leave today with the Zielinski's on a two week trip to New Mexico and Oklahoma. Cynthia plans to remain in the Southwest after Miss Metzger returns home.

Cynthia has been working in Buffalo since last October.

## CLARKE'S DRY GOODS SUMMER CLEARANCE IS UNDERWAY

Clarke's Dry Goods annual summer clearance is now in progress on the eastside of the square, Morton.

A cordial invitation is extended area folks to drop by and view the bargains.

## Postmaster Tells How to Mark Letters to be Mailed On Special Anniversary Mail Route On August 13th

If you've friends who would appreciate a collector's U. S. Mail cancellation mark, you'd better get busy and take advantage of the Overland Mail Delivery Aug. 13.

Post Master Murry Crone says any envelope marked "Pony Express" and handed into the Morton Post Office now, can be held for the August 13 east bound overland mail delivery.

Or course, you'll want to put a regular "Overland Mail" stamp on it - regular price, 4c.

And if you want a collector's envelope, you can get one for 10c. They may be purchased at Forrest Lumber Company, the Morton Malt Shop, or the Tribune office. The Sheriff's Posse is handling the sale of the envelopes.

Not only are out-of-town requests coming in, but many local persons and firms are planning to mail friends and customers letters that will bear - what 50 years from now may be a real collector's item in the way of a U. S. Mail cancellation mark.

## Services Friday For Infant Son Of Juan Chapas

Funeral services were held Friday morning at 10:00 o'clock, at graveside, for one-month old Roberto Chapa, son of Mr. and Mrs. Juan Chapa of Bledsoe.

The infant, born prematurely June 21, died at 4:00 a. m. Thursday, July 30th at the Cochran County Hospital after a two day illness.

Minister Cecil Williams conducted the graveside rites and burial in the Morton Memorial Cemetery was under the direction of Singleton Funeral Home of Morton.

Survivors, in addition to the parents, include the grandfather, Jose Chapa of California, the maternal grandparents, Mr. and Mrs. Celey Lopez of Lamesa; three sisters and two brothers.

## Cecil Lyons Resigns Pct. 2 Constablenesship

Constable Cecil Lyons of Pct. 2 (Whiteface), announced his resignation, Friday to the Tribune.

Lyons, who has served as constable for the past 7 years at Whiteface, said he turned in his keys Friday.

The ex-constable said he was accepting a job at Beck's Gin at Whiteface and felt it was a better position for him.

Lyons is also a long-time member of the Whiteface Volunteer Fire Department and recently, along with another member of the Whiteface Dept., attended Fire School at College Station.

There was no announcement as to a replacement for Lyons who expressed his sincere appreciation to "the grand folks at Whiteface for all of their cooperation since I have served them as Constable."

## Progress Noted On Buildings

Progress appeared to be going well, Friday, on two buildings under construction in downtown Morton.

The building on the northwest corner of the square, being constructed for Henry Bedwell, appeared to have its east and west walls nearly complete and workmen were laying the brick for the south wall, which will be the front of the building.

The new clinic, being built across the street from P and B Automotive, is also well underway. On Wednesday, the foundation and flooring, with plumbing pipes installed, was complete. The bricks for the outer wall were also unloaded on the premises.

WHILE IN MORTON - Grand Master Randall E. Briscoe of the Texas A. F. & A. M. Grand Lodge, left, presents W. A. Brasher of Levelland a 50-year gold service award from the Grand Lodge. The Grand Master, the first to ever visit the Morton Antelope Lodge, spoke later to lodge members from throughout the 94th Masonic District. Gene Huggins, worshipful master of the local lodge, introduced the Grand Master.

## GEORGE C. CORLEY IS ASST. SUPT. OF COCHRAN COUNTY FHA OFFICE

Walter T. McKay, State Director, Dallas, has announced the appointment of Mr. George C. Corley as Assistant County Supervisor in the local Farmers Home Administration Office. Mr. Corley entered on duty July 27, 1959.

Mr. Corley is a native of Nacogdoches, Texas. He attended the University of Houston, Houston, Texas, and has both his B. S. and Masters degree in Agricultural Education from Stephen F. Austin State College. Mr. Corley has previous Federal experiences with FHA as Assistant Emergency

loan Supervisor at Nacogdoches, Texas and Agricultural Marketing Service as Poultry Inspector at Jasper, Texas.

