VOLUME NUMBER NINETEEN MORTON, TEXAS, THURSDAY, AUGUST 13, 1959 NUMBER TWENTY - FIVE

3 DAY RODEO UNDERWAY HERE TONIGHT

Mother of Former Resident Passes Away

Funeral services were held at Wichita Falls, Wednesday, August 5th, for Mrs. W. M. Gardner, mother of Mrs. L. B. Kelso of Levelland.

The Kelsos are former Morton residents and Mrs. Gardner had visited in Morton.

Mrs. Gardner, who lived in Wichita Falls, died Tuesday, August 4th. Burial was also at Wichita Falls.

Mr. and Mrs. Kelso were in Wichita Falls for the funeral.

P-TA PLANNING MEETING, TUESDAY

A called meeting of the officers of the Morton P-TA has been announced for Tuesday afternoon at 4 o'clock in the Morton School Board Room in the Junior High building.

Brother-in-law Is Electrocuted In Power Mishap

Mrs. W. W. Williamson left Morton Wednesday for Fayetteville, Ark., to attend the funeral services today for a brother-in-law, Cecil Hunter, who was killed Tuesday morning when he came in contact with a high voltage electrical line.

Making the trip with Mrs. Williamson are her mother, Mrs. S. B. Admire of Dumas, and a sister, Mrs. Jack Brumley of Amarillo.

Mr. Hunter, about 40, suffered the fatal accident while working as a welder at Fayetteville.

A second man, working with Mr. Hunter, suffered serious shock in removing Mr. Hunter from the high voltage line.

Besides his wife, Mr. Hunter is survived by three daughters and a son ranging from 3 years to 17 years.

Investment Club Meeting Postponed

The regular second Thursday night meeting of the C&I Investment Club has been postponed to Thursday night, August 20, due to rodeo activities this week.

School Opens at Pep, August 30th Complete Faculty Has Been Hired

Pep School will officially begin on August 30 and close, if the weather permits, on May 18, 1960. Official teachers holidays will be Thursday and Friday at Thanksgiving, Friday of TSTA meeting in March, and Good Friday and Monday at Easter. School will dismiss for Christmas with the closing of classes on Wednesday and resume on Monday after-New Years. Grade school graduation will be held on May 19 and High school graduation on May 20.

Apologies for Mis-statement

The Tribune regrets a mis-statement concerning the item that is causing the contract tie-up between Five Area Telephone Cooperative and General Telephone Company of the Southwest, upon which hinges extended area phone service.

The statement should have read that the item causing the disagreement is a settling fee of some \$500 annually, instead of \$500 monthly.

Texas Rangers Aid In Arrest of Two Men Charged in Saddle Thefts

Cowboys all over this area have been getting ready for the 9th annual Texas Last Frontier Rodeo for the past few weeks but two of them took too much for granted last week.

A couple of "cowboys" made a surprise visit to the Middleton Ranch, 19 miles south of Whiteface, Wednesday, August 5, and "borrowed" two saddles belonging to Graden Swaner, foreman. It also, seemed, according to the Sheriff's Department, "there was little intent to return the goods."

Texas Rangers, assisting local officers in the case, put a temporary halt to the cowpokes' rodeo plans . . . or whatever other plans they might have had . . . when they arrested Danny Michael Seeley and Kenneth Earl Mires in Lubbock, Saturday.

It was also discovered that the men had taken a pair of saddles at Tahoka.

To Conduct Area Revival

Rev. Houston Walker, pastor of the First Baptist Church here, will begin a revival meeting Friday night, August 14, at the Pansy Baptist Church near Crosbyton. The meeting will continue through August 23.

Rev. George W. Fine, a former pastor in this area who has relatives at Enochs and Morton, is Pastor of the Pansy Church.

Harold Drennan will preach at the First Baptist Church Sunday morning and that night August 16. Leading the singing will be John Walker.

On the morning of Sunday, August 23, Rev. Robbins of Levelland will conduct the services. Rev. Walker will be back for the night services.

Proposed School Budget \$374,000; Hearing Set for 8th of September

A proposed budget for the coming year of \$374,552.00 was explained and presented to the Morton School Board Tuesday night at the regular monthly meeting of the group, by Supt. John Barnes.

The budget, which is considerably over the 1958-59 proposed budget, but slightly under what this year's expenses will finally be, would be \$150 more than the estimated "intake" according to figures presented.

The Board officially set the budget hearing to coincide with the next regular meeting of the board, September 8th, and expressed the hope that a goodly number of citizens will appear to examine and discuss the proposed budget.

A more detailed account of the proposed budget will be published before the September meeting for those interested.

The Board, in other action, tabled a vote on bids on the proposed tennis courts for two reasons - three members of the Board were absent and only one bid had been received.

Minutes of the previous meeting were read and the Board considered payment of bills which were explained. Bills paid amount \$4,921.74 - \$3,223.00 in local maintenance and \$801.74 in transportation, mostly bus repairs.

A discussion was held on school ownership of houses to be used as teacherages, with the Supt. proposing the purchase of one in particular. The action was tabled.

The Board submitted 13 names as possible members of a six man property classification board, pre- (See SCHOOL BOARD, Page 7)

Bledsoe Methodist Revival to Open Sunday Night

A revival meeting will open at the Bledsoe Methodist Church on Sunday night, at the 8 p.m. services and will continue through Sunday, August 23rd.

Rev. Dube Kyles, pastor of the Buia Methodist Church will conduct the meeting, evening services only, each night at 8 o'clock.

Clide McCormack of Bledsoe will lead the singing for the service.

Everyone in the area has been issued an invitation to attend.

Repeat Registration Information For All of Morton School System

Any student who cannot report at the designated time should do so at their earliest convenience, it was said.

In the elementary school, reports Eli Douglas, principal, registration will be by grades.

A parent is asked to come at the scheduled time; however, it will be necessary for the parent to come only one time during the day. This one time, it was said, will be sufficient to register children in other grades also.

Registration in the elementary school will be Saturday, August 29 at the elementary school auditorium.

The schedule calls for first and second grades to register beginning at 8:30 a. m., third and fourth grades beginning at 10:30 a. m., and fifth and sixth grades beginning at 1:30 p.m.

New Dist. Court Meets Sept. 14

The first term of the newly created 121st District Judge M. C. Ledbetter presiding, has been scheduled for the second Monday in September, or September 14.

The schedule calls for the Grand Jury of the new district to be called on that date.

L. K. Groves Rites Are Held In Lamesa

Funeral services were held recently in Lamesa for L. K. Groves, 73, relative of several Mortonites.

Mr. Groves, who died July 28, in the Medical Arts Hospital in Lamesa, is a son-in-law of Mrs. J. W. Rhyne of Morton. He had been a frequent visitor to Morton.

Hardie and Fred Rhyne of Morton are brothers-in-law and Mrs. Weldon Wynn of Morton is a niece of Mr. Groves. All of these local relatives attended the funeral services.

City Aldermen In Meeting With Telephone Men

In a meeting held Tuesday evening with two members of the General Telephone Company of the Southwest, Morton's City Aldermen heard "the other side" of the controversial question as to what seems to be holding up the signing of a contract between General Telephone Company and the Five Area Telephone Cooperative.

County Receives \$17,788 from State For County Roads

Cochran County has received \$17,788 from the state in lateral road money to be used for building, extending, repairing or resurfacing farm-to-market roads or other roads in the county.

The money, which is a portion of the refund on state gasoline taxes from the state, can also be used for the purchase of right of way for such roads, according to County Judge Glenn W. Thompson.

County Vehicles To Be Marked

In compliance with a new state law, all County vehicles will be so designated in bold, two-inch letters, sometime within the next few days.

A recently passed state law requires vehicles of state, counties and cities to be marked with letters plainly visible and indicating the agency to which they belong.

Lehman Reunion Is Set For Sunday At City Park

The 7th annual Lehman Reunion will be held all-day, Sunday, in the Morton City Park, located one block east of the northeast corner of the square.