## Ex-Marine Now Barbering Here

Another Morton ex-Marine has come home to "root" in Morton it was noted recently when Jimmy Lindsey, son of Mr. and Mrs. Cecil Lindsey, now of Maple, turned up holding down one of the barber chairs at Dock Long's shop on the south side of the square.

Jimmy, who attended Morton schools, recently got out of "the Corps" and attended Barber School at Amarillo.

Jimmy is now married and the couple have one child, a girl Mari, age 16 months.

Mrs. Lindsey is the former Peggy Daughitt from Corpus Christi.

## Shop in Morton DOLLAR DAY MONDAY

## CLYDE STRICKLAND NAMED PASTOR OF CHURCH OF CHRIST, 202 S.W. 2ND

Clyde Strickland of Lufkin, Texas, will take the pastorate at the Church of Christ at 202 Southeast Second St., sometime next week, it was announced by a member of the church.

Minister Strickland, who conducted a meeting here last summer, was in Morton Wednesday with his family and announced he will move to Morton sometime this week. The congregation is in process of remodeling the parsonage before the Stricklands move in.

The minister is a cousin of R. C. Strickland, one of the members of the church and a long time Morton resident. He had previously preached in Van, Texas, in Oklahoma and Arkansas. His parents live in Arkansas. The family is reportedly taking a brief vacation in Arkansas, before moving here.

Minister Strickland and his wife, Inez, have seven children, six sons and a daughter. One boy is in the Navy. The others are

## Lodge Planning Plate Supper

The Pride of Morton Masonic Negro Lodge, No. 397, will sponsor a plate supper with entertainment, Saturday, August 8th, at the New Trinity Baptist Church.

L. D. Burrell, Worshipful Master of the local lodge, has invited everyone to attend. The plate suppers will sell for \$1.25 and will be served at 8:00 o'clock. Entertainment will follow.

Proceeds from the supper will be applied on the construction of a lodge hall for the Pride of Morton lodge.

WILLIAMSON INSURANCE AGENCY  
OFFICE HOURS 8 - 5  
PHONE 5691 MORTON

MORTON OFFICIAL - Lt. Col. Homer Thompson of Morton, right, commanding the 413th Civil Affairs Military Government Company, checks training schedules with Major Veal Curry of Abilene, executive officer of the 490th Civil Affairs Military Government Company. Their units will return from two weeks' summer training at Fort Bliss, July 25. Col. Thompson, a veteran of 28 years in the Army Reserve, is county agricultural agent for Cochran County.

## Signs Intent Letter At Junior College In La Junta, Colo.

Perry Don Seany, son of Mr. and Mrs. Elma Seany of Morton, and a 1959 graduate of Morton High School has signed a letter of intent to enroll at Otero Junior College, at LaJunta, Colo.

Seany, who was backfield man for the Morton grid team and also played basketball and ran track, will report to the school Sept. 1st, when the grid workouts begin.

The school, which enrolls about 500 students, has been playing football three years and last season, with a 9 - 1 record, was in the top five junior colleges in the nation.

## Earl Smith Resigns

Earl O. Smith Jr. has resigned as Work Unit Conservationist with the Soil Conservation Service here effective 7-26-59.

## Hamburger Fete Set at 3-Way

The Deacons of the Three Way Baptist Church, along with their families, will be honored with a hamburger supper and get together afterwards by the pastor and his wife on Monday evening, August 3.

## Rev. Steadman Conducts Revival At Mt. Selman

Rev. Austin Steadman, pastor of the First Missionary Baptist Church, Morton, will leave Sunday night for Mount Selman Baptist Church, 14 miles north of Jacksonville, where he will conduct a revival continuing through August 9th.

Rev. Steadman plans to go from Mt. Selman to the National Encampment at Latham Springs, near Hillsboro, for four days, August 11 - 14.

He plans to be back in Morton for the Sunday services on Aug. 16th.

## Revival to Open At 3-Way Baptist On August 9th

Rev. Howard Lyons, pastor of the College Heights Baptist Church, Plainview, Texas, will be the evangelist for a revival at the Three Way Baptist Church, Maple, Texas. Dates of the revival are August 9-16. Time for the morning services has been set at 9:30 a. m. Evening services will be at 8:30 p. m.

Tommy Lyons, a high school junior and son of the evangelist, will have charge of the music.

Rev. Lyons has been pastor of the College Heights Baptist Church for some three years. Prior to that time he held pastorates at Paducah, Texas and White Deer, Texas, among other places. He is a graduate of Hardin Simmons University and a former employee of Phillips Petroleum Co. a job which he left to enter the ministry.

Byron D. Hardgrove, pastor of the Three Way Baptist Church, extends a cordial invitation to everyone to come hear this spiritual man of God.

## June Sales of Savings Bonds Show Increase

Mr. W. W. Williamson, Chairman of Cochran County's Savings Bonds Committee, reports that June bond sales in Texas were 11.4 per cent greater than May sales. Bond sales in Cochran County totaled \$18,438.00 for the first half of 1959. This represents 35.4 per cent of the year's goal for the county.

Sales in Texas for the first half of 1959 were \$81,960,468 or 44.9 per cent of the year's goal of \$182.5 million.

"The fine sales increase shown in June points up the fact that thousands of Texans are interested in an investment where their principal and interest are fully guaranteed by the U. S. Treasury Department. I believe strongly in the bond slogan 'Part of every American's saving belongs in Savings Bonds', Williamson stated. "More Texans should take part in the Savings Bonds program, not only as a tangible expression of patriotism, but as a practical way of saving for the future personal security," chairman W. W. Williamson concluded.

## Revival Continues At Enochs Baptist

A revival series which started Friday at the Enochs Baptist Church will continue through this week, concluding with the services next Sunday, August 9th.

Gene James is the evangelist and Don Collins is leading the singing.

Services are being held at 7:00 a. m.; evening prayer services at 7:45; and evening services at 8:00 o'clock.

Sunday services are at 10:00 a. m. and 7:30 p. m.

Rev. J. J. Terry, pastor of the church, sends out a cordial invitation to all to attend the services.

## Singing Set For Eastside Church

The East Side Church of Christ will be host to the area monthly Church of Christ sing, Sunday Aug. 2nd.

# TEXAS BANKS FURNISH MAJORITY OF CREDIT FOR TEXAS FARMERS, BANKING REPORT REVEALS

Texas banks were serving farmers and ranchers with more credit than any other group of lenders on January 1 of this year, according to W. W. Williamson, President of the First State Bank, Morton, who represents the Texas Bankers Association as Cochran County's Key Banker. During 1958, the state's banks maintained their leadership in agricultural credit services. Texas bankers were helping farmers and ranchers with \$331,443,000 in loans — 7 per cent more than a year previous. The total included \$280,152,000 in production loans and \$42,291,000 in agricultural mortgages. On the same date, \$290,055,000 in agricultural loans were held by insurance companies; \$211,063,000 by Federal Land Banks, \$90,221,000 by Production

Credit Associations, and \$62,850,000 in nonreal estate loans plus \$32,842,000 in real estate loans by the Farmers Home Administration. About two-thirds of the production credit extended by lending institutions to Texas farmers and ranchers came from banks.

Mr. Williamson said that "more and more the banks in Texas find that farmers and ranchers need a new type of credit to help finance the rapid increase in capital requirements. To meet this changing need, banks in Texas now make larger farm loans, and an increasing amount of agricultural credit is on an intermediate-term repayment basis.

"Intermediate-term loans are most frequently needed for machinery and equipment, livestock, soil improvements, additional land, and refinancing short-term notes. Over one-half of all real estate credit is used to finance those intermediate-type capital expenses.

"As a future service to help farmers and ranchers improve their operations, about one-third of all other bank agriculture loans have a repayment program longer than one year. Banks serve farmers and ranchers with far more intermediate-term credit than any other group of lenders."

### Cards of Thanks

**CARD OF THANKS** — We want to express our thanks and appreciation to our friends and neighbors for the food that was brought in, for every deed of kindness, for every word of sympathy, and for the flowers during the loss of our loved one.

Also, we wish to express our appreciation to our friends who sent a contribution to Boys Ranch in memory of our loving husband and father, Jack Lowe.

The family of Jack Lowe

### Take Part in LCC Golf Meet

They call it the Tee-Par-Tee, golf tourney, held at the Lubbock Country Club annually, with members and guests, and the name denotes the enjoyment usually had by those participating.