All those planning to attend are urged to bring their lunch and all will spread lunch together, soon after the noon hour.

All present Lehman residents and ex-Lehmanites are urged to attend.

PARADE SET FOR 3:30 TODAY; RODEO FEED AT 5:30 NINE POSSES, EIGHT QUEEN HOPEFULS IN PARADE

The stage is set today (Thursday) for the opening of the 9th Annual Texas Last Frontier Rodeo which will be staged in three chapters, tonight, Friday and Saturday night, at 8 p. m., at the Rodeo Arena, northeast of Morton.

Rodeo officials, would-be queen candidates, and those who will participate in the parade were working feverishly on last minute plans.

Women of the Posse began early today preparing the Rodeo Feed that will be served following the afternoon parade.

Indications point to one of the biggest rodeos ever held here, and there are good reasons for the indications.

First of all, Rodeo Officials are sure of their promoter-stock contractor, Morris Stephens, who not only has some of the best stock on the rodeo circuit, but also commands a good following of cowboys who like to compete in his shows because they are well run.

Secondly, a group of eight rodeo queen candidates have been out selling advance tickets and thus assuring a good gate for the show.

And thirdly, economically the time appears to be ripe for a good rodeo. Rains received last weekend gave the area crop, one of the best looking in years, a big shot in the arm. And, at the same time, the rains released a lot of farmers from watering obligations.

Plans for the parade, which officially kicks-off the rodeo weekend, at 3:30 p.m. today, seemed to be going along well . . . except that the parade was still needing float entrants.

A total of nine riding groups had announced they would be here, by Monday of this week, and the local posse was expecting even more groups.

The riding clubs are the Gaines County Sheriff's Posse, Slaton Rangers, the Sundown Riding Club, Lubbock County Sheriff's Posse, Lubbock Rangers, Hockley County Sheriff's Posse, Roosevelt Mounted Patrol of Portales, and the Lea County Sheriff's Posse.

The eight queen candidates will also ride in the parade and the Morton school band will provide the marching music.

The Rodeo Feed, a ham dinner, will be served at the County Activity building beginning at 5 p.m. and is open to the public, at a cost of \$1.50 per adult plate and 75 cents per child's plate.

There was no announcement as to which of the eight candidates would be named rodeo queen . . . in fact there wasn't even an indication as to how the contestants were faring.

The rodeo queen will not be named until after the completion of the rodeo parade, and probably won't be announced as the queen until the Grand Entry of the rodeo tonight.

Candidates and their sponsors are: Pat Davenport, City Flower Shop; Bill Snitker, Morton Malt Shop; Judy Willingham, Derwood's Texaco Service; Vivian Ledbetter, Tarver Furniture; Nelda Faye Fincher, Mar-Ket Poultry and Egg; Imogene Betts, Herb Hillman; Patsy Amyx, Doss Super Food Store and Mary Ruth Henry, Forrest Lumber Co.

The Morton Lions Club will have a double share of work on hand when the curtain goes up tonight.

They'll be tending the gate, as usual, but they'll split their forces with the other part of the group hustling hot dogs and soft drinks at the rodeo concession stands.

The Rodeo itself will have about the same bill-of-fare as in past years, except, the new stock producer is supposed to have a top notch string of animals and rodeo directors are expecting a lot more contestants. Cowboys will vie for top honors in calf roping, double mugging, saddle bronc riding, bareback bronc riding and bull riding. The girls will again test their skill in barrel riding.

Side events are the wild mare race, the posse wagon race and the kid's goat sacking contest.

The rodeo announcer, clown, and other help, provided by the stock contractor have not been announced.

The rodeo competition will be a two-go round and average affair, which means, that in the space of the three nights, each entrant will have two chances in each event. His best average of the two nights will count toward final prize money and the best times of each night will also win awards. On top of all this, silver buckles will be awarded to the top all around cowboy, the top barrel rider, and the top rider and roper among the cowboys.

County Line Revival to End Sunday Night

The meeting conducted by Evangelist J. E. Moore of Muleshoe, at the County Line Baptist Church will end Sunday, August 16.

Friday, at 10:00 a.m., will be the final week-day morning service of the meeting. Prayer service each night is at 7:30 with the preaching at 8:00 o'clock.

Rev. James A. Kelly, pastor of the church, reminds all who have not attended one of the meetings to be sure and do so.

Construction Said Moving Smoothly On New Morton Medical Clinic

Dr. Bill Lee reported to the Cochran County Board of Managers Tuesday night that construction work on the new medical clinic appeared to be going forward "smoothly" at this time.

Dr. Lee reported the progress in the absence of Dr. J. Walker Davis who is on vacation this week.

The board met Tuesday night at a called meeting following the regular meeting Monday night.

J. C. O'Brien, president of the board, was unable to be present during all of Monday night's meeting after his son, Ray, underwent an emergency appendectomy at the hospital during the meeting.

With all other members present Monday night, L. W. Barrett, vice-president of the board, had Dewitt Alsip, hospital administrator present the board monthly requisitions for purchases. Also they received the regular Cochran County auditor's report.

The report showed the hospital (See HOSPITAL BOARD, Page 7)

"Pony Express" Mail Service Today; Cochran, Hockley Posse Carriers

It's the last call for anyone desiring to mail a letter to a friend or business acquaintance by "Pony Express."

The U. S. Mail "Pony Express" scheduled to leave Morton at 1:30 p. m. Thursday, August 20, for Levelland with one stop at Wichita Falls.

The first edition of the "Staked Plains Overland Mail" will arrive in Morton from Levelland today (Thursday) just prior to the "Texas Last Frontier Rodeo" parade.

(All letters mailed here and marked "Pony Express" will leave Morton August 20.)

The souvenir envelopes, at 10c each, may be purchased at Forrester Lumber Company, Morton Malt Shop, or the Tribune.

"Overland Mail" stamps may be purchased at the Morton Post Office.

Murry Crone, post master, advises the "Pony Express" letters will have their stamps cancelled with a unique cancellation, reading "Staked Plains Overland Mail 35th Anniversary Mail Service, Levelland, Morton, Whiteface."

The Levelland edition of the "Pony Express" will be met by the Post Master on the northside of the Cochran County Square Thursday.

Persons desiring souvenir pictures of the event are advised to be on hand no later than 3 p. m. Dr. Bob J. Roberson of Levelland has the contract for carrying the mail for the special event.

The commemorative event is under the co-sponsorship of the Cochran County and Hockley County Sheriff Posse. The local posse is headed by Rob Richards and Dr. Roberson is president of the Hockley group.

G. D. EDGAR GETS APPOINTMENT TO COUNTY ATTORNEY POST

The Cochran County Commissioner's Court, in regular session Monday, unanimously agreed on the appointment of G. D. Edgar, local attorney and owner of Standard Abstract Company, as County Attorney to fill the unexpired term of M. C. Ledbetter.

The appointment will carry until January 1, 1961, at which date the person elected county attorney in the election next year will officially take office.

Edgar posted his bond with the court Wednesday, subject to approval.

Mr. Edgar will take office on September 1st, and at that time of his taking over, the County Attorney's office in the Courthouse will be moved to the Southwest corner of the second floor of the Courthouse.

The office of Tax Assessor-Collector will utilize the same space now occupied by the County Attorney's office, and at the same time will move back downstairs a lot of records they now have filed upstairs.

The offices of District Judge and District Court Reporter will be on the northwest side of the second floor of the Courthouse.

Another change in the county offices has also been noted. The County plans to move its commodities surplus office from the Doss Building, next door to Bailey County Electric, to a house across the street south of F and B Body Shop.

County Judge Glenn Thompson said the new building would be easier to heat in the winter, easier to cool in the summer, has a rest room available and would rent for less money.

Football Practice Opens Monday; Exams Saturday

Monday is a day a lot of local high school boys have eagerly waited . . . ever since the last weeks in November of last year.