Again this year, Neal Rose, is the guest of the former Mortonte Dr. Norman Monk, in the tourney and Neal and his wife are taking the occasion to make it a four day vacation.

"In fact," said Neal as he left Thursday, "we've rented a motel room, instead of staying at Norman's house, making it seem more like a vacation."

The meet opened Thursday and will conclude today (Sunday).

### COACH AT PEP RESIGNS RECENTLY

Bob Bouldin, who coached the Pep athletic teams this past school year, recently resigned his position to enter another business in Lubbock, according to Supt. McDaniel.

### Winner of Scholarship WTCC Announces

Arlene July — A \$250 college scholarship will be awarded Brenda Elliott of Munday for winning the fifth annual essay contest of the West Texas Chamber of Commerce Industrial Development Committee. E. L. Buelow of Abilene has announced.

Buelow, chairman of the committee, said Miss Elliott edged by entries from Jerry Carlton of Hamlin, which was judged in second place, and from Paul Branson of Bowie, which was judged in third place.

### It's the law — IN TEXAS

It's a good idea to give written consent for necessary medical care if your child leaves home for a visit or a camping trip, or if you plan to be away for any length of time.

For example a summer camp a nurse may bring a boy into the hospital with an acute case of appendicitis. But the doctor may well hesitate to go ahead and operate without the parent's consent.

Is the doctor arbitrary, and is such permission just a legal technicality? No, he is well within his rights, though he may give first aid — but only for emergency treatment where a child's health or life may be at stake. He is likely to put off follow-up care until he can reach the child's parents. A relative or baby sitter generally cannot grant consent for a child's treatment.

Even an adult must request treatment and grant consent to medical care on his own before a doctor can give it to him. Children cannot do this.

By going to your doctor you show your willingness and consent to accept his treatment. Your consent is assumed also when you ask for a house call by the doctor, or if as a result of an accident you come to a hospital for emergency treatment. If you are unconscious, the doctor may well give you emergency care, yet later he should get your consent to further treatment.

Minors cannot consent to medical treatment, and except in dire emergencies their parents or guardians must give it for them.

The consent should not be broadly or loosely phrased, but should be as specific as circumstances permit.

The principal reason for having the consent in writing is to avoid later misunderstandings. It is a protection both to the patient and physician.

(This column prepared by the State Bar of Texas, is written to inform not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because of a slight variance in facts may change the application of the law.)

## MONDAY IS DOLLAR DAY

### Colorado Sheriff Regretfully Finds Not "Too Old" to Get Polio — at 38

John Freeland, 38, Estes Park, Colo., didn't get Salk shots because he was "too old" to get polio. Stricken on March 3, he is Colorado's first polio victim of 1959.

Thus reads an article in the National Foundation News. Mrs. Freeland has asked newspapers to print the story, saying: "The publication of my husband's story may help the people of your community avoid such an unnecessary tragedy."

Appearing in the Foundation News is a picture of Freeland.

# Highlights and Sidelights FROM Your State CAPITOL

**TEX. -- Texas' 56th session** -- Texas' 56th session and 180th day of its main job -- providing for state government -- ended.

Price Daniel called a session to begin just hours after the last one ended. Members repeated voting tax bills presented by conference committees of voted favorably each time.

House rejection was by 81-64. This was on a tax tobacco, natural gas, motor vehicles, boats, motors, airplanes, TVs, phonographs, and liquor by the drink clubs.

Wagoner Carr named House conference composed of members who voted against the bill. They had the same Senate conference that had worked twice.

Change in the report was private club tax was cut and the radio and TV tax increased.

Rejected it again, this time by 81-64.

Conferences and more followed in the final hours. All futile! None made apparent progress toward passing the basic bone of the session, whether to tax gas. House favors this "severance beneficiary" tax by a narrow margin.

With his call, Governor issued a sober warning. A tax bill is passed and (requiring a two-thirds vote) by Aug. 15, there is time or money to get checks to 225,000 aid age.

**DOES BACK DOWN** -- The session, short-tempered in the wind-up of the session, Speaker Wagoner Carr had a target for his frustrations and pressures had worked to get the House to accept the Senate-passed bill. When the House turned down Carr said that "defeat" was a red flag to members already sensitive to public opinion of a "do-nothing Legislature." For several days they stood. They accused Carr of thwarting the will of a House majority, talked of voting

him out of the speakership.

In a dramatic showdown, Carr stepped down from the rostrum and challenged his critics to remove him if they thought it would make things any better.

Nobody accepted his dare. A few minutes later, on motion of Rep. Joe Burkett, the man Carr defeated for the speakership, Carr was escorted back to the speaker's chair.

And the wearing legislative battle began again.

**STUDENT FEE BILL OKAYED** -- A bill to require state college students to pay an activity fee passed both houses by very narrow margin.

Measure would allow the colleges to charge students up to \$30 a semester to support health services, book rentals, cultural and athletic events, campus publications, parking, etc.

Any college may exempt from the fee up to 10 per cent of its enrollment. In cases where the charge would cause "undue financial hardship."

The bill was hard-fought. Opponents declared it would make "free public education" available only to the rich. Backers said the colleges had to have more money. It was estimated the bill could bring in as much as an extra \$1,000,000 a year.

**BEACH BILL PASSES** -- Both houses passed and sent to the governor a bill guaranteeing public access to state-owned beaches. It took a conference committee to work out the differences between House and Senate ideas.

As finally passed, the bill says the public shall have the right to come and go from public beaches. No one, it says, shall erect a fence or barrier to prevent this.

Beaches that cannot be reached by public road or ferry are exempt.

**WAIT, YOUNG LOVERS** -- Governor Daniel's expected signature on a newly passed bill will put a damper on the elopement plans of Texas teenagers.

It will require boys under 21 and girls under 18 to wait three days after obtaining a license to get married. Also, to get the license, the youngsters must be accompanied by parents or guardians.

Some lawmakers said it would mean more running across the state line to marry. However, Oklahoma recently passed a similar law.

**NEED MONEY FIRST** -- Amid the legislative tax deadlock, the Commission on Higher Education decided to stop studying new money-spending programs until there's money to spend.

Commission's job is to determine needs of the state's colleges and universities and make recommendations to the Legislature. Expanded programs and new degrees are being sought by many schools. But when the Commission met, there was no money in sight even to open the schools next fall, let alone expand them.

Commission resolved to "approve no programs which entail additional expenditures until such time as monies are provided for the programs and offerings already in existence."

**OIL QUOTA KEPT DOWN** -- Texas oil allowable will be held down to nine producing days a year for August.

Rail road Commission ordered the same production as for July -- 2,700,164 barrels a day on a nine-day schedule.

Major oil purchasing companies and independent producers were virtually agreed that production must be kept low to reduce excessive stocks.

**WATCH THAT PAINT** -- If someone slips on a strip of wet city paint, is the city liable for personal injury damages? State Supreme Court has this issue under consideration in a case that could affect all Texas cities.

City of Austin is being sued for injuries of a person who slipped on fresh paint marking a car parking slot. Lower courts held the city was liable.

**Nike Service Available for Army Recruits** -- Service at Nike Guided Missile bases including the Dallas-Ft. Worth region now is available for qualified Army recruits, M/Sgt. Forrest D. Pesch of the Army Recruiting Station, in Lubbock said today.

Sgt. Pesch said those who wish to enlist for Guided Missile training may choose their metropolitan area of service. He added that the office here has had numerous inquiries about service in the Dallas-Ft. Worth region, but that area only now is being opened for enlistment of non-prior service personnel.

Other Guided Missile areas open for assignment by September 1 are Washington, D. C.; Chicago, Illinois; Gary, Indiana; and Los Angeles, California.

For additional information contact Sgt. Pesch on his normal visit to this town or at 1110 Texas Ave., Lubbock, Phone (collect) POrter 3-2821.

**VISIT FORMER COUNTY RESIDENTS, IN WYOMING** -- County Judge and Mrs. Glenn Thompson are on vacation this week in Thermopylae, Wyo., where they are visiting Dr. and Mrs. G. R. Spiller. The Spillers are former residents of Morton. The Thompsons, who left last Saturday, plan to be gone about two weeks.

**Who is to blame for Texas' lack of action on raising additional money to finance the state's government?**

After six months of work, including the special sessions, frayed tempers here in Austin have circulated the blame for delay of a new tax program.