Monday, at 7:00 a. m., local boys who plan to play football, sophomore, junior, and senior will report to the high school for the start of football training under a new coach, J. P. Jones.

On Friday, which is tomorrow, all high school boys who will play football at 1 p. m. to pick-up play football are to report to their high school schedule and registration.

Then on Saturday, at 2 p. m., all boys who will play either high school or junior high football are to report to the fieldhouse for physical examination. So, Monday bright and early . . . in fact before breakfast . . . the boys will be ready to start football practice in earnest.

Freshmen boys will not report until a week from Monday, for (See FOOTBALL, Page 10)

Title Certificate Now Needed on Certain Trailers

Senate Bill 22, which went into effect Tuesday, August 11, requires persons owning trailers having an unloaded weight in excess of 4000 pounds and semi-trailers having a gross weight in excess of 2000 pounds, to have a Certificate of title for the same.

The act does not apply to trailers or semi-trailers used solely for the transportation of farm products, if such products are not transported for hire.

In order to obtain the Certificate of Title, owners of these vehicles described should report to the Tax Assessor-Collector's office to learn of the necessary forms needed.

Whatever happened to the windmill??

Old "High Lonesome" has virtually disappeared from the rural scene along with the wood stove, cistern and kerosene lamp, swept into obscurity by rural electrification. They are remnants of a romantic past. In their place is the new way of life that electricity brings.

No one can say what electrical marvels the future holds. But hundreds of thousands of rural Texans know that the Rural Electric Cooperatives they own, operate, and enjoy are equal to the task. With nearly a quarter century's experience behind them, these elements of democracy, if unhampered, can continue the great service for which they were founded: Rural Electrification

Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, TEX. - Quiet has settled over the Texas Capitol Hill after 200 days of hubbub.

As legislators packed up to go home, directors and employees of state agencies were filling scribbled-up figures. For most state-supported activities, the new budget which goes into effect Sept. 1 will mean more funds. Altogether, \$300,000,000 more.

There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for, some salaries were cut, and there were riders and restrictions in

other activities.

But, overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year."

For their parts, lawmakers were eager to get home and "mingle with the folks." Ahead lie probable showdowns on new spending for welfare and public schools, and, always, the inching up every two years in general spending.

BUDGET BREAKDOWN - Texas' new record high budget of \$2,418,000,000 was reported after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only 8 dissenting votes in the Senate and a 108-to-30 in the House.

Spending from the general revenue fund, the states multi-purpose housekeeping kitty, totals \$322,800,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of the general revenue spending - or \$185,000,000 - will have to come from the new tax bill passed session.

Here's how the pie was finally sliced on the major items.

PUBLIC SCHOOLS - Received an appropriation of \$744,904,500, an increase of about \$55,000,000, mostly because school spending has an escalator clause which ties it to enrollment.

HIGHER EDUCATION - Got the biggest increase from general revenue fund of any program. It was boosted more than \$12,000,000 to a total of \$130,930,424 for the state's 18 tax supported colleges and universities. Increase was only about half of what was asked by the Commission on Higher Education.

University of Texas officials saw one of their fondest dreams come true in the "available fund" (income from the University's permanent fund) was left free for building and "excellence" programs.

HOSPITALS, SPECIAL SCHOOLS, YOUTH COUNCIL - Allocated a total of \$90,456,554, an increase of \$6,348,252.

This is to be used to improve medical care in state hospitals and to build a new mental hospital in Denison, a new dormitory for delinquent boys at the Gatesville school and a new building at the Gainsville school for Girls. It will also cover some salary increases and costs of some repair and remodeling of the vast hospitals and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Governor Price Daniel.

STATE EMPLOYEES - Lower bracketed employees, from \$2,400 to \$6,000 annually, will get \$180 a year raise. It's not a lot - \$15 a month more in the employee's pay envelopes - but it will cost the state about \$14,000,000 for the two years.

JUDICIARY - Will receive \$9,336,769 from general revenue a \$312,779 increase. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

PRISON SYSTEM - Operating budget increased by \$2,800,000 plus \$7,720,000 to provide additional buildings for a prison population soaring toward 11,000.

LIVESTOCK DISEASE - A new program to control brucellosis was tabbed for \$239,960, considerably under the \$2,170,000 requested.

STATE ADVERTISING - State Highway Department was authorized to use \$100,000 to lure tourist and the Texas Industrial Commission \$20,000 to seek new industries.

CONSTITUTION - Texas Legislative Council was given \$50,000 for a study of the State Constitution with a view of revising it.

INSURANCE DEPARTMENT - All the furor over top officials salaries brought little change. Commissioner of Insurance, William Harrison was cut from \$20,000 to \$15,000 a year; the three board members were cut from \$15,000 to \$14,000.

BUILDING PROGRAM - To further the Capitol expansion program, \$2,753,000 was appropriated for buying land, \$2,924,000 for a second state office building.

WATER PLANNING - Board of Water Engineers was allotted \$2,073,000 an increase of \$200,000 but nearly \$800,000 less than requested. It will allow for some salary increase for board members and engineers and mapping to locate future damsites.

RIO GRANDE NAVY - Sen. Abraham (Chick) Kazen Jr. of Laredo, Texas' fourth "journal for a day" this year, used his time in the spotlight to call attention to the needs of his South Texas border country district.

As Senate president pro tempore, Kazen served as chief executive in the absence of the governor and lieutenant governor. He proclaimed Good Neighbor day, created the Navy of the Rio Grande and urged Congressional approval for construction of Diablo Dam west of Del Rio.

Sen. Frank Owen III of El Paso succeeds Kazen as president pro tempore for the interim between sessions.

REPRIEVE FOR CHURCH - St. Martin's Lutheran Church, a beautiful, classically designed building one block north of the Capitol, was to be destroyed to make way for the state building program.

Texas Employment Commission's new building has already gone up within a few feet of it.

But the Senate, in a resolution sponsored by Sen. Charles Herring of Austin, has asked TEC to study the possibility of putting the church to some use, such as a nondenominational chapel, before deciding to level it.

SHORT SHORTS - Penalties up to \$200 and court costs can be assessed against operators of dual wheeled vehicles without protective "mud flaps" after Aug. 9. Previously the law had required the use of mud flaps only when the pavement was wet. Now they must be used at all times. Beginning October 14, parents consent and a three-day wait will be required between the application for a marriage license and the wedding if the groom is under 21 or the bride is under 18. Changes in the law to slow down quickie weddings were voted by the Legislature in its recent called session. Salk vaccine still hasn't put an end to all polio in Texas. Total cases in the state this year had climbed to 231 as of July 25, the State Health Department reported.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

One of the busiest locations in Washington is 15 1/2th St., N. W. for here is headquartered an organization named COPE. It is indeed an organization the nation must learn to cope with.

In fact, the activity of this organization set up three years ago is the principal reason why Congressional leaders are constantly imploring industry and independent businessmen, and all who believe in the free enterprise system to take a more active interest in government.

COPE stands for Committee on Political Education set up by the AFL-CIO. It also stands for the complete domination of the nation's governmental life.

According to the best estimates, in this country, out of a working force of some 58 million, there are only 17 million union members. Deduct those members who are only members by compulsion and the figure might get down as low as the reputed 3 million party members who run 220 million Russians.

In COPE's large and well staffed headquarters, there is constant activity financed by "voluntary" contributions by the nation's 17 million union members.

Detailed maps of voting precincts all over the country are maintained in COPE headquarters in Washington. In fact, these maps are so comprehensive individual houses are marked out.

As a further refinement, the economic interests and status of

the family occupying each house are roughly defined. Thus, a dark line is drawn across all houses where a Cadillac is owned, a light line where certain other types of cars are owned.

But if a family is buying a washing machine on time, and COPE gets this sort of information, that home in due course is bound to be called on by a member of COPE's nationwide task force, usually organized on a local basis by leaders trained in Washington.