Governor Daniel blames the lobby -- House Speaker Carr blamed "obstructionists" in the House -- and the House, in occasional flurries, blames the press and black headlines.

Actually, the real issue it seems is a severance beneficiary tax on natural gas vs. a production tax on natural gas. The opposition to both types of natural gas taxes has clashed in many legislative skirmishes during the 56th Legislature.

One Austin columnist calls this natural gas tax dispute, one of the principal issues that have delayed tax action.

He pinpoints the natural gas dispute as costing time, money and tempers in the Legislature.

The gas tax issue has been camouflaged in many voting bouts by side issues, he said, and that Texas gas-wise "is split between producers, pipelines, industrial users. It is strictly a lobby fight, pro and con, carried on through the Legislators who have to vote on the issue."

With the gas tax issue, and hundreds of other Legislative problems, capitol observers were not surprised when Speaker Wagoner Carr stood before the House and challenged his opposition to "put up or shut up." It was bound to come out of all the Legislative confusion, they said. Carr learned of rumored action to impeach him, and in a personal privilege speech, told the House, "I recognize that this move has been prompted by those who seek the opportunity to politically kill me because they envision me as a statewide candidate some day who does not share their political philosophy."

The House, following the address, sent a committee to escort Carr back to his rostrum.

Some other legislation besides taxation has failed to be completed thus far in the "race with the clock" in one regular and two special sessions of the 56th Legislature.

The legislation involved the state's landowners, sheep, goat and cattle raisers, and sportsmen and hunting lease owners.

After six months of work, to get some "bugs" out of the bill, the measure is a move to protect a particularly obnoxious form of trespassing.

Need for the legislation grew out of a lucrative promotional racket several years ago, in which a lot of people discovered they could sell two and one-half to ten acre tracts in Texas to people over the nation. The land, worth from one dollar to \$5 an acre, was sold for upwards of \$200 per acre. Small landholdings were bought up entire and "subdivided." One location, mentioned in studying the measure, was the sale of the square-mile atop of a mountain at Marathon. The land atop the mountain was inaccessible. Sue's sites were sold to people throughout the nation and abroad.

Meanwhile, actual ranches were being enlarged.

The result was several hundred tiny "islands" of land owned by non-residents within the precincts of the large ranches. The big ranch owner is required by law to allow the plot-owner to cross the land.

To capitalize on the hunting rights market, smart people in counties here these "islands" of land exist, went to the deed records and got the names of non-residents owners. They then leased the tiny plots for hunting. Hunters, once on such a "lease," didn't confine their hunting to the tiny "islands" but used the surrounding ranch areas. The confusion and destruction of land animals is being solved, legislators believe, by the not-yet-completed bill.

HONORED AT COFFEE

Eight Morton school teachers hosted a coffee recently at the home of Mrs. Pat Hatcher, for Mrs. Irene Day.

Hostesses for the coffee held from 9:30 a. m. to 11:00 a. m. were Mesdames Connie Gray, J. C. Shelton, Neal Rose, Iva Williams, Bessie Man'ian, Tokey Doty, Glenn Thompson and Hatcher.

# Home Demonstration Agent

by LEILA PETTY

**DISTRICT DRESS REVUE**  
Lois Courtney and Laquita Masten will represent Cochran County in the district dress revue at Lubbock on Friday. The girls, their parents, leaders and Extension Agents will be attending a luncheon and revue at the Student Union Building at Texas Tech at noon. The luncheon is sponsored by the Plains Coop Oil Mill.

**SUMMERTIME SNACKS FOR TEENAGERS**

Do hungry teenagers raid the refrigerator and keep the cupboard bare? If so, it is suggested that you keep plenty of milk and dairy products on hand at all times.

These foods are favorites with teenagers. . . What's more important, dairy products are especially rich sources of the protein, minerals and vitamins needed by boys and girls during these years they're growing so fast.

A French toasted cheese sandwich hits the spot as a late evening snack. Simply put a slice of American cheese between two slices of plain or whole wheat bread, dip entire sandwich into a mixture of beaten eggs, milk, salt and pepper, and brown in butter in skillet. With a glass of good cold milk, this would make a perfect ending to an evening of fun and activity.

For something sweet, try this Orange Fluff. Put one-half pint vanilla ice cream into a large bowl and let soften a little. Add to the ice cream one can frozen concentrated orange juice and two cups cold water. Beat with

rotary egg beater or electric mixer until fluffy. Pour at once into tall, cold glasses and top with the remaining one-half pint of ice cream. For party refreshments, add a half slice of orange and sprig of mint. Makes six servings.

Thick milkshakes can be quickly made with your electric mixer and flavoring into mixing bowl slightly softened ice cream, milk or a rotary egg beater. Just put and beat until fluffy.

**PUT VALUABLES IN ORDER BEFORE VACATION**

Planning a family trip? If so, it is suggested you put aside the road map and travel folders long enough to place valuable household papers in order.

Loss of a valuable paper from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, family records of birth, marriage, citizenship, military service, deeds, leases promissory notes and other documents.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up-to-date. One copy can be placed in the bank box and the other kept at home. You'll be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

If you carry traveler's checks, don't forget to make one or more lists of check numbers to be carried separately from the checks.

**PRESERVE PICKLES AND RELISHES**

Summer vegetables and fruits make delicious pickles and relishes. With a large variety and supply of vegetables to choose from, now is the time to stock up for future use.

Everyone likes some form of pickle or relish. The color, crisp texture and tangy flavor often add sparkle and zest to a meal which might otherwise be uninteresting. They add food value.

too, some minerals and vitamins, especially A and C. Ask for a copy of the B-188, "Pickles and Relishes", at this office. You'll find many of your favorite recipes, and new ones, too, using a variety of fruits and vegetables now available. The recipes are for brined as well as quick pickles.

**4-H PEP RALLY SET FOR FRI., AUG. 7**

A Cochran County 4-H Rally Day will be on Friday, August 7th, at the Swimming Pool and County Park.

The special event begins at 9:30 a. m. with swimming until 11:30 a. m. according to information released by the two Extension Agents. A sack lunch will be eaten in the park at 12:00 noon, if weather permits. If not, the lunch will be eaten in the County Activity Building.

Council games will be played following lunch and the affair will wind up with a skating party from 3:00 to 5:00 o'clock.

All 4-H members are cautioned to bring the lunch, the money for skating and cold drinks. Swimming is free.

**MINISTERIAL ALLIANCE TO MEET AUGUST 4th**

The ministers of Morton and Cochran County area will have their regular monthly meeting this coming Tuesday, August 4, at the Methodist Church in Whiteface. Rev. R. L. Bowman, pastor of the host church, will be in charge of the devotional to be followed by the business session. The meeting begins at 10 a. m.

You may like this DILL PICKLE recipe found in a favorite cook book:

**DILL PICKLES**  
Sterilize four 1 quart jars. Place in each jar:  
1 clove garlic  
6 pepper corns or 1 hot red pepper  
3 or 4 cloves  
1 sprig dill with seeds  
Scrub well then dry 1/2 peck straight 3" cucumbers. Pack them closely into jars.  
Bring to boiling point;  
2 quarts cider vinegar  
1 quart water  
1 cup coarse salt  
Fill jars with mixture. Seal. Let pickles ripen at least 5 days before serving.

## SENATOR ☆☆☆ Yarborough's Report

This nation has just started to learn about the hazards of radioactivity that accompany its vast new resources of nuclear power.

It is because of these hazards and the fact that even our scientists do not know too much yet about the dangers of radioactivity, that I have been against the proposed dumping of radioactive wastes in the shallow waters inshore in the Gulf of Mexico.

The problem should be carefully studied. A great deal more information is needed before we fill our waters with material which scientists tell us may prove harmful to our children and their children for 100 or 200 years. Re-

cent news articles have told how some of our nation's stream have been dangerously polluted by radioactive waste. I don't feel we should make this mistake again, and pollute more water.

The fact that the dumping of these radioactive wastes in the Gulf was proposed without all the necessary information being gathered first shows the need for someone to look out for the public's interests.

Some of the agencies which work with radioactive materials are now held responsible for protecting the public only from an overdose of radiation resulting from that agency's activities. There is not now any one ag-

ency which is responsible for the overall protection of the public.

To correct this dangerous situation I am supporting a proposal by Senator Lister Hill and Congressman Kenneth Roberts, both of Alabama, to make the United States Public Health Service responsible for safeguarding our people against the hazards of all types of radiation.