Here then, starts the local agitation to convince the susceptible that their best interests lie in talking, acting and thinking just like Big Brother COPE wants them to respond.

There has probably never been a better organized, a more minutely set-up operation in all history for the purpose of a minority taking over government without armed revolution.

And as the investigations by Sen. McClellan and Sen. Kennedy bring out more about certain gangster type operations going on in some labor circles, the more active COPE becomes.

Tough minded, shrewd, heavily financed, and with a definite goal in mind, COPE in three short years has become one of the most powerful operations in the nation.

Thus, labor moves on unchecked, despite public disgust with the Beckes, the Hoffas and the rest of that crew.

Only strong and effective organization on broad front will prevent that minority that is organized labor from becoming the master. Free enterprise will not long remain free unless it learns to cope with COPE.

SENATOR ☆☆☆ Yarborough's Report

Forty-four is a critical age for American workers today.

Once a man or woman passes that age many businesses and industries consider him or her too old and will not hire them.

This is a terrific waste of man power and brain power and the situation grows worse as the person grows older.

Because of compulsory retirement policies, many people are forced out of jobs in which they have long experience. And, to add to the tragedy, people 20 years younger than the usual retirement age often find they cannot change jobs because many companies consider 44 a hiring cut-off age.

At the beginning of this year 1.2 million workers past 44 were unemployed. And 30 per cent of the companies questioned in a recent survey admitted they have a policy of not hiring a worker

Dear Friend:

Texas may have yielded to Alaska as being the largest state in the Union, but I'm happy to see it is retaining its status as first in a lot of other things.

Two new "firsts" - for Texas and the Nation - are included in Legislation approved yesterday by the Senate. This bill must now go to conference committee where differences between the House and Senate versions will be ironed out. But I thought you might be interested in what the bill now provides.

There are two new projects. Both are of vast national importance. One provides for construction of a saline water conversion plant at Freeport. The other project calls for construction of a test type civil defense shelter at Denton.

The Freeport project may offer this Nation the first breakthrough in man's fight to take the salt out of sea water. That's what the scientists hope to achieve at an economical cost.

Think what this could mean for the future. New jobs, increased prosperity, a better life would be waiting. Agriculture, industry, all of us would benefit.

And this would come about through use of resources now being wasted.

Approval by the Senate of the Denton project means we're facing up to the destructive realities of atomic war. This program calls for construction at Denton of a regional defense center. It is would be a test project. Lessons learned here would be applied in later construction of seven similar regional centers.

All of this takes money. In addition to these projects, the Senate approved other programs having statewide or national importance. These include funds for the Texas River Basin Study Commission, for the Federal agency that enforces mandatory controls on oil imports, for flood protection on the Rio Grande, and housing for staff people at Fabon Dam.

But this is not spending being piled on top of the President's budget. Unessential projects have been slashed to provide money for the vital needs. And when the Congress completes this session, the final figures in appropriations will be hundreds of millions less than the Administration recommended. Of that, I'm confident.

Now-call long distance anywhere with a Telephone Credit Card

You're welcome to use anyone's phone - no embarrassment with your host - no need to reverse charges, either - with a Telephone Credit Card taking care of all charges on your long distance calls.

It not only makes phoning faster - but the charge, placed on your home or office phone bill, is a record for accounting purposes.

A General Telephone Credit Card is good anywhere in the country. We'll be glad to issue one to you - without charge - if you'll phone our Business Office.

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going - and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: "... the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests - all documented by published opinions of experts and on-the-record facts and figures.

BEST ENGINE - Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR's Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY - A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

BEST BRAKES - Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

BEST STYLE - It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN - Any N.A.D.A. Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

*Automobile Manufacturers Association
 †National Association for Stock Car Advancement and Research
 ‡National Automobile Dealers Association

Visit your local authorized Chevrolet dealer and see how much more Chevy has to offer!

"Fine Foods" Is Slogan of The Steak House

When you take the family out to dinner, or when you're planning to host guests outside the home, think of The Steak House, southeast corner of the square, Morton.

Only recently remodeled, The Steak House offers the facilities of a dining room attended by an experienced staff.

And, speaking of the dining room, Mr. and Mrs. Bill Banks, owners, say they particularly cater to parties.

For a successful party, that doesn't get all your energy before the guests arrive, they suggest using their new dining room.

It can be a "picnic" for you. The Steak House staff of cooks and waiters can provide your guests with a delicious meal, and eliminate for you the worry of cooking and serving, plus the trouble of cleaning up after the party is over - - - and you'll have plenty of room.

When you treat your family to a night out, feel free to stop by The Steak House and enjoy the comforts of the dining room - - - you can offer the family a home-cooked meal in a home-like atmosphere without having to worry about the dishes afterwards.

But more about the folks who own and manage The Steak House here.

Bill has lived in West Texas all of his life. He grew up around Farwell where he became engaged in the grocery and meat business. After World War II he was manager of a natural gas company there.

Bill and Modena were wed at Clovis, N. M. They have three children, Katrina, Billy Jill, and Dickie Jan.

The Banks moved to Morton from Farwell in 1952. Bill operates the meat market at Willis Food Store on South Main. Modena is employed at City Hall.

Following service with Uncle Sam in World War II, Bill has kept his membership active in the American Legion. He is a member of the First Baptist Church. Modena is a member of the Church of Christ.

Bill's market experience is another reason for the fine food at The Steak House. With his background, he knows how to select good food, and how it should be prepared - - - you just can't go wrong when you eat at The Steak House, whether it lunch, short orders, a full dinner, or some other speciality.

Take the family to The Steak House Sunday and see for yourself, you'll be glad you did.

VISITING THIS WEEK

Mr. and Mrs. G. L. Beach and children of Vera, Texas are visiting in the Bob Cook home this week. The Beach family, along with Mrs. Cook spent Monday and Tuesday visiting the Cook's son and family, Mr. and Mrs. Jimmy Cook in Santa Fe, N. M. Mrs. Beach and Mrs. Cook are sisters.

Butler Motor Co. Has Served Area For 14 Years

In the back shop at Butler Motor Company, Morton, hangs a sign which reads: "Thanks for your patience. . . We are trying."

Now folks may interpret this many different ways, but most know it should read "We are doing," and Butler Motor Company has "been doing" for the past 14 years.

In fact, Skinner Butler, owner of the company, has been in the auto body business here longer than anyone in Morton - - - Butler Motor Company, formerly Butler Body Shop, is the oldest continually operated body shop in Morton.

Skinner opened his first shop here in 1945 in the Davis building in northeast Morton. He named it the Butler Body Shop.

In 1948 he built a building just south of the present First State Bank location.

In 1954 he moved to a location on North Main where McMaster Tractor Company now does business. In 1958, Skinner moved to his present location across the street from the water tower.

Prior to opening Butler Body Shop, Skinner worked as a mechanic for 12 years. Fact is, Skinner has worked with and on cars all his life.

Skinner moved to Morton in 1929, as a little shaver. His father was a mechanic, too - - - so you might say that the trade "kind of ran in the family."

Skinner and Mildred Collins exchanged wedding vows here in 1937. They have three children: Wanda Faye, who is now Mrs. Lonnie Gaston, Doyle, who exchanged wedding vows with Miss Reba Williams this year, and Clifford, who is at home.

Returning to Butler Motor Company, the name was recently changed when Skinner decided he would not only offer the Morton area the best in auto and truck body repair and paint jobs, but that he could aid the community by selling good used cars and trucks at lower than ever prices.

The next time you develop a small scratch on your auto, or suffer a "tee-totaler", bring it to Butler Motor Company.

You'll be pleased at the job turned out by Skinner and W. T. (Tommy) Dotson.

You may recall that Tommy was with Skinner from 1949 to 1952. Tommy has 13 years experience in auto body work.