The measure calls for setting up standards of radiation protection. It would instruct the Surgeon General of the U. S. Public Health Service to confer with federal, state and local authorities and submit to Congress, not later than February 28, 1960, a program for the control of radiation hazards from all man-made sources.

In addition, research and training programs would be established to explore this vast and vital subject. A National Advisory Council on Radiation Hazard Control would include the Surgeon General, the Secretary of Defense, the Chairman of the Atomic Energy Commission, the Director of the National Science Foundation and others.

We are dealing with a power which, if not kept within bounds, could destroy and horribly change human life. We must be certain the public is protected.

A proposal which opens educational and job training benefits to some 4,000,000 veterans, the Post-Korean or Cold War G. I. Bill, awaiting action by the U. S. House of Representatives after passing Senate by a substantial 67 to 21 margin.

This measure is a sound economic and educational investment, and is an example of understanding between our government and the young men who are fighting the Cold War at distant posts. I am hoping key members of our Texas delegation will guide the measure through to passage in The House.

This bill, which I had the privilege to sponsor is closely patterned after the Korean G. I. Bill. It will assist hundreds of thousands of Americans to help themselves by preparing them to earn better livings. This added training will also help increase our national productivity.

As the measure was passed by the Senate, it provided that grants for college training will be continued after the first year only if the veteran is in the upper half of his class.

Those who fall in the lower half of their class may continue in school, but they receive their assistance under a government loan program.

The measure takes up where the Korean G. I. Bill left off, January 31, 1955, and runs through July 1, 1963, when the current draft law ends. It provides a monthly allowance for full time training at the rate of \$110 a month for a veteran without dependents, \$135 monthly for a veteran with one dependent, and \$160 per month for a veteran with more than one dependent. It also provides vocational rehabilitation training for veterans with service-connected disabilities, and a loan guaranty feature for loans on homes, farms, farm homes, and farming equipment and livestock.

Our young people interrupt their lives, their education or job training and careers to man America's and the Free World's defenses. This bill would show them our nation sincerely appreciates their sacrifices and is working to help them overcome the time loss and to make a better life for all of us.

— It is not true to say — Everything is being done — unless Childraprotec is being included. Dr. L. J. Morrison, D. C., Portales Rd., Morton.

Dear Friend:  
The charge that this Congress is composed of free-wheeling spenders is a phony charge. It is a propaganda charge. It is an unfair charge.

Let's look at the record:  
The Congress traditionally, since the first Congress in 1789, appropriates - - generally speaking - - less money than the President asks it to appropriate.

Since President Eisenhower took the oath of office, the Congress has cut his appropriation requests by more than \$10 billion. Fat has been trimmed out of every budget.

This year, the Congress has passed six appropriation bills and sent them to the White House.

Those bills total \$22 billion less than what the President asked. So,

the Congress has cut \$22 billion in fat out of the six bills handled thus far this Session.

Some bills will be increased. This includes the appropriation for Defense. We will increase the Health bill. And Congress will probably increase - - above what the President asked - - the appropriation for Public Works. These are three appropriations that will be increased by the Congress. And a majority of the Congress believes these increases are vital to the country.

But the Congress will probably decrease all the other 13 appropriations.

When a summary is made, when the record is completed and the net result is known, the Congress will have appropriated, in my opinion, less than the President asked the Congress to appropriate. On November 18, 1958, I told the President at the White House that I believed Congress would cut his budget as much this year as we did last year.

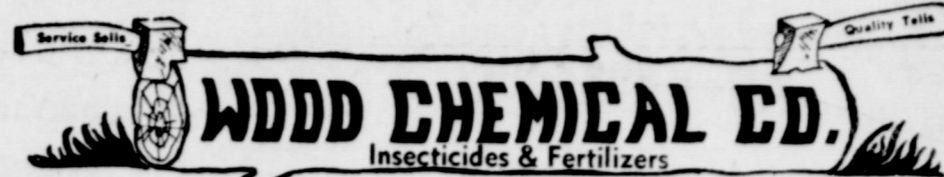

Some people talk about back-door financing - - which simply means borrowing on the Treasury. The largest bit of back-door financing that has been approved by this Con-

gress is the \$4-and-a-half billion International Monetary Fund and That, certainly is not the story that the President asked for for the the World Bank. of a spendthrift Congress.