And for all you customizing fans, Butler Motor Company has custom accessories ranging from mirrors, skirts, spinners, and moon disks to chrome decorations.

Butler Motor Company also has 24 hour wrecking service. The shop phone number is 4242 and for night wrecker service call 4971.

Yes, Butler Motor Company is a one-stop service for all car body repairs - - - straightening, replacements, auto glass installed, paint jobs, customizing accessories - - - remember, Butler Motor Company can do it.

The time to seed cover crops is during the last cultivation of the season. Seeding rye and vetch with a broadcast seeder at a rate of 15 to 30 pounds of rye and 10 to 12 pounds of vetch per acre is recommended. Any other small grains may be used with about the same results.

The Cochran Soil Conservation District has two broadcast seeders available to farmers at a cost of 10 cents per acre. Farmers who wish to use one of these seeders should make arrangements a few days ahead of their planned seeding date so a seeder will be available.

Further information may be obtained from any member of the board of supervisors of the Cochran Soil Conservation District or from any Soil Conservation Service technician assisting the Cochran Soil Conservation District.

VISITED LAST WEEK
Mr. and Mrs. I. B. Benham of El Cajon, Calif., visited last week in the home of his sister, Mrs. Bob Cook. Carolyn Cook returned home with her aunt and uncle for a three week visit.

Taylor all of Morton, Mr. and Mrs. C. P. Beard, Mr. and Mrs. J. R. Beard of Hollis Okla., Mrs. R. J. Knigh, and Dana, Mrs. Dan Beard, O. M. Beard and Mrs. Lillis Trapp all of Carlsbad, N. M., Mr. and Mrs. Sam Beard of Red Bluff California, Mr. and Mrs. F. D. Beard and children of Rangely, Colorado, Mr. and Mrs. Gene Kyle, and Mr. and Mrs. Alvin Fisher and girls all of Quanah, Texas, Mr. and Mrs. H. A. Beard and family, Mr. and Mrs. Garland Beard all of Dumas, Texas, Mr. and Mrs. S. G. Beard and daughter of Dalhart, Texas, Mr. and Mrs. W. L. New and children of Groom, Texas, Mr. and Mrs. Henry Owens of Beldenville, Texas, Mr. and Mrs. Walt Hansford and family of Hart, Texas, Mrs. W. L. Rice and family of Sudan, Texas, Mrs. Jimmy Holt and son of Canyon, Texas, Mr. and Mrs. Don Yeary and family of Lubbock, Texas, Mr. and Mrs. C. A. Tanner of Levelland, Mrs. Theda Pallock and daughter of Carlsbad, N. M., and Mr. and Mrs. Raymond King and daughters of Tulsa, Oklahoma.

Debate - Essential to Democracy

Democracy began in the city-states of ancient Greece where citizens took by means "the power of the people" - in a literal sense. Debating vital issues of the day in market places and forums, each man voted for the laws he thought best. Result was one of history's greatest cultures.

As the nation faces its greatest challenge—the modern forces of tyranny—many historians feel the need for controversy is greater than ever. Only with an informed public—willing to take a stand—can democracy keep up its moral strength. In keeping with this principle, a new magazine called *Controversy*—now nationally available at newsstands—devotes itself to presenting both sides of current arguments, stirring the population at large to join in.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt
 Emeritus Professor of Animal Husbandry
 University of Wisconsin

Wanted: Meat-Type Steers, Lambs, Hogs

Years ago we began to hear about meat-type hogs, carrying less fat at market weights. The housewife knew all about fat being identified with calories, and she wanted none of it. At least she did not want to buy fat except as it existed in a well marbled cut of meat.

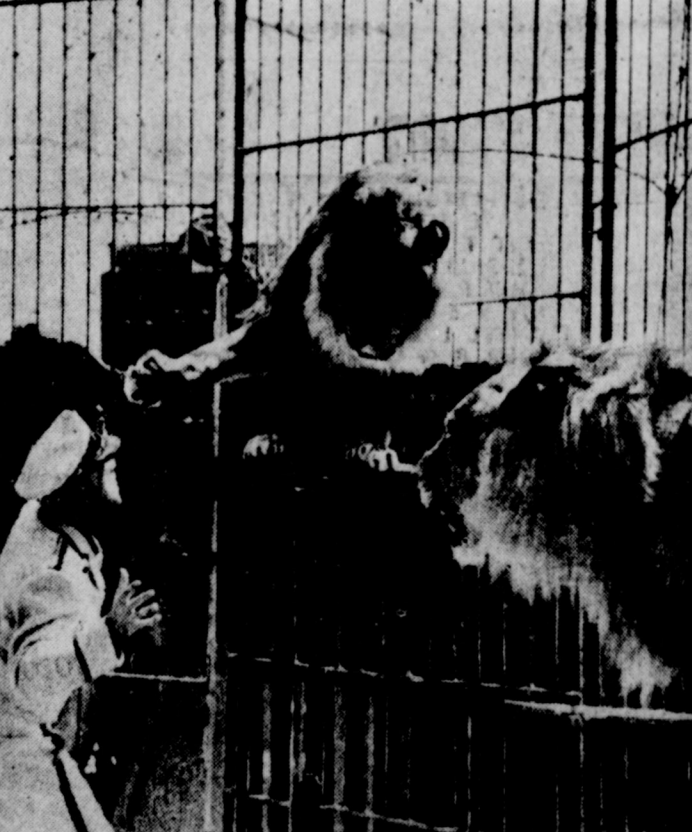

Of late, animal fat has come in for special attention in that, being of the so-called "saturated" kind, as the chemist calls it, it seemed somehow associated with the substance called cholesterol which in excessive amounts in the blood makes for deposits on the inside walls of blood vessels and affects blood pressure.

Cholesterol is necessary in the physiology of the body, and if it isn't present in the food, the body will actually produce it for its own use. Excessive amounts, however, are not wanted.

In any event, we nowadays want meat with less fat than formerly, and that applies not merely to pork, but also to beef and lamb or mutton, even poultry.

While most of us are quite familiar with the term "meat-type hogs," the idea of meat-type steers or lambs is still quite new to us, but such terminology is appearing more and more in technical journals and in the farm press.

Much can be done toward marketing meat type animals by proper feeding and manage-

SHAKE HANDS, BROTHER!—George Keller, former college professor who left his classroom to begin a new teaching career behind the barred walls of a wild animal cage, is showing "talking" to one of his star pupils. Keller, famed for his ability to control his collection of jungle lions by silent hand movements and without the use of whip or chain, will bring a large variety of these cats to Lubbock for daily performances at the Pottawatomie South Plains Fair, Sept. 22-24. The wild animal act will be seen at the fairgrounds of CASTLE'S BARRING CIRCUS at the Fair Park Coliseum.

Mrs. Claude Hastings children, Barbara and...

Board

Present at Tuesday night's meeting were O'Brien, president of the board...

Also present were Dr. Lee and hospital administrator, Allsup.

The group discussed the installation of TV antennas atop the hospital...

The agreement, in line with earlier discussion with the Board...

Hospital Board

(Continued from Page 1)

al with a cash-credit business of \$7,605.00 in July...

The number of patients for July were listed at 75, patient days 221...

Present at Tuesday night's meeting were O'Brien, president of the board...

Also present were Dr. Lee and hospital administrator, Allsup.

The Board heard a report that the City of Morton would cooperate with the hospital...

A committee was named to meet with the county regarding the county budget hearing August 24.

After considering cost to the hospital last year, which was reported at more than \$28,000...

Discussion of an ice machine, now in the hospital, ended with the proposal that the county be asked to buy it.

Other discussion moved around drugs, anesthetics, overtime, vacations, and a report that the hospital would soon be short of one registered nurse and a technician.

The registered nurse, Mrs. Faye Lawrinore, it was announced had accepted work elsewhere...

Regarding the question asked at the July meeting by Ken Coffman concerning a check paid to his wife for work in June...

A committee was appointed at that time to check all available records and report back to the board at its next regular meeting.

Pep School

(Continued from Page One)

et in regular session on Wednesday night and hold it in connection with the annual Budget Hearing...

The argument for such an agreement being that doctors did not desire to invest money in a clinic if hospital space was to be offered to other doctors.

The agreement would further state that the hospital, in the event of lease or sale or other disposition, would be operated as an open staff hospital.

A letter from the City of Morton regarding proposed paying in front of the hospital was read and one member was named to contact the County Judge regarding the legal aspects of the Board in such a matter.

A committee was named to meet with the county regarding the county budget hearing August 24.

After considering cost to the hospital last year, which was reported at more than \$28,000...

Returning teachers are Ora Halsell, 1st and 2nd; Ruth Sheek, 3rd and 4th; Emma Stewart, 5th and 6th; Gerald Thompson, HS science; Henry Young, HS math; John McDaniel, HS English and social science; Elwanda Duke, homemaking; and Marion J. McDaniel, superintendent.

New members of the faculty will be Curtis Lynn Catham, a Baird High School graduate who holds a degree in religious education from Hardin-Simmons University, Abilene...

Gerald Thompson will administer the National Defense Act in science, Henry Young in math, Ruth Sheek in foreign language, and Davis Pounds in testing.

Elementary teachers will sponsor their homeroom classes and be home room librarians. Mrs. Stewart will direct music activities in the high school and Ora Halsell, in the elementary grades.

Two cooks will be needed to work in the lunch room. Applications will be taken in the superintendent's office through August 26.

Sealed bids will be taken on a 100 gallon butane tank and on the oil lease of the ten acre school campus through September 30.

Improvements in the school are being made. Miss Martha Buttrill, lunchroom supervisor for the area, will draw plans for a new lunchroom to be built as soon as it can be financed.

Elementary Spanish, which was started in the third and fourth last year, will be lowered into the first and second and extended into the fifth and sixth grades.

Vocational education will be introduced into the junior high school this year. Elwanda Duke will teach homemaking in the two grades, which are already departmentalized.

Written superintendent's policies will be used in the school this year for the first time. Duties of the Student Body president will be defined clearly and his position raised so that he can work and plan with the faculty.

Having the people who are willing, the faculty that is qualified, and the student body that is capable, Pep School should become one of the model small schools of the country.

from the National Science Foundation

Henry Young has been in Texas Christian University studying math under a grant from the National Science Foundation...

Elwanda Duke, who teaches homemaking in the Pep-Bula Cooperative Agreement, has returned to her native state of Oklahoma to do her master's work.

Superintendent Marion J. McDaniel, who is a member of the ten man Advisory Commission on Small Schools, attended the curriculum workshop at the University of Texas.

Administrative assignments have been made. Henry Young will act as assistant to the superintendent and will sponsor the senior class.

Gerald Thompson will administer the National Defense Act in science, Henry Young in math, Ruth Sheek in foreign language, and Davis Pounds in testing.

With Your... COUNTY AGENT

by Homer E. Thompson

Are you keeping your hogs cool? If not you are losing money. Hogs do not sweat and their efficiency is seriously hampered by high temperatures if provisions are not made to keep them cool.

Fattening hogs will do their fastest and cheapest gaining when the temperature is around 60 to 75 degrees. The closer to market weight a hog gets, the cooler he needs to be to make the best gains. When the temperature rises 90 to 100 degrees, the average porker will need about twice as much feed to put on the same gains as he needs at lower temperatures.

Recent work at Purdue and other universities has indicated that use of water foggers on fattening hogs during hot weather will increase gains an average 10 per cent over those animals with shade alone. Adequate shade coupled with "shower bath" provisions are doing an efficient job even on the hottest days, says T. D. Tinkley, extension husbandman. The shower bath is provided by installing a nozzle that will produce a fine mist with normal water pressure (30 - 40 pounds), and have an hourly output of about two gallons of water. With

this method most days in our area (Cochran County) the ground merely stays damp.

Foggers work best on concrete, he says, but they can also be adapted to pigs on pasture.

Two nozzles will handle 50 head in a concrete finishing parlor. Experience has shown that locating the nozzles 6 to 8 feet above the floor level increases coverage and enables a greater number of animals to benefit from the spray frequently without moving. On these units, he adds, the nozzle works best when mounted on the south end. This permits the fog to blow under the shed, yet not get the area wet. Feeders should not be in line with the spray if carried by prevailing winds.

If a fogger system or a concrete wallow is impossible, every effort should be made for adequate shade, he states. Anyone can build a straw shelter for their hogs if natural shelter is not available. Research has proved that a frame five feet high, stretched with chicken wire from edge to edge and stacked one foot deep with straw on the wire, will provide as good a shade as any other tested material. The best job can be done with a good shade and a fogger system. The main

thing he adds, is to keep the hogs out of the heat. DOES INFLATION CONCERN YOU

Every American is interested in the stability of the dollar - the purchasing power of his family earnings - regardless of the major source of livelihood.

The farmer and the rancher have a vital stake in the monetary policies of our government. An increasing portion of these items used in farm and ranch production are purchased. Any rise in these costs are felt more keenly now, than when a majority of these production goods, like feed, building materials and labor were home produced. Much more detrimental to the farmers' economic health is the continued rise in cost of production goods, while prices of farm commodities decline.

From 1940 to 1958, the volume of purchased items rose about 67 per cent, from about \$6.2 billion to \$10.4 billion. This is reflected in the lower portion showing the purchases at 1939 prices. Because of price inflation, the farmers actual production expenses increased by almost 400 per cent during this period.

The fact that some price indexes have shown moderate stability over the past years does not necessarily mean that the dangers of inflation have past. This stability in the overall level of prices has been achieved largely through a decline in farm prices.

The BLS consumer price index of April, 1959 showed the prices of foods were more than 3 per cent below a year earlier, but prices of other consumer goods and services were up almost two per cent.

In the immediate future and over the long-run, all Americans are going to be affected adversely if inflationary forces get out of hand.

COUSIN VISITS AFTER MANY YEARS

Mr. and Mrs. J. B. Estes and son Benny of Plainview spent last Thursday and Thursday night with Mrs. Willie Rose and Lee and Lloyd Stewart.

Mr. Estes, Lee and Lloyd are cousins and had not seen each other since they were small boys.

HERE FROM LUBBOCK

Mr. and Mrs. Bill Garrett and three children of Lubbock were weekend visitors here in the homes of their parents and his sister, Mr. & Mrs. E. D. Garrett, Mrs. N. H. Lovelace and Mrs. Mike Walden and family.

VACATIONING IN NEW MEXICO

Mr. and Mrs. Earl Outlaw and daughter, Jackie are vacationing in New Mexico this week.

It is not true to say - Everything is being done - unless chiropractic is being included. Dr. L. J. Morrison, D. C., Portales Rd., Morton, adv.

Local Laymen Attend Retreat

Among local laymen attending the annual Northwest Texas Methodist Conference Laymen's Retreat over the weekend at Gela Canyon were Rev. James E. Harrell, pastor of the First Methodist Church here, and laymen Henry C. Hornsby, Joe Yeats, M. C. Ledbetter, and Hume Rouse.

ATTENDED FAMILY REUNION AT CHILDRESS

Mr. and Mrs. Ledbetter and family, Mr. and Mrs. Hume Rouse, and Mr. and Mrs. Jack Rouse attended a family reunion Saturday at Childress.

SEE the RCA-VICTOR for '59 at ROSE AUTO & APPLIANCE

Home Demonstration Agent

By Miss Leita Petty

About 70 girls and boys attended the County 4-H Rally Day last Friday. Swimming, skating and games made a full day of activities. Sack lunches were eaten under the trees at the County Park.

Games were led by Lois Courtney, Mary Kate Miller, Bill Stovall, and Bob Nieman.

The Rally Day is an annual affair for all 4-H Club members in the county.

CHECK BEGINNER'S READINESS FOR SCHOOL

Starting to school is a big event in every child's life, reminds Mrs. Elois Johnson, our Extension Family Life Specialist. The experience will be a happy one, if your youngster is physically, mentally and emotionally ready for it. She says children should not be entered in school unless they can meet certain practical tests to show they are ready. These tests are suggested by the White House Conference on child and health protection.

First of all a child needs to know his name and address well enough to repeat it to others if necessary.

Physically, he needs to be independent and well trained. He should be able to dress and undress himself, take care of toilet needs and eat wholesome foods without assistance. If he is able to run, climb and use his hands in simple construction and play, he will be more at ease with other youngsters.

Check on his intellectual read-

iness. . . He should talk readily, using sentences, understand and carry out simple directions, and show a healthy curiosity and desire to experiment. It will help if he knows the names and uses of the common objects in his environment.

Health check-ups are very important. Be sure to include eye, ear, nose and throat examinations and dental check. Plan for necessary vaccinations and immunizations. . . Build up general health with lots of rest and nourishing foods during the remainder of the summer.

School will mean a new social situation he will be happier if he has learned to play with other children, respect their possessions, and assume responsibility for his own belongings.

The emotional adjustment is difficult for a child who is still very dependent on others, shows marked fears, temper outburst or

moodyness. If he looks forward to school as a happy experience, and has learned to stay contentedly in another home or school for limited periods, he is ready to go.

Check safety training too. Make certain your child knows the dangers of passing automobiles, and how to walk safely on streets or highways. He needs to realize the danger of sharp instruments, matches, electricity, and machinery in motion.

Only a few weeks to go before school starts. . . check that beginner now and prepare him for a happy start.

ONE-STEP METHOD MAKES CANNING EASIER

The latest method for canning vegetables is a one-step cold-pack

method. Directions are simple. . . As an example, take snap beans. Begin by washing all pint or quart jars in hot soapy water and rinse well. It is not necessary to sterilize jars since the pressure canner must be used in canning all non-acid vegetables.

Use only fresh, young, tender beans. The bean should just be beginning to form in the pod. Wash thoroughly, trim ends and cut into one inch pieces.

Thus far there is nothing different from the old method of canning snap beans. Now you will note that the fill is different.

Pack raw beans tightly into clean jars to one-half inch of top. Cover with boiling water, again leaving one-half inch space at the

top of the jar. Add one-half teaspoon salt to pints and one teaspoon to quarts.

Close jar with two-piece lid and place it in the pressure canner. Exhaust canner for ten minutes. Close petcock and process at ten pounds pressure - pint jars 20 minutes, quart jars 25 minutes. Remove canner from heat, let pressure return to zero and re-

move the jars. This new one-step method can also be used for canning fresh lima beans, carrots, cream style corn, whole kernel corn, black-eye peas and summer squash. For further information check with this office. You may also wish to ask for a copy of B-194, "Home Canning - Fruits and Vegetables."

COUNSELING CONFERENCE
 Albert Adams, elementary school principal at Maple, has for the past two weeks been attending a guiding conference dealing specifically with pupil testing methods on the elementary and sec-

ondary level. The workshop ended Friday (July 31) at East Texas State College. Shown from left to right are Mr. Adams and Dr. Dorothy Bird, director of the workshop.

LOCAL FANS PURCHASE TICKETS FOR OCT. 8 PRO BASKETBALL GAME

A number of Morton fans are among those placing early orders for tickets to the Oct. 8 pro basketball game between St. Louis and Philadelphia at Lubbock Coliseum.

The game marks the first time that clubs of the National Basketball Association will appear in West Texas. Early indications point to a capacity crowd at the big Lubbock arena.

The pro cage contest is scheduled for 3:30 p. m. - just a few hours ahead of the 8 p. m. football game between Texas Tech and Tulsa at Jones Stadium. This means that area sports fans will be able to attend both halves of this unique "doubleheader" attraction.

Among the many all-Americans who will see action in the tilt are seven-foot Wilt (The Stilt) Chamberlain, Bob Pettit,

Clyde Lovellette, Slater Martin, Guy Rodgers, and Tom Gola.

Good seats in all price brackets - \$3.00, \$2.50 and \$2.00 - are still available. To order tickets mail a check in the proper amount to: Pro Basketball, Box 5002, Lubbock, Texas. Orders will be filled as they are received, which means that fans who place orders now will obtain the best seat locations in the various price ranges.

MAKES HONOR ROLL

Don McCasland, son of Mr. and Mrs. Z. A. McCasland, Star Route, Clovis, N. M., and nephew of Mr. and Mrs. R. H. McCasland of Moron, through high scholastic achievement been placed on the dean's honor list for the past semester at New Mexico State University.

Soil Tests Prove Very Successful Soil Chemist Says

College Station, July 30 - In eight fertilizer demonstrations conducted on cotton in Hockley County in 1958, soil test closely predicted the most profitable rate to use in all but one case, said W. F. Bennett, extension soil chemist.

Prior to establishing the demonstration, Bill Taylor, Hockley county agricultural agent, sampled the demonstration sites. The samples were then tested by the A&M College Soil Testing Laboratory and fertilizer recommendations were made. These recommendations were then compared to the actual results of the demonstration, said Bennett.

On one farm the soil test showed that a 50-60-0 fertilizer was needed. The highest profit rate on this farm proved to be 45-60-0. On another farm the recommendations called for a 50-60-0 fertilizer. The highest profit rate here proved to be a 50-60-0 fertilizer.

Results on two farms showed that a rate higher than recommended by the soil test was the most profitable, but the soil test rate was the second highest profit rate.

Only on one farm did the soil test not closely predict need. In this demonstration, there was no profitable response to any fertilizer application.

Bennett points out that there are many factors that affect crop yields which a laboratory cannot analyze. But a farmer can put a soil test recommendation together with these factors and come up with a better decision on proper fertilizer rates, said Bennett.

Open House Set For Home Econ. Department

The MHS Homemaking Dept. will feature an open house this coming Friday, August 14th at 3:00 p. m. in the school cafeteria. The public is cordially invited to view the works of all F. H. A. girls on their home experiences for the summer.

The committees named were: Style Show, Canned Products Handicrafts, Home Improvement, Clothing Exhibition, and F. H. A. Story.

On the Style Show committee are Linda Benham, Henrietta Bedwell and Penny Farmer. Serving on the Canning committee are Carol Carter, Lois Courtney and Glenna Ford. Handicraft committee: Jannie Kelley, Home Improvement: Ginger Stovall, Marieta Edwards and Linda Elliott. Clothing Exhibition: Bernadine Henly, Merle Gandy and Barbara Elliott. F. H. A. Story: Viola Smith, Karen Haralson, Phyllis Gardner, Brenda Blackstock, and Twila Snelson.

GUESTS OF CLIFF DAVIS

Mr. and Mrs. Otis L. Silver of Marion, North Carolina spent Friday in Morton visiting Cliff Davis and family, and the Arthur Cook family. Mr. Silver is a brother to the late Mrs. R. A. Davis of Morton. He is an uncle of Mrs. Cook and Cliff Davis. Mr. and Mrs. L. W. Mowry and son, Jeffery of Amarillo accompanied them to Morton, then took them to Clovis, N. M. to see their other relatives.

HOME ON LEAVE

Spent last week, Brackman, son of Mr. and Mrs. J. J. Brackman is home for a 2 week leave from the Army. He is stationed at Ft. Barry, Missouri.

WON TRIP HOME

Mr. and Mrs. G. H. McCall and family of Huntington, are visiting in the home of Mrs. L. C. McCall and her two brothers Shortie and R. T. They have been on a trip to Washington state, and are on their way home.

LOOK ATTENDANCE FOR

THE BAPTIST MEETING

The Baptist meeting closed last Sunday night with Bro. Leon Hatcher from Blomberg, Texas. He is the father of Thomas Hat-

cher, the Methodist pastor. The meeting was well attended and had a good meeting.

HONORED WITH A SURPRISE BIRTHDAY SUPPER

Mrs. P. A. Altman was honored with a surprise birthday supper Sunday night, August 2.

An "army" of gifts was presented to her, and then everyone enjoyed sandwiches, birthday cake and home-made ice cream.

It was also the first birthday for Sandy Hodge, son of Mr. and Mrs. Lewis Hodge.

Those present for the party were Mr and Mrs. Oscar Coats, Mr. and Mrs. Lewis Hodge and son, Mr. and Mrs. R. H. Baker, and children, Forrest, Dewayne, and Susan, Mr. and Mrs. Kenneth Coats, Kenny, Deanna, Keith, and

Kim all of Morton and Gracie and Mr. Altman of the home.

BAPTIST MEETING CLOSED SUNDAY

The Baptist meeting closed Sunday with Bro. Gene James doing the preaching, of Plainview, and Don Collins leading the singing. There was a good attendance at each service.

They had a Baptist Service at the close of the meeting.

VISITED WITH PARENTS

Mr. and Mrs. Curtis Brachar and children of Plainview, visited her parents over the weekend, Mr. and Mrs. Dick Bryant.

ATTENDED SINGING

Mr. and Mrs. D. S. Fowler attended the singing at Morton Sunday.

VISITING IN THE E. A. BASS HOME

Mrs. Mona Calaway of Dallas

and Mrs. Syble Millana of Seminole are visiting in the E. A. Bass home this week. Mrs. Callaway and Mrs. Millana are sisters of Mr. Bass.

RETURNED HOME

Mr. and Mrs. Marvin Short and family and Claude Bass have returned home from harvest.

DINNER GUESTS

Mr. and Mrs. Calvin Coley of Muleshoe were dinner guests in the home of her brother Sunday Mr. and Mrs. J. J. Brackman.

VISITING IN THE JOHN GUNTER HOME

Mr. and Mrs. Frank Mitchell from Kasse, Texas are visiting in the home of Mr. and Mrs. John Gunter.

Mrs. Mitchell is a sister of Mr. Gunter.

SPENT MONDAY VISITING

Mrs. Wesley Gunter from Morton spent Monday visiting in the home of Mr. and Mrs. John Gunter.

TO VISIT IN OKLAHOMA

Henry Turney left Saturday to visit his daughter, Mrs. Oliver Furgerson, and son, Frank Turney, and families at Dallas, from there he will go to Muskogee, Okla., where he will spend about two weeks with his brothers, Author and Jim, and families.

VISITED WITH PARENTS

Mr. and Mrs. O. K. Yantis and children of Littlefield, Mr. and Mrs. Jimmie Roberson Jr. and children of Odessa visited their parents Sunday Mr. and Mrs. Zed Roberson.

Attend Two Week Singing Camp

Three youths from this area are attending the two week summer singing camp at Lubbock Christian College.

They are Miss Glenda Chesbair and Michael Clamplitt of Morton East Side Church of Christ, and Miss Wanda Hubbard of Bula.

Special exercises are planned for the close of the camp Friday night at 7:30 o'clock in the LCC auditorium.

AREA BURGLARIES REPORTED

Area burglaries were reported to the local Sheriff Department on Wednesday of this week. Muleshoe and Farwell police reported the burglaries occurred Tuesday night.

Four Year Old Copy of \$-Day Special Traveled To Oregon — and Back

We've all heard and read stories concerning pets that have traveled miles and miles across continents to return to their home. Publishers of the Tribune are pondering a situation only slightly similar, but one which they felt would be considerably less possible than a pet wandering around the country until he was able to seek out his owner.

This week, Carolyn Baldrige, working for Forrest Lumber Company, had occasion to open up a package of equipment delivered to Forrest Lumber Company from a dealer in Oregon.

Had it been a Tribune, the puzzle, though odd, could have had varied types of possible explanations. Tribunes are mailed all over the country, and into many states in the union, where ex-Mortons have moved, or to companies which advertise in the Tribune.

But with the Dollar Day Special, it's different. This newspaper is exclusively an area newspaper. The monthly publication, which was started by the present Tribune publishers in March, 1953, is strictly published to promote Dollar Day in Morton.

The "Specials" are sent only to homes in the trade area. None are mailed outside the immediate trade area by the publishers.

Also, obviously, no business firm would rummage around in trash heaps to find paper to wrap their merchandise in. Some might buy old newspapers to be used for that purpose, yet there have been no old paper dealers in this area that we know of.

Yet, somehow, that newspaper found its way to Oregon, into the pile of wrapping paper used by that company, and happened to be used to wrap an item sent back to Morton, the town where the newspaper originated.

Quite unusual, to say the least. Although the publishers are circulating the Dollar Day Special in more than 2,800 area homes, they certainly never would have laid claim to it's circulation, let alone readership, in Oregon.

Open House Set Friday Night By Whiteface Legion

The Whiteface American Legion post is serving ice cream and cake, Friday, August 14th, at 7 p. m. at the Legion Hall.

A musical program will also be provided. The public has been issued a cordial invitation to attend.

\$100 Fines Given Two Local Youths For "Assault"

Fines of \$100 and costs were recently meted out in Cochran County Court against two young Morton men charged with aggravated assault with a motor vehicle and aggravated assault.

The two men pled guilty to the charges which grew out of an incident where the men, in an automobile, chased four area boys, who were on foot, into a field. The men drove around in the field, and narrowly escaped serious trouble, when they ran over one of the boys, though the boy sustained only minor injuries.

The boys were walking north of Morton along the road at about 11:30 at night, Wednesday, August 5. The two men, Jackie Yates, driver of the car, and Jimmy Marks, a companion in the car, chased the boys off the road, ran them into a cotton patch, and then pursued them in the cotton patch, causing considerable damage to the crop.

ATTENDS CELEBRATION

Mrs. Louis Neutzler left Saturday for Tatum, N. M. to visit relatives, and see the celebration of Tatum's 50th year as a town.

PARENTS OF A BABY GIRL

Mr. and Mrs. Truman Watts of Morton are the parents of a baby girl, born Sunday, Aug. 9th, at the Cochran County Hospital. The daughter, named Brenda Kay, weighed 6 1/2 lbs.

Grandparents are Mr. and Mrs. Vernon Staten and Mr. and Mrs. J. J. Watts.

HONORED WITH BIRTHDAY PARTY

Mrs. Luther Jones was honored at a birthday party last Friday night in the home of Dr. and Mrs. L. J. Morrison here.

Among those attending were Mr. and Mrs. Jones and family, Mrs. Alton Ainsworth, Mrs. Otha Denny, and Miss Barbara Waltrip.

GRID PRACTICE

(Continued from Page One) their first practice, though they must get their examination on Saturday of this week. Freshmen suits will be issued Monday, August 24.

The 7th and 8th graders will begin their workouts, still a week later, on August 31st, the first day of school.

Coach Jones, who has spent considerable time the latter part of this summer getting ready for the initial workouts, and planning

ahead, issued the following list of boys whom he expects to out to compete for positions on the starting Indian 11. Returning Lettermen: Coffman, Eugene; Flesher, Wilson; Eugene; Farris; Vin; Gathright, Jimmy; Dicks; Willingham, Butch; Brown and Tommy; Returning squadmen: Not get letters last year: Davis, Dewayne; Miller, St. Clair; Stanley; Clark; Howell, Steve; Green, Stanley; Clem; Newman, Bob; Len; Cartwright, Charles; Leon; Jeffcoat, Calvin; Charles; Palmer, Jimmy; Lee; Oden, and Bobby; Coach Jones is highly optimistic about the Indians, even though the Indian Association Convention, Muleshoe and Abernathy, two teams to beat in our area, Olton and Lockney, been given about the same ner-up billing.

Here are the four schools they now stand, with names to be added at a later date.
